REGULAR SESSION
Amendment No. 2 to SENATE BILL NO. 262

JBC 03/15/07 (1)

Amend **Senate Bill No. 262** as engrossed, S3/5/07:

Add new sections immediately following SECTION 27 to read as follows:

"SECTION 28. SPECIAL LANGUAGE. NOT TO BE INCORPORATED INTO THE ARKANSAS CODE NOR PUBLISHED SEPARATELY AS SPECIAL, LOCAL AND TEMPORARY LAW. ARKANSAS/STRIVE PROGRAM TRANSFER. The Chief Fiscal Officer of the State shall transfer on his books and those of the State

Treasurer and the State Auditor, the sum of two hundred thousand dollars (\$200,000) during each fiscal year, of the biennium from the Department of Education Public School Fund Account to the University of Arkansas at Little Rock Fund, specifically to provide funding for the Arkansas/STRIVE Program. The total amount of funds transferred each fiscal year pursuant to this section shall not be subject to any indirect costs by the University of Arkansas at Little Rock.

The provisions of this section shall be in effect only from July 1, ~~2005~~ 2007 through June 30, ~~2007~~ 2009.

SECTION 29. SPECIAL LANGUAGE. NOT TO BE INCORPORATED INTO THE ARKANSAS CODE NOR PUBLISHED SEPARATELY AS SPECIAL, LOCAL, AND TEMPORARY LAW.

FUNDING TRANSFERS.

(a) On July 1, 2007 the Chief Fiscal Officer of the State shall transfer on his books and those of the State Treasurer and the State Auditor, twenty-one million seven hundred three thousand seven hundred ninety dollars (\$21,703,790) from the General Revenue Allotment Reserve Fund to the Department of Education Public School Fund Account for the purpose of funding the Ninety-eight Percent (98%) Uniform Rate of Tax (URT) Actual Collection Adjustment for fiscal year 2007-08 and fiscal year 2008-09 as appropriated herein.

(b) The Department of Education shall create a sub-fund within the Department of Education Public School Fund Account to receive this transfer of twenty-one million seven hundred three thousand seven hundred ninety dollars (\$21,703,790) from the General Revenue Allotment Reserve Fund, and shall use these funds exclusively for the payment of the 98% URT Actual Collection Adjustment and the study of the implementation of the 98% URT Actual Collection Adjustment.

(c) The legislature is totally committed to insuring each school district receives the amount of foundation funding provided for in Arkansas Code §6-20-2305(a)(2)(A) and (B), regardless of the amount of revenue collected by the counties. However, there is a genuine question concerning the efficiency and effectiveness in the county collection process. House Bill 1632 of 2007 contains a provision requiring the Division of Legislative Audit to investigate and report proposed changes to the county collection process. Based on these proposed efficiencies, the Legislature intends to provide full general revenue funding for the 98% URT Actual Collection Adjustment in the next biennium. The use of the General Revenue Allotment Reserve Fund is a "bridge" providing full funding subject to a final decision on collection improvements.

(d) Subsection (c) above shall also apply to the "Funding Transfers" section of Special Language in Act 229 of 2007.

SECTION 30. Arkansas Code § 6-17-1117(b), concerning Department of Education contributions to health insurance premiums for public school employees, is amended to read as follows:

(b)(1)(A) The Department of Education shall pay the Employee Benefits Division of the Department of Finance and Administration a minimum of sixty-one dollars (\$61.00) per month for each eligible employee of a public school district electing to participate in the public school employees' health insurance program administered by the State and Public School Life and Health Insurance Board.

(B) The Department of Education shall make the total contributions under subdivision (b)(1)(A) of this section by transferring thirty-five million dollars (\$35,000,000) to the division in eleven (11) equal monthly installments.

(2) The funds provided to the division under this subsection shall be administered by the board for the benefit of the employee participants of the public school employees' health insurance program.

(3)(A)(i) In the event that appropriation or funding is not provided, the department shall not be responsible for the increased payments for the public school employee health insurance program as established by this section.

(ii)(B) If funding and appropriation are provided but are inadequate for the total number of employees electing to participate in the public school employees' health insurance program, the department shall pay a proportional share on behalf of each participant.

(C) If funding and appropriation are provided and exceed the amount needed to make the minimum contribution under subdivision (b)(1)(A), the department shall pay a proportional share of the excess on behalf of each participant.

~~(B)(4)~~ Notwithstanding the special language provision in the department's appropriation act granting transfer authority or any other law to the contrary, appropriation and funding provided for the purposes of this section shall not be transferred by the department for any other purpose.

SECTION 31. SPECIAL LANGUAGE. NOT TO BE INCORPORATED INTO THE ARKANSAS CODE NOR PUBLISHED SEPARATELY AS SPECIAL, LOCAL AND TEMPORARY LAW. The Special Language regarding "Health Insurance" as authorized in SECTION 23 of Act 229 of 2007 is amended to read as follows:

SECTION 23. SPECIAL LANGUAGE. NOT TO BE INCORPORATED INTO THE

ARKANSAS CODE NOR PUBLISHED SEPARATELY AS SPECIAL, LOCAL AND TEMPORARY

LAW. HEALTH INSURANCE. Beginning with the 1996-97 school year, Local School Districts shall pay no less than the health insurance contribution rate established by Arkansas Code 6-17-1117 for each eligible employee electing to participate in the Public School Employee Health Insurance Program. The appropriation contained herein for Public School Employee Insurance each fiscal year shall be used to provide the state contribution for insurance premiums for employees of the Cooperative Education Services Areas, Vocational Centers, and the school operated by the Department of Correction who participate in the Arkansas Public School Life and Health Insurance Program.

In addition, the Department of Education shall pay the Employee Benefits Division of the Department of Finance and Administration a minimum of sixty-one dollars (\$61) per month for each eligible employee electing to participate in the public school employee health insurance program.

"SECTION 1. Arkansas Code § 6-18-206 is amended to read as follows:
6-18-206. Public school choice.

