3.5. BEER TAX

The beer tax is levied at the wholesale level on beer and hard cider and is passed on to the retailer. The wholesaler remits the tax to the Secretary of the Department of Finance and Administration, who deposits the money in the State Treasury.

Seven dollars and fifty cents (\$7.50) per barrel of thirty-two gallons (32 gals.) of beer having an alcoholic content of five percent (5%) or less and hard cider

Exemptions:

Beer sold to agencies of the armed forces of the United States

History:

The 21st Amendment to the Constitution of the United States repealed the 18th Amendment of the United States Constitution (ratified by the States effective on January 29, 1919), which had prohibited the manufacture, sale, or transport of intoxicating liquors for beverage purposes within the United States and all territories thereof. Amendment 21 was declared ratified by Conventions in the States on the fifth (5th) day of December 1933. Section 2 of Amendment 21, however, provided that:

“The transportation or importation into any state, territory or possession of the United States, for delivery of use therein of intoxicating liquors, in violation of laws thereof, is hereby prohibited.”

Thus, Amendment 21 left it up to each state to determine whether it would be lawful to transport or import intoxicating liquors for delivery or use therein.

Act 7 of the First (1st) Extraordinary Session of 1933 authorized the manufacture, sale, and distribution within the State of Arkansas of light wines and beer. Act 7 defined “beer” to mean any fermented liquor made from malt or any substitute therefore and having an alcoholic content of not in excess of three and two-tenths percent (3.2%) by weight.

Section 3 of Act 7 levied a tax at the rate of one dollar (\$1.00) for thirty-two gallons (32 gals.) and proportionately for large or smaller quantities) for the privilege of receiving, handling, possessing, manufacturing, and/or selling light wines and/or beer under said Act. In addition to such gallonage tax, special taxes were levied for the issuance of permits to wholesale dealers, brokers, distributors, manufacturers, and retailers of non-intoxicating liquor as defined in Act 7.

In brief, Act 7 of the First (1st) Extraordinary Session of 1933 was passed shortly before the ratification of the 21st Amendment, but authorized the lawful manufacture and sale of only non-intoxicating beer and light wine having an alcoholic content of not in excess of three and two-tenths percent (3.2%) by weight.

Act 108 defined the word “spirituous” to mean liquor distilled from the fermented juices of grain, fruits, or vegetables and containing more than twenty-one percent (21%) alcohol by

weight, or any other liquids containing more than twenty-one percent (21%) alcohol by weight.

The word “vinous” was defined to mean the fermented juices of fruits, except wine, and containing more than five percent and not more than twenty-one percent (21%) alcohol by weight. The exclusion of wine from this definition was apparently intended to exclude “native wine” from the provisions of Act 108.

The word “malt” was defined in Act 108 to mean liquor brewed from the fermented juice of grain and containing more than five percent (5%) alcohol by weight.

Act 108 excluded from the definition of “malt liquors” beer containing not more than five percent (5%) alcohol by weight, and all other malt beverages containing not more than five percent (5%) alcohol by weight and also provided that such beer and other malt beverages were exempted from the provisions of Act 108.

The second paragraph of Section 6 of Act 108 contains the following language:

“It is further provided that malt and vinous beverages containing more than 3.2 percent alcohol by weight and not more than 5 percent of alcohol by weight shall be taxed and regulated as provided for malt and vinous beverages containing not more than 3.2 percent alcohol by weight under the provisions of Act No. 7 of the Acts of the Extraordinary Session of the General Assembly of 1933, approved August 24, 1933.”

Act 109 of 1935 provided for the levy of gallonage taxes, in addition to other permit fees and taxes, on distilled spirits, as follows:

1. Spirituous Liquor..... \$0.40
per gallon
2. Vinous Liquor (except native wine) \$0.10
per gallon
3. Malt Liquor (does not include beer) \$0.03
on each gallon

Act 109 did not specifically levy a tax on beer. However, Section 6 of Act 108 of 1935 provided that beer and malt liquor having in excess of three and two-tenths percent (3.2%) percent alcoholic content and not more than five percent (5%) alcoholic content, would be taxed at the same rate of tax provided under Act 7 of the 1933 Extraordinary Session, one dollar (\$1.00) per barrel of thirty-two gallons (32 gals.).

Act 108 of 1947 amended Act 109 of 1935, and increased the gallonage taxes on alcoholic beverages to the following rates:

1. Spirituous Liquor \$2.50
per gallon
2. Vinous Liquor (except native wine) \$0.75
per gallon
3. Malt Liquor..... \$0.20
per gallon
4. Beer \$5.00
per barrel of thirty-two gallons (32 gals.)

Act 169 increased the beer tax to seven dollars and fifty cents (\$7.50) per barrel of thirty-two gallons (32 gals.) on all beer having an alcoholic content in excess of three and two-tenths percent (3.2%) by weight.

At the time of the adoption of Amendment 19 to the Arkansas Constitution, the only alcoholic beverages authorized to be manufactured and/or sold in this State were:

1. Non-intoxicating beer and wine having an alcoholic content of three and two-tenths percent (3.2%) or less by weight;
2. Native wine manufactured for shipment outside the State;
3. Native brandy manufactured for shipment outside the State.

Act 69 of 1935 authorized the manufacture and sale of native wine in Arkansas.

Act 108 of 1935 was the first Act of the General Assembly enacted after the repeal of Prohibition and the passage of Amendment 19, which authorized the lawful sale of intoxicating liquor and intoxicating beer and wine in this State.

Act 109 of 1935 levied gallonage taxes on intoxicating liquor, malt liquor, and imported wine, and further provided for the lawful manufacture and sale of intoxicating beer of more than three and two-tenths percent (3.2%) but not more than five percent (5%) alcoholic content by weight and provided that the rate of tax on intoxicating beer would be the same as the rate of tax levied on non-intoxicating beer authorized under Act 7 of 1933.

