SECTION 2. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that there exists a severe economic instability in this state; that the instability has caused serious economic distress among the citizens of our state; that utility rates continue to rise; that energy efficiency improvements and clean renewable energy projects would help fight the continued rise in utility costs and benefit the environment; that there is an abundance of business and economic development potential for making energy efficiency improvements and clean renewable energy projects; that Arkansans need help in making these improvements due to the current economic climate; and that these projects would create jobs and stimulate the state's economy. Therefore, an emergency is declared to exist and this act being immediately necessary for the preservation of the public peace, health, and safety shall become effective on:

(1) The date of its approval by the Governor;

(2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or

(3) If the bill is vetoed by the Governor and the veto is overridden, the date the last house overrides the veto."

- (3) Over ninety percent (90%) of in vitro pregnancies survive the first trimester if cardiac activity is detected in the gestational sac;

- (5) Fetal heartbeat, therefore, has become a key medical predictor that an unborn human individual will reach viability and live birth; and
- (6) Cardiac activity begins at a biologically identifiable moment in time, normally when the fetal heart is formed in the gestational sac.

23-16-1303. Definitions.

As used in this subchapter:

#### 20-16-1304. Testing for heartbeat.

(b) A person authorized to perform abortions under Arkansas law shall perform a detection of a heartbeat of an unborn human individual according to standard medical practice, including the use of medical devices as determined by standard medical practice.

(c)(1) The State Board of Health may adopt rules based on standard medical practice for testing for the fetal heartbeat of an unborn human individual.

(2) Rules adopted under subdivision (c)(1) of this section shall specify that a test for fetal heartbeat is not required in the case of a medical emergency.

#### 20-16-1305. Informed consent.

(a) This subchapter applies to all abortions not prohibited under Arkansas law except as under § 20-16-1307.

(b) If a fetal heartbeat is detected, the person performing the intended abortion shall inform the pregnant woman in writing no later than twenty-four (24) hours before the performance of the intended abortion:

(1) That the unborn human individual that the pregnant woman is carrying possesses a heartbeat; and

(2) Of the statistical probability of bringing the unborn human individual to term based on the gestational age of the unborn human individual possessing a detectible heartbeat.

(c) If a heartbeat has been detected, then no later than twenty-four (24) hours before the performance of the intended abortion, the pregnant woman shall sign a form acknowledging that she has received information that:

(1) The unborn human individual that she is carrying possesses a heartbeat; and

(2) She is aware of the statistical probability of her pregnancy coming to term.

(d) The State Board of Health may adopt rules to define, based upon available medical evidence, the statistical probability of bringing an unborn human individual to term based on the gestational age of the unborn human individual possessing a detectible heartbeat.

(e) This section does not affect any other provision of Arkansas law relating to informed consent.

20-16-1306. Prohibitions.

(a) A person authorized to perform abortions under Arkansas law shall not perform an abortion on a pregnant woman with the specific intent of causing or abetting the termination of the life of an unborn human individual whose heartbeat has been detected under § 20-16-1304.

(b) A violation of this section is a Class D felony.

20-16-1307. Exemptions.

(a) A person does not violate this subchapter if the person:

(1) Performs a medical procedure designed to or intended to prevent the death of a pregnant woman or in reasonable medical judgment, to preserve the life or health of the pregnant woman.

(2) Has either

(A) Undertaken an examination for the presence of a heartbeat in the fetus utilizing standard medical practice and the examination does not reveal a heartbeat; or

(B) Been informed by a medical professional who has undertaken the examination for fetal heartbeat that the examination did not reveal a fetal heartbeat.

(b) This section does not affect any other provision of Arkansas law that restricts the performance of abortion by a particular method or during a particular stage of a pregnancy.

This subchapter does not:

(1) That provision has been upheld as valid by an appellate tribunal; or

(2) The Attorney General certifies in an opinion to the Governor that due to a subsequent decision by the United States Supreme Court, it is reasonably probable that the provision would be upheld as constitutional by a court of competent jurisdiction."

(b)(1) The Arkansas State Medicaid Program Oversight Committee shall perform the function of the Legislative Council required by law for the review of a proposed rule or proposed change to a rule promulgated by a state agency pertaining to the state Medicaid program.

(2) A review of a proposed rule shall occur within forty-five (45) days of the date the proposed rule is filed with the Arkansas State Medicaid Program Oversight Committee.

(c) Before the adoption, amendment, or repeal of any rule under this section, the state agency shall:

(1)(A)(i) Give at least forty-five (45) days' notice of its intended action.

(ii) The forty-five-day period shall begin on the first day of the publication of notice.

(B) The notice shall include a statement of the terms or substance of the intended action or a description of the subjects and issues involved and the time, the place where, and the manner in which interested persons may present their views on the intended action or the subjects and issues involved.

(C) The notice shall be mailed to:

(i) Any person specified by law;

(ii) All persons who have requested advance notice of rule-making proceedings; and

(iii) The Cochairs of the Arkansas State Medicaid Program Oversight Committee.

(D)(i) Unless otherwise provided by law, the notice shall be published in a newspaper of general daily circulation for three (3) consecutive days and, when appropriate, in those trade, industry, or professional publications that the state agency may select.

(ii) The notice shall be published by the Secretary of State on the Internet for thirty (30) days in accordance with § 25-15-218;

(2)(A) Afford all interested persons reasonable opportunity to submit data, views, or arguments in writing.

(B) The state agency shall fully consider all written submissions respecting the proposed rule before finalizing the language of the proposed rule and filing the proposed rule as required by subsection (d) of this section.

(C) Upon adoption of a rule, the state agency, if requested to do so by an interested person either before adoption or within thirty (30) days thereafter, shall issue a concise statement of the principal reasons for and against its adoption, incorporating therein its reasons for overruling the considerations urged against its adoption;

(3)(A) Hold an oral hearing.

(B) When rules are required by law to be made on the record after opportunity for a state agency hearing, the provisions of that law shall apply in place of subdivision (a)(2) of this section; and

(4) Comply with § 25-15-301 et seq.

(d)(1) If a state agency finds that imminent peril to the public health, safety, or welfare or compliance with federal laws or regulations requires adoption of a rule upon less than forty-five (45) days' notice and states in writing its reasons for that finding, it may proceed without prior notice or hearing, or upon any abbreviated notice and hearing that it may choose, to adopt an emergency rule.

(2)(A) The rule shall not be effective for longer than forty-five (45) days.

