(A) Makes an application to the Board of Trustees of the Arkansas Teacher Retirement System;

(B) Provides proof satisfactory to the board of that person's service in the Arkansas National Guard; and

(C) Pays to the system for each year of service credit being granted the employee and employer contribution rate in effect at the time of the purchase the greater of the annual salary receive by him for his first full year of credited service that precedes the fiscal year in which the service is purchased, or the average of the three (3) highest salaries earned at the time of purchase, plus interest from the end of that year of credited service to the date of payment in full, for each year of service credit.

(2) If the payment for service under this section is not made in a single lump-sum payment, interest shall accrue from the date of the initial payment to the date of the payment in full.

(3) The payment shall be credited to the member's account in the members' deposit account and shall be in addition to regular member contributions.

(b) Members shall receive one (1) year of purchased service credit for each five (5) years of Arkansas National Guard service.

(c) The National Guard service shall not become credited service under this system until:

(1) The member payments specified in subdivision (a)(1)(C) of this section have been paid in full; and

(2) The member has established five (5) or more years of actual service in the system.

(d) If a member ceases to be an active member before the National Guard service has been established as system-credited service, the member payments contributed as specified in subdivision (a)(1)(C) of this section shall be refundable, together with regular interest.

(e)(1) This section shall be supplemental to § 24-7-602 and nothing in this section shall be construed to diminish the right of any member of the system to obtain credited service in the system for active duty military service within the limits permitted by § 24-7-602.

(2) However, no member shall be entitled to or receive in excess of five (5) years of credited service rendered by the member under this section.

(f) Except for service credit under § 24-7-602(e), service credit in the Arkansas National Guard shall not be given if the service is credited under any other retirement plan, including a federal military retirement."

AND

Page 3, line 34, add the following:

"SECTION 3. EMERGENCY CLAUSE. It is found and determined by the General Assembly that that members of the Teacher Retirement System sometimes serve in the Arkansas National Guard, that current retirement laws do not permit those members to purchase that service, but active duty military service can be purchased; that Arkansas National Guard service by teachers is vital to and more directly benefits the citizens of Arkansas than does active duty military service; that it is inequitable to not provide for the purchase of National Guard service under the system; and that the most effective time to make changes to the retirement system is at the beginning of the state's fiscal year. Therefore an emergency is declared to exist and this act being immediately necessary for the preservation of the public peace, health and safety shall become effective on July 1, 2001.

At the time that the petition requesting the recount is filed, the county board shall provide a copy of the test results on the voting machines performed pursuant to § 7-5-504(20) and § 7-5-611(c) and (d) to the candidate requesting the recount. The county board shall wait at least forty-eight (48) hours after the close of the elections to certify the results. However, only one (1) recount per candidate per election shall be permitted. The county board shall certify the results of the last recount. The county board may upon its own motion conduct a recount of the returns from any or all precincts.~~

(a)(1) Any candidate voted for who may be dissatisfied with the returns from any precinct shall have a recount of the votes cast therein upon the candidate's presenting the county board with a petition requesting the recount.

(2) When the number of outstanding absentee ballots of overseas voters is not sufficient to change the results of the election, the candidate must present the petition no later than two (2) days after the county board of election commissioners declares preliminary and unofficial results of the election, including a statement of the number of outstanding absentee ballots of overseas voters.

(3) When the number of outstanding absentee ballots of overseas voters is sufficient to potentially change the results of the election the candidate must present the petition at any time before the county board finally completes the canvass of the returns of the election and certifies the result.

(b) At the time that the petition requesting the recount is presented, the board shall provide a copy of the test results on the voting machines performed pursuant to § 7-5-504(20) and § 7-5-611(c) and (d) to the candidate requesting the recount. Only one (1) recount per candidate per election shall be permitted. The board shall certify the results of the last recount. The board may upon its own motion conduct a recount of the returns from any or all precincts.

~~(b)~~(c)(1) The county board shall open the package containing the ballots and recount the ballots in the manner prescribed by law for the count to be made by the election officials in the first instance or if there is a determination by the county board that the voting machine or automated tabulating equipment may be malfunctioning, it may recount the ballots by any manner prescribed by law.

(2) The result as found upon the recount, if it differs from that certified by the election officials, shall be included in the canvass as the vote for the particular precinct for which the recount was ordered and made.

~~(e)~~(d) After the recount is completed, the ballots shall again be sealed and kept as provided by law.

~~(d)~~(e)(1) The costs for any recount must be borne by the candidate petitioning for it, and payment of the costs must be made to the county board prior to the recount in an amount determined by the county board.

(2) In the event that the outcome of the election is altered by recount, the costs of the recount shall be refunded to the candidate who petitioned for the recount.

~~(e)~~(f) The costs of any recount shall be based on the actual costs incurred to conduct the recount, but in no instance shall the amount charged to conduct a recount exceed the rate of twenty-five cents (\$0.25) per vote cast in the precincts where the recount is requested or a total of two thousand five hundred dollars (\$2,500) for the entire county, whichever is less.

(4) Nothing in this act shall be construed to imply the adoption of cost reimbursement methodology as opposed to a reasonable and necessary rate structure based on prospective costs. However, in the event that the Department of Human Services Division of Medical Services develops a new funding mechanism

for community-based services provided through the University of Arkansas for Medical Sciences (UAMS) which is a full cost reimbursement methodology with additional state matching funds provided by existing revenues within that system, the new service model shall be developed to interface with the existing community-based programs through interagency agreements that enhance and broaden the level of care without duplicating services in communities which already have an array of services for children, birth to twenty-one (21). University of Arkansas for Medical Sciences will staff twelve (12) regional clinics conducted in coordination with local providers, on a quarterly basis, to provide diagnostic, evaluation, and consultation by the pediatric specialists employed by the University of Arkansas for Medical Sciences to the local professional staffs of community programs. The reimbursement for conducting these Outreach Clinics shall be a part of any new funding model developed for the University of Arkansas for Medical Sciences by the Department of Human Services."

