Speaker Petrus introduced Governor Beebe for his State of the State address.

**State of the State Address
Governor Mike Beebe
January 10, 2007**

* * * * *

Mr. President, Mr. Speaker, Mr. President Pro-Tempore, Constitutional Officers, Mr. Chief Justice, Members of the Court; and distinguished guests, friends, and fellow Arkansans: I am honored to uphold our constitutional tradition and bring to you today *an account of* the State of our State.

Ginger and I congratulate the new members of this hall, the new constitutional officers, and all those returning to the service of our State.

It was in 1983 that I first sat in this room to hear the Governor's Address. I've heard three governors perform this task. I've listened as Senator, as Attorney General, as a business person, a husband, a father, and as a citizen of our State.

Yesterday, many of us... along with people from every corner of Arkansas... witnessed the time-honored tradition of Democracy in action and the peaceful transfer of elected office.

Those of us who participated in that awesome electoral process humbly accept the mandate of our ultimate bosses, the People of Arkansas.

Today, we begin the work we have been tasked to do... we must all undertake the great challenge of moving Arkansas forward, working together for the good of the Natural State... working beyond partisan and regional boundaries ...working as one people... as one spirit... to make Arkansas everything we know she can be.

That means breaking the negative stereotypes of our State.

As we reflect on the occasion of the 50th anniversary of the Central High crisis, let us take stock of how far we've come and yet realize how far we have to go. Who would have thought that 50 years ago there would be statues just outside this building commemorating those courageous nine young people and the countless black and white, men and women – everyday people -- throughout this State, who helped to usher in a time of greater equality and a more just society?

As we gather today, taking stock of our resources, our people, our achievements, and our challenges, I am proud to say that ours is a State of optimism and determination.

Optimism, because we are a State and a people proud of who we are, our traditions, and our heritage. And yet, we recognize all that we still can be.

Determination, because we will not be dissuaded from fulfilling the potential that we know is inside every individual and every community.

For more than a year, I've worked with many of the people here today... and with countless others across our State... to craft a vision for that optimism and a framework to go forth with that determination.

As Governor, I will go about the business of making a reality of that vision and making use of that framework by making the office of governor an office of ideas, direction and leadership.

The first part of making that vision real will be ensuring that our young people receive only the best from our schools, not just because it is a legally mandated first priority, but because it is the RIGHT thing to do and the most important task at hand.

No one appreciates more than I do the General Assembly's role as the policy-maker of Arkansas. I envision that we will have a genuine partnership, but one forged by leadership on my part.

As Governor, I will offer that leadership on the issues facing our State. As we look to the future and begin the great undertaking of moving Arkansas forward, I intend to be especially involved in the most critical issues of educational advancement, economic development, the well-being of our future, and meaningful tax relief.

Education is the hinge on which our future swings.

Excellence in education will be one of our greatest challenges, and it will be one of our most important victories.

Everyone wants to talk about excellence in education. But it will take all of us: parents, educators, and legislators – every Arkansan – to combine our efforts and achieve that excellence.

Just as the number-one priority of the federal government is protecting the Nation from threats, both foreign and domestic, so too is our State's primary responsibility the education of our people. Under the Constitution, it is our first legal obligation. Under the mandate of preparing for our future, it is our first moral obligation.

The first demand on a substantial portion of the surplus will be to fulfill our obligation to school facilities, the one major area of education left to be addressed.

Education is the seed from which our future grows.

Let us no longer be satisfied with the legal requirement of adequacy, but strive for the moral imperative of excellence.

Today, I propose approximately \$19 million in additional revenue for public education above that recommended by the education committees. This support will be devoted to school districts and students with special needs.

Education is not a process that should end at the schoolhouse door. It is about continuous, lifelong learning. Education encompasses everything from pre-school to the end of life.

Just as we provide ARKids First for children in need of health care so that they can lead healthy lives, we will provide pre-kindergarten education to at-risk children to help them begin school ready to learn.

We'll make this a reality by investing an additional \$40-million into the Arkansas Better Chance program to provide voluntary, top-quality pre-school classes to all children whose families earn up to 200% of the poverty level. Total funding will now be \$111 million.

And we'll create partnerships with industry to expand opportunities for parents or guardians to be able to attend parent-teacher conferences and volunteer at their children's schools with paid leave. That means leading by example.

We will propose, by legislation or rule, as appropriate, to permit state employees in the executive branch one day of paid leave each year to volunteer in their children's schools or attend parent-teacher conferences.

And no education plan would address the needs of our children without working to ensure teacher quality.

That means building a Traveling Teachers program so that schools can pool their resources to share teachers in specialized subject areas, primarily to assist our small or rural schools.

Ensuring teacher quality means attracting and retaining quality teachers by continually upgrading the teacher-mentor model and launching a pilot program for comprehensive alternative pay.

And education shouldn't have to end when high school ends.

