AND

Page 1, delete lines 22 through 28 and substitute the following:

"SECTION 1. DO NOT CODIFY. Title. This act shall be known and may be cited as the "Conflict of Interest Prohibition Act of 2009".

SECTION 2. DO NOT CODIFY. Legislative intent. The General Assembly finds and declares that:

(1) Effective citizen participation in government is an essential element of a working democracy and that effective citizen participation should include

assurances that members of state boards and commissions and board members of entities receiving state funds, before whom citizens appear, will be impartial and untainted by personal or family conflicts of interest;

(2) It is the public policy of the State of Arkansas that members of state boards and commissions and board members of entities receiving state funds shall work for the benefit of the people of Arkansas and not to advance the pecuniary interests of themselves, their employers, or their families;

(3) Under existing state law, members of state boards and commissions and board members of entities receiving state funds are permitted to vote on and participate in official decisions that their employers, their prospective employers, or other organizations with which the members are associated have a pecuniary interest and are permitted to vote on and participate in official decisions in which their close relatives have a pecuniary interest. Members of state boards and commissions and board members of entities receiving state funds are not required to disclose to other board and commission members or to the public the existence of their close relatives' employment and ownership positions in businesses regulated by the state boards and commissions or entities receiving state funds;

(4) Unlike violations of other ethics and conflicts of interest provisions of state law that are treated as misdemeanors or felonies and subject the violator to fines, the only penalty currently attached to violations of existing conflict of interest provisions relating to state board or commission members and board members of entities receiving state funds is removal from office; and

(5) These weaknesses and omissions in existing laws create opportunities for conflicts of interest corrupting the operation of state government and to the detriment of the people of Arkansas.

SECTION 3. Arkansas Code § 7-6-218(b)(4)(B)(i), resulting from Initiated Act 1 of 1990, concerning possible actions of the Arkansas Ethics Commission if there is a violation of campaign practices, is amended to read as follows:

(B)(i) Notwithstanding the provisions of §§ 7-6-202, 7-9-409, 21-8-403, ~~and 21-8-903,~~ and 21-8-1004, impose a fine of not less than fifty dollars (\$50.00) nor more than two thousand dollars (\$2,000) for negligent or intentional violation of this subchapter or § 21-8-301 et seq., § 21-8-401 et seq., § 21-8-601 et seq., § 21-8-701 et seq., § 21-8-801 et seq., ~~and § 21-8-901 et seq.,~~ and 21-8-1001 et seq.

SECTION 4. Arkansas Code § 21-8-701(d), resulting from Initiated Act 1 of 1988, concerning the contents of the statement of financial interest, is amended to read as follows:

(d) The statement of financial interest shall include the following:

(1) The name of the public servant or candidate and his or her ~~spouse~~ family as defined in § 21-8-402(4) and all names under which they do business;

(2) The reasons for filing the statement of financial interest;

(3)(A) Identification of each employer and of each other source of gross income amounting to more than one thousand dollars (\$1,000) annually received by the person or his or her ~~spouse~~ family in their own names, or by any other person for the use or benefit of the public servant or candidate or his or her ~~spouse~~ family; and a brief description of the nature of the services for which the compensation was received, except that this subdivision (d)(3) shall not ~~be construed to~~ require the disclosure of individual items of income that constitute a portion of the gross income of the business or profession from which the public servant or candidate or his or her ~~spouse~~ family derives income; and

(B) In addition thereto, identification of each source of gross income as described ~~above~~ under subdivision (d)(3)(A) of this section of more than twelve thousand five hundred dollars (\$12,500), except that this shall not ~~be construed to~~ require the disclosure of individual items of income that constitute a portion of the gross income of the business or profession from which the public servant or candidate or his or her ~~spouse~~ family derives income;

(4)(A) The name of every business in which the public servant or candidate and his or her ~~spouse~~ family, or any other person for the use or benefit of the public servant or candidate or his or her ~~spouse~~ family, have an investment or holdings of over one thousand dollars (\$1,000) at fair market value as of the last day of the previous calendar year; ~~and.~~

(B) In addition thereto, identification of each source as described ~~above~~ under subdivision (d)(4)(A) of this section that has a fair market value of over twelve thousand five hundred dollars (\$12,500) as of the last day of the previous calendar year;

(5) Every office or directorship held by the public servant or candidate or his or her ~~spouse~~ family in any business, corporation, firm, or enterprise subject to jurisdiction of a regulatory agency of this state or of any of its political subdivisions;

(6)(A) The name and address of each creditor to whom the value of five thousand dollars (\$5,000) or more was personally owed or personally obligated and is still outstanding by the public servant or candidate.

(B)(i) Loans made in the ordinary course of business by either a financial institution or a person who regularly and customarily extends credit shall not be required to be disclosed.

(ii) Debts owed by the public servant or candidate to the members of the public servant's or candidate's family need not be included;

(7)(A) The name and address of each guarantor or co-maker, other than a member of the public servant's or candidate's family, who has guaranteed a debt of the public servant or candidate that is still outstanding.

(B)(i) This requirement shall be applicable only to debt guaranties for debts assumed or arising after January 1, 1989.

(ii) Guaranteed debts existing ~~prior to~~ before January 1, 1989, ~~which that~~ are extended or refinanced shall become subject to disclosure in the annual financing statement due to be filed after the conclusion of the year in which ~~such the~~ extension or refinancing occurred;

(8)(A) The source, date, description, and a reasonable estimate of the fair market value of each gift of more than one hundred dollars (\$100) received by the public servant or candidate or his or her spouse family ~~or more than two hundred fifty dollars (\$250) received by his or her dependent children.~~

(B) The information required under subdivision (d)(8)(A) of this section is only required for gifts received by the public servant's or candidate's dependent children if the fair market value of each gift is more than two hundred fifty dollars (\$250);

SECTION 7. EMERGENCY CLAUSE. Therefore, an emergency is declared to exist, and this act being immediately necessary for the preservation of the public peace, health, and safety shall become effective on:

(1) The date of its approval by the Governor;

(2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or

Page 1, line 23 after "encourage" insert "energy efficiency"

AND

Page 1, line 24 delete "energy." and substitute the following:

SECTION 2. Arkansas Code Title 23, Chapter 3, Subchapter 4 is amended to read as follows:

23-3-401. Title.

This subchapter shall be known and may be cited as the "~~Energy Conservation Endorsement Act of 1977~~" "Energy Conservation Act of 2009".

23-3-402. Legislative findings.

~~The General Assembly finds that the United States is confronted with a severe and very real energy crisis. Simply stated, the demand for fuels has outstripped the available supplies. The President of the United States has established energy conservation as a high-priority national goal and has called on all Americans to participate in and perhaps make sacrifices toward attaining that goal. The General Assembly recognizes that enormous amounts of energy are wasted by consumers of all classes and economic levels due to inadequate insulation of buildings and other inefficiencies in the use of energy. The overriding public interest in the conservation of natural gas and oil, as well as the use of alternative forms of energy, is indisputable.~~

(a) The General Assembly finds that:

(1) The United States and the State of Arkansas confront a severe and worsening energy crisis;

(2) The United States is currently dependent on energy resources that are:

(A) Expensive;

(B) Subject to volatile pricing that disrupts the national economy; and

(C) More difficult to acquire as world energy demands increase significantly;

(3) Longstanding dependence upon foreign energy resources presents a real threat to this nation's economic and energy security; and

(4) The President of the United States has established as a high-

priority national goal a dramatic increase in conservation, energy efficiency, demand-response measures, renewable resources, and improvements to the nation's electric distribution and transmission systems.

(b) The General Assembly recognizes that:

(1) The enhanced development of these sustainable energy resources is in the public interest;

(2) The state's public utility regulatory and ratemaking process should be strengthened to:

(A) Maximize technology and energy resources; and

(B) Contribute to the reduction of economic and security concerns;

(3) Enormous amounts of energy are wasted by consumers of all classes and economic levels due to inadequate insulation of buildings and inefficiencies in the use of energy; and

(4) The overriding public interest in energy efficiency and conservation of energy, as well as in the increased use of alternative forms of energy, is indisputable.

23-3-403. Energy conservation programs and measures defined.

As used in this subchapter, ~~unless the context otherwise requires, "energy conservation programs and measures" may include, but shall not be limited to~~ without limitation:

~~(1) Programs of residential, commercial, or industrial insulation, including measures to facilitate the financing of such insulation;~~

~~(2) Programs which result in the improvement of load factors, contribute to reductions in peak power demands, and promote efficient load management, including the adoption of interruptible service equipment and alternative or additional metering equipment designed to implement new rate structures; and~~

~~(3) Programs which encourage the use of renewable energy technologies or sources, including solar energy, wind power, geothermal energy, biomass conversion, or the energy available from municipal, industrial, silvicultural, or agricultural wastes.~~

(1)(A) An energy efficiency program or measure that reduces the rate at which energy is used by equipment or a process while maintaining or improving at a lower cost the customer's existing level of comfort and end-use functionality.

(B) A reduction in the rate of energy used may be achieved by:

(i) Substituting more advanced technology; or

(ii) Reorganizing the process to reduce waste heat, waste cooling, or energy.

(C) Energy efficiency includes:

(i) A measure taken on the electric public utility's side of the meter or a natural gas public utility's side of the meter to improve efficiency in generation, transmission, and distribution operations, infrastructure, and the business practices of the electric public utility or the natural gas public utility; and

(ii) A program of residential, commercial, or industrial insulation, including measures to facilitate the financing of insulation through the program;

(2) Either of the following:

(A) A demand response program or measure that results in a change in the energy use by an end-use customer from his or her normal consumption pattern in response to:

(i) A change in the price of energy over time; or

(ii) An incentive payment designed to induce lower electric power and natural gas demand and energy use during times:

(a) Of high wholesale market prices;

(b) When system reliability is jeopardized; or

(c) When reductions in peak electric load or energy usage will lower regulated emissions or improve environmental quality; or

(B) A program that:

(i) Improves load factors;

(ii) Contributes to reductions in peak power demand; or

(iii) Promotes efficient load management, including

without limitation the adoption of interruptible service equipment and alternative or additional metering equipment designed to implement new rate structures;

(3) An application of an advanced technology or system to the delivery system of an electric public utility or a natural gas public utility that enables benefits in the areas of:

(A) Energy demand and consumption;

(B) Reliability;

(C) Improved customer service and information;

(D) Increased energy efficiency and demand response;

(E) Improvement in delivery efficiency; and

(F) Voltage control; and

(4) Renewable resources, including without limitation energy that is:

(A) Generated at a facility from solar, wind, geothermal, ocean energy, biomass, landfill gas, or hydroelectric power; and

(B) Available from a municipal, an industrial, a silvicultural, or an agricultural waste.

23-3-404. Conservation a proper utility function.

It shall be considered is a proper and essential function of public utilities an electric public utility or a natural gas public utility regulated by the Arkansas Public Service Commission to engage in energy conservation programs, projects, and practices which that conserve, as well as distribute, electrical energy and supplies of natural gas, oil, and other fuels.

23-3-405. Authority of Arkansas Public Service Commission — Rates and charges.

(a)(1) The Arkansas Public Service Commission is authorized to propose, develop, solicit, approve, require, implement, and monitor programs and measures by utility companies which an electric public utility or a natural gas public utility that cause the companies the electric public utility or the natural gas public utility to incur costs of service and investments which or costs of investment that encourage energy efficiency and conserve, as well as distribute, electrical energy and existing supplies of natural gas, oil, and other fuels energy.

(2)(A) If the commission determines after proper notice and hearing

~~that After proper notice and hearings, the energy conservation programs and measures may be approved and ordered into effect by the commission if it determines they will be beneficial to the ratepayers of such public utilities an electric public utility or a natural gas public utility and to the ~~utilities themselves~~ the public utility, the commission may approve the energy conservation programs and measures and order their implementation.~~

~~(3) In such instances, the commission shall declare that the cost of such conservation measures is a proper cost of providing utility service. At the time any such programs or measures are approved and ordered into effect, the commission shall also order that the affected public utility company be allowed to increase its rates or charges as necessary to recover any costs incurred by the public utility company as a result of its engaging in any such program or measure.~~

~~(B) If the commission orders the implementation of energy conservation programs and measures under subdivision (a)(1) of this section, the commission shall:~~

~~(i) Declare the cost of the energy conservation programs and measures to be a proper cost of providing a public utility service; and~~

~~(ii) At the time the energy conservation programs and measures are approved and ordered into effect, order the affected electric public utility or natural gas public utility to increase its rates or charges as necessary to recover its costs of engaging in energy conservation programs and measures.~~

AMENDMENT NO. 1 TO HOUSE BILL NO. 1663

Amend **HOUSE BILL NO. 1663** as originally introduced:

Delete everything after the enactment clause and substitute the following:

“SECTION 1. Arkansas Code Title 22, Chapter 2, is amended to add an additional subchapter to read as follows:

22-2-201. Legislative findings.

The General Assembly finds that:

(1)(A) Public buildings can be built and renovated using sustainable, energy-efficient methods that save money, reduce negative environmental impacts, improve employee and student performance, and make employees and students

more productive.

(B) The main objectives of sustainable, energy-efficient designs are to:

(i) Avoid resource depletion of energy, water, and raw materials;

(ii) Prevent environmental degradation caused by facilities and infrastructure throughout their life cycle; and

(iii) Create buildings that are livable, comfortable, safe, and productive; and

(2) State-owned buildings and buildings owned by an institution of higher education can be improved by establishing specific performance criteria and goals for sustainable, energy-efficient public buildings that are based on recognized, consensual standards with a scientifically proven basis and a history of successful performance.