(a)(1) This section may be referred to and cited as the "Arkansas Public School Choice Act of ~~1989~~ 2007".

(2) The General Assembly finds that the students in Arkansas' public schools and their parents will become more informed about and involved in the public educational system if students and their parents or guardians are provided greater freedom to determine the most effective school for meeting their individual educational needs. There is no right school for every student, and permitting students to choose from among different schools with differing assets will increase the likelihood that some marginal students will stay in school and that other, more motivated students will find their full academic potential.

(3)(A) The General Assembly further finds that there are compelling educational benefits associated with promoting diversity in Arkansas's public schools, including without limitation, racial and ethnic diversity in the student body and ensuring access to educational opportunities.

(B) Diversity and access can be promoted by a properly administered public school choice policy.

~~(3)(4)~~ The General Assembly further finds that giving more options to parents and students with respect to where the students attend public school will increase the responsiveness and effectiveness of the state's schools since teachers, administrators, and school board members will have added incentive to satisfy the educational needs of the students who reside in the district.

~~(4)(5)~~ The General Assembly therefore finds that these related benefits of enhanced quality, diversity, access, and effectiveness in our public schools justify permitting a student to apply for admission request a transfer to a school in any district beyond the one in which the student resides, provided that the transfer by this student would not adversely affect the desegregation of either district is based on legitimate educational justifications and not based on inappropriate stereotypes.

~~(5)(6)~~ A public school choice program is hereby established to enable any student to attend a school in a district in which the student does not reside, subject to the restrictions contained in this section.

(b)(1)(A) Before a student may attend a school in a nonresident district, the student's parent or guardian must submit ~~an application~~ a transfer request on a form ~~approved~~ developed by the Department of Education to the nonresident district by submitting the ~~application~~ transfer request to the superintendent of the school district. This application must be postmarked not later than July 1 of the year in which the student would begin the fall semester at the nonresident district.

(B)(i) Within thirty (30) days of the receipt of ~~an application a~~ transfer request from a nonresident student seeking admission under the terms of this section, the superintendent of the nonresident district shall notify the parent or guardian and the resident district in writing as to whether the student's ~~application~~ transfer request has been ~~accepted~~ approved or ~~rejected~~ denied.

(ii) If the ~~application~~ transfer request is ~~rejected~~ denied, the superintendent of the nonresident district must state in the notification letter the reason for rejection.

(iii) If the ~~application~~ transfer request is ~~accepted~~ approved, the superintendent of the nonresident district shall state in the notification letter:

(a) An absolute deadline for the student to enroll in the district, or the ~~acceptance~~ approval notification is null; and

(b) Any instructions for the renewal procedures established by the district.

(2)(A)(i) The school board of directors of every public school district must adopt by resolution ~~specific standards~~ a policy for ~~acceptance~~ approval and ~~rejection~~ denial of applications based on standards and procedures established by the department. ~~Standards may include the capacity of a program, class, grade level, or school building.~~

(ii) The standards and procedures shall be designed to ensure that any transfer request is based on sound educational justifications that are consistent with the findings under subsection (a) of this section and take into consideration a range of factors in the following areas:

(a) The capacity of the nonresident school, grade, or class;

(b) The relative strength of the nonresident school's educational program, including the nature of the program and the relative school improvement status; and

(c) The impact on the educational benefits of diversity and access to educational opportunity.

(B)(i) Nothing in this section shall permit the establishment of unlawful quotas.

(ii) Nothing in this section requires a school district to add teachers, staff, or classrooms or in any way to exceed the requirements and standards established by existing law.

(iii) Standards shall include a statement that priority will be given to applications from siblings or stepsiblings residing in the same residence or household of students already attending the district by choice.

(iv) Standards may not include an applicant's previous academic achievement, athletic or other extracurricular ability, handicapping conditions, English proficiency level, or previous disciplinary proceedings except that an expulsion from another district may be included pursuant to § 6-18-510.

(C)(i) In evaluating a transfer request, the nonresident district shall conduct an individualized review of the applicant to determine whether the request is based on legitimate educational justification under subdivision (b)(2)(A) of this section.

(ii) School districts shall approve a transfer request if there is sufficient capacity and the transfer request is justified based on the relative strength of the education program or the impact on diversity and access to educational opportunity.

(iii) If capacity is not sufficient to honor all transfer requests, school districts shall approve transfers to applicants who demonstrate the greatest educational justification based on the relative strength of the education program and the impact on diversity and access to educational opportunity.

(D) A resident district that believes that a transfer request or group of transfer requests is not based on legitimate educational justification but on inappropriate stereotypes may deny the transfer request or transfer requests.

~~(B)(i)~~(E)(i) Any student who applies for a transfer under this section and is denied a transfer by the nonresident district may request a hearing before the State Board of Education to reconsider the transfer.

(ii) A request for a hearing before the state board shall be in writing and shall be postmarked no later than ten (10) days after notice of rejection of the application denial of the transfer request under subdivision (b)(1)(B) of this section is received by the student.

(3) Each school district shall participate in public school choice consistent with this section.

(c) The responsibility for transportation of a student from the student's resident school district to a nonresident school district shall be borne by the student or the student's parents. The nonresident school district may enter into a written agreement with the student, the student's parents, or the resident school district to provide transportation to or from any place in the resident district to the nonresident district, or both.

(d)(1) A nonresident district shall accept credits toward graduation that were awarded by another district.

(2) The nonresident district shall award a diploma to a nonresident student if the student meets the nonresident district's graduation requirements.

(e) For purposes of determining a school district's state equalization foundation funding aid under § 6-20-2305(a) and funding for additional education categories under § 6-20-2305(b), the nonresident student shall be counted as a part of the average daily membership of the district to which the student has transferred.