Young people with the talent and the ability to pursue higher education in Arkansas should not be hindered by a lack of resources.

Those whose families earn less than \$25,000 a year will be eligible for a \$1,000 state scholarship each year for a maximum of four years.

Realizing that not everyone will be able to attend school full-time, part-time students will also benefit with pro-rated aid over a longer period of time.

And not everyone has the opportunity to immediately pursue higher education after high school. I'll work with the legislature to further increase opportunity for higher education by expanding the Career Pathways Initiative from the current 11 community colleges to all 22.

And we'll expand educational access to more young people and adults through our public libraries. The old image of people reading books in a quiet library isn't the only reality anymore. Public libraries bring children's reading programs, the Internet, and today's technology to countless Arkansans.

So, to make sure that the resources are available for the task our public libraries are charged with, we'll increase funding for them by \$1.7 million.

But the best schools and educational opportunities in the world are useless without good-paying jobs here at home. Otherwise, we are preparing our best and brightest for jobs in Chicago, Dallas, Atlanta, or other big cities.

That's why we have to focus on job creation and job retention as never before, helping to expand the businesses already here and attracting new ones. It's that simple.

But it will require a change in philosophy, and that must begin at the very core of our efforts.

The mission of the Arkansas Department of Economic Development, first and foremost, should be to aggressively seek to provide better-paying jobs that offer a greater quality of life to our people.

Part of that mission will focus on building stronger relationships between community colleges and economic-development efforts.

The Arkansas Delta Training and Education Consortium in East Arkansas is the model for how we can match the curricula of our community colleges to the needs of potential businesses and area employers in the State.

And this mission will put a greater emphasis on regional partnerships. We are all in this together and what is good for Southeast Arkansas is good for Northwest Arkansas.

We should not be jealous of the success of one region of the State or begrudge helping another. As I have said on many occasions, "When one of us succeeds, we all rejoice. But when one of us hurts, all of us should hurt."

And to give us the ability for aggressive economic development, I'm asking you to dedicate \$50 million of the General Improvement Fund to enable the State to attract new businesses and retain existing ones. If we are going to compete with our sister states and with foreign nations, we must have the ability to aggressively negotiate in real time and good faith.

To help attract new manufacturers and retain the ones we have, we'll phase out the sales tax on utilities for manufacturers, with the first step being a one-sixth reduction.

As we look forward to the future, we must put a special focus on the industries of the 21st century that will ensure our long-term economic success.

I will work with the Legislature and the legislative leadership to roll back the sales tax on off-road diesel fuel and replace it with a per-gallon tax coupled with an incentive to purchase bio-diesel.

And I'll work with the legislative leadership on crafting a tax credit for the construction of crushers and other bio-fuel infrastructure. For an investment today, we can seed the industry of the future right here in our own backyard.

Today, there is the potential to create gasoline – not ethanol, but gasoline – from cellulose products already growing right here in Arkansas.

Imagine stopping at a gas station and filling your tank with fuel made from Arkansas wood products and created at an Arkansas bio-refinery.

Our vision for the future must never be limited by the circumstances of today.

The well-being of our future requires more than just education and jobs. It also depends on the prosperity of our communities. Working together, we'll increase city and county turn-back by \$8 million – \$4 million for cities and \$4 million for counties – so that our communities have the resources for success.

The well-being of our future depends upon the character of our society. And the character of a society is demonstrated by how it treats its elders.

I'll work with the Department of Health and Human Services to educate our populace about choices between nursing home and community-based or at-home care options under the Elder Choices Medicaid Waiver so that families, doctors, and patients -- not Medicaid regulations -- make choices for seniors based on less restrictive care.

The well-being of our future must be safeguarded in each and every one of our communities.

Dangerous streets are flanked by businesses that will eventually have to shut their doors and families who will retreat to other communities.

To help safeguard our communities, we will increase funding for probation monitoring by \$3.4 million. Our current probation system sees the average caseload for a probation officer at more than 100 cases. We're going to add 60 new officers, taking the average caseload to 85.

We'll increase resources for drug-court counselors to rehabilitate drug offenders and keep prison space open for violent offenders by investing roughly \$5 million in the Drug Court program.

We know that crime today isn't limited to streets and parking lots. The Internet has created a new avenue for the darkest of minds.

That's why the State will work to help local law-enforcement agencies understand computer-based crimes as an integral part of law enforcement.

We'll make it a part of basic law-enforcement training at the Arkansas Law Enforcement Training Academy and the University of Arkansas Criminal Justice Institute.

We will make this a reality by creating a new computer training lab for law enforcement.

We have to do these things because we have to protect our most valuable asset, our children. That's why I plan to work with the Task Force on Abused and Neglected Children on the comprehensive plan they've been developing for addressing child abuse in our State.