22-2-202. Definitions

As used in this subchapter:

(1) "Institution of higher education" means a state-supported university or college;

(2)(A) "Major facility" means a construction project larger than twenty thousand (20,000) gross square feet of occupied or conditioned space.

(B) "Major facility" does not include a transmitter building or a pumping station;

(3) "Major renovation" means a building renovation project that:

(A) Costs more than fifty percent (50%) of its insured value;

(B) Is larger than twenty thousand (20,000) gross square feet of occupied or conditioned space; and

(C) Is funded in whole or in part by the state;

(4) "Public agency" means a state agency, office, officer, board, department, commission, or an institution of higher education; and

(5) "Sustainable, energy efficient public building" means a public building that, by complying with this subchapter, has the most economical energy and water efficiency for that type of building.

22-2-203. The Sustainable Energy-Efficient Buildings Program for Public Agencies.

(a) The Sustainable Energy-Efficient Buildings Program for Public Agencies is established and shall be administered by the Arkansas Building Authority.

(b)(1) The authority shall develop and issue policies and technical guidelines to establish procedures and methods for compliance with the criteria and the

performance standards for a major facility or a major renovation.

(2) The authority shall develop and administer an:

(A) Energy management program for the implementation of energy conservation measures; and

(B) Operation and maintenance program for public agencies.

22-2-204. Standards for a major facility or a major renovation.

(a) The following minimum standards apply to a major facility:

(1) A major facility project of a public agency shall be designed, constructed, and certified to at least thirty percent (30%) greater energy efficiency than the American Society of Heating, Refrigerating and Air-Conditioning Engineers, Standard 90.1-2004, as it existed on January 1, 2009.

(2) Subdivision (a)(1) of this section applies to a major facility project that has not entered the schematic design phase before the effective date of this act.

(3) An exception or a special standard for a specific type of building or building facility that is found in the American Society of Heating, Refrigerating and Air-Conditioning Engineers, Standard 90.1-2004, is included in the American Society of Heating, Refrigerating and Air-Conditioning Engineers, Standard 90.1-2004, under subdivision (a)(1) of this subsection.

(b) A major renovation project of a public agency shall be certified to at least a twenty percent (20%) greater energy efficiency than the American Society of Heating, Refrigerating and Air-Conditioning Engineers, Inc., Standard 90.1-2004, as it existed on January 1, 2009.

(c) For new construction under either subsection (a) or (b) of this section:

(1) The indoor water system shall be designed and constructed to use at least twenty percent (20%) less potable water than the indoor water use baseline calculated for the building after satisfying the fixture performance requirement, if any, under the Arkansas Plumbing Code; and

(2) Outdoor potable water or harvested groundwater consumption shall use water use efficient landscape materials and irrigation strategies, including without limitation water reuse and recycling, to reduce conventional consumption by at least fifty percent (50%) of the water that would have been consumed otherwise;

(d) If the Arkansas Building Authority determines the American Society of Heating, Refrigerating and Air-Conditioning Engineers, Standard 90.1-2004 is not practicable for a major facility or major renovation, the authority shall determine a practicable alternative standard for the design and construction for that major facility or major renovation.

(e) To verify the performance of a building component or system and ensure that design requirements are met upon completion of construction, building or

system commissioning practices that are tailored to the size and complexity of the building and its system components shall be employed;

(f) To measure and verify a major facility's performance under this section's standards:

(1) A building level owner's meter for electricity, natural gas, fuel oil, and water shall be installed in accordance with the guidelines issued by the United States Department of Energy under Section 103 of the Energy Policy Act of 2005; and

(2)(A) The public agency and the building designers shall:

(i) Compare metered data from the first twelve (12) months of the building's operation with the energy design target; and

(ii) Report the performance results of that comparison to the authority.

(B) If the report under subdivision (f)(2)(A)(i) of this section shows that the building's average energy or water consumption over the one-year period after the date of beneficial occupancy is less than eighty-five percent (85%) of the performance goal established by this section's standards, the designer, the owner public agency, the contractor, the contract manager at risk, and the commissioning agent shall:

(i) Investigate;

(ii) Determine the cause for the failure to achieve this section's performance standards; and

(iii) Recommend corrections or modifications to meet this section's performance standards.

22-2-205. Purchase of a constructed or renovated building.

(a) A public agency shall not purchase a building that:

(1) Did not meet the design and construction standards that were applicable for a comparable building at the time of its construction; or

(2) Had a major renovation that did not meet the standard for energy and water efficiency that was applicable for a comparable building at the time of the major renovation.

(b) This section does not apply to:

(1) The purchase of a building that has historic, architectural, or cultural significance; or

(2) A building that is acquired by devise or gift.

22-2-206. Program to manage energy usage of public agencies.

(a) The Arkansas Building Authority shall:

(1) Develop an energy program to manage energy, water, and other

utility uses for public agencies that will reduce total energy consumption per gross square foot for all state buildings by twenty percent (20%) by 2014 and thirty percent (30%) by 2017 based on energy consumption for the 2007 - 2008 fiscal year; and

(2) Update this program annually.

(b) To implement its plan, the authority shall:

(1) Develop and implement policies, procedures, and standards to ensure that a public agency's purchasing practices:

(A) Improve the efficiency of energy, water, and other utility uses; and

(B) Consider the cost of the product over its economic life;

(2)(A) Adopt and implement building energy design guidelines for public agencies that include without limitation:

(i) Energy-use goals and standards;

(ii) Economic assumptions for life-cycle cost analysis;

and

(iii) Other criteria for building systems and technologies.

(B) The authority shall modify the design criteria for the construction or the renovation of the facilities of a public facility to require the conduct of a life-cycle cost analysis;

(3) Identify and recommend energy conservation maintenance and operating procedures that:

(A) Are designed to reduce energy consumption within the public facility; and

(B) Require no significant expenditure of funds.

(4) Require the maximum interchangeability and compatibility of equipment components when energy management equipment is proposed for any facility of a public agency; and

(5)(A) Develop an energy audit and a procedure for conducting an energy audit.

(B) Within five (5) years after the effective date of this act, the authority shall have completed an energy audit of every public agency.

(C) When conducting an energy audit under subsection (b)(5) of this section, the authority shall identify and recommend any public facility that is suitable for:

(i) Building commissioning to reduce energy consumption within the facility; or

(ii) Installing an energy savings measure under a guaranteed energy savings contract.

(c) The authority may adopt architectural and engineering standards to implement this section.

(d) A public agency shall:

(1) Develop and implement an energy management plan to manage its energy, water, and other utility uses that is consistent with the authority's energy management program developed under this section;

(2) Update its management plan annually, including without limitation strategies for supporting the energy consumption reduction requirements under subsection (a) of this section;

(3) Submit annually by April 1 to the authority a written report of the public agency's utility consumption and costs by fuel;

(4) Carry out the construction and renovation of a facility in a manner that:

(A) Furthers the goals under this section; and

(B) Ensures the use of life-cycle cost analyses and practices to conserve energy, water, and other utilities; and

(5) Implement the authority's recommendations made under subdivision (b)(1) of this section.

22-2-207. Application to historic and unique buildings.

This subchapter does not apply if the implementation of a measure to conserve energy, water, or other utility use conflicts with the requirements for:

(1) A property to be eligible for, nominated to, or entered on the National Register of Historic Places under the National Historic Preservation Act of 1966, P.L. 89-665;

(2) An historic building located within an historic district;

"SECTION 1. Arkansas Code Title 15, Chapter 13, is amended to add an additional subchapter to read as follows:

"15-13-401. Definitions.

As used in this subchapter: "biodiesel fuel" means a renewable, biodegradable, monoalkyl ester combustible liquid fuel derived from agricultural plant oils or animal fats that meets American Society for Testing and Materials Specification Standard D6751-08 for Biodiesel Fuel (B100) Blend Stock for Middle Distillate Fuels.

15-13-402. Biodiesel fuel standard.

(a)(1) By January 1, 2010, and unless otherwise provided in this subchapter, diesel fuel sold at a public retail sales facility within this state shall contain at least five percent (5%) biodiesel fuel by volume.

(2) The biodiesel fuel standard under subsection (a)(1) of this section shall remain in effect unless the Secretary of the Arkansas Agriculture Department informs the Director of the Department of Finance and Administration that there is a need to temporarily reduce the standard under an exception provided under § 15-13-404.

(b) In addition to the standard under subsection (a)(1) of this section, biodiesel fuel produced for sale in this state is required to meet the specifications set forth in American Society for Testing and Materials Specification Standard D6751-08

for Biodiesel Fuel (B100) Blend Stock for Middle Distillate Fuels, as it existed on January 1, 2009.

(c) The Arkansas Bureau of Standards shall ensure that biodiesel fuel produced for sale in this state satisfies the requirements under:

(1) Subsections (a) and (b) of this section; and

(2) The specifications that petroleum fuel is required to meet under the American Society for Testing and Materials Specification Standards, as they existed on January 1, 2009.

15-13-403. Duties of the Secretary of the Arkansas Agriculture Department.

(a) To assure orderly implementation of the biodiesel fuel standard, the Secretary of Agriculture shall:

(1)(A) At least each calendar quarter verify the in-state biodiesel fuel production capacity at each facility to assess whether there is sufficient production capacity to satisfy consumer needs under the biodiesel fuel standard.

(B) The secretary may require an Arkansas biodiesel fuel producer to submit regular reports about the producer's production capacity at each facility owned or operated by the biodiesel producer on a form developed by the secretary.

(2)(A) By January 1, 2010, and periodically thereafter, determine the:

(i) Wholesale price of No. 2 diesel fuel at various pipeline and refinery terminals in the region; and

(ii) Price of biodiesel fuel after credits and incentives are subtracted from the price at biodiesel fuel plants in the region.

(b) The secretary may adjust the biodiesel fuel standard in accordance with the exception procedure under § 15-4-404.

15-13-404. Exception to biodiesel fuel standard.

(a)(1) The Secretary of the Arkansas Agriculture Department may grant an exception to the biodiesel fuel standard if:

(A) The in-state production capacity of biodiesel fuel falls to a level that makes compliance with the biodiesel fuel standard unreasonable;

(B) A competitive economic hardship exists; or

(C) The in-state price for biodiesel fuel rises to a level that makes compliance with the biodiesel fuel standard economically unfeasible; or

(2)(A) For good cause shown under subdivision (a)(1) of this section, the secretary may order a reduction of the fuel standard to a level of two percent (2%) biodiesel fuel content by volume for a period of thirty (30) days.

(B) During the thirty-day period, the secretary shall request a

progress report from the state's biodiesel fuel producers.

(C) If good cause continues to exist or subsequent circumstances present another basis for a good cause extension, the secretary may either:

(i) Extend the reduction under subdivision (2)(A) of this section for another thirty-day period; or

(ii) Waive the requirement for any biodiesel fuel content for a thirty-day period.

(3) The secretary shall not grant an exception from the biodiesel fuel standard under subdivision (a)(1) or (2) of this section for an aggregate time that exceeds ninety (90) days.

(b)(1) An Arkansas fuel retailer may initiate a proceeding for an exception from the biodiesel fuel standard proceeding by filing a petition with the secretary that includes without limitation documentation to demonstrate that:

(A) Compliance with the biodiesel fuel standard creates or will create an unreasonable hardship on him or her; and

(B) The fuel retailer has made reasonable attempts to mitigate or resolve the hardship.

(2) The secretary may grant an exception if there is sufficient evidence that the fuel retailer is experiencing or will experience an unreasonable hardship because of an inability to obtain an adequate amount of biodiesel fuel due to production, quality, or price issues that are specific to the fuel retailer's business circumstances.

(3)(A) If the secretary grants an exception to the fuel retailer, the exception shall not exceed one hundred eighty (180) days.

(B) However, subdivision (b)(3)(A) of this section does not preclude the secretary from considering a subsequent petition from the same fuel retailer for an exception from the biodiesel fuel standard.

15-13-405. Duty of refinery or terminal.

(a) At the time diesel fuel is sold or transferred from a refinery or terminal that is located in this state, the refinery or terminal shall provide a bill of lading or shipping manifest to the person receiving the diesel fuel.

(b) For a biodiesel-blended fuel, the bill of lading or shipping manifest shall disclose the biodiesel fuel content by stating the:

(1) Percentage of biodiesel fuel to the petroleum diesel based-stock;

(2) Number of gallons of biodiesel fuel compared to the number of gallons of the petroleum diesel fuel based-stock; or

(3) An American Society for Testing and Materials "Bxx" designation in

which "xx" denotes the volume percentage of biodiesel fuel included in the blended product.

15-13-406. Report to governor.

(a) By January 30 of each year, the Secretary of the Arkansas Agriculture Department shall provide the Governor with a report about the implementation of this subchapter.

(b) The report shall include without limitation information about the:

(1) Price and supply of biodiesel fuel in the state; and

(2) Impact of the biodiesel fuel standard on the development of:

(A) Biodiesel fuel production capacity in the state; and

(B) Use of feedstock grown or raised in the state for biodiesel

fuel production.

15-13-407. Rules

The Arkansas Agriculture Department shall promulgate rules to implement and administer this subchapter."

