"SECTION 1. DO NOT CODIFY. FINDINGS. The General Assembly finds that:

(1) In "A Report on Legislative Hearings for the 2010 Interim Study on Educational Adequacy", the interim House Committee on Education and the interim Senate Committee on Education found that the transportation funding provided in foundation funding is sufficient to meet the State of Arkansas's adequacy requirements with regard to student transportation. They went on to recommend,

however, a distribution of funding through an enhanced transportation funding formula for certain school districts that may have high transportation costs. The committees further recommended that money to fund this new program be found by reducing, in part, a recommended increase in foundation funding. The committees made clear in the 2010 interim study report that this recommended enhanced transportation funding was found to be over and above what was required for adequacy;

(2) In the previous biennium, in "A Report on Legislative Hearings for the 2008 Interim Study on Educational Adequacy", the committees found that student transportation may be a necessary component for providing students with an equitable opportunity for an adequate education to the extent that a student would not otherwise be able to realize this opportunity but for such transportation being provided by the state. Analyzing what portion of student transportation is required for adequacy purposes is a highly complex, fact-intensive study. It requires analysis of many factors such as student characteristics, bus routes taken, route miles, and a myriad of other factors. Nonetheless, it is clear from "The Resource Allocation of Foundation Funding for Arkansas School Districts," August 23, 2008, Bureau of Legislative Research, and the 2010 interim study report that the evidence gathered by the committees demonstrated that the amount of revenue provided in foundation funding is sufficient to fund the overall adequacy needs of all school districts;

(3) The 2010 interim study report recommends, essentially, removing a portion of transportation funding contained in the resource matrix used to determine necessary foundation funding levels, and using those funds to provide revenue for transportation to some, but not all, school districts for a program that is not required to maintain educational adequacy; and

(4) The foundation funding formula and the resource matrix on which the foundation funding formula is based have served the state well since they were first used. The formula and the matrix provide a clear, transparent, and easy to understand method for analyzing state funding needs for districts, while allowing districts the flexibility to use such funds to more closely meet unique district needs. The committees' recommendation that the General Assembly depart from this approach jeopardizes this method for determining and meeting school district adequacy needs, a method that the Supreme Court found to be constitutional in 2004 and in 2007. Accordingly, the General Assembly finds and determines that the foundation funding formula and the resource matrix upon which it is built should be maintained and declines to adopt the enhanced transportation funding approach recommended in the 2010 interim study report.

(3) For members who are participating in the deferred retirement option plan on June 30, 2011, the rate of interest shall not be changed.

SECTION 2. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that there are members currently participating in the Arkansas Public Employees' Retirement System Deferred Retirement Option Plan who based the decision to retire on the interest rate of the deferred plan; that these members are depending on this interest rate to provide them with the necessary retirement funds; that decreasing the interest rate will severely limit the amount of money that can be saved prior to their cessation of work; and that the Arkansas Public Employees' Retirement System is planning to cut the interest rate on July 1, 2011. Therefore, an emergency is declared to exist and this act being necessary for the preservation of the public peace, health, and safety shall become effective on June 1, 2011."

SECTION 4. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that the highways, roads, streets, and bridges of this state are in dire need of construction, reconstruction, and maintenance; that well-maintained roadways are necessary for economic development in this state; that dedicating a portion of the general revenue that represents the sales and use tax on motor vehicle repair and the retail sale of motor vehicle tires is necessary to help pay for the construction, reconstruction, and maintenance of our roadways; that dedicating the sales and use tax from the sale of new and used motor vehicles will be needed in order to construct, reconstruct, and repair those roadways; and that in order to lessen the loss of this money from general revenue, the transfer of these taxes will be phased in over a ten-year period. Therefore, an emergency is declared to exist and this act being necessary for the preservation of the public peace, health, and safety shall become effective on July 1, 2011.

SECTION 4. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that diesel-powered and gasoline-powered school buses are contributing to air pollution in this state; that school buses powered by compressed natural gas are more environmentally clean and a great alternative to diesel-powered and gasoline-powered school buses; that the cost of diesel and gasoline is much greater than the cost of compressed natural gas; that school districts need the cost savings and the environmental enhancement of providing school buses powered by compressed natural gas; and that providing a rebate would encourage school districts to convert their school buses to dedicated or bi-fuel compressed natural gas school buses. Therefore, an emergency is declared to exist and this act being necessary for the preservation of the public peace, health, and safety shall become effective on July 1, 2011."

~~(h)(1)(A) If the commissioner deems that the review as to either rates or forms, or both, required by this section as to any particular line or lines of insurance, can be performed in some other manner that provides sufficient protection to the consumers of this state and results in greater efficiency in bringing new or modified products within the line to market, the approval required by this section may be waived for such period as is deemed appropriate, or until revoked. Each insurance company, hospital and medical service corporation, and health maintenance organization shall file with the commissioner the schedules and tables of premium rates for individual accident and health insurance policies and shall file amendments to or corrections of the schedules and tables.~~

(2)(A) Either a specific schedule of rates or a methodology for determining rates shall be established in accordance with actuarial principles for various categories of enrollees, provided that rates applicable to an individual enrollee in a small group policy shall not be individually determined based on the status of the enrollee's health.

