[Amendment No. 1 to SENATE BILL NO. 1135](#)

Amend [Senate Bill No. 1135](#) as originally introduced:

Delete everything after the enacting clause and substitute:

"SECTION 1. DO NOT CODIFY. Findings.

The General Assembly finds that:

(1) Courts have found that the electronic payment system networks Visa and Mastercard and their member banks have market power;

(2) Electronic payment system networks set the level of credit and debit card interchange fees charged by their member banks even though those banks are supposed to be competitors;

(3) These fees inflate the prices consumers pay for goods and services;

(4) Competing banks should set their own interchange fees and compete on that basis;

(5) Consumers increasingly use credit and debit cards to purchase goods and services;

(6) In order to provide the desired convenience to consumers, most merchants must agree to accept credit and debit cards;

(7) Some electronic payment system networks market themselves as providers of currency and promote use of their products as though they were a complete substitute for legal tender;

(8) Due to the market power of the two (2) largest electronic payment system networks, merchants do not have the power to negotiate with regard to the contract for acceptance of credit and debit cards and the cost of the interchange fees for such acceptance;

(9) Merchants are subject to contracts that allow the electronic payment system networks to change the terms without notice, subject merchants to staggering fines, or reinterpret the rules and hold the merchant responsible; and

(10) Merchants have expressed interest in working with customers to give customers the types of pricing options they would like but that are currently blocked by the terms or interpretations of the contracts necessary to accept credit and debit cards.

SECTION 2. Arkansas Code Title 4, Chapter 107, is amended to add an additional subchapter to read as follows:

Subchapter 4 — Prevention of Credit Card Company Unfair Business Practices Act

4-107-401. Title.

This subchapter shall be known and may be cited as the "Prevention of Credit Card Company Unfair Business Practices Act".

4-107-402. Definitions.

As used in this subchapter:

(1) "Electronic payment system" means an entity, other than a national bank, that:

(A) Directly or through licensed members, processors, or agents provides the proprietary services, infrastructure, and software that route information and data to facilitate transaction authorization, clearance, and settlement; and

(B) A merchant uses in order to accept a brand of general-purpose credit cards, charge cards, debit cards, or stored value cards as a form of payment for goods or services; and

(2) "Merchant" means a person or entity doing business in this state and that offers goods or services for sale in this state.

4-107-403. Protection of retail competition.

An electronic payment system shall not, directly or through a member, a processor, an agent, or an acquirer of the electronic payment system:

(1) Impose a requirement, condition, penalty, or fine in a contract with a merchant relating to the display of pricing for goods or services for sale by the merchant;

(2) Inhibit the ability of a merchant to offer its customers a discount or other in-kind incentives for using a debit or credit card of another electronic payment system;

(3) Inhibit the ability of a merchant to decide whether or not to accept the products of an electronic payment system at one (1) of its locations;

(4) Prevent a merchant from setting a minimum or maximum dollar value for its acceptance of a credit card;

(5) Limit the number of electronic payment systems that process a credit or debit card transaction to one (1) electronic payment system or to affiliated electronic payment systems; or

(6) Inhibit a merchant from choosing the electronic payment system that processes a credit or debit card transaction other than as allowed in this subdivision (4).

4-107-404. Cartel price setting — Prohibited.

An electronic payment system shall not establish a required, suggested, or default rate for the fees to be charged by its credit card issuer, member, processor, or agent of the electronic payment system for transactions in this state unless the credit card issuer, member, processor, or agent of the electronic payment system is the electronic payment system itself and not a separate legal entity.

4-107-405. Penalties.

(a) An electronic payment system that is found to have violated § 4-107-403 or § 4-107-404 of this subchapter shall:

(1) Reimburse the affected merchants for all chargebacks, fees, and fines collected from affected merchants directly or through any member, processor, or agent of the electronic payment system during the time that the electronic payment system was in violation of this subchapter; and

(2) Be liable for a civil penalty of ten thousand dollars (\$10,000) per chargeback, fee, or fine levied for violating this subchapter.

(b) A merchant who is harmed by a violation of § 4-72-207 is entitled to:

(1) Recover treble damages in a civil action;

(2) If appropriate, obtain injunctive relief; and

(3) Be reimbursed for reasonable attorney's fees and the cost of litigation.

(c) The Attorney General or his or her designee may maintain a civil action for damages or equitable relief under this section to protect against violations of this subchapter.

4-107-406. Severability.

If a court determines that a provision of this subchapter or the application of this subchapter is invalid, the determination shall not affect the provisions or applications of this subchapter that can be given effect without the invalid provision or application, and to that end the provisions of this subchapter are severable."

STATE OF ARKANSAS

STATE OF ARKANSAS
OFFICE OF THE GOVERNOR

State Capitol
Little Rock, Arkansas 72201

March 25, 2013

Dear Mr. President and Members of the Senate:

In accordance with Article 6, Section 15 of our Constitution, I write to inform you that today I have vetoed Senate Bill 2. I have done so because I believe the bill unnecessarily restricts and impairs our citizens' right to vote.

