History:

The first Sales Tax Act was passed in Arkansas by Act 233 of 1935 and provided for the levying of a two percent (2%) tax on the gross proceeds from all retail sales. This tax was a temporary tax measure and was to be levied from May 1, 1935 to July 1, 1937. There was a border city tax exemption, but no provision for a discount to retailers for collecting and reporting the tax. It did exempt "all goods necessary to life, more specifically defined as follows: Flour, Meat, Lard, Sugar, Soda, Baking Powders, Salt, Meal, Butter fats, Eggs, and all medicines necessary for the preservation of public health". Section 17 of this Act prohibited the retailer from representing that he would assume or absorb the tax.

Since, under Act 233 of 1935, the Emergency Retail Sales Tax was to expire in July of 1937, the legislature, by Act 154 of 1937, enacted The Arkansas Retail Sales Tax Law containing about the same provisions as the previous Act.

The current "sales tax" law was enacted by Act 386 of 1941 as "The Arkansas Gross Receipts Act of 1941" and called for the levying of a two percent (2%) tax upon the gross proceeds or gross receipts derived from the sale of certain tangible personal property.

The rate of the Sales Tax was increased from two percent (2%) to three percent (3%) by Act 19 of 1957, which was submitted to referendum at the general election, November 6, 1958, and approved by a vote of 211,490 to 86,418.

3.5. BEER TAX

The Beer Tax is levied at the wholesale level which is passed on to the retailer. The wholesaler remits the tax to the Commissioner of Revenues, who deposits the money in the State Treasury.

Rate and Base:

\$7.50 per barrel of 32 gallons having an alcoholic content of 5% or less

Exemptions:

Beer sold to agencies of the armed forces of the United States

History:

The 21st Amendment to the Constitution of the United States repealed the 18th Amendment of the U.S. Constitution (ratified by the States effective on January 29, 1919), which had prohibited the manufacture, sale or transport of intoxicating liquors for beverage purposes within the United States and all territories thereof. Amendment 21 was declared ratified by Conventions in the States on the 5th day of December, 1933. Section 2 of Amendment 21, however, provided that:

“The transportation or importation into any state, territory or possession of the United States, for delivery of use therein of intoxicating liquors, in violation of laws thereof, is hereby prohibited.”

Thus, Amendment 21 left it up to each state to determine whether it would be lawful to transport or import intoxicating liquors for delivery or use therein.

Act 7 of the 1st Extraordinary Session of 1933 (approved on August 24, 1933) authorized the manufacture, sale and distribution within the State of Arkansas of light wines and beer. Act 7 defined “beer” to mean any fermented liquor made from malt or any substitute therefor and having an alcoholic content of not in excess of 3.2 percent by weight.

Section 3 of Act 7 levied a tax at the rate of One Dollar for 32 gallons (and proportionately for large or smaller quantities) for the privilege of receiving, handling, possessing, manufacturing and/or selling light wines and/or beer under said Act. In addition to such gallonage tax, special taxes were levied for the issuance of permits to wholesale dealers, brokers, distributors, manufacturers, and retailers of non-intoxicating liquor as defined in Act 7.

In brief, Act 7 of the First Extraordinary Session of 1933 (approved on August 24, 1933) was passed shortly before the ratification of the 21st Amendment, but authorized the lawful manufacture and sale of only non-intoxicating beer and light wine (having an alcoholic content of not in excess of 3.2 percent by weight).

Act 108 defined the word “spirituous” to mean liquor distilled from the fermented juices of grain, fruits or vegetables and containing more than 21 percent alcohol by weight, or any other liquids containing more than 21 percent alcohol by weight.

The word “vinous” was defined to mean the fermented juices of fruits, except wine, and containing more than five percent and not more than 21 percent alcohol by weight. The exclusion of wine from this definition was apparently intended to exclude “native wine” from the provisions of Act 108.

The word “malt” was defined in Act 108 to mean liquor brewed from the fermented juice of grain and containing more than five percent alcohol by weight.

Act 108 excluded from the definition of “malt liquors” beer containing not more than five percent alcohol by weight, and all other malt beverages containing not more than five percent alcohol by weight and also provided that such beer and other malt beverages were exempted from the provisions of Act 108.

The second paragraph of Section 6 of Act 108 contains the following language.

“It is further provided that malt and vinous beverages containing more than 3.2 percent alcohol by weight and not more than 5 percent of alcohol by weight shall be taxed and regulated as provided for malt and vinous beverages containing not more than 3.2 percent alcohol by weight under the provisions of Act No. 7 of the Acts of the Extraordinary Session of the General Assembly of 1933, approved August 24, 1933.”

Act 109 of 1935 provided for the levy of gallonage taxes, in addition to other permit fees and taxes, on distilled spirits, as follows:

1. Spirituous Liquor \$0.40 per gallon;
2. Vinous Liquor (except native wine)... \$0.10 per gallon;
3. Malt Liquor (does not include beer)... \$0.03 on each gallon.

Act 109 did not specifically levy a tax on beer. However, Section 6 of Act 108 of 1935 provided that beer and malt liquor having in excess of 3.2 percent alcoholic content and not more than 5 percent alcoholic content, would be taxed at the same rate of tax provided under Act 7 of the 1933 Extraordinary Session (One Dollar per barrel of 32 gallons).

Act 108 of 1947 amended Act 109 of 1935, and increased the gallonage taxes on alcoholic beverages to the following rates:

1. Spirituous Liquor \$2.50 per gallon;
2. Vinous Liquor (except native wine)..... \$0.75 per gallon;
3. Malt Liquor..... \$0.20 per gallon;
4. Beer \$5.00 per barrel of 32 gallons (Act 169 increased the beer tax to \$7.50 per barrel of 32 gallons on all beer having an alcoholic content in excess of 3.2 percent by weight).

