23 BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:  
24

25 SECTION 1. Arkansas Code Title 26, Chapter 52, Subchapter 4 is amended  
26 to add an additional section to read as follows:

27 26-52-444. Fuel and energy used in manufacturing and processing plants  
28 and facilities.

29 (a) As used in this section:

30 (1) "Directly" means the same as in § 26-52-402(c);

31 (2) "Fuel and energy" means natural gas, electricity, fuel oil,  
32 steam, coal, lignite, wood chips, wood byproducts, nuclear fuel, liquefied  
33 petroleum gas, petroleum coke, agricultural waste and animal agricultural  
34 waste;

35 (3) "Manufacturing" and "processing" means the same as in § 26-  
36 52-402(b), including without limitation the generation of electricity for

1 sale; and

2 (4) "Used directly" means the same as in § 26-52-402(c).

3 (b) Gross receipts or gross proceeds derived from the sale of fuel and  
4 energy are exempt from the gross receipts taxes levied by this chapter and  
5 the compensating use tax levied by the Arkansas Compensating Tax Act of 1949,  
6 § 26-53-101 et seq., if the fuel and energy is:

7 (1) Used directly in producing, manufacturing, fabricating,  
8 assembling, processing, finishing, or packaging of articles of commerce; or

9 (2) Required to prevent or reduce air or water pollution or  
10 contamination that might otherwise result from the operation of a  
11 manufacturing or processing plant or facility in the state.

12 (c)(1) Fuel and energy used during a regular monthly billing period or  
13 on a monthly basis for both exempt and taxable purposes that is delivered  
14 through a single meter is exempt or taxable based on the predominant use of  
15 the deliveries measured by the single meter.

16 (2) The director may promulgate rules to establish the  
17 predominant use of fuel and energy delivered through a single meter.

18  
19 SECTION 2. EMERGENCY CLAUSE. It is found and determined by the  
20 General Assembly of the State of Arkansas that the sales and use taxes that  
21 Arkansas imposes on fuel and energy used in manufacturing and processing far  
22 exceed the taxes imposed by competing states; that competing states have  
23 reduced or eliminated their taxes on fuel and energy used in manufacturing  
24 and processing in recent years; that Arkansas has suffered a significant loss  
25 of jobs in the manufacturing sector in recent years and has failed to attract  
26 potential manufacturing projects for reasons that include tax comparisons  
27 with other states; and that this act is necessary because manufacturing jobs  
28 are a crucial part of the Arkansas economy and must be preserved and expanded  
29 in order to provide citizens the opportunity to maintain a reasonable  
30 standard of living, retain young workers, and provide and promote quality  
31 education throughout the state. Therefore, an emergency is declared to exist  
32 and this act being necessary for the preservation of the public peace,  
33 health, and safety shall become effective on July 1, 2011.