Act 844 of 1983 increased the tax from seven dollars and fifty cents (\$7.50) to eight dollars and seventy-five cents (\$8.75) per thirty-two (32) gallon barrel having an alcoholic content of more than three and two-tenths percent (3.2%) but not more than five percent (5%). Act 844 of 1983 contained a provision by which the tax would revert to seven dollars and fifty cents (\$7.50) per thirty-two (32) gallon barrel if and when the State sales tax was increased.

Act 63 of the First (1st) Extraordinary Session of 1983 increased that State sales tax. Due to this, the beer tax reverted to seven dollars and fifty cents (\$7.50) per thirty-two gallon (32 gal.) barrel.

Act 424 of 1987 imposed the seven dollars and fifty cents (\$7.50) per thirty-two gallon (32 gal.) barrel tax upon light beer.

Act 848 of 1993 provided that taxpayers with certain monthly tax liabilities must remit tax by electronic fund transfer.

Act 614 of 2017 provided for a change in the tax rebate for qualified manufacturers of beer and malt beverages.

Act 671 of 2017 provided for equalizing the excise tax rates of beer and hard cider.

Act 672 of 2017 provided for equalizing the taxation of leased or rented beer kegs with the sale of beer kegs under the gross receipts tax law.

3.6. IMPORTED WINE TAX

The tax on vinous liquor, manufactured outside the confines of Arkansas, defined as the fermented juices of fruit having more than five percent (5%) and not more than twenty-one percent (21%) of alcohol by weight, and light wine, defined as fermented juices of fruit, having between one-half of one percent (0.5%) and five percent (5%) alcohol by weight shall be taxed by the Secretary of the Department of Finance and Administration, who shall remit the money so collected from wholesalers to the State Treasury.

Rate and Base:

Seventy-five cents (75¢) per gallon of vinous liquor
Twenty-five cents (25¢) per gallon of light wine

Exemptions:

Sacramental wine

History:

Act 7 of the First (1st) Extraordinary Session of 1933 (approved on August 24, 1933) authorized the manufacture, sale, and distribution within the State of Arkansas of light wines and beer. Act 7 defined “beer” to mean any fermented liquor made from malt or any substitute therefor and having an alcoholic content of not in excess of three and two-tenths percent (3.2%) by weight.

Act 7 defined “light wine” to mean the fermented liquor made from malt or any substitute therefor and having an alcoholic content of not in excess of three and two-tenths percent (3.2%) by weight. Act 7 also defined the term “intoxicating liquor” to mean vinous, ardent, malt fermented liquor, or distilled spirits with an alcoholic content in excess of 3.2% by weight.

Section 3 of Act 7 levied a tax at the rate of one dollar (\$1.00) for thirty-two gallons (32 gals.), and proportionately for larger or smaller quantities), for the privilege of receiving, handling, possessing, manufacturing and/or selling light wines and/or beer under said Act. In addition to such gallonage tax, special taxes were levied for the issuance of permits to wholesale dealers, brokers, distributors, manufacturers, and retailers of non-intoxicating liquor as defined in Act 7.

In brief, Act 7 of the First (1st) Extraordinary Session of 1933 (approved on August 24, 1933) was passed shortly before the ratification of the Amendment 21, but authorized the lawful manufacture and sale of only non-intoxicating beer and light wine having an alcohol content of not in excess of thirty-two percent (3.2%) by weight.

Act 108 of 1935, also known as the “Thorn Liquor Law,” was apparently the first Act passed by the General Assembly authorizing the lawful sale of spirituous or intoxicating liquor, beer, and wine in Arkansas following the repeal of Prohibition and following the adoption of Amendment 19 to the Arkansas Constitution at the November 6, 1934, general election.

Act 108 defined the word “spirituous” to mean liquor distilled from the fermented juices of grain, fruits, or vegetables and containing more than twenty-one percent (21%) alcohol by weight, or any other liquids containing more than 21% alcohol by weight.

The word “vinous” was defined to mean the fermented juices of fruits, except wine, and containing more than five percent (5%) and not more than twenty-one percent (21%) alcohol by weight (the exclusion of “wine” from this definition was apparently intended to exclude “native wine” from the provisions of Act 108).

The second paragraph of Section 6 of Act 108 contains the following language:

“It is further provided that malt and vinous beverages containing more than 3.2 percent alcohol by weight and not more than 5 percent of alcohol by weight shall be taxed and regulated as provided for malt and vinous beverages containing not more than 3.2 percent alcohol by weight under the provisions of Act No. 7 of the Acts of the Extraordinary Session of the General Assembly of 1933, approved August 24, 1933.”

The last paragraph of Section 6 of Act 108 contained specific language that the “exemption of wine as provided in this Act from the provisions hereof shall be construed, and it is hereby declared to be the legislative intent of this Act to mean only such wines or vinous liquors manufactured within the State of Arkansas,” and provided that all wine or vinous liquors manufactured without the confines of this State shall be legally sold, transported, imported, possessed, and consumed upon payment of same privilege and excise taxes as provided for other alcoholic liquors which are included and legalized under the provisions of Act 108.

Act 109 of 1935 provided for the levy of gallonage taxes, in addition to other permit fees and taxes, on distilled spirits, as follows:

1. Spirituous Liquor \$0.40
per gallon
2. Vinous Liquor (except native wine) \$0.10
per gallon
3. Malt Liquor (does not include beer) \$0.03
on each gallon

Act 108 of 1947 amended Act 109 of 1935 and increased the gallonage tax on imported wine from ten cents (10¢) per gallon to seventy-five cents (75¢) per gallon.

Act 424 of 1987 imposed a tax of twenty-five cents (25¢) per gallon on all light wines and wine coolers.