~~(f) The provisions of this section and all student choice options created in this section are subject to the following limitations:~~

~~(1) No student may transfer to a nonresident district where the percentage of enrollment for the student's race exceeds that percentage in the student's resident district except in the circumstances set forth in subdivisions (2) and (3) of this subsection;~~

~~(2)(A) A transfer to a district is exempt from the restriction set forth in subdivision (f)(1) of this section if the transfer is between two (2) districts within a county and if the minority percentage in the student's race and majority percentages of school enrollment in both the resident and nonresident district remain within an acceptable range of the county's overall minority percentage in the student's race and majority percentages of school population as set forth by the department.~~

~~(B)(i) By the filing deadline each year, the department shall compute the minority percentage in the student's race and majority percentages of each county's public school population from the October Annual School Report and shall then compute the acceptable range of variance from those percentages for school districts within each county.~~

~~(ii)(a) In establishing the acceptable range of variance, the department is directed to use the remedial guideline established in Little Rock School District v. Pulaski County Special School District of allowing an overrepresentation or underrepresentation of black or white students of one-fourth (1/4) or twenty-five percent (25%) of the county's racial balance.~~

~~(b) In establishing the acceptable range of variance for school choice, the department is directed to use the remedial guideline of allowing an overrepresentation or underrepresentation of minority or majority students of one-fourth (1/4) or twenty-five percent (25%) of the county's racial balance;~~

~~(3) A transfer is exempt from the restriction set forth in subdivision (f)(1) of this section if each school district within the county does not have a critical mass of minority percentage in the student's race of more than ten percent (10%) of any single race;~~

~~(4)(f)(1) In any instance where in which the provisions of this subsection section would result in a conflict with a desegregation court order or a district's court-approved desegregation plan, the terms of the order or plan shall govern;~~

~~(5)(2) The department shall adopt appropriate rules and regulations to implement the provisions of this section; and~~

~~(6)(3) The department shall monitor school districts for compliance with this section.~~

(g) The state board shall be authorized to resolve disputes arising under subsections ~~(b)-(f)~~ (b)-(e) of this section.

(h)(1) The superintendent of the each district shall ~~cause public announcements to be made over the broadcast media and in the print media~~ provide effective notice at such times and in such a manner as to inform parents or guardians of students in adjoining districts of the availability of the public school choice program, the application deadline, and the requirements and procedure for nonresident students to participate in the program.

(2) The notice shall be provided consistent with standards established by the department that are designed to best promote the findings established under subsection (a) of this section.

(i)(1) All superintendents of school districts shall report to the Equity Assistance Center on an annual basis the race, gender, and other pertinent information needed to properly monitor compliance with the provisions of this section.

(2) The reports may be on those forms that are prescribed by the department, or the data may be submitted electronically by the district using a format authorized by the department.

(3) The department may withhold state aid from any school district that fails to file its report each year or fails to file any other information with a published deadline requested from school districts by the center so long as thirty (30) calendar days are given between the request for the information and the published deadline except when the request comes from a member or committee of the General Assembly.

(4) A copy of the report shall be provided to the Joint Interim Oversight Committee on Educational Reform.

~~(j)(1) The department shall develop a proposed set of rules as it determines is necessary or desirable to amend the provisions of this section.~~

~~(2) The department shall present the proposed rules in written form to the House Interim Committee on Education and the Senate Interim Committee on Education by October 1, 2006, for review and consideration by the committees for possible amendments to this section and to the Arkansas Public School Choice Program by the Eighty-sixth General Assembly."~~

"SECTION 1. The General Assembly has determined that:

(a) Prior to the enactment of Act 785 of 1993 a taxpayer could claim a refund of any overpayment of state tax within a specified number of years or "as long as the statute of limitations for assessment is still open to the director";

(b) Section 1 of Act 785 of 1993 inadvertently deleted the language that arguably allowed a taxpayer that filed a return the same statute of limitations as the state and thereby gave the state an unfair advantage over a taxpayer that filed a return by permitting the state to retain an overpayment of tax that should have been refunded to the taxpayer that filed the return;

(c) Section 1 of Act 785 of 1993 was intended to apply only to a taxpayer that had not filed a return or that had underreported the taxpayer's income by twenty-five percent (25%) or more;

(d) Fundamental fairness dictates that the statute of limitations should be the same for the state and the taxpayer that filed a return;

(e) While the state law should be designed to fairly collect taxes it should not give the state the upper hand to retain an overpayment from a taxpayer that filed a return; and

(f) This act will clarify the intent of the General Assembly to provide equal treatment between taxpayers that filed a return and the state."

SECTION 11. Arkansas Code § 27-50-1208 is amended to read as follows:

27-50-1208. Possessory lien and notice to owners and lienholders.

(a)(1) The towing and storage firm shall have a first priority possessory lien on the vehicle and its contents for all reasonable charges for towing, recovery, and storage for which the owner is liable.

(2)(A) The lien created under subdivision (a)(1) of this section attaches to the vehicle and its contents and to any trailer attached to the vehicle and the trailer's contents, including a motor vehicle or boat.

(B) The lien created under subdivision (a)(1) of this section does not apply to contents consisting of personal documents, medications, child restraint seating, wallets or purses and their contents, prescription eye glasses, prosthetics, cellular telephones, photographs, or books.

(3) The towing and storage firm shall release without charge to the owner of the vehicle or his or her authorized representative the items described in subdivision (a)(2)(B) of this section.

(b) The lien shall be perfected by:

(1) Maintaining possession;

(2) Mailing notice to the owner or owners and lienholders as shown on the data provided by the law enforcement agency involved as prescribed by this subchapter; or

(3) In the case of a vehicle removed pursuant to § 27-50-1101, giving notice to the last known registered owner or owners and lienholders as provided from the records of the:

(A) Office of Motor Vehicle;

(B) Arkansas Crime Information Center; or

(C) Motor vehicle records of any other state where the vehicle's registration indicates the name and address of the last registered owner and the name and address of the holder of any recorded lien, if any, on the vehicle.

