### SECTION 3. Termination of participating providers.

(f) The provider shall be afforded the opportunity to appear at the hearing.

(g)(1) A hearing panel shall render a written decision on the proposed action in a timely manner.

(2) This decision shall be either the reinstatement of the provider by the carrier, the provisional reinstatement of the provider subject to conditions established by the carrier, or the termination or nonrenewal of the provider.

(h) A decision by a hearing panel to terminate or nonrenew a contract with a provider may not become effective less than sixty (60) days after the receipt of the provider of the hearing panel's decision or until the termination date in the provider's contract, whichever is earlier.

SECTION 4. Section 3 of this act shall apply to all health care plans issued, renewed, extended or modified by a health carrier on or after the effective date of this act.

(b) In addition, any person adversely affected by a violation of this act may sue in a court of competent jurisdiction for injunctive relief against the health carrier and, upon prevailing, shall, in addition to the relief, recover damages not less than one thousand dollars (\$1,000) plus attorney's fees and costs.

SECTION 7. If any provision of this act or the application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared to be severable.

Amend **Senate Bill No. 584** as originally introduced:

Delete Section 2 in its entirety and substitute:

" SECTION 2. SPECIAL LANGUAGE. NOT TO BE INCORPORATED INTO THE ARKANSAS CODE NOR PUBLISHED SEPARATELY AS SPECIAL, LOCAL AND TEMPORARY LAW. A project placed in the queue for matching monies from the Arkansas Research Matching Fund will be eligible to receive matching funds for a twelve (12) month period. The Start of the twelve-month eligibility period will be based on the award date of the federal grant. Award of matching funds cannot occur after the eligibility period ends nor can the eligibility period be continued by a no-cost extension. Multiple-year awards will have multiple years of eligibility, based on the original award date. Depending on the availability of funds, it is possible that only part of the required match may be provided from the Arkansas Research Matching Fund during a particular year of eligibility. Projects will stay in queue until funded or until the grant period expires. Multiple-year projects will stay in the queue multiple years until the grant period expires, but match eligibility for each year of the award will be on a year-by-year basis so that the match for a particular year during the life of a multiple-year grant can only be released during that 12-month period."

**Senate Bill No. 777** was ordered engrossed.

On motion of Senator Bisbee, **Senate Bill No. 937** was withdrawn from the Committee on PUBLIC HEALTH, WELFARE & LABOR, and placed back on second reading for purpose of amendment.

**ARKANSAS SENATE**  
**EIGHTY-THIRD GENERAL ASSEMBLY**  
**REGULAR SESSION**  
**Amendment No. 1 to SENATE BILL NO. 937**

Amend **Senate Bill No. 937** as originally introduced:

Delete Section 1 and substitute the following:

“SECTION 1. Legislative findings.

(a)(1) The General Assembly recognizes that the state encouraged the placement of persons with mental illness into residential care facilities over a decade ago and has taken various approaches to funding since then.

(2) The General Assembly also recognizes that there are inherent problems with the current system that create disincentives for proper care and physical environments.

(b) Pursuant to Act 1421 of 1999, the Chairs of the Senate and House Committees on Public Health, Welfare and Labor established a task force which they chaired and which had equal representation from residential care facilities.

community mental health centers, advocates for persons with mental illness, and the Divisions of Mental Health and Medical Services of the Department of Human Services.

(c)(1) Pursuant to Act 1421, the task force was directed to present a proposal at the 2001 legislative session for establishment and maintenance of a residential program designed to address the unique needs of persons with mental illness.

(2) The task force recommendations were to include adequate safeguards for residents, reimbursement for residential care facilities, and financing opportunities that will encourage and enable residential care facilities to build smaller, more home-like settings for the care of mentally ill persons.

(d) The task force appointed a work group which presented a report to the task force in September 2000 providing an overview of the current system, the need for change, and recommendations to address this need.

(e) In accordance with the September 2000 report, the General Assembly finds:

(1)(A) At this time, there are approximately 1,000 persons with mental illness living in twenty-five (25) residential care facilities in Arkansas;

(B) About eighty percent (80%) of persons with mental illness living in residential care facilities are receiving Medicaid;

(C) The other twenty percent (20%) typically have few if any resources;

(2) New medications are significantly more effective than older drugs in reducing the most disabling symptoms of mental illness; however, the Arkansas Medicaid program covers only six (6) prescription drugs per recipient, even though many mentally ill persons require more than six (6) in order to live outside of an institution;

(3) Currently, operators of residential care facilities often end up paying for these additional drugs since the state will not cover the cost;

