STATE OF ARKANSAS
OFFICE OF THE GOVERNOR
State Capitol
Little Rock 72201

March 4, 2013

Dear Mr. President and Members of the Senate:

In accordance with Article 6, Section 15 of our Constitution, I write to inform you that today I have vetoed Senate Bill 134.

If passed into law, Senate Bill 134 would blatantly violate the United States Constitution. In *Roe v. Wade*, 410 U.S. 113 (1973), the Supreme Court held that women have a right under the United States Constitution to choose to terminate their pregnancies, and that the Constitution places restraints on government's ability to prohibit or regulate the exercise of that right. In *Planned Parenthood v. Casey*, 505 U.S. 833 (1992), the Court held that "the essential holding of *Roe v. Wade* should be retained and once again reaffirmed." The "essential holding" reaffirmed in *Casey* included "a recognition of the right of the woman to choose to have an abortion *before viability* and to *obtain it without undue interference* from the State" *Casey*, at 846.

Under prevailing case law, "viability" is the stage of fetal development at which, in the judgment of the attending physician, there "is reasonable likelihood of the fetus' sustained survival outside the womb, with or without artificial life support." *Colautti v. Franklin*, 439 U.S. 379, 388-89 (1979). Current case law indicates that "viability" occurs at a gestational age somewhere between approximately 23 or 24 weeks. Senate Bill 134, with certain narrowly-

drawn exceptions, would ban abortions after the fetus reaches a gestational age of 12 weeks. The State's interest in protecting fetal life is simply not strong enough at such a point to trump the constitutional rights of the mother. As the Court stated in *Casey*, "[v]iability marks the earliest point at which the State's interest in fetal life is constitutionally adequate to justify a legislative ban on non-therapeutic abortions." *Casey*. 505 U.S. at 860.

It has been suggested that the Court's decision in *Gonzales v. Carhart*, 550 U.S. 124 (2007) cleared the way for states to ban non-therapeutic, previability abortions. *Gonzales* did no such thing; this is clear when *Gonzales* is considered in tandem with the Court's earlier decision in *Stenberg v. Carhart*, 530 U.S. 914 (2000). At issue in both *Gonzales* and *Stenberg* was the validity of legislation that purported to ban a particular abortion procedure, so-called "Partial-Birth" abortion, regardless of whether the procedure was employed before or after the fetus attained viability. *Stenberg* held that Nebraska's statute was unconstitutional because the statutory language prohibited not just a specific, narrowly-defined, and rarely-used late-term abortion procedure, but also banned the most commonly used method for safely performing previability second-trimester abortions. *Stenberg*, at 945-46. *Gonzales* arose from a facial challenge to a much more narrowly-drawn federal statute. The Court in *Gonzales* upheld the federal law only *after* the Court was satisfied that the statutory language was sufficiently precise so that it did not prohibit the use of other safe, commonly-used procedures for performing second-trimester, previability abortions. *Gonzales* simply cannot be stretched to sanction a legislative ban on a woman's right to choose to terminate her pregnancy after 12 weeks. Indeed, the Court in *Gonzales* clearly stated that its decision assumed the principle that "[b]efore viability, a State 'may not prohibit any woman from making the ultimate decision to terminate her pregnancy.'" *Gonzales*, at 146 (quoting *Casey*).

In short, because it would impose a ban on a woman's right to choose an elective, nontherapeutic abortion well before viability, Senate Bill 134 blatantly contradicts the United States Constitution, as interpreted by the Supreme Court. When I was sworn in as Governor I took an oath to preserve, protect, and defend *both* the Arkansas Constitution *and* the Constitution of the United States. I take that oath seriously.

The adoption of blatantly unconstitutional laws can be very costly to the taxpayers of our State. It has been suggested that outside groups might represent the State for free in any litigation challenging the constitutionality of Senate Bill 134, but even if that were to happen, that would only lessen the State's own litigation costs. Lawsuits challenging unconstitutional laws also result in the losing party - in this case, the State - being ordered to pay the costs and attorneys' fees incurred by the litigants who successfully challenge the law. Those costs and fees can be significant. In the last case in which the constitutionality of an Arkansas abortion statute was challenged, *Little Rock Family Planning Services v. Jegley*, the State was ordered to pay the prevailing plaintiffs and their attorneys nearly \$119,000 for work in the trial court, and an additional \$28,900 for work on the State's unsuccessful appeal. Those fee awards were entered in 1999, and litigation fees and costs have increased extensively since then. The taxpayers' exposure, should Senate Bill 134 become law, will likely be significantly greater.

Sincerely,

(SIGNED) MIKE BEEBE
Governor

It is found and determined by the General Assembly of the State of Arkansas that the limitations on the investment of public funds have resulted in economic harm to Arkansas; that the limitation on investment of public funds creates inflexibility and potential loss of investment funds; and that this act is immediately necessary to provide greater flexibility in the options available for investment of public funds. - (1) The date of its approval by the Governor;
- (2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or

"public obligation of the obligor within five (5) years of the investment.

SECTION 3. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that Arkansas does not have a needed, competitive presence in the field of captive insurance companies and that this act will attract new captive insurance companies to the state; that a delay in permitting applications for new captive insurance companies will hurt the state's economy and cause an unnecessary burden on the Insurance Commissioner. Therefore, an emergency is declared to exist, and this act being immediately necessary for the preservation of the public peace, health, and safety shall become effective on:

(1) The date of its approval by the Governor;

(2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or

(3) If the bill is vetoed by the Governor and the veto is overridden, the date the last house overrides the veto."