SECTION 3. Arkansas Code § 23-79-110(5), concerning disapproval of rates for individual accident and health insurance policies, is repealed.

~~(5)(A) Is an individual accident and health contract in which the benefits are unreasonable in relation to the premium charge. Rates on a particular policy form will be deemed approved upon filing with the commissioner if the insurer has filed a loss ratio guarantee with the commissioner and complied with the terms of the loss ratio guarantee. Benefits will continue to be deemed reasonable in~~

relation to the premium so long as the insurer complies with the terms of the loss ratio guarantee. This loss ratio guarantee must be in writing, signed by an officer of the insurer, and must contain at least the following:

~~(i) A recitation of the anticipated target loss ratio standards contained in the original actuarial memorandum filed with the policy form when it was originally approved;~~

~~(ii) A guarantee that the actual Arkansas loss ratios for the experience period in which the new rates take effect, and for each experience period thereafter until new rates are filed, will meet or exceed the loss ratio standards referred to in subdivision (a)(5)(A)(i) of this section. If the annual earned premium volume in Arkansas under the particular policy form is less than one million dollars (\$1,000,000) and therefore not actuarially credible, the loss ratio guarantee will be based on the actual nationwide loss ratio for the policy form. If the aggregate earned premium for all states is less than one million dollars (\$1,000,000), the experience period will be extended until the end of the calendar year in which one million dollars (\$1,000,000) of earned premium is attained;~~

~~(iii) A guarantee that the actual Arkansas, or national, if applicable, loss ratio results for the year at issue will be independently audited at the insurer's expense. This audit must be done in the second quarter of the year following the end of the experience period and the audited results must be reported to the commissioner not later than the date for filing the applicable accident and health policy experience exhibit;~~

~~(iv)(a) A guarantee that affected Arkansas policyholders will be issued a proportional refund, based on premium earned of the amount necessary to bring the actual aggregate loss ratio up to the loss ratio standards referred to in subdivision (a)(5)(A)(i) of this section. If nationwide loss ratios are used, then the total amount refunded in Arkansas will equal the dollar amount necessary to achieve the loss ratio standards multiplied by the total premium earned in Arkansas on the policy form and divided by the total premium earned in all states on the policy form.~~

~~(b) The refund must be made to all Arkansas policyholders who are insured under the applicable policy form as of the last day of the experience period and whose refund would equal ten dollars (\$10.00) or more.~~

~~(c) The refund will include statutory interest from the end of the experience period until the date of payment.~~

~~(d) Payment must be made during the third quarter of the year following the experience period for which a refund is determined to be due; and~~

~~(v) A guarantee that refunds of less than ten dollars (\$10.00) will be aggregated by the insurer and paid to the State Insurance Department.~~

~~(B) As used in this section, the term "loss ratio" means the ratio of incurred claims to earned premium by number of years of policy duration, for all combined durations.~~

~~(C) As used in this section, the term "experience period" means, for any given rate filing for which a loss ratio guarantee is made, the period beginning on the first day of the calendar year during which the rates first take effect and ending on the last day of the calendar year during which the insurer earns one million dollars (\$1,000,000) in premium on the form in question in Arkansas or, if the annual premium earned on the form in Arkansas is less than one million dollars (\$1,000,000) nationally. Successive experience periods shall be similarly determined beginning on the first day following the end of the preceding experience period.~~

~~(D)(i) An insurer whose rates on a policy form are approved pursuant to a loss ratio guarantee shall provide affected policyholders with a notice that advises that rates may be increased more than one (1) time a year. For new policyholders with policies subject to the loss ratio guarantee, the notice must be delivered no later than delivery of the policy.~~

~~(ii) Nothing in this section shall be deemed to require an insurer to provide the notice required by this subdivision on more than one (1) occasion to any given policyholder while insured under the guaranteed form.~~

SECTION 4. Arkansas Code § 23-86-115 is repealed.