Working with them, my administration will explore expansion of the Child Advocacy Centers throughout the State, improved training at our institutions of higher education for students considering careers in a child-protection field, and greater professional development for our child-protection officials.

Because the well-being of our future must be protected against large-scale natural and man-made disasters, we will work to connect all our communities in times of emergency.

We need to facilitate funding to support full-time local emergency-management functions for local governments that have not otherwise had the resources to do so. I'll use the Governor's Office to request federal resources for the positions and will explore options for pooling resources on a regional basis and will examine the potential for state matching funds.

We can do all of these things, and with a reasonable approach, we can offer tax relief for working Arkansans within the requirements to balance the budget.

I know there are some people who think we should use our increased revenue for a one-time tax break.

But I believe we can do more. I think we can use it as seed money for permanent, meaningful tax relief.

There are those who think we should spend our increased revenue on one project or another, but I believe it isn't ours to spend. This money belongs to the people of Arkansas and they ought to get it back the same way they spent it. If they paid that money in taxes, then it ought to go back to them in the form of tax relief.

There are those who want to look at our increased revenue as a reason to restructure the tax code. But I believe we have to do first things first. And we have a moral charge to rid our State of its most regressive tax, the state sales tax on food.

We have the opportunity now to begin eliminating it in a responsible way that will end the tax over time and not impede state services in the interim. We all share a common desire to move our State forward and to offer help to those among us who need it most. That desire is a noble one and should drive us to work together to a common end: never making the perfect the enemy of the good.

Those who seek to inscribe history on their terms rarely succeed. Instead, we must strive to make our efforts plentiful and beneficial to all, so that when history writes itself, it will have no choice but to reflect favorably upon our accomplishments and upon our State.

Compromise is rarely graceful and often complex. But it can be civil, it can be inspiring, and its results can build a strong and sure-footed foundation for unprecedented achievement. I will ask you to end the grocery tax with a phase-out that begins now, with a fifty-percent cut -- a three-cent cut.

And we're going to offer real tax relief to Arkansans in the form of reducing property taxes by increasing the homestead credit from \$300 to \$350.

We'll be facing more issues as a State, and there will be more challenges in the Session ... more plans to be formulated and detailed ... more steps we can take in moving Arkansas forward.

Going forward, the word "Arkansas" should be synonymous with the great strides we will make and forever erase these tired negative stereotypes that have hampered us in the past.

We must capitalize on the assets we have to map our course for the future.

When people look to Arkansas, they should see the Nano-Technology Center in Fayetteville; the Bio-Sciences Center at ASU, UAMS and the U of A; the Cancer Research Center at UAMS; the Cyber College at UALR; the Forestry Program at UAM; and the Aquaculture Center at UAPB.

When people look from across the globe to South Arkansas, they should see the future of the bio-fuels industry – from cellulose products to animal waste and soy beans – the foundation for our energy needs and conservation stewardship going forward.

When people look to Northwest Arkansas, they should see a natural business incubator with entrepreneurship unmatched anywhere in the global economy.

When people look to Northeast Arkansas and the Delta, they should see a leader in community building and aggressive economic development.

When people look to Arkansas, they should see a leader in the nation – in the world -- and say, "We want to do what they did in Arkansas."
This can be accomplished only by keeping in mind that attitudes follow actions.

If we are going to change the attitudes, we have to take real and meaningful action.

We all believe in Arkansas, but now we must demonstrate the works that prove our faith.

If we are going to make Arkansas the envy of the nation, we must roll up our sleeves and begin our work with the optimism and determination our success will be built on.

So, now we go about that action together.

Let us never lose focus of why we are here, why we are so determined, and why we have such reason for our optimism. We have been entrusted by our people with a call for action today and with the fragile future of generations to come... to serve them at the helm of State, going forward to do man's work and God's will.
Thank you. God bless you and God bless Arkansas.

SUBCHAPTER 12. -- Administrative penalty.

23-114-1201. Imposition of penalty.

The Department of Finance and Administration may impose an administrative penalty against a person who violates this chapter or a rule or order adopted by the Charitable Bingo and Raffle Oversight Commission under this chapter.

23-114-1202. Amount of penalty.

(a) The amount of the administrative penalty may not exceed \$1,000 for each violation. Each day a violation continues or occurs may be considered a separate violation for purposes of imposing a penalty.

(b) In determining the amount of the penalty, the Director of Bingo Operations shall consider:

- (1) The seriousness of the violation, including the nature, circumstances, extent, and gravity of the prohibited acts;
- (2) The history of previous violations;
- (3) The amount necessary to deter future violations;
- (4) Efforts to correct the violation; and
- (5) Any other matter that justice may require.

23-114-1203. Notice of violation and penalty.

