

## ATRS was established in 1937

ATRS is a defined benefit plan for public school and other public education employees.

It is administered as a "qualified" retirement plan under the provisions of IRS § 401(a). The state statutes contain the benefit provisions for our members at Arkansas Code §§ 24-7-201 et. seq., which are supplemented by ATRS Rules.

ATRS Mission Statement: Recruit, Retain, and Reward Career Educators.

Ultimate authority, general administration and responsibility for the proper operation of ATRS is vested in the 15 member Board of Trustees. Eleven trustees are elected by ATRS members, and four trustees serve as ex officio by virtue of their elected positions in state government.