SECTION 2. Arkansas Code § 4-108-205, concerning the authority of the State Petroleum Products Division of the Arkansas Bureau of Standards of the State Plant Board, is amended to add an additional subsection to read as follows:

"(c) The board is also authorized to:

(1) Monitor compliance with the biodiesel fuel standard under § 15-13-402; and

(2) Examine biodiesel fuel produced in this state or imported to assure its compliance with applicable materials standards, including American Society for Testing and Materials Specification Standard D6751-08."

SECTION 3. Arkansas Code § 19-6-809(c), concerning the use of funds under the Arkansas Alternative Fuels Development Fund, is amended to read as follows:

"(c) The fund shall be used by the Arkansas Agriculture Department to

provide grants and incentives to support renewable fuels producers, renewable fuels feedstock processors, alternative fuels producers, feedstock processors, and alternative fuels distributors in Arkansas as provided under the Arkansas Alternative Fuels Development Act, § 15-13-101 et seq., or as otherwise provided by law.”

"SECTION 1. Arkansas Code § 26-52-319(b)-(f), concerning the sales tax on natural gas and electricity used by manufacturers, is amended to read as follows:

(b) As used in this section, "manufacturer" means a:

(1) ~~manufacturer~~ Manufacturer classified within sectors 31 through 33 of the North American Industry Classification System, as in effect on January 1, 2007; and

(2) Generator of electric power classified within sector 22 of the North American Industry Classification System that uses natural gas on or after the effective date of this subdivision to operate a generating facility that uses emission reduction technology that emits nitrogen oxides (NOx) less than three and five-tenths parts per million (3.5 ppm) on average annually for all operating hours.

(c) In lieu of the tax rate under subsection (a) of this section, the excise tax rate levied on the gross receipts or gross proceeds derived from the sale of natural gas and electricity to a manufacturer as defined under subdivision (b)(2) of this section is as follows:

(1) Beginning July 1, 2010, five and one-fourth percent (5.25%);

(2) Beginning July 1, 2011, four and one-fourth percent (4.25%); and

(3) Beginning July 1, 2012, the rate under subsection (a) of this section.

~~(e)~~(d) Natural gas and electricity subject to the reduced tax rate levied in this section shall be separately metered from natural gas and electricity used for any other purpose by the manufacturer or otherwise established in accordance with the rules issued under subsection ~~(e)~~(f) of this section.

~~(d)~~(e) ~~Prior to~~ Before the sale of natural gas or electricity at the reduced excise tax rate levied in this section, the director may require any seller of natural gas or electricity to obtain a certificate from the consumer, in the form prescribed by the director, certifying that the manufacturer is eligible to purchase natural gas and electricity at the reduced excise tax rate.

~~(e)~~(f) The director shall ~~have and be invested with full power and authority to~~ promulgate rules for the proper administration of this section.

~~(f)~~(g) The gross receipts or gross proceeds derived from the sale of natural

gas and electricity to a manufacturer shall continue to be subject to:

(1) The excise tax levied under the Arkansas Constitution, Amendment 75, § 2; and

(2) All municipal and county gross receipts taxes.

SECTION 2. Arkansas Code § 26-53-148(b)-(f), concerning the compensating use tax on natural gas and electricity used by manufacturers, is amended to read as follows:

(b) As used in this section, "manufacturer" means a:

(1) manufacturer Manufacturer classified within sectors 31 through 33 of the North American Industry Classification System, as in effect on January 1, 2007; and

(2) Generator of electric power classified within sector 22 of the North American Industry Classification System that uses natural gas on or after the effective date of this subsection to operate a generating facility that uses emission reduction technology that emits nitrogen oxides (NOx) less than three and five-tenths parts per million (3.5 ppm) on average annually for all operating hours.

(c) In lieu of the tax rate under subsection (a) of this section, the excise tax rate levied on the gross receipts or gross proceeds derived from the sale of natural gas and electricity to a manufacturer as defined under subdivision (b)(2) of this section is as follows:

(1) Beginning July 1, 2010, five and one-fourth percent (5.25%);

(2) Beginning July 1, 2011, four and one-fourth percent (4.25%); and

(3) Beginning July 1, 2012, the rate provided in subsection (a) of this section.

~~(e)~~(d) Natural gas and electricity subject to the reduced tax rate levied in this section shall be separately metered from natural gas and electricity used for any other purpose by the manufacturer or otherwise established in accordance with the rules issued under subsection ~~(e)~~(f) of this section.

~~(d)~~(e) ~~Prior to~~ Before purchasing any natural gas or electricity at the reduced excise tax rate levied in this section, the director may require any seller of natural gas or electricity to obtain a certificate from the consumer, in the form prescribed by the director, certifying that the manufacturer is eligible to purchase natural gas and electricity at the reduced excise tax rate.

~~(e)~~(f) The director shall ~~have and be invested with full power and authority to~~ promulgate rules for the proper administration of this section.

~~(f)~~(g) The purchase of natural gas and electricity by a manufacturer shall continue to be subject to:

(1) The excise tax levied under the Arkansas Constitution, Amendment

75, § 2; and

(2) All municipal and county compensating use taxes.

SECTION 3. Emergency Clause. It is found and determined by the General Assembly of the State of Arkansas that the sales and use taxes that Arkansas imposes on natural gas used in high-efficiency electric generating facilities far exceed the taxes imposed by most surrounding states; that electric power generation has historically been treated as manufacturing for sales and use tax purposes in Arkansas; that the state has an interest in encouraging the use of clean and efficient generating technologies pending the development of alternative energy technologies; that the price of natural gas has been subject to substantial increases in the marketplace resulting in a dramatic increase in the cost of electricity that has been compounded by sales and compensating use tax on natural gas used as fuel, and this trend is likely to continue; and that including high-efficiency power generation in the definition of manufacturing for purposes of the reduced sales and use tax on natural gas will stabilize the tax burden, preserve the funding source, and encourage the use of natural gas in high-efficiency power generating facilities in Arkansas. Therefore, an emergency is declared to exist and this act being immediately necessary for the preservation of the public peace, health, and safety shall become effective on July 1, 2009."

SECTION 2. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that it is the obligation of the state to provide a substantially equal opportunity for an adequate education to the public students of this state; that public school district miscellaneous funds as defined by § 6-20-2303 are part of the foundation funding the General Assembly has determined

(g) Confidentiality of examination information.

(1) Names and individual identification data for all owners, purchasers, and insureds shall be considered private and confidential information and shall not be disclosed by the commissioner unless the disclosure is to another regulator or is required by law.

(2)(A) Except as otherwise provided in this subchapter all examination reports, working papers, recorded information, documents and copies thereof produced by, obtained by, or disclosed to the commissioner or any other person in the course of an examination made under this subchapter or in the course of analysis or investigation by the commissioner of the financial condition or market conduct of a licensee shall be confidential by law and privileged, shall not be open to inspection to the public, or subject to disclosure under the Freedom of Information Act of 1967, § 25-19-101 et seq., shall not be subject to subpoena, and shall not be subject to discovery or admissible in evidence in any private civil action.

(B) The commissioner may use the documents, materials, or other information in the furtherance of any regulatory or legal action brought as part of the commissioner's official duties.

(C) The licensee being examined may have access to all documents used to make the report.

(h) Conflict of interest.

(1) An examiner shall not be appointed by the commissioner if the examiner, either directly or indirectly, has a conflict of interest or is affiliated with the management of or owns a pecuniary interest in any person subject to examination under this subchapter. This subsection does not automatically preclude an examiner from being:

(A) An owner;

(B) An insured in a life settlement contract or insurance policy;

or

(C) A beneficiary in an insurance policy that is proposed for a life settlement contract.

(2) Notwithstanding the requirements of this subsection, the commissioner may retain from time to time, on an individual basis, qualified actuaries, certified public accountants, or other similar individuals who are independently practicing their professions even though these persons may from time to time be similarly employed or retained by persons subject to examination under this subchapter.

(i) Immunity from liability.

(1) A cause of action shall not arise nor shall any liability be imposed against the commissioner, the commissioner's authorized representatives, or any examiner appointed by the commissioner for any statements made or conduct performed in good faith while carrying out this subchapter.

(2)(A) A cause of action shall not arise, nor shall any liability be imposed against any person for the act of communicating or delivering information or data to the commissioner or the commissioner's authorized representative or examiner pursuant to an examination made under this subchapter if the act of communication or delivery was performed in good faith and without fraudulent intent or the intent to deceive.

(B) This subsection does not abrogate or modify in any way any common law or statutory privilege or immunity heretofore enjoyed by any person identified in subdivision (i)(1) of this section.

(3)(A) A person identified in subdivision (i)(1) or subdivision (i)(2) of this section is entitled to an award of attorney's fees and costs if he or she is the prevailing party in a civil cause of action for libel, slander, or any other relevant tort arising out of activities in carrying out the provisions of this subchapter and the party bringing the action was not substantially justified in doing so.

(B) For purposes of this subsection, a proceeding is "substantially justified" if it had a reasonable basis in law or fact at the time that it was initiated.

(j)(1) Investigative authority of the commissioner.

(2) The commissioner may investigate suspected fraudulent life settlement acts and persons engaged in the business of life settlements.

(k)(1) Cost of examinations.

(2) Costs of examinations under this subchapter shall be paid to the State Insurance Department to the same extent as examination expenses are

imposed on persons pursuant to § 23-61-206.

23-81-808. Advertising.

(a)(1) A broker, or provider licensed pursuant to this subchapter may conduct or participate in advertisements within this state.

(2) Advertisements shall comply with all advertising and marketing laws or rules promulgated by the Insurance Commissioner that are applicable to life insurers or to brokers and providers licensed pursuant to this subchapter.

(b) Advertisements shall be accurate, truthful, and not misleading in fact or by implication.

(c) A person or trust shall not:

(1) Directly or indirectly, market, advertise, or solicit or otherwise promote the purchase of a policy for the sole purpose of or with an emphasis on settling the policy; or

(2) Use the words "free", "no cost", or words of similar import in the marketing, advertising, soliciting, or otherwise promoting of the purchase of a policy.

23-81-809. Disclosures to owners.

(a) The provider or broker shall provide in writing in a separate document that is signed by the owner and provider or broker the following information to the owner no later than the date of the application for a life settlement contract:

(1) The fact that possible alternatives to life settlement contracts exist, including, without limitation accelerated benefits offered by the issuer of the life insurance policy;

(2) The fact that some or all of the proceeds of a life settlement contract may be taxable and that assistance should be sought from a professional tax advisor;

(3) The fact that the proceeds from a life settlement contract could be subject to the claims of creditors;

(4) The fact that receipt of proceeds from a life settlement contract may adversely affect a recipient's eligibility for public assistance or other government benefits or entitlements and that advice should be obtained from the appropriate agencies;

(5)(A) The fact that the owner has a right to terminate a life settlement contract within fifteen (15) days of the date it is executed by all parties and the owner has received the disclosures required by this section.

(B) Rescission, if exercised by the owner, is effective only if both notice of the rescission is given and the owner repays all proceeds and any premiums, loans, and loan interest paid on account of the provider within the rescission period.

(C) If the insured dies during the rescission period, the contract shall be deemed to have been rescinded subject to repayment by the owner or the owner's estate of all proceeds and any premiums, loans, and loan interest to the provider;

(6) The fact that proceeds will be sent to the owner within three (3) business days after the provider has received the insurer or group administrator's acknowledgement that ownership of the policy or interest in the certificate has been transferred and the beneficiary has been designated in accordance with the terms of the life settlement contract;

(7) The fact that entering into a life settlement contract may cause other rights or benefits, including conversion rights and waiver of premium benefits that may exist under the policy or certificate of a group policy to be forfeited by the owner and that assistance should be sought from a professional financial advisor;

(8) The amount and method of calculating the compensation paid or to be paid to the broker, or any other person acting for the owner in connection with the transaction, wherein the term compensation includes anything of value paid or given;

(9) The date by which the funds will be available to the owner and the transmitter of the funds;

(10) The fact that the Insurance Commissioner shall require delivery of a buyer's guide or a similar consumer advisory package in the form prescribed by the commissioner to owners during the solicitation process;

(11) The following language:

"All medical, financial, or personal information solicited or obtained by a provider or broker about an insured, including the insured's identity or the identity of family members, a spouse, or a significant other may be disclosed as necessary to effect the life settlement contract between the owner and provider. If you are asked to provide this information, you will be asked to consent to the disclosure. The information may be provided to someone who buys the policy or provides funds for the purchase. You may be asked to renew your permission to share information every two years.";

(12) The fact that the commissioner shall require providers and brokers to print separate signed fraud warnings on their applications and on their life settlement contracts as follows:

"Any person who knowingly presents false information in an application for insurance or life settlement contract is guilty of a crime and may be subject to fines and confinement in prison.";

(13)(A) The fact that the insured may be contacted by either the provider or broker or its authorized representative for the purpose of determining the

insured's health status or to verify the insured's address.

(B) This contact is limited to one (1) time every three (3) months if the insured has a life expectancy of more than one (1) year and no more than one (1) time per month if the insured has a life expectancy of one (1) year or less;

(14) The affiliation, if any, between the provider and the issuer of the insurance policy to be settled;

(15) That a broker represents exclusively the owner and not the insurer or the provider or any other person and owes a fiduciary duty to the owner, including a duty to act according to the owner's instructions and in the best interest of the owner;

(16) The name, address, and telephone number of the provider;

(17) The name, business address, and telephone number of the independent third-party escrow agent and the fact that the owner may inspect or receive copies of the relevant escrow or trust agreements or documents; and

(18) The fact that a change of ownership could in the future limit the insured's ability to purchase future insurance on the insured's life because there is a limit to how much coverage insurers will issue on one (1) life.