~~23-86-115. Group accident and health insurance — Entitlement to conversion policy upon termination of group policy.~~

~~(a)(1) Every group policy, contract, or certificate of accident and health insurance delivered or issued for delivery in this state that provides hospital, surgical, or major medical coverage on an expense-incurred basis, other than coverage limited to expenses from accidents or specified diseases, shall provide that an employee, member, or covered dependent whose insurance under the group policy has been terminated for any reason, including the discontinuance of the group policy in its entirety, shall be entitled to have issued to him or her by the insurer a policy of accident and health insurance referred to in this section as a "conversion policy".~~

~~(2) An employee, member, or dependent shall not be entitled to a conversion policy, if the termination of the group policy, contract, or certificate was a result of his or her failure to pay any required contribution or if the terminated policy is replaced by similar coverage within thirty-one (31) days.~~

~~(3) An individual wishing to exercise his or her conversion privilege must apply for the conversion policy in writing not later than thirty (30) days after the termination of the group coverage.~~

~~(b)(1)(A) The conversion policy shall provide coverage equal to or greater than the minimum standards established by the Insurance Commissioner.~~

~~(B) All conversion policies shall contain a wording in bold print that "the benefits in this policy do not necessarily equal or match those benefits provided in your previous group policy".~~

~~(2) The conversion policy shall not exclude coverage for pregnancy or other illness or injury on the grounds of a preexisting condition, provided that the combination of time served under the group and the conversion policy equals or exceeds any waiting periods under the group policy or contract. Moreover, the conversion policy shall include benefits for maternity coverage for any pregnancies in existence at the time of the conversion.~~

~~(c)(1) The insurer shall not be required to offer the conversion policy to any individual who is eligible for:~~

~~(A) Medicare coverage; or~~

~~(B) Full coverage under any other group accident and health policy or contract. This coverage must provide benefits for all preexisting conditions to be considered full coverage.~~

~~(2) Accordingly, under this subsection, an individual may convert to a conversion policy and remain covered by that policy until all preexisting conditions are covered or would be covered under another group policy or contract.~~

~~(d) This section shall not be applicable to self-insured plans.~~

~~(e)(1)(A) The initial premium for the conversion policy for the first twelve (12) months and subsequent renewal premiums shall be determined in accordance with premium rates applicable to individually underwritten standard risks for the age and class of risk of each person to be covered under the conversion policy and for the type and amount of insurance provided.~~

~~(B) The experience under conversion policies shall not be an acceptable basis for establishing rates for conversion policies.~~

~~(2) For purposes of subdivision (e)(1) of this section:~~

~~(A) The phrase "premium rates applicable to individually underwritten standard risks" means the premium charged to individuals who qualify for coverage without modification, determined from a rate table based on aggregate individually underwritten policy experience;~~

~~(B) "Aggregate individually underwritten policy experience" means the policy experience is drawn from a mature combination of newly selected insureds and insureds for whom selection effects no longer exist; and~~

~~(C) "Class" means any actuarially determined characteristic, except health status or individual claims experience.~~

~~(3) If an insurer experiences incurred losses that exceed earned premiums for a period of two (2) successive years on conversion policies that have been in force for at least one (1) year, the insurer may file with the commissioner amended renewal rates for the subsequent year, which will produce a loss ratio of not less than one hundred percent (100%).~~

~~(4)(A) Even though a renewal premium is established in accordance with subdivision (e)(3) of this section, a holder of the conversion policy shall not be required to pay the full renewal premium until the beginning of the policy's fourth year.~~

~~(B) The premium for the second policy year shall be the initial premium plus thirty-three and one-third percent (33 1/3%) of the difference between the initial premium and the renewal premium in effect on the policy's first anniversary date.~~

~~(C) The premium for the third policy year shall be the initial premium plus sixty-six and two-thirds percent (66 2/3%) of the difference between the initial premium and the renewal premium in effect on the policy's second anniversary date.~~

~~(D) The premium for the fourth year shall be one hundred percent (100%) of the renewal premium in effect on the policy's third anniversary date.~~

~~(5) This subsection shall be applicable to any conversion policy issued after March 22, 1995.~~

SECTION 5. Arkansas Code § 23-86-303(34), concerning the definition of "small employer", is amended to read as follows:

(34) "Small employer" means, in connection with a group health plan with respect to a calendar year and a plan year, an employer who employed an average of at least two (2) but not more than ~~fifty (50)~~ one hundred (100) employees on business days during the preceding calendar year and who employs at least two (2) employees on the first day of the plan year;

SECTION 6. Arkansas Code Title 23, Chapter 98 is repealed.

~~23-98-101. Legislative findings.~~

~~The General Assembly finds that the cost of health insurance coverage is not affordable for many small businesses, their employees, self-employed persons, and~~

other individuals, and that as a result hundreds of thousands of Arkansas citizens do not have any health insurance coverage. It is the intent of the General Assembly to reduce the cost of health insurance for these citizens by:

(1) ~~Authorizing the development of new classes of hospital and medical insurance coverage for qualified groups, families, and individuals; and~~

~~(c) To the extent that an insurer has a surplus in a given year which has been generated on minimum basic benefit policies issued pursuant to this chapter to a qualified group by a loss ratio of less than seventy-five percent (75%) or issued pursuant to this chapter to qualified individuals, qualified families, or qualified trusts by a loss ratio of less than sixty-five percent (65%), that surplus shall be taken into consideration in setting rates in following years in such manner as to benefit the holders of such minimum basic benefit policies.~~