(4) These drugs enable recipients to live outside the State Hospital or similar institution and that the state saves money in the long run since it is far more cost effective to pay for care in a residential care facility than in the State Hospital;

(5) The General Assembly finds that it is unfair and unwise to expect the operators of residential care facilities to pay for these prescription drugs out of their own pocket or for the resident to go without these important drugs;

(6)(A) The Arkansas Medicaid program provides services to a category of recipients called "medically needy";

(B) This program provides an array of services to persons whose income is higher than the Medicaid eligibility limit, but when their medical and remedial expenses are deducted or "spent down," they qualify;

(C) Adults in this category of recipients are entitled to approximately seventeen (17) different services under Medicaid, including physician services, home health services, prescription drugs, nurse midwife services, case management, transportation, nurse practitioner services, and eyeglasses; however, they are not allowed to receive personal care services under the current Arkansas rules, even though personal care is the only means by which persons with mental illness are able to live in residential care facilities as opposed to institutions;

(7) Most of the participants in the Act 1421 task force recommended that the state should cover additional prescription drugs for the mentally ill and add personal care to the medically needy program;

(8) Although the Department of Human Services did not join in these recommendations due to funding concerns, the state will save money since these program changes will enable persons with mental illness to avoid much more costly institutional care; and

(9) Persons with mental illness deserve to live in the most independent setting possible and these changes are necessary to realize that goal.

SECTION 2. Definitions. For purposes of this act:

(1) "Department" means the Arkansas Department of Human Services; and

(2)(A) "Residential care facilities" means facilities defined in Arkansas Code 20-10-101.

(B) However, if the department establishes an assisted living program, "residential care facilities" shall also include assisted living facilities.

SECTION 3. Prescription drugs.

(a) If the department limits the number of prescription drugs that recipients may receive under the Medicaid program, then notwithstanding that limit, the department shall cover the cost of additional prescription drugs under the Medicaid program if the recipient's physician states in the care plan or other written document that without the drug the recipient would likely pose a danger to himself or others.

(b) The department may impose a co-pay or cost-sharing requirement, but it shall be no greater than the amount imposed for drugs not covered by this provision.

(c) The department may further liberalize its prescription drug policies in order to benefit mentally ill persons to the extent allowed by federal law, but it may not make them more restrictive than provided for in this section.

SECTION 4. Medically needy program.

(a)(1) The department shall add personal care to the Medicaid medically

needy spend-down program.

(2) Personal care shall be available in the medically needy program if the recipient's physician states in the care plan or other written document that without personal care the recipient would not be able to live safely outside a hospital or other institutional setting.

(b) If the department imposes any other restrictions on personal care recipients in the medically needy program, the restrictions shall be no greater than those imposed on personal care recipients in the categorically needy program.

(c) The department may further liberalize the medically needy personal care program, but it may not make it more restrictive than provided for in this section.

SECTION 5. If any provision of this act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provision of this act are declared to be severable.

SECTION 6. The General Assembly hereby expressly declares that in the event any portion of this act is found to be preempted or otherwise in violation of federal law, that the provisions of this act are to be considered independent and not inextricably linked."

(B) In the event that two (2) candidates receive the highest number of votes and receive the same number of votes, a tie shall be deemed to exist and the names of the two (2) candidates shall be placed on the ballot to be voted upon by the qualified electors of the county ~~or the municipality, as the case may be.~~

(C) If there is one (1) candidate who receives the highest number of votes, but not a majority of the votes, and two (2) other candidates receive the same number of votes for the next highest number of votes cast, a tie shall be deemed to exist between the two (2) candidates. The county board of election commissioners shall determine the runoff candidate by lot at a public meeting and in the presence of the two (2) candidates.

7-5-111. Election of municipal officials by plurality vote.

(a) The candidate receiving the largest number of votes cast for the municipal office at any special election or general election shall be deemed to have won the election.

(b) If two (2) or more candidates for a municipal office tie for the largest number of votes cast for the office, the winner shall be determined by lot.

~~(B) In any case, except for the office of mayor, in which only one (1) candidate shall have filed and qualified for the office, the candidate shall be declared elected and the name of the person shall be certified as elected without the necessity of putting the person's name on the general election ballot for the office.~~

~~(2)(1) If the office of mayor is unopposed, then the candidate for mayor shall be printed on the general election ballot and the votes for mayor shall be~~

~~(d)(c) In the event that a vacancy occurs in the office of mayor of these cities, the vacancy shall be filled by a special election and special runoff election, if necessary, as provided in subsection (c) of this section.~~

SECTION 5. Arkansas Code 14-61-111(b)(3) is repealed.