(B) A rule shall not be promulgated more than two (2) times as an emergency rule.

(e)(1) Every state agency shall grant any person the right to petition for the issuance, amendment, or repeal of any rule.

(2) Within forty-five (45) days after submission of a petition, the state agency shall:

(A) Deny the petition, stating in writing its reasons for the denial; or

(B) Initiate rule-making proceedings.

(f)(1)(A) Every state agency, including those exempted under § 25-15-202, shall file with the Arkansas State Medicaid Program Oversight Committee a copy of each rule adopted by it and a statement of financial impact for the rule.

(B) Rules shall be filed in compliance with this section and with §§ 25-15-218 and 10-3-309.

(2) The Secretary of State shall keep a register of the rules open to public inspection, and it shall be a permanent register.

(3)(A) The scope of the financial impact statement shall be determined by the state agency but at a minimum shall include the estimated cost of complying with the rule and the estimated cost for the state agency to implement the rule.

(B) Except as provided in § 6-11-132, if the state agency has reason to believe that the development of a financial impact statement will be so speculative as to be cost prohibitive, the state agency shall submit a statement and explanation to that effect.

(C) If the purpose of a state agency rule is to implement a federal rule or regulation, the financial impact statement shall be limited to any incremental additional cost of the state rule, as opposed to the federal rule or regulation.

(g)(1) Each rule adopted by a state agency is effective thirty (30) days after filing unless a later date is specified by law or in the rule itself.

(2)(A)(i) However, an emergency rule may become effective immediately upon filing or at a stated time less than ten (10) days after filing if the state agency finds that this effective date is necessary because of imminent peril to the public health, safety, or welfare.

(ii) The state agency's finding and a brief statement of the reasons for the finding shall be filed with the rule.

(B) The state agency shall take appropriate measures to make emergency rules known to the persons who may be affected by the emergency rules.

(h)(1) In a proceeding brought that questions the existence of imminent peril to the public health, safety, or welfare, a written finding by a state agency that adoption of any emergency rule was necessary to avoid the loss of federal funding or certification establishes a prima facie case of the existence of imminent peril to the public health, safety, or welfare.

(2) The burden of proof shifts to the challenger to rebut the existence of the condition by a preponderance of the evidence.

(i) This section expires on December 31, 2013.

SECTION 2. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that changes to the state Medicaid program are necessary to comply with federal laws; that it is important that the public and the General Assembly have the opportunity to comment on the proposed rules; and that this act is immediately necessary to ensure that the citizens of the State of Arkansas are knowledgeable about proposed changes to the state Medicaid program. Therefore, an emergency is declared to exist and this act being immediately necessary for the preservation of the public peace, health, and safety shall become effective on:

(1) The date of its approval by the Governor;

(2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or

That the following is proposed as an amendment to the Constitution of the State of Arkansas, and upon being submitted to the electors of the state for approval or rejection at the next general election for Representatives and Senators, if a majority of the electors voting thereon at the election adopt the amendment, the amendment shall become a part of the Constitution of the State of Arkansas, to wit:

SECTION 1. Intent. The people of the State of Arkansas find that:

(a) The state has an outdated and inadequate system of highway funding that is unable to meet the severe and pressing needs to maintain and improve the state's system of state highways, county roads, and city streets;

(c) To provide additional funding for the state's four-lane highway system, county roads, and city streets, this amendment levies a temporary sales and use tax and authorizes general obligation highway construction and improvement bonds for the state's four-lane highway system.

(b) The bonds may be issued in one (1) or more series at times, in amounts, and bearing the designations as the commission in consultation with the chief fiscal officer determines.

(c)(1) The bonds shall be general obligations of the State of Arkansas, secured by and payable from the general revenues of the state as set forth in Section 15 of this amendment.

(2) The bonds shall be payable first from the following designated revenues:

(2) The proceeds of the excise taxes transferred to the State Highway and Transportation Department Fund shall be set aside and transferred to the Arkansas Four-Lane Highway Construction and Improvement Bond Account and used for the purposes provided for in this amendment.

(3) The tax revenues accruing from this amendment shall not be designated as special revenues for deposit to the Arkansas Department of Aeronautics Fund under § 27-115-110.

SECTION 6. The Arkansas Highway Revenue Distribution Law, which defines highway revenues, shall include taxes levied and collected by this amendment.

SECTION 7. Effective Date.

(a) The taxes levied by this amendment shall not become effective until after a majority of the qualified electors of the state voting on the question approve the issuance of Four-Lane Highway Construction and Improvement General Obligation Bonds to be repaid in part by the taxes levied by this amendment and deposited to the Arkansas Four-Lane Highway Construction and Improvement Bond Account in the State Highway and Transportation Department Fund.

(b) If the tax levies and the issuance of the bonds are approved, the effective date of the temporary taxes levied by this amendment shall be July 1, 2013.

(2) The written statement shall certify that:

(A) The trustee has or will have sufficient funds set aside to pay the principal of and interest on the bonds when due at maturity or at redemption prior to maturity, and the chairman certifies that the tax is not pledged to any other highway bonds; or

(B) There are no longer any bonds outstanding payable from tax collections.

(c) The Department of Finance and Administration shall continue to collect taxes levied under this section during the time the tax levies were in force but unpaid and remit the tax collections under the Arkansas Highway Revenue Distribution Law.

SECTION 9. (a) The General Assembly shall provide for the proper administration and enforcement of this amendment by law.

SECTION 10. Procedure for issuing bonds

Before any series of bonds may be issued:

(1)(A) The commission shall, in consultation with the chief fiscal officer, determine the estimated amount of designated tax revenues to be collected by the state in the remainder of the then current fiscal biennium.

(B) The estimated amount of designated tax revenues shall be reported to the commission and Governor;

(2) The commission shall present a report to the Governor that includes the:

(A) Highway construction and improvements to be financed with the proceeds of such series of bonds;

(B) Estimated cost of the four-lane highway construction and improvements;

(C) Amount of bonds necessary to finance such four-lane highway construction and improvements; and

(D) Estimated amount of debt service required to pay the bonds;

(3) Upon receipt of the report required under subdivision (2) of this section, the Governor shall, if he and the Commission determine that the estimated designated tax revenues and any other revenues appropriated by the General Assembly for repayment of bonds will be sufficient to pay the debt service on the series of bonds, by proclamation authorize the commission to proceed with the issuance of such series of bonds.