(a) If, after investigating a possible violation and the facts surrounding that possible violation, the Director of Bingo Operations determines that a violation has occurred, the Director of Bingo Operations may issue a violation report stating the facts on which the conclusion that a violation occurred is based, recommending that an administrative penalty be imposed on the person alleged to have committed the violation, and recommending the amount of the proposed penalty. The Director of Bingo Operations shall base the recommended amount of the proposed penalty on the seriousness of the violation determined by consideration of the factors set out in § 23-114-120(b).

(b) Not later than the 14th day after the date on which the report is issued, the Director of Bingo Operations shall give written notice of the report to the person alleged to have committed the violation.

(c) The notice must:

- (1) Include a brief summary of the alleged violation;
- (2) State the amount of the administrative penalty recommended; and
- (3) Inform the person of the person's right to a hearing on the occurrence of the violation, the amount of the penalty, or both.

23-114-1204. Penalty to be paid or hearing requested.

(a) Not later than the 20th day after the date the person receives the notice, the person may:

- (1) Accept the recommendation of the Director of Bingo Operations, including the recommended administrative penalty; or
- (2) Make a written request for a hearing on the determination.

(b) If the person accepts the determination of the Director of Bingo Operations, the Director of Bingo Operations by order shall approve the determination and impose the proposed penalty.

23-114-1205. Hearing.

(a) If the person timely requests a hearing or does not respond to the notice in the time allowed, the Director of Bingo Operations shall set a hearing and give notice of the hearing to the person.

(b) The hearings examiner shall make findings of fact and conclusions of law and promptly issue to the Department of Finance and Administration a proposal for decision as to the occurrence of the violation and the amount of the proposed penalty, if a penalty is warranted.

23-114-1206. Decision by Director of Bingo Operations.

(a) Based on the findings of fact and conclusions of law and the recommendations of the hearings examiner, the Director of Bingo Operations by order:

- (1) May find that a violation has occurred and may impose an administrative penalty; or
- (2) May find that a violation has not occurred.

(b) The Director of Bingo Operations shall give notice of the order to the person. The notice must include:

- (1) separate statements of the findings of fact and conclusions of law;
- (2) The amount of any penalty imposed;

(3) A statement of the right of the person to judicial review of the order; and

(4) Other information required by law.

23-114-1207. Options following decision -- Pay or appeal.

(a) Not later than the 30th day after the date on which the order becomes final, the person shall:

(1) Pay the administrative penalty;

(2) Pay the penalty and file a petition for judicial review contesting the finding that a violation occurred, the amount of the penalty, or both; or

(3) Without paying the penalty, file a petition for judicial review contesting the finding that a violation occurred, the amount of the penalty, or both.

(b) Within the 30-day period, a person who acts under Subsection (a)(3) may:

(1) Stay enforcement of the penalty by:

(A) Paying the penalty to the court for placement in an escrow account; or

(B) Giving to the court a supersedeas bond approved by the court for the amount of the penalty that is effective until all judicial review of the order is final; or

(2) Request the court to stay enforcement of the penalty by:

(A) Filing with the court a sworn affidavit of the person stating that the person is financially unable to pay the penalty and is financially unable to give the supersedeas bond; and

(B) Giving a copy of the affidavit to the Director of Bingo Operations by certified mail.

(c) On receipt of a copy of the affidavit as provided by subdivision (b)(2) of this section, the Director of Bingo Operations may file with the court, not later than the fifth day after the date the copy is received, a contest to the affidavit. The court shall hold a hearing on the facts alleged in the affidavit as soon as practicable and shall stay the enforcement of the penalty on finding that the alleged facts are true. The person who files an affidavit has the burden of proving that the person is financially unable to pay the penalty and to give a supersedeas bond.

23-114-1208. Collection of penalty.

If the person does not pay the administrative penalty and the enforcement of the penalty is not stayed, the Director of Bingo Operations may refer the matter to the attorney general for collection of the penalty.

23-114-1209. Determination by court.

(a) If the court sustains the finding that a violation occurred, the court may uphold or reduce the amount of the administrative penalty and order the person to pay the full or reduced amount.

(b) If the court does not sustain the finding that a violation occurred, the court shall order that a penalty is not owed.

23-114-1210. Remittance of penalty and interest.

(a) If, after judicial review, the administrative penalty is reduced or not upheld by the court, the court shall, after the judgment becomes final:

(1) Order the appropriate amount, plus accrued interest, be remitted to the person if the person paid the penalty; or

(2) If the person posted a supersedeas bond, order the release of the bond:

(A) If the penalty is not upheld; or
(B) After the person pays the reduced penalty, if the amount of the penalty is reduced.

(b) The interest paid under subdivision (a)(1) of this section is accrued at the rate charged on loans to depository institutions by the New York Federal Reserve Bank. The interest shall be paid for the period beginning on the date the penalty is paid and ending on the date the penalty is remitted."