Act 902 of 1987 exempted all sacramental wines from all taxes levied on wine and wine coolers.

Act 848 of 1993 provided that taxpayers with certain monthly tax liabilities must remit tax by electronic fund transfer.

Act 673 of 2017 provided for the proper process for paying taxes for shipments of wine under the Direct Shipment of Vinous Liquor Act.

1. Two dollars and fifty cents (\$2.50) on each gallon of spirituous liquor,

History:

Amendment 18 to the Constitution of the United States, which declared “after one year from the ratification of this article the manufacture, sale, or transportation of intoxicating liquors within, the importation thereof into, or the exportation thereof from the United States and all territory subject to the jurisdiction thereof for beverage purposes is hereby prohibited,” was declared ratified January 29, 1919. This prohibition amendment was repealed by Amendment 21 to the Constitution of the United States and declared “the transportation or importation into any state, territory, or possession of the United States for delivery or use therein of intoxicating liquors, in violation of the laws thereof, is hereby prohibited,” was declared ratified December 5, 1933.

Act 108 of 1935, also known as “The Thorn Liquor Law,” provided for the manufacture, sale, transportation, possession, or other disposition of spirituous, vinous, and malt liquors and required permit fees for the above purposes.

The liquors regulated by Act 108 were defined as follows:

1. Spirituous shall mean liquor distilled from fermented juices of grain, fruits or vegetables containing more than twenty-one percent (21%) of alcohol by weight;
2. Vinous shall mean the fermented juices of fruits, except wine, and containing more than five percent (5%) and not

more than twenty-one percent (21%) of alcohol by weight;

3. Malt shall mean liquor brewed from fermented juices of grain and containing more than five percent (5%) of alcohol by weight.

Act 108 also provided that beer containing not more than five percent (5%) of alcohol by weight and other malt beverages containing not more than 5% of alcohol by weight were not defined as malt liquors and were exempt from the provisions of Act 108.

Act 108 further provided that malt and vinous beverages containing more than three and two-tenths percent (3.2%) of alcohol by weight and not more than five percent (5%) of alcohol by weight shall be taxed and regulated as provided for malt and vinous beverages containing not more than three and two-tenths percent (3.2%) alcohol by weight under the provisions of Act No. 7 of the Acts of the Extraordinary Session of the General Assembly of 1933, approved August 24, 1933.

Act 109 of 1935 imposed the first tax on spirituous, vinous, and malt liquors as follows:

1. Excise tax of five cents (5¢) for each proof gallon or distilled spirits for which a permit is issued;
2. Forty cents (40¢) on each gallon of spirituous liquor;
3. Ten cents (10¢) on each gallon of vinous liquor (except wines);
4. Three cents (3¢) on each gallon of malt liquor.

Act 236 of 1937 amended Act 109 of 1935 by imposing a tax of forty cents (40¢) on each gallon of spirituous liquor and an additional tax of twenty-five cents (25¢) on each gallon of spirituous liquor.

Act 18 of the First (1st) Extraordinary Session added a second “additional tax” of fifteen cents (15¢) a gallon on spirituous liquor, raised the tax on vinous liquor to fifty cents (50¢) a gallon, and retained the three cents (3¢) per gallon tax on malt liquor.

Act 176 of 1939 levied an inspection fee of sixty cents (60¢) per case, not exceeding three gallons (3 gals.), on all spirituous liquors which were for sale outside the limits of this State.

Act 310 of 1939 imposed a “liquor consumers sales tax” upon all sales of spirituous and vinous liquors which was to be collected from the wholesaler at the rate of three percent (3%) of the wholesale price. The retailer was to pass it on to the consumer by collecting two percent (2%) on all retail sales of liquor.

Act 393 of 1939 added a third “additional” tax of thirty-two cents (32¢) a gallon on spirituous liquor.

Act 266 of 1941 again amended the tax rates on liquors to provide that the tax on spirituous liquor shall be one dollar and twelve cents (\$1.12) on each gallon, raised the tax on vinous liquor to sixty cents (60¢) on each gallon and raised the tax on malt liquor to twenty cents (20¢) on each gallon.

3.9. LIQUOR ENFORCEMENT TAX

Act 313 of 1945 imposed an additional tax of thirty-eight cents (38¢) on spirituous liquor for a two-year period ending May 31, 1947. Such additional tax was for the purpose of providing funds for permanent facilities for the Arkansas Livestock Show Association and to provide premiums for State and county livestock shows.

Act 108 of 1947 raised the tax to two dollars and fifty cents (\$2.50) on each gallon of spirituous liquor and the tax on vinous liquor to seventy-five cents (75¢) on each gallon and retained the twenty cents (20¢) per gallon tax on malt liquor.

Act 844 of 1983 increased the tax on spirituous liquor to two dollars and seven-eighths of a dollar (\$2.875) on each gallon. This Act contained a provision that would repeal the tax increase when the State sales tax was increased.

Act 63 of the First (1st) Extraordinary Session of 1983 increased the State sales tax; therefore, the liquor tax reverted to two dollars and fifty cents (\$2.50) per gallon.

Act 424 of 1987 imposed a tax of one dollar (\$1.00) per gallon on pre-mixed spirituous liquor and fifty cents (50¢) per gallon on light spirituous liquor.

Act 848 of 1993 provided that taxpayers with certain monthly tax liabilities must remit tax by electronic fund transfer.

Act 1035 of 2017 created the Chocolate-Covered Cherry Freedom Act of 2017 to allow the transportation into Arkansas of alcohol-infused candies.

Distillate special motor fuels were taxed as motor fuel (gasoline) until Act 383 of 1941, but even then were taxed at the same rate as gasoline.

Act 112 of 1985 removed the distillate special fuels exemption on Dieselhol.