MEMORANDUM

TO: Whom It May Concern
FROM: House Committee on the Journal; Engrossed and Enrolled Bills
DATE: March 22, 2011
SUBJECT: Amendment #2 to **SENATE BILL NO. 276**

The House Committee on the Journal; Engrossed and Enrolled Bills, by this letter, approves the correction of an error in Amendment #2 to SB276. Amendment 2 read as follows:

Add Senator Burnett as a cosponsor of the bill

AND

Add Representatives T. Steele, Allen, D. Altes, Baird, T. Baker, Biviano, T. Bradford, Branscum, J. Brown, J. Burris, Carnine, Carter, Catlett, Cheatham, Clemmer, Collins, L. Cowling, Cozart, Dale, Deffenbaugh, J. Dickinson, J. Edwards, English, Eubanks, Fielding, Garner, Gillam, Hammer, Harris, Hickerson, Hobbs, Hopper, D. Hutchinson, Hyde, Ingram, Jean, Johnston, Kerr, Lampkin, Lea, Leding, Lenderman, Linck, Lindsey, Love, Lovell, S. Malone, Mauch, Mayberry, McCrary, McLean, D. Meeks, S. Meeks, Murdock, Nickels, B. Overbey, Pennartz, Perry, Post, Ratliff, J. Roebuck, T. Rogers, Sanders, Slinkard, G. Smith, Stubblefield, Summers, T. Thompson, Tyler, Vines, Wagner, Walker, Wardlaw, Webb, Westerman, Williams, Woods, Word, Wren, Wright as cosponsors of the bill”

Senator Burnett was already a cosponsor on the bill. Therefore, the first line of the amendment was in error.

In the first line of the 2nd paragraph, Barnett should have been inserted between Baker and Biviano, adding Representative Barnett as a cosponsor of the bill.

The Committee authorizes the Chief Clerk to carry out the intent of the amendment by correctly engrossing SB276.

"SECTION 1. NOT TO BE CODIFIED. Legislative intent. The General Assembly finds that:

(1) Nonresidential large business consumers of electricity and natural gas know best which energy-efficient investments to make in their businesses and should be allowed to choose how their available capital resources are best invested to save energy in their facilities;

(2) Energy efficiency measures implemented by nonresidential large business consumers of electricity and natural gas provide the same kinds of system benefits for their utility suppliers and other customers as are provided by a mandatory utility-managed energy efficiency program;

(3) A mandatory requirement that nonresidential large business consumers of electricity and natural gas pay for their utility supplier energy efficiency programs ensures that some large business consumers will be forced to pay for programs that directly compete with their own energy efficiency investment capital; and

(4) States adjoining Arkansas have implemented simple energy efficiency program opt-out mechanisms for their business consumers, putting Arkansas nonresidential business consumers at a significant competitive disadvantage relative to competitors in states such as Texas and Oklahoma.

SECTION 2. Arkansas Code § 23-3-405 is amended to read as follows:

23-3-405. Authority of Arkansas Public Service Commission — Rates and charges -- Exemption.

(a)(1) The Arkansas Public Service Commission is authorized to propose, develop, solicit, approve, require, implement, and monitor measures by utility companies which cause the companies to incur costs of service and investments which conserve, as well as distribute, electrical energy and existing supplies of natural gas, oil, and other fuels.

(2) After proper notice and hearings, the programs and measures may be approved and ordered into effect by the commission if it determines they will be beneficial to the ratepayers of such public utilities and to the utilities themselves.

(3) In such instances, the commission shall declare that the cost of such conservation measures is a proper cost of providing utility service. At the time any such programs or measures are approved and ordered into effect, the commission shall also order that the affected public utility company be allowed to increase its rates or charges as necessary to recover any costs incurred by the public utility company as a result of its engaging in any such program or measure.

(b) Nothing in this subchapter shall be construed as limiting or cutting down the authority of the commission to order, require, promote, or engage in other energy conserving ~~actions~~ programs or measures.

(c)(1) A nonresidential rate payer of a public utility company having a minimum peak electrical demand of one megawatt (1 MW) or an annual natural gas usage of seventy thousand million British Thermal Units (70,000 MMBTU) at a single facility may provide a certification of exemption to the commission no later than March 1 of any year stating that they have implemented or will implement a measure or have made or will make an investment designed to provide energy savings for the nonresidential rate payer.

(2) To qualify for an exemption under subdivision (c)(1) of this section, a nonresidential rate payer of a public utility company meeting the requirements of subdivision (c)(1) of this section shall have its primary operations in this state classified within sectors 31 through 33 of the North American Industry Classification System as in effect on January 1, 2007.

(3) The certification of exemption shall state that the measure implemented or to be implemented or the investment made or to be made has provided or is expected to provide energy savings for the nonresidential rate payer in an amount equal to or greater than the energy efficiency goals or standards established by the commission at the time of the issuance of the certification of exemption.