Article 3, Section 1 of our Constitution sets forth the qualifications to vote and declares that persons who meet those qualifications "*shall* be allowed to vote at any election in the State of Arkansas." Article 3, Section 2 unambiguously limits the power of the General Assembly to adopt any law that would deny or impair that right. Section 2 states that "No power, civil or military, shall ever interfere to prevent the free exercise of the right of suffrage; *nor shall any law be enacted. . . whereby the right to vote shall be impaired or forfeited*, except for the commission of a felony at common law, upon lawful conviction thereof."

The strength of the aforementioned language in Article 3 raises obvious concerns about the constitutionality of Senate Bill 2, either as an unconstitutional impairment of the right to vote, and/or as an invalid attempt to add additional qualifications for voting that are not found in Article 3, Section 1. On the first issue, the answer would appear to depend upon the level of legal scrutiny our courts would apply which, in turn, might be influenced by the factual record that would be made about how the law, as applied, would burden the right to vote, but assuming the law is implemented as intended, it would likely survive a legal challenge. On the second issue, courts have split, basing their opinions on the specific language of their respective constitutions and existing court precedents. It is my understanding that a prediction as to how the Arkansas Supreme Court would decide this question cannot be made.

Legal concerns aside, given the importance of the right to vote, laws that would impair or make it more difficult to exercise that right should be justified by the most compelling of reasons. This is particularly so when the citizens, whose right to vote is most likely to be impaired, are those citizens who experience the most difficulty in voting in the first place: the elderly and the poor. A compelling justification should likewise be shown when the citizens most likely to be affected include minorities who have in the past been the target of officially-sanctioned efforts to bar or discourage them from participating in the electoral process.

Senate Bill 2 is not supported by any demonstrated need. While proponents of laws similar to Senate Bill 2 argue that they are necessary to combat "election fraud," the bill addresses only voter impersonation, and no credible study of "election fraud" supports the notion that such voter impersonation is or has been common in Arkansas. In a recent editorial, the only example of widespread voter impersonation provided by the primary sponsor of Senate Bill 2 occurred not in Arkansas, but in New York State some 30 years ago. Other types of election irregularities that have occurred - such as irregularities in absentee ballots - are not addressed by Senate Bill 2 at all. Arkansas law already requires a voter to be asked for identification when casting a ballot, and, if the voter cannot or chooses not to provide such identification, the voter's name may be submitted to proper authorities for investigation and, if warranted, prosecution for election fraud. There has been no demonstration that our current law is insufficient to deter and prevent voter impersonation.

Senate Bill 2 is, then, an expensive solution in search of a problem. The Bureau of Legislative Research estimates that Senate Bill 2 will cost approximately \$300,000 in tax dollars to implement; and that estimate does not take into account the ongoing costs that taxpayers will continue to bear in future years. At a time when some argue for the reduction of unnecessary bureaucracy and for reduced government spending, I find it ironic to be presented with a bill that increases government bureaucracy and increases government expenditures, all to address a need that has not been demonstrated. I cannot approve such an unnecessary measure that would negatively impact one of our most precious rights as citizens.

Sincerely,

(SIGNED) MIKE BEEBE

ARKANSAS SENATE
EIGHTY-NINTH GENERAL ASSEMBLY

Amendment No. 1 to SENATE BILL NO. 33

Amend **Senate Bill No. 33** as originally introduced:

Page 1, delete all language after the enacting clause and substitute:

"SECTION 1. Arkansas Code Title 6, Chapter 40, is amended to add an additional subchapter to read as follows:

Subchapter 1 — Dyslexia and Related Disorders

6-40-101. Findings.

The General Assembly finds that:

(1) Dyslexia, if not diagnosed early, can be severely detrimental to a child's academic success as well as his or her self-esteem;

(2) Most children identified as having dyslexia and related disorders can be successfully treated; and

(3) The cost of screening and treating dyslexia or a related disorder early is significantly less than the cost of intensive remediation in the later school years for a child with dyslexia or a related disorder.

6-40-102. Definitions.

As used in this subchapter:

(1) "Dyslexia" means a specific learning disability that is:

(A) Neurological in origin;

(B) Characterized by difficulties with accurate and fluent word recognition and poor spelling and decoding abilities that typically result from a deficit in the phonological component of language; and

(C) Often unexpected in relation to other cognitive abilities;

(2) "Dyslexia therapist" means a professional who has completed training and obtained certification in dyslexia therapy from a dyslexia therapy training program approved by the Department of Education; and

(3) "Dyslexia therapy" means an appropriate specialized dyslexia instructional program that is:

(A) Delivered by a dyslexia therapist;

(B) Systematic, multi-sensory, and research based;

(C) Offered in a small group setting to teach students the components of reading instruction including without limitation:

(i) Phonemic awareness to enable a student to detect, segment, blend, and manipulate sounds in spoken language;

(ii) Graphophonemic knowledge for teaching the letter-sound plan of English;

(iii) The structure of the English language that includes morphology, semantics, syntax, and pragmatics;

(iv) Linguistic instruction directed toward proficiency and fluency with the patterns of language so that words and sentences are carriers of meaning; and

(v) Strategies that students use for decoding, encoding, word recognition, fluency, and comprehension.