Act 456 of 1985 increased the distillate special motor fuel tax by two cents (2¢) per gallon.

Act 996 of 1985 increased to one hundred percent (100%) the amount of revenues credited to the State Highway Special Construction Account, up to a maximum of thirteen million dollars (\$13,000,000) in each year.

If the voters approve the bond issue provided on the Arkansas Highway Financing Act of 1999, this increase in distillate special fuels tax will be used to pay the bonds, if not approved the increase will be distributed to the Highway Department and local governments as other motor fuel taxes. The Act also increased and phases out the limit of State Highway Special Construction Account transfers to the State Aid Road Fund. Subsequently, voters approved the bond issue.

Act 208 of 2003 allowed counties to use these funds for local projects eligible for funding under State and federal highway agencies.

Act 1058 of 2011 deposited the first four million dollars (\$4,000,000) of the eight and one-half cents (8 1/2¢) tax on distillate special fuels, to general revenues.

Act 1010 of 2013 codified Amendment 91 distribution of one cent (1¢) per gallon to the State Aid Street Fund.

Act 191 of 1957, also known as “Legalized Greyhound Racing and Pari-mutuel Wagering Thereon,” repealed Act 339 of 1935 and imposed the following taxes, licenses, and fees:

1. Three hundred dollars (\$300) per day license fee for each day of racing meet;
2. Ten dollar (\$10.00) license fee for each greyhound owner;
3. Ten dollar (\$10.00) license fee for each greyhound trainer;
4. Five percent (5%) of all moneys wagered as a privilege tax;

8. One-third (1/3) of the odd cents or breaks to the city where the track is located;
9. Two (2) meets of fifty (50) days each.

Act 142 of 1965 increased the tax on all moneys wagered from five percent (5%) to six percent (6%) and retained the provision that one-third (1/3) of the odd cents or breaks goes to the State.

Act 142 also provided that one-third (1/3) of unredeemed winning tickets would be paid to the State as special revenues for credit to the State Police Fund and one-sixth (1/6) of the pari-mutuel tax was designated as special revenues for credit to the State Police Fund. Also, one-third (1/3) of the unredeemed winning tickets would be retained by the franchise holder and one-third (1/3) would be paid to the county where the track is located.

Act 397 of 1967 authorized the dog racing franchise holder to conduct two (2) additional days of races and provided that one-third (1/3) of the net proceeds derived from the additional days be deposited with the City Treasurer of the city in which the track is located and that two-thirds (2/3) of the net proceeds of the two (2) additional days be deposited with the State Treasurer as special revenues for credit to the Children's Colony Fund to be used for construction, maintenance, operation, and improvement of the Children's Colony.

Act 382 of 1971 amended Act 191 of 1957 by providing that two-thirds (2/3) of the odd cents or breaks would be paid to the city where the track is located, instead of one-third (1/3) to the franchise holder and 1/3 to the city. Also, Act 382 provided that the city would receive 1/3 of the unredeemed winning tickets, instead of the track.

Act 780 of 1973 again changed the distribution of the unredeemed winning tickets to the following:

1. One-third (1/3) to the State as general revenues;
2. One-third (1/3) to the county where track is located;

Act 391 of 1977 amended Act 382 of 1969 to provide that revenues derived from the twelve (12) additional days of racing and deposited in the Indigent Patients Hospitalization Fund could also be used to provide not more than twenty thousand dollars (\$20,000) per year to a private nonprofit hospital for crippled children located in Memphis, Tennessee, for providing hospital and medical services to indigent Arkansas children.

Act 711 of 1979 authorized the State Racing Commission to permit an additional six (6) days of racing during each year and provided that the net proceeds derived from two (2) days of racing, designated by the franchise holder, be classified as special revenues to be deposited in the State Treasury to the credit of the Municipal Assistance Fund which shall be distributed to all municipalities located in the county in which the racing meet is held, except the municipality in which the race track is located, with the distribution made on the basis of population.

Act 454 of 1981 provided that of the moneys derived from the pari-mutuel tax on the twelve (12) additional days of racing authorized by Act 382 of 1969, as amended by Act 391 of 1977, two hundred thousand dollars (\$200,000) shall be used for support and operation of the Crittenden County Emergency Medical Services Program benefiting medical indigents in Eastern Arkansas to be divided as follows:

1. One-quarter (1/4) for Crittenden County emergency medical services for medical indigents;
2. Three-quarters (3/4) for city in which the track is located for city-operated emergency medical services program.

Act 1509 of 1999 made the following adjustments to Arkansas Code Annotated § 23-111-509 regarding revenues collected from dog racing:

Exemptions under the Securities Act:

Securities exempt under the Securities Act:

a. The following securities are exempted from §§ 23-42-501 and 23-42-502:

1. A. Any security, including a revenue obligation, issued or guaranteed by this State, any political subdivision of this State, or any agency or corporate or other instrumentality of one (1) or more of the foregoing, or any certificate of deposit for any of the foregoing.
- B. Any securities that are offered and sold pursuant to Section 4(5) of the Securities Act of 1993 or that are "mortgage related securities" as that term is defined in section 3(a)(41) of the Securities Exchange Act of 1934 are not covered securities in the same manner as obligations issued or guaranteed as to principal and interest by the United States or any agency or instrumentality thereof. These instruments, commonly referred to as private mortgage-backed securities, may be exempt from the registration requirements of this chapter provided that the transaction or the securities are otherwise exempt under this section. This provision specifically overrides the preemption of State law contained in section 106(c) of the Secondary Mortgage Market Enhancement Act of 1984, Public Law 98-440, of the United States.
2. Any security issued or guaranteed by Canada, any Canadian province, any political subdivision of any Canadian province, any agency or corporate or other instrumentality of one (1) or more of the foregoing, or by any other foreign government with which the United States currently maintains diplomatic relations, if the security is recognized as a valid obligation by the issuer or guarantor;
3. Any security issued by and representing an interest in or a debt of any bank organized under the laws of the United States, or any federally insured savings bank, or any bank, savings institution, or trust company organized

and supervised under the laws of any state, or any bank holding company regulated under the Bank Holding Company Act of 1956, as amended;