(4)(A) Upon receipt of the certification of exemption under this subsection, the commission shall notify the public utility company of the exemption.

(B) Beginning on June 1 following notification of the exemption:

(i) The nonresidential rate payer shall not be required to participate in the programs or measures required by the commission under this section;

(ii) The public utility company shall cease billing all of the accounts of the nonresidential rate payer for any costs in rates and charges approved by the commission under subdivision (a)(3) of this section; and

(iii) The nonresidential rate payer shall not be eligible to participate in any programs or measures offered by the public utility company under this section.

(5)(A) An exemption under this subsection continues until it is withdrawn by the nonresidential rate payer.

(B) A nonresidential rate payer seeking to withdraw its certificate of exemption shall notify the commission by March 1 of any year.

(C) Upon notification of the withdrawal of a certificate of exemption, the commission shall notify the public utility company of the withdrawal.

(D) Beginning on June 1 following notice of the withdrawal of the certificate of exemption:

(i) The public utility company shall begin billing the accounts of the nonresidential rate payer for any costs in rates and charges approved by the commission under subdivision (a)(3) of this section; and

(2) The proceeds of the excise taxes transferred to the State Highway and Transportation Department Fund shall be set aside and transferred to the Arkansas Four-Lane Highway Construction and Improvement Bond Account and used for the purposes provided for in this amendment.

(3) The tax revenues accruing from this amendment shall not be designated as special revenues for deposit to the Arkansas Department of Aeronautics Fund under § 27-115-110.

SECTION 6. The Arkansas Highway Revenue Distribution Law, which defines highway revenues, shall include taxes levied and collected by this amendment.

SECTION 7. Effective Date.

(a) The taxes levied by this amendment shall not become effective until after a majority of the qualified electors of the state voting on the question approve the issuance of Four-Lane Highway Construction and Improvement General Obligation Bonds to be repaid in part by the taxes levied by this amendment and deposited to the Arkansas Four-Lane Highway Construction and Improvement Bond Account in the State Highway and Transportation Department Fund.

(b) If the tax levies and the issuance of the bonds are approved, the effective date of the temporary taxes levied by this amendment shall be July 1, 2013.

and by the trustee for the bondholders, if a trustee is serving in this capacity, and is filed with the chief fiscal officer.

(2) The written statement shall certify that:

(A) The trustee has or will have sufficient funds set aside to pay the principal of and interest on the bonds when due at maturity or at redemption prior to maturity, and the chairman certifies that the tax is not pledged to any other highway bonds; or

(b) Unless the General Assembly provides another procedure by law, the provisions of the Arkansas Tax Procedure Act, § 26-18-101 et seq., shall apply to the taxes levied under this amendment and to the reporting, remitting, and enforcement of the tax.

SECTION 10. Procedure for issuing bonds

Before any series of bonds may be issued:

(1)(A) The commission shall, in consultation with the chief fiscal officer, determine the estimated amount of designated tax revenues to be collected by the state in the remainder of the then current fiscal biennium.

(B) The estimated amount of designated tax revenues shall be reported to the commission and Governor;

(2) The commission shall present a report to the Governor that includes the:

(A) Highway construction and improvements to be financed with the proceeds of such series of bonds;

(B) Estimated cost of the four-lane highway construction and improvements;

(C) Amount of bonds necessary to finance such four-lane highway construction and improvements; and

(D) Estimated amount of debt service required to pay the bonds;

(3) Upon receipt of the report required under subdivision (2) of this section, the Governor shall, if he and the Commission determine that the estimated designated tax revenues and any other revenues appropriated by the General

Assembly for repayment of bonds will be sufficient to pay the debt service on the series of bonds, by proclamation authorize the commission to proceed with the issuance of such series of bonds.

(4)(A) After the Governor has issued his or her proclamation with respect to one (1) or more series of bonds, the commission shall adopt a resolution authorizing the issuance of the bonds.

(B) Each such resolution shall contain the terms, covenants, and conditions as are desirable and consistent with this amendment, including without limitation the:

(i) Establishment and maintenance of funds and accounts;

(ii) Deposit and investment of tax collections and of bond proceeds; and

(iii) Rights and obligations of the state, its officers and officials, the commission, and the registered owners of the bonds.

(C)(i) Each such resolution of the commission may provide for the execution and delivery by the commission of a trust indenture or trust indentures, with one (1) or more banks or trust companies located within or outside the state, containing any of the terms, covenants, and conditions provided for in this section and other terms and conditions deemed necessary by the commission.

(ii) The trust indenture or trust indentures shall be binding upon the commission, the state, and their respective officers and officials.

SECTION 11. Terms of bonds.

(a)(1) The bonds shall be issued in series as provided for in this section in amounts sufficient to finance all or part of the costs of four-lane highway construction and improvements provided under Section 10 of this amendment.