6-40-103. Required screening and intervention.

(E) Rapid naming skills; and

(F) Encoding skills.

(b) The Department of Education shall adopt rules to ensure that students will be screened using DIBELS:

(A) In Kindergarten through grade three (K-3);

(B) When a student in Kindergarten through grade three (K-3) transfers to a new school and has not been screened;

(C) When a student in grade four (4) or higher has difficulty, as noted by a classroom teacher, in:

(i) Phonological and phonemic awareness;

(ii) Sound-symbol recognition;

(iii) Alphabet knowledge;

(iv) Decoding skills;

(v) Rapid naming skills; and

(vi) Encoding skills; and

(D) When a student from another state enrolls for the first time in Arkansas in Kindergarten through grade three (K-3) unless the student presents documentation that the student:

(i) Had the screening or a similar screening; or

(ii) Is exempt from screening.

(c)(1) If the DIBELS screening indicates that a student needs intervention, the Response to Intervention (RTI) shall be used to address the needs of student.

(2) If the RTI indicates the possibility of dyslexia, the student shall be evaluated for dyslexia.

(3)(A) If the dyslexia evaluation indicates that a student is dyslexic, the student shall be provided therapeutic services.

(B) If it is determined that the student has functional difficulties in the academic environment due to dyslexia, the necessary accommodations or equipment for the student shall be provided under Section 504 of the Rehabilitation Act of 1973, 29 U.S.C. § 794 and Title II of the Americans with Disabilities Act, 42 U.S.C. §§ 12131-12165, as they existed on February 1, 2013.

(C) Therapeutic services may be provided by a tutor who is a highly qualified and trained interventionist.

(d) If a student's performance on the DIBELS screening under subdivision (c)(1) of this section indicates a need for additional screening the student may receive additional testing by a trained professional using a norm-referenced test.

(c) If a parent or legal guardian chooses to have an independent evaluation for the student, the school district shall consider the diagnosis from the independent evaluation and allow the student to receive direct intervention from a dyslexia therapist.

6-40-105. Instructional approaches.

ARKANSAS SENATE
EIGHTY-NINTH GENERAL ASSEMBLY
REGULAR SESSION
Amendment No. 1 to SENATE BILL NO. 1055

Amend Senate Bill No. 1055 as originally introduced:

Page 1, delete line 16 and substitute:

"WHEREAS, the Senate Judiciary Committee held a hearing on capital punishment on January 30, 2013, for the purpose of considering the arguments of opponents and proponents of capital punishment; and

WHEREAS, the opponents of capital punishment presented testimony and documented evidence that capital punishment in Arkansas requires the expenditure of approximately sixty thousand dollars (\$60,000) to three hundred thousand dollars (\$300,000), depending on whether the person is represented by a public defender or private counsel, to represent a person charged with a capital crime regardless of whether that charge is later withdrawn prior to trial; and

WHEREAS, the costs to defend a person charged with a capital crime described above do not include costs of appeals that are required by the Arkansas Constitution and the United States Constitution and lead to a substantial expenditure per case; and

WHEREAS, five (5) states in the past five (5) years have abolished the death penalty, including Maryland, New Mexico, and Illinois; and

WHEREAS, testimony was presented that included a 2008 report of a study by the now deceased Professor David Baldus, in Eighth Judicial District — South that concluded that no white male was convicted of capital murder and given the death penalty and only black men who were convicted for the murders of white persons were given the death penalty, despite similarities between white defendants and black defendants that should have led to similar and not different treatment; and

WHEREAS, testimony was presented that supported a conclusion that at least one hundred forty-one (141) innocent persons have been sentenced to death across the nation, including at least one (1) case in Arkansas in which there is credible support for a conclusion that an innocent person was put to death; and,

WHEREAS, testimony was presented that provided a moral argument based in religious texts that indicates that the death penalty violates the tenet that all life is sacred,

NOW THEREFORE, due to the foregoing, this act intends to end the use of capital punishment in Arkansas as an available sentence to all capital crimes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:

SECTION 1. Arkansas Code § 5-10-101(c)(1), concerning the penalties for capital murder, is amended to read as follows:

(c)(1) Capital murder is punishable by ~~death~~ or life imprisonment without parole under §§ 5-4-601 — 5-4-605, 5-4-607, and 5-4-608.

The proceeds of the Incentive Loan shall be used solely for the engineering, design, procurement, installation, fabrication, and erection of the Incentive Loan Collateral and related purposes. The Incentive Loan shall be secured by a first priority, perfected, purchase-money lien and security interest in the Incentive Loan Collateral subject to the terms and conditions of the Inter-Creditor Agreement.