4. Any security issued by and representing an interest in or a debt of any State or federal savings and loan association, or any federally insured savings bank, or any building and loan or similar association organized under the laws of any state and authorized to do business in this State or any savings and loan holding company regulated by the Office of Thrift Supervision of the United States department of the Treasury or its successor;
5. Any security issued or guaranteed by any public utility or holding company which is:
 - A. A registered holding company under the Public Utility Holding Company Act of 1935 or a subsidiary of such a company within the meaning of that act;
 - B. Regulated in respect of its rates and charges by a governmental authority of the United States or any state; or
 - C. Regulated in respect of the issuance or guarantee of the security by a governmental authority of the United States, any state, Canada, or any Canadian province;
6. Any security of a world-class foreign issuer that meets the qualifications as set forth by rule of the commissioner;
7. Any security issued by any person organized and operated not for private profit but exclusively for religious, educational, benevolent, charitable, fraternal, social, athletic, or reformatory purposes, or as a chamber of commerce or trade or professional association. Section 6(c) of the Philanthropy Protection Act of 1995, Pub. L. 104-62, of the United States shall not preempt any provision of this chapter;
8. Any investment contract or other security issued in connection with an employee's stock purchase, savings, pension, profit sharing, stock bonus, stock option, or similar benefit plan. Plans which do not meet the requirements for qualification under the United States Internal Revenue Code must file with the commissioner prior to any offer or sale a notice specifying the terms of the plan. The commissioner may by order disallow the exemption within ten (10) days; and
9. Any security as to which the commissioner by rule or order finds that registration is not necessary or appropriate in the public interest or for the protection of investors.

b. The commissioner may, from time to time, by his rules, and subject to any terms, conditions, and fees which may be prescribed therein, add any class of securities to the securities exempted as provided in this section if he finds that the enforcement of this chapter with respect to the securities is not necessary in the public interest and for the protection of investors by reason of the small amount involved or the limited character of the public offering, but no issue of securities shall

be exempted under this section where the aggregate amount at which the issue is offered to the public exceeds one million dollars (\$1,000,000);

c. The following shall apply to farm cooperatives organized under the laws of this State as a business corporation but operated as a cooperative, or organized and operated in this State under § 2-2-101 et seq., §§ 2-2-401 - 2-2-411, 2-2-413 - 2-2-429, 4-30-101 - 4-30-117, 4-30-201, 4-30-202, and 4-30-204 - 4-30-207, and to any nonprofit farm cooperative which is qualified to do business in this State:

No registered agent shall be required if no commission or other remuneration is to be paid in connection with the offer and sale of such securities; or
2. Any interest or agreement which qualifies its holder to be a member or other patron of a farm cooperative or which represents the terms or conditions by which members or other patrons purchase or sell agricultural products or commodities from, to, or through a farm cooperative, or which represents a capital retain, or patronage distribution issued by a farm cooperative solely to its members or other patrons shall not be considered to be a security under this chapter and shall not be subject to the provisions of this chapter, provided:
 - A. The instruments or interests are properly identified and not labeled with the traditional names of investment securities as defined by §23-42-102(15);
 - B. The instruments or interests are not part of a class of instruments or interests regularly bought or sold for investment purposes or for which an active trading market exists. However, this limitation shall not in any way restrict the bona fide pledge of the instruments or interests; and
 - C. No commission or other remuneration is paid in connection with the sale or issuance to members or other patrons of the interests and instruments. This exemption shall not apply to those interests or instruments which possess the characteristics of an investment contract or other security as interpreted under the laws of the State of Arkansas.
3. The commissioner may render foreign nonprofit farm cooperatives the privilege afforded Arkansas nonprofit farm cooperatives set forth in subdivision (c) (2) of this

section, provided such foreign cooperative first files supporting documents verifying that it is qualified to do business in Arkansas, that members have substantially the same rights as members of farm cooperatives organized under the nonprofit farm cooperative corporate laws of this State, that the offering is within the scope of subdivision (c)(2) of this section, and any other information which the commissioner deems appropriate.

History:

Fees Levied on Motor Carriers:

Act 571 of 1919 created the Corporation Commission with jurisdiction over “common carriers, railroads, street railroads, express companies, all car companies, freight lines, toll bridges, ferries and steamboats and vehicles of all kinds engaged in the transportation of freight and passengers” and various other public utilities.

Act 572 of 1919 did not specifically levy a fee or tax on motor carriers, but did authorize certain fees for papers, records or official documents of the Commission and declared that all public service corporations subject to regulation by the commission shall pay a special license fee based upon the value of its property.

Act 124 of 1921 abolished the Corporation Commission and created the Railroad Commission with the same jurisdiction and repealed the Section of Act 571 which levied the special license fee.

Act 99 of 1927, also known as “An Act to Provide for the Regulation, Supervision, and Control of Motor Vehicles Used in the Transportation of Persons or Property for Compensation in the State of Arkansas,” levied a tax of two percent (2%) of the gross amount received by carriers from all fares and charges.

Act 62 of 1929 amended Act 99 of 1927 and required a twenty-five dollars (\$25.00) permit fee to be licensed as a common carrier and raised the privilege tax to three percent (3%) of all fares and charges.

Act 367 of 1941 established the following fees:

1. Certificate of public convenience and necessity – twenty-five dollars (\$25.00)
2. Contract carrier permit – twenty-five dollars (\$25.00)

Act 262 of 1949 levied a fee on each motor carrier based on the proportion of the total cost of regulating motor carriers that the gross revenues of each carrier bears to the gross revenues of all motor carriers provided that the fee levied on each carrier shall not exceed two-fifths (2/5) of one percent (1%) of the gross revenues of each carrier.