"SECTION 3. (a) Eligibility for services and appropriate placement in the least restrictive environment for individuals with developmental disabilities under any of the service models included in the state's Medicaid Plan with Health Care Financing Administration or for services covered from state general revenue dollars shall be made by the Interdisciplinary Team, composed in keeping with federal and state laws pertaining to individuals with special needs, and reviewed by an Independent Review Team under contract with the Department of Human Services, when the individual or individual's parent(s) or legal guardian disputes the Interdisciplinary Team's recommendations for placement and service options. This section does not negate nor preclude the rights of individuals with developmental disabilities under existing federal and state laws.

(b) Subject to approval by the Health Care Financing Administration the Department of Human Services will accept an Individualized Family Service Plan or Individualized Program Plan developed in conformity with all applicable state and federal laws as prior authorization for Medicaid covered therapies provided to persons with developmental disabilities. Prior authorization does not preclude post payment reviews or other utilization control measures.

(c) For individuals with developmental disabilities whom the diagnostic, evaluation and assessments conducted by the Interdisciplinary Team, in conformity with all applicable federal and state laws, are found to fall within the eligibility guidelines adopted pursuant to this act, and the individual's Primary Care Physician,

independent of the service provider, serves as the “gatekeeper” and prescribes day treatment services, referred to as developmental day treatment services under the present Developmental Day Treatment Clinic Services model, prior approval is not required for up to five (5) hours of daily services, and no provider shall bill for more than eight (8) hours of daily services. Should the funding model for the day treatment services be changed in the state’s Medicaid Plan with Health Care Financing Administration, the five (5) hours a day shall remain the “floor” for initiation of prior authorization by an independent entity to afford those families who choose to keep their disabled child/adult in the community thereby bearing a considerable responsibility for the care and expenses related to the treatment and care."

AND

Delete SECTION 4 in its entirety and substitute the following:

"SECTION 4. (a) By July 1, 2002, the Department of Human Services division of Developmental Disabilities Services and division of Medical Service shall develop a service/funding model for community-based services which provides access to the same array of multi-disciplinary diagnostic, evaluation and day treatment services to children in communities statewide. It shall not be required that the diagnostic and evaluation component be replicated in every community that operates a day treatment component, however, access and availability to the full array of professional services through alliances, and collaborative efforts under contractual arrangements for the highly trained specialists for diagnostic, evaluation and specialized treatment services as necessary to meet the individual child’s needs, shall be required. The new expanded array of services for children opting for community-based services shall not be used as a cost containment tool by offering the children and families less than five (5) hours of day treatment services or fewer service options in the array of community-based services. The types of services and amount of services covered by Medicaid and state general revenue dollars shall be determined in accordance with applicable federal and state laws. The Department of Human Services developed in conformity with all applicable state and federal laws as prior authorization for Medicaid or state services or both. The Department of Human Services shall apply to Health Care Financing Administration for approval of this integrated diagnostic, evaluation and day treatment service model to replace the Child Health Management Services (CHMS) and Developmental Day Treatment Clinic Services (DDTCS ) models.

(b)(1) The conversion to the federally mandated Current Procedural Terminology code system of reimbursement shall take into account the intent of this law to provide sources of funding that covers the costs of services to individuals who

choose community-based options, within the adopted and approved eligibility standard, including the prescribed treatment services and all required compliance mandates from the federal and state governments.

(2) In the event that it is evident that the Developmental Day Treatment Clinic Services (DDTCS) codes will be excluded by the Health Care Financing Administration (HCFA), the Department of Human Services Division of Medical Services shall take all necessary steps to apply to the Health Care Financing Administration for approval of a service model that will continue to provide an array of community-based service options for children and adults comparable to or greater than those under the present Developmental Day Treatment Clinic Services Model."

(a) The provisions of § 8-10-302 and § 8-10-303 shall not apply to any motor vehicle racing facilities located north of a navigable waterway which traverses the state and in a county having a population between eighty thousand (80,000) and ninety thousand (90,000) persons according to the 1990 federal decennial census.

(b)(1)(A) The persons or entity proposing and constructing a motor vehicle racing facility in an area located north of a navigable waterway which traverses the state and in a county having a population between eighty thousand (80,000) and ninety thousand (90,000) persons according to the 1990 federal decennial census, shall seek the approval of and issuance of an annual permit from the Department of Environmental Quality under this section.

(B) The department's approval shall be sought by filing a permit application with the department which shall contain a written proposal for the motor vehicle facility containing the substance of the proposed facility, including a description of the types of motor vehicles proposed for racing at the facility, the maximum projected noise level of the racing vehicles, a description of the kinds of races, the types of buildings, stands, or other physical plant proposed for the facility, estimates of traffic counts and numbers of spectators, and any other relevant permit information as may be determined necessary for the permit application by the department.

(2) For the initial permit application for new facilities to be constructed, the department shall conduct a public hearing on the proposed motor vehicle racing facility. The department shall set a date for the public hearing to be held on the proposed facility permit which shall not be less than thirty (30) days after the filing of the initial permit application. The hearing under this subdivision (b)(2) for the initial

permit may be adjourned and continued if necessary. The department may, in its discretion, hold public hearings for the renewal of any permits as is necessary. Any interested persons may appear and contest the granting of the approval or renewal of the facility permit. Affidavits in support of or against the proposed facility or a permit renewal, which may be prepared and submitted, shall be examined by the department.

(3) After the hearing for the initial permit or upon application for the renewal of its annual permit, if the department shall be satisfied that the benefits of the motor vehicle racing facility are sustained by proof and outweigh its impact by the noise, air pollution, and traffic congestion caused by motor vehicle racing facilities, then the department shall grant the initial permit approving the proposed facility or shall renew approval to the permitted or existing facility.

(4) Renewal of an annual permit may also be denied if:

(A) The racing facility is determined to be in violation of any standards under which the permit was issued; or

(B) The racing facility is constructed or is being operated in a manner which is materially different than was represented during the initial application process.

(5) If any material changes, additions, or improvements are made to the motor vehicle racing facility, the permit shall be amended accordingly and the department may reconsider the approval of the permit.

