Department of Public Safety – Arkansas State Police Infrastructure Investment and Jobs Act Plan

The Arkansas Department of Public Safety – Arkansas State Police (ASP) is requesting Infrastructure Investment and Jobs Act appropriation in the amount of \$75,000 for the ASP Highway Safety Office (HSO).

Background:

The HSO is the recipient of Section 402, State and Community Highway Safety grant funds awarded by the U.S. Department of Transportation (DOT) – National Highway Traffic Safety Administration (NHTSA) and reauthorized through the federal Infrastructure Investment and Jobs Act (IIJA) also known as the Bipartisan Infrastructure Law (BIL). This existing grant program provides funds to states to implement highway safety programs to improve driver behavior and reduce fatalities, injuries and economic costs from motor vehicle-related crashes.

The U.S. DOT-NHTSA awarded the ASP-HSO FY22 Section 402 funding for this existing program as reauthorized through IIJA/BIL.

Purpose/Goal:

The purpose of this award is to aid the HSO in implementing an effective highway safety program in the State of Arkansas. Program efforts include public awareness campaigns, data collection and analysis for highway problem identification, and support of enforcement efforts in seat belt, distracted driving, speeding and impaired driving laws. The HSO is required to establish and maintain adequate staffing to effectively plan, manage, and provide oversight of projects in the annual Highway Safety Plan approved by NHTSA and to properly administer the expenditure of Federal grant funds (planning and administration - P&A).

These funds will be utilized for program P&A costs (salaries, matching, operating expenses, and travel) for HSO personnel.