(2) Each series shall be designated by the year in which the series was issued, and if more than one (1) series is issued in a particular year then by alphabetical designation.

(b) The bonds of each series shall have the date or dates the commission determines and shall mature, or be subject to mandatory sinking fund redemption, over a period ending not later than ten (10) years after the date of implementation of the temporary sales and use tax.

(c)(1) The bonds of each series shall bear interest at the rate or rates determined by the commission at the sale of the bonds.

(2)(A) The bonds may bear interest at either a fixed or a variable rate.

(B) The interest may be taxable or tax-exempt or may be convertible from one (1) interest rate mode to another.

(C) The interest shall be payable at a time determined by the commission.

(d) The bonds:

(1) Shall be issued in the form of bonds registered as to both principal and interest without coupons;

(2) May be in such denominations;

(3) May be made exchangeable for bonds of another form or denomination, bearing the same rate of interest;

(4) May be made payable at places within or outside the state;

(5) May be made subject to redemption prior to maturity in such manner and for such redemption prices; and

(6) May contain other terms and conditions established by the commission.

(e)(1) Each bond shall be executed with the facsimile signatures of the Governor, the chairman, and the Treasurer of the State, and shall have affixed or imprinted on the bond the seal of the State of Arkansas.

(2) Delivery of the executed bonds shall be valid, notwithstanding any change in persons holding the offices occurring after the bonds have been executed.

SECTION 12. Sale of bonds.

(a)(1) The bonds may be sold at a private sale or public sale and at terms as the commission determines to be reasonable and expedient.

(2) The bonds may be sold at a price acceptable to the commission, and the price may include a discount or a premium.

(b)(1) If the bonds are sold at a public sale, the commission shall provide notice of the offering of the bonds in a manner reasonably designed to notify the public finance industry that the offering is being made.

(2) The commission shall set the terms and conditions of bidding, including the basis on which the winning bid will be selected.

(c)(1) The commission may structure the sale of bonds utilizing financing techniques that are recommended by its professional advisors to take advantage of market conditions and obtain the most favorable interest rates consistent with the purposes of this amendment.

(2) The commission may enter into ancillary agreements in connection with the sale of the bonds as necessary and advisable, including without limitation bond purchase agreements, remarketing agreements, letter of credit and reimbursement agreements, and bond insurance agreements.

SECTION 13. Employment of professionals.

The commission may retain professionals it determines are necessary to issue and sell the bonds, including without limitation legal counsel, financial advisors, underwriters, trustees, paying agents, and remarketing agents.

SECTION 14. Investment of proceeds.

Prior to expenditure of the proceeds from the issuance of the bonds, the proceeds from the issuance of the bonds shall be held, maintained, and invested by the trustee as provided in a resolution of the commission or as provided in a trust indenture securing the bonds.

SECTION 15. General obligation.

(a)(1) The bonds issued under this amendment shall be direct general obligations of the State of Arkansas for the payment of the debt service on which the full faith and credit of the State of Arkansas is irrevocably pledged as long as the bonds are outstanding.

(2) The bonds shall be payable from:

(A) The Arkansas Four-Lane Highway Construction and Improvement Bond Account; and

(B) General revenues of the state as that term is defined in the Revenue Stabilization Law, § 19-5-101 et seq.

(3) As necessary, the amount of general revenues is pledged to the payment of debt service on the bonds and shall be and remain pledged for these purposes.

(b)(1) This amendment shall constitute a contract between the State of Arkansas and the registered owners of all bonds issued under this amendment which shall never be impaired, and any violation of its terms, whether under purported legislative authority or otherwise, may be enjoined by the Circuit Court of Pulaski County upon the complaint of a bond owner or a taxpayer.

(2) The court shall, in any suit against the commission, the Treasurer of State, or other officer or official of the state prevent a diversion of any funds pledged under this amendment and shall compel the restoration of diverted funds, by injunction or mandamus.

(3) Without limitation as to any other appropriate remedy at law or in equity, a bond owner may, by an appropriate action, including without limitation injunction or mandamus, compel the performance of all covenants and obligations of the state, its officers, and officials.

(c) This amendment shall not create a right of any character with respect to the bonds, and a right of any character with respect to the bonds shall not arise

under the amendment, unless the first series of bonds authorized by this amendment has been sold and delivered.

SECTION 16. Sources of repayment.

(a) Without in any way limiting the general obligation of the state to repay the bonds, the designated tax revenues are pledged to the payment of the debt service on the bonds.

(b)(1) The Treasurer of State shall establish in the State Highway and Transportation Department a special account known as the Arkansas Four-Lane Highway Construction and Improvement Bond Account.

(2) The Treasurer of State shall deposit in the Arkansas Four-Lane Highway Construction and Improvement Bond Account all designated tax revenues.