~~(3)(A) If it is required that a candidate receive a minimum percentage, less than fifty percent (50%), of the total votes cast for mayor in order to be elected mayor without a runoff, and if no candidate for the position of mayor receives at least the required percentage of the votes cast, then the two (2) candidates receiving the highest number of votes shall be the nominees for the position of mayor and shall be certified to a special runoff election which shall be held two (2) weeks from the day on which the general election is held.~~

SECTION 6. Arkansas Code 14-61-112 is amended to read as follows:

14-61-112. Directors and mayor selected by plurality vote.

~~(a) Unless special provisions for the position of mayor are implemented pursuant to § 14-61-111, the~~ The candidate for any designated position on the board of directors of a city affected by this chapter, including the mayor, who in any special or general election shall receive votes greater in number than those cast in favor of any other candidate for the position, shall be deemed to be elected. President Pro Tempore  
Arkansas Senate  
State Capitol Building  
Little Rock, Arkansas 72201

Dear Senator Beebe:

I am returning SB 287, which I vetoed today, with my objections. The bill is dependent on an unreliable and diminishing revenue stream. My hope is the tobacco cessation programs to be funded with money from the tobacco lawsuit settlement will be successful in curbing the use of tobacco products.

I understand the Legislature passed SB 287 due to concerns about the potential burden on private-pay nursing home residents. I will encourage members of our state's congressional delegation to address this issue at the federal level. Keep in mind that non-profit nursing homes are exempt from sales and use taxes as well as property taxes.

I hope we will continue to work to resolve this issue. I request that my veto be allowed to stand.

Sincerely,

(2) The allowance to issue second-lien bonds contained in subsection (c)(1) shall not occur if the issuance of the second-lien bond would cause the state to be out of compliance with any test concerning the equity of school finance in Arkansas adopted by a court of competent jurisdiction.

(d) School districts which issued second-lien bonds prior to April 10, 2001 shall be allowed to receive additional base funding they are entitled to receive after the issuance of second-lien bonds. (b) Upon a review of Amendment 79 in conjunction with Article 16, Section 14, it is the intent of the General Assembly that the rollback of millage rates be based upon the adjusted assessed value of the real property compared to the adjusted assessed value of the real property in the preceding year so as to simplify and make equitable the administrative implementation of Amendment 79.

(c) It is also the intent of the General Assembly that upon a change in ownership of real property, the real property shall be assessed at twenty percent (20%) of the appraised value.

SECTION 2. Arkansas Code Title 26, Chapter 26, Subchapter 11 is amended by adding additional sections to read as follows:

26-26-1119. Time of assessment.

(a) To determine if a rollback of millage rates is required under Article 16, Section 14 of the Constitution of Arkansas, each taxing entity shall compare the adjusted taxable assessed values of the real property in the current year to the real property taxes certified for collection in the same year.

(b) If the difference between the adjusted taxable assessed value of the real property in the current year and the real property taxes certified for collection in the same year exceeds ten percent (10%), a millage rollback shall occur in accordance with Article 16, Section 14.

26-26-1120. Transfer of property.

Upon a transfer of real property, a new owner of property shall not be entitled to claim any reduction to the real property's assessed value and the county assessor shall assess the real property at twenty percent (20%) of the appraised value at the next assessment date after the transfer of property has occurred."

(b) It is the intent of the General Assembly that by providing counties with a means to annually update real property appraisals the counties will most likely fall under a five-year cycle of physical review of each parcel of real property in the county.

SECTION 2. (a) Each county assessor shall ensure that the appraisal and assessment data and real property records are current and up-to-date.

(b) Each year, the county assessor or the county assessor's designee may perform a market analysis of all market-value based real property using a computer-assisted mass appraisal system and the sales database of the system.

(2)(A) The Beginning July 1, 2009, the excise or privilege tax on tobacco products other than cigarettes on the sale by wholesalers to retailers, or by licensed retailers to the Director of the Department of Finance and Administration within the state is sixteen percent (16%) of the manufacturer's selling price.

(B) The tax shall be computed on the actual manufacturer's invoice price before discounts.

SECTION 5. Arkansas Code 26-57-803(b) is amended to read as follows:

(b) ~~Beginning July 1, 2009, in~~ addition to the tax imposed by § 26-57-208(2), ~~for the months of February, March, April, May, and June 1993,~~ there is hereby imposed an additional excise or privilege tax on the sale of tobacco products other than cigarettes by wholesalers to retailers or by licensed retailers to the Director of the Department of Finance and Administration at ~~nine percent (9%)~~ seven percent (7%) of the manufacturer's selling price, ~~and for all months beginning on or after July 1, 1993, there is hereby levied an additional excise or privilege tax on tobacco products at seven percent (7%) of the manufacturer's selling price.~~ The tax shall be computed before discounts.