At the time of the adoption of Amendment 19 to the Arkansas Constitution, the only alcoholic beverages authorized to be manufactured and/or sold in this State were:

1. non-intoxicating beer and wine having an alcoholic content of 3.2 percent or less by weight;
2. native wine manufactured for shipment outside the State;
3. native brandy manufactured for shipment outside the State.

Act 108 of 1935 was the first Act of the General Assembly enacted after the repeal of Prohibition and the passage of Amendment 19, which authorized the lawful sale of intoxicating liquor and intoxicating beer and wine in this State. Act 69 of 1935 authorized the manufacture and sale of native wine in Arkansas. Act 109 of 1935 levied gallonage taxes on intoxicating liquor, malt liquor, and imported wine, and further provided for the lawful manufacture and sale of intoxicating beer (of more than 3.2 percent but not more than 5 percent alcoholic content by weight) and provided that the rate of tax on intoxicating beer would be the same as the rate of tax levied on non-intoxicating beer authorized under Act 7 of 1933.

Act 844 of 1983 increased the tax from \$7.50 to \$8.75 per 32 gallon barrel having an alcoholic content of more than 3.2% but not more than 5%. Act 844 of 1983 contained a provision by which the tax would revert to \$7.50 per 32 gallon barrel if and when the state sales tax was increased.

Act 63 of the 1st Extraordinary Session of 1983 increased that state sales tax. Due to this, the Beer Tax reverts to \$7.50 per 32 gallon barrel.

Act 424 of 1987 imposed the \$7.50/32-gallon barrel tax upon "Light Beer".

Act 848 of 1993 provides that taxpayers with certain monthly tax liabilities must remit tax by electronic fund transfer.

History:

Act 7 of the 1st Extraordinary Session of 1933 (approved on August 24, 1933) authorized the manufacture, sale, and distribution within the State of Arkansas of light wines and beer. Act 7 defined “beer” to mean any fermented liquor made from malt or any substitute therefor and having an alcoholic content of not in excess of 3.2 percent by weight.

Act 7 defined “light wine” to mean the fermented liquor made from malt or any substitute therefor and having an alcoholic content of not in excess of 3.2 percent by weight. Act 7 also defined the term “intoxicating liquor” to mean vinous, ardent, malt fermented liquor or distilled spirits with an alcoholic content in excess of 3.2 percent by weight.

Section 3 of Act 7 levied a tax at the rate of One Dollar for 32 gallons (and proportionately for larger or smaller quantities) for the privilege of receiving, handling, possessing, manufacturing and/ or selling light wines and/or beer under said Act. In addition to such gallonage tax, special taxes were levied for the issuance of permits to wholesale dealers, brokers, distributors, manufacturers, and retailers of non-intoxicating liquor as defined in Act 7.

In brief, Act 7 of the 1st Extraordinary Session of 1933 (approved on August 24, 1933) was passed shortly before the ratification of the 21st Amendment, but authorized the lawful manufacture and sale of only non-intoxicating beer and light wine (having an alcohol content of not in excess of 3.2 percent by weight).

Act 108 of 1935, which is commonly referred to as the “Thorn Liquor Law”, was apparently the first Act passed by the General Assembly authorizing the lawful sale of spirituous or intoxicating liquor, beer, and wine in Arkansas following the repeal of Prohibition and following the adoption of Amendment 19 to the Arkansas Constitution at the November 6, 1934 general election.

Act 108 defined the word “spirituous” to mean liquor distilled from the fermented juices of grain, fruits or vegetables and containing more than 21 percent alcohol by

weight, or any other liquids containing more than 21 percent alcohol by weight.

The word “vinous” was defined to mean the fermented juices of fruits, except wine, and containing more than five percent and not more than 21 percent alcohol by weight (the exclusion of “wine” from this definition was apparently intended to exclude “native wine” from the provisions of Act 108).

The second paragraph of Section 6 of Act 108 contains the following language:

“It is further provided that malt and vinous beverages containing more than 3.2 percent alcohol by weight and not more than 5 percent of alcohol by weight shall be taxed and regulated as provided for malt and vinous beverages containing not more than 3.2 percent alcohol by weight under the provisions of Act No. 7 of the Acts of the Extraordinary Session of the General Assembly of 1933, approved August 24, 1933.”

The last paragraph of Section 6 of Act 108 contained specific language that the “exemption of wine as provided in this Act from the provisions hereof shall be construed, and it is hereby declared to be the legislative intent of this Act to mean only such wines or vinous liquors manufactured within the State of Arkansas;...”, and provided that all wine or vinous liquors manufactured without the confines of this State shall be legally sold, transported, imported, possessed, and consumed upon payment of same privilege and excise taxes as provided for other alcoholic liquors which are included and legalized under the provisions of Act 108.

Act 109 of 1935 provided for the levy of gallonage taxes, in addition to other permit fees and taxes, on distilled spirits, as follows:

1. Spirituous Liquor \$0.40 per gallon;
2. Vinous Liquor (except native wine) . \$0.10 per gallon;
3. Malt Liquor (does not include beer) . \$0.03 on each gallon.

Act 108 of 1947 amended Act 109 of 1935 and increased the gallonage tax on imported wine from 10 per gallon to 75¢ per gallon.

Act 424 of 1987 imposes a tax of 25¢ per gallon on all “Light Wines” and wine coolers.

