5	of the pain cannot be removed or otherwise treated, and for which no relief
6	or cure has been found after reasonable efforts by a physician;
7	(3)(A) "Dangerous or controlled drugs" means drugs used for pain
8	relief, including but not limited to:
9	(i) Opioids; and
10	(ii) Other drugs classified under schedules II, III, IV,
11	or V by the United States Food and Drug Administration;
12	(B) "Dangerous or controlled drugs" does not include any
13	substance the prescription of which is illegal under federal law;
14	(4) "Disciplinary action" means any remedial or punitive sanctions
15	imposed on a licensed physician by the board;
16	(5) "Patient" means a person seeking medical diagnosis and treatment;

20	17-95-704. Arkansas State Medical Board -Treatment - Prohibitions.
21	(a)(1) A physician shall not be subject to disciplinary action by the
22	Arkansas State Medical Board solely for prescribing dangerous or controlled
23	drugs for the relief of chronic intractable pain.
24	(2) The board shall direct the Pain Management Review Committee
25	to use the criteria under subsections (d) and (e) of this section to review a
26	physician's conduct in regard to prescribing, administering, ordering, or
27	dispensing pain medications and other drugs necessary to treat chronic
28	intractable pain.
29	(b) The board shall:
30	(1) Make reasonable efforts to notify health care providers
31	under its jurisdiction of the existence of the "Chronic Intractable Pain
32	Treatment Act"; and
33	(2) Inform any health care provider licensed by the board
34	investigated regarding the provider's practices in the management of pain of
35	the existence of the "Chronic Pain Intractable Treatment Act".
36	(c)(1) In lieu of a finding of gross and ignorant malpractice, the

2

1	board after a hearing may incrementally impose sanctions as follows:
2	(A) Monitor prescribing habits of the physician not to
3	exceed six (6) months;
4	(B) Require the physician to voluntarily surrender his or
5	her United States Drug Enforcement Agency license to the board for a
6	specified period of time not to exceed three (3) months;
7	(C) Suspend the physician's license, stay the suspension,
8	and require monitoring of prescribing habits;
9	(D) Revoke the physician's license, stay revocation, and

11	time; and
12	(E) Revoke the physician's license for serious violations
13	of statutes and regulations.
14	(2) With a finding of severe violation of statutes and

16	(3) At any level of sanction, the board may require continuing
17	medical education hours in proper prescribing habits.
18	(d) A physician may, based on evaluation and management of a patient's
19	individual needs:
20	(1) Treat a patient who develops chronic intractable pain with a
21	dangerous or controlled drug to relieve the patient's pain;
22	(2) Continue to treat the patient for as long as the pain
23	persists;
24	(3) Treat the pain by managing it with dangerous or controlled
25	drugs in amounts or combinations that may not be appropriate for treating
26	another medical condition;
27	(4) Administer large doses of dangerous or controlled drugs for
28	pain management if the benefit of relief outweighs the risk of the large
29	dose; and
30	(5) Administer a large dose of a dangerous or controlled drug
31	even if its use may increase the risk of death, if the purpose is not to
32	cause or assist in a patient's death.

34	(1) Prescribe or administer dangerous or controlled drugs
35	intended to manage chronic intractable pain to treat a patient for chemical

6	mercy killing of any individual.
7	(B) However, causing or assisting in causing the suicide,
8	euthanasia, or mercy killing of any individual does not include prescribing,
9	dispensing, or administering medical treatment for the purpose of alleviating
10	pain or discomfort, even if that use may increase the risk of death, so long
11	as the treatment is not furnished for the purpose of causing or assisting in
12	causing the death of the individual.