(6) The Arkansas Pollution Control and Ecology Commission shall have the authority to promulgate any and all necessary rules and regulations to implement this section, including the authority to set a permit fee to recover the cost of issuing the permit.

(c) Each motor vehicle racing facility constructed in an area under this section who applies for and shall receives an initial annual permit to operate its motor vehicle racing facility shall thereafter apply annually for renewal of its permit.

(d) For the purposes of this section, "motor vehicle racing facility" means any facility designed and used for competitive racing by automobiles or trucks which are modified for racing.

(e) Due to the noise pollution and air pollution from the racing vehicles and traffic congestion caused by motor vehicle racing facilities, no motor vehicle racing facility shall be permitted or constructed under this section within three (3) miles of the boundary of another county."

(c) Two hundred ten (210) days after April 4, 1987, Acts 1975, No. 558, § 5, as amended, is repealed. On and after the two hundred eleventh day following April 4, 1987, all projects requiring approval under § 20-8-107 shall not be instituted or commenced except upon application for and receipt of a permit of approval as set forth in this subchapter, and, during this period of time, all duties and responsibilities of the State Health Planning and Development Agency and the Statewide Health Coordinating Council are transferred to the Health Services Permit Agency established under this subchapter. Any project not requiring approval under this subchapter, even though covered under Acts 1975, No. 558, § 5 [repealed], may be commenced after April 4, 1987.

(d) The agency shall process all applications or certificates of need for intermediate care facilities for the mentally retarded with fifteen (15) or fewer beds which were pending on April 4, 1987, and shall for a period of thirty (30) days after April 4, 1987, accept additional applications for such facilities. The applications shall be processed utilizing the criteria and procedures in existence prior to April 4, 1987, and in addition the agency shall consider as a primary factor the experience of each applicant in serving the developmentally disabled population.

SECTION 14. Arkansas Code 20-8-110(a) and (b), concerning collection and dissemination of health data, are amended to read as follows:

(a) The Health Services Permit Agency created by § 20-8-104 shall act as a statewide health data clearinghouse for the acquisition and dissemination of data from health care providers, the State Medicaid program, third-party payors, state agencies, and other appropriate sources in furtherance of this section.

(b) All state agencies having information with regard to health matters shall make available to the agency such health data as is necessary for the Health Services Permit Commission to carry out its responsibilities.

SECTION 15. Arkansas Code 20-10-105 is amended to read as follows:

20-10-105. Residential care facility - Ineligibility for reimbursement - Exclusions.

(a) Any facility that meets the definition of a residential care facility as defined by the Office of Long-Term Care that has not been licensed or certified by the appropriate state agency or has not received a permit of approval from the Health Services Permit Agency prior to January 15, 1991, shall not be eligible for any reimbursement from state revenues for any services that it offers.

(b) This provision does not apply to:

(1) Those facilities that are renewing their license after January 15, 1991;

(2) Those facilities that have been receiving reimbursement prior to January 15, 1991; or

(3) Those facilities that have been exempted from review by the Health Services Permit Agency prior to January 15, 1991.

SECTION 16. Arkansas Code 20-10-813 is amended to read as follows:

20-10-813. Transfer of licenses and permits upon dissolution.

Upon the dissolution of any corporation which on April 14, 1995, is licensed to provide home health care services, the Department of Health, the Health Services Permit Agency, the Health Services Permit Commission, and any other agency involved may transfer the dissolved corporation's licenses and permits of approval to a stockholder of the dissolved corporation, and that stockholder may continue to perform home health care services under the transferred license and permit of approval.

SECTION 17. Arkansas Code 20-10-902 is amended to read as follows:

20-10-902. Purpose.

It is the purpose of this subchapter to develop a mechanism whereby the concept of receivership can be utilized for the protection of residents in long-term care facilities. It is the intent of the General Assembly that receivership shall be a remedy of last resort when all other methods of remedy have failed or when the implementation of other remedies would be futile. It is not the intent of this subchapter to circumvent the Health Services Permit Program of the Health Services Permit Commission established in § 20-8-101 et seq. No court or administrative agency shall interpret the contents of this subchapter to allow the transfer of beds or the license of a facility under receivership without approval of the Health Services Permit Commission as required by § 20-8-101 et seq.

SECTION 18. Arkansas Code 25-1-105(e)(17), concerning annual reports of state government agencies, is amended to read as follows:

(17) Health Services Permit Commission, § 20-8-102;"

“SECTION 1. Arkansas Code 24-4-106 is amended to read as follows:  
24-4-106. Limitations.

(a)(1) Notwithstanding any provisions to the contrary, it is considered sound public policy to limit contributions by public employers to one (1) state-authorized retirement plan. Accordingly, effective July 1, 1999, employers participating in the Arkansas Public Employees' Retirement System shall not establish any other state-authorized plan that requires contributions by the employer. The Board of Trustees of the Arkansas Public Employees' Retirement System shall promulgate such rules and regulations as are required to prohibit the establishment of such plans in the future.

(2) ~~It is the intent of the General Assembly to eliminate existing plans through attrition over a period of time to be determined by the board.~~ An employer who, in addition to participating in the Arkansas Public Employees' Retirement System, has another state-authorized plan that was in existence on July 1, 1999 shall not be prohibited from:

(A) Changing vendors for the plan;

(B) Adding employees to the plan; or

(C) Modifying a plan pursuant to federal guidelines.

(3) If an employer merges with another employer and either employer has a plan that was in existence on July 1, 1999, then the merged entity may continue to provide the plan for employees of the entity.

(b) The Arkansas Public Employees' Retirement System shall notify all participating employers on an annual basis of the requirements of this section and the board rules and regulations governing this subject.

(c) For the purpose of this section "state-authorized plan" means any retirement plan authorized by state or federal law.

SECTION 2. EMERGENCY CLAUSE. It is found and determined by the General Assembly that there is uncertainty caused by the provision in Arkansas Code 24-4-106 which provides for the elimination of retirement plans by attrition, by issues related to the integration of state and federal retirement laws, and by litigation to interpret the existing law; and that this act is immediately necessary to eliminate uncertainty and to protect the retirement systems, covered employers, and affected employees. Therefore, an emergency is declared to exist and this act being immediately necessary for the preservation of the public peace, health and safety shall become effective on the date of its approval by the Governor. If the bill is neither approved nor vetoed by the Governor, it shall become effective on the expiration of the period of time during which the Governor may veto the bill. If the bill is vetoed by the Governor and the veto is overridden, it shall become effective on the date the last house overrides the veto."

Delete everything after the Enacting Clause and substitute the following:

"SECTION 1. Legislative Intent.

The General Assembly finds that:

(1) Arkansans and other Americans pay the highest prices in the world for prescription drugs;

(2) Pharmaceutical companies are charging Arkansans excessive prices for prescription drugs, denying our citizens access to medically necessary health care, thereby threatening their health and well-being;

(3) Lack of affordable access to medically necessary prescription drugs results in the denial of health care, the likelihood of serious illness and death, and the inability to lead a life of good health for many Arkansans;

(4) Many Arkansans are admitted to or treated at hospitals each year, because they cannot afford the drugs prescribed for them;

(5) Doctors report that their patients endanger themselves by taking only a portion of their recommended dosage of prescription drugs, because they are unable to afford the full, recommended dosage;

(6) All Arkansans are threatened by the possibility that when they most need medically necessary prescription drugs they will be unable to afford their doctor's recommended treatment;

(7) Prescription drug costs represent the fastest growing item in health care, and are a driving force in rapidly increasing hospital costs and insurance rates;

(8) Excessive pricing for prescription drugs threatens Arkansas' ability to assist with the health care costs of our citizens, undermines the financial capacity of our communities to meet the educational needs of our children, hurts the ability of our business community to provide health insurance coverage to Arkansas' workforce, and has a negative effect on Arkansas' economy;

(9) All Arkansas citizens should have access to medically necessary prescription drugs at the lowest possible prices; and

(10) This law will be a positive measure to make prescription drugs more affordable for Arkansans, thereby increasing the overall health of our families, benefiting employers and employees and the fiscal strength of our society, promoting healthy communities and improving the public health and welfare.

## SECTION 2. Prescription Drug Advisory Commission.

(a) There is established a Prescription Drug Advisory Commission.

(b) The commission shall be composed of sixteen (16) members, as follows:

(1) The Director of the Department of Human Services;

(d) The Director of the Department of Human Services shall call the first meeting within sixty (60) days after the effective date of this act.

(e) At the first meeting, the commission shall elect a chairperson who shall schedule subsequent meetings.

(f)(1) A majority of the membership shall constitute a quorum.

(2) A majority vote of those members present shall be required for any action of the board.

### SECTION 3. DUTIES.

(b) The focus of the study shall be on coverage for:

(1) Persons with incomes up to three hundred percent (300%) of the federal poverty level who do not have a benefit program that includes drug coverage;

“SECTION 1. Arkansas Code 14-164-703 is amended to read as follows:  
14-164-703. Payments in lieu of taxes.

(a) In the event that a county or municipality and a lessee under a lease, or a purchaser under a contract of sale, enter into an agreement for payments in lieu of ad valorem taxes, each agreement shall provide, or, by virtue of this subchapter, shall be interpreted as providing, that all in-lieu-of-taxes payments shall be distributed to the political subdivisions which would have received ad valorem tax payments on the industrial facilities if the interest involved had not been exempt from ad valorem taxes in the proportions that the millage levied by each affected political subdivision bears to the millage levied by all affected political subdivisions, unless all such political subdivisions, including the affected school district or districts, shall otherwise agree.

(b)(1) From July 1, 2001 through June 30, 2003, when any city or county enters into a lease of city or county property or enters into a contract for sale of city or county property to a private for-profit entity under this subchapter or any other provision of law or the Constitution of Arkansas for the purpose of securing and developing industry, the lease or contract for sale shall include an obligation that the lessee or purchaser make payments in lieu of property taxes in an amount as negotiated between the parties except the aggregate amount of the payments during the initial term of the lease or contract for sale shall be not less than thirty-five percent (35%) of the aggregate amount of ad valorem taxes that would be paid if the property were on the tax rolls, unless the Director of the Department of Economic Development and the Chief Fiscal Officer of the State approve a lesser amount.

(2) The obligation may be contained in a separate agreement at the option of the parties to the lease or contract for sale.

(c) From July 1, 2001 through June 30, 2003, prior to meeting of city or county officials where action might be taken regarding approval of in-lieu-of-tax payments, the city or county shall give at least ten (10) days notice to the superintendent of each school district in which all or any part of the property which is subject to the lease or contract of sale is located, and to the Chief Fiscal Officer of the State as to the date, time, and place of the meeting.

(d) Subsection (a) and (b) of this section shall not apply to:

(1) Any agreement existing prior to July 1, 2001;

(2) Any agreement entered into on or after July 1, 2001 pursuant to a memorandum of intent or agreement to issue bonds authorized by any city or county prior to July 1, 2001; and

(3) Any agreement entered into on or after July 1, 2001 related to a project covered by a financial incentive proposal from the Arkansas Department of Economic Development dated prior t July 1, 2001.

~~(b)~~(e) Nothing in this section shall be construed as affecting in any manner the rights or obligations of any of the parties to any such agreements existing on the date of enactment of this subchapter providing for payments in lieu of ad valorem taxes.

SECTION 3. The Senate and House Interim Committees on Education, the Senate and House Interim Committees on Insurance and Commerce, and the Senate and House Interim Committees on Revenue and Taxation, shall conduct a study of the impact of in-lieu-of-tax payments on state funding of the public schools and shall study the process of negotiating in-lieu-of-tax payments and draft any necessary legislation to improve the process.

SECTION 4. EMERGENCY. It is hereby found and determined by the General Assembly that the adequate funding of public schools is imperative; that the public schools are currently in dire need of additional funding; that this act will cause more resources to be made available to the public schools; that the sooner this act goes into effect, the sooner public schools will receive additional resources. Therefore an emergency is declared to exist and this act being immediately necessary for the preservation of the public peace, health and safety shall become effective on the date of its approval by the Governor. If the bill is neither approved nor vetoed by the Governor, it shall become effective on the expiration of the period of time during which the Governor may veto the bill. If the bill is vetoed by the Governor and the veto is overridden, it shall become effective on the date the last house overrides the veto.

Delete everything following the enacting clause and substitute the following:

"SECTION 1. (a) The State Board of Education shall develop a plan to be known as the "Comprehensive Plan for Consistency and Rigor in Course Work".

(b)(1) The Comprehensive Plan for Consistency and Rigor in Course Work shall be designed to ensure that every public school student has the opportunity to learn rigorous and challenging course work by eliminating low level, general education tracts offered by local public school districts in grades nine through twelve (9-12).

(2) The Comprehensive Plan for Consistency and Rigor in Course Work may include a provision for standardizing students' transcripts.

(3)(A) The Comprehensive Plan for Consistency and Rigor in Course Work shall require that all academic subject area courses offered by local public school districts in grades nine through twelve (9-12) are to be aligned with the Arkansas Curriculum Frameworks in all academic subject matter areas.

(B) These frameworks, developed by the Department of Education, require student demonstration of the rigorous knowledge and skills necessary to succeed in the state's institutions of post-secondary education or to enter the workforce.

(e) The Department of Education shall monitor compliance with the requirements of this act during the Standards for Accreditation of Arkansas Public

Schools review visit and during the school improvement planning process as defined by the Arkansas Comprehensive Testing, Assessment, and Accountability Program.

(g) The State Board of Education shall promulgate appropriate rules and regulations necessary to carry out the requirements of this act.

**REGULAR SESSION**  
**Amendment No. 10 to SENATE BILL NO. 137**

JBC 03/29/2001 & 3/30/2001 (1)

Amend **Senate Bill No. 137** as engrossed, 3/29/01:

Insert the additional sections immediately following Section 33 to read as follows:

" SECTION 34. SPECIAL LANGUAGE. NOT TO BE INCORPORATED INTO THE ARKANSAS CODE NOR PUBLISHED SEPARATELY AS SPECIAL, LOCAL AND TEMPORARY LAW. AR ACADEMIC CHALLENGE SCHOLARSHIPS EXPENDITURE RESTRICTIONS. In the event that the Department of Higher Education spends or commits to expend in excess of \$28,857,500 in Fiscal Year 2001-02 or \$29,582,500 in Fiscal Year 2002-03 for the appropriation authorized in this Act for the "AR ACADEMIC CHALLENGE SCHOLARSHIPS", then the Department of Higher Education shall be required to obtain the approval of the Legislative Council and the House and Senate Interim Committees on Education before any monies are expended or committed to be expended for the Distinguished Governors Scholars Program in Fiscal Year 2002-03 and Fiscal Year 2003-04. There shall be a maximum of 5,000 new AR Academic Challenge Scholarships and 250 new Distinguished Governors Scholars Program Scholarships each fiscal year.

In the event that the official general revenue forecast is lower in each fiscal year than the level upon which the restrictions in this Section were based, then the Department of Higher Education shall make the necessary proportionate reductions in the number of scholarships after approval of the Legislative Council and the House and Senate Interim Committees on Education.

The General Assembly has determined that the agency in this act could be operated more efficiently if some flexibility is given to that agency and that flexibility is being accomplished by providing authority to transfer between certain items of appropriation made by this act. Since the General Assembly has granted the agency broad powers under the transfer of appropriations, it is both necessary and

appropriate that the General Assembly maintain oversight of the utilization of the transfers by requiring prior approval of the Legislative Council in the utilization of the transfer authority. Therefore, the requirement of approval by the Legislative Council is not a severable part of this section. If the requirement of approval by the Legislative Council is ruled unconstitutional by a court jurisdiction, this entire section is void.

SECTION 35. SPECIAL LANGUAGE. NOT TO BE INCORPORATED INTO THE ARKANSAS CODE NOR PUBLISHED SEPARATELY AS SPECIAL, LOCAL AND TEMPORARY LAW. AUDIT/REVIEW OF STATE SCHOLARSHIP FUNDS. Any post-secondary institution that receives state scholarship funds administered by the Arkansas Department of Higher Education shall be subject to audit/review of such funds by the Division of Legislative Audit, upon approval of the Legislative Joint Audit Committee.

SECTION 36. SPECIAL LANGUAGE. NOT TO BE INCORPORATED INTO THE ARKANSAS CODE NOR PUBLISHED SEPARATELY AS SPECIAL, LOCAL AND TEMPORARY LAW. AUDIT DATA. All post-secondary institutions shall provide to the Arkansas Department of Higher Education a copy of the Integrated Post-Secondary Education Data System (IPEDS) which shall be subject to audit by the Arkansas Department of Higher Education fiscal personnel.

SECTION 37. SPECIAL LANGUAGE. Arkansas Code 19-4-1705(b), concerning institutions of higher education exempt from contract provisions, is amended to add a new subdivision to read as follows:

(3) Are for services related to workforce development, incumbent workforce training, or specialized business or industry training."

**Amendment No. 2 to SENATE BILL NO. 987**

Amend **Senate Bill No. 987** as engrossed, S3/27/01:

Add two additional sections immediately following Section 3 to read as follows:

"SECTION 4. Arkansas Code 23-63-805(1), concerning domestic insurer investments in any one person, is amended to read as follows:

~~(1) One Person. An insurer shall not, except with the consent of the commissioner, have at any one time any combination of investments in or loans upon the security of the obligations, property, or securities of any one (1) person or issuer aggregating an amount exceeding ten percent (10%) of the insurer's assets, except that investments in certificates of deposit and savings and loan association deposits in any one (1) person may be the greater of ten percent (10%) of the insurer's assets or the maximum amount of federal insurance applicable to the deposit. This restriction shall not apply as to general obligations of the United States or of any state, or include policy loans made under § 23-63-821;~~

(A) Except with the consent of the commissioner and except as otherwise specified in this subchapter, an insurer shall not have, directly or indirectly through an investment subsidiary, an investment under this subchapter if, as a result of and after giving effect to the investment, the insurer would hold more than five percent (5%) of its admitted assets in investments of all kinds issued, assumed, accepted, insured or guaranteed by a single person, or five percent (5%) of its admitted assets in investments in the voting securities of a depository institution or any company that controls the institution. The five percent (5%) limitation shall not apply to the aggregate amounts insured by a single financial guaranty insurer with the highest generic rating issued by a nationally recognized statistical rating organization; and investments in certificates of deposit and savings and loan association deposits in any one (1) person may be the greater of ten percent (10%) of the insurer's assets or the maximum amount of federal insurance applicable to the deposit. This restriction shall not apply as to general obligations of the United States or of any state, or include policy loans made under § 23-63-821. Provided further, the applicable limitation shall be twenty percent (20%) rather than five percent (5%) as to direct obligations of certain federal agencies identified in § 23-63-812 of this code.

(B) If upon enactment, the immediate application of this provision would have the effect of reducing the admitted asset value of assets held by a particular insurer, the insurer may continue to reflect as admitted those assets that would be admissible but for the enactment of this provision, until the annual statement filing for the year ended December 31, 2004.

SECTION 5. Arkansas Code 23-63-840(a) is amended to read as follows:

(a) An insurer may invest in collateralized mortgage obligations ~~without investment limitation~~ provided that the underlying mortgages pledged to the repayment of principal and interest of the collateralized mortgage obligation are in themselves unconditionally guaranteed as to timely repayment of principal and interest by the United States, or by any agency or instrumentality of the United States; and provided that the specific investment right within that collateralized mortgage obligation is not a zero coupon class, residual interest, or a class designated as principal or interest only-, provided that the aggregate amount of collateralized mortgage obligations secured by or evidencing an interest in a single asset or single pool of assets held by a trust or other business entity, then held by the insurer would not exceed five percent (5%) of the insurer's total admitted assets. For purposes of the "one person" diversification restriction found in § 23-63-805(1), collateral mortgage obligations issued by the United States or any agency or instrumentality of the United States shall not be considered investments in or loans upon the security of the obligations, property or securities of the United States or any such agency or instrumentality of the United States. If upon enactment, the immediate application of this provision would have the effect of reducing the admitted asset value of assets held by a particular insurer, the insurer may continue to reflect as admitted those assets that would be admissible but for the enactment of this provision, until the annual statement filing for the year ended December 31, 2004."

If the bill is neither approved nor vetoed by the Governor, it shall become effective on the expiration of the period of time during which the Governor may veto the bill. “SECTION 7. Arkansas Code 21-5-214 is amended to read as follows:

New appointments to positions in a state agency or institution of higher education covered by this subchapter shall not be at greater than Pay Level I unless a special rate is requested and approved as follows:

(1)(A) State agencies or institutions of higher education may request special rates of compensation for either current or prospective employees within the agency or institution under the following conditions:

(i) Where prevailing market rates of compensation for a specific classification title are such that the agency or institution is unable to competitively recruit at the entry level for the salary grade assigned to that classification;

(ii) Where an acute shortage of qualified applicants for a specific classification exists;

(iii) Where the agency or institution desires to obtain the services of an exceptionally well-qualified applicant for a specific classification; or

(iv) To meet any requirements of the federal Fair Labor Standards Act.

(B)(i) State agencies or institutions of higher education may request special rates of compensation for a specific classification due to prevailing market rates of compensation to hire new employees up to a pay level equal to fifty percent (50%) of the range between Pay Level II and Pay Level III of the appropriate grade with the written approval of the Chief Fiscal Officer of the State, or above that level only with the approval of the Chief Fiscal Officer of the State after review by the Legislative Council, for new appointments where qualified applicants cannot be obtained at Pay Level I of the assigned grade.

(ii) No special rates of compensation shall be approved under the provisions of this section unless the classification is properly reviewed and approved as a market rate classification and listed on a register of such classifications to be maintained by the Office of Personnel Management of the Department of Finance and Administration.

(iii) The Office of Personnel Management shall file a report of all such classifications with the Legislative Council within the month following such approval.

(C)(i) In all instances where a special rate of compensation has been approved for a specific classification due to prevailing market rates of compensation or an acute shortage of qualified applicants, current employees within the state agency or institution allocated to the affected ~~classification~~ classifications of Grade 13 and below shall ~~not~~ be adjusted to that new rate by the agency or institution ~~until it has received approval to do so, where justified, by the Office of Personnel Management after seeking the review of the Legislative Council.~~ if sufficient revenues exist to do so. Current employees within the state agency or institution allocated to affected classifications of Grade 14 and above shall not be adjusted to that new rate by the agency or institution until it has received approval to do so, where justified, by the office of Personnel Management after seeking the review of the Legislative Council.

(ii) Agency or institution requests for special rates of compensation due to prevailing market rates or an acute shortage of qualified applicants for a specific classification may be approved up to the maximum annual rate authorized for the grade assigned to a classification;

(iii) The Office of Personnel Management shall file a report of all such classifications with the Legislative Council within the month following such approval.

(D)(i) Agency Directors and Presidents and Chancellors of institutions of higher education may approve starting salaries for new employees up to the level equal to fifty percent (50%) of the range between Pay Level II and Pay Level III of the appropriate grade. For purposes of this section "Hiring Range" means the "the range of pay rates between Pay Level I and a pay level equal to fifty percent (50%) of the range between Pay Level II and Pay Level III of the appropriate grade." The use of the hiring range shall be in accordance with the guidelines established herein:

(a) The hiring range shall be used only for establishing a starting salary for an employee in an individual position.

(b) Any person hired at or above Pay Level I shall meet or exceed the minimum qualifications for the job classification.

(c) Salary determination within the hiring range shall be based on the applicant's qualifications, competitive compensation rates, and effect on internal equity within the agency or institution.

(d) The hiring of a new employee under the provisions of this section shall not affect the salary level or salary eligibility of any existing employee within the agency or institution.

(e) The Office of Personnel Management shall have the authority to promulgate rules and regulations regarding the use of the hiring range subject to the approval of the Legislative Council. Agencies and institutions shall not utilize hiring range until authorized to do so by the Office of Personnel Management. Authorization for salaries within the hiring range for new appointments referenced in this subsection shall require the approval of the Chief Fiscal Officer until such time that the agency or institution is authorized to do so by the Office of Personnel Management.

(f) Quarterly audits of the use of hiring range by agencies and institutions of higher education shall be performed by the Office of Personnel Management. Agencies and institutions of higher education that are not in compliance with the use of the hiring range authority shall be reported to the Legislative Council and may have its hiring range authority suspended or revoked pending further investigation by the Office of Personnel Management.

(ii) A monthly report of new hires above Pay Level I shall be prepared and reviewed by the Office of Personnel Management. The report shall be presented to the Legislative Council at its regular monthly meeting.

(2)(A) State agencies or institutions may hire a new employee ~~up to~~ from a pay level equal to fifty percent (50%) of the range between Pay Level II and Pay Level III of the appropriate pay grade ~~with the written approval of the Chief Fiscal Officer of the State~~ and up to Pay Level IV with the approval of the Chief Fiscal Officer of the State after review by the Legislative Council, provided that this provision is intended to be used exclusively for the hiring of the exceptionally well-qualified employee whose background and experience qualify the applicant to perform the job with very little or substantially less orientation and training than would be the case for a qualified applicant.

(B) Requests by state agencies or institutions for special rates of compensation based on an exceptional level of qualifications held by a prospective employee may be approved only after the agency or institution has met the following conditions:

(i) It has documented to the satisfaction of the Chief Fiscal Officer of the State that no current employee of the affected agency or institution

applied ~~could have been considered~~ for promotion as and was determined by the agency to not be an equivalent alternative to the exceptionally well-qualified applicant. The Chief Fiscal Officer of the State shall, upon request, supply any documentation to the Legislative Council; and

(ii) The prospective employee possesses a level of experience or educational credentials that would permit him to perform the duties and responsibilities of the position for which the special rate is being requested with significantly less training and orientation than all other qualified applicants.

(C) The hiring of a new employee under subdivision (2) of this section shall not affect the salary level or salary eligibility of any existing employee within the agency or institution.

(D) The provisions of this section shall apply to both current and prospective state employees. The provisions of this section shall apply to current employees only in instances where the job has been advertised and the employee has competitively applied for the promotion by submitting a state application for consideration for the position. Otherwise, employees accepting internal promotions shall be compensated in accordance with 21-5-211(b)(2)(A).

(3) In all instances where approval has been granted to a requesting agency or institution for special rates of compensation in accordance with the provisions of this section, the Chief Fiscal Officer of the State shall report all approvals monthly to the Legislative Council;

(4)(A) There shall be established a pool of two hundred (200) positions at grade 26 assigned to the Office of Personnel Management to be used to reclassify positions in state agencies and institutions, when justified, to the proper classification and grade when the agency or institution does not have a vacant position available with the appropriate classification and grade.

(B) To obtain a position from the pool, an agency or institution must surrender to the pool the position being reclassified.

(C) The Office of Personnel Management shall review all requests and may grant approval of the reclassification after seeking the review of the Legislative Council; and

(5) An employee's anniversary date may be changed on approval of the Office of Personnel Management with the review of the Legislative Council in the event that an inequity is created due to the implementation procedures of this subchapter.”

"SECTION 13. Arkansas Code Title 6, Chapter 81, Subchapter 8 is repealed.  
~~6-81-801. Creation.~~

~~There is hereby established a program to be known as "The Minority Teacher Education Loan Program" to be administered by the Department of Higher Education.~~

~~6-81-802. Purpose.~~

~~Arkansas has experienced decreasing numbers of black students pursuing certification as public school teachers and decreasing proportions of black high school graduates entering college with the result that inadequate numbers of black Arkansans are completing teacher certification programs and black students in the public schools of Arkansas are not exposed to sufficient numbers of teachers who are examples of college-educated black Arkansans. The purpose of this subchapter is to provide loans to assist and encourage black and other minority Arkansans to enter and complete programs leading to certification as public school teachers. The program will provide loans to students admitted to, and within two (2) years of completing, teacher certification programs.~~

~~6-81-803. Student eligibility - Initial awards.~~

~~(a) The term "minority" when used in this subchapter shall refer to Black Americans, Hispanic Americans, Asian Americans, and Native Americans, which group includes all persons having origins in any of the original peoples of North America and who maintain cultural identification through tribal affiliation or~~

community recognition.

~~(b) The Department of Higher Education may make initial awards to minority students who meet the following conditions:~~

~~(1) Are residents of the State of Arkansas, as defined by the Department of Higher Education, and citizens of the United States or permanent resident aliens;~~

~~(3)(A) Are admitted to an approved program resulting in teacher certification, or plan to transfer to an institution with an approved teacher certification program;~~

~~(B) Have a 2.5 grade point average on a 4.0 system, or its equivalent; and~~

~~(C) Are able to be admitted to the program within the first semester at the new institution.~~

#### ~~6-81-804. Student eligibility - Loan renewal.~~

~~The Department of Higher Education may renew awards to students who meet the following conditions:~~

~~(1) Remain residents of the State of Arkansas, as defined by the department, and are citizens of the United States or permanent resident aliens;~~

~~(2) Maintain a 2.5 grade point average on a 4.0 system, or its equivalent; and~~

~~(3) Complete at least twenty four (24) semester credit hours, or its equivalent, applicable toward teacher certification during the first academic year of the loan.~~

#### ~~6-81-805. Loan conditions.~~

~~(a) Recipients must indicate an intention to teach in the public schools of Arkansas and be enrolled as full-time students pursuing initial certification.~~

~~(b) Students may receive the loan for a maximum of four (4) semesters, or its equivalent, and may utilize the loan upon transfer to any eligible institution.~~

#### ~~6-81-806. Number and amount of loan.~~

~~(a) The number of initial loan awards in each year shall not exceed one hundred (100).~~

~~(b) The amount for each student's loan shall be three thousand dollars (\$3,000) per year.~~