(3) The commission may pledge to the repayment of the bonds the full faith and credit of the state and may grant a lien upon the funds on deposit in the Arkansas Four-Lane Highway Construction and Improvement Bond Account.

(c)(1) On or before commencement of each fiscal year, the commission in consultation with the chief fiscal officer shall determine the estimated amount required for payment of debt service due on each series of bonds issued and outstanding under this amendment during the fiscal year and shall certify the estimated amount to the Treasurer of State.

(2) The Treasurer of State shall then make transfers from the Arkansas Four-Lane Highway Construction and Improvement Bond Account in the State Highway and Transportation Department Fund to the trustees of each series of bonds, in such amounts and at such times as shall be specified in the indentures, to:

(A) Pay the maturing debt service on each series of bonds issued and outstanding under this amendment; and

(B) Establish and maintain with the trustee for each series of bonds a reserve or reserves for payment of debt service on each series of bonds.

Subchapter 15 — Federal Abortion-Mandate Opt-Out Act

23-79-1501. Title.

This subchapter shall be known and may be cited as the "Federal Abortion-Mandate Opt-Out Act".

23-79-1502. Legislative findings — Purposes.

(a) The General Assembly finds that:

(1) Under the Patient Protection and Affordable Care Act, Pub. L. No. 111-148, federal tax dollars, through affordability credits, subsidies provided to individuals up to four hundred percent (400%) of the federal poverty level, are routed to Exchange-participating health insurance plans, including plans that provide coverage for abortions;

(2) However, section 1303(a) of the Patient Protection and Affordable Care Act, Pub. L. No. 111-148, allows a state to "opt-out" of permitting health insurance plans that cover abortions to participate in the Exchanges within that

state, and thereby prohibit taxpayer money from subsidizing plans that cover abortions within that state; and

(3) Furthermore, Arkansas Constitution Amendment 68 § 1 states that “No public funds will be used to pay for any abortion, except to save the mother’s life” and, as a matter of public policy under Arkansas Constitution Amendment 68 § 2, declares that “The policy of Arkansas is to protect the life of every unborn child from conception to until birth, to the extent permitted by the Federal Constitution.”

(b) Based on the findings in subsection (a) of this section, it is the purpose of this subchapter to affirmatively opt out of allowing qualified health plans that cover abortions to participate in Exchanges with the State of Arkansas.

23-79-1503. Opt-out provision.

(a) Abortion coverage shall not be provided by a qualified health plan offered through an Exchange created under the Patient Protection and Affordable Care Act, Pub. L. No. 111-148, in the State of Arkansas.

(b) The limitation under subsection (a) of this section does not apply to an abortion performed when the life of the mother is endangered by a physical disorder, physical illness, or physical injury, including a life-endangering condition caused by or arising from the pregnancy itself.

23-79-1504. Construction — Application.

(a) This subchapter does not create or recognize a right to an abortion.

(b) This subchapter is not intended to make lawful an abortion that is currently unlawful."

(22)(A)(i) The owner or operator shall deny, suspend, or revoke an eligible private school's participation in the scholarship program if it is determined that the eligible private school has failed to comply with this section.

SECTION 2. Section 1 of this act is effective for tax years beginning on or after January 1, 2011.

SECTION 3. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that attendance at a private school is often cost prohibitive for many Arkansas children; that these children should be allowed to attend a private school; that providing scholarships would allow many to attend private schools who are not currently financially able to do so; and that allowing an income tax credit would encourage donations that could be used for scholarships for these children. Therefore, an emergency is declared to exist and this act being immediately necessary for the preservation of the public peace, health, and safety shall become effective on:

(1) The date of its approval by the Governor;

(2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or

(3) If the bill is vetoed by the Governor and the veto is overridden, the date the last house overrides the veto."

16-82-403. Application for an ex parte order.

(a)(1) Each application for an order authorizing or approving the interception of any wire, oral, or electronic communication shall be made in writing upon oath or affirmation to a circuit court judge and shall state the applicant's authority to make such application.

(2) Each application shall include the following information:

(A) The identity of the investigative or law enforcement officer making the application, and, if applicable, the officer authorizing the application;

(B) A complete statement of the facts and circumstances relied upon by the applicant to justify his or her belief that an order should be issued, including:

(i) Details as to the particular offense that has been, is being, or is about to be committed, except as provided in § 16-82-409;

(ii) A particular description of the nature and location of the facilities from which, or the place where, the communication is to be intercepted;

(iv) The identity of the person, if known, committing the offense and whose communications are to be intercepted;

(C) A complete statement as to whether or not other investigative procedures have been tried and failed, or why they reasonably appear to be unlikely to succeed if tried, or to be too dangerous;

(E) A complete statement of the facts concerning all previous applications known to the individual authorizing and making the application, made to any circuit court judge for authorization to intercept, or for approval of interceptions of, wire, oral, or electronic communications involving any of the same persons, facilities, or places specified in the application, and the action taken by the circuit court judge on each application; and