Act 902 of 1987 exempts all “Sacramental” wines from all taxes levied on wine and wine coolers.

Act 848 of 1993 provides that taxpayers with certain monthly tax liabilities must remit tax by electronic fund transfer.

History:

Amendment 18 to the Constitution of the United States, which declared “after one year from the ratification of this article the manufacture, sale, or transportation of intoxicating liquors within, the importation thereof into, or the exportation thereof from the United States and all territory subject to the jurisdiction thereof for beverage purposes is hereby prohibited,” was declared ratified January 29, 1919. This prohibition amendment was repealed by Amendment 21 to the Constitution of the United States and declared “the transportation or importation into any state, territory, or possession of the United States for delivery or use therein of intoxicating liquors, in violation of the laws thereof, is hereby prohibited,” was declared ratified December 5, 1933.

The Arkansas General Assembly enacted Act 108, approved March 16, 1935, known as “The Thorn Liquor Law”, which provided for the manufacture, sale, transportation, possession, or other disposition of spirituous, vinous and malt liquors and required permit fees for the above purposes.

The liquors regulated by Act 108 were defined as follows:

1. Spirituous shall mean liquor distilled from fermented juices of grain, fruits or vegetables containing more than 21% of alcohol by weight;
2. Vinous shall mean the fermented juices of fruits, except wine, and containing more than 5% and not more than 21% of alcohol by weight;
3. Malt shall mean liquor brewed from fermented juices of grain and containing more than 5% of alcohol by weight.

Act 108 also provided that beer containing not more than 5% of alcohol by weight and other malt beverages containing not more than 5% of alcohol by weight were not defined as malt liquors and were exempt from the provisions of Act 108.

Act 108 further provided that malt and vinous beverages containing more than 3.2% of alcohol by weight and not more than 5% of alcohol by weight shall be taxed and regulated as provided for malt and vinous beverages containing not more than 3.2% alcohol by weight under the provisions of Act No. 7 of the Acts of the Extraordinary Session of the General Assembly of 1933, approved August 24, 1933.

The first tax on spirituous, vinous and malt liquors was imposed by Act 109, approved March 16, 1935, as follows:

1. Excise tax of 5¢ for each proof gallon or distilled spirits for which a permit is issued;
2. 40¢ on each gallon of spirituous liquor;
3. 10¢ on each gallon of vinous liquor (except wines);
4. 3¢ on each gallon of malt liquor.

Act 236 of 1937 amended Act 109 of 1935 by imposing a tax of 40¢ on each gallon of spirituous liquor and an additional tax of 25¢ on each gallon of spirituous liquor.

Act 18 of the 1st Extraordinary Session, approved April 1, 1938, added a second “additional tax” of 15¢ a gallon on spirituous liquor, raised the tax on vinous liquor to 50¢ a gallon and retained the 3¢-a-gallon tax on malt liquor.

Act 176 of 1939 levied an inspection fee of 60¢ per case, not exceeding three gallons, on all spirituous liquors which were for sale outside the limits of this State.

Act 310 of 1939 imposed a “Liquor Consumers Sales Tax” upon all sales of spirituous and vinous liquors which was to be collected from the wholesaler at the rate of 3% of the wholesale price. The retailer was to pass it on to the consumer by collecting 2% on all retail sales of liquor.

Act 393 of 1939 added a third “additional” tax of 32¢ a gallon on spirituous liquor.

Act 266 of 1941 again amended the tax rates on liquors to provide that the tax on spirituous liquor shall be \$1.12 on each gallon, raised the tax on vinous liquor to 60¢ on each gallon and raised the tax on malt liquor to 20¢ on each gallon.

Act 313 of 1945 imposed an additional tax of 38¢ on spirituous liquor for a two-year period ending May 31, 1947. Such additional tax was for the purpose of providing funds for permanent facilities for the Arkansas Livestock Show

Association and to provide premiums for state and county livestock shows.

Act 108 of 1947 raised the tax to \$2.50 on each gallon of spirituous liquor and the tax on vinous liquor to 75¢ on each gallon and retained the 20¢-per-gallon tax on malt liquor.

Act 844 of 1983 increased the tax on spirituous liquor to \$2.875 on each gallon. This Act contained a provision that would repeal the tax increase when the State sales tax was increased.

Act 63 of the 1st Extraordinary Session of 1983 increased the State sales tax; therefore, the Liquor Tax reverted to \$2.50 per gallon.

Act 424 of 1987 imposes a tax of \$1/gallon on pre-mixed spirituous liquor and 50¢/gallon on light spirituous liquor.

Act 848 of 1993 provides that taxpayers with certain monthly tax liabilities must remit tax by electronic fund transfer.

Act 455 of 2007 allows wine, beer and spirits tasting events under a retail liquor permit and shall not be exempt from the gross receipts and use taxes.

Said tax shall be paid to the Commissioner of Revenues who shall deposit the monies in the State Treasury. The tax may be passed on to the consumer.

Rate and Base:

14% upon gross receipts

History:

On-premises consumption of alcoholic beverages other than beer or native wine was authorized by Act 132 of 1969, and a supplemental tax of 10% was levied upon the gross receipts.

Act 844 of 1983 increased the Mixed Drinks supplemental tax to 12% and provided that wine shall not be defined as a Mixed Drink. This Act contained a provision that, when the State Sales Tax was increased, the Mixed Drink Tax would revert to 10%.

Act 1000 of 1985 levied an additional 3% mixed drink tax for the period July 1, 1985 through December 31, 1985. Revenue derived from the additional levy was deposited as "special revenue" and credited to the University of Arkansas Medical Center Fund. For the six-month period, the Mixed Drink Tax was levied at a rate of 13%.