~~7-9-501. Purpose.~~

~~The purpose of this subchapter is to provide for the timely and expeditious review of the legal sufficiency of initiative petitions by the Supreme Court.~~

~~7-9-502. Construction.~~

~~(a) The General Assembly declares that this subchapter be construed as a measure to facilitate the provisions of Arkansas Constitution, Amendment 7.~~

~~(b) The General Assembly declares that this subchapter is not intended to expand the jurisdiction of the Supreme Court under Arkansas Constitution, Amendment 7, but is intended to provide a process to timely review the legal sufficiency of a measure in a manner which avoids voter confusion and frustration which occur when measures are stricken from the ballot on the eve of an election on the measure.~~

~~7-9-503. Declaration of sufficiency.~~

~~(a)(1) Any Arkansas taxpayer and voter may submit a written petition to the Secretary of State requesting the determination of legal sufficiency of statewide initiative petitions.~~

~~(2) The petitioner shall notify the sponsor of the measure of the petition for determination by certified mail on the date that it is submitted to the Secretary of State.~~

~~(b) Within thirty (30) days after receipt of the petition for determination, the Secretary of State shall decide and declare, after consultation with the Attorney General, questions on one (1) or both of the following issues:~~

~~(1) Whether the popular name and ballot title of the measure are fair and complete; and~~

~~(2) Whether the measure, if subsequently approved by the electorate, would violate any state constitutional provision or any federal constitutional, statutory, or regulatory provision or would be invalid for any other reason.~~

~~(c) The declaration shall be in writing and shall be mailed to the petitioner and the sponsor of the measure by certified mail on the date that it is issued.~~

~~(d) The scope of review authorized by this subchapter shall be strictly limited to the questions referred to in subsection (b) of this section and shall not include questions regarding the sufficiency or validity of signatures on the initiative petitions.~~

~~7-9-504. Cure by correction or amendment.~~

~~(a) If the Secretary of State declares the initiative petition legally insufficient, the sponsors of such measure may attempt to cure the insufficiency by correction or amendment, as provided in Arkansas Constitution, Amendment 7.~~

~~(b) Within fifteen (15) days after a correction or amendment is filed with the Secretary of State, the Secretary of State shall notify the petitioner and sponsor of the measure of this declaration by certified mail on the date that it is issued.~~

~~7-9-505. Right of review.~~

~~The petitioner, the sponsor of the measure, and any Arkansas taxpayer and voter shall have the immediate right to petition the Supreme Court to review the determination of the Secretary of State regarding the sufficiency of the initiative petition.~~

~~7-9-506. Effect on existing petition.~~

~~(a)(1) This subchapter shall be applicable to any initiative petition which has received the approval of the Attorney General and has been filed with the Secretary of State, pursuant to § 7-9-107, as of March 25, 1999.~~

~~(2) The Secretary of State shall review all initiative petitions approved by the Attorney General within two (2) months after March 25, 1999.~~

~~(3) If this review is not completed within the stated period, the initiative petition will be presumed sufficient and subject to immediate review by the Supreme Court.~~

Notwithstanding any provision herein to the contrary, no action of the Commission with respect to the promulgation of a Uniform Standard shall be effective unless two-thirds (2/3) of the Members vote in favor thereof.

b. The Commission shall establish two (2) advisory committees, one of which shall comprise consumer representatives independent of the insurance industry, and the other comprising insurance industry representatives.

c. The Commission may establish additional advisory committees as its Bylaws may provide for the carrying out of its functions.

4. Corporate Records of the Commission

The Commission shall maintain its corporate books and records in accordance with the Bylaws.

5. Qualified Immunity, Defense and Indemnification

a. The Members, officers, executive director, employees and representatives of the Commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties or responsibilities; provided, that nothing in this paragraph shall be construed to protect any such person from suit and/or liability for any damage, loss, injury or liability caused by the intentional or willful and wanton misconduct of that person.

b. The Commission shall defend any Member, officer, executive director, employee or representative of the Commission in any civil action seeking to impose liability arising out of any actual or alleged act, error or omission that occurred within the scope of Commission employment, duties or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties or responsibilities; provided, that nothing herein shall be construed to prohibit that person from retaining his or her own counsel; and provided further, that the actual or alleged act, error or omission did not result from that person's intentional or willful and wanton misconduct.

c. The Commission shall indemnify and hold harmless any Member, officer, executive director, employee or representative of the Commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error or omission that occurred within the scope of Commission employment, duties or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of Commission employment, duties or responsibilities, provided, that the actual

or alleged act, error or omission did not result from the intentional or willful and wanton misconduct of that person.

ARTICLE VI MEETINGS AND ACTS OF THE COMMISSION

1. The Commission shall meet and take such actions as are consistent with the provisions of this Compact and the Bylaws.

2. Each Member of the Commission shall have the right and power to cast a vote to which that Compacting State is entitled and to participate in the business and affairs of the Commission. A Member shall vote in person or by such other means as provided in the Bylaws. The Bylaws may provide for Members' participation in meetings by telephone or other means of communication.

3. The Commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the Bylaws.

ARTICLE VII RULES AND OPERATING PROCEDURES: RULEMAKING FUNCTIONS OF THE COMMISSION AND OPTING OUT OF UNIFORM STANDARDS

1. Rulemaking Authority. The Commission shall promulgate reasonable Rules, including Uniform Standards, and Operating Procedures in order to effectively and efficiently achieve the purposes of this Compact. Notwithstanding the foregoing, in the event the Commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of this Act, or the powers granted hereunder, then such an action by the Commission shall be invalid and have no force and effect.