(1) There is probable cause for belief that a person is committing, has committed, or is about to commit a Class Y felony, Class A felony, Class B felony, or an offense involving the manufacturing or delivery of a controlled substance;

(2) There is probable cause for belief that particular communications concerning that offense will be obtained through the interception;

(3) Normal investigative procedures have been tried and have failed, or reasonably appear to be unlikely to succeed if tried, or to be too dangerous; and

(4) Except as provided in § 16-82-409, there is probable cause for belief that the facilities from which or the place where the wire, oral, or electronic communications are to be intercepted are being used, or are about to be used, in connection with the commission of an offense or are leased to, listed in the name of, or commonly used by the person alleged to be involved in the commission of the offense.

(b) Each order authorizing or approving wiretapping or eavesdropping shall specify:

(1) The identity of the person, if known, whose communications are to be intercepted;

(3) A particular description of the type of communication sought to be intercepted, and a statement of the particular offense to which it relates;

(4) The identity of the agency authorized to intercept the communications, and of the person authorizing the application; and

(5) The period of time during which an interception is authorized, including a statement as to whether or not the interception automatically terminates when the described communication is first obtained.

(2) The thirty-day period begins the first day on which the investigative or law enforcement officer begins to conduct an interception under the order or ten

(10) days after the order is entered, whichever occurs earlier.

(3) An extension of an order may be granted but only upon application for an extension made in accordance with § 16-82-403(a) and the court making the findings required by subsection (a) of this section.

(4) The period of an extension shall be no longer than the authorizing circuit court judge deems necessary to achieve the purposes for which it was granted and in no event for longer than thirty (30) days.

(5) Every order and each extension of the order:

(A) Shall contain a provision that the authorization to intercept shall be executed as soon as practicable;

(B) Shall be conducted in such a way as to minimize the interception under this section; and

(C) Must terminate upon attainment of the authorized objective, or in any event in thirty (30) days.

(6) No more than three (3) extensions may be granted for any order entered under this section.

(7) In the event that the intercepted communication is in a code or foreign language and an expert in that foreign language or code is not reasonably available during the interception period, minimization may be accomplished as soon as practicable after such interception.

(8) An interception made under this section may be conducted in whole or in part by state law enforcement personnel or by an individual operating under a contract with state law enforcement personnel and acting under the supervision of an investigative or law enforcement officer authorized to conduct the interception.

(d)(1) If an order authorizing interception is entered under this section, the order may require reports to be made to the circuit court judge who issued the order, showing what progress has been made toward achievement of the authorized objective and the need for continued interception.

(2) The report shall be made at such times as the circuit court judge may require.

(e) Information obtained under a court order authorizing interception of wire, oral, or electronic communications shall not be used, published, or divulged except in accordance with the provisions of this subchapter.

(f) An order authorizing the interception of a wire, oral, or electronic communication shall, upon request of the applicant, direct that a provider of wire or electronic communication service shall furnish the applicant all information, facilities, and technical assistance necessary to accomplish the interception unobtrusively and

with a minimum of interference with the services that the service provider is according the person whose communications are to be intercepted.

(g) Any provider of wire or electronic communication service furnishing these facilities or technical assistance shall be compensated by the applicant for reasonable expenses incurred in providing the facilities or assistance.

16-82-405. Contents of intercepted communication.

(a)(1) The contents of any wire, oral, or electronic communication intercepted by any means authorized by this section shall, if possible, be recorded on tape, wire, or other comparable device.

(2)(A) The recording of the contents of any wire, oral, or electronic communication under this subsection shall be done in such a way as will protect the recording from editing or other alterations.

(B) Immediately upon expiration of the period of the order or any extension, the recording shall be made available to the circuit court judge issuing the order and sealed under his or her directions.

(3) Custody of the recording shall be wherever the circuit court judge orders.

(4) A recording shall not be destroyed except upon an order of the circuit court judge and in any event shall be kept for ten (10) years.

(5) Duplicate recordings may be made for use or disclosure under the provisions of this section.

(6) The presence of the seal provided for by this subsection, or any satisfactory explanation for the absence, is a prerequisite for the use or disclosure of the contents of any wire, oral, or electronic communication or evidence derived under this section.

(b)(1) The contents of any intercepted wire, oral, or electronic communication or the evidence derived from those sources shall not be received in evidence or otherwise disclosed in any trial, hearing, or other proceeding in a state court, unless each party, not less than ten (10) days before the trial, hearing, or proceeding, has been furnished with a copy of the court order, and accompanying application, under which the interception was authorized or approved.

(2) This ten-day period may be waived by the court if it finds that it was not possible to furnish the party with the information ten (10) days before the trial, hearing, or proceeding and that the party will not be prejudiced by the delay in receiving this information.

16-82-406. Notice.

Within a reasonable time, but not later than ninety (90) days after the filing of