(c)(1) The notice shall be mandatory and by certified mail, return receipt requested.

(2) The notice shall be posted not sooner than two (2) business days but within eight (8) business days after the date that the towing and storage firm receives the vehicle.

(d)(1) If within forty-eight (48) hours the ownership and lienholder information has not been received from the law enforcement agency requesting the removal of a vehicle pursuant to this subchapter, the towing and storage firm shall obtain information concerning the last known registered owner or owners and lienholders as provided from the records of the:

(A) ~~office~~ Office of Motor Vehicle;

(B) Arkansas Crime Information Center; or

(C) Motor vehicle records of any other state where the vehicle's registration indicates the name and address of the last registered owner and the name and address of the holder of any recorded lien, if any, on the vehicle.

(2)(A) For the purpose of notices required by this section, if the data records of the ~~office~~ Office of Motor Vehicle or the office of motor vehicles for the state where the vehicle is registered, if known, do not contain any information as to the last known registered owner or owners and lienholders, notice by publication one (1) time in one (1) newspaper of general circulation in the county where the vehicle was found unattended, abandoned, or improperly parked is sufficient notice under this section.

(B) The notice by publication may contain multiple listings of vehicles, shall be published within the time requirements prescribed for notice by certified mail, and shall have the same contents required for a notice by certified mail.

(e) The notice shall contain the following information:

(1) The year, make, model, and vehicle identification number of the vehicle towed;

(2) The name, address, and telephone number of the storage facility;

(3) That the vehicle is in the possession of that towing and storage firm under police order, describing the general circumstances of any law enforcement or other official hold on the vehicle;

(4) That towing, storage, and administrative costs are accruing as a legal liability of the owner;

(5) That the towing and storage firm claims a first priority possessory lien on the vehicle and its contents for all such charges;

(6) That unless claimed within forty-five (45) days, the vehicle and its contents will be dismantled, destroyed, or sold at public sale to the highest bidder;

(7) That the failure to exercise their right to reclaim the vehicle and its contents within the time prescribed by this section constitutes a waiver by the owners and lienholders of all right, title, and interest in the vehicle and its contents and constitutes their consent to the sale, dismantling, or destruction of the vehicle and its contents;

(8) That the owner or lienholder may retake possession at any time during business hours by appearing, proving ownership, and releasing the law enforcement or other official hold, if any, and by paying all charges or by other written arrangement between the owner or lienholder and the towing and storage firm;

(9) That should the owner consider that the original taking was not legally justified, he or she has a right for ~~twenty thirty (20)~~ thirty (30) days to contest the original taking as defined by § 27-50-1207; and

(10) That the owner or operator or his or her authorized representative may recover without charge possession of any item described in subdivision (a)(2)(B) of this section by providing within forty-five (45) days to the towing and storage firm proof that the claimant is the registered owner of the vehicle or has been authorized by the registered owner of the vehicle to take possession of the items; and

(11) Notices to owners of vehicles deemed abandoned on the premises of automobile repair facilities pursuant to § 27-50-1101 shall also advise that the automobile repair person holds an absolute lien on the vehicle pursuant to § 18-45-201 et seq.

(f) Nothing in this section is to preclude the owner, ~~lienholder,~~ or his or her agent from making alternative arrangements within the two-day to eight-day time period with the towing and storage firm, or waiving his or her rights to the notice requirements under this section.

(g) When any vehicle reclaimed from the towing and storage firm by a lienholder contains contents not subject to the lienholder's interest, the lienholder shall be accountable to the owner of the contents in the same manner as the lienholder would in any other case of repossession of a vehicle, and the towing and recovery firm releasing the vehicle and its contents shall be relieved from all responsibility for the contents.

(h)(1) Any towing and storage firm that in good faith follows the procedures of this subchapter or the provisions of § 27-50-1101 shall not be subject to claims of unlawful detainer or conversion for vehicles or their contents for ~~merely~~ maintaining property pursuant to the possessory lien as provided by this subchapter.

(2) Any challenge to the removal and holding of an unattended or abandoned vehicle as provided by this subchapter shall be controlled exclusively by the provisions of § 27-50-1207.

(3) Nothing in this section shall be construed to limit liability of the towing and storage firm for any other act or omission otherwise actionable under statutory or common law.

SECTION 12. Arkansas Code § 27-50-1209 is amended to read as follows:
27-50-1209. Foreclosure of liens.

(a)(1) The failure of the owner or lienholder to exercise his, her, or its right to reclaim the vehicle and its contents by appearing, proving ownership, and releasing any law enforcement hold or other official hold and paying all charges or making other written arrangement between the owner or lienholder and the towing and storage firm within the time provided in this subchapter forty-five (45) days of the posting or publication of notice to owners and lienholders constitutes a waiver by the owner or lienholder of all right, title, and interest in the vehicle and its contents.

(2) If a law enforcement official or other official refuses to release any hold on the vehicle or its contents, the owner or lienholder has an additional twenty (20) days to reclaim the vehicle and its contents after the date when the hold is released.

(3)(A) The owner or lienholder may challenge any law enforcement official hold or other official hold under the procedures in § 27-50-1207(e).

(B) However, the provisions of § 27-50-1207(f) pertaining to release of the vehicle do not apply when the owner or lienholder challenges a law enforcement official hold or other official hold.

(b)(1) Except as provided in subsection (c) of this section, the towing and storage firm, municipality, or county that holds a perfected possessory lien on any vehicle and its contents not redeemed by its owner or security lienholder within the ~~forty-five (45) days time frame~~ provided by this ~~subchapter~~ section shall sell the vehicle and its contents at a nonjudicial public sale for cash.

(2) The sale shall not occur later than ninety (90) days after perfection of the lien or forty-five (45) days after the release of any law enforcement hold or other official hold, whichever is later.