SECTION 3. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that current Arkansas law prevents an applicant from sitting for the real estate examination until the receipt of a state and federal background check by the Arkansas Real Estate Commission; that these background checks take a great deal of time to complete; and that requiring an applicant to delay taking the examination until the background checks are received unfairly punishes the applicant and negatively affects the real estate profession. Therefore, an emergency is declared to exist and this act being necessary for the preservation of the public peace, health, and safety shall become effective on:

- (1) The date of its approval by the Governor;
(2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or
(3) If the bill is vetoed by the Governor and the veto is overridden, the date the last house overrides the veto."

The Department of Finance and Administration may impose an administrative penalty against a person who violates this chapter or a rule or order adopted by the Charitable Bingo and Raffle Oversight Commission under this chapter.

23-114-902. Amount of penalty.

(a) The amount of the administrative penalty may not exceed one thousand dollars (\$1,000) for each violation. Each day a violation continues or occurs may be considered a separate violation for purposes of imposing a penalty.

(b) In determining the amount of the penalty, the Director of Bingo Operations shall consider:

(1) The seriousness of the violation, including the nature, circumstances, extent, and gravity of the prohibited acts;

(2) The history of previous violations;

(3) The amount necessary to deter future violations;

(4) Efforts to correct the violation; and

(5) Any other matter that justice may require.

23-114-903. Notice of violation and penalty.

(a) If after investigating a possible violation and the facts surrounding that possible violation the Director of Bingo Operations determines that a violation has occurred, the director may issue a violation report stating the facts on which the conclusion that a violation occurred is based, recommending that an administrative penalty be imposed on the person alleged to have committed the violation, and recommending the amount of the proposed penalty. The director shall base the recommended amount of the proposed penalty on the seriousness of the violation determined by consideration of the factors set out in § 23-114-902(b).

(b) Not later than the fourteenth day after the date on which the report is issued, the director shall give written notice of the report to the person alleged to have committed the violation.

(c) The notice shall:

(1) Include a brief summary of the alleged violation;

(2) State the amount of the administrative penalty recommended; and

(3) Inform the person of the person's right to a hearing on the occurrence of the violation or the amount of the penalty, or both.

23-114-904. Penalty to be paid or hearing requested.

(a) Not later than the twentieth day after the date the person receives the notice, the person may:

(1) Accept the recommendation of the Director of Bingo Operations, including the recommended administrative penalty; or

(2) Make a written request for a hearing on the determination.

(b) If the person accepts the determination of the director, the director by order shall approve the determination and impose the proposed penalty.

23-114-905. Hearing.

(a) If the person timely requests a hearing or does not respond to the notice in the time allowed, the Director of Bingo Operations shall set a hearing and give notice of the hearing to the person.

(b) The hearings examiner shall make findings of fact and conclusions of law and promptly issue to the Department of Finance and Administration a proposal for decision as to the occurrence of the violation and the amount of the proposed penalty, if a penalty is warranted.

23-114-906. Decision by Director of Bingo Operations.

(a) Based on the findings of fact and conclusions of law and the recommendations of the hearings examiner, the Director of Bingo Operations by order:

(1) May find that a violation has occurred and may impose an administrative penalty; or

(2) May find that a violation has not occurred.

(b) The director shall give notice of the order to the person. The notice shall include:

(1) Separate statements of the findings of fact and conclusions of law;

(2) The amount of any penalty imposed;

(3) A statement of the right of the person to judicial review of the order; and

(4) Other information required by law.

23-114-907. Options following decision -- Pay or appeal.

(a) Not later than the thirtieth day after the date on which the order becomes final, the person shall:

(1) Pay the administrative penalty;

(2) Pay the penalty and file a petition for judicial review contesting the finding that a violation occurred, the amount of the penalty, or both; or

(3) Without paying the penalty, file a petition for judicial review contesting the finding that a violation occurred or the amount of the penalty, or both.

(b) Within the thirty-day period, a person who acts under subdivision (a)(3) of this section may:

(1) Stay enforcement of the penalty by:

(A) Paying the penalty to the court for placement in an escrow account; or

(B) Giving to the court a supersedeas bond approved by the court for the amount of the penalty that is effective until all judicial review of the order is final; or

(2) Request the court to stay enforcement of the penalty by:

(A) Filing with the court a sworn affidavit of the person stating that the person is financially unable to pay the penalty and is financially unable to give the supersedeas bond; and

(B) Giving a copy of the affidavit to the Director of Bingo Operations by certified mail.

(c) On receipt of a copy of the affidavit as provided by subdivision (b)(2) of this section, the director may file with the court, not later than the fifth day after the date the copy is received, a contest to the affidavit. The court shall hold a hearing on the facts alleged in the affidavit as soon as practicable and shall stay the enforcement of the penalty on finding that the alleged facts are true. The person who files an affidavit has the burden of proving that the person is financially unable to pay the penalty and to give a supersedeas bond.

23-114-908. Collection of penalty.