SECTION 6. EFFECTIVE DATES. The provisions of Section 1 shall be effective on and after July 1, 2001. The provisions of Section 2 and 3 shall be

effective on July 1, 2001 and shall expire on June 30, 2009. The provisions of Sections 4 and 5 shall be effective on and after July 1, 2009.

SECTION 7. EMERGENCY. It is found and determined by the General Assembly of the State of Arkansas that the current method of computing excise or privilege tax on certain tobacco products creates an inequity in the tax burden on wholesalers and retailers of tobacco products; that by levying the tax on certain tobacco products based on the weight of the product, the inequity is relieved; that this act is necessary to create tax equality for tobacco product sellers; and that in order to properly administer the provisions of this act, the Department of Finance and Administration must provide adequate notice to affected taxpayers. Therefore, an emergency is declared to exist and this act being immediately necessary for the preservation of the public peace, health and safety shall become effective on July 1, 2001.

Insert an additional section immediately following Section 8 to read as follows:

"SECTION 9. Legislative findings and purposes.

The General Assembly finds that health carriers and providers both serve essential functions in the health care market of this state. However, because of the dramatic changes in the health care market, carriers have come to enjoy superior bargaining power. Terminating a provider from a carrier's network can significantly impair the ability of the provider to practice medicine or other profession in that geographic area, thereby affecting an important substantial economic interest. But the removal of a provider from a participating provider list affects more than the provider's interest. It affects the patient. There is a unique tripartite relationship among carriers, their insureds, and the participating providers. The public has a substantial interest in seeing that the relationships between patients and providers are not unduly interrupted and that patients continue to enjoy access to quality health care. The due process protections contained in this act are designed to protect the public interest by regulating the manner in which carriers terminate their agreements with providers who provide care to the insureds and enrollees."

Issuance of second-lien commercial bonds.

(a) For the purposes of this section:

(1) "Issue," "issuance," or some variety thereof shall mean the date upon which a second-lien bond is actually sold; and

(2) "Second lien bond" shall means a commercial bond issued under the authority set forth in Arkansas Code 26-80-106.

(b) All second-lien bonds issued by school districts shall have semi-annual interest payments with the first interest payment due within eight (8) months of the issuance of the second-lien bond. All second-lien bonds shall be repaid on payment schedules that are either:

(1) Equalized payments in which the annual payments are substantially equal in amount; or

(2) Decelerated payments in which the annual payments decrease over the life of the schedule.

(c) A school district, whether or not it is receiving additional base funding, may issue a second-lien bond if the issuance of the second-lien bond will not cause the school district to receive more additional base funding than it would have received before the issuance of the second-lien bond.

(d) No school district that is receiving additional base funding or is likely to receive additional base funding shall be authorized to issue second-lien bonds except as allowed under subsections (d)(1) and (d)(2) of this section. For purposes of this section, "likely to receive additional base funding" means a school district whose total state and local revenue per average daily membership will be within ten dollars (\$10.00) of the minimum state and local revenue per average daily membership if the second-lien bond is issued by the school district.

(1) A school district that receives additional base funding or is likely to receive additional base funding may issue second-lien bonds to fund repairs or reconstruction of school facilities damaged or destroyed by natural disasters or criminal activities.

(2) The allowance to issue second-lien bonds contained in subsection (d)(1) shall not occur if the issuance of the second-lien bond would cause the state to be out of compliance with any test concerning the equity of school finance in Arkansas adopted by a court of competent jurisdiction.

(3) School districts which issued second-lien bonds prior to April 30, 2001 shall be allowed to receive additional base funding they are entitled to receive after the issuance of second-lien bonds. Subsections (a), (b), and (c) of this section shall not apply to any second-lien bond issued on or before April 30, 2001."

MIKE HUCKABEE  
Governor

March 20, 2001

TO THE PRESIDENT OF THE SENATE

Dear Mr. President:

This is to inform your Honorable Body that following close of business on March 19, 2001, Senate Bill 581 became law without signature during the Session of the Eighty-third General Assembly and is now Act 949 of 2001. While I was supportive of the intentions of the bill in regard to the programs it funded, I felt that the tax was burdensome and excessive and could not, in good conscience, sign it. I allowed SB 581 to become law, in spite of my concerns about the burdensome tax, because of the benefits of the revenue and because of the fact that it was not strongly opposed early on during the legislative process.

Sincerely,

“SECTION 1. Arkansas Code 26-55-211 is amended to read as follows:  
26-55-211. Border tax rate applicable within corporate boundaries.