(c) A vehicle that is held by a municipality or county on a storage lot owned and operated by the municipality or county may defer the public sale and make use of the vehicle for law enforcement purposes if:

(1) The municipality or county complies with the notice provisions of § 27-50-1208;

(2) ~~Forty-five (45) days have expired~~ The time frame as provided under ~~subdivision (b)(1)~~ subsection (a) of this section has expired; and

(3) The municipality or county enacts an ordinance that:

(A) Declares the municipality's or the county's policy regarding the deferral for law enforcement purposes;

(B) Charges a specific municipal or county official with the responsibilities of:

(i) Identifying the vehicles to be used by the municipality or county; and

(ii)(a) Declaring a future date to publicly sell the vehicle pursuant to § 27-50-1210.

(b) The date of the sale shall be a maximum of six (6) months ~~from following~~ the passage of the ~~forty-five (45) days required~~ time frame for an owner or lienholder to reclaim a vehicle under ~~subdivision (b)(1)~~ subsection (a) of this section or as soon as is practicable if circumstances arise that prevent the sale on the declared sale date; and

(C) Requires that the official ensure that the public sale proceed on the sale date declared in the ordinance.

(d)(1) The towing and storage firm, municipality, or county shall obtain written verification that the Arkansas Crime Information Center records do not list the vehicle as having been reported stolen.

(2) The verification shall be on a form prescribed by the center, the Office of Motor Vehicle, a municipal police department, a county sheriff's department, or the Department of Arkansas State Police.

(3) When the verification provided by this subsection is sought directly from the center by the towing and storage firm, the center may charge a fee, not to exceed ten dollars (\$10.00) per vehicle verification.

(e)(1) Notice of the sale shall be sent at least fifteen (15) days before the date of the sale by certified mail, no return receipt requested, to the registered owner and lienholder, if any.

(2) If the data records of the Office of Motor Vehicle or the office of motor vehicles for the state where the vehicle is registered do not contain any information as to the last known registered owner or owners or lienholders, the notice required under subdivision (e)(1) of this section is not required.

(3) Nothing in this subsection removes the requirement of notice of sale by publication under subsection (f) of this section.

(f) In addition to the notice by mail, notice of the sale shall be published in a newspaper of general circulation in the county at least one (1) time at least ten (10) days prior to the sale.

SECTION 13. Arkansas Code § 27-50-1210(b)(1), concerning a nonjudicial sale, is amended to read as follows:

(b) Should the sale produce the same or less than the sum of all charges:

(1) ~~Ownership~~ At the election of the possessory lienholder, the sale of the vehicle may be cancelled and ownership of the vehicle and its contents shall thereupon vest in the possessory lienholder as purchaser free of all liens of any nature; and

(2) The possessory lienholder shall have a valid claim against the owner for the full amount of the charges, including the costs of the sale and including a reasonable charge for processing the paperwork, less the sale price of the vehicle and its contents.

SECTION 14. Arkansas Code § 27-50-1213 is amended to read as follows:
27-50-1213. Limitation on removing from the state.

(a) A towing or wrecker service licensed in a state other than Arkansas shall only remove a vehicle that was involved in a motor vehicle accident collision in the State of Arkansas from the site of the collision accident to another state if the state in which the towing or wrecker service is licensed extends the same privilege to a towing or wrecker service that is licensed in Arkansas and operating in the other state.

(b) For the purpose of determining whether a state permits Arkansas-licensed wreckers and Arkansas-licensed towing vehicles to remove a vehicle that was involved in an accident in that state, any limitation imposed by a county, parish, city, or other political subdivision of that state is deemed an action of that state.

(c)(1) This section applies only to the initial removal of a vehicle from the site of an accident to a point of storage or repair.

(2) This section does not apply to the secondary towing of a vehicle after an investigation of a motor vehicle accident is completed.

(d) When towing a vehicle in this state, a towing or wrecker service licensed in a state other than Arkansas must comply with the provisions of this subchapter and § 27-35-112."

(c) Nothing shall prevent a municipality to combine money collected through a local real property transfer tax or development impact fee with a separate capital improvement fund for the purpose of pooling investments or capacity capital improvement expenditures as long as the funds are accounted for separately.

(d) A local governing body of any municipality may only impose either a local real property transfer tax or a development impact fee for the same capacity improvement.

(e) Nothing within this subsection shall prohibit a municipality from enacting or continuing an impact fee for certain types of capital capacity improvements and also imposing a local real property transfer tax for different types of capital capacity improvements.

26-82-104. Local real property transfer tax.

(a) The proceeds of a local real property transfer tax levied under this chapter shall be used only for the public facility designated in the ordinance calling the election under § 26-82-103.

(b) The election shall be held within one hundred twenty (120) days of the ordinance calling the election, but not before sixty (60) days of the ordinance calling the election.

(c) The local governing body of any municipality shall notify its board of election commissioners that the measure has been referred to the vote of the qualified electors of the municipality and shall submit a copy of the ballot title to its board of election commissioners.

(d) The ballot title to be used shall be substantially in the following form:

“ FOR adoption of the local real property transfer tax of (amount of tax) for each one thousand dollars (\$1,000) or fractional part, within.....(Name of municipality).”

“ AGAINST adoption of the local real property transfer tax of (amount of tax) for each one thousand dollars (\$1,000), or fractional part, within(Name of municipality).”

(e) The ballot title shall also include an expiration date for the levy of the local real property transfer tax, and, if adopted in this form, the local real property transfer tax shall cease to be levied on the date noted on the ballot.

(f) An election for the levy of a local real property transfer tax shall be conducted in the manner provided by law for all other municipal elections unless otherwise specified in this subchapter.

(g) After the election results have been certified, the local governing board of the municipality shall immediately issue a proclamation declaring the results of the election and cause the proclamation to be published one (1) time in a newspaper having general circulation within the municipality.

(h) Any person desiring to challenge the results of the election as published in the proclamation shall file the challenge in the circuit court of the county where the municipality is located within thirty (30) days after the date of publication of the proclamation.