If the person does not pay the administrative penalty and the enforcement of the penalty is not stayed, the Director of Bingo Operations may refer the matter to the Attorney General for collection of the penalty.

23-114-909. Determination by court.

(a) If the court sustains the finding that a violation occurred, the court may uphold or reduce the amount of the administrative penalty and order the person to pay the full or reduced amount.

(b) If the court does not sustain the finding that a violation occurred, the court shall order that a penalty is not owed.

23-114-910. Remittance of penalty and interest.

(a) If after judicial review the administrative penalty is reduced or not upheld by the court, the court, after the judgment becomes final, shall:

(1) Order the appropriate amount, plus accrued interest, be remitted to the person if the person paid the penalty; or

(2) If the person posted a supersedeas bond, order the release of the bond:

(A) If the penalty is not upheld; or

(B) After the person pays the reduced penalty, if the amount of the penalty is reduced.

(b) The interest paid under subdivision (a)(1) of this section is accrued at the rate charged on loans to depository institutions by the Federal Reserve Bank of New York. The interest shall be paid for the period beginning on the date the penalty is paid and ending on the date the penalty is remitted."

(1) To operate machinery and equipment used directly in producing, manufacturing, fabricating, assembling, processing, finishing, or packaging of articles of commerce as described in § 26-52-402(a)(1)(A); and

(2) To operate machinery and equipment required to prevent or reduce air or water pollution or contamination as described in § 26-52-402(a)(3).

(c) If fuel and energy is delivered through a single meter used for both an exempt purpose and a taxable purpose during a regular billing period, the eligibility for the exemption under this section is determined by the predominant use of the fuel and energy delivery measured by the single meter.

(d) The Department of Finance and Administration shall promulgate rules to implement this section.

SECTION 2. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that the sales and use taxes that Arkansas imposes on fuel and energy used in manufacturing and processing far exceed the taxes imposed by competing states; that competing states have reduced or eliminated their taxes on fuel and energy used in manufacturing and processing; that Arkansas has suffered a significant job loss in the manufacturing sector in the last two (2) years; that Arkansas has failed to attract new manufacturing projects due in part to the tax advantages of competing states; and that manufacturing jobs are a crucial part of the Arkansas economy and must be preserved and expanded in order

to provide citizens the opportunity to maintain a reasonable standard of living, retain young workers, and provide and promote quality education throughout the state. Therefore, an emergency is declared to exist and this act being necessary for the preservation of the public peace, health, and safety shall become effective on July 1, 2007."

That the following is proposed as an amendment to the Constitution of the State of Arkansas, and upon being submitted to the electors of the state for approval or rejection at the next general election for Senators and Representatives, if a majority of the electors voting thereon at the election adopt the amendment, the amendment shall become a part of the Constitution of the State of Arkansas, to wit:

SECTION 1. Section 3 of Article 14 of the Arkansas Constitution is amended to read as follows:

3. School tax - Budget - Approval of tax rate (Const., Art. 14, § 3, as amended by Const. Amend. 11, Const. Amend. 40, amended, and Const. Amend. 74).

(a) The General Assembly shall provide for the support of common schools by general law. In order to provide quality education, it is the goal of this state to provide a fair system for the distribution of funds. It is recognized that, in providing such a system, some funding variations may be necessary. The primary reason for allowing such variations is to allow school districts, to the extent permissible, to raise additional funds to enhance the educational system within the school district. It is further recognized that funding variations or restrictions thereon may be necessary in order to comply with, or due to, other provisions of this Constitution, the United States Constitution, state or federal laws, or court orders.

(b)(1) There is established a uniform rate of ad valorem property tax of twenty-five (25) mills to be levied on the assessed value of all taxable real, personal, and utility property in the state to be used solely for maintenance and operation of the schools.

(2) Except as provided in this subsection the uniform rate of tax shall not be an additional levy for maintenance and operation of the schools but shall replace a portion of the existing rate of tax levied by each school district available for maintenance and operation of schools in the school district. The rate of tax available for maintenance and operation levied by each school district on the effective date of this amendment shall be reduced to reflect the levy of the uniform rate of tax. If the rate of tax available for maintenance and operation levied by a school district on the effective date of this amendment exceeds the uniform rate of tax, the excess rate of tax shall continue to be levied by the school district until changed as provided in subsection (c)(1). If the rate of tax available for maintenance and operation levied by a school district on the effective date of this amendment is less than the uniform rate of tax, the uniform rate of tax shall nevertheless be levied in the district.

(3) The uniform rate of tax shall be assessed and collected in the same manner as other school property taxes, but the net revenues from the uniform rate of tax shall be remitted to the State Treasurer and distributed by the state to the school districts as provided by law. No portion of the revenues from the uniform rate of tax shall be retained by the state. The revenues so distributed shall be used by the school districts solely for maintenance and operation of schools.