Act 397 of 1955 increased the fee for application for a certificate of public convenience and necessity to fifty dollars (\$50.00) and the permits for contract carriers to fifty dollars (\$50.00) and added a fee of fifty dollars (\$50.00) for an application for a transfer of a certificate or permit. Act 397 also levied a fee of six dollars (\$6.00) for each truck and ten dollars (\$10.00) for each carrier of passengers. Penalties for violating the provisions of Act 397 were one hundred dollars (\$100) to five hundred dollars (\$500) for credit to the Commission Fund and one-half (1/2) of court fines were remitted to the State Treasurer for credit to the Commission’s fund. The fees levied by Act 262 of 1949 were repealed by Act 397. Act 397 also provided for a fee of twenty-five dollars (\$25.00) for temporary authority for a period not exceeding ninety (90) days.

Act 343 of 1957 reduced the fee for each bus or truck to five dollars (\$5.00) annually.

Act 468 of 1977 required the twenty-five dollar (\$25.00) fee for a carrier to operate in interstate commerce who had not previously filed an application with the commission and a fee of ten dollars (\$10.00) if the carrier had previously filed an application.

The fees, permits and fines in effect presently were levied by the following Acts:

1. Act 262 of 1949 - Annual fee
2. Act 262 of 1949 - Rail carrier fees
3. Act 397 of 1955 - Certificate of public convenience and necessity
4. Act 397 of 1955 - Forfeited bonds and fines
5. Act 397 of 1955 - Temporary permit
6. Act 397 of 1955 - Transfer of a Certificate
7. Act 343 of 1957 - Annual fee for each bus and truck
8. Act 191 of 1961 - Permits for contract carriers
9. Act 468 of 1977 - Interstate permit

Act 572 of 1987 combined the Highway Safety Program and the Transportation Commission into the Transportation Safety Agency.

Act 153 of the First (1st) Extraordinary Session of 1989 abolished the Transportation Regulatory Board and the Transportation Safety Agency and transferred all powers, functions, and duties to the Arkansas Highway Commission.

Act 1027 of 1993 provided for an annual fee of five dollars (\$5.00) for the registration of insurance from each common or contract carrier operating in the State.

Act 1362 of 2013 ensured compliance with Act 1159 of 2011.

Act 299 of 2015 authorized State Highway Commission officers to enforce BWI.

Act 1 of 2016 (3rd Extraordinary Session) required the State Highway Commission to propose and submit rules to the Highway Commission Review and Advisory subcommittee of the Legislative Council for review concerning criteria for distribution of funds and the distribution of funds from the state Highway and Transportation Department Fund and Road and Bridge Repair, Maintenance, and Grants Fund and spending priority designated for highway construction contracts and public road construction projects.

This Act also does not apply to lands in the name of or managed by the Arkansas State Game and Fish Commission.

History:

Act 285 of 1943 authorized the Commissioner of Revenues to execute leases on lands owned by the State of Arkansas for the production of oil, gas, casing head gas, and other hydrocarbons for such consideration as to him may appear for the best interest of the State of Arkansas. Prior to the enactment of Act 285, the only requirement for the severance of natural resources was the consent of the Attorney General; and this applied only to the taking of natural resources from navigable streams and lakes. This provision was included in Act 138 of 1915 and was repeated in Act 296 of 1917.

Act 212 of 1929 substituted the Commissioner of Revenues for the Attorney General for giving consent for the severance of natural resources.

Act 38 of the First (1st) Extraordinary Session of 1963, which authorized the issuance of bonds to build a Revenue Department Building, provided that the Revenue Commissioner collect a five dollar (\$5.00) fee to register each lease and deposit the fees in the Revenue Department Building Fund in a bank.

Act 524 of 1975 vested in the Department of Commerce the authority and responsibility for granting leases and permits for taking natural resources from state-owned lands and established the Natural Resources Committee, which had the duty of setting a schedule of minimum fees and royalties and the terms and conditions for various types of permits and leases. Act 524 designated all funds received for leases or permits as general revenues for deposit in the State Treasury.

Act 572 of 1977 amended Act 524 of 1975 and created the Severed Resources Fund and provided a fee of one hundred thirty dollars (\$130) to cover the cost of processing the lease or permit. The proceeds of the one hundred thirty dollars (\$130) was to be deposited as follows:

1. Five dollars (\$5.00) declared to be cash funds and to be deposited in a bank in the Revenue Department Building Fund;
2. One hundred twenty-five dollars (\$125) to be deposited in the State Treasury for credit to the Severed Resources Fund for use by the Natural Resources Committee.

Act 684 of 1981 amended Act 524 of 1975 to provide that the Director of the Department of Commerce shall set the fee to cover the cost of processing the application for a permit or lease. The moneys received were to be deposited in the Severed Resources Fund. It also provided that fund balances in the Fund in excess of five thousand dollars (\$5,000) on June 30 shall be transferred to the General Revenue Allotment Fund.

Act 691 of 1981 transferred all duties and functions of the Natural Resource Committee to the Department of Finance and Administration.

Act 509 of 1993 transferred the responsibility and authority for issuing leases for natural resources on State-owned lands.

Act 910 of 2019 changed the membership of the Natural Resources Committee with the realignment of executive branch agencies.

The Natural Resources Committee establishes a schedule of minimum fees and royalties for taking sand, gravel, oil, natural gas, casinghead, gas, coal and other minerals, and timber or logs from beds and bars or navigable rivers and lakes or from any other lands held in the name of the State of Arkansas. The Commissioner of State Lands collects all funds as fees, royalties for leases or permits, and deposits such funds in the State Treasury.

