## ALTERNATIVE LEARNING

School districts were required to provide an alternative learning environment (ALE) for students who demonstrated an inability to function in the standard learning environment. The ALE educational programs provided eligible students alternative classroom settings, as well as additional services to meet the needs of this group of at-risk students. ADE calculated ALE funds in the 2018-2019 school year by multiplying \$4,640 by the number of identified ALE students enrolled during the previous school year, pursuant to Arkansas law and ADE rules.

## ASSESSMENT/END OF LEVEL TESTING

This line item pays awards of up to \$50 to schools for each student score of 3 or better on Advanced Placement exams. ADE also supports school districts by providing each student in grade 10 or 11 with the opportunity to take the ACT exam without charge, pursuant to Ark. Code Ann. § 6-18-1606. Funds are also used to provide concurrent classes to high school students. The Office of Innovation for Education (OIE) is funded by the Assessment appropriation and works with ADE and school districts in developing accountability systems that meet the changing educational needs of Arkansas students. This line item also supports a grant for hosting the online version of the Arkansas Civics exam as required by Act 478 of 2017.

## BETTER CHANCE GRANTS

Better Chance Grants were administered by the Division of Child Care and Early Childhood Education of the Department of Human Services to serve educationally-deprived children ages birth through 5 years, excluding those enrolled in kindergarten. Within the Arkansas Better Chance Program is the Arkansas Better Chance for School Success Program, which funds innovative and developmentally-appropriate early childhood programs for educationally-deprived children ages 3 and 4. For the 2018-2019 school year, the distribution of funds was based on \$4,860 per child for classroom-based programs and \$1,750 per child for home-visit programs.

## BONDED DEBT ASSISTANCE

This aid, formerly known as Debt Service Funding Supplement, was provided to school districts to offset a portion of the existing debt burden incurred and to increase the amount of local revenue available for the maintenance and operation of schools. Bonded Debt Assistance funds are to be used for the payment of bonded debt.