Act 639 of 1987 levied an additional 3% Mixed Drink Tax for the period July 1, 1987 through January 1, 1988 inclusive. Revenue derived from the additional levy was deposited as "special revenue" and credited to the University of Arkansas Medical Center Fund. For the six-month period, the Mixed Drink Tax was levied at a rate of 13%.

Act 908 of 1989 levies an additional tax of 4% on the gross proceeds or gross receipts from the sale of alcoholic beverages sold for on-premise consumption. Beer and wine are exempt from the tax.

Act 261 of the 1st Extraordinary Session of 1989 re-enacted the additional tax of 4% on the gross proceeds or gross receipts from the sale of mixed drinks.

Act 848 of 1993 provides that taxpayers with certain monthly tax liabilities must remit tax by electronic fund transfer.

Act 335 of 2003 requires Department of Finance and Administration to notify cities and counties of audits resulting in additional mixed drink taxes being owed.

Act 1274 of 2005 continues the 4% supplemental mix drink tax first levied in 1989. A supplemental 4% tax is also levied on private clubs for the privilege of serving mixed drinks and proceeds go to UAMS.

Tobacco products are defined as “all products containing tobacco for consumption and includes, but is not limited to, cigarettes, cigars, little cigars, cigarillos, chewing tobacco, pipe tobacco and smoking tobacco substitutes.”

Rate and Base:

The excise or privilege tax on tobacco products, other than cigarettes, on the first sale to wholesalers or retailers within the State, is 32% of the manufacturer’s selling price and is computed on the actual manufacturer invoice price before discounts and deals, and 25¢/package of 32 sheets of cigarette paper.

Exemptions:

Tobacco products sold to military departments of the United States or the State of Arkansas for resale on military bases within this State and tobacco products sold and delivered to authorized purchasers outside this State for resale and to other wholesalers are not subject to this tax.

History:

The Tobacco Products Tax (Cigar and Tobacco Tax) was enacted by Act 274 of 1969 at a rate of fifteen percent (15%) of the wholesale selling price of tobacco products on the first sale to retailers within this State. Act 546 of 1977 increased the tax to sixteen percent (16%) of the manufacturers selling price.

Act 628 of 1987 imposed the 16% Tobacco Products Tax on snuff.

Act 1045 of 1987 levied a tax of 25¢ per package of cigarette papers. This tax is remitted at the same time and in the same manner as the Arkansas Tobacco Products Tax.

Act 2 of the Second Extraordinary Session of 1992 levies an additional excise tax on tobacco products of 9% of the manufacturers selling price. The additional 9% excise tax is imposed from February, 1992 to June 30, 1993. On July 1, 1993, the additional levy is 7% of the manufacturers selling price.

Act 495 of 1993 allows tobacco product wholesalers to deduct from the tax due bad debts that are reported for federal income tax purposes.

Act 848 of 1993 provides that taxpayers with certain monthly tax liabilities must remit tax by electronic fund transfer.

Act 434 of 1997 provides that in addition to the tax imposed by Ark. Code Ann. §26-57-208(2), there is hereby imposed an additional excise or privilege tax on tobacco products, other than cigarettes, on the first sale to wholesalers or retailers within the state at two percent (2%) of the manufacturer's selling price. The tax shall be computed on the actual manufacturer invoice price before discounts and deals and shall be paid by the wholesaler, or by the retailer if he purchases directly from the manufacturer.

Act 38, First Extraordinary Session of 2003 increased the tobacco excise tax by an additional 7% for a total tax of 32%, effective June 1, 2003.

Act 817 of 2007 authorizes direct payment of excise tax to DFA for consumers who purchase untaxed tobacco products or unstamped cigarettes.

Act 180 of 2009 increases the cigarette tax by an additional twenty-eight dollars per one thousand cigarettes. Levies an additional tax on tobacco products other than cigarettes at thirty-six percent of the manufacture's selling price before discounts and deals. The commission paid to stamp deputies is not less than three percent of the total aggregate cigarette tax collected.

Act 940 of 2009 allows a city that adjoins a border city that is separated by a river from a city in another state to sell cigarettes at the rate used by the border city.

In 1957 the General Assembly enacted Act 191, which "Legalized Greyhound Racing and Pari-mutuel Wagering Thereon" and repealed Act 339 of 1935 and imposed the following taxes, licenses and fees:

1. \$300 per day license fee for each day of racing meet;

Act 142 of 1965 increased the tax on all moneys wagered from 5% to 6% and retained the provision that 1/3 of the odd cents or breaks goes to the State. Act 142 also provided that 1/3 of unredeemed winning tickets would be paid to the State

as Special Revenues for credit to the State Police Fund and 1/6 of the pari-mutuel tax was designated as Special Revenues for credit to the State Police Fund. Also, 1/3 of the unredeemed winning tickets would be retained by the franchise holder and 1/3 would be paid to the County where the track is located.

Act 397 of 1967 authorized the dog racing franchise holder to conduct two additional days of races and provided that 1/3 of the net proceeds derived from the additional days be deposited with the City Treasurer of the City in which the track is located and that 2/3 of the net proceeds of the two additional days be deposited with the State Treasurer as Special Revenues for credit to the Children's Colony Fund to be used for construction, maintenance, operation and improvement of the Children's Colony.

Act 291 of 1969 amended Act 397 of 1967 to provide that the 2/3 of the net proceeds of the two additional days of racing credited to the Children's Colony Fund was to be used for "construction or improvement of the Arkansas Children's Colony."

