The application shall be accompanied by the payment of a fee to be prescribed by the board.

The fee shall be an amount reasonably calculated to cover the cost of the examination and other costs incurred by the board in issuing the certificate.

The application must be kept on file for at least sixty (60) days prior to the regular meeting of the board.

If the application is accepted, the applicant shall be notified to appear for an examination as defined by the rules and regulations of the board.

Examinations may be oral or written, or both, and the applicant may be required to demonstrate his or her knowledge and proficiency in the specialty in which he or she desires to be certified.

The board is authorized to certify specialists in all specialty areas approved by the American Dental Association.

Any A dentist not licensed by the board but who is eligible to take the Arkansas State Board Examination and is further eligible for specialty examination may take both examinations at the discretion of the board.

No A licensed dentist shall not hold himself or herself out to the public as a specialist or publicly announce as being specifically qualified in any particular branch of dentistry or publicly announce as giving special attention to any branch of dentistry until he or she has been issued a certificate by the board authorizing him or her to do so.

Any member granted this special privilege must limit his or
her practice to the specialty in which he or she is licensed except in an emergency situation. The issuance of a specialist license does not limit a licensed dentist’s ability to practice in any other area of dentistry for which the dentist is qualified, including general dentistry.

(3) The failure to limit his or her practice as provided in subdivision (g)(2) of this section described by the appropriate national specialty board shall be cause for the specialist license to be revoked or suspended. A dentist who has been issued a specialist license under this section may announce and hold himself or herself out to the public both as a specialist in the area covered by his or her specialty certificate and as a dentist who provides general dentistry services if the dentist practices his or her specialty at least fifty percent (50%) of the time that he or she practices dentistry during a calendar year.