(4)(A) After the Governor has issued his or her proclamation with respect to one (1) or more series of bonds, the commission shall adopt a resolution authorizing the issuance of the bonds.

(B) Each such resolution shall contain the terms, covenants, and conditions as are desirable and consistent with this amendment, including without limitation the:

(ii) The trust indenture or trust indentures shall be binding upon the commission, the state, and their respective officers and officials.

#### SECTION 11. Terms of bonds.

(a)(1) The bonds shall be issued in series as provided for in this section in amounts sufficient to finance all or part of the costs of four-lane highway construction and improvements provided under Section 10 of this amendment.

(2) Each series shall be designated by the year in which the series was issued, and if more than one (1) series is issued in a particular year then by alphabetical designation.

(b) The bonds of each series shall have the date or dates the commission determines and shall mature, or be subject to mandatory sinking fund redemption, over a period ending not later than ten (10) years after the date of implementation of the temporary sales and use tax.

(c)(1) The bonds of each series shall bear interest at the rate or rates determined by the commission at the sale of the bonds.

(2)(A) The bonds may bear interest at either a fixed or a variable rate.

(B) The interest may be taxable or tax-exempt or may be convertible from one (1) interest rate mode to another.

(C) The interest shall be payable at a time determined by the commission.

(d) The bonds:

(1) Shall be issued in the form of bonds registered as to both principal and interest without coupons;

(2) May be in such denominations;

(3) May be made exchangeable for bonds of another form or denomination, bearing the same rate of interest;

(4) May be made payable at places within or outside the state;

(5) May be made subject to redemption prior to maturity in such manner and for such redemption prices; and

(6) May contain other terms and conditions established by the commission.

(e)(1) Each bond shall be executed with the facsimile signatures of the Governor, the chairman, and the Treasurer of the State, and shall have affixed or imprinted on the bond the seal of the State of Arkansas.

(2) Delivery of the executed bonds shall be valid, notwithstanding any change in persons holding the offices occurring after the bonds have been executed.

#### SECTION 12. Sale of bonds.

(a)(1) The bonds may be sold at a private sale or public sale and at terms as the commission determines to be reasonable and expedient.

(2) The bonds may be sold at a price acceptable to the commission, and the price may include a discount or a premium.

(b)(1) If the bonds are sold at a public sale, the commission shall provide notice of the offering of the bonds in a manner reasonably designed to notify the public finance industry that the offering is being made.

(2) The commission shall set the terms and conditions of bidding, including the basis on which the winning bid will be selected.

(c)(1) The commission may structure the sale of bonds utilizing financing techniques that are recommended by its professional advisors to take advantage of market conditions and obtain the most favorable interest rates consistent with the purposes of this amendment.

(2) The commission may enter into ancillary agreements in connection with the sale of the bonds as necessary and advisable, including without limitation bond purchase agreements, remarketing agreements, letter of credit and reimbursement agreements, and bond insurance agreements.

#### SECTION 13. Employment of professionals.

The commission may retain professionals it determines are necessary to issue and sell the bonds, including without limitation legal counsel, financial advisors, underwriters, trustees, paying agents, and remarketing agents.

(2) The court shall, in any suit against the commission, the Treasurer of State, or other officer or official of the state prevent a diversion of any funds pledged under this amendment and shall compel the restoration of diverted funds, by injunction or mandamus.

(3) Without limitation as to any other appropriate remedy at law or in equity, a bond owner may, by an appropriate action, including without limitation injunction or mandamus, compel the performance of all covenants and obligations of the state, its officers, and officials.

(c) This amendment shall not create a right of any character with respect to the bonds, and a right of any character with respect to the bonds shall not arise under the amendment, unless the first series of bonds authorized by this amendment has been sold and delivered.

#### SECTION 16. Sources of repayment.

(a) Without in any way limiting the general obligation of the state to repay the bonds, the designated tax revenues are pledged to the payment of the debt service on the bonds.

(c)(1) On or before commencement of each fiscal year, the commission in consultation with the chief fiscal officer shall determine the estimated amount required for payment of debt service due on each series of bonds issued and outstanding under this amendment during the fiscal year and shall certify the estimated amount to the Treasurer of State.

(2) The Treasurer of State shall then make transfers from the Arkansas Four-Lane Highway Construction and Improvement Bond Account in the State Highway and Transportation Department Fund to the trustees of each series of bonds, in such amounts and at such times as shall be specified in the indentures, to:

SECTION 17. Investment of revenues.

(a) Moneys held in the Arkansas Four-Lane Highway Construction and Improvement Bond Account in the State Highway and Transportation Department Fund and any fund in the State Treasury created under this amendment shall be invested by the State Board of Finance to the full extent practicable pending disbursement for the purposes intended.

(b) Notwithstanding any other provision of law, the investments and disbursements shall be in accordance with the terms of the resolution or trust indenture authorizing or securing the series of bonds to which the fund appertains to the extent the terms of the resolution or trust indenture are applicable.

SECTION 18. Refunding bonds.

(a) The commission may issue bonds for the purpose of refunding bonds previously issued under this amendment if the total amount of bonds outstanding after the refunding is completed does not exceed the total amount authorized by this amendment, and the final maturity of such refunding bonds shall not exceed ten (10) years from the date of implementation of the tax.

(b) The refunding bonds shall be general obligations of the State of Arkansas and shall be secured and sold in accordance with the provisions of this amendment.

Amend **Senate Bill No. 807** as originally introduced:

Delete everything following the enacting clause and substitute the following:

"SECTION 1. Arkansas Code Title 4, Chapter 29 is amended to add an additional subchapter to read as follows:

4-29-501. Title.

This subchapter shall be known and may be cited as "The Accountable Care Organization Act of 2011".

4-29-502. Purpose.

The purpose of this subchapter is to:

(1) Require that accountable care organizations ensure that medical decisions are not based on commercial interests but on professional medical judgment that puts first the interests of patients; and

(2) Allow collaborative efforts between physicians, hospitals, and other qualified providers to form accountable care organizations as long as those arrangements ensure that health care decisions are made by health care professionals.

4-29-503. Definitions.

As used in this subchapter:

(1) "Accountable care organization" means a group of health care providers:

(A) That is intended to be associated with a defined population of patients;

(B) That is accountable for the quality and cost of care that is delivered to a defined population of patients; and

(C) Through which the health care providers share in savings created by:

(i) Improving the quality of care to the defined population of patients; and

(ii) Reducing the growth of the cost of care delivered to the defined population;

(2) "Health care professional" means a health care practitioner licensed by the State of Arkansas; and

(3) "Physician" means a doctor of medicine or doctor of osteopathy licensed by the Arkansas State Medical Board whose primary professional activities consist of direct patient care in the State of Arkansas.