(b) The written disclosures shall be conspicuously displayed in any life settlement contract furnished to the owner by a provider, including any affiliations or contractual arrangements between the provider and the broker.

(c) A broker shall provide the owner and the provider with at least the following disclosures no later than the date the life settlement contract is signed by all parties. The disclosures shall be conspicuously displayed in the life settlement contract or in a separate document signed by the owner and provide the following information:

(1) The name, business address, and telephone number of the broker;

(2) A full, complete, and accurate description of all the offers, counter-offers, acceptances, and rejections relating to the proposed life settlement contract;

(3) A written disclosure of any affiliations or contractual arrangements between the broker and any person making an offer in connection with the proposed life settlement contracts;

(4) The name of each broker who receives compensation and the amount of compensation received by that broker. The compensation includes anything of value paid or given to the broker in connection with the life settlement contract;

(5)(A) A complete reconciliation of the gross offer or bid by the provider to the net amount of proceeds or value to be received by the owner.

(B) For the purpose of subdivision (c)(5)(A) of this section, "gross offer or bid" means the total amount or value offered by the provider for the purchase of one (1) or more life insurance policies, inclusive of commissions and fees; and

(6) The failure to provide the disclosures or rights described in this section shall be deemed an Unfair Trade Practice pursuant to § 23-81-817.

23-81-810. Disclosure to insurer.

(a)(1) Without limiting the ability of an insurer from assessing the insurability of a policy applicant and determining whether or not to issue the policy and in addition to other questions an insurance carrier may lawfully pose to a life insurance applicant, insurance carriers may inquire in the application for insurance whether the proposed owner intends to pay premiums with the assistance of financing from a lender that will use the policy as collateral to support the financing.

(2) If as described in § 23-81-802(11) the loan provides funds that can be used for a purpose other than paying for the premiums, costs, and expenses associated with obtaining and maintaining the life insurance policy and loan, the application shall be rejected as a violation of the prohibited practices in § 23-81-813.

(3) If the financing does not violate § 23-81-813 in this manner, the insurance carrier:

(A) May make disclosures, including without limitation to the following, to the applicant and the insured on the application or an amendment to the application to be completed no later than the delivery of the policy:

"If you have entered into a loan arrangement in which the policy is used as collateral and the policy does change ownership at some point in the future in satisfaction of the loan, the following may be true:

1. A change of ownership could lead to a stranger owning an interest in the insured's life;

2. A change of ownership could in the future limit your ability to purchase future insurance on the insured's life because there is a limit to how much coverage insurers will issue on one life;

3. Should there be a change of ownership and you wish to obtain more insurance coverage on the insured's life in the future, the insured's higher issue age, a change in health status, and/or other factors may reduce the ability to obtain coverage and/or may result in significantly higher premiums;

4. You should consult a professional advisor, since a change in ownership in satisfaction of the loan may result in tax consequences to the owner, depending on the structure of the loan."; and

(B) May require certifications, such as the following, from the

applicant, the insured, or the applicant and the insured:

1. "I have not entered into any agreement or arrangement providing for the future sale of this life insurance policy;

2. My loan arrangement for this policy provides funds sufficient to pay for some or all of the premiums, costs, and expenses associated with obtaining and maintaining my life insurance policy, but I have not entered into any agreement by which I am to receive consideration in exchange for procuring this policy; and

3. The borrower has an insurable interest in the insured."

23-81-811. General rules.

(a) A provider entering into a life settlement contract with any owner of a policy, when the insured is terminally or chronically ill shall first obtain:

(1) If the owner is the insured, a written statement from a licensed attending physician that the owner is of sound mind and under no constraint or undue influence to enter into a life settlement contract; and

(2) A document in which the insured consents to the release of his medical records to a provider, settlement broker, or insurance producer and, if the policy was issued less than two (2) years from the date of application for a life settlement contract, to the insurance company that issued the policy.

(b)(1) The insurer shall respond to a request for verification of coverage submitted by a provider, settlement broker, or life insurance producer not later than thirty (30) calendar days of the date the request is received.

(2) The request for verification of coverage shall be made on a form approved by the Insurance Commissioner.

(3) The insurer shall complete and issue the verification of coverage or indicate in which respects it is unable to respond.

(4) In its response, the insurer shall indicate whether, based on the medical evidence and documents provided, the insurer intends to pursue an investigation at this time regarding the validity of the insurance contract.

(c) Before or at the time of execution of the life settlement contract, the provider shall obtain a witnessed document in which the owner consents to the life settlement contract, represents that the owner has a full and complete understanding of the life settlement contract, that the owner has a full and complete understanding of the benefits of the policy, acknowledges that the owner is entering into the life settlement contract freely and voluntarily, and, for persons with a terminal or chronic illness or condition, acknowledges that the insured has a terminal or chronic illness and that the terminal or chronic illness or condition was diagnosed after the policy was issued.

(d) The insurer shall not unreasonably delay effecting change of ownership

or beneficiary with any life settlement contract lawfully entered into in this state or with a resident of this state.

(e) If a settlement broker or life insurance producer performs any of these activities required of the provider, the provider is deemed to have fulfilled the requirements of this section.

(f) If a broker performs those verification of coverage activities required of the provider, the provider is deemed to have fulfilled the requirements of § 23-81-809(a).

(g)(1) Within twenty (20) days after an owner executes the life settlement contract, the provider shall give written notice to the insurer that issued that insurance policy that the policy has become subject to a life settlement contract.

(2) The notice shall be accompanied by the documents required by § 23-81-810 (a)(2).

(h) All medical information solicited or obtained by any licensee shall be subject to the applicable provision of state law relating to confidentiality of medical information, if not otherwise provided in this subchapter.

(i)(1) All life settlement contracts entered into in this state shall provide that the owner may rescind the contract on or before fifteen (15) days after the date it is executed by all parties to the life settlement contract.

(2) Rescission, if exercised by the owner, is effective only if both notice of the rescission is given and the owner repays all proceeds and any premiums, loans, and loan interest paid on account of the provider within the rescission period.

(3) If the insured dies during the rescission period, the contract shall be deemed to have been rescinded subject to repayment by the owner or the owner's estate of all proceeds and any premiums, loans, and loan interest to the provider.

(j)(1) Within three (3) business days after receipt from the owner of documents to effect the transfer of the insurance policy, the provider shall pay the proceeds of the settlement to an escrow or trust account managed by a trustee or escrow agent in a state or federally chartered financial institution pending acknowledgement of the transfer by the issuer of the policy.

(2) The trustee or escrow agent shall transfer the proceeds due to the owner within three (3) business days of acknowledgement of the transfer from the insurer.

(k)(1) Failure to tender the life settlement contract proceeds to the owner by the date disclosed to the owner renders the contract voidable by the owner for lack of consideration until the proceeds are tendered to and accepted by the owner.

(2) A failure to give written notice of the right of rescission hereunder

shall toll the right of rescission until thirty (30) days after the written notice of the right of rescission has been given.

(l)(1) Any fee paid by a provider, party, individual, or an owner to a broker in exchange for services provided to the owner pertaining to a life settlement contract shall be computed as a percentage of the offer obtained, not the face value of the policy.

(2) This section does not prohibit a broker from reducing the broker's fee below this percentage if the broker so chooses.

(m) The broker shall disclose to the owner anything of value paid or given to a broker that relates to a life settlement contract.

(n) At any time prior to or at the time of the application for or issuance of a policy or during a two-year period commencing with the date of issuance of the policy, a person shall not enter into a life settlement contract regardless of the date the compensation is to be provided and regardless of the date the assignment, transfer, sale, devise, bequest, or surrender of the policy is to occur. This prohibition does not apply if the owner certifies to the provider that:

(1)(A) The policy was issued upon the owner's exercise of conversion rights arising out of a group or individual policy, provided the total of the time covered under the conversion policy plus the time covered under the prior policy is at least twenty-four (24) months.

(B) The time covered under a group policy shall be calculated without regard to a change in insurance carriers, provided the coverage has been continuous and under the same group sponsorship; or

(2) The owner submits independent evidence to the provider that one or more of the following conditions have been met within the two-year period:

(A) The owner or insured is terminally or chronically ill;

(B) The owner or insured disposes of his or her ownership interests in a closely held corporation, pursuant to the terms of a buyout or other similar agreement in effect at the time the insurance policy was initially issued;

(C) The owner's spouse dies;

(D) The owner divorces his or her spouse;

(E) The owner retires from full-time employment;

(F) The owner becomes physically or mentally disabled and a physician determines that the disability prevents the owner from maintaining full-time employment; or

(G) A final order, judgment, or decree is entered by a court of competent jurisdiction on the application of a creditor of the owner adjudicating the owner bankrupt or insolvent or approving a petition seeking reorganization of the

owner or appointing a receiver, trustee, or liquidator to all or a substantial part of the owner's assets.

(3)(A) Copies of the independent evidence required by subdivision (n)(2) of this section shall be submitted to the insurer when the provider submits a request to the insurer for verification of coverage.

(B) The copies shall be accompanied by a letter of attestation from the provider that the copies are true and correct copies of the documents received by the provider.

(C) This section does not prohibit an insurer from exercising its right to contest the validity of any policy.

(4) If the provider submits to the insurer a copy of independent evidence provided in subdivision (n)(2)(A) when the provider submits a request to the insurer to effect the transfer of the policy to the provider, the copy is deemed to establish that the settlement contract satisfies the requirements of this section.

23-81-812. Authority to promulgate rules — Conflict of laws.

(a) The Insurance Commissioner may promulgate rules implementing this subchapter regulating the activities and relationships of providers, brokers, insurers, and their agents, subject to statutory limitations on administrative rulemaking.

(b) Conflict of Laws.

(1)(A) If there is more than one (1) owner on a single policy, and the owners are residents of different states, the life settlement contract shall be governed by the law of the state in which the owner having the largest percentage ownership resides or, if the owners hold equal ownership, the state of residence of one (1) owner agreed upon in writing by all of the owners.

(B) The law of the state of the insured shall govern if equal owners fail to agree in writing upon a state of residence for jurisdictional purposes.

(2)(A) A provider from this state who enters into a life settlement contract with an owner who is a resident of another state that has enacted statutes or adopted regulations governing life settlement contracts shall be governed in the effectuation of that life settlement contract by the statutes and regulations of the owner's state of residence.

(B) If the state in which the owner is a resident has not enacted statutes or regulations governing life settlement contracts, the provider shall give the owner notice that neither state regulates the transaction upon which he or she is entering.

(C) For transactions in those states, however, the provider shall maintain all records required if the transactions were executed in the state of residence. The forms used in those states need not be approved by the State

Insurance Department.

(3) If there is a conflict in the laws that apply to an owner and a purchaser in any individual transaction, the laws of the state that apply to the owner shall take precedence and the provider shall comply with those laws.

23-81-813. Prohibited practices.

(a) It is unlawful for any person to:

(1) Enter into a life settlement contract if the person knows or reasonably should have known that the life insurance policy was obtained by means of a false, deceptive, or misleading application for the policy;

(2) Engage in any transaction, practice, or course of business if the person knows or reasonably should have known that the intent was to avoid the notice requirements of this section;

(3) Engage in any fraudulent act or practice in connection with any transaction relating to any settlement involving an owner who is a resident of this state;

(4) Issue, solicit, market or otherwise promote the purchase of an insurance policy for the purpose of or with an emphasis on settling the policy;

(5)(A) Enter into a premium finance agreement with any person or agency or any person affiliated with the person or agency pursuant to which the person shall receive any proceeds, fees, or other consideration, directly or indirectly, from the policy or owner of the policy or any other person with respect to the premium finance agreement or any settlement contract or other transaction related to the policy that are in addition to the amounts required to pay the principal, interest, and service charges related to policy premiums pursuant to the premium finance agreement or subsequent sale of the agreement.

(B) Any payments, charges, fees, or other amounts in addition to the amounts required to pay the principal, interest, and service charges related to policy premiums paid under the premium finance agreement shall be remitted to the original owner of the policy or to his or her estate if he or she is not living at the time of the determination of the overpayment;

(6) With respect to any settlement contract or insurance policy and a broker, knowingly solicit an offer from, effectuate a life settlement contract with, or make a sale to any provider, financing entity, or related provider trust that is controlling, controlled by, or under common control with the broker;

(7) With respect to any life settlement contract or insurance policy and a provider, knowingly enter into a life settlement contract with an owner, if, in connection with the life settlement contract, anything of value will be paid to a broker that is controlling, controlled by, or under common control with the provider or the

financing entity or related provider trust that is involved in the settlement contract:

(8)(A) With respect to a provider, enter into a life settlement contract unless the life settlement promotional, advertising, and marketing materials, as may be prescribed by rule, have been filed with the Insurance Commissioner.

(B) Marketing materials shall not expressly reference that the insurance is free for any period of time.

(C) The inclusion of any reference in the marketing materials that would cause an owner to reasonably believe that the insurance is free for any period of time is a violation of this subchapter; or

(9) With respect to any life insurance producer, insurance company, broker, or provider make any statement or representation to the applicant or policyholder in connection with the sale or financing of a life insurance policy to the effect that the insurance is free or without cost to the policyholder for any period of time unless provided in the policy.

