SECTION 2. Section 3 of Act 187 of 1973, as amended, the same being Arkansas Statute 12-2549.4, is hereby amended to read as follows:

"Section 3. Any member of the Arkansas Public Employees Retirement System who became or becomes such a member of the date that his employer became or becomes a public employer in the System, and who did not or does not qualify for free prior service credit, shall receive current service credit for employment with a public employer in the system, or with the University of Arkansas System if such employment was not eligible for coverage or did not participate in a retirement plan authorized by the University of Arkansas and by the laws of the State of Arkansas; provided that he has at least five (5) years of current service credit since becoming a member of the System; provided further that, he pays or causes to be paid all contributions, employee and employer, at the rate, on the compensation that would have been paid had he been a member of the System during that time, together with interest at six percent (6%) per annum, compounded annually from the date that his last public employer entered the System to the date of payment or from the date the ser-

vice is rendered to the date of payment, whichever is later in time. The compensation to be used in computing such payments shall be the compensation on which contributions would have been made had the person been a member of the System during the time for which current service credit is purchased. Such payment shall be made in a lump sum.

The member may pay for all his prior and interim current service or a portion thereof consisting of multiples of one (1) year.

Any person who served six (6) years as a Prosecuting Attorney between January 1, 1953 and December 31, 1958 but who was not included as a member of the System while serving, and who served two (2) years as a member of the House of Representatives prior to July 1, 1957 and two years as a Municipal Judge subsequent to July 1, 1957, may receive credit in the System for all prior service and current service upon payment of the employee and employer contributions not heretofore paid on the compensation he received for all covered service occurring after June 30, 1957, at the rate in effect at the time the service was rendered, together with interest at six percent (6%) per annum, compounded annually from the date his last public employer entered the System to the date of payment; and he will be eligible for an annuity as provided by the named plan in which he was a member at the time of his last termination of employment, provided his total credited service is ten (10) actual years and that he files his application for an annuity in the manner as provided in the named plan."

SECTION 3. This Act shall be retroactive to June 30, 1957.

SECTION 4. All laws and parts of laws in conflict with this Act are hereby repealed.

SECTION 5. Emergency. It is hereby found and determined by the General Assembly that the current retirement law defining employee is unclear; that such should be revised to specifically include prosecuting attorneys of judicial districts; that the purchase of service credit should be expanded for certain employees; that the immediate passage of this Act is necessary to preserve the public health, welfare and safety. Therefore, an emergency is hereby declared to exist and this Act being necessary for the immediate preservation of the public peace, health and safety shall be in full force and effect from and after its passage and approval.
