Year-to-date individual income tax refunds total $\$ 471.9$ million, down $\$ 0.9$ million or - 0.2 percent compared to last year and $\$ 22.6$ million or -4.6 percent below forecast. Amounts below forecast contribute to gains in net available funds.

## MAY REVENUE SUMMARY

May Net Available General Revenues total $\$ 334.2$ million, $\$ 2.0$ million or -0.6 percent below last year and $\$ 8.4$ million or 2.6 percent above forecast.

Results for gross revenue were mainly driven by rebound in sales tax collections, which surged 7.0 percent compared to year ago May levels. This compares to only 0.9 percent in the year-to-date 11-month period of FY 2013 and a 2.5 percent decline recorded in April collections.

Individual Income tax collections also contributed to collection gains in May as withholding collections continued to perform well at 4.7 percent growth and overall results exceeded forecast by $\$ 3.8$ million or 1.9 percent.

Income tax refunds for both individual and corporate categories were above forecast in May. Individual refunds continued to catch up to expected levels for the year after delays in IRS processing early in the filing season. Year-to-date refund payments have almost matched prior year levels at this point but remain below forecast for the year.

May Gross General Revenues: May collections total $\$ 443.2$ million, an increase of $\$ 9.3$ million or 2.1 percent above last year and $\$ 12.5$ million or 2.9 percent above forecast.

May Individual Income Tax collections total $\$ 201.1$ million. Collections decreased by $\$ 4.8$ million, or -2.3 percent compared to last year. With respect to the forecast, collections were $\$ 3.8$ million or 1.9 percent above forecast. Individual withholding rose 4.7 percent compared to last year.

May Individual Income Tax Refunds total $\$ 39.9$ million, $\$ 7.0$ million or 21.2 percent above last year and $\$ 5.5$ million or 16.0 percent above forecast. The gains follow filing delays at the IRS and among states early in the tax filing season.

May Sales and Use Tax Collections: May collections total $\$ 183.9$ million, an increase of $\$ 12.0$ million or 7.0 percent from last year. Collections were also above monthly forecast levels by $\$ 4.7$ million or 2.6 percent.

May Corporate Income Tax collections total $\$ 22.8$ million, an increase of $\$ 1.8$ million from year ago, and $\$ 0.7$ million or 3.0 percent above forecast.

May Corporate Income Tax Refunds total $\$ 3.0$ million. This amount is $\$ 0.7$ million above year ago levels. Refunds were 2.3 percent above forecast.

May Tobacco Tax collections, a small component of general revenue in annual terms, total $\$ 21.3$ million. Collections decreased by $\$ 0.6$ million or -2.8 percent from year earlier levels and were above forecast by $\$ 2.0$ million. Monthly changes in tobacco tax collections can be attributed to uneven patterns of stamp sales to wholesale purchasers.

## SPECIAL REVENUES OF NOTE

Year-to-date Soft Drink Tax (for Medicaid Program Trust Fund): Year-to-date collections of the dedicated soft drink tax total $\$ 40.9$ million, a decrease of $\$ 1.9$ million or -4.4 percent from last year.

Educational Adequacy Fund: Act 107 of the Second Extraordinary Session of 2003 increased the state sales and use tax rate from $5.125 \%$ to $6.0 \%$, effective March 1 , 2004. Effective July 1, 2004 a new sales tax on selected services went into effect in addition to an increase in vending machine decal fees. Act 94 increased the minimum corporate franchise tax and the tax rate, effective for calendar years beginning January 1, 2004.

The additional revenues are deposited as special revenues to the Educational Adequacy Fund to be used to fulfill the financial obligations of the state to provide an adequate educational system. In May 2013, $\$ 49.1$ million was collected and deposited to the fund. After deductions, the net amount is $\$ 47.6$ million. The monthly collection is equivalent to a 7.8 percent increase from prior year collections.