(b) A violation of this section is a fraudulent life settlement act.

23-81-814. Fraud prevention and control.

(1) A person shall not commit a fraudulent life settlement act.

(2) A person shall not knowingly and intentionally interfere with the enforcement of this subchapter or investigations of suspected or actual violations of this subchapter.

(3) A person in the business of life settlements shall not knowingly or intentionally permit any person convicted of a felony involving dishonesty or breach of trust to participate in the business of life settlements.

(b) Fraud warning required.

(1) Life settlement contracts and applications for life settlement contracts, regardless of the form of transmission, shall contain the following statement or a substantially similar statement:

“Any person who knowingly presents false information in an application for insurance or life settlement contract is guilty of a crime and may be subject to fines and confinement in prison.”

(2) The lack of a statement as required in subdivision (b)(1) of this section does not constitute a defense in any prosecution for a fraudulent life settlement act.

(c) Mandatory reporting of fraudulent life settlement act.

(1) Any person engaged in the business of life settlements having knowledge or a reasonable belief that a fraudulent life settlement act is being, will

be, or has been committed shall provide to the Insurance Commissioner the information required by, and in a manner prescribed by, the commissioner.

(2) Any other person having knowledge or a reasonable belief that a fraudulent life settlement act is being, will be, or has been committed may provide to the commissioner the information required by, and in a manner prescribed by, the commissioner.

(d) Immunity from liability.

(1) Civil liability shall not be imposed on and a cause of action shall not arise from a person's furnishing information concerning suspected, anticipated, or completed fraudulent life settlement acts or suspected or completed fraudulent insurance acts if the information is provided to or received from:

(A) The commissioner or the commissioner's employees, agents or representatives;

(B) Federal, state, or local law enforcement or regulatory officials or their employees, agents, or representatives;

(C) A person involved in the prevention and detection of fraudulent life settlement acts or that person's agents, employees, or representatives;

(D) Any regulatory body or its employees, agents, or representatives, overseeing life insurance, life settlements, securities, or investment fraud;

(E) The life insurer that issued the life insurance policy covering the life of the insured; or

(F) The licensee and any agents, employees, or representatives of the licensee.

(2)(A) Subdivision (d)(1) of this section does not apply to statements made with actual malice.

(B) In an action brought against a person for filing a report or furnishing other information concerning a fraudulent life settlement act or a fraudulent insurance act, the party bringing the action shall plead specifically any allegation that subdivision (d)(1) of this section does not apply because the person filing the report or furnishing the information did so with actual malice.

(3)(A) A person identified in subdivision (d)(1) of this section shall be entitled to an award of attorney's fees and costs if he or she is the prevailing party in a civil cause of action for libel, slander, or any other relevant tort arising out of activities in carrying out the provisions of this subchapter and the party bringing the action was not substantially justified in doing so.

(B) For purposes of this section a proceeding is "substantially

justified" if it had a reasonable basis in law or fact at the time that it was initiated.

(4) This section does not abrogate or modify common law or statutory privileges or immunities enjoyed by a person described in subdivision (d)(1) of this section.

(e) Confidentiality.

(1) The documents and evidence provided pursuant to subsection (d) of this section or obtained by the commissioner in an investigation of suspected or actual fraudulent life settlement acts shall be privileged and confidential and shall not be a public record and shall not be subject to discovery or subpoena in a civil or criminal action.

(2) Subdivision (e)(1) of this section does not prohibit release by the commissioner of documents and evidence obtained in an investigation of suspected or actual fraudulent life settlement acts:

(A) In administrative or judicial proceedings to enforce laws administered by the commissioner;

(B) To federal, state, or local law enforcement or regulatory agencies, to an organization established for the purpose of detecting and preventing fraudulent life settlement acts, or to the National Association of Insurance Commissioners; or

(C) At the discretion of the commissioner, to a person in the business of life settlements that is aggrieved by a fraudulent life settlement act.

(3) Release of documents and evidence under subdivision (e)(2) of this section does not abrogate or modify the privilege granted in subdivision (e)(1) of this section.

(f) Other law enforcement or regulatory authority.

This subchapter does not:

(1) Preempt the authority or relieve the duty of other law enforcement or regulatory agencies to investigate, examine, and prosecute suspected violations of law;

(2) Preempt, supersede, or limit any provision of any state securities law or any rule, order, or notice issued under a state securities law;

(3) Prevent or prohibit a person from disclosing voluntarily information concerning life settlement fraud to a law enforcement or regulatory agency other than the State Insurance Department; or

(4) Limit the powers granted elsewhere by the laws of this state to the commissioner or an insurance fraud unit to investigate and examine possible violations of law and to take appropriate action against wrongdoers.

(g) Life settlement antifraud initiatives.

(1) Providers and brokers shall have in place antifraud initiatives reasonably calculated to detect, prosecute, and prevent fraudulent life settlement acts. At the discretion of the commissioner, the commissioner may order, or a licensee may request and the commissioner may grant, such modifications of the following required initiatives as necessary to ensure an effective antifraud program. The modifications may be more or less restrictive than the required initiatives so long as the modifications may reasonably be expected to accomplish the purpose of this section. Antifraud initiatives shall include:

(A) Fraud investigators, who may be provider or broker employees or independent contractors; and

(B)(i) An antifraud plan, which shall be submitted to the commissioner.

(ii) The antifraud plan shall include without limitation:

23-81-815. Injunctions — Civil remedies — Cease and desist.

(b) Any person damaged by the acts of another person in violation of this

subchapter or any rule implementing this subchapter may bring a civil action for damages in a court of competent jurisdiction against the person committing the violation.

(c) The commissioner may issue a cease and desist order upon a person who violates any provision of this section, any rule or order adopted by the commissioner, or any written agreement entered into with the commissioner, in accordance with the Arkansas Administrative Procedure Act, § 25-15-201 et seq.

(d)(1) When the commissioner finds that such an action presents an immediate danger to the public and requires an immediate final order, he or she may issue an emergency cease and desist order reciting with particularity the facts underlying such findings.

(2) The emergency cease and desist order is effective immediately upon service of a copy of the order on the respondent and remains effective for ninety (90) days. If the State Insurance Department begins nonemergency cease and desist proceedings under subsection (a) of this section, the emergency cease and desist order remains effective, absent an order by an appellate court of competent jurisdiction pursuant to the Arkansas Administrative Procedure Act, § 25-15-201 et seq.

(3) In the event of a willful violation of this subchapter, the trial court may award statutory damages in addition to actual damages in an additional amount up to three (3) times the actual damage award.

(4) The provisions of this subchapter shall not be waived by agreement.

(5) A choice of law provision shall not be utilized to prevent the application of this subchapter to any settlement in which a party to the settlement is a resident of this state.

23-81-816. Penalties.

(a) It is a violation of this subchapter for any person, provider, broker, or any other party related to the business of life settlements to commit a fraudulent life settlement act.

~~23-81-610. Prohibited practices.~~

~~(a) It is a violation of this subchapter for any person to enter into a viatical settlement contract within a two-year period commencing with the date of issuance of the insurance policy or certificate unless the viator certifies to the viatical settlement provider that one (1) or more of the following conditions have been met within the two-year period:~~

~~(1) The policy was issued upon the viator's exercise of conversion rights arising out of a group or individual policy if the total of the time covered under the conversion policy plus the time covered under the prior policy is at least twenty-four (24) months.~~

~~(2) The time covered under a group policy shall be calculated without regard to any change in insurance carriers if the coverage has been continuous and under the same group sponsorship;~~

~~(3) The viator is a charitable organization exempt from taxation under 26 U.S.C. § 501 (c)(3);~~

~~(4) The viator is not a natural person, but is a corporation, limited liability company, partnership, or similar entity;~~

~~(b)(1) Copies of the independent evidence described in subdivision (a)(5) of this section and documents required by § 23-81-609(a) shall be submitted to the insurer when the viatical settlement provider submits a request to the insurer for verification of coverage.~~

~~(2) The copies shall be accompanied by a letter of attestation from the viatical settlement provider that the copies are true and correct copies of the documents received by the viatical settlement provider.~~

~~(c) If the viatical settlement provider submits to the insurer a copy of the owner's or insured's certification described in subdivision (a)(5) of this section when the provider submits a request to the insurer to transfer the policy or certificate to the viatical settlement provider, the copy shall be deemed to conclusively establish that the viatical settlement contract satisfies the requirements of this section, and the insurer shall timely respond to the request.~~

~~23-81-611. Advertising for viatical settlements.~~

~~(a)(1) This section shall apply to any advertising of viatical settlement contracts, or related products or services intended for dissemination in this state, including Internet advertising viewed by persons located in this state.~~

~~(2) When disclosure requirements are established under federal law or regulation, this section shall be interpreted to minimize or eliminate the conflict whenever possible.~~

~~(b)(1)(A) Every viatical settlement licensee shall establish and at all times maintain a system of control over the content, form, and method of dissemination of all advertisements of its contracts, products, and services.~~

~~(B) A system of control shall include regular routine notification, at least one (1) time a year, to agents and others authorized by the viatical settlement licensee who disseminate advertisements of the requirements and procedures for approval prior to the use of any advertisements not furnished by the viatical settlement licensee.~~

~~(2) All advertisements under this subchapter, regardless of by whom they were written, created, designed, or presented, shall be the responsibility of the viatical settlement licensee as well as the individual who created or presented the advertisement.~~

~~(c)(1) Advertisements shall be truthful and shall not mislead in fact or by implication.~~

~~(2) The form and content of an advertisement of a viatical settlement contract shall be sufficiently complete and clear so as to avoid deception.~~

~~(3)(A) The advertisement shall not have the capacity or tendency to mislead or deceive.~~

~~(B) Whether an advertisement has the capacity or tendency to mislead or deceive shall be determined by the Insurance Commissioner from the overall impression that the advertisement may be reasonably expected to create upon a person of average education or intelligence within the segment of the public to which it is directed.~~

~~(d)(1) The information required to be disclosed under this section shall not be minimized, rendered obscure, or presented in an ambiguous fashion or intermingled with the text of the advertisement so as to be confusing or misleading.~~

~~(2)(A) An advertisement shall not omit material information or use words, phrases, statements, references, or illustrations if the omission or use has the capacity, tendency, or effect of misleading or deceiving viators as to the nature or extent of any benefit, loss covered, premium payable, or state or federal tax effect.~~

~~(B) The fact that the viatical settlement contract offered is made available for inspection before consummation of the sale or an offer is made to refund the payment if the viator is not satisfied or that the viatical settlement contract includes a "free look" period that satisfies or exceeds legal requirements does not remedy misleading statements.~~

~~(3) An advertisement shall not use the name or title of a life insurance company or a life insurance policy unless the advertisement has been approved by the insurer.~~

~~(4) An advertisement shall not state or imply that interest charged on an accelerated death benefit or a policy loan is unfair, inequitable, or is in any manner an incorrect or improper practice.~~

~~(B) An advertisement may specify the charge for a benefit or a service or may state that a charge is included in the payment or use other appropriate language.~~

~~(6)(A) Testimonials, appraisals, or analysis used in advertisements shall be genuine, shall represent the current opinion of the author, shall be applicable to any viatical settlement contract product or service advertised, and shall be accurately reproduced with sufficient completeness to avoid misleading or~~

~~deceiving prospective viators as to the nature or scope of the testimonials, appraisals, analysis, or endorsement.~~

~~(B) In using testimonials, appraisals, or analysis, the viatical settlement licensee makes as its own all the statements contained therein, and the statements are subject to all the provisions of this section.~~

~~(C) If the individual making a testimonial, appraisal, analysis, or an endorsement has a financial interest in the viatical settlement provider or related entity as a stockholder, director, officer, employee, or otherwise or receives any benefit directly or indirectly other than required union scale wages, that fact shall be prominently disclosed in the advertisement.~~

~~(D)(i) An advertisement shall not state or imply that a viatical settlement contract benefit or service has been approved or endorsed by a group of individuals, society, association, or other organization unless that is the fact and unless any relationship between an organization and the viatical settlement licensee is disclosed.~~

~~(ii) If the entity making the endorsement or testimonial is owned, controlled, or managed by the viatical settlement licensee or receives any payment or other consideration from the viatical settlement licensee for making an endorsement or testimonial, that fact shall be disclosed in the advertisement.~~

~~(E) When an endorsement refers to benefits received under a viatical settlement contract, all pertinent information shall be retained by the viatical settlement licensee for a period of five (5) years after its use.~~

~~(e)(1) An advertisement shall not contain statistical information unless it accurately reflects recent and relevant facts.~~

~~(g)(1) The name of the viatical settlement licensee shall be clearly identified in all advertisements about the licensee or its viatical settlement contract, products, or services, and if any specific viatical settlement contract is advertised, the viatical settlement contract shall be identified either by form number or some other appropriate description.~~

~~(2) If an application is part of the advertisement, the name of the viatical settlement provider shall be shown on the application.~~

~~(h) An advertisement shall not use a trade name, group designation, name of the parent company of a viatical settlement licensee, name of a particular division of~~

~~the viatical settlement licensee, service mark, slogan, symbol, or other device or reference without disclosing the name of the viatical settlement licensee if the advertisement would have the capacity or tendency to mislead or deceive as to the true identity of the viatical settlement licensee or to create the impression that a company other than the viatical settlement licensee would have any responsibility for the financial obligation under a viatical settlement contract.~~