2. Rulemaking Procedure. Rules and Operating Procedures shall be made pursuant to a rulemaking process that conforms to the Model State Administrative Procedure Act of 1981 as amended, as may be appropriate to the operations of the Commission. Before the Commission adopts a Uniform Standard, the Commission shall give written notice to the relevant state legislative committee(s) in each Compacting State responsible for insurance issues of its intention to adopt the Uniform Standard. The Commission in adopting a Uniform Standard shall consider fully all submitted materials and issue a concise explanation of its decision.

3. Effective Date and Opt Out of a Uniform Standard. A Uniform Standard shall become effective ninety (90) days after its promulgation by the Commission or such later date as the Commission may determine; provided, however, that a Compacting State may opt out of a Uniform Standard as provided in this Article. "Opt out" shall be defined as any action by a Compacting State to decline to adopt or participate in a promulgated Uniform Standard. All other Rules and Operating Procedures, and amendments thereto, shall become effective as of the date specified in each Rule, Operating Procedure or amendment.

4. Opt Out Procedure. A Compacting State may opt out of a Uniform Standard, either by legislation or regulation duly promulgated by the Insurance Department under the Compacting State's Administrative Procedure Act. If a Compacting State elects to opt out of a Uniform Standard by regulation, it must (a) give written notice to the Commission no later than ten (10) business days after the Uniform Standard is promulgated, or at the time the State becomes a Compacting State and (b) find that the Uniform Standard does not provide reasonable protections to the citizens of the State, given the conditions in the State. The Commissioner shall make specific findings of fact and conclusions of law, based on a preponderance of the evidence, detailing the conditions in the State which warrant a

departure from the Uniform Standard and determining that the Uniform Standard would not reasonably protect the citizens of the State. The Commissioner must consider and balance the following factors and find that the conditions in the State and needs of the citizens of the State outweigh: (i) the intent of the legislature to participate in, and the benefits of, an interstate agreement to establish national uniform consumer protections for the Products subject to this Act; and (ii) the presumption that a Uniform Standard adopted by the Commission provides reasonable protections to consumers of the relevant Product.

Notwithstanding the foregoing, a Compacting State may, at the time of its enactment of this Compact, prospectively opt out of all Uniform Standards involving long-term care insurance products by expressly providing for such opt out in the enacted Compact, and such an opt out shall not be treated as a material variance in the offer or acceptance of any State to participate in this Compact. Such an opt out shall be effective at the time of enactment of this Compact by the Compacting State and shall apply to all existing Uniform Standards involving long-term care insurance products and those subsequently promulgated.

5. Effect of Opt Out. If a Compacting State elects to opt out of a Uniform Standard, the Uniform Standard shall remain applicable in the Compacting State electing to opt out until such time the opt out legislation is enacted into law or the regulation opting out becomes effective.

Once the opt out of a Uniform Standard by a Compacting State becomes effective as provided under the laws of that State, the Uniform Standard shall have no further force and effect in that State unless and until the legislation or regulation implementing the opt out is repealed or otherwise becomes ineffective under the laws of the State. If a Compacting State opts out of a Uniform Standard after the Uniform Standard has been made effective in that State, the opt out shall have the same prospective effect as provided under Article XIV for withdrawals.

6. Stay of Uniform Standard. If a Compacting State has formally initiated the process of opting out of a Uniform Standard by regulation, and while the regulatory opt out is pending, the Compacting State may petition the Commission, at least fifteen (15) days before the effective date of the Uniform Standard, to stay the effectiveness of the Uniform Standard in that State. The Commission may grant a stay if it determines the regulatory opt out is being pursued in a reasonable manner and there is a likelihood of success. If a stay is granted or extended by the Commission, the stay or extension thereof may postpone the effective date by up to ninety (90) days, unless affirmatively extended by the Commission; provided, a stay may not be permitted to remain in effect for more than one (1) year unless the Compacting State can show extraordinary circumstances which warrant a continuance of the stay, including, but not limited to, the existence of a legal challenge which prevents the Compacting State from opting out. A stay may be terminated by the Commission upon notice that the rulemaking process has been terminated.

7. Not later than thirty (30) days after a Rule or Operating Procedure is promulgated, any person may file a petition for judicial review of the Rule or Operating Procedure; provided, that the filing of such a petition shall not stay or otherwise prevent the Rule or Operating Procedure from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the Commission consistent with applicable law and shall not find the Rule or Operating Procedure to be unlawful if the Rule or Operating Procedure represents a reasonable exercise of the Commission's authority.

ARTICLE VIII COMMISSION RECORDS AND ENFORCEMENT

1. The Commission shall promulgate Rules establishing conditions and procedures for public inspection and copying of its information and official records, except such information and records involving the privacy of individuals and insurers' trade secrets. The Commission may promulgate additional Rules under which it may make available to federal and state agencies, including law enforcement agencies, records and information otherwise

exempt from disclosure, and may enter into agreements with such agencies to receive or exchange information or records subject to nondisclosure and confidentiality provisions.

2. Except as to privileged records, data and information, the laws of any Compacting State pertaining to confidentiality or nondisclosure shall not relieve any Compacting State Commissioner of the duty to disclose any relevant records, data or information to the Commission; provided, that disclosure to the Commission shall not be deemed to waive or otherwise affect any confidentiality requirement; and further provided, that, except as otherwise expressly provided in this Act, the Commission shall not be subject to the Compacting State's laws pertaining to confidentiality and nondisclosure with respect to records, data and information in its possession. Confidential information of the Commission shall remain confidential after such information is provided to any Commissioner.