Whenever any territory included within the boundaries of any city, incorporated town, or planned community in this state is included within the border tax rate on motor fuel, as provided for in § 26-55-210, or by any other law of this state governing the border area tax rate on motor fuel, the same rate of tax on motor fuel that applies in the border tax area of the city, incorporated town, or planned community shall also apply to all sales of motor fuel within the boundaries of the city, incorporated town, or planned community. Except in a city bordering a state line which is the main channel of the Mississippi, the provisions of this section shall apply only to that territory included within the limits of such city, incorporated town, or planned community on ~~February 1, 1973~~ July 1, 2001, and shall not apply to territory added to or annexed to the city, incorporated town, or planned community thereafter.

SECTION 2. EMERGENCY CLAUSE. It is found and determined by the General Assembly that border territory included within the limits of a border city, incorporated town, or planned community after February 1, 1973 are unjustly being denied the border tax rate on motor fuels. This leads to confusion within a border city, incorporated town, or planned community as to which entities are subject to the border tax rate on motor fuels. Therefore, an emergency is declared to exist and this act being immediately necessary for the preservation of the public peace, health and safety shall become effective on the date of its approval by the Governor. If the bill is neither approved nor vetoed by the Governor, it shall become effective on the expiration of the period of time during which the Governor may veto the bill. If the bill is vetoed by the Governor and the veto is overridden, it shall become effective on the date the last house overrides the veto.”

(d) During the intake process and prior to placement:

(2)(A) A juvenile under the age of sixteen (16) should not share a sleeping room or shower with other juveniles who are over the age of sixteen (16), except that the intake facility or program director may find that physical size or mental capacity of a particular juvenile makes sharing a sleeping room or showering with older or younger juveniles appropriate.

(B) The basis for making a placement exception must be documented in the juvenile's file prior to the placement.

(e) During the placement:

(1)(A) Generally, a sexual offender should be segregated from non-sexual offenders until a licensed mental health professional has found that they have successfully completed a sexual offender program and is ready to be reintegrated into the general population or a licensed mental health professional has diagnosed them as being inappropriate for placement in a sexual offender program;

(B) The basis for making an exception to the general rule must be documented in the juvenile's file prior to the placement; and

(2) A juvenile who turns eighteen while placed in a program for juveniles below eighteen (18) may remain in and complete that program, provided it can be done within six (6) months of their eighteenth (18<sup>th</sup>) birthday and the juvenile is progressing in the program in a positive manner and is appropriate for placement in the facility considering all other factors.

(g) While the division shall consider the recommendations of judges, probation officers, service providers and other appropriate parties, the division has sole authority and responsibility for the placement of juveniles committed to the Division of Youth Services.

SECTION 7. Standards for facilities, residential programs and education.

(a)(1) The Division of Youth Services will develop and maintain a continuum of residential facilities and programs for both committed and non-committed juveniles.

(2) The physical plant and programs at each residential facility shall be designed and developed to be particularly suitable for the care, custody, education, and rehabilitation of delinquent juveniles and to provide appropriate segregation between juveniles as required by law.

(2) The curriculum shall conform to the established guidelines for alternative learning environments or the minimum standards prescribed by the Department of Education.

(3) The students shall receive credit for courses completed in the alternative learning environment or the same credit for completing courses that students receive in public schools, as long as the alternative learning environment maintains approval by the Department of Education.

SECTION 8. Regulating the use of force.

(a) As used in this section, "reasonable non-deadly physical force" means the minimum force necessary used in a manner consistent with the division's policy, procedure and training to accomplish one of the authorized purposes.

(b)(1) The Division of Youth Services shall promulgate a use of force and mechanical restraint policy that requires facilities and staff to take all steps possible to avoid a situation where the use of force or mechanical restraint becomes necessary.

(2)(A) The policy should at a minimum mandate training in de-escalation and conflict resolution skills and techniques.

(B) Staff may take immediate action to prevent the destruction of property, escape, unauthorized departure or to prevent injury to themselves or others.

(C) Deliberate action may be taken to maintain order and compel compliance with program rules only after staff have exhausted all de-escalation and conflict resolution skills and techniques to avoid the use of force taught in the mandatory training.

(c) Mechanical restraints may be used by an employee of the Division of Youth Services, a contract provider or other agent of the division:

(1) In accordance with the division's policy when transporting a delinquent juvenile;

(d)(1) Mechanical restraints shall not be used as punishment.

(2) The unit manager or shift supervisor must authorize the use of mechanical restraints and restraints must be removed as soon as the juvenile demonstrates self-control.