4-29-504. Organizational requirements.

(a) An accountable care organization operating in Arkansas shall be formed as a legal business entity.

(b) If a nonphysician-owned business entity is part of an accountable care organization, the accountable care organization shall be a separate legal entity with a separate and independent governing body.

(c)(1) An accountable care organization operating in Arkansas shall have a board of directors or similar governing body.

(2)(A)(i) At least two-thirds (2/3) of the board of directors or similar governing body shall be composed of health care professionals:

(a) Participating in the accountable care organization; and

(b) Elected by health care professionals participating in the accountable care organization.

(ii)(a) Except as provided in subdivision (c)(2)(A)(ii)(b) of this section, at least one-third (1/3) of the total members of the board of directors or similar governing body shall be physicians.

(b)(1) Subdivision (c)(2)(A)(ii)(a) of this section does not apply to an accountable care organization that exists for a purpose that does not include the provision of medical services from a physician.

(2) Subsection (c)(2)(A)(ii)(b)(1) of this section does not prohibit a physician from serving on the board of directors or similar governing body of an accountable care organization under (c)(2)(A)(ii)(b)(1).

(B) This section does not require or prohibit the inclusion of nonphysician health care professionals or hospitals in the remaining membership of the board of directors or similar governing body.

SECTION 2. Arkansas Code § 20-9-501 is amended to read as follows:  
20-9-501. Definition.

As used in this subchapter, "peer review committee" or "committee" means a committee of a hospital medical staff, or a committee of a state or local professional association, or a committee of an accountable care organization under § 4-29-501 et seq. that is formed to:

(1) Evaluate and improve the quality of health care rendered by providers of health services; or

(2) Determine that:

(A) Health services rendered were professionally indicated or were performed in compliance with the applicable standard of care; or

(B) The cost of health care rendered was considered reasonable by the providers of professional health services in the area.

SECTION 3. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that this act provides for accountable care organizations to be structured and operated in a manner that protects professional judgment and decision-making by health care professionals; that unless accountable care organizations are so organized, they will be unable to adequately protect patient interests; that protecting patient relationships and the professional judgment of health care professionals will protect and improve patient care; and that the protections for professional judgment and improvements to patient care provided under this act should become effective as soon as possible to benefit the citizens of the State of Arkansas. Therefore, an emergency is declared to exist and this act being immediately necessary for the preservation of the public peace, health, and safety shall become effective on:

(1) The date of its approval by the Governor;

(2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or

Subchapter 9 -- Arkansas Higher Education Information System

6-60-901. Definitions.

As used in this subchapter:

(1) "Arkansas Higher Education Information System" means the database maintained by the Department of Higher Education containing student data files that the department and institutions of higher education in Arkansas are required to collect under §§ 6-85-214, 6-85-215, and 6-85-217, other state law, and federal law; and

(2)(A) In providing the bureau with the direct read and report only access required under subdivision (b)(1) of this section, the Department of Higher Education shall take reasonable precautions, including electronic blocking or redacting, to prevent the disclosure of:

(i) Personally identifiable information of a student unless the parent or guardian of a minor student or a student who is no longer a minor consents in writing to the disclosure of personally identifiable information about that student; or

(ii) Information that would cause the Department of Higher Education to lose funding under 20 U.S.C. § 1232g, as it existed on January 1, 2011.

(B) The Department of Higher Education shall:

(1) Required by rules of the Arkansas Higher Education Coordinating Board; and

(2) The type of data the institution of higher education failed to submit;

(3) The length of time of noncompliance; and

(4) Any additional information requested by the committee.

SECTION 2. TEMPORARY LANGUAGE. DO NOT CODIFY. (a) Until the Bureau of Legislative Research is provided direct read and report only access to the data warehouse of the Arkansas Higher Education Information System under this act, the Department of Higher Education shall provide data to the bureau as follows:

(1) Weekly uploads of the student application database of the Arkansas Higher Education Information System from students who have consented to the release of information under § 6-85-215;

(2) Within two (2) weeks of the deadline published by the Department of Higher Education for institutions of higher education to submit application data, uploads of the student application database of the Arkansas Higher Education Information System containing de-identified student application data from students who have not consented to the release of information under § 6-85-215 until all student application data has been provided to the bureau;

(3) Within two (2) weeks of the deadline published by the Department of Higher Education for institutions of higher education to submit student data, uploads of the database of the Arkansas Higher Education Information System containing the student data required to be provided under Act 207 of the 2011 Regular Session of the 88th Arkansas General Assembly, § 17, which amends § 6-85-217; and

(4) By October 15, 2011, the financial aid file of the Arkansas Higher Education Information System.

(b)(1) The Department of Higher Education shall provide the data whether the data is complete or incomplete or received from an institution of higher education late or on time, with a report to the bureau concerning:

(A) The name of an institution of higher education that has not submitted complete and correct data by a deadline published by the Department of Higher Education; and

(2)(A)(i) The bureau shall use a method of redaction substantially similar to the one used by the Department of Education based on the standards used by the Department of Education.

(ii) The bureau shall not include in a report any set of data that contains less than ten (10) units of data.

(B) The bureau staff shall inform the Department of Higher Education of any warehouse data used in the preparation of reports and provide the Department of Higher Education at least one (1) working day to review any student-related warehouse data used in preparation of reports before publicly releasing that student-related data without personally identifiable information of a student.

(d) The Department of Higher Education shall provide other information and records requested by the bureau as soon as possible and in whatever reasonable form requested.

(e) The Department of Higher Education shall provide a bimonthly report to the Arkansas Lottery Commission Legislative Oversight Committee on the progress of developing the direct read and report only access to the data warehouse of the Arkansas Higher Education Information System to be used by the bureau under this act.