(c) Debt Service. Interest will accrue on the Incentive Loan at the rate payable on the Bonds issued to fund the Incentive Loan, beginning twenty-four (24) months after the Closing Date. The payment of principal and interest due on the Incentive Loan shall be structured as nearly as possible to correspond with debt service payments due on the Bonds issued to fund the Incentive Loan (excepting interest accruing on such Bonds during the first twenty-four (24) months following their date of issuance, which shall be fully borne by the State). The first payment of debt service on the Incentive Loan is projected at this time to be due from the Sponsor on the first day of the thirtieth (30th) month following the Closing Date. A debt service schedule detailing the semiannual debt service payments due on the Incentive Loan (and the principal and interest components thereof) will be attached to the promissory note evidencing the Incentive Loan. In no event shall the total debt service payments due on the Incentive Loan or the net present value of such payments exceed the total debt service payments, or the net present value of such payments, due on the Bonds issued to fund the Incentive Loan. For purposes of determining the net present value of such total debt service payments, the total debt service payments will be discounted at a rate equal to the lesser of the true interest cost on the Bonds issued to fund the Incentive Loan or the rate agreed upon by the Authority and the Sponsor with respect to the Bonds issued to fund the Incentive Loan.

(d) Term. The Incentive Loan shall have a term of twenty (20) years commencing on the Closing Date.

(e) Prepayment. The Sponsor may prepay the Incentive Loan in whole or in part without penalty at any time beginning twenty-four (24) months after the Closing Date. The portion of any repayment in part that is attributable to principal shall be applied to satisfy principal component(s) of the Bonds issued to fund the Incentive Loan being redeemed in connection with the prepayment and the Authority shall promptly thereafter provide a revised debt service schedule for approval by the Sponsor and attachment to the promissory note. In the event the Sponsor meets the conditions in this Section 6.4(e) and the Sponsor elects to prepay the Incentive Loan in full prior to the expiration of forty-eight (48) months after the Closing Date, the prepayment amount shall be equal to Forty-five Million Dollars (\$45,000,000.00) million less any principal amount of the Incentive Loan previously paid by the Sponsor plus any accrued interest on the Incentive Loan outstanding through the prepayment date. To qualify for the discount of the prepayment amount, both of the following conditions must be met: (1) within four (4) years after the Closing Date the Sponsor shall have obtained Capital Commitments, as audited and verified by the Commission and Authority, of at least Five Hundred Million Dollars (\$500,000,000.00) (in addition to the Investment Requirement) with respect to an expansion of the steel mill operations of the Sponsor at or near the Project Site; and (2) construction of such expansion shall have commenced prior to the date of the receipt of the prepayment by the State.

6.5. Other Costs. An amount up to Five Million Dollars (\$5,000,000.00) may be funded through the Bonds for the purpose of paying reasonable and necessary closing costs and expenses of the State, in the sole and absolute discretion of the Authority, including those that relate to the issuance of the Bonds and including costs and expenses due to those trustees, agents, underwriters, attorneys, advisors, and consultants performing services on behalf of the State in connection with the Project. The Sponsor shall not be responsible for any of such costs and expenses.

6.6. Related Entities. In the event that the Sponsor may elect for any part of the Amendment 82 Financing to be paid to or received by a Related Entity to the Sponsor, the Sponsor shall notify the Commission and the Authority. As a prior condition to the payment or receipt of any part of the Amendment 82 Financing, such Related Entity of the Sponsor shall execute and deliver a joinder to this Agreement in which such Related Entity shall agree to comply with all of the terms and conditions of this Agreement.

7. Disbursement.

7.1. Investment Threshold. Prior to any disbursement of funds by the State with respect to the Grants or the Incentive Loan, the Sponsor shall provide written confirmation to the Commission and the Authority that the Sponsor has achieved the Investment Threshold by investment of a minimum of Two Hundred Fifty Million Dollars (\$250,000,000.00) in Qualifying Site Preparation Costs, Piling Costs, and Infrastructure Costs. The Commission and the Authority shall have the right to audit and verify the investment of the Investment Threshold before disbursing funds to, or for the benefit of the Sponsor, with such audit and verification to be conducted in a timely manner. After the Investment Threshold shall have been achieved, the Actual Project Capital Expenditures that comprise the Investment Threshold may be eligible for reimbursement through a disbursement from the Grants or the Incentive Loan, as applicable.

7.2. Generally. All funds to be disbursed by the State with respect to the Grants and Incentive Loan shall require the prior approval of the Commission and the Authority. All funds to be disbursed by the State with respect to the Grants and the Incentive Loan shall be disbursed to, or for the benefit of, the Sponsor, for payment or reimbursement of qualified project costs and expenses permitted by the Amendment 82 Requirements with such qualified project costs and expenses to include Qualifying Site Preparation Costs,

Infrastructure Costs, and any other costs and expenses incidental to the Project that shall be eligible for Amendment 82 Financing and approved as eligible by the State. The disbursement of funds with respect to the Incentive Loan shall also be subject to the terms and conditions of the Incentive Loan Documents.

