Administration and Management

7000 General Administration

7000.1. Mission.

(a) The Division of Youth Services (DYS) works with judges, providers, schools, and other stakeholders to provide a continuum of individualized rehabilitative services and sanctions for at-risk and adjudicated youth and their families.

(b) Services will provide alternatives to confinement or commitment to DHS and support transition of youth back into their homes, schools, and communities.

(c) Treatment plans for both youth and families will rely on results of individualized risk and needs assessment and promote positive growth, educational and vocational development, self-sufficiency, and accountability.

7000.2. Core beliefs.

The Division of Youth Services (DYS) believes that:

(1) Youth are best served in least-restrictive settings located close to home when appropriate evidence-based rehabilitative services are available, and removing youth from the home should be the option of last resort;

(2) Families, schools, law enforcement, and courts need a wide array of service options, including graduated sanctions outside the courtroom;

(3) Decision-making, programs, and services should be supported by data demonstrating their effectiveness in improving outcomes for youth and families;

(4) Effective community-based services can reduce the use of confinement and commitment to DHS and result in significant fiscal savings in state revenue;

(5) Treatment and placement decisions should be individualized and based on a comprehensive, standardized assessment and actively involve youth and families in the planning processes;

(6) All youth in DHS custody should be provided effective education and vocational training opportunities;

(7) Collaboration with local school districts is critical to successful prevention, aftercare, and re-entry for DHS youth;

(8) Funding allocation across residential and community-based services must be rebalanced; and

(9) All children and youth in the state should have equal opportunities for services and success, without regard to gender, race, ethnicity, disability, geographic location, or income level.

7010 Accounting

7010.1. Accounting Procedures—Asset Management.

(a) The Division of Youth Services (DYS) shall:

(1) Abide by Department of Human Services (DHS) Financial Authority Policy 1064 or any such successor policy in which the Office of Finance (OF) is responsible for establishing uniform department-wide financial policies and procedures; and

(2) Comply with the Arkansas Department of Finance and Administration's (DFA) Financial Management Guide, General Accounting and Budgetary Procedures Law at Ark. Code Ann. § 19-4-101 et seq., generally accepted governmental accounting principles, and professional accounting practices through development of financial policies and procedural requirements for use by all divisions.

(b)(1) DYS shall abide by DHS Policy 2000 (DHS Capital Asset System Policy) and utilize DHS Form 1036 (Missing Assets).

(2) The DHS Office of Information Technology (OIT):

(A) Is responsible for the overall supervision and maintenance of the property inventory of electronic equipment throughout DYS; and

(B) Shall make necessary visits and inspections to assure full compliance with state laws and rules.

7010.2. Youth Funds.

(a)(1) Division of Youth Services (DYS) employees and non-employee persons shall not provide any financial transactions between youths, youths and staff, and youths and non-employees or volunteers unless specifically permitted as part of a DYS-sanctioned event or other approved purpose.

(2)(A) The sales of approved products, merchandise, or services shall not be permitted when the sales are in direct competition with an existing facility or agency provider, such as the facility's cafeteria, which either provides or has the jurisdiction to provide the same or similar goods and services.

(B) Subdivision (a)(2)(A) of this section shall also apply when the requested activity is in competition with services provided by a business holding a contract with DYS to provide goods and services such as food or clothing.

(b)(1) DYS is responsible for providing all housing needs, care, clothing, meals, medical services, treatment, and supervision of youths in DYS custody.

(2) DYS staff shall not make emergency loans or provide any financial assistance to youths in DYS custody, including without limitation allowances, monetary gifts, or bribes.

(3) This policy does not:

(A) Prohibit youths from selling goods and services they create for a DYS sanctioned event or other approved purpose; and

(B) Apply to gifts or prizes youths may receive for Christmas and other holidays, birthdays, youth conferences or training, and other similar occasions.

(c) Youths in DYS custody shall not receive any outside funds for goods or services.

(d)(1) DYS youths may receive funds from participation in approved educational studies, programs, or other work-related activities.

(2) Any funds received from participation in these activities on their behalf shall be properly accounted for and will be disbursed to the youths upon their release from DYS custody.

- (5) F= 0 points.

(c)(1) The final grades of students who transfer in to a DYS facility school for part of a semester shall be determined by blending the grades earned from the student's previous school district with those earned at the DYS facility.

(2) (A) Each final grade shall be determined by:

The student had a grade of 75% in our district's school earned in the remaining 30 days of the grading period. 10 days is 25% of 40 days while 30 days is 75% of 40 days.
