The Policy-Making Subcommittee passed a motion that a member-elect of the General Assembly may receive mileage and per diem for attending an interim committee of the General Assembly or a legislative task force for which members of the General Assembly are entitled to mileage and per diem. However, a member-elect who resides 50 miles or less from the State Capitol or meeting site is not entitled to per diem and mileage for attending the meeting. The mileage and per diem shall be payable from unallocated funds from the appropriation for interim committee expenses. A person is not considered a member-elect until after the general election or special election in which that person successfully ran for office. Representative Ragland and David Ferguson, Director of the Bureau of Legislative Research, answered questions regarding the motion.

Senator Horn responded that the staff for the Review Subcommittee understood that this information would be provided for the next Review Subcommittee meeting. Co-Chair Sullivan asked Senator Madison if this was acceptable to her and she responded that it was acceptable.

Co-Chair Sullivan recognized Kathy Schmidt, the Review Subcommittee staff person, to respond to a question from Representative Hyde. The cost for exams for students under the free and reduced lunches program is \$54.00 per exam and the cost for other students is \$76.00 per exam. In response to other questions, Ms. Biggers explained that if the contract is delayed and is not extended, then the College Board may not extend the contract to the Department of Education for next year's exams.

Mr. Kunkel further explained that if the contract is not approved today, the Department of Education would have to begin the contract process again, which would delay the preliminary work for next year's exams that should begin in November 2008. Mr. Kunkel stated that the Department of Education would submit a request for a one-month date extension only on this contract to the Office of Procurement in the Department of Finance and then come back before the Review Subcommittee next month and follow all the proper procedures.