3. The Commission shall monitor Compacting States for compliance with duly adopted Bylaws, Rules, including Uniform Standards, and Operating Procedures. The Commission shall notify any non-complying Compacting State in writing of its noncompliance with Commission Bylaws, Rules or Operating Procedures. If a non-complying Compacting State fails to remedy its noncompliance within the time specified in the notice of noncompliance, the Compacting State shall be deemed to be in default as set forth in Article XIV.

4. The Commissioner of any State in which an Insurer is authorized to do business, or is conducting the business of insurance, shall continue to exercise his or her authority to oversee the market regulation of the activities of the Insurer in accordance with the provisions of the State's law. The Commissioner's enforcement of compliance with the Compact is governed by the following provisions:

a. With respect to the Commissioner's market regulation of a Product or Advertisement that is approved or certified to the Commission, the content of the Product or Advertisement shall not constitute a violation of the provisions, standards or requirements of the Compact except upon a final order of the Commission, issued at the request of a Commissioner after prior notice to the Insurer and an opportunity for hearing before the Commission.

b. Before a Commissioner may bring an action for violation of any provision, standard or requirement of the Compact relating to the content of an Advertisement not approved or certified to the Commission, the Commission, or an authorized Commission officer or employee, must authorize the action. However, authorization pursuant to this paragraph does not require notice to the Insurer, opportunity for hearing or disclosure of requests for authorization or records of the Commission's action on such requests.

ARTICLE IX DISPUTE RESOLUTION

The Commission shall attempt, upon the request of a Member, to resolve any disputes or other issues that are subject to this Compact and which may arise between two or more Compacting States, or between Compacting States and Non-compacting States, and the Commission shall promulgate an Operating Procedure providing for resolution of such disputes.

ARTICLE X PRODUCT FILING AND APPROVAL

1. Insurers and Third-Party Filers seeking to have a Product approved by the Commission shall file the Product with, and pay applicable filing fees to, the Commission. Nothing in this Act shall be construed to restrict or otherwise prevent an insurer from filing its Product with the insurance department in any State wherein the insurer is licensed to conduct the business of insurance, and such filing shall be subject to the laws of the States where filed.

2. The Commission shall establish appropriate filing and review processes and procedures pursuant to Commission Rules and Operating Procedures. Notwithstanding any provision herein to the contrary, the Commission shall promulgate Rules to establish conditions and procedures under which the Commission will provide public access to Product filing information. In establishing such Rules, the Commission shall consider the interests of the public in having access to such information, as well as protection of personal medical and financial information and trade secrets, that may be contained in a Product filing or supporting information.

3. Any Product approved by the Commission may be sold or otherwise issued in those Compacting States for which the Insurer is legally authorized to do business.

ARTICLE XI REVIEW OF COMMISSION DECISIONS REGARDING FILINGS

1. Not later than thirty (30) days after the Commission has given notice of a disapproved Product or Advertisement filed with the Commission, the Insurer or Third Party Filer whose filing was disapproved may appeal the determination to a review panel appointed by the Commission. The Commission shall promulgate Rules to establish procedures for appointing such review panels and provide for notice and hearing. An allegation that the Commission, in disapproving a Product or Advertisement filed with the Commission, acted arbitrarily, capriciously, or in a manner that is an abuse of discretion or otherwise not in accordance with the law, is subject to judicial review in accordance with Article III, Section 4.

2. The Commission shall have authority to monitor, review and reconsider Products and Advertisement subsequent to their filing or approval upon a finding that the product does not meet the relevant Uniform Standard. Where appropriate, the Commission may withdraw or modify its approval after proper notice and hearing, subject to the appeal process in Section 1 above.

ARTICLE XII FINANCE

1. The Commission shall pay or provide for the payment of the reasonable expenses of its establishment and organization. To fund the cost of its initial operations, the Commission may accept contributions and other forms of funding from the National Association of Insurance Commissioners, Compacting States and other sources. Contributions and other forms of funding from other sources shall be of such a nature that the independence of the Commission concerning the performance of its duties shall not be compromised.

2. The Commission shall collect a filing fee from each Insurer and Third Party Filer filing a product with the Commission to cover the cost of the operations and activities of the Commission and its staff in a total amount sufficient to cover the Commission's annual budget.

3. The Commission's budget for a fiscal year shall not be approved until it has been subject to notice and comment as set forth in Article VII of this Compact.

4. The Commission shall be exempt from all taxation in and by the Compacting States.

5. The Commission shall not pledge the credit of any Compacting State, except by and with the appropriate legal authority of that Compacting State.

6. The Commission shall keep complete and accurate accounts of all its internal receipts, including grants and donations, and disbursements of all funds under its control. The internal financial accounts of the Commission shall be subject to the accounting procedures established under its Bylaws. The financial accounts and reports including the system of internal controls and procedures of the Commission shall be audited annually by an independent certified public accountant. Upon the determination of the Commission, but no less frequently than every three (3) years, the review of the independent auditor shall

include a management and performance audit of the Commission. The Commission shall make an Annual Report to the Governor and legislature of the Compacting States, which shall include a report of the independent audit. The Commission's internal accounts shall not be confidential and such materials may be shared with the Commissioner of any Compacting State upon request provided, however, that any work papers related to any internal or independent audit and any information regarding the privacy of individuals and insurers' proprietary information, including trade secrets, shall remain confidential.