SECTION 3. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that increasing the number of Arkansans who obtain postsecondary credentials is critical to the economic health of the state and its citizens; that the Arkansas Scholarship Lottery provides the opportunity for tens of thousands of Arkansans to obtain postsecondary education; that the continual evaluation of the Arkansas Academic Challenge Scholarship Program and of all state-supported scholarship and grant programs by the General Assembly is critical for maximizing the benefits to the state and its citizens of state financial aid for higher education and meeting state objectives for higher education; that accountability and transparency in the implementation of state-supported scholarship programs are fundamental to a proper evaluation of the programs; that the collection of data and access to that data by the Bureau of Legislative Research are necessary to ensure proper legislative oversight for that accountability and transparency; and that this act is immediately necessary for the Department of Higher Education to begin developing the direct read and report only access to the data warehouse of the Arkansas Higher Education Information System, and for the Arkansas Higher Education Coordinating Board to promulgate rules to implement this act. Therefore, an emergency is declared to exist and this act being immediately necessary for the preservation of the public peace, health, and safety shall become effective on:

(1) The date of its approval by the Governor;  
(2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or

**Amendment No. 1 to SENATE BILL NO. 914**

Amend **Senate Bill No. 914** as originally introduced:

Page 1, delete all the language after the enacting clause and substitute the following:

"SECTION 1. Arkansas Code § 6-18-206(a), concerning public school choice, is amended to read as follows:

(a)(1) This section may be referred to and cited as the "Arkansas Interdistrict Public School Choice Act of 1989 2011".

(2) The General Assembly finds that the guiding principle in all decisions regarding public elementary and secondary education in the state is the pursuit of educational excellence and the best interest of each individual student, within the principles established by the Constitution of the United States and the Arkansas Constitution.

(3) The General Assembly further finds that decisions involving public education and the best interest of each individual student should be assessed with respect to historical intentional discrimination on the bases of race, racially segregated school districts, and school districts subject to federal remedial court orders to desegregate student assignments.

(4) The General Assembly further finds that the students in Arkansas's public schools and their parents or guardians will become more informed about and involved in the public educational system if students and their parents or guardians are provided greater freedom to determine the most effective school for meeting their individual educational needs. There is no right school for every student, and permitting students to choose from among different schools with differing assets will increase the likelihood that all students will receive the best education and some marginal students will stay in school and that other, more motivated students will find their full academic potential.

~~(3)~~(5) The General Assembly further finds that giving more options to parents and students with respect to where the students attend public school will increase the responsiveness and effectiveness of the state's schools since teachers, administrators, and school board members will have added incentive to satisfy the educational needs of the students who reside in the district.

~~(4)~~(6) The General Assembly therefore finds that these benefits of enhanced quality and effectiveness in our public schools justify permitting a student to apply for admission to a school in any district beyond the one in which the student resides, provided that the transfer by this student would not adversely affect the desegregation of either district.

~~(5)~~(7) The following forty-eight (48) school districts under desegregation orders may be exempt from the public school choice requirements of this section if the school board of directors of the school district determines that the public school choice provisions of this section are inconsistent with the desegregation obligations of the district:

A determination made by a school board of directors under this subdivision shall be irrevocable for three (3) years from the date the determination was made. After three (3) years the school board of directors may choose to participate in public school choice under this section if the school district has fully complied with all desegregation obligations and the school district's participation will not conflict with any federal court-ordered desegregation programs. A school district that participates in public school choice under this section shall notify the Department of Education by June 1 before the school year implementing public school choice that the school board of directors has elected to participate.

(8)(A) A school district under a desegregation order issued by a federal court may be exempt from this section if the federal court determines that the

requirements of public school choice under this section are inconsistent with the desegregation obligations of the school district.

(B) A school district exempt from this section shall not receive or transfer students except by legal transfer with an approving nonresident school district under subdivisions (a)(9) and (10) of this section or under § 6-18-227.

(A) Enrollment of an individual nonresident student into the school district; or

(B) Transfer of an individual resident student from the school district.

(10) Legal enrollment or legal transfer of a student under subdivision (a)(9) of this section shall be considered a legal transfer under § 6-18-227 and shall be the only basis for the legal enrollment or legal transfer of a student from a school district exempted from school choice under this section.

(11) A public school choice program is hereby established to enable any student to attend a school in a district in which the student does not reside, subject to the restrictions contained in this section.

SECTION 2. Arkansas Code § 6-18-206(b)(1)(B)(iv), concerning the duration of transfer, is amended to read as follows:

(b) If a transferred student returns to his or her resident district during the school year, the student's transfer is voided, and the student shall reapply for any future transfer.

(c) A public school choice transfer under this section shall be valid until the student:

(1) Graduates from high school;

(2) Seeks an additional public school choice transfer; or

(3) Returns to his or her resident school district.

SECTION 3. Arkansas Code § 6-18-206(b)(2)(B), concerning applications for public school choice transfer, is amended to read as follows:

(B)(i)(a) A student legally enrolled in a nonresident school district under this section on June 30, 2010 may remain enrolled in his or her public school choice school district until the student:

(1) Graduates from high school;

(2) Seeks an additional public school choice transfer; or

(3) Returns to his or her resident school district.

(b) A sibling or step-sibling of a student legally enrolled in a nonresident school district under this section on June 30, 2010 is eligible for initial enrollment and priority admission in the same nonresident school district during the student's legal enrollment or until the sibling or step-sibling:

(1) Graduates from high school;

(2) Seeks an additional public school choice transfer; or

(3) Returns to his or her resident school district.

(c) A school district maintains the right to challenge the unlawful attendance of resident students in another school district under § 6-18-202.

(ii)(a) Any student who applies for a transfer under this section and is denied a transfer by the nonresident district may request a hearing before the State Board of Education to reconsider the transfer.

(ii)(b) A request for a hearing before the state board shall be in writing and shall be postmarked no later than ten (10) days after notice of rejection of the application under subdivision (b)(1)(B) of this section is received by the student.

(c) The state board may approve the transfer if the state board determines that it is in the best educational interests of the student and that the transfer would not have a negative impact on a federal desegregation court order of the resident school district or nonresident school district.