7.3. Procedure. Subject to the terms and conditions of this Agreement, the Grants and the Incentive Loan shall be disbursed by the State to, or for the benefit of, the Sponsor in one (1) or more disbursements. The Sponsor may request a disbursement from the Grants or the Incentive Loan by submitting a Request for Disbursement to the Commission and the Authority. The Request for Disbursement shall specify the requested source of funding from either the Grants or the Incentive Loan. A Request for Disbursement shall include an itemization of each cost and expense for which the Sponsor may request payment or reimbursement. In support of a Request for Disbursement, the Sponsor shall provide a copy of all receipts, invoices, bills, statements, checks, payments, orders, correspondence, notices, and other documents sent, received, or exchanged with respect to each cost and expense identified in the Request for Disbursement. The Sponsor shall provide the State with full access to all documents, records, and other information in the possession of or available to the Sponsor that may relate to each cost and expense identified with respect to a Request for Disbursement. The State may audit and verify all such documents, records, and other information and may take all other reasonable actions to verify that each cost and expense identified with respect to a Request for Disbursement shall have been actually paid or incurred by the Sponsor, the reasonableness of the nature and amount of the cost and expense, and whether the cost and expense may be properly characterized as Qualifying Site Preparation Costs, Infrastructure Costs, Piling Costs, or other costs and expenses incidental to the Project that shall be eligible for Amendment 82 Financing. Upon completion of the audit and verification by the State of the costs and expenses identified in a Request for Disbursement, the Authority shall send a Notice of Payment to the Sponsor setting forth the amount approved by the Commission and the Authority to be disbursed by the State with respect to the costs and expenses identified in a Request for Disbursement and the source of funding from either the Grants or the Incentive Loan. Within five (5) business days after the date of a Notice of Payment, the State shall cause the amount set forth in the Notice of Payment to be disbursed to, or for the benefit of, the Sponsor by wire transfer to the account of the Sponsor designated in the Request for Disbursement.

7.4. Eligible Costs and Expenses. A Request for Disbursement may request reimbursement of Qualifying Site Preparation Costs, Infrastructure Costs, Piling Costs, and other costs and expenses incidental to the Project that shall be eligible for Amendment 82 Financing. A Request for Disbursement may include only such costs and expenses that constitute Qualifying Site Preparation Costs, Infrastructure Costs, Piling Costs, and other costs and expenses incidental to the Project that shall be eligible for Amendment 82 Financing. With respect to any cost and expense that shall not constitute Qualifying Site Preparation Costs, Infrastructure Costs, or Piling Costs, the State shall determine whether such other cost and expense shall be incidental to the Project and whether such cost and expense shall be eligible for Amendment 82 Financing. A Request for Disbursement may not include any cost or expense that shall have been included in any prior Request for Disbursement. All Requests for Disbursement must be submitted by the Sponsor to the State no later than twenty-four (24) months after the Closing Date.

8. Training Benefits. The Commission shall assist the Sponsor in recruiting and training employees and independent contractors who shall work at the Facility or on the Project Site. The Commission and the Sponsor shall enter into the Training Agreement regarding the assistance to be provided to the Sponsor. Subject to the terms and conditions of this Agreement and the Training Agreement, the Commission shall fund up to Ten Million Dollars (\$10,000,000.00) by payment or reimbursement of costs and expenses paid or incurred by the Sponsor for training activities and facilities with respect to the

employees and independent contractors who shall work at the Facility or on the Project Site. The funds disbursed to, or for the benefit of, the Sponsor for such training activities and facilities shall be in addition to the Amendment 82 Financing described in this Agreement and shall be spread equally over a period of two (2) years based on a schedule of on-the-job training determined by the Sponsor in consultation with the Commission. The assistance to be provided by the Commission pursuant to the Training Agreement shall include the following support services: (a) recruitment advertising for new employees; (b) securing the use of facilities for accepting applications and interviewing new employees; (c) reproduction of training manuals; (d) reimbursement of compensation to instructors for on-the-job training (up to, but not to exceed actual hourly rate of pay); (e) on-site training facility space; and (f) reimbursement for train-the-trainer expenses, including reasonable expenses of travel. Requests for reimbursement shall provide the Commission, at a minimum, with the information described in paragraphs I(A) and I(B) of the form of Training Agreement.

9. Other Incentive Programs.

9.1. Advantage Arkansas Program. The Sponsor may be eligible for a job creation income tax credit provided pursuant to the Advantage Arkansas Program. The Advantage Arkansas Program provides an income tax credit against a portion of State income tax liabilities based upon a percentage of the annual payroll paid to the new full time permanent employees hired as a result of an approved project. To receive the income tax credit of the Advantage Arkansas Program, the Sponsor must enter into a Financial Incentive Agreement. The tier of the county in which the approved project is located determines the qualifying payroll threshold, as well as the income tax benefit calculation. Counties are segmented into four (4) tiers based on poverty rate, population growth, per capita income, and unemployment rate. Based on the location of the Project Site, the Sponsor may be entitled to an income tax credit up to four percent (4%) of the total taxable wages paid to new full time permanent employees hired after the date of the Financial Incentive Agreement. The annual payroll thresholds of the new employees must be met within twenty-four (24) months following the date the Financial Incentive Agreement is signed by the Commission. Employees must be taxpayers of the State to qualify for the credit. The income tax credit begins in the year in which the new employees are hired and is earned each tax year for a period of five (5) years. Any unused credits can be carried forward for nine (9) years beyond the year in which they were earned. The Sponsor may apply the credit to its State income tax liability, not to exceed fifty percent (50%) of the total income tax liability for a reporting period. The income tax credit provided by the Advantage Arkansas Program is also conditioned upon the satisfaction of the requirements of the Consolidated Incentive Act.

