TO CREATE THE ARKANSAS SURGICAL
TECHNOLOGISTS ACT.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:

SECTION 1. DO NOT CODIFY. Legislative findings and intent.

the sterile supplies, instruments, and equipment for surgical procedures; and

(B) Performs various tasks in the sterile field which
include handling specimens, providing irrigation solutions to the supervising
physician, and irrigating the operative site;

(2) The practice of surgical technology is a separate and
distinct healthcare profession that does not include the practice of surgical
assisting as performed by physician assistants, surgical assistants, or first
assistants;

(3) Employment of surgical technologists is expected to grow
between 2006 and 2016 as the volume of surgeries increases with the aging
population of the United States;

1 (4) Eight (8) surgical technology programs in Arkansas have
2 received accreditation from the Commission on Accreditation of Allied Health
3 Education Programs, with an average of one hundred twenty (120) individuals
4 graduating from these programs per year;

5 (5) The State of Arkansas does not have a registration,
6 certification, or licensure procedure for surgical technologists; and

7 (6) It is the duty of the General Assembly to pursue efforts to
8 improve healthy medical outcomes by ensuring professional competency and
9 professional discipline over a growing healthcare profession.