(4) The General Assembly may by law propose an increase or decrease in the uniform rate of tax and submit the question to the electors of the state at the next general election. If a majority of the electors of the state voting on the issue vote For the proposed increase or decrease in the uniform rate of tax, the uniform rate of tax shall be increased or decreased as approved. If a majority of the electors of the state voting on the issue vote Against the proposed increase or decrease in the uniform rate of tax, the uniform rate of tax shall continue to be levied at the rate for the year in which the election is held.

(c)(1) In addition to the uniform rate of tax provided in subsection (b), school districts are authorized to levy, by a vote of the qualified electors respectively thereof, an annual ad valorem property tax on the assessed value of taxable real, personal, and utility property for the maintenance and operation of schools and the retirement of indebtedness. The Board of Directors of each school district shall prepare, approve and make public not less than sixty (60) days in advance of the annual school election a proposed budget of expenditures deemed necessary to provide for the foregoing purposes, together with a rate of tax levy sufficient to provide the funds therefor, including the rate under any continuing levy for the retirement of indebtedness. The Board of Directors shall submit the tax at the annual school election or at such other time as may be provided by law. If a majority of the qualified voters in the school district voting in the school election approve the rate of tax proposed by the Board of Directors, then the tax at the rate approved shall be collected as provided by law. In the event a majority of the qualified electors voting in the school election disapprove the proposed rate of tax, then the tax shall be collected at the rate approved in the last preceding school election. However, if the rate last approved has been modified pursuant to subsection (b) or (c)(2) of this

section, then the tax shall be collected at the modified rate until another rate is approved.

(2) The tax levied by a school district pursuant to subsection (c)(1) of this section may be reduced pursuant to procedures provided by law if the tax would cause the state or district to be out of compliance with any other provision of this Constitution, the United States Constitution, state or federal law, or court order.

(3) ~~No~~ Except as provided in subsection (e) of this section, no tax levied pursuant to under subsection (c)(1) of this section shall be appropriated to any other district than that for which it is levied.

(d) For the purposes of this section, "maintenance and operation" means such expenses for the general maintenance and operation of schools as may be defined by law. [As amended by Const. Amends 11, 40 and 74.]

(e) A school district may expend revenues from a tax levied under subdivision (c)(1) of this section in combination with the revenues of a tax levied pursuant to subdivision (c)(1) of this section of no more than three (3) other school districts for the purpose of supporting a technical school.

SECTION 2. This amendment shall become effective on January 1, 2009.

ARKANSAS SENATE
EIGHTY-SIXTH GENERAL ASSEMBLY
REGULAR SESSION
Amendment No. 1 to SENATE BILL NO. 130

Amend **Senate Bill No. 130** as originally introduced:

Page 2, line 24, delete " _____0 _____0" and replace with " 0 0"

And

Page 2, delete line 25 in its entirety and substitute the following:

" (04) PROMOTIONAL ITEMS _____0 _____0
TOTAL AMOUNT APPROPRIATED \$ 181,207 \$ 184,523"

And

Insert an additional section immediately following Section 3 to read as follows:

"SECTION 4. SPECIAL LANGUAGE. NOT TO BE INCORPORATED INTO THE ARKANSAS CODE NOR PUBLISHED SEPARATELY AS SPECIAL, LOCAL AND TEMPORARY LAW. PROMOTIONAL ITEMS. The Chief Fiscal Officer of the State shall establish upon request for the Minority Health Commission a special Promotional Items appropriation to be used in the acquisition of promotional items. When the Minority Health Commission wishes to transfer from its operating expenses appropriation and funds to the promotional items line, the request shall be forwarded by the Minority Health Commission to the Chief Fiscal Officer of the State for processing and for prior approval by the Arkansas Legislative Council or Joint Budget Committee. Determining the maximum number of employees and the maximum amount of appropriation and general revenue funding for a state agency each fiscal year is the prerogative of the General Assembly. This is usually accomplished by delineating such maximums in the appropriation act(s) for a state agency and the general revenue allocations authorized for each fund and fund account by amendment to the Revenue Stabilization law. Further, the General Assembly has determined that the Minority Health Commission may operate more efficiently if some flexibility is provided to the Minority Health Commission authorizing broad powers under this Section. Therefore, it is both necessary and appropriate that the General Assembly maintain oversight by requiring prior approval of the Legislative Council or Joint Budget Committee as provided by this section. The requirement of approval by the Legislative Council or Joint Budget Committee is not a severable part of this section. If the requirement of approval by the Legislative Council or Joint Budget Committee is ruled unconstitutional by a court of competent jurisdiction, this entire section is void.

.....The provisions of this section shall be in effect only from July 1, 2007 through June 30, 2009."

And appropriately renumber the subsequent sections.

The Amendment was read for the first time, rules suspended, read the second time and adopted.