Rate and Base:

The Natural Resources Committee establishes a schedule of minimum fees and royalties for the various types of permits and leases, and no permit or lease is granted for less than the minimums. The Commissioner of State Lands publishes in a newspaper of general circulation that an application for a lease or permit has been made with a description of the permit or lease and the minimum fee or royalty and then receives bids. The lease or permit is awarded to the highest bidder.

Exemptions:

Severance, sale, or other disposition of sand, gravel, timber or logs, or minerals salvaged, severed, or removed by a state agency from lands held in the name of or managed by the agency if the sand, gravel, timber or logs, or minerals are salvaged, severed, or removed in the course of managing, developing, and improving the lands by the state agency and not for commercial purposes.

Sand and gravel may be removed from the beds or bars of any navigable river or lake by the Arkansas Department of Transportation, any county or road district, or any federal agency to be used for road building or maintenance.

Arkansas State Game and Fish Commission for lands held or managed by the commission.

History:

Act 138 of 1915 was enacted to protect the beds and bars of navigable streams and lakes and provided that it shall be unlawful for any person to take sand or gravel, oil, and coal from rivers and lakes without first receiving the consent of the Attorney General. The person receiving such consent paid into the State Treasury monthly five cents (5¢) for each cubic yard of sand and gravel, one-half cent (1/2¢) for each gallon of oil and six cents (6¢) per ton for coal. For any other valuable minerals the person made a contract with the Attorney General. The State Treasurer returned the funds so collected to the counties at the end of each year to be used for public roads.

Act 296 of 1917 amended Act 138 of 1915 and established the following rates:

Two and one-half cent (2.5¢) for each cubic yard of sand, five cents (5¢) for each cubic yard of gravel, one-half cent (0.5¢) for each gallon of oil, and six cents (6¢) for each ton of coal.

It also provided that all funds collected should be credited by the State Treasurer to the General Revenue Fund.

Act 212 of 1929 substituted the Commissioner of Revenues for the Attorney General for giving consent to removing the items listed in previous Acts.

Act 25 of 1933 amended Act 212 of 1929 to extend the provisions of the Act to include all areas adjoining the mainland or islands in the navigable streams or any other lands held in the name of the State of Arkansas.

Act 149 of 1935 again amended Act 212 of 1929 to provide that the Commissioner of Revenues, with the advice and approval of the Attorney General, could define the limits in which any one (1) person may take natural resources to one thousand (1,000) acres for oil or gas or casing head gas and two hundred (200) acres for other minerals and set the following rates:

Two and one-half cents (2.5¢) for each cubic yard of sand, five cents (5¢) for each cubic yard of gravel, six cents (6¢) per ton on coal, one-eighth (1/8) of the value of oil taken, and one-eighth (1/8) of the value of gas or casing head gas.

Act 524 of 1975 established the Natural Resources Committee with the authority to set a schedule of minimum fees and royalties for taking sand and gravel, minerals and timber from State owned lands. The lease or permit was to be procured from the Department of Commerce, which would also collect all moneys due on the lease or permit and deposit the same in the State Treasury. Funds received by the Department of Commerce from all sources under Act 524 were special revenues and deposited in the accounts from which the agencies were supported, if such funds resulted from leases or permits on lands owned or held in the name of a State agency. All other funds received from all other state-owned lands were to be deposited in the State Treasury as general revenues. This Act also required a five dollar (\$5.00) bid or application fee which was declared to be a cash fund for deposit in the Revenue Department Building Fund.

Act 572 of 1977 amended Act 524 of 1975 and required that a person entering into a lease or permit with the State of Arkansas shall pay a fee of one hundred thirty dollars (\$130) with five dollars (\$5.00) credited to the Revenue Department Building Fund and one hundred twenty-five dollars (\$125) credited to the Severed Resources Fund for use by the Natural Resources Committee.

Act 684 of 1981 amended Act 572 of 1977 to allow the Director of the Department of Commerce to set the fee for a lease or permit with the State of Arkansas.

Act 691 of 1981 transferred the Natural Resource Committee to the Department of Finance and Administration and added the following to the Natural Resource Committee: the State Land Commissioner, Director of the Game and Fish Commission, Director of the Department of Parks and Tourism, and Director of the Department of Finance and Administration. The Chairman of the Committee is now appointed by the Governor.

Act 509 of 1993 transferred the responsibility and authority for issuing leases for natural resources on State-owned lands.

History:

Act 118 of 1923 imposed the first severance tax on natural resources and provided for the levying of a tax of twenty-five cents (25¢) per ton on bauxite and one cent (1¢) per ton on coal and a tax of two and one-half percent (2.5%) of the gross cash market value of the total production on all other natural resources mined or severed. The payment of the taxes was required of the severer or producer actually engaged in the operation of severing natural products and was to be paid quarterly by him to the State Treasurer.

Act 681 of 1923 amended Act 118 of 1923 to remove manganese ore from the requirement of paying a tax of two and one-half percent (2.5%) of the gross cash market value and levied instead a tax of ten cents (10¢) per ton. Act 681 also provided that a portion, one-third (1/3) of the severance tax collected, of the taxes were to be returned to the counties from which the resource was severed.

Act 2 of the Second (2nd) Extraordinary Session of 1924 removed the twenty-five cents (25¢) per ton tax on bauxite and imposed a tax of two and one-half percent (2.5%) of the gross cash market value.

Act 142 of 1927 levied an additional severance tax of one (1) mill on each ton of coal mined and one (1) mill on each ton of manganese ore mined. On all other minerals, an additional tax of one-tenth of one percent (0.1%) of the gross market value was imposed. These additional taxes were for the support of the Office of the State Geologist.

