RE: Arkansas Game and Fish Commission resubmission of 2017-18 General Hunting Regulations

Dear Ms. Davis:

Enclosed please find for filing a hard copy of the *corrected* 2017-18 General Hunting Regulations adopted by the Arkansas Game and Fish Commission on May 18, 2017. It has come to our attention that several of the adopted regulations were inadvertently omitted from our previous 90-page submission of the 2017-18 General Hunting Regulations made on May 19, 2017, plus the regulations were numerically out of order. Below is a list of the regulations that should have been included in the original May 19 filing:

- 05.17 Alligator, Bear, Deer and Turkey Tagging Requirements
- 05.20 Hunter Orange/Safety Green Clothing Requirements
- 09.01 Possession of Certain Wildlife in Captivity Prohibited
- 09.08 Reserved
- D1.01 Licenses, Permits, Stamps, Tags, Costs and Expiration Dates

In the attachment, we have inserted these five previously-omitted hunting regulations and placed all of the 2017-18 General Hunting Regulations in numerical order (but the substance of the re-ordered regulations has not been changed). Please note that we are not resubmitting the Lake Poinsett Regulations, which originally accompanied the 2017-18 General Hunting Regulations. The Lake Poinsett Regulations were fully and correctly submitted on May 19th.

Kindly supplement the original May 19, 2017, filing of the **2017-18 General Hunting Regulations** with the enclosed submission.

Should you have any questions or comments concerning this filing, please do not hesitate to contact me at (501) 223-6327 at your convenience.

Sincerely,

A handwritten signature in black ink, appearing to read "J.F. Goodhart". The signature is fluid and cursive, with the first name "J.F." and the last name "Goodhart" clearly distinguishable.

All wildlife shall be maintained in humane and healthy conditions. Birds must be kept in buildings or covered pens that prevent escape and that do not allow entry of wild birds. Enclosures shall be kept in good repair at all times and gates shall be securely fastened with latches or locks. Enclosures, pens or cages considered unsafe by Commission personnel must be repaired or reconstructed within 10 days or as specified by the Commission.
- (1) Facilities containing large carnivores and mountain lions shall meet the following requirements:

Perimeter fences that allow objects to be passed through them, such as chain link or welded wire, shall be at least 3 feet from cages or exercise areas.
- (c) Warning signs must be posted at the entrance to the property.
- (d) All cages or enclosures shall be equipped with an entrance or device that allows a keeper to enter or exit a cage without providing an avenue of escape to an animal (such as a double-gated entry door, interconnected cages that can be isolated from each other, a lock-down area, or other comparable device). Safety entrances shall be constructed of materials of equivalent strength as those prescribed for cage construction. Doors or gates in perimeter fences shall be locked when unattended.
- (e) Cages shall be equipped with a lockout area that allows the keeper access while the animal is contained in a separate area.
- (f) Cages shall be well braced and securely anchored at ground level to prevent escape by digging or erosion. The fasteners and fittings used in construction shall be of equivalent strength to the material required for cage construction.
- (g) In facilities containing tigers, African lions and bears cage construction materials shall consist of at least 9-gauge chain link or equivalent materials. In facilities containing mountain lions, cage construction materials shall consist of at least 11-gauge chain link or equivalent materials. Juvenile animals may be kept in incubation or rearing facilities not meeting these standards until they weigh more than 25 pounds.

- (j) Large carnivores and mountain lions may temporarily be housed in cages or enclosures smaller than specified in this chapter while being transported, while in veterinary care or while being quarantined provided temporary caging is large enough for the animal to stand up, lie down and turn around without touching the sides of the enclosure or another animal.
- (k) Open-top outdoor exercise areas are allowed providing they have vertical walls at least 12 feet tall, topped by either: an inward-angled overhang at an angle between 35 and 55 degrees, which is at least 2 feet long and of equal strength as the cage walls; or, two strands of electric fencing, one of which is 1 foot below the top of the vertical wall, and the

other at the top of the wall or the upper 3 feet of the interior of the fence consists of sheer, solid metal. Animals may not be left in exercise areas overnight.

- (l) Permit holders whose facility, including enclosures, pens and cages, is not in compliance with this Commission Addendum Chapter shall be notified in writing and shall have 10 days to correct the violation.
 - (m) If the violation has not been corrected in 10 days of notification, the Commission may revoke any existing permit and may refuse to issue any future permit. Such revocation or refusal to issue a future permit shall be in addition to any criminal charges that may be filed.
- (G) Inspection:
