"SECTION 1. Arkansas Code § 24-11-434 is amended to read as follows:
24-11-434. Deferred retirement option plan.

(a)(1) In lieu of terminating employment and accepting a service retirement pension pursuant to ~~§ 24-11-401 et seq.~~ under this subchapter, any police officer who is a member of a policemen's pension and relief fund who has not less than twenty (20) years of credited service and who is eligible to receive a service retirement pension may elect to participate in the Arkansas Police Officers' Deferred Option Plan and defer the receipt of benefits in accordance with the provisions of this section, provided that the board of trustees of the local policemen's pension and relief fund approves the participation in the plan.

(2) For purposes of this section, credited service shall include service credit recognized pursuant to this subchapter.

(b)(1) The duration of participation in the plan for active police officers shall not exceed five (5) years.

(2) The five-year limit may be extended if:

(A) The extension does not cause the limit to exceed ten (10) years;

(B) The extension applies to all active members and all members on the plan;

(C) The extension is approved by a majority of votes of the board of trustees of the pension and relief fund or of the Arkansas Local Police and Fire Retirement System for funds whose administrative responsibility has been assigned to the system as provided in § 24-11-406(b);

(D) The interest credited after the first five (5) years on the plan shall be two (2) percentage points below the rate of return of the investment portfolio of the fund and shall not be determined under subdivision (e)(2) of this section, but in no event shall the interest rate credited be less than zero percent (0%); and

(E) The extension is approved by a majority vote of the governing body of the sponsoring municipality.

~~(c)(1) Except under subdivision (c)(2) of this section, at the conclusion of a member's participation in the plan, the member shall terminate employment with all participating municipalities as a police officer and shall start receiving the member's accrued monthly retirement benefit from the policemen's pension and relief fund.~~

~~(2) If a member is at the conclusion of a member's participation in the plan, the member may continue employment by a municipality under the following conditions:~~

~~(A) The municipality makes continued employment available to all similarly situated members;~~

~~(B) The availability of continued employment is approved by a majority vote of the governing body of the sponsoring municipality after receiving approval for an increase in benefits under § 24-11-102;~~

~~(C) The monthly benefit that is credited to the member's plan account is discontinued and the member shall not receive a monthly benefit until the member actually ceases employment;~~

~~(D) The interest rate credited to the plan account is the same paid as under subdivision (e)(2) of this section, except that the minimum rate is zero percent (0%);~~

~~(E) The employer's matching contribution of six percent (6%) shall cease, but all other employer contributions shall continue and be credited to the pension and relief fund; and~~

~~(F) The employee contributions of six percent (6%) shall discontinue.~~

(d)(1) When a member begins participation in the plan, the contribution of the police officer and the employer contribution shall continue to be paid.

(2)(A) In a municipality having a population of over twenty thousand (20,000) persons, municipal matching contributions for employees who elect the plan shall be credited equally to the policemen's pension and relief fund and to the plan, or at the option of the local pension and relief fund board of trustees, credited in the manner provided in subdivision (d)(2)(B) of this section.

(B) In a municipality having a population of twenty thousand (20,000) persons or less, municipal matching contributions for employees who elect the plan shall be credited in full to the policemen's pension and relief fund, and the contribution of the employee shall be credited to the member's plan account.

(3) The monthly retirement benefits that would have been payable had the member elected to cease employment and receive service retirement and pension supplement payments made by the Policemen's Pension Supplement Program shall be paid into the plan account.

(e)(1) The member's monthly retirement benefit shall not change unless the plan receives a benefit increase.

(2)(A) A member who participates in this plan shall earn interest at a rate of two (2) percentage points below the rate of return of the investment portfolio of the policemen's pension and relief fund as certified by the actuary under contract with the Arkansas Fire and Police Pension Review Board in accordance with generally accepted actuarial practices and § 24-11-207 but no less than the actuarial assumed interest rate as certified by the actuary.

(B) The interest shall be credited to the individual account balance of the member on an annual basis.

(f)(1) At the option of the participant, a participant in the plan shall receive a lump-sum payment from the account equal to the payments to the account or a true annuity based upon the account of the participant or may elect any other method of payment if approved by the board of trustees.

(2) If approved by a majority vote of the governing body of the sponsoring municipality and the board of trustees, a participant in the deferred retirement option plan may defer receiving payment of the participant's account and continue with the funds deposited in the plan.

(3)(A) Interest credited to the continuing deposit of funds in the plan under subdivision (f)(2) of this section shall be calculated in the same manner as interest under subdivision (e)(2) of this section.

(B) However, the minimum interest rate shall not be less than zero percent (0%).

(4) The payment of funds accumulated while participating in the deferred retirement option plan may be deferred only one (1) time. These funds must be distributed or annuitized by December 31 of the year a member attains age seventy and one-half (70 1/2).

(g) If the participant dies during the period of participation in the plan, a lump-sum payment equal to the account balance of the participant shall be paid.

(h) A participant in the plan shall not receive any benefits under the plan unless he or she participates in the plan for a minimum of one (1) year, absent death or disability.

(i) The Arkansas Fire and Police Pension Review Board may promulgate regulations to make the plan under this section comply with the requirements of this section and with the applicable portions of the federal Internal Revenue Code, as it existed on January 1, 2003.

(j) Although the police officer may remain employed by the participating municipality, any member who opts to participate in the plan shall be considered to be retired for all retirement purposes, including, but not limited to, benefit increase purposes and the extension of benefits to the spouses of deceased members."

SUBCHAPTER 7 — DEBT CANCELLATION AGREEMENTS

4-90-701. Definition.

As used in this subchapter, "debt cancellation agreement" means a loan term or contractual arrangement modifying a loan term dealing with motor vehicles under which a lender agrees to cancel all or part of a borrower's obligation to repay an extension of credit from the lender upon the occurrence of a specified event other than the death or disability of the borrower, whether or not separate from or a part of other loan documents. Provided, however, for purposes of this subchapter only, the term "debt cancellation agreement" shall not include that form of debt cancellation agreement which constitutes a guaranteed automobile protection waiver agreement or "GAP" waiver agreement. A guaranteed automobile protection waiver agreement or "GAP" waiver agreement means a loan term or a contractual arrangement modifying a loan term dealing with motor vehicles under which a lender agrees to waive, cancel, pay , or satisfy any remaining balance owed on a loan after a total loss or theft of the vehicle.

4-90-702. Requiring borrower to purchase debt cancellation agreement prohibited.

A lender shall not require a borrower to purchase a debt cancellation agreement.

4-90-703. Debt cancellation agreements to be legible — Disclosure requirements.

All terms of a debt cancellation agreement shall be printed or reproduced to render all material provisions of the agreement legible and shall clearly and conspicuously disclose the following information:

(1) If the debt cancellation agreement is provided by or administered by a third party, the debt cancellation agreement shall disclose that fact and provide the name, address, and telephone number of the third party and describe the procedure to follow for filing a claim with that third party under the debt cancellation agreement;

(2) The total retail price of the debt cancellation agreement;

(3) Any limitation or restriction on the cancellation of the entire debt due upon the occurrence of the specified event;

(4) That the purchaser is allowed to cancel the debt cancellation agreement at any time and receive a refund paid directly to the purchaser minus any cancellation fee not to exceed twenty-five dollars (\$25.00) as follows:

(A) If the debt cancellation agreement is cancelled within thirty (30) days of purchase, a purchaser shall receive a full refund of the retail price; or

(B) If the debt cancellation agreement is cancelled at a later time, the purchaser shall receive a pro rata refund of the retail price for the unexpired term based upon the number of elapsed months at the time of the cancellation compared to the total length of the financing agreement; and
(5) That the terms of the debt cancellation agreement financed by the lender are binding on the lender.

4-90-704. Debt cancellation agreements — Restrictions.

No debt cancellation agreement shall be issued that:

- (1) Is in any respect in violation of or does not comply with this subchapter;
(2) Contains or incorporates by reference if incorporation by reference is otherwise permissible any inconsistent, ambiguous, illusory, or misleading clauses or exceptions and conditions that deceptively affect the material terms of the debt cancellation agreement;
(3) Has a title, heading, or other indication of its provisions that is misleading; or
(4) Is sold after any representation, oral or written, that is misleading or deceptive with respect to any material term of the contract or any provision of this subchapter.

4-90-705. Application of § 4-88-101 et seq. to debt cancellation agreements and sellers of debt cancellation agreements.

(a) Debt cancellation agreements and sellers of debt cancellation agreements are subject to the provisions of § 4-88-101 et seq., and any violation of any of the provisions of this subchapter constitutes an unconscionable or deceptive act or practice under § 4-88-101 et seq.

(b) All remedies, penalties, and authority granted to the Attorney General under § 4-88-101 et seq. are available to the Attorney General for the enforcement of this subchapter.

SECTION 20. Arkansas Code § 23-60-102(1), concerning the definition of "insurance" under the Arkansas Insurance Code, is amended to read as follows:

(1)(A)(i) "Insurance" is any agreement, contract, or other transaction whereby one party, the "insurer", is obligated to confer benefit of pecuniary value upon another party, the "insured" or "beneficiary", dependent upon the happening of a fortuitous event in which the insured or beneficiary has, or is expected to have at the time of such happening, a material interest which will be adversely affected by the happening of such an event.

(ii) A "fortuitous event" means any occurrence or failure to occur which is, or is assumed by the parties to be, to a substantial extent beyond the control of either party.

(B) "Insurance" shall, for purposes of subtitle 3 of this title, be deemed to include "annuities", which are agreements by insurers to make periodic payments that continue during the survival of the measuring life or lives under the agreements or for a specified period.

(C) "Reinsurance" is a contract under which an originating insurer, called the "ceding" insurer, procures insurance for itself in another insurer, called the "assuming" insurer or reinsurer, with respect to part or all of an insurance risk of the originating insurer;

(D)(i) "Insurance" shall not include a debt cancellation agreement.

(ii) "Debt cancellation agreement" is a loan term or contractual arrangement modifying a loan term dealing with motor vehicles under which a lender agrees to cancel all or part of a borrower's obligation to repay an extension of credit from the lender upon the occurrence of a specified event other than the death or disability of the borrower. The agreement may be separate from or a part of other loan documents."

SECTION 21. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that the incompatibility of acts of the Eighty-Sixth General Assembly presents difficult compliance issues for the administration of debt cancellation agreements; that in order to avoid a disruption in commerce associated with compliance with other debt cancellation legislation, the enactment of Sections 19 and 20 of this act is immediately necessary. Therefore, an emergency is declared to exist and Sections 19 and 20 of this act being immediately necessary for the preservation of the public peace, health, and safety, Sections 19 and 20 shall become effective on:

- (1) The date of its approval by the Governor;
- (2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or
- (3) If the bill is vetoed by the Governor and the veto is overridden, the date the last house overrides the veto.

AND

Appropriately renumber the sections of the bill.

AND

Appropriately restate the references to sections 19 and 20 in the Emergency Clause of the bill if sections 19 and 20 are renumbered.

SUBCHAPTER 1 – GENERAL PROVISIONS

26-64-101. Title.

This chapter shall be known and may be cited as “Arkansas Special Excise Tax on Mini-Warehouse and Self-Storage Rental Services”.

26-64-102. Definitions.

As used in this chapter:

(a)(1) “Mini-warehouse and self-storage rental services” means providing a secured area such as a building, a room in a building, locker, compartment, container, or a secured area within a building for the purpose of storing tangible personal property in which the consumer customarily stores and removes the consumer’s tangible personal property on a self-service basis. This term includes, but is not limited to, storage lockers or storage units in apartment complexes (if the locker or unit is utilized at the option of a tenant upon payment of a fee in addition to the apartment rental), amusement parks, water parks, recreational facilities, and other public locations where lockers are rented for self-storage.

(2) “Mini-warehouse and self-storage rental services” shall not include:

(A) General warehousing and storage, where the warehouse is engaged in the operation of receiving, handling, and storing property for others using the warehouse’s staff and equipment, and does not allow the consumer of the service separate access to the storage area used to hold the property; and

(B) Storage incidental to the lease of real property used for purposes other than the storage of tangible personal property.

(b) “Director” means the Director of the Department of Finance and Administration, or any of his or her authorized agents;

(c) “Gross receipts” or “gross proceeds” means the total amount of consideration for the sale of tangible personal property and such services as are provided for in this act, whether the consideration is in money or otherwise, without any deduction on account of the cost of the properties sold, labor service performed, interest paid, losses, or any expenses whatsoever.

26-64-103. Tax additional to other taxes.

The tax levied by this chapter shall be in addition to any other tax except as otherwise provided in this chapter.

26-64-104. Administration - Rules and regulations.

(a) The Director of the Department of Finance and Administration shall administer this chapter.

(b) The director shall prescribe forms and promulgate rules for the proper enforcement of this chapter, including without limitation the manner and time the taxes levied by this chapter shall be collected, reported, and paid, and how a sale will be sourced.

26-64-105. Disposition of taxes, interest, and penalties.

The taxes levied in this chapter, including any associated interest, penalties and costs levied pursuant to Arkansas law, shall be distributed as follows:

(a) Seventy-six and six-tenths percent (76.6%) of the tax, interest, penalties, and costs received by the Director of the Department of Finance and Administration shall be deposited as general revenues;

(b) Eight and one-half percent (8.5%) of the tax, interest, penalties, and costs received by the director shall be deposited into the Property Tax Relief Trust Fund; and

(c) Fourteen and nine-tenths percent (14.9%) of the tax, interest, penalties, and costs received by the director shall be deposited into the Educational Adequacy Fund.

SUBCHAPTER 2 – REGISTRATION – DISCOUNT – EXEMPTION -- PROCEDURES.26-64-201. Registration required.

(a) It is unlawful for any taxpayer to transact business within this state prior to registering with the Director of the Department of Finance and Administration.

(b) The director may promulgate rules to implement this section.

26-64-202. Discount for prompt payment.

A taxpayer filing a report for a tax due under this chapter is eligible for the discount for prompt payment pursuant to § 26-52-503.

26-64-203. Exemptions generally.

A tax levied by this chapter is exempted from taxation in the same manner as the gross receipts tax levied by the Arkansas Gross Receipts Act of 1941, § 26-52-101 et seq.

26-64-204. Applicability of tax procedure provisions.

Any proceeding related to the registration, collection, reporting, payment, or protest of the taxes levied under this chapter is governed by the Arkansas Tax Procedure Act, § 26-18-101 et seq.

SUBCHAPTER 3. SPECIAL EXCISE TAX ON MINI-WAREHOUSE AND SELF-STORAGE RENTAL SERVICES.26-64-301. Tax Levied.

(a)(1) Beginning July 1, 2007, there is levied an excise tax on the gross receipts or gross proceeds derived from mini-warehouse and self-storage rental services at the rate of four and one-half percent (4.5%).

(2) Beginning July 1, 2008, the tax levied in subdivision (a)(1) of this section shall be levied at the rate of three percent (3%).

"SECTION 2. Effective July 1, 2007, Arkansas Code § 26-52-316(a) is amended to read as follows:"

AND

Page 2, line 18, add the following section:

"SECTION 3. EMERGENCY CLAUSE. It is found and determined by the Eighty-Sixth General Assembly that mini-warehouse and self-storage businesses provide the citizens of the State of Arkansas with an affordable, convenient alternative for safely storing family and business records, in effect creating an extension of the family home or apartment; that the gross receipts tax on such services unfairly targets the poor and middle classes of the State who are less able to safely store such items at their residences or at the site of their small businesses; that the gross receipts tax on such services in effect places a recurring tax burden for the storage of items on which the tax was long ago paid by the consumer; and that the rate reduction and eventual elimination provided by this special excise tax are necessary to alleviate this burden. Therefore, an emergency is declared to exist, and this act, being immediately necessary for the preservation of the public peace, health and safety, shall become effective July 1, 2007."

Page 1, delete lines 25 through 36 in their entirety and substitute

"(a) As used in this section:

(1) "Certified employee" means a person employed by a public school who is required to hold a license issued by the Arkansas Department of Education;

(2) "Classified employee" means a person employed by a public school district under a written annual contract who is not required to have a teaching certificate issued by the Arkansas Department of Education as a condition of employment; and

(3) "Incentive" means a salary amount that is in addition to the amount paid in accordance with a public school district's salary schedule for additional responsibilities, mastery of new knowledge and skills, advanced career opportunities, increased student achievement, attracting highly qualified teachers, and professional development exceeding state minimums.

(b) A public school district may offer or participate in an incentive or pay-for-performance program to its certified employees, classified employees, or both employee groups if:

(1) The program is implemented district-wide or on a school-by-school basis;

(2) Every certified or classified employee is eligible to participate in the program;

(3)(A) The program from the beginning is a collaborative effort between the participating school board, administrators, teachers, classified employees, association representatives, and the community.

(B) The school board, administrators, teachers, and classified employees shall each approve a show of interest resolution in the program by at least seventy-five percent (75%).

(C) All of the above groups including the community shall be involved in the design, implementation, and evaluation of the program.

(D) The programs' personnel policies shall be promulgated in accordance with § 6-17-201, et. seq., and §6-17-2301, et.seq., except to the extent that those personnel policies are negotiable in any school district that recognizes an organization representing a majority of teachers.

(4)(A) The program uses a variety of objective criteria that are credible, clear, specific, measurable indicators of student achievement, and generally accepted best practices to determine rewards; and

(B) No more than fifty percent (50%) of the program's eligibility requirements or incentives shall be related to annual increases in test scores;

(5)(A)(i) The program establishes a clear and flexible system of incentives.

(ii) The incentive system may not be arbitrary.

(B) The incentives shall be at least five percent (5%) to ten percent (10%) of the base salary and receivable in one year;

(6) The program has an established and ongoing support system for the participants with the necessary financial and administrative resources to successfully carry the program through;

(7) The program is aligned and linked to each school's Arkansas Comprehensive School Improvement Plan;

(8) The program is part of a larger set of reforms rather than an isolated approach to improving performance or rewarding certain certified or classified employees; and

(9) Each group identified in subdivision (a)(3)(B) approves the finalized program by:

(A) At least a seventy percent (70%) majority; or

(B) Another percentage previously agreed upon in writing between a school board and an organization representing a majority of the teachers.

(c) The Arkansas Department of Education shall promulgate the rules necessary for the proper implementation of this act."

Delete SECTION 1 in its entirety and substitute the following:

"SECTION 1. Arkansas Code § 17-19-111 is amended to read as follows:
17-19-111. Fees.

(a) Notwithstanding any other provisions of this chapter to the contrary, and notwithstanding any other provisions of Arkansas law to the contrary, professional bail bond companies are hereby required to charge, collect, and remit the following fees for direct deposit as special revenues into the State Insurance Department Trust Fund for the support, personnel, maintenance, and operations of the State

Insurance Department and for the Domestic Peace Fund administered by the Arkansas Child Abuse/Rape/Domestic Violence Commission, in addition to any other fees, taxes, premium taxes, levies, or other assessments imposed in connection with the issuance of bail bonds by professional bail bond companies under Arkansas law.

(b)(1) In addition to the bail or appearance bond premium or compensation allowed under § 17-19-301, each licensed professional bail bond company shall charge and collect as a nonrefundable fee for the fund an additional ten dollar (\$10.00) fee per bail bond for giving bond for each and every bail and appearance bond issued by the licensed professional bail bond company by or through its individual licensees.

(2) The fees shall be collected quarterly and then reported and filed with the Insurance Commissioner no later than fifteen (15) calendar days after the end of each quarter.

(3) The notarized quarterly reporting form and a notarized annual reconciliation form as to all fees collected for the fund shall be filed by each professional bail bond company on forms prescribed by the commissioner and at the times and in the manner as the commissioner shall prescribe in conformity with this section.

(4) A paper-processing charge of fifteen dollars (\$15.00) shall be collected on each bail bond in order to defray the surety's costs incurred by the quarterly and annual reporting requirements contained herein and to further defray the surety's costs incurred in the collection of all fees due, owing, and collected on behalf of the fund and the surety's costs incurred in the preparation of all required reports submitted in conformance with the standards established by the American Institute of Certified Public Accountants.

(c)(1) The commissioner may, in his or her discretion, grant an extension for the filing of the report and fees for good cause shown upon timely written request.

(2) Absent an extension for good cause shown, each licensed professional bail bond company failing to report or pay these fees shall be liable to the fund for a monetary penalty of one hundred dollars (\$100) per day for each day of delinquency.

(3) The commissioner may pursue any appropriate legal remedies on behalf of the fund to collect any delinquent fees and penalties owed as special revenues.

(d)(1) Upon collection of the fees and any monetary penalties, the commissioner shall deposit as special revenues:

(A) Thirty percent (30%) of all fees and penalties directly into the fund as special revenues State Insurance Department Trust Fund; and

(B) Seventy percent (70%) of all fees and penalties directly into the Domestic Peace Fund administered by the Arkansas Child Abuse/Rape/Domestic Violence Commission.

(2) The fees and penalties shall be in addition to all other fees, licensure or registration fees, taxes, assessments, levies, or penalties payable to any federal or state office, court, agency, board, or commission or other public official or officer of the state, or its political subdivisions, including counties, cities, or municipalities, by professional bail bond companies.

(3)(A) Each individual bail bondsman is required to assist in collection of the fees, but is exempt from the duty and responsibility of payment of the fees to the fund unless he or she misappropriates or converts such moneys to his or her own use or to the use of others not entitled to the fees.

(B) In that case, the commissioner shall proceed on behalf of the fund with any civil or criminal remedies at his or her disposal against the individual responsible.

(C) Upon criminal conviction of the individual responsible for fraudulent conversion of the moneys due the fund, the individual responsible shall pay restitution to the trust fund, and the court shall incorporate a finding to that effect in its order.

(D) Absent substantial evidence to the contrary, the violations of the individual may be attributed to the employing bail bond company, and any criminal or civil court may, in its discretion and upon substantial evidence, order the employing bail bond company to pay restitution to the fund on behalf of the responsible individual and shall incorporate that finding into its order.

(e) For purposes of any statutory security deposit Arkansas law requires of professional bail bond companies, including, but not limited to, the deposit under § 17-19-205, the payment of the fees required by this section is considered to be a duty of the licensee, so as to allow the commissioner on behalf of the fund to make a claim against any such deposit for the fees required by this section and any penalties owed thereon, up to the limit of any security deposit.

(f) Under no circumstances shall the fees or penalties thereon held in or for deposit into the fund as special revenues be subject to any tax, levy, or assessment of any kind, including, but not limited to, any bond forfeiture claims, any garnishment or general creditors' claims, any remedies under title 19 of this Code, or other provisions of Arkansas law.

(g)(1) At the beginning of each fiscal year, the department shall certify to the Chief Fiscal Officer of the State an amount sufficient to provide for personal services and operating expenses of the Professional Bail Bond Company and Professional Bail Bondsman Licensing Board.

(2) The Chief Fiscal Officer of the State shall then transfer the certified amount from the State Insurance Department Trust Fund to the Bail Bondsman Board Fund."

SECTION 2. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that lawsuits concerning poultry litter have created a crisis in poultry litter distribution in Arkansas; that incentives for transportation of poultry litter will provide immediate relief to both Arkansas poultry producers and Arkansas poultry litter applicators; and that this act is immediately necessary because many poultry litter applications are made once a year and any delay in transportation will further exacerbate the already serious crisis. Therefore, an emergency is declared to exist and this act being immediately necessary for the preservation of the public peace, health, and safety shall become effective on:

(1) The date of its approval by the Governor;

(2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or

Amendment No. 1 to SENATE BILL NO. 938

Amend **Senate Bill No. 938** as originally introduced:

Page 1, delete lines 23 through 25 in their entirety and substitute the following
 "SECTION 1. Arkansas Code Title 6, Chapter 13, is amended to add an additional subchapter to read as follows:

6-13-1701. Purpose.

The purpose of this subchapter is to encourage the voluntary creation of administratively consolidated or administratively annexed school districts that are as near to being county-wide as is practicable under our existing system of school district territorial organization and to further encourage the voluntary formation of single administrative public education units that include territory from more than one county where circumstances in a particular area make that educationally beneficial.

6-13-1702. Definitions.

As used in this subchapter:

(1)(A) "Administrative annexation" means the joining of an affected school district or a part of the school district with a receiving school district.

(B) "Administrative annexation" does not include the closing of school facilities;

(2) "Administrative consolidation" means the joining of two (2) or more school districts to create a single school district with one (1) administrative unit and one (1) board of directors that is not required to close school facilities;

(3) "Affected school district" means a school district that loses territory or students, or both, as a result of an administrative consolidation or an administrative annexation;

(4) "Receiving school district" means a school district or districts that receive territory or students, or both, from an affected school district as a result of an administrative consolidation or an administrative annexation;

(5) "Resulting school district" means the new school district created from an affected district or districts as a result of an administrative consolidation or an administrative annexation; and

(6) "State board" means the State Board of Education.

6-13-1703. Voluntary administrative consolidation or voluntary administrative annexation.

(a)(1) Any school district may agree to a voluntary administrative consolidation or a voluntary administrative annexation with another school district or school districts under the provisions of this section.

(2)(A) Any school district that agrees to a voluntary administrative consolidation or a voluntary administrative annexation shall submit to the State Board of Education a petition that contains the terms of the voluntary administrative consolidation or voluntary administrative annexation agreement petition and any other information required by the state board.

(B) If the petition is approved by the state board, the affected school districts shall complete the voluntary administrative consolidation or the voluntary administrative annexation as directed by the state board.

(3) The state board shall not deny a petition for voluntary administrative consolidation or voluntary administrative annexation unless:

(A) A provision contained in the agreement for a voluntary administrative consolidation or voluntary administrative annexation would violate state or federal law; or

(B) The voluntary administrative consolidation or voluntary administrative annexation would not enhance the educational opportunities of students in the affected school districts.

(b) Any voluntary administrative consolidation or voluntary administrative annexation under this section shall not create a resulting school district that adversely affects the desegregation of another school district in this state.

(c) The ad valorem tax rate shall be determined as set forth under § 6-13-1409 for any affected school district under this subchapter.

(d) Nothing in this subchapter shall require the closing of any school or school facility.

(e) The resulting school district shall not have more than one (1) superintendent.

(f) Any school district not designated as being in academic or fiscal distress for the current school year that voluntarily administrative consolidates or voluntarily annexes a school district designated by the state board as being in academic or fiscal distress at the time of consolidation or annexation shall not be subject to academic or fiscal distress sanctions for a period of three (3) years from the effective date of consolidation or annexation unless:

(1) The school district fails to meet minimum teacher salary requirements; or

(2) The school district fails to comply with the Standards for Accreditation of Arkansas Public Schools issued by the Department of Education.

(g) The state board may approve the voluntary administrative consolidation of noncontiguous school districts if the facilities and physical plant of each school district:

(1) Are within the same county; or

(2) Are not within the same county and the state board finds that the consolidation or annexation will:

(A) Improve the overall educational benefit to students in all of the affected school districts; or

(B) Provide a significant advantage in transportation costs or service to all of the affected school districts.

(h) Contiguous districts may agree to a voluntary administrative consolidation even if they are not in the same county.

(i) The provisions of § 6-13-1406 shall govern the board of directors of each school district created under this subchapter.

(j) The state board shall promulgate rules to facilitate the administration of this subchapter.

6-13-1704. Incentives for the resulting school district containing seventy percent (70%) or more of the total county school enrollment.

(a) The state board shall develop and implement an incentive program that encourages the creation of administrative public education units that are as nearly county-wide as is practical, or larger, through voluntary administrative consolidation or voluntary administrative annexation. Therefore, whenever a voluntary administrative consolidation or voluntary administrative annexation of one or more school districts with another school district results in the formation of a resulting school district that contains seventy percent (70%) or more of the total school district enrollment of all the districts in the county wherein the resulting school district is situated, the resulting school district shall receive incentives which include:

(1) For the first year after consolidation or annexation, an award of one thousand dollars (\$1,000) per student in the resulting school district up to a maximum of five million dollars (\$5,000,000);

(2) For the second year after consolidation or annexation, an award of five hundred dollars (\$500) per student in the resulting school district up to a maximum of two and one-half million dollars (\$2,500,000); and

(3) For the third year after consolidation or annexation, an award of five hundred dollars (\$500) per student in the resulting school district up to a maximum of two and one-half million dollars (\$2,500,000).

(b) The Division of Public School Academic Facilities and Transportation shall ensure that the state's financial participation in support of the resulting school district's academic facilities fully funds any financial contribution that is required or would be required of the resulting school district for the five (5) years after the formation of the resulting school district.

(c)(1) For the ten-year period after the resulting school district's formation, any person or entity within the geographic area of that resulting school district is entitled to double any state incentive related to economic development or job creation for which that person or entity is eligible as a result of the resulting school district's formation.

(2) A resulting school district does not qualify for any incentive funded by the Department of Economic Development Super Projects Fund, § 19-5-1219."

Amend [Senate Bill No. 972](#) as originally introduced:

Add an additional section to the bill to read as follows:

"SECTION 3. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that Arkansas cities are faced with ever increasing problems of providing services to their citizens caused by a combination of globalization, rapid technological change, rising citizen expectations, the need for more accountability, mandates from higher levels of government, and a constrained tax base which together have created a context in which more effective and efficient

methods of governance have become mandatory; and that this act is immediately necessary to meet these needs and for the efficiency of government. Therefore, an emergency is declared to exist and this act being immediately necessary for the preservation of the public peace, health, and safety shall become effective on:

- (1) The date of its approval by the Governor;
- (2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or

ARKANSAS SENATE
 EIGHTY-SIXTH GENERAL ASSEMBLY
 REGULAR SESSION
[Amendment No. 1 to SENATE BILL NO. 993](#)

Amend [Senate Bill No. 993](#) as originally introduced:

Delete everything after the ENACTING clause and substitute the following:

"SECTION 1. Arkansas Code Title 14, Chapter 125 is amended to add an additional subchapter to read as follows:

14-125-1001. Title.

This subchapter shall be known and may be cited as the "Arkansas Soil and Water Contamination Inspection Law".

14-125-1002. Legislative intent — Findings.

(a) This subchapter is intended to:

(1) Protect the natural resources of the State of Arkansas from loss or damage by reason of runoff of silt and other contaminants into the soil surface or waters of this state from:

(A) Construction sites;

(B) Malfunctioning sewage systems; and

(C) Oil and gas production wastes; and

(2) Supplement and strengthen the resources of the Arkansas Department of Environmental Quality in the inspection and enforcement of existing laws and rules regarding contamination of soil and water in this state.

(b) The General Assembly finds that:

(1) The forests, fields, streams, lakes, rivers, and other natural resources of the State of Arkansas are among the state's greatest assets and are valuable in ensuring that the citizens of the state enjoy the pleasures of hunting, fishing, and other enjoyable aspects of nature and that the forests, fields, streams, lakes, rivers, and other natural resources of the State of Arkansas continue in their role of attracting tourists to the state with the great economic benefit to the state attendant upon tourism;

(2) The development of land that accompanies the growing population of the state has caused runoff of silt and other contaminants into the streams, rivers, and lakes in the state from construction sites and from malfunctioning septic systems that cause or potentially cause harm to the waters of the state and to the fish and plant life in the waters;

(3) The increased exploration for and production of oil and gas in the state has caused and has the potential to cause continuing runoff of waste that is highly toxic to waters of the state and to the fish and plant life in the waters and that is harmful to soil, vegetation, and wildlife;

(4) The resources of the Arkansas Department of Environmental Quality are not sufficient to adequately inspect, monitor, and enforce in each county of the state laws governing the release of contaminants from construction sites and wastes from oil and gas operations and releases are going undetected and unaddressed as a result; and

(5) To avoid, prevent, and address these potential harms to the soil, waters, and other natural resources of the state, the soil and water conservation districts, given their familiarity with the lands and waters in their respective counties, should be authorized to:

(A) Conduct inspections to determine whether releases of wastes, pollutants, or contaminants from construction sites, malfunctioning septic systems, or oil and gas operations are occurring; and

(B) Take appropriate action in the event of releases of wastes, pollutants, or contaminants from construction sites, malfunctioning septic systems, or oil and gas operations.

14-125-1003. Definition.

As used in this subchapter, "construction site" means any activity that results in land disturbance of an area:

(1) Equal to or greater than one (1) acre; or

(2) Less than one (1) acre of total land area that is part of a large common plan of development or sale if the large common plan of development will ultimately disturb an area equal to or greater than one (1) acre.

14-125-1004. Soil and water conservation districts — Authority to conduct inspections.

(a) A soil and water conservation district shall conduct inspections of sites located within a county where the conservation districts is located to determine whether runoff of oil field wastes or untreated or inadequately treated sewage, silt, or other contaminants and pollutants have entered upon soils or into waters of the state within the county if the site is:

(1) The site is :

(A) A construction site;

(B) A site at which oil and gas exploration or production is occurring or has occurred in the past; or

(C) A site at which septic systems are malfunctioning and causing a release of untreated or inadequately treated sewage; and

(2) The site is land onto which contaminants and pollutants have migrated from a site described in subdivisions (a)(1)(A)-(C) of this section;

(3) Owned or operated by the person or persons who have or may have caused or contributed to such a release.

(b) A designated employee of a soil and water conservation district may enter a site described in subdivisions (a)(1)(A)-(C) of this section to determine:

(1) Whether a release of contaminants has occurred or is likely to occur; and

(2) The extent of the possible release and the damage that may result from the release.

(c) In conducting inspections under this section, an employee of a soil and water conservation district has the authority of an inspector of the Arkansas Department of Environmental Quality and an inspector of the Division of Health of the Department of Health and Human Services regarding inspections for the release of contaminants from construction sites, septic systems, and oil and gas exploration and production sites.

14-125-1005. Powers and duties supplemental to those of existing departments.

The powers and duties of the soil and water conservation districts provided in this subchapter are in addition to and supplement and do not replace or limit any authority of the Arkansas Department of Environmental Quality or the Division of Health of the Department of Health and Human Services.

14-125-1006. Soil and water conservation districts — Personnel.

If funds are available, a soil and water conservation district may hire, train, and equip personnel to conduct the inspections under this subchapter.

14-125-1007. Inspection reports.

(a) Upon determination by an inspector of a soil and water conservation district that a release of pollutants and contaminants from a construction site, a malfunctioning septic system, or an oil and gas operation is occurring or has occurred, the inspector shall report the release to the Director of the Arkansas Department of Environmental Quality.

(b)(1) In response to a release under subsection (a) of this section, the Arkansas Department of Environmental Quality shall order:

(A) The immediate cessation of the release;

(B) Remediation by the party responsible for the operation of the site or facility from which the release occurred of the damage caused by the release; and

(C) Reimbursement to the soil and water conservation district and any other state agency of any cost incurred by the soil and water conservation district and any other state agency by the release or during the inspection.

(2) The department shall assess appropriate fines and penalties as a deterrent to future releases."

ARKANSAS SENATE
EIGHTY-SIXTH GENERAL ASSEMBLY
REGULAR SESSION
[Amendment No. 1 to SENATE BILL NO. 971](#)

Amend [Senate Bill No. 971](#) as originally introduced:

Delete SECTION 1 in its entirety and substitute the following:

"SECTION 1. Arkansas Code § 18-60-307(a), concerning an eviction action for a writ of possession, is amended to read as follows:

(a) When any person to whom any cause of action shall accrue under this subchapter shall file in the office of the clerk of the circuit court of the county in which the offense shall be committed a complaint signed by him or her, his or her agent or attorney, specifying the lands, tenements, or other possessions so forcibly entered and detained, or so unlawfully detained over, and by whom and when done, and shall also file the affidavit of himself or herself or some other credible person for him or her, stating that the plaintiff is lawfully entitled to the possession of the lands, tenements, or other possessions mentioned in the complaint and that the defendant forcibly entered upon and detained them or unlawfully detains them, after lawful demand therefor made in the manner described in this subchapter, the clerk of the court shall thereupon issue a summons upon the complaint. The summons shall be in customary form directed to the sheriff of the county in which the cause of action is filed, with direction for service thereof on the named defendants. In addition, he or she shall issue and direct the sheriff to serve upon the named defendants a notice in the following form:

"NOTICE OF INTENTION TO ISSUE WRIT OF POSSESSION

You are hereby notified that the attached complaint in the above styled cause claims that you have been guilty of [forcible entry and detainer] [unlawful detainer] (the inapplicable phrase shall be deleted from the notice) and seeks to have a writ of possession directing the sheriff to deliver possession of the lands, tenements, or other possessions described in the complaint delivered to the plaintiff. If, within five (5) days, excluding Sundays and legal holidays, from the date of service of this notice, you have not filed in the office of the circuit clerk of this county a written objection to the claims made against you by the plaintiff for possession of the property described in the complaint, then a writ of possession shall forthwith issue from this office directed to the sheriff of this county and ordering him to remove you from possession of the property described in the complaint and to place the plaintiff in possession thereof. If you should file a written objection to the complaint of the plaintiff and the allegations for immediate possession of the property described in the complaint within five (5) days, excluding Sundays and legal holidays, from the date of service of this notice, a hearing will be scheduled by the circuit court of this county to determine whether or not the writ of possession should issue as sought by the plaintiff. If you continue to possess the property described in the complaint, you are required to deposit into the registry of the court a sum equal to the amount of rent due on the property and continue paying rent into the registry of the court during

the pendency of these proceedings in accordance with your written or verbal rental agreement. Your failure to tender the rent due without justification is grounds for the court to grant the writ of possession.

.....
Circuit Clerk of
.....County"

SECTION 2. Arkansas Code § 18-60-307(c), concerning a defendant's response to a complaint for a writ of possession, is amended to read as follows:

(c)(1) If a written objection to the claim of the plaintiff for a writ of possession shall be filed by the defendant or defendants within five (5) days from the date of service of the notice, summons, and complaint as provided for in this section, the plaintiff shall obtain a date for the hearing of the plaintiff's demand for possession of the property described in the complaint at any time thereafter when the matter may be heard by the court and shall give notice of the date, time, and place of the hearing by certified mail, postage prepaid, either to the defendant or to his or her or their counsel of record.

(2) If the defendant continues to possess the property described in the plaintiff's complaint during the pendency of the proceedings under this subchapter, the defendant is required to deposit into the registry of the court at the time of filing the written objection a sum equal to the amount of rent due on the property and continue paying rent into the registry of the court in accordance with the written or verbal rental agreement.

(3) The failure of the defendant to deposit into the registry of the court the rent due or any rent subsequently due during the pendency of the proceeding under this subchapter without justification is grounds for the court to grant the writ of possession.

14-116-301. Members generally - Original appointments.

(a) The board of directors shall be composed of three (3) qualified voters residing in the service area of the customers of the district, which is the area within the boundaries of the water district to which the customers of the district currently provide retail water or other services that they have purchased from the district. However, if the district embraces lands in more than one (1) county, then the board of directors shall be composed of three (3) qualified electors who are residents of the service area of the customers of the district from each of the counties in which lands are embraced in the district. Furthermore, if the court creating a water distribution district finds that a larger number of board members than that provided for above is necessary to afford adequate representation for the various ~~areas~~ parts of the district, the court may establish a board consisting of a greater number of members than that provided for above. In this case the representation on the board of directors shall be apportioned to the various ~~areas~~ parts of the district in a manner the court deems just and equitable, and each director shall be a qualified voter residing in the part of the service area of the customers of the district that he or she represents.

(b) When the circuit court has established the district, it shall, within a reasonable time thereafter, appoint the three (3) or more directors of the water district. Upon the expiration of the terms of the directors so appointed, subsequent directors shall be elected as set out in this subchapter by the qualified electors residing in the service area of the customers of the water district in each county in which ~~there is area included~~ lands are embraced in the district or, if the district has been apportioned by the court, by qualified voters residing in the part of the service area of the customers of the district that the director will represent.

SECTION 2. Arkansas Code § 14-116-302 is amended to read as follows:
14-116-302. Members - Terms.

(a) Each director shall serve for a term of six (6) years and until his successor is duly elected and qualified, except that one (1) of the original directors from each county shall serve for a term of not more than two (2) years, one (1) for a term of not more than four (4) years, and one (1) for a term of not more than six (6) years as determined by the courts. However, if the court finds at any time that it is necessary or desirable that the board be composed of or increased to a greater number than three (3) for each county represented in the district in order to provide proper representation to the various ~~areas~~ parts of the district, the additional member or members of the enlarged board appointed by the court shall be appointed for terms of office that the court deems necessary to properly provide for staggered terms for the members of the board representing each ~~area~~ part of the district.

(b) The term of office of the directors shall expire on December 31 of the year which constitutes the last year of the term of each director.

SECTION 3. Arkansas Code § 14-116-303 is amended to read as follows:
14-116-303. Members - Nomination and election.

(a) Nominations for directors shall be upon petitions signed by at least fifty (50) qualified electors residing in the part of the service area of the customers of the district from which the director is to be elected. This petition shall be filed with the county board of election commissioners at least sixty (60) days prior to the general election.

(b) Election of the directors shall be held as a part of the general election and under the laws governing it.

(b) However, the finding that a majority in value has not petitioned for the improvement shall not bar the chapter from becoming effective as provided in subdivision (b)(2) and subsection (c) of this section.

(ii) If the commission finds that the petition is signed by a majority in value of the landowners of the district as shown by the last county assessment, they shall so declare and shall proceed to carry out the purposes of this chapter.

(B) The election held under this section shall be held conformable as nearly as possible to the laws of the state governing general elections.

~~(C)(i) The election held under this section shall occur on the second Tuesday of any month, except as provided in subdivision (b)(2)(C)(ii) of this section.~~

(E) All citizens of the city in which the district is located who possess a right to vote if the election were a general election for state officers, and no other, shall be entitled to vote in the election.

(F) The commission shall canvass the votes cast at the special elections. If the commission finds that a majority of the votes cast in the election were in favor of this chapter's becoming operative, they shall so declare and shall proceed to carry out the purposes of this chapter.

(G) Public notice shall be given of their findings in either event in at least one (1) daily newspaper published in the county in which the district is located, and a copy of their findings shall be filed with the county clerk of such a county.

Otherwise, upon a declaration that a set of petitions is sufficient and the first in time, then all petitions filed after the first sufficient petitions and before the special election shall be deemed moot and may be destroyed.

(4) Once an election has been held pursuant to the provisions of any act that results in a change in the manner of selecting the governing body of a city with the manager form of government, or seeks to reorganize a manager-government city under any other form of government, then none of the options presented by this chapter, or any act concerning the organization of the government under any form of municipal government, may be submitted to the voters for a period of four (4) years from the date of the election.

ARKANSAS SENATE
EIGHTY-SIXTH GENERAL ASSEMBLY
REGULAR SESSION
Amendment No. 1 to SENATE BILL NO. 807

Amend **Senate Bill No. 807** as originally introduced:

Delete everything after the enacting clause and substitute the following:

"SECTION 1. FINDINGS. The General Assembly finds that:

(1) The General Assembly has examined the document titled "Arkansas Department of Education, Percent Change in Three-Quarter Average ADMs Over 2 Years -- 2005-2006 Required Debt Mills", dated February 28, 2007, and determined that thirty-two (32) of two hundred forty-five (245) school districts are now at or above ten (10) mills of debt service. This would seem to be well within range of school districts in Arkansas needing academic facilities improvements;

(2) No evidence was presented during the 2006 Act 57 hearings of any school district suffering from a problem related to its inability to raise sufficient mills for academic facilities improvements;

(3) However, the General Assembly should support a loan program for the next biennium to assist districts that raise ten (10) mills for academic facilities and also have a four percent (4%) increase in growth over the previous two (2) years that is maintained in the present year; and

(4) This short term loan program will enable the General Assembly to examine the success of this number of mills and the increase in students to resolve the unproven idea that there are school districts that are unable to construct facilities because there is a limit on the number of mills they can raise or should be required to feasibly raise and that growth is the cause.

SECTION 2. Arkansas Code § 6-20-2511 is amended to read as follows:
 6-20-2511. High-growth school districts.

~~(a) The Division of Public School Academic Facilities and Transportation shall develop a program to provide state financial participation in the form of emergency loans to eligible high-growth school districts for assistance with excess debt service requirements. The amount of an emergency loan shall be based on:~~

~~(1) Growth trends in the district;~~

~~(2) The application of space utilization standards in the district;~~

~~(3) The academic facilities wealth index of the school district; and~~

~~(4) The prudent and resourceful expenditure of state funds with regard to public school academic facilities.~~

~~(b) The division shall report to the General Assembly by January 15, 2007, on the development of the program and obtain formal legislative approval and funding before implementing the program.~~

(a) As used in this section:

(1) "High-growth school district" means a public school district in which the average daily membership for the public school district in the present school year is four percent (4%) higher than the school year that is two (2) years prior to the present school year; and

(2) "Maximum expected millage" means ten (10) mills, representing the maximum number of mills that a public school district is expected to raise to service its bonded indebtedness incurred for academic facilities.

(b) There is established the Academic Facilities High-Growth School District Loan Program under which the Department of Education shall provide an interest-free loan to a high-growth school district in which the mills required to service the bonded indebtedness incurred for academic facilities exceeds the maximum expected millage for the high-growth school district.

(c)(1) A high-growth school district may apply for an interest-free loan when the high-growth school district has raised the maximum expected millage and the revenue generated from the maximum expected millage is less than the amount required to service the bonded indebtedness incurred for academic facilities.

(2) The amount of the loan shall be the amount of moneys required for academic facilities less the sum of:

(A) The revenues generated by the maximum expected millage;
and

(B) The state revenue received by the high-growth school district under the Academic Facilities Partnership Program.

(3) The high-growth school district shall apply for the loan under from the Revolving Loan Fund, subject to §§ 6-20-801 - 6-20-816.

(d)(1) When the revenue required to service the bonded indebtedness incurred for the high-growth school district's academic facilities is less than the revenue generated by maximum expected millage, the high-growth school district shall repay the loan.

(2)(A) The high-growth school district shall make annual payments to the state in the amount of:

(i) The revenue generated by the high-growth school district's millage up to the amount of the revenues generated from the maximum expected millage for the year; less

(ii) The revenue required to service the high-growth school district's bonded indebtedness for academic facilities.

(B) The payments under this subdivision (d) shall continue until the loan is paid in full.

(3)(A) During the time that the loan to the high-growth school district is in repayment, the high-growth school district:

(i) Shall use all revenues generated below the maximum expected millage to repay the loan;

(ii) Shall not issue refunding bonds or refunding certificates, as provided under § 6-20-815; and

(iii) Shall not otherwise change the amount of revenues available to repay the loan without the prior approval of the department.

(e) Within a reasonable time after its receipt, each application under subsection (c) of this section shall be examined by the department in accordance with rules established by the State Board of Education as to the accuracy of the answers contained therein.

(f)(1) After considering the merits of each application, the department may, in its discretion, approve the application for the full amount of the proposed loan, approve the application for a loan of a lesser amount than the amount requested, or disapprove the application.

(2) Prior to approving the application, the department shall make a determination that the total space available in the high-growth school district is less than the amount needed to accommodate the growth of students.

(g) The Commission for Arkansas Public School Facilities and Transportation shall adopt rules to implement the program established by this section.

SECTION 3. NOT TO BE CODIFIED. The document attached hereto titled "Arkansas Department of Education, Percent Change in Three-Quarter Average ADMs Over 2 Years -- 2005-2006 Required Debt Mills", dated February 28, 2007, is specifically adopted by the House Education Committee and the Senate Education Committee and recommended to the General Assembly and shall be filed in the journals of the House and Senate."

The Amendment was read for the first time, rules suspended, read the second time and adopted.

(SIGNED) ANN CORNWELL, SECRETARY

Senate Bill No. 807 was ordered engrossed.

On motion of Senator Broadway, Senate Bill No. 809 was withdrawn from the Committee on EDUCATION, and placed back on second reading for purpose of Amendment No. 1.

ARKANSAS SENATE
EIGHTY-SIXTH GENERAL ASSEMBLY
REGULAR SESSION
Amendment No. 1 to SENATE BILL NO. 809

Amend Senate Bill No. 809 as originally introduced:

Delete everything after the enacting clause and substitute the following:

SECTION 1. FINDINGS. The General Assembly finds that:

(1) The General Assembly adopted Acts 34 and 35 of the First Extraordinary Session of 2006 to determine whether school districts were unable to contribute local resources necessary to qualify for participation in state-funded facilities programs;

(2) School districts with insufficient bonding capacity were accommodated by the passage of Acts 22 and 23 of the First Extraordinary Session of 2006, which removed the bonded debt ratio, thus removing the cap on bond issuance;

(3) School districts with declining enrollment were addressed by Act 2206 of 2005 by allowing a three-year average to be used in determining the school district's facilities wealth index and by Act 21 of the First Extraordinary Session of 2006, which provided additional funding for declining enrollment based on the previous two (2) years' average daily membership. No evidence was presented during the hearings held in 2006 pursuant to Act 57 of any school district suffering from a problem related to this;

(4) The General Assembly researched a school district with a low assessed property valuation and a low facilities wealth index and determined that it is treated the same as a school district with high property valuation and a high facilities wealth index. The research indicated, for example, that Poyen is required to use the same amount of mills to build facilities for ten percent (10%) of its students as Bryant, which is in the middle, and as Bentonville, which is on top. No evidence was presented during the hearings held in 2006 pursuant to Act 57 of any school district suffering from a problem related to this; and

(5) School districts at or above the 95th percentile are addressed through SB962 of the 86th General Assembly. It provides that every school district at 100% of the facilities wealth index or above is adjusted to the same amount as the first district below one hundred percent (100%) on the facilities wealth index, unless that would exceed five thousandths (.005). In that case, the amount is capped at five thousandths (.005). No evidence was presented during the hearings held in 2006 pursuant to Act 57 of any school district suffering from a problem related to this.

SECTION 2. Arkansas Code § 6-21-811 is amended to read as follows:
6-21-811. Academic Facilities Distress Program.

(a) As used in this section, "safe, dry, and healthy" means improvements that are required for a public school academic facility to:

(i) Be in good and acceptable condition;

(ii) Provide a safe and comfortable environment for the public school academic facility's inhabitants; and

(iii) Maintain the integrity of the academic facility

envelope.

(a)(b) The Division of Public School Academic Facilities and Transportation shall identify a public school or school district as being in academic facilities distress if the division determines that the public school or school district has engaged in actions or inactions that result in any of the following:

(1) Any act or violation determined by the division to jeopardize any academic facility used by a public school or school district, including, but not limited to:

(A) Material failure to properly maintain academic facilities in accordance with this subchapter and rules adopted by the Commission for Arkansas Public School Academic Facilities and Transportation;

(B) Material violation of local, state, or federal fire, health, or safety code provisions or laws;

(C) Material violation of applicable building code provisions or law;

(D) Material failure to provide timely and accurate facilities master plans to the division;

(E) Material failure to comply with state law governing purchasing or bid requirements in relation to academic facilities projects; or
 (F) Material default on any school district debt obligation; or
(G) Material failure to progress according to the school district's facilities master plan; and

(2) Any other condition of an academic facility or facilities in a public school or school district that is determined by the division to have a detrimental impact on educational services provided by that public school or school district.

(c)(1) Every two (2) years beginning February 1, 2008, the division shall determine whether the progress of each school district complies with the school district's facilities master plan and shall notify the school district of any noncompliance.

(2) The division shall annually review the applications made for the Academic Facilities Partnership Program established under § 6-20-2507, to identify any school district that did not apply for state funding for necessary facilities to meet adequacy requirements of safe, dry, and healthy, suitability, and growth and shall notify the school district of any deficiencies.

(3) Within thirty (30) days of receiving the notice provided under subdivision (c)(1) or (2) of this section, the school district shall submit a facilities improvement plan to the division for its review and approval that states how the school district will address the noncompliance issues contained in the notice.

(4) If the division does not approve the facilities improvement plan submitted by the school district, it shall identify the school district as being in facilities distress.

(5) A school district may appeal the decision of the division under this subsection (c) to the commission pursuant to the procedures established by the commission;

(d)(1)(A) Within ten (10) days of a school district's failure to pass a millage required to fulfill its obligations under the school district's facilities master plan, the division shall provide written notice to the school district of the date, time, and place for a conference with the school district at which the division will:

(i) Determine whether as a result of the failed millage there are facilities issues relating to:

(a) Safe, dry, and healthy public school academic facilities;

(b) The presence and number of suitability needs of public school academic facilities; or

(c) Immediate need for academic facilities to meet student growth; and

(ii) Thoroughly discuss and explain the sanctions and requirements that are available to the commission if the school district is identified as being in facilities distress under this section and § 6-21-812.

(B) The written notice shall be provided via certified mail to the president of the school board and the superintendent of the school district.

(C) The commission shall establish rules for the implementation of this subdivision (d)(1).

(2)(A) If the commission determines that there are safe, dry, and healthy, growth, or suitability issues, the commission may direct the school district to conduct a special election to vote on a millage increase.

(B)(i) The division and the school district shall agree upon the issues to be submitted for a vote in the special election.

(ii) The special election may not include any issues other than the issues that are mutually agreed upon.

(C) The special election shall be held on a date that is:

(i) Mutually agreed upon by the division and the school district; and

(ii) Not later than seven (7) months from the date of the election at which the millage failed, unless it is necessary to extend the date beyond seven (7) months because of restrictions on the number of elections that may be held within a calendar year.

(D) If within ninety (90) days from the notice provided to the school district under subdivision (d)(1)(A) the school district has not set an election date, the division shall identify the school district as being in facilities distress.

(E)(i) If the school district is able to finance the safe, dry, and healthy, growth, and suitability improvements without the necessity of a special election on increasing its millage, the school district may enter into an agreement with the division to fund its safe, dry, and healthy, growth, and suitability improvements separately.

(ii) The division shall identify the school district as being in facilities distress for failure to implement the agreed upon plan for safe, dry, and healthy, growth, and suitability improvements.