~~(i) An advertisement shall not use any combination of words, symbols, or physical materials that by their content, phraseology, shape, color, or other characteristics are so similar to a combination of words, symbols, or physical materials used by a government program or agency or otherwise would tend to mislead prospective viators into believing that the solicitation is in some manner connected with a government program or agency.~~

~~(j)(1) An advertisement may state that a viatical settlement licensee is licensed in the state where the advertisement appears if it does not exaggerate that fact or suggest or imply that competing viatical settlement licensees may not be so licensed.~~

~~(2) The advertisement may request the audience to consult the licensee's website or contact the department of insurance for the licensee's state to find out if the state requires licensing and, if so, whether the viatical settlement provider or viatical settlement broker is licensed.~~

~~(k) An advertisement shall not create the impression that the viatical settlement provider, its financial condition or status, the payment of its claims, or the merits, desirability, or advisability of its viatical settlement contracts are recommended or endorsed by any government entity.~~

~~(l)(1) The name of the actual licensee shall be stated in all of its advertisements.~~

~~(2) An advertisement shall not use a trade name, any group designation, name of any affiliate or controlling entity of the licensee, service mark, slogan, symbol, or other device in a manner that would have the capacity or tendency to mislead or deceive as to the true identity of the actual licensee or create the false impression that an affiliate or controlling entity would have any responsibility for the financial obligation of the licensee.~~

~~(m) An advertisement shall not directly or indirectly create the impression that any division or agency of the State of Arkansas or of the United States Government endorses, approves, or favors:~~

~~(1) Any viatical settlement licensee or its business practices or methods of operation;~~

~~(2) The merits, desirability, or advisability of any viatical settlement~~

contract;

~~(3) Any viatical settlement contract; or~~

~~(4) Any life insurance policy or life insurance company.~~

~~(n) If the advertiser emphasizes the speed with which the viatication will occur, the advertising must disclose the average time frame from completed application to the date of offer and from acceptance of the offer to receipt of the funds by the viator.~~

~~(o) If the advertising emphasizes the dollar amounts available to viators, the advertising shall disclose the average purchase price as a percent of face value obtained by viators contracting with the licensee during the past six (6) months.~~

~~(B) In an action brought against a person for filing a report or furnishing other information concerning a fraudulent viatical settlement act or a fraudulent insurance act, the party bringing the action shall specifically plead any allegation that subdivision (d)(1) of this section does not apply because the person filing the report or furnishing the information did so with actual malice.~~

~~(3)(A) A person identified in subdivision (d)(1) of this section shall be entitled to an award of attorney's fees and costs if he or she is the prevailing party in a civil cause of action for libel, slander, or any other relevant tort arising out of activities in implementing this subchapter and the party bringing the action was not substantially justified in doing so.~~

“SECTION 1. Arkansas Code Title 18, Chapter 15, Subchapter 2 is amended to add an additional section to read as follows:

18-15-203. Power of eminent domain — Industrial plant or commercial enterprise.

(a) A county, a city of the first class, or a city of the second class may exercise the power of eminent domain to condemn the private property of an industrial plant or other commercial enterprise for the purpose of protecting the public interest in an industrial plant or other commercial enterprise that is located within the city or county if:

(1) The industrial plant or other commercial enterprise has employed at least fifty (50) full-time employees continuously for a period of five (5) years before the commencement of a condemnation proceeding under this section;

(2) The industrial plant or other commercial enterprise is in imminent danger of closing or substantially ceasing its business operations under circumstances that are likely to result in the termination of at least fifty (50) full-time employees; and

(3) The owner of the industrial plant or other commercial enterprise is insolvent under § 4-59-202.

(b)(1)(A) A petition for condemnation under subsection (a) of this section shall be filed in the circuit court of the county where the industrial plant or other commercial enterprise is located.

(B) If the industrial plant or other commercial enterprise is located in more than one county, the petition for condemnation shall be filed in the circuit court of the county where the largest portion of the real property sought to be condemned is located.

(2)(A) After the petition for condemnation has been filed in the proper circuit court, the condemnation proceeding shall conform to the procedure under §§18-15-303 – 18-15-307.

(B) However, before granting a final order to condemn

under this section, the circuit court shall find that the elements under subsection (a) of this section have been proved by a preponderance of the evidence.

(c) A city or county that obtains an industrial plant or other commercial enterprise under this section shall use its best efforts to sell or lease the real or personal property that has been condemned to a person or entity that agrees to operate the industrial plant or other commercial enterprise in a manner that will sustain as many employment positions as is feasible.

SECTION 2. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that long-established plants are closing at an alarming rate due to the limited availability of financing; that rather than being sold as a going concern, those plants are being idled or dismantled causing significant job losses and leaving local government with abandoned industrial machinery and empty buildings that present a security risk and cause urban blight; and that this act is immediately necessary because many of those jobs can be saved and urban blight can be avoided by authorizing a county or city government to acquire those plants through the power of eminent domain for the purpose of sustaining those plants' continued operation. Therefore, an emergency is declared to exist and this act being immediately necessary for the preservation of the public peace, health, and safety shall become effective on:

(1) The date of its approval by the Governor;

(2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or

(3) If the bill is vetoed by the Governor and the veto is overridden, the date the last house overrides the veto.”

Delete everything after the enacting clause and substitute the following:

“WHEREAS, cotton farming is a significant industry in the State of Arkansas with a long tradition of providing benefits to the citizens and economy of the state; and

WHEREAS, during the 2008 crop year, cotton prices increased to near record levels; and

WHEREAS, also during 2008, the price of crude oil elevated to record highs, resulting in extremely high producer input costs, including seed, diesel, and fertilizer; and

WHEREAS, cotton producers, acting prudently, hedged their positions by entering into forward contracts fixing the price of cotton for delivery; and

WHEREAS, during 2008, a well-known cotton buyer filed for protection under Chapter 11 of the United States Bankruptcy Code and ultimately rejected the forward contracts, forcing cotton producers to sell their cotton at prices significantly lower than originally booked, which resulted in losses approaching one hundred million dollars (\$100,000,000); and

WHEREAS, as a result of the rejection of the forward contracts, cotton producers became “unsecured creditors” under the bankruptcy code; and

WHEREAS, the priority given to certain creditors in bankruptcy under 11 U.S.C. § 507(a)(6) for the allowed unsecured claims of persons engaged in the production or raising of grain does not extend to cotton farmers; and

WHEREAS, 11 U.S.C. section 507(a) currently grants priority status to certain classes of unsecured creditors, including persons engaged in the production or raising of grain; and

WHEREAS, the losses suffered by Arkansas cotton farmers would have been mitigated if the United States Bankruptcy Code had extended priority status to producers of cotton,

NOW THEREFORE,

BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE EIGHTY-SEVENTH GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:

That the House of Representatives encourages the United States Congress to provide the same protection to cotton farmers as to persons engaged in the production or raising of grain under the United States Bankruptcy Code.

BE IT FURTHER RESOLVED that upon adoption of this resolution, the Chief Clerk of the House of Representatives mail a copy of this resolution to each member of the Arkansas congressional delegation."

AMENDMENT NO. 1 TO HOUSE BILL NO. 2147

Amend **HOUSE BILL NO. 2147** as originally introduced:

Page 1, delete all the language after the enacting clause and substitute the following:

"SECTION 1. Arkansas Code Title 26, Chapter 27, Subchapter 3 is amended to add an additional section to read as follows:

26-27-322. Change in market value — Board procedure.

(a) The purpose of this section is to:

(1) Set out the procedure for a county equalization board to follow when changing real property values in a year when a county is not completing reappraisal; and

(2) Require the county equalization board to consult with the Assessment Coordination Department to utilize data compiled under the department's sales ratio study.

(b) If in the judgment of the county equalization board or the county judge based upon current economic conditions a number of real estate parcels in a county may have decreased in market value since the last countywide reappraisal, then the county equalization board may by its motion or the county judge may petition for the county equalization board to enter into a special session to determine what action is needed under this section to address the decrease in market value.

(c) The county equalization board shall not take action as proposed in the special session under subsection (b) of this section until the county equalization board has:

(1) Consulted the county assessor on the proposed action in the special session;

(2) Consulted the department on the proposed action in the special session; and

(3) Analyzed the current real estate market in the county.

(d) The board may employ a professional appraisal manager to analyze the current real estate market in the county to fulfill its obligation under subdivision (c)(2) of this section.

(e) If the board determines in the special session that action is needed under this section, the board shall adjust market values of real estate in the county under the methodology established by the rules of the department.

(f) The Assessment Coordination Department shall promulgate rules to:

(1) Set out the procedure for a county equalization board to make a determination whether action is needed under this section; and

(2) Establish the methodology to be used when adjusting the market values of real property.

(g) If the county equalization board fails to follow the methodology to adjust real estate values as set out in the Assessment Coordination Department's rules, the county equalization board shall be subject to withholding of funds from the Arkansas Real Property Reappraisal Fund under § 26-26-1907.

(h) A special session convened under this section is subject to the procedures for a special session of the county equalization board under § 26-27-312.

SECTION 2. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that several counties in the state are considering changing real estate values during a year the counties are not scheduled to complete reappraisal; that county equalization boards are empowered to make such changes; that county equalization boards have no guidance in the law on when to take action or the type of action that is appropriate under these circumstances. Without proper guidance, county equalization boards face the risk of unintentionally putting the county in noncompliance. Therefore, an emergency is declared to exist and this act being immediately necessary for the preservation of the public peace, health, and safety shall become effective on:

(1) The date of its approval by the Governor;

(2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or

(3) If the bill is vetoed by the Governor and the veto is overridden, the date the last house overrides the veto."

(B) A showing of interference under subdivision (g)(4)(A) of this section shall be conducted in camera.

"WHEREAS, under Article V of the Constitution of the United States, amendments to the Federal Constitution may be proposed by the Congress whenever two-thirds of both Houses deem it necessary, or on the application of the Legislatures of two-thirds of the several states, the Congress shall call a Constitutional Convention for the purpose of proposing amendments; and

WHEREAS, by House Joint Resolution 1, adopted by the House of Representatives on January 9, 1979, and adopted by the Senate on January 17, 1979, and again on January 22, 1979, after the previous vote was expunged, the General Assembly of the State of Arkansas requested the Congress of the United States to prepare and submit to the several states an amendment to the Constitution of the United States requiring, in the absence of a national emergency, that the total of all federal appropriations made by Congress for any fiscal year may not exceed the total of all estimated federal revenues for that fiscal year, or alternatively, the

General Assembly made application and requested the Congress of the United States to call a Constitutional Convention for the purpose of proposing such an amendment to the federal Constitution; and

WHEREAS, many legal experts believe that a convention, notwithstanding whatever limitation might be placed upon it by the call of said convention, would have within the scope of its authority the complete redrafting of the Constitution of the United States, thereby creating a great danger to the well-established rights of our people and to the constitutional principles under which we are presently governed; and

WHEREAS, the Constitution of the United States has been extensively interpreted and has proven to be a basically sound document which protects the freedom of all Americans; and

WHEREAS, there is no need for a new constitution, the adoption of which would create legal chaos in America and only begin the process of another two centuries of litigation over its interpretation by the courts; and

WHEREAS, such changes as may be needed in the present Constitution of the United States may be proposed and enacted by the well-established methods of amendment contained therein,

NOW THEREFORE,

BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE EIGHTY-SEVENTH GENERAL ASSEMBLY OF THE STATE OF ARKANSAS, THE SENATE CONCURRING THEREIN:

THAT the General Assembly does hereby rescind its application to the Congress of the United States made by the General Assembly in 1979 by House Joint Resolution 1 pursuant to Article V of the Constitution of the United States for the calling of a constitutional convention for any purpose, limited or general.

BE IT FURTHER RESOLVED that a copy of this Resolution be sent to the members of the Arkansas Congressional Delegation, the Clerk of the United States House of Representatives, and the Secretary of the United States Senate with the request that this action by the General Assembly of the State of Arkansas be promptly published in the Congressional Record."

AND

"SECTION 1. Legislative findings. The General Assembly finds that:

(1) In Arkansas, more than thirty-three thousand six hundred (33,600) grandparents are responsible for grandchildren living with them and twenty-two percent (22%) of the grandparents and grandchildren live in poverty;

(2) Many grandparents who love their grandchildren dearly are unable to be responsible for them on a daily basis because of their age, health conditions, limited fixed incomes, or a combination of these factors;

(3) Because they are unable to care for their grandchildren and the parents of the children are unable, unwilling, or unfit to care for the children, the children are placed in the custody of the Division of Family Services of the Department of Human Services and in foster care;

(4) Because permanency is a goal of children in foster care, the division often seeks termination of parental rights so that the child can be adopted;

(5) Termination of parental rights results in the grandparent and other nonparental relatives of the child who have attachments to the child being declared for all legal purposes as not related to the child and having no rights to the child, a legality of which most of the grandparents and nonparental relatives are unaware;

(6) Many children who have their parental rights terminated are not adopted, and when they turn eighteen (18), they "age out" of the foster care system

leaving them with no ties remaining to their biological family and no real family left;

(7) The procedures of termination of parental rights and adoption are statutorily created procedures, and the General Assembly has the constitutional authority to amend these procedures as times change to ensure the best interests of children are served; and

(8) Due to dramatic changes in society in the last twenty (20) years and the increase in the number of children whose relationships with their parents are legally terminated, a procedure is necessary to allow the continuation of relationships between the child and his or her grandparents and other nonparental relatives after termination of parental rights, adoption, or both, if the continuation of the relationship is in the best interest of the child.

