

We grow and empower teacher leaders to create an equitable education system for students.

---

## Teach Plus Policy Fellowship

---

The collective capacity of teachers and administration is a powerful lever for change and improvement.

## About Teach Plus

---

Teach Plus is dedicated to the mission of empowering excellent, experienced, and diverse teachers to take leadership over key policy and practice issues that advance equity, opportunity, and student success. Since 2009, Teach Plus has developed thousands of teacher leaders across the country to exercise their leadership in shaping education policy and improving teaching and learning, to create an education system driven by access and excellence for all.

## About the 2021-22 Teach Plus Arkansas Policy Fellows

The inaugural Teach Plus Arkansas Policy Fellowship consists of highly effective, award-winning, K-12 educators (87% hold post-graduate or advanced graduate degrees) who hail from Central Arkansas, Northwest Arkansas, Southwest Arkansas, and the Arkansas Delta. Throughout the fellowship these teacher leaders come together for policy and advocacy training and form working groups to address issues of importance to teachers and students in the state such as teacher diversity, teacher preparation, high quality early childhood education and much more.
