For An Act To Be Entitled

9 AN ACT TO PROVIDE THAT FIREFIGHTERS WITH CERTAIN
10 DISEASES WILL BE PRESUMED TO HAVE BEEN INJURED IN
11 THE LINE OF DUTY FOR DISABILITY RETIREMENT
12 BENEFITS UNDER THE LOCAL POLICE AND FIRE
13 RETIREMENT SYSTEM AND UNDER FIRE PENSION FUNDS;
14 AND FOR OTHER PURPOSES.

Subtitle

16 TO PROVIDE THAT FIREFIGHTERS WITH
17 CERTAIN DISEASES WILL BE PRESUMED TO
18 HAVE BEEN INJURED IN THE LINE OF DUTY
19 FOR DISABILITY RETIREMENT BENEFITS.
20
21
22

23 BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:
24

25 SECTION 1. Arkansas Code § 24-10-607(c)(1), concerning the disability
26 benefits for members of the Local Police and Fire Retirement System, is
27 amended to read as follows:

28 (c)(1)(A)(i) Any active member who becomes totally and permanently
29 physically or mentally incapacitated for any suitable duty as an employee as
30 the result of a personal injury or disease which the board finds to have
31 arisen out of, and in the course of, his or her actual performance of duty as
32 an employee may be retired by the board upon written application filed with
33 the board by or on behalf of the member.

34 (ii)(a) As used in this subdivision

35 (c)(1)(A)(ii) of this section:

36 (1)(A) "Blood or body fluids" means

1 blood and body fluids containing visible blood and other body fluids to which
2 universal precautions for prevention of occupational transmission of blood-
3 borne pathogens, as established by the Centers for Disease Control, apply;
4 and

5 (B) Includes respiratory,
6 salivary, and sinus fluids, including droplets, sputum, saliva, mucous, and
7 any other fluid through which infectious airborne or blood-borne organisms
8 can be transmitted between persons for the purpose of determining the
9 potential transmission of hepatitis, meningococcal meningitis, HIV, or
10 tuberculosis;

11 (2) "Hepatitis" means hepatitis A,
12 hepatitis B, hepatitis non-A, hepatitis non-B, hepatitis C or any other
13 strain of hepatitis generally recognized by the medical community;

14 (3) "HIV" means the medically recognized
15 retrovirus known as human immunodeficiency virus, type I or type II, causing
16 immunodeficiency syndrome; and

17 (4) "Occupational exposure" means, in
18 the case of hepatitis, meningococcal meningitis, HIV, or tuberculosis, an
19 exposure that occurs during the performance of job duties that places a fire
20 fighter at risk of infection.

21 (b) A fire fighter in paid service who becomes
22 totally or permanently incapacitated for any suitable duty as an employee
23 from a condition or impairment of health caused by hepatitis, meningococcal
24 meningitis, HIV, or tuberculosis shall be presumed to have suffered the
25 condition or impairment as one arising out of, and in the course of, the fire
26 fighter's actual performance of duty as an employee unless the contrary is
27 shown by medical evidence.

28 (c) The presumption under subdivision
29 (c)(1)(A)(ii)(b) of this section is conditioned on the firefighter having
30 successfully passed a physical examination before entering into employment
31 and the examination failing to reveal any evidence of the hepatitis,
32 meningococcal meningitis, HIV, or tuberculosis.

33 (B) The employee shall be retired only if, after a medical
34 examination of the member made by or under the direction of a physician or
35 physicians designated by the board, the physician reports to the plan in
36 writing that the member is physically or mentally totally incapacitated for

1 the further performance of any suitable duty, that the incapacity will
2 probably be permanent, and that the member should be retired.

3
4 SECTION 2. Arkansas Code § 24-11-819(a)(2)(B)(ii), concerning the
5 disability retirement benefits for full-paid fire fighters under a firemen's
6 pension and relief fund, is amended to read as follows:

7 (ii)(a) ~~For~~ Except as presumed under subdivision
8 (a)(2)(B)(ii)(c)(2) of this section, for purposes of this section, "injured
9 in the line of duty" means a disabling injury or disease that occurs while
10 conducting official fire department operations or while in training to become
11 a fire fighter.

12 (b) The board shall determine whether the
13 disability occurred in the line of duty and may require any medical evidence,
14 official reports, expert testimony, or other information to be supplied by
15 the applicant in addition to the required physician's examination and report.

16 (c)(1) As used in this subdivision
17 (a)(2)(B)(ii)(c) of this section:

18 (A)(i) "Blood or body fluids"
19 means blood and body fluids containing visible blood and other body fluids to
20 which universal precautions for prevention of occupational transmission of
21 blood-borne pathogens, as established by the Centers for Disease Control,
22 apply; and

23 (ii) Includes respiratory,
24 salivary, and sinus fluids, including droplets, sputum, saliva, mucous, and
25 any other fluid through which infectious airborne or blood-borne organisms
26 can be transmitted between persons for the purpose of determining the
27 potential transmission of hepatitis, meningococcal meningitis, HIV, or
28 tuberculosis;

29 (B) "Hepatitis" means hepatitis A,
30 hepatitis B, hepatitis non-A, hepatitis non-B, hepatitis C or any other
31 strain of hepatitis generally recognized by the medical community;

32 (C) "HIV" means the medically
33 recognized retrovirus known as human immunodeficiency virus, type I or type
34 II, causing immunodeficiency syndrome; and

35 (D) "Occupational exposure" means,
36 in the case of hepatitis, meningococcal meningitis, HIV, or tuberculosis, an

1 exposure that occurs during the performance of job duties that places a fire
2 fighter at risk of infection.

3 (2) A full-paid fire fighter who becomes
4 disabled or injured by hepatitis, meningococcal meningitis, HIV, or
5 tuberculosis shall be presumed to have been injured in the line of duty
6 unless the contrary is shown by medical evidence.

7 (3) The presumption under subdivision
8 (a)(2)(B)(ii)(c)(2) of this section is conditioned on the firefighter having
9 successfully passed a physical examination before entering into employment
10 and the examination failing to reveal any evidence of the hepatitis,
11 meningococcal meningitis, HIV, or tuberculosis.