(i) If no election challenge is timely filed, there shall be levied, effective on the first day of the first month of the calendar quarter after the expiration of the thirty-day challenge period, a local real property transfer tax to be collected in the amount decided by the qualified electors and for the purpose decided by the qualified electors.

(j)(1) In the event of an election challenge, the local real property transfer tax shall be collected as prescribed in this section unless enjoined by court order.

(2) Hearings involving an election challenge under this section shall be advanced on the docket of the court and disposed at the earliest feasible time.

(k) When the submission of the levy of a local real property transfer tax is submitted to the qualified electors and the measure is defeated, the measure shall not again be submitted to the electors by ordinance of the local governing body of the municipality at a special or general election for a period of one (1) year from the date the measure was last voted upon.

26-82-105. Collection of local real property transfer tax funds.

(a) The municipality shall design documentary stamps in appropriate denominations and shall make the documentary stamps available for purchase at the appropriate municipal office or by consignment with a bank, a savings and loan association, or a title company located in the municipality.

(b) The municipality may rely upon the local real property transfer tax affidavit of compliance as provided in § 26-60-108 for the purpose of establishing the consideration for the transaction.

(c) A grantee or buyer, or his or her agent, shall furnish proof of payment of the local real property transfer tax as provided in this chapter before the real estate transfer instrument may be accepted by the county recorder of deeds for recordation.

(d) The county recorder shall not record any instrument evidencing a transfer of title subject to this chapter unless:

(1)(A) The instrument shall have attached thereto or be accompanied by an affidavit in the form provided in this chapter containing the information required in this chapter and have documentary stamps attached to the face of the instrument evidencing full payment of the local real property transfer tax on the transaction.

(B) The instrument shall contain a notation on its face, which shall be recorded as part of the instrument, that the affidavit was completed; or

(2)(A) Either stamped or attached to the instrument in a manner which will cause it to be recorded as part of the instrument the following statement:

"I certify under penalty of false swearing that the legally correct amount of documentary stamps have been placed on this instrument."

(B) This statement shall be signed by the grantee or his or her agent, and the grantee's address shall be clearly shown on the instrument.

(e) The recorder of deeds shall not record any instrument where documentary stamps are attached in such a manner that the amount printed on each stamp is not visible.

26-82-106. Exempt transactions.

(7) An instrument given by one (1) party in a divorce action to the other party in the divorce action as a division of marital property whether by agreement or order of the court;

(8) An instrument given in any judicial proceeding to enforce any security interest in real estate when the instrument transfers the property to the same person who is seeking to enforce the security interest;

(9) An instrument given to a secured party in lieu of or to avoid a judicial proceeding to enforce a security interest in real estate;

(10) An instrument conveying a home financed by the Federal Housing Administration, Department of Veterans Affairs, or United States Department of Agriculture Rural Development if the sale price of the home is sixty thousand dollars (\$60,000) or less and the seller files with the county recorder a sworn statement by the buyer stating that:

(A) Neither the buyer nor the spouse of the buyer has owned a home within three (3) years of the date of closing; and

(B) The sale price of the home; and

(11) An instrument conveying land between corporations, partnerships, limited liability companies, or other business entities or between a business entity and its shareholders, partners, or members incident to the organization, reorganization, merger, consolidation, capitalization, asset distribution or the liquidation of a corporation, partnership, limited liability company, or other business entity.

26-82-107. Distribution of local real property transfer tax funds.

SECTION 24. SPECIAL LANGUAGE. NOT TO BE INCORPORATED INTO THE ARKANSAS CODE NOR PUBLISHED SEPARATELY AS SPECIAL, LOCAL AND TEMPORARY LAW. CHARTER SCHOOL FUNDING RESTRICTIONS. ~~OPEN-ENROLLMENT VIRTUAL CHARTER SCHOOL FUNDING RESTRICTIONS.~~ Regardless of any provision of any law to the contrary, the Department of Education shall fund from state monies only those charter schools which provide education services in a traditional public school setting and, if the internet or long-distance learning technology is used, the internet or long-distance learning technology is used as a supplement to the school's traditional classroom setting.

~~The provisions of this section shall be in effect only from July 1, 2005-2007 through June 30, 2007-2009.~~

(a) Regardless of any provision of law to the contrary, beginning with the 2007-2008 school year, no school district shall receive state funding for those students in the district's prior year three quarter average daily membership who were enrolled and attending a public school with an internet, long-distance or virtual technology curriculum based program which was not part of a public school district and the public school program was funded by a federal voluntary public school choice grant administered by the Department of Education.

(b) Prior to July 1, 2007, the Department of Education shall notify the Arkansas State Board of Education of the maximum number of students that the State Board of Education shall allow to enroll and attend any open-enrollment charter school that uses internet, long-distance or virtual technology as the primary method of teaching. It is the intent of this language that the Department shall not establish and certify a number of students to the State Board of Education that exceeds the number of students for which school districts were not able to receive state funding because of the requirements of paragraph (a). However, to the extent there are any revenue savings caused by the closure of any open-enrollment charter school in existence on July 1, 2006, the State Board of Education may increase the maximum number of students allowed to enroll and attend an internet, long-distance or virtual technology open-enrollment charter school to the extent the maximum number of students does not exceed five hundred (500) students.

(c) The provisions of this special language shall not restrict, affect or impair any other provision of law or rule concerning public school districts or public charter schools except as provided in paragraph (a) and (b).

(d) The provisions of this section shall be in effect only from July 1, 2007 through June 30, 2009.

SECTION 37. SPECIAL LANGUAGE. NOT TO BE INCORPORATED INTO THE ARKANSAS CODE NOR PUBLISHED SEPARATELY AS SPECIAL, LOCAL AND TEMPORARY LAW. FUND TRANSFER - "END TO END" SECURITY REVIEW/ASSESSMENT. The amount transferred shall be used to provide funds for the supplemental appropriation for the Arkansas Public School Computer Network – "End to End" Security Review and Security Assessment provided in this Act.