9.2. Tax Back Program. The Sponsor may be eligible for a refund of state and local sales and use taxes provided pursuant to the Tax Back Program. The Tax Back Program provides for a refund of a portion of state and local sales and use taxes paid on certain purchases of material used in the construction of a building or buildings and on purchases of taxable machinery or equipment to be located in or in connection with such building or buildings. To qualify for the refund provided by the Tax Back Program, the Sponsor must: (a) invest a minimum of One Hundred Thousand Dollars (\$100,000.00); (b) execute the Advantage Arkansas Agreement within the appropriate time as required by applicable law; and (c) submit a completed application accompanied by a local endorsement resolution from the city, county or both where the Project Site is located and which authorizes the refund of its local taxes to the Sponsor. The refund shall not include the portion of the sales tax dedicated to the Educational Adequacy Fund described in A.C.A. § 19-5-1227 and the Conservation Tax Fund as described in A.C.A. § 19-6-484. These two (2) exceptions reduce the refund by one percent (1%). Currently, the State sales tax rate is six percent (6%), and therefore, the refund of State taxes shall be based upon five percent (5%) of the eligible taxable purchases. The refund of local taxes shall be

based on the sales tax rate for the city and county where the Project Site is located. The refund provided by the Tax Back Program is also conditioned upon the satisfaction of the requirements of the Consolidated Incentive Act.

9.3. Recycling Equipment Tax Credit Program. The Sponsor may be eligible for an income tax credit provided pursuant to the Recycling Equipment Tax Credit Program. The Recycling Equipment Tax Credit Program provides for an income tax credit for thirty percent (30%) of the cost of eligible equipment and installation costs and expenses. Eligibility for the Recycling Equipment Tax Credit Program is determined by the Arkansas Department of Environmental Quality. If the Sponsor otherwise qualifies for the Recycling Equipment Tax Credit it may also qualify under the Recycling Credit Legislation to extend the carry-forward of the income tax credit pursuant to the Recycling Equipment Tax Credit Program from three (3) years to fourteen (14) years for steel mills that newly invest at least Five Hundred Million Dollars (\$500,000,000.00) and create at least three hundred (300) New Full Time Positions paying an annual average wage of at least Seventy Thousand Dollars (\$70,000.00).

9.4. Utility Tax. The Sponsor may be eligible for a reduced rate of sales taxes with respect to purchases of electricity and natural gas used directly in the manufacturing process. The Utility Tax Legislation will provide a full exemption of sales taxes associated with the sale of natural gas and electricity for use directly in the manufacturing process of steel mills that newly invest at least Five Hundred Million Dollars (\$500,000,000.00) and create at least three hundred (300) New Full Time Positions paying an annual average wage of at least Seventy Thousand Dollars (\$70,000.00).

9.5. Machinery & Equipment Tax Exemptions. The Sponsor may be eligible for an exemption from state and local sales and use taxes with respect to purchases of machinery and equipment used directly in manufacturing for a new manufacturing facility or to replace existing machinery and equipment for a manufacturing facility. Machinery and equipment required by the State's laws to be purchased for air or water pollution control shall be also exempt.

10. Joint Marketing Agreement. The Commission and the Sponsor shall enter into the Joint Marketing Agreement whereby each shall commit to spend up to One Hundred Fifty Thousand Dollars (\$150,000.00) per calendar year for each of three (3) years beginning no later than twelve (12) months after the Closing Date, to market and advertise steel companies based in the State to out-of-state suppliers, vendors, and customers for the purpose of marketing the State as the right place for out-of-state suppliers, vendors, and customers to locate their business or to market or consume the products produced by steel companies based in the State. The expenditures by the Commission with respect to the Joint Marketing Agreement shall be in addition to the Amendment 82 Financing described in this Agreement.

11. Consequences of Unsatisfied Obligations.

11.1. Generally. The Sponsor shall pay to the State certain amounts to be determined by the applicable Repayment Calculations set forth in this Section 11 in the event the Sponsor shall fail to: (a) satisfy the Investment Requirement prior to the expiration of the Preliminary Period; (b) achieve the Position Creation Requirement prior to the expiration of the Preliminary Period; and (c) maintain the Position Creation Requirement during the Test Period. The total amount to be paid by the Sponsor pursuant to any or all of the Repayment Calculations shall not exceed the maximum amount of the lesser of: (i) Seventy Million Dollars (\$70,000,000.00) or (ii) the total amount disbursed by the State pursuant to the Grants. Any amounts determined to be due from the Sponsor to the State pursuant to this Section 11 shall be paid by the Sponsor to the State not later than thirty (30) days following the receipt of written notice by the Sponsor from the

Commission. In no case shall the Sponsor be entitled to additional funds from the State as a result of the Repayment Calculations.

