

Proposed Amended Rule 2260

**AMENDMENT SUMMARY:** The proposed amendment increases the pay out for stakes and non-stakes races at Oaklawn.

**2260.** Purse distribution for each race shall be paid on the following basis:

Stakes races. In stakes races, M2.5% of the purse shall be paid with respect to each of the official starters th-6th through last in the final race result; and the balance of the purse shall be paid: winner 6-8.60%; place 20%; show 10%; ~~and fourth 6% and fifth 4%.~~ For example, in a stakes race with twelve (12) official starters and a \$200,000 purse: \*-6th through 12th would each receive \$ 5.000 (i.e., M2.5% each, for a total of \$24,000); and the remaining \$176,000 ~~165,000~~ 'You'd then be paid out 6-8.60% (\$114,400) to the winner; 20% (\$35,200) to second; 10% (\$17,600) to third; ~~and 4-8.00%~~ 4-8.00% to ~~fourth; and 4% (\$6,600) to fifth.~~ If there are only four (4five (5)) official starters in the stakes race, the purse shall be paid: winner 6-8.60%; place 20%; show 10%; ~~and fourth 6% and fifth 1%.~~ If there are less than four (4five (5)) official starters in the stakes race, the purse shall be paid in accordance with the specified percentages in the immediately preceding sentence above, and the balance of the purse for the race shall revert to the purse fund.

Non-Stakes races. In all other races (i.e., non-stakes races), purse distribution shall be paid: winner 60%; place 20%; show 10%; fourth 5%; and the remaining 5% shall be divided and paid equally among the other official starters in the race (i.e., fifth through last). However, if there are only five (5) official starters in the non-stakes race, the purse shall be paid: winner 60%; place 20%; show 10%; fourth 6%; and fifth 4%. If there are less than five (5) official starters in the non-stakes race, the purse shall be paid in accordance with the specified percentages in the immediately preceding sentence above, and the balance of the purse for the race shall revert to the purse fund.
