

# MUNICIPAL AID

## Enabling Laws

Act 166 of 2016  
A.C.A. §19-5-601

## History and Organization

Established by A.C.A. §19-5-601, the Municipal Aid Fund consists of:

- General revenues provided under the Revenue Stabilization Law;
- Special revenues including:
  - Arkansas Highway Revenue Distribution Law - A.C.A. §27-70-201 et seq.
  - Special revenues specified in A.C.A. §19-6-301 subdivision (135)

All distributions of general and special revenues are to be made within ten (10) days after the close of each calendar month to the respective cities of the first and second class and incorporated towns on the basis of population according to the most recent federal decennial or special census. The amount to be apportioned to each city or incorporated town is to be in the proportion that each population bears to the total population of all such cities and incorporated towns.

Of the moneys received by the respective cities and incorporated towns, the general revenues shall be used for general purposes of municipal government, and the special revenues derived from highway revenues shall be used as provided by the Arkansas Highway Revenue Distribution Law, A.C.A. §27-70-201 et seq.

The biennial budget request for the Municipal Aid Fund is prepared and submitted by the Arkansas Municipal League.

## Agency Commentary

Revenue to fund municipal operations comes primarily from three (3) sources: Local Sales Tax, Utility Franchise Fees and State Turnback Funds. Local sales taxes are subject to voter approval and have been used by numerous municipalities over the last thirty-five years to sustain local services particularly after the loss of Federal Revenue Sharing which occurred in the mid-80s. The legislature was very wise to provide

this authority which has enabled cities and towns to take care of many of their needs, such as economic development, infrastructure and the protection of public health and safety.

In some municipalities, the use of local sales taxes as a funding vehicle has reached the voter's saturation point, particularly with almost all counties levying sales taxes and the state sales tax at 6.5%, more than double its 3% level when the local sales tax authority was originally granted. Utility franchise fees, once a stable, reliable and growing source of municipal revenue, have significantly declined in many cases due to the volatility of energy prices and to the reduction of revenue in the telecommunications area related to increased usage of cell phones rather than land line phones. Property taxes are available, but are limited constitutionally for municipalities and are more properly and generally used as a funding vehicle for counties and schools. Based on these facts, coupled with wise and understanding legislators, the most consistent source of revenue for municipalities has been municipal aid, i.e., state turnback funds. These funds provide a minimum level of revenue for local needs of municipalities and the funds are extremely important.

After receiving \$21.35 per capita for general municipal aid in 1986, the amount declined during the following two decades and averaged \$17.07 in the calendar years 2001-2010 and now being down to an estimated \$15.60 per capita for 2016. These numbers would have been even lower but for one-time or temporary sources added by the General Assembly in the past 10 years. In the 2005-2007 biennium, a much needed one-time funding was allocated from the state surplus (\$12 million) and received in October 2007. In the 2007-2009 biennium, an annual allocation (\$4 million) from the Property Tax Relief Trust Fund (PTRF) was added and then continued through the current biennium. Also, in the 2009-2011 biennium, an allocation was made from the state surplus (\$2.5 million), with 75% received in October 2009 and the balance received in October 2010. This increased municipal aid produced a per capita amount in calendar 2009 of \$18.13 (with the surplus amount), but declined in calendar 2010 to a per capita amount of \$16.70 following revenue related adjustments made in the State budget during the 2010 fiscal year. After the impact of the 2010 census, the per capita turnback amount declined further due to population growth in the cities and towns.

We are estimating general turnback for calendar 2016 to be \$15.60, a reduction of over 25% from the per capita amount of \$21.35 in 1986. Clearly, the long term per capita trend for turnback has been downward. The Arkansas Municipal League respectfully requests that you continue funding at the current level and strongly believe this to be a very wise expenditure of state general revenues and one which will greatly assist cities and towns in providing the basic services that citizens of Arkansas utilize every day.

We respectfully submit our budget request of the following amounts which excludes any amount of funds from the PTRF:

<b>FY 2018</b>	<b>\$29,372,099</b>
<b>FY 2019</b>	<b>\$29,372,099</b>

The street turnback (special revenue) appropriation which is funded by receiving a 15% allocation of revenues through the highway distribution law should remain at \$180 million.

## **Analysis of Budget Request**

**Appropriation:** 35X - Property Tax Relief-Cities

**Funding Sources:** TPR - Property Tax Relief Trust Fund

Amendment 79 to the Arkansas Constitution proposed limiting the increase in the assessed value of a taxpayer's real property after a countywide reappraisal and a required property tax credit of at least three hundred dollars (\$300) on homestead property. This amendment was adopted at the November 2000 general election and became effective January 1, 2001.

This appropriation provides spending authority for the Treasurer's Office to distribute special revenue to counties based upon a property tax reduction. Beginning with Act 265 of 2014, cities received a distribution of \$2 million each year, contingent upon available funding.

The Municipal League of Arkansas requests Base Level for Property Tax Relief - Cities of \$2,000,000 in appropriation and funding for each year of the biennium.

The Executive Recommendation provides for the Municipal League of Arkansas' request.
