SECTION 2. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that in order to fulfill its duties to oversee physician practice in the State of Arkansas, increasingly complex scientific issues are presented to the Arkansas State Medical Board; that in order to make sound decisions in the interests of public health and protection of the citizens of Arkansas, the Arkansas State Medical Board should seek out and apply scientific data from established and respected national sources whenever such data will help resolve any scientific issue before it; and that this act is immediately necessary because the Arkansas State Medical Board meets regularly and frequently considers issues that require the most up to date scientific information and makes decisions that have immediate effect on both practitioners and the public. Therefore, an emergency is declared to exist and this act being immediately necessary for the preservation of the public peace, health, and safety shall become effective on:

(1) The date of its approval by the Governor;

(2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or

(3) If the bill is vetoed by the Governor and the veto is

overridden, the date the last house overrides the veto."