11.2. Repayment Calculation - Investment Requirement. If, at the expiration of the Preliminary Period, the Sponsor has made or caused to be made Actual Project Capital Expenditures of less than One Billion Dollars (\$1,000,000,000.00), the Sponsor shall pay to the State an amount equal to one-half of one percent (0.50) of the difference between One Billion Dollars (\$1,000,000,000.00) and the Actual Project Capital Expenditures.

11.3. Repayment Calculation - Employment Target. If, at the expiration of the Preliminary Period, and continuing through the Test Period, as measured annually on the Test Date, the Sponsor has not achieved and maintained the Employment Target, but employs at least fifty-five (55) individuals in Direct Positions and Independent Direct Positions, the Sponsor shall pay to the State an amount calculated as follows: (i) the total amount disbursed by the State pursuant to the Grants divided by fifteen (15) and further divided by two (2); (ii) minus the ratio of the total qualified Direct Positions and Independent Direct Positions to five hundred twenty-five (525), multiplied by the quotient obtained in (i). With respect to the first calculation pursuant to this Section 11.3 on the first Test Date at the expiration of the Preliminary Period, the Employment Target may be satisfied through a combination of Direct Positions and Independent Direct Positions which are filled on a full-time basis of at least thirty (30) hours per week for a period of four and one-half months (4½) months during the six (6) months prior to the first calculation pursuant to this Section 11.3.

11.4. Repayment Calculation - Compensation Target. If, at the expiration of the Preliminary Period, and continuing through the Test Period, as measured annually on the Test Date, the Sponsor has employed a minimum of fifty-five (55) total full-time Direct Positions and Independent Direct Positions, but has not met the Compensation Target, the Sponsor upon written notice shall pay to the State an amount calculated as follows: (i) the total amount disbursed by the State pursuant to the Grants divided by fifteen (15) and further divided by two (2); (ii) minus the ratio of the average annual compensation of all those Direct Positions and Independent Positions as designated by the Sponsor to Seventy-five Thousand Dollars (\$75,000.00), multiplied by the quotient obtained in (i). With respect to the first calculation pursuant to this Section 11.4 on the first Test Date at the expiration of the Preliminary Period, the average annual compensation shall be calculated by using the amount of compensation paid during months thirty-one (31) through thirty-six (36) after the Closing Date to full-time Direct Positions and Independent Direct Positions designated by the Sponsor and then multiplied by two (2).

11.5. Repayment Calculation – After Preliminary Period. If, at any time after the expiration of the Preliminary Period, as measured annually on the Test Date, the Sponsor shall not maintain a minimum of fifty-five (55) total full-time Direct Positions and Independent Direct Positions, the Sponsor shall pay to the State an amount calculated as follows: (i) the total amount disbursed by the State pursuant to the Grants; (ii) minus the product of the total amount disbursed by the State pursuant to the Grants divided by fifteen (15) multiplied by the number of years, beginning after the end of the Preliminary Period, the Sponsor has employed at least fifty-five (55) total Direct Positions and Independent Direct Positions; (iii) minus any amounts previously paid by the Sponsor pursuant to the Repayment Calculations set forth in Sections 11.2, 11.3, and 11.4.

11.6. Tax Incentive Penalties. The repayment obligations described in this Section 11 shall be in addition to any provisions of the State's laws pertaining to repayment, recalculation, or penalties in the event the Sponsor shall receive a benefit or economic incentive, including the Amendment 82 Financing described in this Agreement, for which the Sponsor shall later be deemed to have been ineligible.

11.7. Other. In the event that the Sponsor shall fail to comply with the terms and conditions of this Agreement other than those terms and conditions relating to the Investment Requirement and the Position Creation Requirement, the Sponsor may also be subject to penalties or remedies permitted by applicable law.

12. Conditions of the State. In addition to all other conditions set forth in this Agreement and the Amendment 82 Requirements, the obligations of the State pursuant to this Agreement shall be subject to the satisfaction of following conditions on or before the Closing Date:

12.1. Negotiation and execution of all documents pertaining to the issuance of the Bonds on terms and conditions satisfactory to the State.

12.2. Negotiation and execution of the Incentive Loan Documents on terms and conditions satisfactory to the State.

12.3. Satisfactory completion of the actions required by the Governor, the General Assembly, the Commission, the Authority, the Department, and all other officials pursuant to the Amendment 82 Requirements.

12.9. All of the covenants and obligations that the Sponsor is required to perform or to comply with pursuant to this Agreement on or prior to the Closing Date shall have been performed and complied with in all material respects.

13. Conditions of the Sponsor. In addition to all other conditions set forth in this Agreement and the Amendment 82 Requirements, the obligations of the Sponsor pursuant to this Agreement shall be subject to the satisfaction of following conditions on or before the Closing Date:

13.1. Satisfactory negotiation and execution of all documents pertaining to the issuance of the Bonds.

13.2. Negotiation and execution of the Incentive Loan Documents on terms and conditions satisfactory to the Sponsor.

13.3. Negotiation and execution of the Advantage Arkansas Agreement, the Escrow Agreement with respect to the Capital Commitments, the Financial Incentive Agreement, the Joint Marketing Agreement, the Training Agreement, and all other contracts specifically identified in this Agreement on terms and conditions satisfactory to the Sponsor.

