CACD investigators closed 5,667 cases in 2013. Of the closed cases, 2,379 (42%) were found to be 'true'.

The investigative determination of 'true' means there was a preponderance of evidence that indicated the allegation(s) was true. An 'unsubstantiated' finding means the evidence was insufficient to support the allegation(s). Investigations closed with a determination of 'true' were reported to the appropriate prosecuting attorney.

The Investigations Section is authorized one (1) Division Commander, one (1) Investigations Administrator, ten (10) Area Supervisors and sixty-three (63) Investigators. This section operated with an average of sixty-three (63) investigators during the year.

The CACD Investigations Section is evaluated on six performance indicators of compliance with Angela R. requirements, which were spelled out in a consent decree in the 1990s during federal court proceedings. They also are a part of an agreement between CACD and DHS.

The indicators are:

1. The alleged victim(s) in Priority I reports is seen by the investigator within 24 hours.
2. The alleged victim(s) in Priority II reports is seen by the investigator within 72 hours.
3. All children in the home are seen during the investigation.
4. The alleged victim(s) is interviewed (or observed) outside the presence of the alleged offender.
5. Parents/caretakers are interviewed in all investigations.
6. Investigations are concluded within 30 days of receipt of the allegation.

Effective August 16, 2013, Act 426 of 2013 extended the time for which investigations are to be concluded to 45 days.

By agreement with DHS, CACD is required to meet a minimum of 85% compliance in each performance indicator. The following chart shows the average compliance for the year 2013. The line numbers above are used as identifiers.