Also, Act 382 provided that the city would receive 1/3 of the unredeemed winning tickets, instead of the track.

Act 780 of 1973 again changed the distribution of the unredeemed winning tickets to the following:

1. 1/3 to the State as General Revenues;
2. 1/3 to the County where track is located;

Act 391 of 1977 amended Act 382 of 1969 to provide that revenues derived from the 12 additional days of racing and deposited in the Indigent Patients Hospitalization Fund could also be used to provide not more than \$20,000 per year to a private nonprofit hospital for crippled children located in Memphis, Tennessee for providing hospital and medical services to indigent Arkansas children.

Act 711 of 1979 authorized the State Racing Commission to permit an additional six days of racing during each year and provided that the net proceeds derived from two days of racing, designated by the franchise holder, be classified as Special Revenues to be deposited in the State Treasury to the credit of the "Municipal Assistance Fund" which shall be distributed to all municipalities located in the County in which the racing meet is held, except the municipality in which the race track is located, with the distribution made on the basis of population.

Act 454 of 1981 provided that of the moneys derived from the pari-mutuel tax on the 12 additional days of racing authorized by Act 382 of 1969, as amended by Act 391 of 1977, \$200,000 shall be used for support and operation of the Crittenden County Emergency Medical Services Program benefiting medical indigents in Eastern Arkansas to be divided as follows:

1. ¼ for Crittenden County emergency medical services for medical indigents;
2. ¾ for city in which the track is located for city-operated emergency medical services program.

Act 773 of 1981 provided that of the moneys derived from the pari-mutuel tax on the 12 additional days of racing authorized by Act 382 of 1969, as amended by Act 391 of 1977, \$100,000 each year shall be used to support the Emergency Medical Services Programs of Mississippi County, Poinsett County, Cross County, St. Francis County and Lee County.

Act 228 of 1983 increased the racing meets to two racing meets of 60 days each.

Act 1509 of 1999 made the following adjustments to ACA 23-111-509 regarding revenues collected from dog racing:

Although Act 46 became effective on February 16, 1935, the Oaklawn Jockey Club announced on February 10th that a spring meeting would start February 22nd. On opening day a total of \$78,000 was wagered, and the State was enriched by some \$5,000. The total State collections for the first meeting in 1935 were \$114,530, derived from the following taxes and fees imposed by Act 46:

1. \$500 license fee for each racing day;
2. \$10 license fee for each owner and trainer;
3. \$5 license fee for each jockey and jockey's agent;
4. 10% of all moneys received from admissions or ten cents on each admission, whichever is greater;

Act 48 of 1949 provided that all of the breaks or odd cents be paid to the State Racing Commission for remittance to the State Treasurer for credit of ½ to the Unapportioned Fund and ½ to the Municipal Aid Fund.

Act 232 of 1951 repealed Act 48 of 1949 and provided that 2/3 of all breaks or odd cents shall be paid to the Racing Commission for deposit in the State Treasury, and the State Treasurer shall transfer 50% thereof as general revenues and 50% thereof as special revenues to the Municipal Aid Fund for distribution to the municipality wherein the racing meet was conducted.

Act 3 of 1953 limited a race meeting to not more than 31 days of racing in any period of six months in any calendar year.

Act 46 of 1957, the "Arkansas Horse Racing Law", repealed all previous laws regarding horse races and provided the following licenses, fees and privilege tax:

1. Moneys received from the odd cents or breaks during the first seven days of any racing meet of 50 days duration to the Purse and Awards Fund;

Act 672, approved March 30, 1979, and Act 733, approved April 5, 1979, both amended Subsection (D) of Section 23 of Act 46 of 1957, as amended, which divides the odd cents or breaks. Since Act 733 was the later enactment, and since it specifically repealed all laws and parts of laws in conflict with effect. Act 733 divides the odd cents or breaks as follows:

1. During the first seven days of any racing meet, the odd cents or breaks shall be deposited to the Arkansas Racing Commission Purse and Awards Fund;

Act 271 of 1925 changed the tax on the capital stock from one-tenth of one percent to eleven-one-hundredths of one percent.

Act 220 of 1931 supplemented Act 236 of 1925 by adding a provision that a domestic corporation doing business entirely outside Arkansas shall pay an annual tax of \$5.

Act 304 of 1953 rewrote the Franchise Tax Law and established the following rates:

No such corporation shall pay an annual tax of less than eleven dollars (\$11);
 7. Each corporation, actually and actively in the process of liquidation and which does not rent or lease its property, but which retains its corporate charter or authority for the sole purpose of winding up its affairs, shall pay an annual tax as provided in subsection (f) of this section, or an amount equivalent to eleven-one-hundredths of one percent (0.11%) of the value of its real and tangible personal property in Arkansas, whichever is the smaller, but in no instance shall the tax be less than eleven dollars (\$11).

Royalties are established by the Natural Resources Committee as minimums and, if more than one person or firm is interested in the same permit or lease, the royalty is set by the highest bidder.

Exemptions:

This Act shall not apply to the severance of natural resources removed by a state agency from its own lands in the course of improving such lands, but this Act shall apply to sales for commercial purposes.

History:

Act 285 of 1943 authorized the Commissioner of Revenues to execute leases on lands owned by the State of Arkansas for the production of oil, gas, casing head gas and other hydrocarbons for such consideration as to him may appear for the best interest of the State of Arkansas. Prior to the enactment of Act 285, the only requirement for the severance of natural resources was the consent of the Attorney General; and this applied only to the taking of natural resources from navigable streams and lakes. This provision was included in Act 138 of 1915 and was repeated in Act 296 of 1917.