7. No Compacting State shall have any claim to or ownership of any property held by or vested in the Commission or to any Commission funds held pursuant to the provisions of this Compact.

ARTICLE XIII COMPACTING STATES, EFFECTIVE DATE, AND AMENDMENT

1. Any State is eligible to become a Compacting State.

2. The Compact shall become effective and binding upon legislative enactment of the Compact into law by two Compacting States; provided, the Commission shall become effective for purposes of adopting Uniform Standards for, reviewing, and giving approval or disapproval of, Products filed with the Commission that satisfy applicable Uniform Standards only after twenty-six (26) States are Compacting States or, alternatively, by States representing greater than forty percent (40%) of the premium volume for life insurance, annuity, disability income and long-term care insurance products, based on records of the NAIC for the prior year. Thereafter, it shall become effective and binding as to any other Compacting State upon enactment of the Compact into law by that State.

3. Amendments to the Compact may be proposed by the Commission for enactment by the Compacting States. No amendment shall become effective and binding upon the Commission and the Compacting States unless and until all Compacting States enact the amendment into law.

ARTICLE XIV WITHDRAWAL, DEFAULT, AND TERMINATION

1. Withdrawal

a. Once effective, the Compact shall continue in force and remain binding upon each and every Compacting State; provided, that a Compacting State may withdraw from the Compact ("Withdrawing State") by enacting a statute specifically repealing the statute which enacted the Compact into law.

b. The effective date of withdrawal is the effective date of the repealing statute. However, the withdrawal shall not apply to any product filings approved or self-certified, or any Advertisement of such products, on the date the repealing statute becomes effective, except by mutual agreement of the Commission and the Withdrawing State unless the approval is rescinded by the Withdrawing State as provided in Paragraph e of this section.

c. The Commissioner of the Withdrawing State shall immediately notify the Management Committee in writing upon the introduction of legislation repealing this Compact in the Withdrawing State.

d. The Commission shall notify the other Compacting States of the introduction of such legislation within ten (10) days after its receipt of notice thereof.

e. The Withdrawing State is responsible for all obligations, duties and liabilities incurred through the effective date of withdrawal, including any obligations, the performance of which extend beyond the effective date of withdrawal, except to the extent those obligations may have been released or relinquished by mutual agreement of the Commission and the Withdrawing State. The Commission's approval of Products and Advertisement prior to the effective date of withdrawal shall continue to be effective and be given full force and effect in the Withdrawing State, unless formally rescinded by the Withdrawing State in the same manner as provided by the laws of the Withdrawing State

for the prospective disapproval of products or advertisement previously approved under state law.

f. Reinstatement following withdrawal of any Compacting State shall occur upon the effective date of the Withdrawing State reenacting the Compact.

2. Default

a. If the Commission determines that any Compacting State has at any time defaulted ("Defaulting State") in the performance of any of its obligations or responsibilities under this Compact, the Bylaws or duly promulgated Rules or Operating Procedures, then, after notice and hearing as set forth in the Bylaws, all rights, privileges and benefits conferred by this Compact on the Defaulting State shall be suspended from the effective date of default as fixed by the Commission. The grounds for default include, but are not limited to, failure of a Compacting State to perform its obligations or responsibilities, and any other grounds designated in Commission Rules. The Commission shall immediately notify the Defaulting State in writing of the Defaulting State's suspension pending a cure of the default. The Commission shall stipulate the conditions and the time period within which the Defaulting State must cure its default. If the Defaulting State fails to cure the default within the time period specified by the Commission, the Defaulting State shall be terminated from the Compact and all rights, privileges and benefits conferred by this Compact shall be terminated from the effective date of termination.

b. Product approvals by the Commission or product self-certifications, or any Advertisement in connection with such product, that are in force on the effective date of termination shall remain in force in the Defaulting State in the same manner as if the Defaulting State had withdrawn voluntarily pursuant to Section 1 of this article.

c. Reinstatement following termination of any Compacting State requires a reenactment of the Compact.

3. Dissolution of Compact

a. The Compact dissolves effective upon the date of the withdrawal or default of the Compacting State which reduces membership in the Compact to one Compacting State.

b. Upon the dissolution of this Compact, the Compact becomes null and void and shall be of no further force or effect, and the business and affairs of the Commission shall be wound up and any surplus funds shall be distributed in accordance with the Bylaws.

ARTICLE XV SEVERABILITY AND CONSTRUCTION

1. The provisions of this Compact shall be severable; and if any phrase, clause, sentence or provision is deemed unenforceable, the remaining provisions of the Compact shall be enforceable.

2. The provisions of this Compact shall be liberally construed to effectuate its purposes.

ARTICLE XVI BINDING EFFECT OF COMPACT AND OTHER LAWS

1. Other Laws

a. Nothing herein prevents the enforcement of any other law of a Compacting State, except as provided in Paragraph b of this section.

b. For any Product approved or certified to the Commission, the Rules, Uniform Standards and any other requirements of the Commission shall constitute the exclusive provisions applicable to the content, approval and certification of such Products. For Advertisement that is subject to the Commission's authority, any Rule, Uniform Standard or other requirement of the Commission which governs the content of the Advertisement shall constitute the exclusive provision that a Commissioner may apply to the content of the Advertisement. Notwithstanding the foregoing, no action taken by the

Commission shall abrogate or restrict: (i) the access of any person to state courts; (ii) remedies available under state law related to breach of contract, tort, or other laws not specifically directed to the content of the Product; (iii) state law relating to the construction of insurance contracts; or (iv) the authority of the attorney general of the state, including but not limited to maintaining any actions or proceedings, as authorized by law.

c. All insurance products filed with individual States shall be subject to the laws of those States.

