HOUSE CONCURRENT RESOLUTION

7 "TO ESTABLISH CRITERIA FOR CONGRESSIONAL REDISTRICTING"

9

10

11 WHEREAS, in an effort to develop and adopt a constitutionally acceptable
12 congressional redistricting plan, the House and Senate Committees on State
13 Agencies and Governmental Affairs have reviewed various criteria adopted by
14 sister states; and

15

16 WHEREAS, criteria adopted by both houses of the General Assembly would
17 be useful in evaluating proposals for Congressional redistricting; and

18

19 WHEREAS, sound criteria based on interpretation by the courts of
20 constitutional provisions and federal statutes provide guidance to the
21 membership of the Arkansas General Assembly while performing congressional
22 redistricting;

23

24

25 NOW THEREFORE,

26 BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE SEVENTY-EIGHTH GENERAL
27 ASSEMBLY OF THE STATE OF ARKANSAS, THE SENATE CONCURRING THEREIN:

28

29 THAT the following guidelines are hereby adopted for use in
30 congressional redistricting during the 78th Session of the Arkansas General
31 Assembly:

32

33 1. EQUAL REPRESENTATION

34 Equality of population of congressional districts insofar as is
35 practicable shall be the goal of congressional reapportionment.

1 (a) Deviations from the "ideal district population" shall be
2 justifiable only when such is the result of a limitation of geography, or the
3 result of the promotion of a preferred constitutionally acceptable state
4 policy.

5

6 2. POPULATION DATA

7 The total state population and the population of defined sub-units
8 thereof as reported to the state by the U. S. Department of Commerce, Bureau
9 of the Census, as the official census information collected under P.L. 94-171
10 for the 1990 Federal Decennial Census shall be the exclusive permissible data
11 base for congressional redistricting.

12

13 3. DISTRICTS

14 Only single-member congressional districts are acceptable.

15 The committees acknowledge a preference for continuity in
16 representation. The committees shall give preference to a plan which departs
17 as little as possible from the 1981 apportionment plan as developed by the
18 court in Doulin v. White so long as such plan is otherwise constitutionally
19 acceptable.

20 County lines, cities, and established geographical boundaries should be
21 maintained, *if possible*.

22

23 4. MINORITY VOTING STRENGTH AND PARTICIPATION

24 The dilution of voting strength and participation by recognized
25 minorities within the state population is contrary to the Voting Rights Act of
26 1965, the U. S. Constitution, and the public policy of the State of Arkansas.
27 The right of meaningful political participation of all citizens is desired
28 and recognized. Therefore, any plan or proposed amendment to a plan having
29 the objective of diluting the voting strength of minority citizens shall be
30 unacceptable.

31

32 5. PUBLIC PARTICIPATION

33 The committees actively seek public participation in all deliberations
34 concerning congressional redistricting. Notices of all committee meetings in
35 which proposed legislation concerning congressional redistricting will be
36 considered by the committees shall be provided and posted in accordance with

vjf161

1 the current rules of the House of Representatives, the Senate, and the Joint
2 Interim Committee on State Agencies and Governmental Affairs. All interested
3 parties are encouraged to appear before the committees during the legislative
4 hearings on proposed plans to provide input regarding congressional
5 redistricting.