~~(b)~~(e) The division shall provide written notice, via certified mail, return receipt requested, to the president of the school board and the superintendent of the public school or school district identified as being in facilities distress.

~~(e)(1)~~(f)(1) A public school or school district identified as being in facilities distress shall develop a facilities improvement plan within thirty (30) days from the date of receipt of the notice and promptly submit the facilities improvement plan to the division for review and approval.

(2) A public school or school district shall review and revise its facilities improvement plan on a periodic basis as determined by the division and submit the updated facilities improvement plan to the division in order for the division to determine whether the public school or school district is correcting its deficient areas of practice regarding academic facilities.

(3) A school district shall use facilities improvement plans as necessary to supplement and update its facilities master plan.

~~(d)~~(g) When a school district is identified by the division to be in facilities distress, the division may:

(1)(A) Provide on-site technical evaluation and assistance and make recommendations to the district superintendent regarding the care and maintenance of any academic facility in the district.

(B) Any school district identified as being in facilities distress status shall accept on-site technical evaluation and assistance from the division.

(C) The recommendations of the division are binding on the district, the superintendent, and the school board;

(2) Require the superintendent to relinquish all administrative authority with respect to the school district;

(3)(A) Appoint an individual in place of the superintendent to administratively operate the school district under the supervision and approval of the Director of the Division of Public School Academic Facilities and Transportation.

(B) The division may direct the school district to compensate from school district funds the individual appointed to operate the school district;

(4) Suspend or remove all members of the current board of directors and call for the election of a new school board for the school district, in which case the school district shall reimburse the county board of election commissioners for election costs as otherwise required by law;

(5) Require the school district to operate without a local school board under the supervision of the local superintendent or an individual or panel appointed by the director;

(6) Return the administration of the school district to the former board or place the administration of the school district in a newly elected school board;

(7) Require school district staff and employees to attend training in areas of concern for the public school or school district;

(8)(A) Require a school district to cease immediately all expenditures related to activities not described as part of an adequate education in § 6-20-2302 and place money that would have been spent on the activities into an academic facilities escrow account to be released only upon approval by the division for use in conjunction with a local academic facilities project.

(B) School districts shall include a clause addressing this contingency in all contracts with personnel who are involved with activities not described as part of an adequate education;

(9) Notify the public school or school district in writing that the deficiencies regarding academic facilities shall be corrected within a time period designated by the division;

(10)(A) Petition the ~~state board~~ State Board of Education at any time for the consolidation, annexation, or reconstitution of a school district in facilities distress or take other appropriate action as allowed by this subchapter in order to secure and protect the best interest of the educational resources of the state or to provide for the best interest of students in the school district.

(B) The state board may approve the petition or take other appropriate action as allowed by this subchapter.

(C)(i) The state board shall consolidate, annex, or reconstitute any school district that fails to remove itself from the classification of a school district in facilities distress within two (2) consecutive school years of receipt of notice of identification of facilities distress status by the division;

~~(ii)(a) A school district may appeal the action of the state board to the Commission for Public School Academic Facilities and Transportation in accordance with procedures developed by the state board.~~

~~(b) The commission may reverse the action of the state board if the commission finds that the school district could not remove itself from facilities distress due to impossibility caused by external forces beyond the school district's control; and~~

(11) Correct the failure of a school district to complete its agreed plan or to pass the millage in the special election under subdivision (d)(2) of this section by contracting for and completing the necessary improvements under the agreed plan;

(12)(A) If the division recommends and the commission concurs that the academic facilities in the public school district in facilities distress are inadequate to provide an adequate education, the state board may dissolve the district and transfer students to public schools in other public school districts.

(B) The state board shall determine the division of the public school district's territory and the division of its debt;
and

~~(14)~~(13) Take any other action allowed by law that is deemed necessary to assist a public school or school district in removing criteria of facilities distress.

"SECTION 1. Arkansas Code Title 20, Chapter 27, Subchapter 1 is amended to add an additional section to read as follows:

20-7-136. Reduction of mercury in childhood vaccines.

(a) The General Assembly finds that:

(1) Mercury is a toxic substance that can cause damage to nerve and brain tissue;

(2) A mercury derived preservative known as thimerosal has been used in the vaccine manufacturing process since the late 1920s, predating the creation of the federal Food and Drug Administration;

(3) Since the late 1980s, the number of vaccines given to American children has expanded while the age at which vaccinations are administered has been lowered;

(4) The American Academy of Pediatrics and the United States Public Health Service recommended in 1999 that mercury be removed as soon as possible from all vaccines because of the potential for neurological damage posed by mercury;

(5) Most vaccines recommended for use in children are now mercury-free, with the exception of the flu shot;

(6) Administering the standard flu shot to a child three (3) years of age or younger results in mercury exposure levels far in excess of maximum adult exposure limits set the federal Food and Drug Administration;

(7) Public concern about the presence of mercury in vaccines is undermining the effectiveness of immunization programs that protect the public health; and

(8) Eliminating the mercury in vaccines would minimize public fear, increase public confidence in the safety of the vaccine supply and serve to protect children from the potential negative impacts of mercury exposure.

(b) After the effective date of this act, no person who is eight (8) years of age or younger shall be vaccinated in this state with a vaccine containing more than five-tenths microgram (0.5 mg) of mercury in any form per five-tenths milliliter (0.5 ml) dose of vaccine.

~~"(b)(1) Through June 30, 2007, the~~ The State Board of Education shall approve the use of funds by a school district to supplement salaries for classroom teachers only under the following conditions:

~~(2)(B)~~ (B) The school district is permitted to use funds provided under this subdivision (b)(4) to supplement salaries for classroom teachers only to the extent the school district was using funds provided under this subdivision (b)(4) to supplement salaries for classroom teachers as of January 1, 2006.

(2) The state board may promulgate rules necessary for the implementation of subdivision (b)(4)(C)(i)(b) of this section.

SECTION 2. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that many school districts in this state, in reliance on previous acts of the General Assembly and rules of the State Board of Education, have increased their salary schedules with national school lunch student funding; and if these school districts are not permitted to continue to use these funds for that purpose the school districts will face a serious financial threat. "SECTION 1. Arkansas Code Title 20, Chapter 27, Subchapter 1 is amended to add an additional section to read as follows:

20-7-136. Reduction of mercury in childhood vaccines.

(a) The General Assembly finds that:

(1) Mercury is a toxic substance that can cause damage to nerve and brain tissue;

(2) A mercury derived preservative known as thimerosal has been used in the vaccine manufacturing process since the late 1920s, predating the creation of the federal Food and Drug Administration;

(3) Since the late 1980s, the number of vaccines given to American children has expanded while the age at which vaccinations are administered has been lowered;

(4) The American Academy of Pediatrics and the United States Public Health Service recommended in 1999 that mercury be removed as soon as possible from all vaccines because of the potential for neurological damage posed by mercury;

(5) Most vaccines recommended for use in children are now mercury-free, with the exception of the flu shot;

(6) Administering the standard flu shot to a child three (3) years of age or younger results in mercury exposure levels far in excess of maximum adult exposure limits set the federal Food and Drug Administration;

(7) Public concern about the presence of mercury in vaccines is undermining the effectiveness of immunization programs that protect the public health; and

(8) Eliminating the mercury in vaccines would minimize public fear, increase public confidence in the safety of the vaccine supply and serve to protect children from the potential negative impacts of mercury exposure.

(b) After the effective date of this act, no person who is eight (8) years of age or younger shall be vaccinated in this state with a vaccine containing more than five-tenths microgram (0.5 µg) of mercury in any form per five-tenths milliliter (0.5 ml) dose of vaccine.

(c)(1) The Division of Health of the Department of Health and Human Services shall promulgate rules to implement the requirements of this section.

(2) The rules may include exceptions for potential bioterrorist incidents or for actual or potential public health emergencies."