2. Binding Effect of this Compact

ARKANSAS SENATE
EIGHTY-NINTH GENERAL ASSEMBLY
REGULAR SESSION
Amendment No. 1 to SENATE BILL NO. 809

Amend **Senate Bill No. 809** as originally introduced:

Page 1, line 9, delete "AND" and substitute "TO DECLARE AN EMERGENCY; AND"

AND

Delete the subtitle in its entirety and substitute:

"CONCERNING PUBLIC SCHOOL STUDENT TRANSFERS; AND TO DECLARE AN EMERGENCY."

AND

Page 1, delete everything after the enacting clause and substitute:

"SECTION 1. Arkansas Code § 6-18-206 is repealed.
~~6-18-206. Public school choice.~~

~~(a)(1) This section may be referred to and cited as the "Arkansas Public School Choice Act of 1989".~~

~~(2) The General Assembly finds that the students in Arkansas's public schools and their parents will become more informed about and involved in the public educational system if students and their parents or guardians are provided greater freedom to determine the most effective school for meeting their individual educational needs. There is no right school for every student, and permitting students to choose from among different schools with differing assets will increase the likelihood that some marginal students will stay in school and that other, more motivated students will find their full academic potential.~~

~~(3) The General Assembly further finds that giving more options to parents and students with respect to where the students attend public school will increase the responsiveness and effectiveness of the state's schools since teachers, administrators, and school board members will have added incentive to satisfy the educational needs of the students who reside in the district.~~

~~(4) The General Assembly therefore finds that these benefits of enhanced quality and effectiveness in our public schools justify permitting a student to apply for admission to a school in any district beyond the one in which the student resides, provided that the transfer by this student would not adversely affect the desegregation of either district.~~

~~(5) A public school choice program is hereby established to enable any student to attend a school in a district in which the student does not reside, subject to the restrictions contained in this section.~~

~~(b)(1)(A) Before a student may attend a school in a nonresident district, the student's parent or guardian must submit an application on a form approved by the Department of Education to the nonresident district by submitting the application to the superintendent of the school district. This application must be postmarked not later than July 1 of the year in which the student would begin the fall semester at the nonresident district.~~

~~(B)(i) Within thirty (30) days of the receipt of an application from a nonresident student seeking admission under the terms of this section, the superintendent of the nonresident district shall notify the parent or guardian and the resident district in writing as to whether the student's application has been accepted or rejected.~~

~~(ii) If the application is rejected, the superintendent of the nonresident district must state in the notification letter the reason for rejection.~~

~~(iii) If the application is accepted, the superintendent of the nonresident district shall state in the notification letter:~~

~~(a) An absolute deadline for the student to enroll in the district, or the acceptance notification is null; and~~

~~(b) Any instructions for the renewal procedures established by the district.~~

~~(iv)(a) Any student who accepts a school choice transfer may return to his or her resident district during the course of the school year.~~

~~(b) If a transferred student returns to his or her resident district during the school year, the student's transfer is voided, and the student shall reapply for any future transfer.~~

~~(2)(A) The school board of directors of every public school district must adopt by resolution specific standards for acceptance and rejection of applications. Standards may include the capacity of a program, class, grade level, or school building. Nothing in this section requires a school district to add teachers, staff, or classrooms or in any way to exceed the requirements and standards established by existing law. Standards shall include a statement that priority will be given to applications from siblings or stepsiblings residing in the same residence or household of students already attending the district by choice. Standards may not include an applicant's previous academic achievement, athletic or other extracurricular ability, handicapping conditions, English proficiency level, or previous disciplinary proceedings except that an expulsion from another district may be included pursuant to § 6-18-510.~~

~~(B)(i) Any student who applies for a transfer under this section and is denied a transfer by the nonresident district may request a hearing before the State Board of Education to reconsider the transfer.~~

~~(ii) A request for a hearing before the state board shall be in writing and shall be postmarked no later than ten (10) days after notice of rejection of the application under subdivision (b)(1)(B) of this section is received by the student.~~

~~(3) Each school district shall participate in public school choice consistent with this section.~~

~~(c) The responsibility for transportation of a student from the student's resident school district to a nonresident school district shall be borne by the student or the student's parents. The nonresident school district may enter into a written agreement with the student, the student's parents, or the resident school district to provide transportation to or from any place in the resident district to the nonresident district, or both.~~

~~(d)(1) A nonresident district shall accept credits toward graduation that were awarded by another district.~~

~~(2) The nonresident district shall award a diploma to a nonresident student if the student meets the nonresident district's graduation requirements.~~

~~(e) For purposes of determining a school district's state equalization aid, the nonresident student shall be counted as a part of the average daily membership of the district to which the student has transferred.~~

~~(f) The provisions of this section and all student choice options created in this section are subject to the following limitations:~~

~~(1) No student may transfer to a nonresident district where the percentage of enrollment for the student's race exceeds that percentage in the student's resident district except in the circumstances set forth in subdivisions (f)(2) and (3) of this section;~~

~~(2)(A) A transfer to a district is exempt from the restriction set forth in subdivision (f)(1) of this section if the transfer is between two (2) districts within a county and if the minority percentage in the student's race and majority percentages of school enrollment in both the resident and nonresident district remain within an acceptable range of the county's overall minority percentage in the student's race and majority percentages of school population as set forth by the department.~~