SECTION 2. Arkansas Code Title 9, Chapter 9, Subchapter 2 is amended to add an additional section to read as follows:

9-9-225. Right of a nonparental relative to intervene in an adoption subsequent to termination of parental rights.

(a) As used in this section:

(1) "Child" means a child who:

(A) Has been the subject of proceedings for termination of parental rights initiated by the Division of Children and Family Services of the Department of Human Services;

(B) Has had the relationship with his or her parent or parents terminated and does not currently have a parent that is recognized under the law;

(C) Is currently in the custody of the division;

(D) Is currently the subject of an adoption petition under this chapter; and

(2) "Nonparental relative" means a person who is related to the child by blood within the fourth degree of consanguinity as determined under § 28-9-212 before the termination of parental rights.

(b) A nonparental relative of a child may intervene, present evidence, and fully participate in proceedings related to a petition for adoption of which the child is the subject and that is filed under this chapter.

(c) To determine whether the nonparental relative is granted visitation with the child under a temporary adoption decree or final adoption decree, the court shall consider whether the continuation of the relationship with the nonparental relative:

(1) Is in the best interest of the child;

(2) Will be unduly burdensome on the petitioners who seek to be the child's adoptive parents; and

(3) Will result in the decision of the petitioners to withdraw or

otherwise terminate the adoption proceedings.

SECTION 3. Arkansas Code § 9-9-223 is amended to read as follows:

9-9-223. ~~Termination of rights~~ Rights of nonparental relatives.

Except as provided in this subchapter with regard to parental rights and nonparental relative rights under § 9-9-225, any rights to a child which a nonparental relative may derive through a parent or by court order may, ~~if the best interests of the child so require~~, be terminated in connection with a proceeding for adoption or for termination of parental rights if the termination is in the best interests of the child."

AMENDMENT NO. 1 TO HOUSE BILL NO. 2026

Amend **HOUSE BILL NO. 2026** as originally introduced:

Add as a cosponsor of the bill:

Senator Madison

AND

Delete everything after the enacting clause and substitute:

“SECTION 1. Arkansas Code § 6-20-2514 is amended to read as follows:

6-20-2514. Academic Facilities Extraordinary Circumstances Program.

(a) The General Assembly finds that:

(1) In Lake View School District No. 25 v. Huckabee, 01-836 (Ark. 12-15-2005), the Arkansas Supreme Court raised concerns that some school districts might not receive any state financial assistance with academic facilities projects because the districts might not have sufficient resources to qualify for state funds under this subchapter, which requires a local contribution based on the relative wealth of the district;

~~(2) During the 2006 hearings conducted by the House Interim Committee on Education and Senate Interim Committee on Education after the 2005 Arkansas Supreme Court decision in the Lake View matter, no school district came forward to testify that the district will be unable to adequately repair, renovate, or construct school buildings;~~

~~(3) The contention in subdivision (a)(1) of this section, while not without merit as a theory, has not been substantiated. Therefore, the implementation and funding of a program to provide additional state financial assistance to school districts with limited resources is premature; and~~

~~(4) While implementation and funding may be premature, the development of a program to provide state financial assistance to eligible school districts that do not have sufficient means to contribute an amount of local resources necessary to qualify for state financial participation should be initiated immediately.~~

(2) In 2007, the Lake View court found that the state had complied with the Arkansas Constitution in providing the funding programs for academic facilities, yet heralded the importance of continuing adjustments to academic facilities and other state funding programs for the state's system of public school education;

(3) Although the General Assembly has addressed the academic facility needs of high-growth school districts and districts with insufficient bonding

capacity, there remain certain circumstances under which some school districts are unable to raise the local resources necessary for participation in the Academic Facilities Partnership Program; and

(4) The Academic Facilities Extraordinary Circumstances Program should be adjusted to provide state financial assistance to those school districts.

(b) As used in this section:

(1) "Declining enrollment" means the average daily membership for the school district in the immediately preceding school year is at least four percent (4%) lower than the school year that is two (2) years prior to the immediately preceding school year;

(2) "Expended debt service" means the amount of principal and interest required or estimated to be required to service the bonded indebtedness of the school district incurred for the construction, renovation, or maintenance of academic facilities;

(3) "Expended debt service indicator" means the value derived by dividing the expended debt service of the school district by the revenue generated by one (1) mill of school property tax enacted or expected to be enacted within one (1) year of the submission of an application under this section;

(4) "Extraordinary circumstances school district" means a school district that has an expended debt service value of ten (10) or above and has one (1) of the following extraordinary circumstances:

(A) Declining enrollment;

(B) Low-assessed property valuations; or

(C) An academic facilities wealth index that is at or above the ninety-fifth percentile;

(5) "Low-assessed property valuation" means that the per-student value of the total assessment of all real property in the school district for the school year that is two (2) years prior to the current school year is in the lowest decile of the school districts statewide; and

(6) "Maximum expended debt service" means an expended debt service indicator of ten (10), representing the maximum number of mills that a school district is expected to expend to service its bonded indebtedness incurred for academic facilities.

~~(b)(1)(c) The Commission for Arkansas Public School Academic Facilities and Transportation shall develop by rule~~ There is established the Academic Facilities Extraordinary Circumstances Loan Program under which the Division of Public School Academic Facilities and Transportation shall provide ~~state financial assistance~~ an interest-free loan to eligible ~~public~~ school districts that do not have

sufficient means to contribute an amount of local resources necessary to qualify for state financial participation under the Academic Facilities Partnership Program, § 6-20-2507, or the Academic Facilities Catastrophic Program, § 6-20-2508.

~~(2) At a minimum, eligibility criteria for the Academic Facilities Extraordinary Circumstances Program shall address:~~

- ~~(A) School districts with declining enrollment;~~
- ~~(B) School districts with rapid enrollment growth;~~
- ~~(C) School districts with insufficient bonding capacity;~~
- ~~(D) School districts with low assessed property valuations;~~
- ~~(E) School districts at or above the ninety-fifth percentile on the~~

~~academic facilities wealth index; and~~

~~(F) Any other circumstance deemed extraordinary by the division.~~

(d) The Commission for Arkansas Public School Academic Facilities and Transportation shall promulgate rules necessary to implement this section.

~~(3)(e) At a minimum, the~~ The application process for the Academic Facilities Extraordinary Circumstances Loan Program shall require a school district to provide to the division ~~with~~ evidence of:

- (A) The estimated cost of the project;
- (B) The amount of local resources available to contribute to the project;
- (C) The amount and availability of funds from school district fund balances;
- (D) The amount and availability of other public or private assistance;
- (E) The expended debt service of the school district;
- (F) The expended debt service indicator of the school district;
- ~~(E)(G) Effort~~ The effort made by the school district and the local community to develop and provide local resources; and

~~(F)(H)~~ (H) How state financial participation, if granted, will support the prudent and resourceful expenditure of state funds and will improve the school district's ability to deliver an adequate and equitable education to public school students in the district.

~~(e) The division shall report to the General Assembly by January 15, 2007, on the development of the Academic Facilities Extraordinary Circumstances Program and shall obtain formal legislative approval before implementing the Academic Facilities Extraordinary Circumstances Program.~~

(f) An extraordinary circumstances school district may apply for an interest-

free loan under this section when the extraordinary circumstances school district has either scheduled an election to raise or has raised the number of mills needed to reach the maximum expended debt service.

(g) The amount of a loan under this section shall be the amount of moneys required for academic facilities under the Arkansas Public School Academic Facilities Program Act, § 6-21-801 et seq., less the sum of:

(1) The revenues generated by the number of mills needed to reach the maximum expended debt service; and

(2) The state revenue received by the extraordinary circumstances school district under the Academic Facilities Partnership Program.

(h) The commission shall fund loans under this section from either or both of the following sources, as it deems advisable:

(1) The unobligated or voluntarily deobligated portion of available funding in the Educational Facilities Partnership Fund Account appropriated for the Academic Facilities Partnership Program; and

(2) Bonds issued under the Arkansas Public School Academic Facilities Financing Act of 2007, § 6-20-2601 et seq.

(i)(1) Within a reasonable time after receiving an application for a loan under this section, the division shall examine the application and recommend to the commission that the commission either:

(A) Approve the application for the full amount of the proposed loan;

(B) Approve the application for a loan of a lesser amount than the amount requested; or

(C) Disapprove the application.

(2) The division shall not recommend an application for approval until the division receives:

(A) Evidence that the millage needed to reach the maximum expended debt service was passed by a majority of the qualified electors of the extraordinary circumstances school district; and

(B) The certification of bond counsel for the extraordinary circumstances school district that the expended debt service required to service existing academic facilities debt and the academic facilities debt needed will exceed the maximum expended debt service.

(j)(1) When the revenue required to service the bonded indebtedness incurred for the extraordinary circumstances school district's academic facilities is less than the revenue generated by the number of mills needed to reach the maximum expended debt service, the extraordinary circumstances school district

shall begin repayment of the loan.

(2)(A) The extraordinary circumstances school district shall make annual payments to the state in the amount of:

(i) The revenue generated by the extraordinary circumstances school district's millage up to the amount of the revenues generated to meet the maximum expended debt service for the year; less

(ii) The revenue required to service the extraordinary circumstances school district's bonded indebtedness for academic facilities.

(B) The payments under this subsection (j) shall continue until the loan is paid in full.

(3) During the time that the loan to the extraordinary circumstances school district is in repayment, the extraordinary circumstances school district:

(A) Shall use to repay the loan all revenues generated below the amount of the maximum expended debt service;

(B) Shall not issue refunding bonds or refunding certificates, as provided under § 6-20-815; and

(C) Shall not otherwise change the amount of revenues available to repay the loan without the prior approval of the division.

(i) By August 1 of each year, the commission shall report to the House Committee on Education, the Senate Committee on Education, and any joint subcommittee charged with responsibility for the continuing review and evaluation of the adequacy of public school funding under § 10-23-2101 et seq. the following information for the immediately preceding fiscal year:

(1) Each school district that applied for, received, or was disapproved for a loan under this section;

(2) The source of funds the commission used to make the loans and the amount of available funds remaining;

(3) The repayment status of each loan;

(4) The extraordinary circumstances under which each loan was requested; and

(5) Any recommendations of the commission for improvements or changes to the loan program.”

Upon motion of Representative Cheatham, **HOUSE BILL NO. 2249** was placed back on second reading for the purpose of amendment.

AMENDMENT NO. 1 TO HOUSE BILL NO. 2249

Amend **HOUSE BILL NO. 2249** as originally introduced:

Delete everything after the enacting clause and substitute:

"SECTION 1. Arkansas Code Title 6, Chapter 17 is amended to add an additional subchapter to read as follows:

Subchapter 28 - Teacher Evaluations6-17-2801. Findings.

The General Assembly finds that:

(1) Teacher evaluations are often brief reviews of performance with remediation plans that provide only a broad review of teaching methods that do little to help teachers with the specific performance areas that need improvement;

(2) The evaluator of a public school teacher should assist the teacher in improving his or her performance by providing the teacher with a timely, specific, and meaningful written evaluation of the teacher's performance and specific, written, educationally sound suggestions for improvement that are directly tied to

performance areas; and

(3) The program of evaluation established under this subchapter will provide effective and meaningful evaluations that teachers and evaluators may use to work collaboratively to improve teacher performance.

6-17-2802. Evaluations.

(a) The evaluator of a licensed classroom teacher who teaches students in any grade from kindergarten through grade twelve (K-12) in a public school shall have at least three (3) years of successful teaching performance in either the grade level or subject area, or a combination thereof, of the teacher the evaluator is evaluating.

(b) An evaluation shall meet the following minimum requirements:

(1) A teacher shall be observed in a classroom setting for at least thirty (30) minutes or a longer period of time sufficient to enable a meaningful evaluation of the teacher's performance; and

(2) The details of an observation of teacher performance shall be contemporaneously documented and the documentation provided to the teacher within three (3) school days of the observation.

(c)(1) An evaluator shall inform a teacher in writing of any observation that:

(A) Does not represent the most effective performance; or

(B) Demonstrates a failure to perform in a manner that the evaluator determines would have resulted in a more effective performance.

(2) The evaluator shall include in the written evaluation any educationally sound suggestion for a more effective performance by the teacher.

6-17-2803. Remediation.

(a) Any proposed remediation plan shall be in writing and shall include a written explanation of:

(1) Each area that the teacher needs to improve; and

(2) How each item of the remediation plan is designed to help remedy a specific area of needed improvement.

(b) Any required remediation shall be:

(1) In writing;

(2) Collaboratively developed between the teacher and the evaluator;

and

(3) Directly related to and designed to specifically address each identified area of performance that needs improvement.

SECTION 3. Arkansas Code Title 18, Chapter 17, Subchapter 5 is amended to add three (3) additional sections to read as follows:

18-17-502. Landlord to maintain premises.