Act 212 of 1929 substituted the Commissioner of Revenues for the Attorney General for giving consent for the severance of natural resources.

Act 38 of the 1st Extraordinary Session of 1963, which authorized the issuance of bonds to build a Revenue Department Building, provided that the Revenue Commissioner collect a \$5 fee to register each lease and deposit the fees in the Revenue Department Building fund in a bank.

Act 524 of 1975 vested in the Department of Commerce the authority and responsibility for granting leases and permits for taking natural resources from state-owned lands and established the Natural Resources Committee, which had the duty of setting a schedule of minimum fees and royalties and the terms and conditions for various types of permits and leases. Act 524 designated all funds received for leases or permits as general revenues for deposit in the State Treasury.

Act 572 of 1977 amended Act 524 of 1975 and created the Severed Resources Fund and provided a fee of \$130 to cover the cost of processing the lease or permit. The proceeds of the \$130 was to be deposited as follows:

1. \$5 declared to be cash funds and to be deposited in a bank in the Revenue Department Building Fund;
2. \$125 to be deposited in the State Treasury for credit to the Severed Resources Fund for use by the Natural Resources Committee.

Act 684 of 1981 amended Act 524 of 1975 to provide that the Director of the Department of Commerce shall set the fee to cover the cost of processing the application for a permit or lease. The moneys received were to be deposited in the Severed Resources Fund. It also provided that fund balances in the Fund in excess of \$5,000 on June 30 shall be transferred to the General Revenue Allotment Fund.

Act 691 of 1981 transferred all duties and functions of the Natural Resource Committee to the Department of Finance and Administration.

Act 509 of 1993 transferred the responsibility and authority for issuing leases for natural resources on state-owned lands.

9.6. MINERAL ROYALTIES AND LEASES

The Natural Resources Committee, establishes a schedule of minimum fees and royalties for taking any sand and gravel, oil, natural gas, casing head gas, coal or other minerals or severing any timber from beds of rivers and lakes or from any other lands held in the name of the State of Arkansas. The Commissioner of State Lands collects all funds as fees, royalties for leases or permits and deposits such funds in the State Treasury.

Rate and Base:

The Natural Resources Committee establishes a schedule of minimum fees and royalties for the various types of permits and leases, and no permit or lease is granted for less than the minimums. The Department publishes in a newspaper of general circulation that an application for a lease or permit has been made with a description of the permit or lease and the minimum fee or royalty and then receives bids from other persons. The lease or permit is awarded to the highest bidder.

Exemptions:

Sand and gravel may be removed from beds of any navigable river or lake by public agencies for road purposes without paying the State of Arkansas any amount whatsoever.

History:

To protect the beds and bars of navigable streams and lakes, Act 138 was enacted in 1915 and provided that it shall be unlawful for any person to take sand or gravel, oil and coal from rivers and lakes without first receiving the consent of the Attorney General. The person receiving such consent paid into the State Treasury monthly 5¢ for each cubic yard of sand and gravel, ½¢ for each gallon of oil and 6¢ per ton for coal. For any other valuable minerals the person made a contract with the Attorney General. The State Treasurer returned the funds so collected to the counties at the end of each year to be used for public roads.

Act 296 of 1917 amended Act 138 of 1915 and established the following rates:

2.5¢ for each cubic yard of sand, 5¢ for each cubic yard of gravel, 0.5¢ for each gallon of oil, and 6¢ for each ton of coal.

It also provided that all funds collected should be credited by the State Treasurer to the General Revenue Fund.

Act 212 of 1929 substituted the Commissioner of Revenues for the Attorney General for giving consent to removing the items listed in previous Acts.

Act 25 of 1933 amended Act 212 of 1929 to extend the provisions of the Act to include all areas adjoining the mainland or islands in the navigable streams or any other lands held in the name of the State of Arkansas.

Act 149 of 1935 again amended Act 212 of 1929 to provide that the Commissioner of Revenues, with the advice and approval of the Attorney General, could define the limits in which any one person may take natural resources to 1,000 acres for oil or gas or casing head gas and 200 acres for other minerals and set the following rates:

2.5¢ for each cubic yard of sand, 5¢ for each cubic yard of gravel, 6¢ per ton on coal, 1/8 of the value of oil taken, and 1/8 of the value of gas or casing head gas.

Act 524 of 1975 established the Natural Resources Committee with the authority to set a schedule of minimum fees and royalties for taking sand and gravel, minerals and timber from state owned lands. The lease or permit was to be procured from the Department of Commerce, which would also collect all moneys due on the lease or permit and deposit the same in the State Treasury. Funds received by the Department of Commerce from all sources under Act 524 were special revenues and deposited in the accounts from which the agencies were supported, if such funds resulted from leases or permits on lands owned or held in the name of a state agency. All other funds received from all other state-owned lands were to be deposited in the State Treasury as general revenues. This Act also required a \$5 bid or application fee which was declared to be a cash fund for deposit in the Revenue Department Building Fund.

Act 572 of 1977 amended Act 524 of 1975 and required that a person entering into a lease or permit with the State of Arkansas shall pay a fee of \$130 with \$5 credited to the Revenue Department Building Fund and \$125 credited to the Severed Resources Fund for use by the Natural Resources Committee.

Act 684 of 1981 amended Act 572 of 1977 to allow the Director of the Department of Commerce to set the fee for a lease or permit with the State of Arkansas.