~~(B)(i) By the filing deadline each year, the department shall compute the minority percentage in the student's race and majority percentages of each county's public school population from the October Annual School Report and shall then compute the acceptable range of variance from those percentages for school districts within each county.~~

~~(ii)(a) In establishing the acceptable range of variance, the department is directed to use the remedial guideline established in Little Rock School District v. Pulaski County Special School District of allowing an overrepresentation or underrepresentation of black or white students of one-fourth ($\frac{1}{4}$) or twenty-five percent (25%) of the county's racial balance.~~

~~(b) In establishing the acceptable range of variance for school choice, the department is directed to use the remedial guideline of allowing an overrepresentation or underrepresentation of minority or majority students of one-fourth ($\frac{1}{4}$) or twenty-five percent (25%) of the county's racial balance;~~

~~(3) A transfer is exempt from the restriction set forth in subdivision (f)(1) of this section if each school district affected by the transfer does not have a critical mass of minority percentage in the student's race of more than ten percent (10%) of any single race;~~

~~(4) In any instance in which the provisions of this subsection would result in a conflict with a desegregation court order or a district's court-approved desegregation plan, the terms of the order or plan shall govern;~~

~~(5) The department shall adopt appropriate rules and regulations to implement the provisions of this section; and~~

~~(6) The department shall monitor school districts for compliance with this section.~~

~~(g) The state board shall be authorized to resolve disputes arising under subsections (b)–(f) of this section.~~

~~(h) The superintendent of the district shall cause public announcements to be made over the broadcast media and in the print media at such times and in such a manner as to inform parents or guardians of students in adjoining districts of the availability of the program, the application deadline, and the requirements and procedure for nonresident students to participate in the program.~~

~~(i)(1) All superintendents of school districts shall report to the Equity Assistance Center on an annual basis the race, gender, and other pertinent information needed to properly monitor compliance with the provisions of this section.~~

~~(2) The reports may be on those forms that are prescribed by the department, or the data may be submitted electronically by the district using a format authorized by the department.~~

~~(3) The department may withhold state aid from any school district that fails to file its report each year or fails to file any other information with a published deadline requested from school districts by the Equity Assistance Center so long as thirty (30) calendar days are given between the request for the information and the published deadline except when the request comes from a member or committee of the General Assembly.~~

~~(4) A copy of the report shall be provided to the Joint Interim Oversight Committee on Educational Reform.~~

~~(j)(1) The department shall develop a proposed set of rules as it determines is necessary or desirable to amend the provisions of this section.~~

~~(2) The department shall present the proposed rules in written form to the House Interim Committee on Education and the Senate Interim Committee on Education by October 1, 2006, for review and consideration by the committees for possible amendments to this section and to the Arkansas Public School Choice Program by the Eighty-sixth General Assembly.~~

SECTION 2. Arkansas Code Title 6, Chapter 18, Subchapter 2, is amended to add an additional section to read as follows:

6-18-231. Public school choice.

(a) This section shall be known and may be cited as the "Public School Choice Act of 2013".

(b) The General Assembly finds that:

(1) The students in Arkansas's public schools and their parents will become more informed about and involved in the public educational system if students and their parents or guardians are provided greater freedom to determine the most effective school for meeting their individual educational needs. There is no right school for every student, and permitting students to choose from among different schools with differing assets will increase the likelihood that some at-risk students will stay in school and that other, more motivated students will find their full academic potential;

(2) Giving more options to parents and students with respect to where the students attend public school will increase the responsiveness and effectiveness of the state's schools because teachers, administrators, and school board members will have added incentive to satisfy the educational needs of the students who reside in the district; and

(3) These benefits of enhanced quality and effectiveness in our public schools justify permitting a student to apply for admission to a school in any school district beyond the one in which the student resides, provided that the transfer by the student does not conflict with an enforceable judicial decree or court order remedying the effects of past racial segregation in the school district.

(c) A public school choice program is hereby established to enable any student to attend a school in a district in which the student does not reside, subject to the restrictions contained in this section.

(d)(1)(A) If a student seeks to attend a school in a nonresident district, the student's parent or guardian shall submit an application on a form approved by the Department of Education to the superintendent of the nonresident school district not later than July 1 of the year in which the student seeks to begin the fall semester at the nonresident district.

(B)(i) Within thirty (30) days of the receipt of an application from a nonresident student seeking admission under this section, the superintendent of the nonresident district shall notify the parent or guardian and the resident district in writing as to whether the student's application has been accepted or rejected.

(ii) If the application is rejected, the superintendent of the nonresident district shall state in the notification letter the reason for rejection.

(iii) If the application is accepted, the superintendent of the nonresident district shall state in the notification letter:

(a) A deadline for the student to enroll in the district, after which the acceptance notification is null; and

(b) Instructions for the renewal procedures established by the district.

(iv)(a) A student may accept only one (1) school choice transfer per school year.

(b) If a transferred student seeks to return to his or her resident district, the student shall not return to the resident school district until the next school year.

(c) If a transferred student returns to his or her resident district, the student's transfer is voided, and the student shall reapply if seeking a future school choice transfer

(2)(A)(i) The board of directors of a public school district shall adopt by resolution specific standards for acceptance and rejection of applications. Standards may include the capacity of a program, class, grade level, or school building.

(ii) This section does not require a school district to add teachers, staff, or classrooms or to exceed the requirements and standards established by existing law.

(iii) Standards shall include a statement that priority will be given to applications from siblings or stepsiblings residing in the same household of students already attending the district by choice.