(2) For purposes of this section, credited service shall include service credit recognized pursuant to this subchapter.

(b)(1) The duration of participation in the plan for active police officers shall not exceed five (5) years.

(g) If the participant dies during the period of participation in the plan, a lump-sum payment equal to the account balance of the participant shall be paid.

(h) A participant in the plan shall not receive any benefits under the plan unless he or she participates in the plan for a minimum of one (1) year, absent death or disability.

(i) The Arkansas Fire and Police Pension Review Board may promulgate regulations to make the plan under this section comply with the requirements of this section and with the applicable portions of the federal Internal Revenue Code, as it existed on January 1, 2003.

(j) Although the police officer may remain employed by the participating municipality, any member who opts to participate in the plan shall be considered to be retired for all retirement purposes, including, but not limited to, benefit increase purposes and the extension of benefits to the spouses of deceased members.”

SECTION 1. FINDINGS. The General Assembly finds that:

(1) The General Assembly adopted Acts 34 and 35 of the First Extraordinary Session of 2006 to determine whether school districts were unable to contribute local resources necessary to qualify for participation in state-funded facilities programs;

(2) School districts with insufficient bonding capacity were accommodated by the passage of Acts 22 and 23 of the First Extraordinary Session of 2006, which removed the bonded debt ratio, thus removing the cap on bond issuance;

(3) School districts with declining enrollment were addressed by Act 2206 of 2005 by allowing a three-year average to be used in determining the school district's facilities wealth index and by Act 21 of the First Extraordinary Session of 2006, which provided additional funding for declining enrollment based on the previous two (2) years' average daily membership. No evidence was presented during the hearings held in 2006 pursuant to Act 57 of any school district suffering from a problem related to this;

(4) The General Assembly researched a school district with a low assessed property valuation and a low facilities wealth index and determined that it is treated the same as a school district with high property valuation and a high facilities wealth index. The research indicated, for example, that Poyen is required to use the same amount of mills to build facilities for ten percent (10%) of its students as Bryant, which is in the middle, and as Bentonville, which is on top. No evidence was presented during the hearings held in 2006 pursuant to Act 57 of any school district suffering from a problem related to this; and

(5) School districts at or above the 95th percentile are addressed through SB962 of the 86th General Assembly. It provides that every school district at 100% of the facilities wealth index or above is adjusted to the same amount as the first district below one hundred percent (100%) on the facilities wealth index, unless that would exceed five thousandths (.005). In that case, the amount is capped at five thousandths (.005). No evidence was presented during the hearings held in 2006 pursuant to Act 57 of any school district suffering from a problem related to this.

SECTION 2. Arkansas Code § 6-21-811 is amended to read as follows:

6-21-811. Academic Facilities Distress Program.

(a) ~~The Division of~~ Commission for Arkansas Public School Academic Facilities and Transportation shall identify a public school or school district as being in academic facilities distress if the division ~~determines~~ recommends and the commission concurs that the public school or school district has engaged in actions or inactions that result in any of the following:

(1) Any act or violation determined by the division to jeopardize any academic facility used by a public school or school district, including, but not limited to:

(A) Material failure to properly maintain academic facilities in accordance with this subchapter and rules adopted by the Commission for Arkansas Public School Academic Facilities and Transportation;

(B) Material violation of local, state, or federal fire, health, or safety code provisions or laws;

(C) Material violation of applicable building code provisions or law;

(D) Material failure to provide timely and accurate facilities master plans to the division;

(E) Material failure to comply with state law governing purchasing or bid requirements in relation to academic facilities projects; or

(F) Material default on any school district debt obligation; or

(G) Material failure to plan and progress satisfactorily toward accomplishing the priorities established by the division and the approved school district master plan; and

(2) Any other condition of an academic facility or facilities in a public school or school district that is determined by the division to have a detrimental impact on educational services provided by that public school or school district.

(b) The division shall provide written notice, via certified mail, return receipt requested, to the president of the school board and the superintendent of the public school or school district identified as being in facilities distress.

(c)(1) A public school or school district identified as being in facilities distress shall develop a facilities improvement plan within thirty (30) days from the date of receipt of the notice and promptly submit the facilities improvement plan to the division for review and approval.

(2) A public school or school district shall review and revise its facilities improvement plan on a periodic basis as determined by the division and submit the updated facilities improvement plan to the division in order for the division to determine whether the public school or school district is correcting its deficient areas of practice regarding academic facilities.

(3) A school district shall use facilities improvement plans as necessary to supplement and update its facilities master plan.

(d)(1) Every two (2) years beginning February 1, 2009, the division shall determine whether the progress of each school district complies with the school district's facilities master plan and shall notify the school district of any noncompliance.

(2) Beginning on February 1, 2008 and each biennium thereafter, the division shall review the applications made for the Academic Facilities Partnership Program established under § 6-20-2507, to identify any school district that did not apply for state funding for necessary facilities to meet adequacy requirements and shall notify the school district of any deficiencies.

(3) Within thirty (30) days of receiving the notice provided under subdivision (d)(1) or (2) of this section, the school district shall submit a facilities improvement plan to the division for its review and approval that states how the school district will address the noncompliance issues contained in the notice.

(4) If the division does not approve the facilities improvement plan submitted by the school district, it shall identify the school district as being in facilities distress.

(5) A school district may appeal the decision of the division under this subsection (d) to the commission pursuant to the procedures established by the commission;

(e)(1)(A) Within ten (10) days of a school district's failure to pass a millage required to fulfill its obligations under the school district's facilities master plan, the division shall provide written notice to the school district of the date, time, and place for a conference with the school district at which the division will:

(i) Determine whether as a result of the failed millage there are facilities issues relating to:

(a) Immediate repairs under § 6-20-2504(b)(4);

(b) The presence and number of suitability needs of public school academic facilities, which shall be defined by rule; or

(c) Immediate need for academic facilities to meet student growth; and

(ii) Thoroughly discuss and explain the sanctions and requirements that are available to the commission if the school district is identified as being in facilities distress under this section and § 6-21-812.