(e)(1) Mechanical restraints may not be used to control or prevent suicide or other behavior that results from a mental health or medical condition unless authorized by a medical doctor, a licensed mental health professional or a facility director trained and certified to authorize the use of mechanical restraints.

(2) When mechanical restraints are authorized outside of a hospital or mental health facility the individual authorizing the use of restraints shall take immediate action to have the juvenile assessed for placement in a hospital or mental health facility.

(3) The type of mechanical restraints permitted for use shall be explicitly defined and limited by policy.

(4)(A) An incident report shall be completed immediately following each use of mechanical restraints for any purpose other than transportation as defined in subsection (c) of this section and the report shall be submitted for review to the division's Internal Affairs Unit.

(B) The review will focus on minimizing the use of restraints by improving staff training on conflict resolution and juvenile supervision, proper management of staff and juveniles, and improvement of applicable procedures.

(f)(1) No employee of the Division of Youth Services or any private contracted facility that houses juveniles on behalf of the division may possess or use non-lethal agents in the performance of any duty to supervise the delinquents committed to the division.

(2) For purposes of this subsection (f), "non-lethal agents" means any chemical propellant, ballistic projectile, electrically charged implement or any other device that by design is manufactured or intended to impair normal physical agility or level of consciousness.

(c) No law enforcement officer, Department of Human Services' Institutional System Board member, Division of Youth Services employee, or other person shall be subject to suit or held criminally or civilly liable for their actions, provided that they act in good faith and without malice in the apprehension and return of escapees.

SECTION 10 Release.

(a)(1) The release of juveniles committed to the Division of Youth Services is dependent on the manner in which they were committed.

(2) Except as provided in subsections (a)(3) or (a)(4) of this section, the release decision on all committed juveniles will be the exclusive responsibility of the Director of the Division of Youth Services or his designee.

(3) The committing court as provided for in §§ 9-27-506 and 9-27-507 shall make the release determination for juveniles who were committed under the Extended Juvenile Jurisdiction Act.

(5) The release determination for all juveniles who have been removed from a correctional status and placed in a treatment facility or program will be based on whether the juvenile continues to benefit from the treatment, whether the juvenile has successfully completed the treatment program or whether the juvenile may be treated in a less restrictive environment in the community.

(6)(A) The release determination for all juveniles who are in a correctional status shall be based on established objective guidelines for length of stay.

(B) The objective guidelines are intended to ensure that similarly situated juveniles are treated in a fair and consistent manner.

(C) The guidelines shall consider the nature and circumstances of the committing offense and the juvenile's previous delinquency record and commitments.

(D) The correctional length of stay of a juvenile may be lengthened or shortened based on the recommendations of the court and the juvenile's behavior and progress while committed.

(b)(1) The committing court may, at any time, recommend that a juvenile be released from the custody of the Division of Youth Services.

(2) Any recommendation for release shall be provided in writing to the Division of Youth Services stating the reasons release is deemed in the best interest of the juvenile and the community.

#### SECTION 11. Aftercare.

(a) Finding. The General Assembly finds that in order for the Division of Youth Services to effectively reintegrate committed juvenile delinquents back into the community, the division often must provide aftercare and supervision during the juveniles' reintegration period.

(b) Aftercare will consist of a combination of supervision, structured services and treatment as deemed appropriate by the division in order to further the goal of safe and effective reintegration of the juvenile back into the community.

(c) The Division of Youth Services shall establish an aftercare provider for each juvenile released on aftercare.

(d)(1) The aftercare provider shall establish the aftercare plan based upon all information available.

(C) If the juvenile or their parent or guardian refuse to sign the

aftercare plan, their refusal will be documented.

(e) Aftercare will normally not exceed six (6) months but may be extended by the Director of the Division of Youth Services for up to a year, provided the extension will not exceed the juveniles' twenty-first (21st) birthday or the duration of the most recent commitment order.

(f) Based upon the needs of a juvenile, the division may require a juvenile to participate in any of the following as a condition of aftercare:

(1) Family counseling;

(2) Structured day and evening reporting programs and behavioral day treatment;

(3) Substance abuse treatment;

(g)(1) The Division of Youth Services may provide aftercare to any committed juvenile released from the division's custody but may not return a juvenile to custody unless the court ordered the juvenile to participate in aftercare at the time of commitment.

(2)(A) When aftercare is ordered, the division through its contract providers will supervise juveniles for the duration of aftercare.

(B) If a juvenile fails to comply with the aftercare plan, the division, or the prosecuting attorney on behalf of the division, may petition the court to revoke aftercare.