(a) A landlord shall:

(1) Comply with the requirements of applicable building and housing codes materially affecting health and safety;

(2) Make all repairs and do whatever is necessary to maintain the premises in a fit and habitable condition;

(3) Keep all common areas of the premises in a clean and safe condition;

(4) Maintain in good and safe working order and condition all electrical, plumbing, sanitary, heating, ventilating, air-conditioning, and other facilities and appliances, including elevators, supplied or required to be required by the landlord;

(5) Provide and maintain appropriate receptacles and conveniences for the removal of ashes, garbage, rubbish, and other waste incidental to the occupancy of the dwelling unit and arrange for their removal; and

(6) Supply running water and reasonable amounts of hot water at all times and reasonable heat between October 1 and May 1 except where the building that includes the dwelling unit is not required by law to be equipped for that purpose, or the dwelling unit is so constructed that heat or hot water is generated by an installation with exclusive control of the tenant and supplied by a direct public utility connection.

(b) If the duty imposed on the landlord in subdivision (a)(1) of this section is greater than any duty imposed by any one of subdivisions (a)(2)-(6) of this section, the landlord's duty shall be determined by reference to subdivision (a)(1) of this section.

(c) The landlord and tenant of a single-family residence may make a separate good faith agreement in writing that the tenant will perform the landlord's duties specified in subdivisions (a)(5) and (a)(6) of this section as well as specified repairs, maintenance tasks, alterations, and remodeling.

(d)(1) The landlord and tenant of a dwelling unit other than a single-family residence may make separate a good faith agreement in writing supported by adequate consideration that the tenant is to perform specified repairs, maintenance tasks, alterations, or remodeling only if:

(A) The work is not necessary to cure noncompliance with subdivision (a)(1) of this section; and

(B) The agreement does not diminish or affect the obligation of the landlord to other tenants in the premises.

(2) The landlord may not treat performance of the separate agreement under this subsection (d) as a condition to any obligation or performance of any rental agreement.

18-17-503. Wrongful failure to supply heat, water, or essential services.

(a) If contrary to the rental agreement or the landlord's obligation to maintain the rental premises under § 18-17-501 et seq., the landlord willfully or negligently fails to supply heat, running water, hot water, electricity, gas, or other essential services, the tenant may give written notice to the landlord specifying the noncompliance and may:

(1) Take reasonable and appropriate measures to secure reasonable amounts of heat, hot water, running water, electricity, gas, and other essential services during the period of the landlord's noncompliance and deduct the tenant's actual and reasonable costs for obtaining those services from the rent owed to the landlord;

(2) Recover damages based upon the diminution in the fair rental value of the dwelling unit; or

(3)(A) Procure reasonable substitute housing during the period of the landlord's noncompliance.

(B) If the tenant procures reasonable substitute housing, the tenant:

(i) Is excused from paying rent for the period of the landlord's noncompliance;

(ii) May recover the actual and reasonable cost or fair and reasonable value of the substitute housing not in excess of an amount equal to the periodic rent; and

(iii) May recover reasonable attorney's fees if the tenant is represented by an attorney.

(b) If the tenant proceeds under this section, he or she may not proceed under § 18-17-702 as to the same noncompliance.

(c)(1) The rights of the tenant under this section do not arise until the tenant has given notice to the landlord.

(2) If the condition was caused by the deliberate or negligent act or omission of the tenant, a member of the tenant's family, or other person on the premises with the tenant's consent, the tenant has no rights to proceed under this

section.

18-17-504. Prohibited provisions in rental agreements.

(a) A rental agreement shall not provide that the tenant agrees to waive or forego rights or remedies under the Arkansas Residential Landlord—Tenant Act of 2007, § 18-17-101 et seq.

(b)(1) A provision prohibited by the Arkansas Residential Landlord—Tenant Act of 2007, § 18-17-101 et seq. is unenforceable.

(2) If a landlord deliberately uses a rental agreement containing provisions known by him or her to be prohibited, the tenant may recover in addition to the tenant's actual damages, an amount up to two (2) months' periodic rent and reasonable attorney's fees."

17-24-508. Validation of debts.

(a) At the time of the initial communication or within five (5) days after the initial communication with a consumer in connection with the collection of a debt, unless the consumer has paid the debt, a debt collector shall send the consumer a written notice containing:

(1) The amount of the debt;

(2) The name of the creditor to whom the debt is owed;

(3) A statement that unless the consumer within thirty (30) days after receipt of the notice disputes the validity of the debt or a portion of the debt, the debt will be assumed to be valid by the debt collector;

(4) A statement that if the consumer notifies the debt collector in writing within the thirty-day period that the debt or a portion of the debt is disputed, the debt collector will obtain verification of the debt or a copy of a judgment against the consumer and a copy of the verification or judgment will be mailed to the consumer by the debt collector; and

(5) A statement that, upon the consumer's written request within the thirty-day period, the debt collector will provide the consumer with the name and address of the original creditor if different from the current creditor.

(b) If the consumer notifies the debt collector in writing within the thirty-day period described in subsection (a) of this section that the debt or a portion of the debt is disputed or that the consumer requests the name and address of the original creditor, the debt collector shall cease collection of the debt or a disputed portion of the debt until the debt collector obtains verification of the debt or a copy of a judgment or the name and address of the original creditor, and a copy of the verification or judgment or name and address of the original creditor is mailed to the consumer by the debt collector.

(c) The failure of a consumer to dispute the validity of a debt under this section is not an admission of liability by the consumer.

17-24-509. Multiple debts.

If a consumer owes multiple debts and makes a single payment to a debt collector with respect to the debts, the debt collector may not apply the payment to a debt that is disputed by the consumer and, if applicable, shall apply the payment in accordance with the consumer's directions.

17-24-510. Legal actions by debt collectors.

(a) A debt collector who brings a legal action on a debt against a consumer shall:

(2) For an action not described in subdivision (a)(1) of this section, bring the action only in the county:

(A) In which the consumer signed the contract sued upon; or

(B) In which the consumer resides at the commencement of the action.

(b) This subchapter does not create a cause of action by a debt collector.

17-24-511. Furnishing certain deceptive forms.

(a) It is unlawful to design, compile, and furnish a form knowing that the form would be used to create the false belief in a consumer that a person other than the creditor of the consumer is participating in the collection of or in an attempt to collect a debt the consumer allegedly owes the creditor, when in fact the person is not participating in collecting or attempting to collect the debt.

(b) A person who violates this section is liable to the same extent and in the same manner as a debt collector is liable under § 17-24-512 for failure to comply with this subchapter.

17-24-512. Civil liability.

(a) Except as otherwise provided by this section, a debt collector who fails to comply with this subchapter with respect to a person is liable to the person in an amount equal to the sum of:

(1) An actual damage sustained by the person as a result of the failure;

(2)(A) In the case of an action by an individual, the additional damages as the court may allow not exceeding one thousand dollars (\$1,000); or

(B) In the case of a class action;

(i) The amount each named plaintiff could recover under subdivision (a)(2)(A) of this section; and

(ii) The amount the court may allow for all other class members without regard to a minimum individual recovery not to exceed the lesser of five hundred thousand dollars (\$500,000) or one per cent (1%) of the net worth of the debt collector; and

(3)(A) In the case of a successful action to enforce the foregoing liability, the costs of the action, together with a reasonable attorney's fee as determined by the court.

(B) If the court finds that an action under this section was brought in bad faith or for the purpose of harassment, the court may award to the defendant attorney's fees reasonable in relation to the work expended and costs.

(b) In determining the amount of liability in an action under subsection (a) of this section, the court shall consider among other relevant factors:

(1) In an individual action under subsection (a)(2)(A) of this section, the frequency and persistence of noncompliance by the debt collector, the nature of the noncompliance, and the extent to which the noncompliance was intentional; or

(2) In a class action under subsection (a)(2)(B) of this section, the frequency and persistence of noncompliance by the debt collector, the nature of the noncompliance, the resources of the debt collector, the number of persons adversely affected, and the extent to which the debt collector's noncompliance was intentional.

(c) A debt collector may not be held liable in an action brought under this subchapter if the debt collector shows by a preponderance of the evidence that the violation was not intentional and resulted from a bona fide error notwithstanding the maintenance of procedures reasonably adapted to avoid the error.

(d) An action to enforce a liability created by this subchapter may be brought in a court of competent jurisdiction within one (1) year from the date on which the violation occurs.

(e) A provision of this section imposing liability shall not apply to an act done or omitted in good faith in conformity with an advisory opinion of the Federal Trade Commission addressing appropriate conduct under the Federal Fair Debt Collection Practices Act, 15 U.S.C. § 1692 et seq., notwithstanding that after the act or omission has occurred, the opinion is amended, rescinded, or determined by judicial or other authority to be invalid for a reason.

"SECTION 1. DO NOT CODIFY. Legislative findings.

The General Assembly declares that as a result of the downturn in the economy and the resulting efforts by the federal government to stimulate the economy, the interest rates have been lowered to such an extent that governmental units at all levels in the state are unable to finance public works projects. Under § 4 of Amendment 65 of the Arkansas Constitution, the interest rate on revenue bonds cannot exceed five percent (5%) per annum above the Federal Reserve Discount Rate at the time of the contract. As a result of the lowered interest rates, the interest rate that the governmental units can establish on revenue bonds is insufficient to sell the bonds. Therefore, capital projects required to protect the public safety and provide for the general welfare of the residents of Arkansas cannot be pursued. These projects include the construction of new schools, the renovation of deteriorating schools, the construction of incarceration facilities, road improvement projects, health care facilities, and other projects directly related to improving the lives of Arkansans.

It is determined that the previous and current conditions of the economy require the General Assembly to take corrective action to address the severe situation governmental entities are finding themselves in. The General Assembly also declares that under § 1 of Article 5 of Amendment 7 to the Arkansas Constitution, a measure is defined to include any bill, law, resolution, ordinance, charter, constitutional amendment, or legislative proposal or enactment of any character. This section also provides in part that a measure approved by a vote of the people shall not be amended or repealed by the General Assembly except upon a yea and nay vote on roll call of two-thirds majority of all the members elected to each house of the General Assembly. It is further declared that Amendment 65 was enacted under the provisions of § 1 of Article 5 of Amendment 7 to the Arkansas Constitution and as such is a measure as defined under that constitutional provision. The initiative was adopted at the general election on November 4, 1986, by a vote of 318,894 for and 275,877 against. Therefore, it is determined that without immediate relief from the limits on the interest rates on revenue bonds, the governmental units of the state will be unable to obtain adequate funding to meet the needs of Arkansans.

SECTION 3. EMERGENCY CLAUSE. It is found and determined by the General Assembly that as a result of the economic downturn of the United States and Arkansas economies, governmental units in the state are unable to finance capital improvement projects necessary to meet the needs of the state and that without immediate relief from the interest rate limits to obtain funding for these projects, the citizens of this state will suffer irreparable harm to their health and well-being. This bill shall immediately provide governmental units with the ability to pursue projects necessary to ensure the public safety, health, and welfare of its citizens. Therefore, an emergency is declared to exist and this act being immediately necessary for the preservation of the public peace, health, and safety shall become effective on:

(1) The date of its approval by the Governor;

(2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or

23-4-1102. Legislative intent.

(a) The purpose of this subchapter is to direct the Arkansas Public Service Commission to establish and oversee a home weatherization revolving loan fund from which Arkansas homeowners may borrow funds solely for the purpose of weatherizing their residential homes through the installation of home weatherization and efficiency measures that will substantially increase the energy efficiency of those homes.

(i) Exceed fifty cents (50¢) on a customer's monthly bill for electric service or natural gas service; or

(ii) Be collected for more than two (2) years after its imposition unless, after notice and hearing, the commission continues the imposition of a fee in an amount that is less than fifty cents (50¢) per month for the purpose of:

23-4-1107. Administration.

(a)(1) The Arkansas Public Service Commission shall delegate the administration of the Home Weatherization Revolving Loan Fund to a public or private entity under terms and conditions that the Arkansas Public Service Commission determines necessary:

HOUSE BILL NO. 1940

JOURNAL ENTRY

SECTION 1. FINDINGS

State statute 6-13-620, which outlines duties and responsibilities of school board members, is in substantially the same form as it was when enacted in 1931.

A that time, public education consisted primarily of segregated, one-room schoolhouses: 4,104 schools for white children and 1,256 for African-American children, all within 3,478 school districts. The law empowered locally elected school boards to hire and personally supervise the one or two teachers the district employed. School board members had to ensure that the wood was chopped for the stove and a leaky schoolhouse roof was mended.

The language of the 1931 law that relates to school finance was drafted in response to a series of extraordinary events. Arkansas had been devastated by a flood in 1927, killer tornadoes and the stock market crash followed in 1929, and deadly droughts in 1930 led to the dust bowl years. The state was financially devastated, local tax revenues suffered, and money for schools fell short. Desperate to fund their schools, some boards took drastic measures that ultimately led to many defaults on bonded indebtedness.

So, when the General Assembly passed 6-13-620, it included a provision that has applied to no other elected official in the state, before or since: Individual school board members could be held financially liable for their school district's deficit spending.

Public education in 2009 bears little resemblance to schooling in the 1930's. In the 78 years since 6-13-630 was enacted, the General Assembly and the courts have substantially reordered how the state provides public education. A new understanding of the roles and responsibilities of locally elected school boards has emerged. Standards for teacher credentials and course content are determined by state law, and school boards now hire professional school administrators to fill many of the roles previously carried out by the boards.

Today, the General Assembly expects the school board to provide governance, not a set to hands willing to build a one-room schoolhouse and keep it warm and dry. Accordingly, the law describing the powers and duties of the school boards requires revision to correlate it with the current body of education law and the legal job description the General Assembly has shaped for board members.