3. In other cases, the rate was three dollars (\$3.00) on each hundred dollars (\$100) of the value of the estate of ten thousand dollars (\$10,000) or less; on estates of the value between ten thousand dollars (\$10,000) and fifty thousand dollars (\$50,000), the rate was five dollars (\$5.00) on each hundred dollars (\$100); and on all estates exceeding fifty thousand dollars (\$50,000), the rate was six dollars (\$6.00) on each hundred dollars (\$100).

 - 2) Upon a transfer taxable under this Act of property or any beneficial interest therein, of an amount in excess of the exemptions provided in subdivision 3 of Section 3 of this Act and not in excess of five thousand dollars (\$5,000), to any person or corporation other than those enumerated in subdivision 1 of this Section, the tax shall be at the rate of three percent (3%) of the clear value of such interest in such property.
2. Over five thousand dollars (\$5,000) - secondary rates

 - c. Upon all amounts in excess of thirty thousand dollars (\$30,000), and up to fifty thousand dollars (\$50,000), four (4) times the primary rates.
 - d. Upon all amounts in excess of fifty thousand dollars (\$50,000) and up to one hundred thousand dollars (\$100,000), five (5) times the primary rates.
 - e. Upon all amounts in excess of one hundred thousand dollars (\$100,000) and up to five hundred thousand dollars (\$500,000), six (6) times the primary rates.
 - f. Upon all amounts in excess of five hundred thousand dollars (\$500,000) and up to one million dollars (\$1,000,000), seven (7) times the primary rates.
 - g. Upon all amounts in excess of one million dollars (\$1,000,000), eight (8) times the primary rates.

Act 136 of 1941 repealed all inheritance tax laws or parts of inheritance tax laws in Act 197 of 1913 and imposed an estate tax equal to the federal credit allowable under the Federal Revenue Act.

Act 379 of 1983, also known as the “Technical Corrections Tax Act of 1983,” updated the current Arkansas law to adopt the federal estate tax law provisions currently in effect and provided that no Arkansas estate tax shall be imposed if there is no federal estate tax.

Act 910 of 1989 provided a special installment deferral of up to fifteen (15) years for the payment of Arkansas estate tax for certain qualifying businesses.

Act 590 of 1993 established the Economic Development of Arkansas Fund. The Fund is to consist of a portion of the estate tax.

	3 Years
Vessels less than 16' in length	\$ 7.50
Vessels 16' to less than 26'	\$ 15.00
Vessels 26' to less than 40'	\$ 51.00
Vessels 40' or more	\$105.00
Transfers of ownership	\$ 2.00
Duplicate or Replacement	\$ 1.00
Certificate of number with beneficiary	\$ 10.00

Exemptions:

Boats covered by number awarded by a federal law or by a law or another state; boats from another country temporarily used in state; a boat owned by the United States, a state, or a subdivision; a lifeboat; boat used for demonstration or testing purposes by a recognized motorboat dealer, manufacturer, or agent to promote its sale or development; and a new boat that is operated for a period not to exceed twenty (20) working days from the date of purchase if the owner or operator has the bill of sale or acceptable proof of purchase.

History:

Act 228 of 1923 first required registration of motor boats by the County Clerk of the county in which an owner resided. Act 228 provided that the County Clerk was entitled to a fee of one dollar and fifty cents (\$1.50) for issuing certificates of registration, one dollar (\$1.00) for each duplicate certificate, and twenty-five cents (25¢) for each extension.

Act 453 of 1959 repealed Act 228 of 1923 and required the County Clerk to collect the following fees:

1. One dollar (\$1.00) for transfer of registration from one owner to another
2. Two dollars (\$2.00) for issuance of certificate of registration
3. One dollar (\$1.00) for each annual renewal

The County Clerk was authorized to retain fifteen cents (15¢) as his fee for each certificate and each renewal. The balance was divided fifty percent (50%) to the County General Fund and fifty percent (50%) to the Game Protection Fund in the State Treasury.

Act 140 of 1963 provided that, after deducting the fifteen percent (15%) allowed the County Clerk, the balance of the fees would be remitted to the Game and Fish Commission.

Act 442 of 1965 transferred the duties of the County Clerks with respect to the registration of motor boats to the State Revenue Department and provided that the fifteen percent (15%) of fees retained by the County Clerks should be

deposited by the Commissioner of Revenues in the State Treasury for credit to the Constitutional and Fiscal Agencies Fund.

Act 237 of 1975 authorized the present fees of two dollar (\$2.00) for a two-year period for a certificate of registration and a two dollar (\$2.00) fee for a biennial renewal.

Act 122 of 1987 amended Act 453 of 1959 and provided the following boat registration fees:

	2 Years
Vessels less than 16' in length	\$ 4.00
Vessels over 16' in length	\$ 8.00
Vessels 26' and over	\$12.00
Transfers of ownership	\$ 2.00

It should be noted that Act 122 contained a provision for four-year boat registration. This portion of Act 122 was inconsistent with United States Coast Guard regulations, which do not recognize boat registration greater than three (3) years.

Act 517 of 1995 provided that the registration for motor boats shall be valid for three (3) years. The Act provided for the following registration fees:

	3 Years
Vessels less than 16' in length	\$ 6.00
Vessels 16 feet to less than 26 feet	\$12.00
Vessels 26 feet or more	\$18.00

Act 1774 of 2003 defined and included personal watercrafts for law enforcement purposes and changed the fee distribution. This Act also amended the distribution of funds to authorize 24% to the Marine Sanitation Fund.

Act 900 of 2011 repealed the exemption for motorboat used for demonstration purposes or testing.

Act 220 of 2013 added exemption for motorboat used for demonstration purposes or testing.

Act 733 of 2019 required the renewal of certificates of number upon payment of fee, proof of liability insurance (if applicable); motorboat listed for assessment; and the payment of required personal taxes.
