BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:

SECTION 1. Arkansas Code Title 6, Chapter 17, Subchapter 8 is amended to add an additional section to read as follows:

6-17-812. Use of certain categorical funds for teacher recruitment and retention.

(a) As used in this section:

(1) "National school lunch funding" means a school district's funding for national school lunch students under § 6-20-2305(b)(4);

1 (2)(A) "National school lunch students" means those students or
2 the percentage of enrolled students from low socioeconomic backgrounds as
3 indicated by eligibility for free or reduced-price meals under the National
4 School Lunch Act, 42 U.S.C. § 1751 et seq., in effect on the effective date
5 of this section, as determined on October 1 of each previous school year and
6 submitted to the Department of Education, unless the school district is
7 identified by the Department of Education as participating in the special
8 assistance certification and reimbursement alternative implemented under 42
9 U.S.C. § 1759a, as interpreted in 7 C.F.R. § 245.9;

10 (B) If the school district is participating under 42 U.S.C.
11 § 1759a, then for purposes of funding under § 6-20-2305(b), such a school
12 district's annual percentage of national school lunch students shall be equal
13 to the percentage submitted in the base year, which means the last school
14 year for which eligibility determinations were made and meal counts were
15 taken by type.

16 (3) "Revenue per student" means in each school year the amount
17 of revenue available, whether or not collected, in a school district solely
18 from the levy of the uniform rate of tax plus the average miscellaneous funds
19 collected in the previous five (5) years divided by the average daily
20 membership of the school district; and

21 (4) "State wealth index" means the result of one (1) minus the
22 ratio of revenue per student divided by the difference between foundation
23 funding and revenue per student.

24 (b) The Department of Education shall approve the use by a school
25 district of a portion of national school lunch funding for classroom teacher
26 salaries and for teacher recruitment and retention if the school district
27 meets the following conditions:

28 (1) The school district has a state wealth index that is in the
29 lowest twentieth percentile in the state; and

30 (2) At least ninety percent (90%) of the previous school year's
31 enrolled students in the school district are national school lunch students.

32 (c) The amount of national school lunch funding that a school district
33 approved under subsection (b) of this section may use for classroom teacher
34 salaries and for teacher recruitment and retention is the amount of its
35 national school lunch funding provided less the amount of national school
36 lunch funding provided under § 6-20-2305(b)(4) for school districts in which

1 less than seventy percent (70%) of the previous year's enrolled students are