SECTION 4. Arkansas Code § 6-18-206(f)-(j), concerning public school choice limitations, is amended to read as follows:

~~(f) The provisions of this section and all student choice options created in this section are subject to the following limitations:~~

~~(1) No student may transfer to a nonresident district where the percentage of enrollment for the student's race exceeds that percentage in the student's resident district except in the circumstances set forth in subdivisions (f)(2) and (3) of this section;~~

~~(2)(A) A transfer to a district is exempt from the restriction set forth in subdivision (f)(1) of this section if the transfer is between two (2) districts within a county and if the minority percentage in the student's race and majority percentages of school enrollment in both the resident and nonresident district remain within an acceptable range of the county's overall minority percentage in the student's race and majority percentages of school population as set forth by the department.~~

~~(B)(i) By the filing deadline each year, the department shall compute the minority percentage in the student's race and majority percentages of each county's public school population from the October Annual School Report and shall then compute the acceptable range of variance from those percentages for school districts within each county.~~

~~(ii)(a) In establishing the acceptable range of variance, the department is directed to use the remedial guideline established in Little Rock School District v. Pulaski County Special School District of allowing an overrepresentation or underrepresentation of black or white students of one-fourth (¼) or twenty-five percent (25%) of the county's racial balance.~~

~~(b) In establishing the acceptable range of variance for school choice, the department is directed to use the remedial guideline of allowing an overrepresentation or underrepresentation of minority or majority students of one-fourth (¼) or twenty-five percent (25%) of the county's racial balance;~~

~~(3) A transfer is exempt from the restriction set forth in subdivision (f)(1) of this section if each school district affected by the transfer does not have a critical mass of minority percentage in the student's race of more than ten percent (10%) of any single race;~~

~~(4) In any instance in which the provisions of this subsection would result in a conflict with a desegregation court order or a district's court-approved desegregation plan, the terms of the order or plan shall govern;~~

~~(5) The department shall adopt appropriate rules and regulations to implement the provisions of this section; and~~

~~(6) The department shall monitor school districts for compliance with this section.~~

~~(g) The state board shall be authorized to resolve disputes arising under subsections (b)-(f)(e) of this section.~~

~~(h)~~(g) The superintendent of the district shall cause public announcements to be made over the broadcast media and in the print media at such times and in such a manner as to inform parents or guardians of students in adjoining districts of the availability of the program, the application deadline, and the requirements and procedure for nonresident students to participate in the program.

~~(j)~~(h)(1) All superintendents of school districts shall report to the Equity Assistance Center on an annual basis the race, gender, and other pertinent information needed to properly monitor compliance with the provisions of this section.

(2) The reports may be on those forms that are prescribed by the department, or the data may be submitted electronically by the district using a format authorized by the department.

(3) The department may withhold state aid from any school district that fails to file its report each year or fails to file any other information with a published deadline requested from school districts by the Equity Assistance Center so long as thirty (30) calendar days are given between the request for the information and the published deadline except when the request comes from a member or committee of the General Assembly.

(4) A copy of the report shall be provided to the Joint Interim Oversight Committee on Educational Reform.

~~(j)~~(4)(i) The department shall develop a ~~proposed~~ set of rules ~~as it determines is necessary or desirable to amend~~ administer the provisions of this section.

~~(2) The department shall present the proposed rules in written form to the House Interim Committee on Education and the Senate Interim Committee on Education by October 1, 2006, for review and consideration by the committees for possible amendments to this section and to the Arkansas Public School Choice Program by the Eighty-sixth General Assembly.~~

SECTION 5. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that current desegregation orders lead to uncertainty in school choice options; that the Magnet Cove School District lawsuit concerning school choice may impact desegregation efforts; and that this act is immediately necessary to ensure that a school choice law is adopted before further litigation efforts take place. Therefore, an emergency is declared to exist and this act being immediately necessary for the preservation of the public peace, health, and safety shall become effective on:

(1) The date of its approval by the Governor;

(2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or

(3) If the bill is vetoed by the Governor and the veto is overridden, the date the last house overrides the veto. "

On motion of Senator Johnson, the rules were suspended in considering **Senate Bill No. 888** at this time.

On motion of Senator Johnson, **Senate Bill No. 888** was placed back on second reading for purpose of Amendment No. 2.

**ARKANSAS SENATE**  
**EIGHTY-EIGHTH GENERAL ASSEMBLY**  
**REGULAR SESSION**  
**Amendment No. 2 to SENATE BILL NO. 888**

Amend **Senate Bill No. 888** as engrossed S3/23/11:

Page 1, line 11, delete "PART 2;" and substitute "PART 2; TO ENHANCE THE STABILITY OF FUNDING FOR SCHOLARSHIPS WITH NET PROCEEDS FROM THE STATE LOTTERY; TO DECLARE AN EMERGENCY;"

AND

Delete the subtitle in its entirety and substitute:

"ARKANSAS ACADEMIC CHALLENGE SCHOLARSHIP  
AWARD STABILIZATION ACT."

AND

Page 4, delete line 28 and substitute the following:  
"applicable term."

SECTION 3. Arkansas Code § 23-115-403(g), concerning unclaimed lottery prize money, is amended to read as follows:

(g)(1) Unclaimed lottery prize money shall be added to net lottery proceeds. During a fiscal year, the commission may expend up to two million five hundred thousand dollars (\$2,500,000) of unclaimed lottery prize money for one (1) or more of the following:

(A) Increasing the pool from which future lottery prizes are to be awarded;

(B) Maintaining online game reserves at a fiscally sound level;  
or

(C) Prize promotion.

(2) On the last day of each fiscal year, the commission shall deposit into the trust account for net lottery proceeds the amount of unclaimed lottery prize money existing at the end of the fiscal year less one million dollars (\$1,000,000).

(3) The commission shall include in its monthly reports to the Arkansas Lottery Commission Legislative Oversight Committee the following monthly and year-to-date amounts:

(A) Unclaimed lottery prize money;

(B) Expenditures from unclaimed lottery prize money; and

(C) Deposits to net lottery proceeds from unclaimed lottery prize money.

SECTION 4. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that increasing the number of Arkansans who obtain postsecondary credentials is critical to the economic health of the state and its citizens; that the Arkansas Scholarship Lottery provides the opportunity for tens of thousands of Arkansans to obtain postsecondary education; that the deadline for scholarship applications is June 1; that the financial integrity of the Arkansas Scholarship Lottery is critical to the continued existence of the scholarships; and that this act is immediately necessary for the Department of Higher Education to promulgate rules to implement this act well before June 1, 2011, in order to provide eligible Arkansans the opportunity to apply for the scholarship. Therefore, an emergency is declared to exist and this act being immediately necessary for the preservation of the public peace, health, and safety shall become effective on:

(1) The date of its approval by the Governor;

(2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or

(3) If the bill is vetoed by the Governor and the veto is overridden, the date the last house overrides the veto."

(SIGNED) SENATOR DAVID JOHNSON

The Amendment was read the first time, rules suspended, read the second time and adopted.