(iv) Standards may not include an applicant's previous academic achievement, athletic or other extracurricular ability, disability, English proficiency level, or previous disciplinary proceedings except that an expulsion from another district may be included under § 6-18-510.

(v) A school district receiving transfers under this act shall not discriminate on the basis of gender, national origin, race, ethnicity, religion, disability, or academic or athletic eligibility.

(B)(i) A student who is denied a transfer under this section by the nonresident district may request a hearing before the State Board of Education to reconsider the transfer.

(ii) A request for a hearing before the state board shall be in writing and shall be postmarked no later than ten (10) days after the student receives a notice of rejection under subdivision (d)(1)(B) of this section is received by the student.

(3) A school district shall participate in public school choice under this section.

(e)(1) Transportation of a student from the student's resident school district to a nonresident school district is the responsibility of the student.

(2) The nonresident school district may enter into a written agreement with the student, the student's parents, or the resident school district to provide transportation to or from any place in the resident district to the nonresident district.

(f)(1) A nonresident district shall accept credits toward graduation that were awarded by the resident district or another district.

(2) The nonresident district shall award a diploma to a nonresident student if the student meets the nonresident district's graduation requirements.

(g) For purposes of determining a school district's state foundation funding aid, the nonresident student shall be counted as a part of the average daily membership of the district to which the student has transferred.

(h) The state board may resolve disputes arising under subsections (d) and (e) of this section.

(i) A school district shall make public announcements over the broadcast media and in the print media to inform parents or guardians of students in adjoining districts of the availability of the program, the application deadline, and the requirements and procedure for nonresident students to participate in the program.

(j) If this section results in a conflict with an enforceable judicial decree or court order remedying the effects of past racial segregation, the enforceable judicial decree or court order shall govern.

(k)(1) The transfer of a student under the Arkansas Public School Choice Act of 1989, § 6-18-206 [repealed], is not voided by this section and shall be treated as a transfer under this section.

(2)(A) A student who transferred to a nonresident district under prior law may continue to attend school in the nonresident district until the student completes his or her secondary education, subject to:

(i) School district policies concerning renewal of a transfer; and

(ii) Provisions of law concerning attendance and enrollment.

(B) A present or future sibling of a student who continues enrollment in the nonresident district under this section may enroll in or continue enrollment in the nonresident district until the sibling completes his or her secondary education, if the district has the capacity to accept the sibling without adding teachers, staff, or classrooms, or exceed the regulations and standards established in law.

(l)(1) Annually, a school district may determine the net gain or loss of students from transfers under this section.

(2)(A) If a resident district determines that in one (1) school year a loss of two percent (2%) or more occurs as the result of student transfers under this section, the resident district may limit the number of transfers in that school year by:

(i) Notifying the nonresident district that it is limiting the transfer of students out of the district; and

(ii) Limiting the transfers by either:

(a) Setting the priority for order of transfers by written school district policies; or

(b) If no written policy exists, allowing transfers in the order the requests are submitted until the limit is reached.

(B) If a student is unable to transfer due to the limits under this subdivision (l)(2), the student shall be given priority for a transfer in the following year.

(m)(1) A school district may suspend its school choice program if:

(A) The school district has a minority population of twenty percent (20%) or more of what would have been the school district's total student population at the beginning of the immediately preceding school year plus the number of students who:

(i) Transferred before the immediately preceding school year; and

(ii) Were enrolled in a nonresident district at the beginning of the immediately preceding school year;

(B) The minority percentage of the total student population changed by five percent (5%) or more as a result of school choice transfers in that year; and

(C)(i) A majority of the school district board of directors approves the suspension.

(ii) By June 1, the school district shall provide the Department of Education with a certified copy of the written resolution of the school district board of directors authorizing the suspension.

(2) The suspension of the program shall not affect the transfer of a student who has already transferred to a nonresident district.

(3) A school choice program suspended under this subsection will resume in the school year immediately following a school year in which the minority percentage of the school district is within five percent (5%) of what the total student population would have been for that year if there had been no school choice transfers out of the district.

(n) If a public school loses more than three percent (3%) of its total student population due to school choice transfers under this section in one (1) school year, the school district where the public school is located shall develop and provide to the department a plan for attracting students into the school district by programs such as magnet schools, agricultural programs, or other special programs.

(o) The department shall emphasize school choice as a method of improving education in Arkansas by:

(1) Providing technical assistance and training to a school that is developing a plan under subsection (n) of this section; and

(2) Providing guidance to a public school on using improved educational opportunities to:

(A) Retain and attract students to the school, generally or for a specific population;

(B) Improve student achievement; and

(C) Enhance the overall educational experience for public school students in Arkansas.

(p) The state board may promulgate rules to implement this section.

SECTION 3 EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that certain provisions of the Arkansas Public School Choice Act of 1989, § 6-18-206, have been found to be unconstitutional by a federal court; that thousands of public school students are currently attending public schools in nonresident school districts under that law; that there is now uncertainty about the viability of those transfers and future transfers; that this act repeals the disputed provisions of that law while preserving the opportunity for public school choice; and that this act is immediately necessary to resolve the uncertainty in the law before the 2013-2014 school year and preserve existing student transfers. Therefore, an emergency is declared to exist, and this act being immediately necessary for the preservation of the public peace, health, and safety shall become effective on:

(1) The date of its approval by the Governor;

(2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or

(3) If the bill is vetoed by the Governor and the veto is overridden, the date the last house overrides the veto."
