Cybersecurity Incidents Reported to Arkansas Legislative Audit (ALA) During State Fiscal Year 2022

Pursuant to Act 260 of the 2021 Regular Session, public entities reported 63 cybersecurity incidents to ALA during state fiscal year 2022. These incidents are presented below by category (**Exhibit I**), by entity and category (**Exhibit II**), by current status (**Exhibit III**), and by number of individuals affected (**Exhibit IV**).

Exhibit I

Reported Cybersecurity Incidents by Category					
Category	Count				
Breach of Confidentially	8				
Brute Force Attack	1				
Business Email Compromise	1				
Fraudulent Transaction	23				
Loss or Theft of Equipment	3				
Malware Attack	2				
Ransomware	4				
Spam or Phishing Attack	1				
Unauthorized Access	20				
Grand Total	63