CONCERNING FINANCIAL REFORM  
FOR COUNTIES AND MUNICIPALITIES.*

BE IT RESOLVED BY THE SENATE OF THE EIGHTY-EIGHTH GENERAL ASSEMBLY OF THE STATE OF ARKANSAS AND BY THE HOUSE OF REPRESENTATIVES, A MAJORITY OF ALL MEMBERS ELECTED TO EACH HOUSE AGREEING THERETO:

THAT the following is proposed as an amendment to the Constitution of the State of Arkansas, and upon being submitted to the electors of the state for approval or rejection at the next general election for Representatives and Senators, if a majority of the electors voting thereon at the election adopt the amendment, the amendment shall become a part of the Constitution of the State of Arkansas, to wit:

*SECTION 1. The Arkansas Constitution is amended to read as follows:  
Sales Tax Anticipated Revenue Bonds.*

(a) A city or county may form one (1) or more districts for the purpose of financing sales tax anticipated revenue bond projects within the district as provided by this section.

(b)(1) A city or county which has formed a district under this section may issue bonds for the purpose of financing certain costs related to a sales tax anticipated revenue bond project within the district, as determined by the General Assembly.

(2) The bonds may be secured by and be payable from all or a portion of the division of state sales and use taxes collected within the district under subsection (e) of this section.

(3) The bonds shall not be:

(A) Considered in calculating debt limits for bonds issued pursuant to Article XII, § 4, of the Arkansas Constitution; or

(B) Subject to the provisions of Article XVI, § 1, of the Arkansas Constitution or Amendments 62 or 65 to the Arkansas Constitution.

(c) For purposes of this section, the term "sales tax anticipated revenue bond project" means an undertaking, including without limitation the acquisition, development, redevelopment, and revitalization of land within the district, for eliminating or preventing the development or spread of slums or blighted, deteriorated, or deteriorating areas, for discouraging the loss of commerce, industry, or employment, for increasing employment, or any combination thereof, as may be defined by the General Assembly.

(d) Prior to a city or county's issuance of bonds for a sales tax anticipated revenue bond project under subsection (b) of this section, the sales tax anticipated revenue bond project shall be approved by an appropriate state agency as may be determined by the General Assembly.

(e) The General Assembly may provide that all or a portion of the state sales and use tax collected within a district may be divided so that all or part of the increase in state sales and use tax collected by taxpayers within the district after the date on which the project plan has been approved by an appropriate state agency shall be used to pay any indebtedness incurred for the sales tax anticipated revenue bond project.

(f) Any provision of the Constitution of the State of Arkansas in conflict with this section is repealed insofar as it is in conflict with this section.

(g) The General Assembly shall provide for the implementation of this section by law.

*SECTION 2. (a) As used in Section 2 of this amendment:*

(1) "Bonds" means all bonds, notes, certificates, or other interest-bearing instruments or evidences of indebtedness;

(2) "Closed local police and fire pension plan" means a police officer's pension and relief fund or a firefighter's pension and relief fund that:

(A) Was created by a municipality or county of the state;  
(B) Does not cover police officers or firefighters first hired by the employer on or after January 1, 1983; and

(C) Was consolidated with the Arkansas Local Police and Fire Retirement System or its successor; and

(3) "Unfunded liability" means the amount by which the actuarial accrued liability exceeds the actuarial value of assets.

(b)(1)(A) With the consent of a majority of the qualified electors voting on the question at a special election called for that purpose or at a general election, the legislative body of a municipality or county may authorize the issuance of bonds for retiring the municipality's or county's unfunded liabilities for a closed local police and fire pension plan in an amount approved by a majority of those voting on the question either at a special election called for that purpose or at a general election.

(B) The General Assembly shall prescribe a uniform method of calling and holding the election and the terms upon which the bonds may be issued.

(C) The election shall be held no earlier than thirty (30) days after it is called by the legislative body.

(2)(A) With the consent of a majority of the qualified electors voting on the question at an election called for that purpose, the legislative body of a municipality or county may authorize the levy of a local sales and use tax to pay the bonded indebtedness authorized in this section.

(B) The maximum rate of any tax to pay bonded indebtedness as authorized in this section shall be stated on the ballot.

(C) The General Assembly or the legislative body may authorize other taxes to retire the bonds.

(3)(A) The limit of the principal amount of bonded indebtedness of the municipality or county is the total amount of unfunded liability of the municipality or county for a closed local police and fire pension plan.

(B) An election shall not be called to authorize the issuance of bonds that would exceed the total amount of the unfunded liability of the municipality or county for the closed local police and fire pension plan either separately or combined with other bonds issued for the purpose of retiring the municipality's or county's unfunded liabilities for a closed local police and fire pension plan.

(c) The results of an election called under this section shall be published in a newspaper of general circulation in the county or municipality, and any contest of the election or the tabulation of the votes in the election shall be brought within thirty (30) days after the publication.

(d)(1) Bonds issued under this section shall be issued only for the repayment of unfunded liability of a closed local police and fire pension plan.

(2) The bonds issued under this section and the tax authorized by this section shall not be used for any other purpose.

(e) The bonds described in subsection (b) of this section may be sold:

(1) At a public or private sale;

(2) Upon the terms that the municipality or county determines are reasonable and expedient for effectuating the purpose of retiring the unfunded liability of a closed local police and fire pension plan of the municipality or county; and

(3) At a price the municipality or county determines to be acceptable, including without limitation sale at a discount.

(f)(1)(A) The municipality or county may invest or reinvest the proceeds from the sale of the bonds.

(B) The General Assembly shall prescribe the terms upon which a municipality or county may invest or reinvest bonds for the purpose of retiring the unfunded liability of a closed local police and fire pension plan of the municipality or county.

(2)(A) After bonds have been issued under this section, a municipality or county may issue bonds for the purpose of refunding the principal of and interest on any outstanding bonds issued under this section.

(B)(i) The refunding bonds may be sold or delivered in exchange for the bonds being refunded.

(ii) If sold, the refunding bonds shall be issued, secured, and sold in accordance with this section.

(iii) If delivered in exchange, the municipality or county may exchange the bonds only for bonds of like amount, rate, interest, and length of issue.

(C) The proceeds derived from the sale of any refunding bonds shall be used only for the purposes stated in this section.

(g) After the electorate has approved the bond issue and before the issuance of the bonds, the municipality or county may borrow funds on an interim basis, not to exceed three (3) years, and pledge to the payment of the bonds the tax approved by the voters.

(h)(1) The revenues from the tax levied for payment of bonded indebtedness authorized in this section constitute a special fund pledged exclusively as security for the payment of the bonded indebtedness.