It is found and determined by the General Assembly of the State of Arkansas that the current extremely harsh remedy under the rule against perpetuities that renders a grantor's entire grant void if the grant violates the rule is outdated and should be replaced; that the common law rule fosters litigation at great cost to the citizens of this state because of its many complexities, with often devastating consequences to estates; and that the revision by this act of the common law remedy to permit the likely occurrence that a grant will vest or to permit a court to reform a grant that does not vest in the manner that most likely approximate the transferor's manifested plan is immediately necessary for the good of the citizens of this state. Therefore, an emergency is declared to exist and this act being immediately necessary for the preservation of the public peace, health, and safety shall become effective on:

THE SENATE
STATE OF ARKANSAS

February 21, 2007

ANN CORNWELL
Secretary of the Senate
Senate Fiscal Officer
State Capitol, Room 320
Little Rock, Arkansas 72201

Dear Mrs. Cornwell:

I am writing this letter with the request that you place it in the Senate Journal. It concerns HB1400, filed by Rep. Robbie Wills, which will create five new circuit judge positions in the State of Arkansas, including one new judge position in the Second Judicial Circuit, where I reside.

I am writing because Randy Philhours, my law partner at Branch, Thompson, Philhours & Warmath, recently announced that he is running for Circuit Judge in 2008. There are two judges in the Second Judicial Circuit retiring. HB1400 would create a third open position. Mr. Philhours had advised me that he does not know what open judicial position he will seek, and he has also advised that his decision to run for Circuit Judge will not be influenced by whether HB1400 is enacted.

I was concerned about potential conflicts with regard to my voting on HB1400. I could identify two sources of ethical regulations that might theoretically affect my voting on HB1400 - Ark. Code Ann. § 21-8-803, which requires the reporting of potential conflicts by legislators, and Senate Rule 24.07, which limits a senator's ability to participate in debate and vote on issues which might pose a conflict of interest to him. In reading this statute and this rule, I do not believe either applies to my situation. I have discussed the matter with Steve Cook, the Senate's counsel, and I believe he agrees with me. If Randy Philhours were to run for an open Circuit Judge position created by HB1400, it would be of no economic benefit to me or my firm, because he would by law have to resign his position at my firm upon assuming the position of Circuit Judge. I can identify no conflict; however, I wanted to note my review of this matter and my conclusions on it in the official record of the Senate.

Yours truly

Signed Robert Thompson,
State Senate District 11

"SECTION 2. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that lawsuits concerning poultry litter have created a crisis in poultry litter distribution in Arkansas; that tax incentives for transportation of poultry litter will provide immediate relief to both Arkansas poultry producers and Arkansas poultry litter applicators; and that this act is immediately necessary because many poultry litter applications are made once a year and any delay in transportation will further exacerbate the already serious crisis. Therefore, an emergency is declared to exist and this act being necessary for the preservation of the public peace, health, and safety shall become effective on:

- (1) The date of its approval by the Governor;
- (2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or

EIGHTY-SIXTH GENERAL ASSEMBLY
REGULAR SESSION
Amendment No. 3 to SENATE BILL NO. 261

Amend **Senate Bill No. 261** as engrossed, S2/19/07:

Page 14, delete section 25 in its entirety and substitute the following:

SECTION 25. SPECIAL LANGUAGE. NOT TO BE INCORPORATED INTO THE ARKANSAS CODE NOR PUBLISHED SEPARATELY AS SPECIAL, LOCAL AND TEMPORARY LAW. BETTER CHANCE PROGRAM ADMINISTRATIVE FEES. The Department of Education is hereby authorized to expend a maximum of two percent (2%) of available funds for administration of the Better Chance Program. Up to 1.8% of available funds shall be used to administer the program and to monitor program grantees to ensure compliance with programmatic standards. Prior to the utilization of the remaining 0.2% of available funds, the Department of Education shall seek prior review and approval of the Arkansas Legislative Council or Joint Budget Committee by providing a written request to include the following: a) the Department's reason(s) for the use of the funds and b) the amount of funds that will be expended. The Department may contract with the Division of Child Care and Early Childhood Education to administer the program. Determining the maximum number of employees and the maximum amount of appropriation and general revenue funding for a state agency each fiscal year is the prerogative of the General Assembly. This is usually accomplished by delineating such maximums in the appropriation act(s) for a state agency and the general revenue allocations authorized for each fund and fund account by amendment to the Revenue Stabilization law. Therefore, it is both necessary and appropriate that the General Assembly maintain oversight by requiring prior approval of the Legislative Council or Joint Budget Committee as provided by this section. The requirement of approval by the Legislative Council or Joint Budget Committee is not a severable part of this section. If the requirement of approval by the Legislative Council or Joint Budget Committee is ruled unconstitutional by a court of competent jurisdiction, this entire section is void.

The provisions of this section shall be in effect only from July 1, 2007 through June 30, 2009.