(h) In addition to the sovereign immunity established by Article 5, Section 20, Constitution of the State of Arkansas, the Department of Human Services and its divisions and offices, the Department of Human Services Institutional System Board Members, Division of Youth Services employees, contract providers, or other agents of the department or division:

~~(b) The Division of Youth Services shall establish policies regarding the eligibility of juveniles for release consideration.~~

~~(c)(1) Whenever the Director of the Division of Youth Services, upon examination of all information and recommendations provided, shall determine that release of a juvenile is in the interest of both the state and the juvenile, the division shall grant release or petition the committing court for release if the juvenile is an extended juvenile jurisdiction offender.~~

~~(2) Except when an extended jurisdiction offender is committed to the Division of Youth Services, release decisions shall be made by the Director of the Division of Youth Services without the necessity of an application by or on behalf of a juvenile.~~

~~(3) In determining whether the release of a juvenile is in the best interest of both the state and the juvenile, the division shall consider the circumstances of the committing offense, any recommendations of the committing judge, any recommendations of the probation officer of the committing court, the juvenile's previous delinquency record, the availability of community programs, and the stability of the juvenile's home environment.~~

SECTION 36. Arkansas Code 9-28-701 is repealed.

~~9-28-701 Legislative findings.~~

~~(a) Presently juvenile judges must often choose between imposing no sanction at all or committing juveniles to the Division of Youth Services. Judges should have punitive options available as alternatives to confinement. Therefore, it is the intent of the General Assembly that a continuum of graduated sanctions be available in every judicial district in Arkansas and that the Division of Youth Services provide for a continuum of sanctions that may be imposed in the community in lieu of commitment to the Division of Youth Services in every situation.~~

~~(b) Further, the General Assembly recognizes that sanctions are usually not effective unless the sanctions are coupled with treatment and intervention services which address the underlying problems of the youth and his family. It is for this reason the General Assembly has provided that the community based sanctions program be implemented by the Division of Youth Services, as part of their community based provider contracts; and that any and all funds specifically appropriated to implement this subchapter are in addition to those funds provided for other prevention intervention, therapeutic, and family services, and shall be added to existing community based contracts without further request for proposal, but must be spent exclusively to implement and support community based sanctions.~~

SECTION 37. Arkansas Code 9-28-702 is repealed.

~~9-28-702. Sanctions - Use and availability.~~

~~(a) The Division of Youth Services shall ensure that each judicial district has a continuum of sanctions available through their contracts with community based providers. The sanctions may include, but are not limited to, the following:~~

- ~~(1) House arrest as enforced by electronic monitoring or intensive supervision;~~
- ~~(2) Restitution;~~
- ~~(3) Community service;~~
- ~~(4) Short-term detention in either a staffed or physically secure facility provided by the community based provider or other licensed subcontractor;~~
- ~~(5) Mandatory parental participation in either therapeutic or sanction programs enforced, if necessary by contempt sanctions.~~

~~(b) The Director of the Division of Youth Services shall ensure that criteria are established to ensure the maximum use of resources, in each judicial district, to make this program available to as many juveniles as possible. To the extent resources are available, a community based sanctions may be used for the following juvenile offenders and circumstances:~~

- ~~(1) Offenses not involving violence;~~
- ~~(2) Failure to comply with the terms of the aftercare plan;~~
- ~~(3) Contempt of court for failure to comply with any valid court order;~~
- ~~(4) Revocation of probation.~~

~~(c) Nothing in this section requires the Division of Youth Services to provide all the sanctions listed in this section, but simply to ensure that each judicial district has in place a continuum of graduated community based sanctions and that those sanctions are available for as many juvenile offenders as possible.~~

~~(d) The Division of Youth Services shall add to the community based provider contracts without further request for proposals, any and all funds specifically appropriated to implement this subchapter and shall ensure that those funds are spent exclusively to implement and support community based sanction programs.~~

SECTION 38. Arkansas Code 9-28-703 is repealed.

~~9-28-703. Sanctions — Position.~~

~~(a) The Division of Youth Services may impose any community based sanction on a juvenile in their custody or who is in aftercare as a result of having been committed.~~

~~(b) The court may impose community based sanctions as an original disposition, revocation of probation, or as a contempt sanction.~~

~~(c) The community based provider may not independently impose the community based sanctions.~~

SECTION 39. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that the law is confusing concerning the authority that the Division of Youth Services has to recommit juveniles within its system prior to discharge, and the authority that the Division of Youth Services has to order the pickup of a juvenile for violating the conditions of aftercare and recommitting that juvenile to secure custody without obtaining a court order. Therefore, an emergency is declared to exist and this act being immediately necessary for the preservation of the public peace, health and safety shall become effective on the date of its approval by the Governor. If the bill is neither approved

nor vetoed by the Governor, it shall become effective on the expiration of the period of time during which the Governor may veto the bill. If the bill is vetoed by the Governor and the veto is overridden, it shall become effective on the date the last house overrides the veto."