(2) The tax shall not be extended for any other purpose, and it shall not be collected for a greater length of time than necessary to retire the bonded indebtedness.

(3) Upon retirement of the bonded indebtedness, any surplus tax collections that may have accumulated shall be transferred to the general funds of the municipality or county.

(i) The General Assembly shall implement this section by appropriate legislation at the next regular session or fiscal session following the adoption of this amendment.

(j)(1) This section does not affect the taxes and bonds authorized for other purposes before the adoption of this amendment.

(2) Taxes levied before the effective date of this amendment continue in force until abolished, reduced, or increased as provided by law for those taxes.

(3) All bonds and other evidences of indebtedness authorized before the effective date of this amendment are governed by the constitutional provisions and laws in effect at the time of the authorization of those bonds.

SECTION 3. Section 2 of Amendment 78 to the Arkansas Constitution is amended to read as follows:

§ 2. [Short-term financing obligations].

(a)(1) For the purpose of acquiring, constructing, installing or renting real property or tangible personal property having an expected useful life of more than one (1) year, municipalities and counties may incur short-term financing obligations maturing over a period of, or having a term, not to exceed five (5) years. Such obligations may bear interest at either:

~~(1) a fixed rate throughout the term thereof, including a fixed interest rate which is to be determined by reference to an index or other formula, but not to exceed the maximum lawful rate of interest for fixed rate obligations, or~~

~~(2) a rate which may vary at such times and under such circumstances as the parties may agree, whether or not the interest rate in fact varies, but not to exceed the maximum lawful rate of interest for variable rate obligations. The maximum lawful rate of interest for fixed rate obligations is the formula rate in effect on the date the obligation is incurred, regardless of when such interest is to begin to accrue. The maximum lawful rate of interest for variable rate obligations is the formula rate in effect on the date such interest accrues. The aggregate principal amount of short-term financing obligations incurred by a municipality or a county pursuant to this section shall not exceed five percent (5%) of the assessed value of taxable property located within the municipality or two and~~

one half percent (2.5%) of the assessed value of taxable property located within the county, as determined by the last tax assessment completed before the last obligation was incurred by the city or county. ~~The total annual principal and interest payments in each fiscal year on all outstanding obligations of a municipality or a county pursuant to this section shall be charged against and paid from the general revenues for such fiscal year, which may include road fund revenues. Tax revenues earmarked for solid waste disposal purposes may be used to pay printing and other costs associated with bonds issued under this amendment for solid waste disposal purposes and special revenues authorized to be used to acquire, construct, install, or rent the property financed by such obligations.~~

(b) As used here:

(1) ~~“Short-term “short-term financing obligation” means a debt, a note, an installment purchase agreement, a lease, a lease-purchase contract, or any other similar agreement, whether secured or unsecured; provided, that the obligation shall mature over a period of, or have a term, not to exceed five (5) years;~~

(2) ~~“Formula rate” means that rate of interest which is five percentage points (5%) above the equivalent bond yield of one year United States Treasury Bills offered by the United States Treasury at the last auction during the immediately preceding calendar quarter, calculated by rounding up to the nearest one-fourth of one percentage point (0.25%) (unless the equivalent bond yield is already by a multiple of one-fourth of one percentage point), and announced by the State Bank Commissioner (or such successor official who may be performing substantially the same duties) from information available from the Federal Reserve System of the United States. The calculation of the formula rate shall be made on or before the tenth (10th) day of each calendar quarter. The formula rate so calculated shall be effective on the eleventh (11th) day of the calendar quarter and shall continue in effect until the formula rate for the succeeding calendar quarter shall have been calculated and becomes effective. If, for any reason, the United States ceases to issue one year Treasury Bills, such calculation shall be made using a debt instrument of the United States having substantially the same general character and maturity. The calculation and announcement of the formula rate by the State Bank Commissioner shall be final.~~

(c) The provisions of this section shall be self-executing.

" (c) Determining the maximum number of employees and the maximum amount of appropriation and general revenue funding for institutions of higher education each fiscal year is the prerogative of the General Assembly. This is usually accomplished by delineating such maximums in the appropriation act(s) for institutions of higher education and the general revenue allocations authorized for each fund and fund account by amendment to the Revenue Stabilization law. Further, the General Assembly has determined that institutions of higher education may operate more efficiently if some flexibility is provided to institutions of higher education authorizing broad powers under this Section. Therefore, it is both necessary and appropriate that the General Assembly maintain oversight by requiring prior approval of the Legislative Council or Joint Budget Committee as provided by this section.

The requirement of approval by the Legislative Council or Joint Budget Committee is not a severable part of this section. If the requirement of approval by the Legislative Council or Joint Budget Committee is ruled unconstitutional by a court of competent jurisdiction, this entire section is void.

(a) The state has an outdated and inadequate system of highway funding that is unable to meet the severe and pressing needs to maintain and improve the state's system of state highways, county roads, and city streets;

(c) To provide additional funding for the state's four-lane highway system, county roads, and city streets, this amendment levies a temporary sales and use tax and authorizes general obligation highway construction and improvement bonds for the state's four-lane highway system.

(4) Paying the costs of issuance of the bonds.

(b) The bonds may be issued in one (1) or more series at times, in amounts, and bearing the designations as the commission in consultation with the chief fiscal officer determines.

(c)(1) The bonds shall be general obligations of the State of Arkansas, secured by and payable from the general revenues of the state as set forth in Section 15 of this amendment.

SECTION 10. Procedure for issuing bonds

(2) The General Assembly further recognizes that:

(A) Individuals with developmental disabilities living in group homes, community residential housing, and apartments operated by nonprofit community programs as defined in § 20-48-101 face many of the same challenges in receiving proper care and assistance with activities of daily living as individuals with mental illness living in residential care facilities;

(a)(b)(1)(A) The Department of Human Services shall reimburse residential care facilities, on a per diem basis, subject to approval by the Health Care Financing Administration, and shall develop Medicaid provider regulations appropriate for a congregate setting and per diem reimbursement assisted living facilities, and qualified nonprofit community programs with a multi-hour daily service rate for personal care services delivered in congregate settings as provided in this section and approved by the Centers for Medicare and Medicaid Services.

(d)(1) The Division of Medical Services of the Department of Human Services shall use the same multi-hour daily service rate reimbursement methodology for personal care services delivered in a congregate setting located in a designated residential setting of a nonprofit community program as defined in § 20-48-101 as for personal care services delivered in a congregate setting located in a residential care facility and an assisted living facility.