Act 691 of 1981 transferred the Natural Resource Committee to the Department of Finance and Administration and added the following to the Natural Resource Committee: The State Land Commissioner, Director of the Game and Fish Commission, Director of the Department of Parks and Tourism, Director of the Department of Finance and Administration. The Chairman of the Committee is now appointed by the Governor.

Act 509 of 1993 transfers the responsibility and authority for issuing leases for natural resources on state owned lands.

Exemptions:

Any individual who occasionally severs natural resources from his own premises to be utilized in the construction, repair or maintenance of his own structures or improvements.

History:

Act 118 of 1923 imposed the first severance tax on natural resources and provided for the levying of a tax of 25¢ per ton on bauxite and 1¢ per ton on coal and a tax of 2.5% of the gross cash market value of the total production on all other natural resources mined or severed. The payment of the taxes was required of the severer or producer actually engaged in the operation of severing natural products and was to be paid quarterly by him to the State Treasurer.

Act 681 of 1923 amended Act 118 of 1923 to remove manganese ore from the requirement of paying a tax of 2.5% of the gross cash market value and levied instead a tax of 10¢ per ton. Act 681 also provided that a portion (1/3 of the severance tax collected) of the taxes were to be returned to the counties from which the resource was severed.

Act 2 of the 2nd Extraordinary Session of 1924 removed the 25¢-per-ton tax on bauxite and imposed a tax of 2.5% of the gross cash market value.

Act 142 of 1927 levied an additional severance tax of one mill on each ton of coal mined and one mill on each ton of manganese ore mined. On all other minerals, an additional tax of 1/10 of 1% of the gross market value was imposed. These additional taxes were for the support of the Office of the State Geologist.

Act 203 of 1929 excluded coals from the payment of the additional one-mill-per-ton tax levied by Act 142 of 1927. Coal was also excluded from the additional 1/10-of-1% tax levied by Act 142 of 1927 on all other minerals.

Act 136 of 1947 repealed all previous severance tax laws and imposed the following taxes on each producer at the following rates:

1. on barite, bauxite, titanium ore, manganese and manganiferous ores, zinc ore, cinnabar, lead ore, ten cents (10¢) per ton of 2,000 pounds;
2. on coal and lignite, one cent (1¢) per ton of 2,000 pounds;
3. on gypsum and chemical grade limestone, silica sand, and dimension stone, one cent (1¢) per ton of 2,000 pounds;
4. on crushed stone, including, but without being limited thereto, chert, granite, slate, novaculite and limestone; construction sand, gravel, clay, chalk, shale and marl, one-half cent (½¢) per ton of 2,000 pounds;
5. on natural gas, three-twentieths of one cent (3/20 of 1¢) per 1,000 cubic feet;
6. on diamonds, mussel shells, fuller’s earth, ochre, oil, natural asphalt, native sulphur, salt, iron, pearls and other precious stones, whetstone novaculite, and on all other natural resources, four percent (4%) of the market value at time and point of severance.

Act 136 of 1947 provided that 75% of severance taxes would be general revenues and 25% would be special revenues to be returned to the counties.

Act 21 of 1957 amended the severance tax rates in Act 136 of 1947 so as to provide additional general revenues as follows:

1. on barite, bauxite, titanium ore, manganese and maganiferous ores, zinc ore, cinnabar, lead ore, fifteen cents (15¢) per ton of 2,000 pounds;
2. on coal and lignite, two cents (2¢) per ton of 2,000 pounds;
3. on gypsum and chemical grade limestone, silica sand, and dimension stone, one and one-half cents (1.5¢) per ton of 2,000 pounds;
4. on crushed stone, including, but without being limited thereto, chert, granite, slate, novaculite and limestone, construction sand, gravel, clay, chalk, shale and marl, one cent (1¢) per ton of 2,000 pounds;
5. on natural gas, three-tenths of one cent (3/10 of 1¢) per 1,000 cubic feet; and, on oil, five percent (5%) of the market value at time and point of severance. Provided, however, that whenever the production of oil on a single lease shall average ten (10) barrels or less per well per day during each calendar month, the privilege or license tax shall be computed at the rate of four percent (4%) of the market value at time and point of severance. The Commissioner of Revenues shall have the power to promulgate such reasonable rules and regulations as shall be necessary to effectively enforce the foregoing provisions;
6. on diamonds, mussel shells, fuller's earth, ochre, natural asphalt, native sulphur, salt, iron, pearls and other precious stones, whetstone novaculite, and on all other natural resources not otherwise specifically identified under the severance tax laws of this State, five percent (5%) of the market value at time and point of severance.
7. Act 147 of 1971 amended Act 21 of 1957 by adding the following:
 - a. on salt water whose naturally dissolved components (solutes), are used as source raw materials for bromine and other products derived from the same salt water used in the bromine production, two dollars (\$2.00) per thousand barrels (42,000 U.S. gallons).

Act 560 of 1983 levied an additional severance tax on coal in the amount of 8¢ per ton, which is to be deposited in the State Treasury for credit to the Constitutional and Fiscal Agencies Fund.

Act 761 of 1983 levied the following additional severance tax on stone and crushed stone, including but without limitation thereto, chert, granite, slate, novaculite and limestone (excluding limestone used for agricultural purposes) construction sand, gravel, clay, chalk, shale and marl, 1¢ per ton during the calendar year 1984, 2¢ per ton during the

calendar year 1985, and 3¢ per ton on and after January 1, 1986.