~~6-81-807. Institutional eligibility.~~

~~(a) The institution to be attended under the loan program must be a state or independent four-year institution located in Arkansas, meet federal institutional eligibility requirements, and be approved by the Department of Higher Education for the teacher certification program chosen by the student.~~

~~(b) The institution nominating the student for the loan must be a state or independent two-year or four-year institution located in Arkansas, meet federal institutional eligibility requirements, and offer the prerequisite courses for the teacher certification program chosen by the student.~~

~~6-81-808. Selection process.~~

~~(a) Students must be nominated for the loan by an eligible institution and selected by a process administered by the Department of Higher Education.~~

~~(b) The Department of Higher Education shall allocate the numbers of nominations to be submitted among the institutions eligible to make nominations, with consideration given to the number of teacher education graduates, the fall total full-time-equivalent enrollment, the utilization of loans in the previous year, and such other factors as the department shall determine.~~

~~6-81-809. Cancellation of repayment of loans -- Failure to repay.~~

~~(a) Loan recipients who teach full-time in a public school in Arkansas following teacher certification shall, upon annual certification by an appropriate school official, have forgiven one-fifth (1/5) of the total loan, and related interest, for each year employed in such capacity to a maximum of five (5) years, when the total loan and accumulated interest will be forgiven.~~

~~(b) Loan recipients who do not teach full-time in a public school in Arkansas upon completing their program of study shall repay, within a maximum of five (5) years, the full remaining balance plus accrued interest according to an interest and repayment schedule developed by the Department of Higher Education.~~

~~(c) Loan recipients required to repay as provided in subsection (b) of this section who fail to meet their repayment obligations may have added to their total obligation any costs for collection of the debt and shall have their teachers' certifications in Arkansas revoked.~~

~~6-81-810. Administration.~~

~~The Department of Higher Education shall administer the Minority Teacher Education Loan Program and shall have the following authority and responsibility with respect to the program:~~

~~(1) To adopt rules and regulations for the administration of the program consistent with the provisions of this subchapter, including, but not restricted to, the termination date for acceptance of applications and the procedures for payment of loans to recipients;~~

~~(2) To establish and consult as necessary with an advisory committee representing public elementary and secondary schools and the public and private institutions eligible for nomination and attendance under this subchapter in determining rules and regulations, selecting recipients, and such other matters as are necessary;~~

~~(3) To prepare application forms or such other forms as the department shall deem necessary to properly administer and carry out the purpose of this subchapter; and~~

~~(4) To designate necessary forms and repayment schedules.~~

SECTION 14. Arkansas Code Title 6, Chapter 81, Subchapter 9 is repealed.

~~6-81-901. Creation.~~

~~There is hereby established a program to be known as "The Freshman/Sophomore Minority Prospective Teacher Loan Program" to be administered by the Department of Higher Education.~~

~~6-81-902. Purpose.~~

~~The purpose of this subchapter is to increase the number of black and other minority Arkansans attending college with the intent of pursuing certification to teach in the public schools of Arkansas. The need for the program results from the decrease in the number of black students in teacher certification programs, the decreasing proportions of black high school graduates entering college, and the resulting inadequate opportunities for black public school students to experience black teachers who serve as examples of college-educated black Arkansans. The program will provide loans to students in their first two (2) years of college who are preparing for admission to teacher certification programs.~~

~~6-81-903. Student eligibility -- Initial awards.~~

~~(a) The term "minority" when used in this subchapter shall refer to Black Americans, Hispanic Americans, Asian Americans, and Native Americans, which group includes all persons having origins in any of the peoples of North America and who maintain cultural identification through tribal affiliation or community recognition.~~

~~(b) State and independent institutions of higher education may make initial awards to minority students who meet the following conditions:~~

~~(1) Are residents of the State of Arkansas, as defined by the Department of Higher Education, and citizens of the United States or permanent resident aliens;~~

~~(2) Are first-time freshmen who state their intent to enter a teacher certification program and teach in the public schools of Arkansas;~~

~~(3) Are students with academic potential based upon a combination of standardized test scores and high school grades; and~~

~~(4) Are students who have completed a specified minimum general education core of academic courses in high school.~~

~~6-81-904. Student eligibility -- Loan renewal.~~

~~State and independent institutions of higher education may renew awards to students who meet the following conditions:~~

~~(1) Remain residents of the State of Arkansas, as defined by the Department of Higher Education, and are citizens of the United States or permanent resident aliens;~~

~~(2) Maintain the intent to pursue a teacher certification program and teach in the public schools of Arkansas; and~~

~~(3) Earn a 2.5 grade point average on a 4.0 system, or its equivalent, which the institution would normally specify for students who plan to major in a teacher education program.~~

~~6-81-905. Loan conditions.~~

~~(a) A recipient must be enrolled as a full-time student in courses in, or preparing for entry to, an approved teacher certification program and indicate the intent to teach in the public schools of Arkansas.~~

~~(b) Upon completion of at least one (1) year at the selecting institutions, a student eligible for continuation of the loan may utilize it upon transfer to any eligible institution. A student may receive the loan for a maximum of four (4) semesters, or its equivalent.~~

~~6-81-906. Number and amount of loan.~~

~~(a) The number of initial loan awards in each year shall not exceed one hundred fifty (150).~~

~~(b) The amount for each student's annual loan shall be two thousand dollars (\$2,000).~~

~~6-81-907. Institutional eligibility.~~

~~(a) The institution to be attended under the loan program must be a state or independent four-year or two-year institution in Arkansas and offer the prerequisite courses for entry into teacher certification programs.~~

~~6-81-908. Selection process.~~

~~(a) Participating eligible institutions will select students under rules and regulations adopted by the Department of Higher Education so as to encourage additional minority students to enter college and prepare for entry into teacher certification programs and choose the most academically qualified minority students who meet the minimum requirements established for the program.~~

~~(b) Institutions may establish requirements more restrictive than the minimum requirements established for the program so long as they do not conflict with the program requirements established by law, rule, and regulation.~~

~~6-81-909. Cancellation of repayment of loans - Failure to repay.~~