(B) The written notice shall be provided via certified mail to the president of the school board and the superintendent of the school district.

(C) The commission shall establish rules for the implementation of this subdivision (e)(1).

(2)(A) If the commission determines that there are immediate repairs, growth, or suitability issues that require expedited attention, the commission may direct the school district to conduct a special election to vote on a millage increase.

(B)(i) The division and the school district shall agree upon the issues to be submitted for a vote in the special election.

(ii) The special election may not include any issues other than the issues that are mutually agreed upon.

(C) The special election shall be held on a date that is:

(i) Mutually agreed upon by the division and the school district; and

(ii) Not later than seven (7) months from the date of the election at which the millage failed, unless it is necessary to extend the date beyond seven (7) months because of restrictions on the number of elections that may be held within a calendar year.

(D) If within ninety (90) days from the notice provided to the school district under subdivision (d)(1)(A) the school district has not set an election date, the division shall identify the school district as being in facilities distress.

(E)(i) If the school district is able to finance the immediate repairs, growth, and suitability improvements without the necessity of a special election on increasing its millage, the school district may enter into an agreement with the division to fund its improvements separately, which shall include an implementation timeframe.

"SECTION 1. Arkansas Code Title 20, Chapter 13 is amended to add an additional subchapter to read as follows:

20-13-1401. Findings -- Purpose.

(a) The General Assembly finds that:

(1) One (1) of every six (6) women in the United States will be the victim of a sexual assault;

(2) Forty-four percent (44%) of the victims of a sexual assault are under eighteen (18) years of age, and eighty percent (80%) of the victims of a sexual assault are under thirty (30) years of age;

(3) It is estimated that sixty percent (60%) of all sexual assaults are not reported;

(4) A woman who is the survivor of a sexual assault may face the additional trauma of an unwanted pregnancy or the fear that pregnancy may result;

(5) Each year, between twenty-five thousand (25,000) and thirty-two thousand (32,000) women in the United States become pregnant as a result of sexual assaults, and approximately twenty-two thousand (22,000) of these pregnancies could be prevented if these women used emergency contraception;

(6) Standards of emergency care established by the American College of Emergency Medicine and the American Medical Association require that sexual assault survivors be counseled about their risk of pregnancy and offered emergency contraception;

(7) The National Protocol for Sexual Assault Medical Forensic Examinations issued by the United States Department of Justice Office on Violence Against Women recognizes pregnancy as an often overwhelming and genuine fear among sexual assault survivors and recommends that health care providers discuss treatment options with patients, including reproductive health services;

(8) The federal Food and Drug Administration has declared emergency contraception to be safe and effective in preventing unintended pregnancy and has approved over-the-counter access to the medication for women over eighteen (18) years of age;

(9) Emergency contraception is designed to prevent pregnancy if taken within one hundred twenty (120) hours after unprotected sexual intercourse, but it is most effective if taken within twenty-four (24) hours after unprotected sexual intercourse;

(10) There are inconsistent policies and practices among Arkansas hospitals for dispensing emergency contraception and providing education to sexual assault survivors; AND

(11) Because emergency contraception is time-sensitive and a sexual assault survivor may have delayed seeking hospital treatment, it is critical that she be informed of this option at the time of her treatment.

(b) The purpose of this subchapter is to:

(1) Promote awareness of the availability of emergency contraception for sexual assault survivors as a compassionate response to their traumas; and

(2) Reduce the number of unintended pregnancies and induced abortions that result from sexual assault.

20-13-1402. Definitions.

As used in this subchapter:

(1)(A) "Emergency contraception" means a drug approved by the federal Food and Drug Administration that prevents pregnancy after sexual intercourse, including without limitation oral contraceptive pills.

(B) "Emergency contraception" does not include RU-486, mifepristone, or any other drug or device that induces a medical abortion; and

(2) "Sexual assault survivor" means a female who:

(A) Alleges or is alleged to have been the victim of sexual assault or to have been raped; and

(B) Presents as a patient for treatment with regard to the sexual assault or rape.

20-13-1403. Emergency contraception information required.

(a) All health care facilities that are licensed in this state and provide emergency care to sexual assault survivors shall amend their evidence-collection protocols for the treatment of sexual assault survivors to include informing the survivor in a timely manner of the availability of emergency contraception as a means of pregnancy prophylaxis and educating the sexual assault survivor on the proper use of emergency contraception and the appropriate follow-up care.

(b) This section does not require:

(1) A health care professional who is employed by a health care facility that provides emergency care to a sexual assault survivor to inform the sexual assault survivor of the availability of emergency contraception if the health care professional refuses to provide the information on the basis of religious or moral beliefs; or

(2) A health care facility to provide emergency contraception to a sexual assault survivor who is not at risk of becoming pregnant as a result of the sexual assault or who was already pregnant at the time of the sexual assault.

(c) If a licensed pharmacy does not have nonprescription emergency contraception in stock, the pharmacy shall place a conspicuous notice in the area where customers obtain prescription drugs that states in capital letter in at least 18-point bold type "EMERGENCY CONTRACEPTION NOT AVAILABLE".

(d) The General Assembly encourages each health care facility to provide training to emergency room staff concerning the efficacy of emergency contraception and the time-sensitive nature of the drug.

(e)(1) Because emergency contraception is time-sensitive and a sexual assault survivor may seek information on or direct access to emergency contraception to prevent an unintended pregnancy resulting from the assault instead of or before seeking hospital treatment, it is critical that a sexual assault survivor has accurate information about the availability and use of emergency contraception.

(2) Therefore, the General Assembly encourages:

(A) An entity offering victim assistance or counseling and rape crisis hotlines to include information concerning the availability and use of emergency contraception; and

(B) A licensed or registered pharmacy in the state of Arkansas to distribute information concerning the availability and use of emergency contraception."