The State Treasurer shall allocate the additional funds as follows:

1. 3% to the Constitutional and Fiscal Agencies Fund, 97% of the amount as follows:
 - a. 25% to the County Aid Fund to be distributed to the counties quarterly, to be divided by the county treasurer 50% to the County General School Fund and 50% to the County Highway Fund.
 - b. 75% to the County Aid Fund to be distributed to the counties quarterly on the same basis as other highway revenues are distributed to the counties from the County Aid Fund.

Act 874 of 1983 increased the severance tax on salt water whose naturally dissolved components (solutes) are used as a source of raw materials for bromine and other products derived from the same salt water used in bromine production from \$2.00 to \$2.45 per thousand barrels and provided that 45¢ of the tax shall be deposited as special revenues for credit to the Oil and Gas Commission Fund.

Act 22 of 1st Extraordinary Session of 1981 levied a 2¢/barrel tax on oil and 10¢/1,000 barrels of brine. All monies collected are earmarked for the Oil and Brine Museum Fund.

Act 25 of 1993 provides for a severance tax on lead ore at a rate of \$0.15 per ton or 10% of market value whichever is greater.

Act 848 of 1993 provides that taxpayers with certain monthly tax liabilities must remit tax by electronic fund transfer.

Act 1156 of 1993 provides that the severance tax on diamonds shall be deposited in the Arkansas State Parks Trust Fund.

Act 356 of 1995 allows saltwater injection wells to be included in the total well count for calculating average production of low-producing wells.

Act 1093 of 1995 Provides exemptions from oil severance tax - 1) 50% reduction in tax for oil produced under an enhanced recovery plan approved by the Oil and Gas Commission; 2) 100% exemption for 10 years for oil produced from an inactive well or field; 3) 100% exemption for an indefinite period for additional oil produced from an active field using "new technology".

Act 1279 of 2003 allows the surface owner of property to purchase the severed tax-delinquent mineral interest of the property.

Act 4 and Act 5 of First Extraordinary Session of the 86th General Assembly increases the severance tax rate on natural gas at different rates of tax for different categories of natural gas.

Act 145 of 2009 allows flexibility in the reporting of severed natural gas.

Act 737 of 2009 specifies that biomass grown for the purpose of biofuel production is not subject to severance tax.

10.10. MOTOR BOAT REGISTRATION FEES

The Game and Fish Commission is authorized to establish a system of identification numbering for all motor boats used in this State. The owners of motor boats file an application for numbers with the county revenue collectors who collect the required fees which are remitted by the Commissioner of Revenues to the State Treasury.

Rate and Base:

	3 years
Vessels less than 16' in length	\$ 7.50
Vessels 16' to less than 26'	\$ 15.00
Vessels 26' to less than 40'	\$ 51.00
Vessels 40' or more	\$105.00
Transfers of ownership	\$ 2.00

Exemptions:

Boats covered by number awarded by a federal law or by a law of another state; boats owned by the United States, a State or a subdivision; a lifeboat or boats exempted by the Game and Fish Commission, and boats propelled by machinery of 10 horsepower and less.

History:

Registration of motor boats was first required by Act 228 of 1923 by the County Clerk of the county in which an owner resided. Act 228 provided that the County Clerk was entitled to a fee of \$1.50 for issuing certificates of registration, \$1.00 for each duplicate certificate and 25¢ for each extension.

Act 453 of 1959 repealed Act 228 of 1923 and required the County Clerk to collect the following fees:

1. \$1 for transfer of registration from one owner to another
2. \$2 for issuance of certificate of registration
3. \$1 for each annual renewal

The County Clerk was authorized to retain 15¢ as his fee for each certificate and each renewal. The balance was divided 50% to the County General Fund and 50% to the Game Protection Fund in the State Treasury.

Act 140 of 1963 provided that, after deducting the 15% allowed the County Clerk, the balance of the fees would be remitted to the Game and Fish Commission.

Act 442 of 1965 transferred the duties of the County Clerks with respect to the registration of motor boats to the State Revenue Department and provided that the 15% of fees retained by the County Clerks should be deposited by the Commissioner of Revenues in the State Treasury for credit to the Constitutional and Fiscal Agencies Fund.

Act 237 of 1975 authorized the present fees of \$2 for a two-year period for a certificate of registration and a \$2 fee for a biennial renewal.

Act 122 of 1987 amended Act 453 of 1959 and provided the following boat registration fees:

	2 years
Vessels less than 16' in length	\$ 4
Vessels over 16' in length	\$ 8
Vessels 26' and over	\$12
Transfers of ownership	\$ 2

It should be noted that Act 122 contains a provision for four-year boat registration. This portion of Act 122 was inconsistent with U.S. Coast Guard regulations, which do not recognize boat registration greater than three years.

Act 517 of 1995 provides that the registration for motor boats shall be valid for 3 years. The act provides for the following registration fees:

	3 years
Vessels less than 16' in length	\$ 6
Vessels 16 feet to less than 26 feet	\$12
Vessels 26 feet or more	\$18

Act 1774 of 2003 defines and includes personal watercrafts for law enforcement purposes and changes the fee distribution. This Act also altered the distribution of fee collections.

Act 275 of 1971 reduced the tax to the present rate of \$1.10 for each \$1,000 and required the tax to be paid by the seller.

Act 754 of 1983 provided for disposition of funds collected as follows:

Act 1181 of 1993 increases the real estate transfer tax (\$1.10/\$1,000 of consideration) to \$3.30/\$1,000 of consideration.

Act 383 of 1995 provides that the transfer tax shall be computed on the basis of full consideration for the real estate, and unless asked upon otherwise, the tax is to be paid ½ by seller and ½ by buyer.

Act 788 and 1341 of 1997 amend the distribution of a portion of the Real Estate Transfer Tax.