ARKANSAS SENATE  
EIGHTY-THIRD GENERAL ASSEMBLY  
REGULAR SESSION  
Amendment No. 1 to SENATE BILL NO. 570

Amend Senate Bill No. 570 as originally introduced:

Insert additional sections immediately following Section 1 to read as follows:

"SECTION 2. Arkansas Code 14-164-701 is amended to read as follows:  
14-164-701. Legislative intent.

(a) It is declared and confirmed that the securing and developing of industry is vital to the economic welfare of the State of Arkansas and its people. To this end, it is necessary that the maximum flexibility be given to the counties and municipalities in the state in their efforts to retain and expand existing, and locate new, industrial facilities. This task involves the opportunity for the full utilization of

the benefits of financing industrial facilities under Arkansas Constitution, Amendment 49 [repealed], and §§ 14-164-201 - 14-164-206, 14-164-208 - 14-164-224, and 14-267-101 - 14-267-113, including the exemption from ad valorem taxation of all industrial facilities which were exempt under Arkansas Constitution, Article 16, § 5, as interpreted by the Supreme Court of Arkansas in *Wayland v. Snapp*, 232 Ark. 57, 334 S.W.2d 633 (1960).

~~(b) While concerns using industrial bond financing should be encouraged to make payments in lieu of ad valorem taxes and that is declared to be the general policy of the General Assembly, the final determination of whether these payments are to be made and, if made, in what amounts should be negotiated and contracted by the counties or municipalities and by the industrial concerns involved.~~

SECTION 3. Arkansas Code 14-164-703 is amended to read as follows:

14-164-703. Payments in lieu of taxes.

~~(a) In the event that a county or municipality and a lessee under a lease, or a purchaser under a contract of sale, enter into an agreement for payments in lieu of ad valorem taxes, each~~ When any city or county leases city or county property or enters into a contract for sale of city or county property to a private for-profit entity under this subchapter or any other provision of law or the Constitution of Arkansas, the lease agreement or contract for sale shall include an obligation that the lessee or purchaser make payments in lieu of property taxes in such amount as negotiated between the parties except the amount shall be no less than fifty percent (50%) of the amount of ad valorem taxes that would be paid if the property were on the tax rolls unless the Governor and Chief Fiscal Officer of the State approve an amount of in lieu payments of less than fifty percent (50%) of the amount of ad valorem taxes that would be paid if the property were on the tax rolls. Each agreement shall provide, or, by virtue of this subchapter, shall be interpreted as providing, that all in-lieu-of-taxes payments shall be distributed to the political subdivisions which would have received ad valorem tax payments on the industrial facilities if the interest involved had not been exempt from ad valorem taxes in the proportions that the millage levied by each affected political subdivision bears to the millage levied by all affected political subdivisions, unless all such political subdivisions, including the affected school district or districts, shall otherwise agree.

(b) Prior to meeting of city or county officials where action might be taken regarding approval of in-lieu-of-taxes payments, the city or county must give at least thirty (30) days notice to school districts affected and the Chief Fiscal Officer of the State as to the date, time, and place of the meeting

~~(b)~~(c) Nothing in this section shall be construed as affecting in any manner the rights or obligations of any of the parties to any such agreements existing on the date of enactment of this subchapter providing for payments in lieu of ad valorem taxes.

SECTION 4. The Senate and House Interim Committees on Education, and the Senate and House Interim Committees on Revenue and Taxation, shall conduct a study of the impact of in-lieu-of-taxes payments on state funding of the public schools and shall study the process of negotiating in-lieu-of-taxes payments and draft any necessary legislation to improve the process.

SECTION 5. EMERGENCY. It is hereby found and determined by the General Assembly that the adequate funding of public schools is imperative; that the public schools are currently in dire need of additional funding; that this act will cause more resources to be made available to the public schools; that the sooner this act goes into effect, the sooner public schools will receive additional resources. Therefore an emergency is declared to exist and this act being immediately necessary for the preservation of the public peace, health and safety shall become effective on the date of its approval by the Governor. If the bill is neither approved nor vetoed by the Governor, it shall become effective on the expiration of the period of time during which the Governor may veto the bill. If the bill is vetoed by the Governor and the veto is overridden, it shall become effective on the date the last house overrides the veto."