13.4. Satisfactory completion of the actions required by the Governor, the General Assembly, the Commission, the Authority, the Department, and all other officials pursuant to the Amendment 82 Requirements.

13.5. Any special legislation required for any of the economic incentives described in this Agreement, including the Recycling Tax Legislation and Utility Tax Legislation, shall have been approved by the General Assembly and the Governor.

13.6. Approval by the Sponsor of the Capital Commitments and the closing of all transactions in connection with the Capital Commitments.

14. Due on Sale.

14.1. No Assumption. If a Change of Control Event is announced by the Sponsor and the Announced Controlling Party shall not agree in writing to assume all of the rights and obligations of the Sponsor pursuant to this Agreement and all related agreements executed in connection with the Project, the Sponsor shall, upon written notice by the Commission and the Authority, cause the Announced Controlling Party to pay to the State prior to consummation of the Change of Control Event an amount calculated as follows: (i) the total amount disbursed by the State pursuant to the Grants; (ii) minus the product of the total amount disbursed by the State pursuant to the Grants divided by fifteen (15) and then multiplied by the number of years beginning after the end of the Preliminary Period, the Sponsor has employed at least fifty-five (55) total Direct Positions and Independent Direct Positions; and (iii) minus any amounts previously paid by the Sponsor pursuant to the Repayment Calculations set forth in Section 11 as a result of failing to achieve and maintain the Employment Target or the Compensation Target.

14.2. Assumption Subsequent to Investment Requirement Being Met. If a Change of Control Event is announced by the Sponsor subsequent to the Investment Requirement having been satisfied and the Announced Controlling Party shall agree in writing to assume all of the rights and obligations of the Sponsor pursuant to this Agreement and all related agreements executed in connection with the Project, but the Commission and the Authority reasonably determine that the Announced Controlling Party is unlikely to achieve and maintain the Employment Target or the Compensation Target, the Sponsor shall, upon written notice by the Commission and the Authority, cause the Announced Controlling Party prior to consummation of the Change of Control Event to fund an Escrow Account in an amount calculated as follows: the product of the total amount disbursed by the State pursuant to the Grants divided by fifteen (15) and then multiplied by the number of years remaining until the expiration of the Test Period divided by two (2) with such years remaining until the expiration of the Test Period to be no greater than fifteen (15). In any year in which the Announced Controlling Party shall fail to achieve and maintain the Employment Target or the Compensation Target, the Commission and the Authority shall

withdraw an amount from such Escrow Account equal to the amount determined pursuant to the applicable Repayment Calculations for that particular year. If the Announced Controlling Party maintains the Employment Target and the Compensation Target for the three (3) consecutive years following the later of the Change of Control Event and the end of the Preliminary Period, all amounts in the Escrow Account shall be released and returned to the Announced Controlling Party. The rights of the State upon a Change of Control Event will include, among other rights, the proportional right to vote alongside all other Senior Term Lenders on matters related to any Change of Control Event. The Commission and the Authority shall not have the right to seek the establishment of the Escrow Account if a majority of the Senior Term Lenders inclusive of the State but not including those affiliated with the Sponsor or the Announced Controlling Party, commit in writing to permit assumption of their respective debts by the Announced Controlling Party on the same or substantially similar terms and conditions as those in existence immediately prior to the execution of definitive documents related to the Change of Control Event. A majority of the Senior Term Lenders shall be determined by the amounts due by the Sponsor to each such Senior Term Lender inclusive of the State but not including those affiliated with the Sponsor or the Announced Controlling Party immediately prior to the execution of definitive documents related to the Change of Control Event.

14.3. Assumption Prior to Investment Requirement Being Met. If a Change of Control Event is announced by the Sponsor prior to the Investment Requirement having been met and the Announced Controlling Party shall agree in writing to assume all of the rights and obligations of the Sponsor pursuant to this Agreement and all related agreements executed in connection with the Project, but the Commission and the Authority reasonably determines that the Announced Controlling Party is unlikely to achieve and maintain the Employment Target or the Compensation Target, the Sponsor shall, upon written notice by the Commission and the Authority, cause the Announced Controlling Party, prior to consummation of the Change of Control Event, to fund the Escrow Account in an amount calculated as follows: the product of the total amount disbursed by the State pursuant to the Grants divided by fifteen (15) and then multiplied by the number of years remaining until the expiration of the Test Period with such years remaining until the expiration of the Test Period to be no greater than fifteen (15). In any year during the Test Period in which the Announced Controlling Party shall fail to achieve and maintain the Employment Target or the Compensation Target, the Commission and the Authority shall withdraw an amount from the Escrow Account equal to the amount determined pursuant to the applicable Repayment Calculations for that particular year. If the Announced Controlling Party shall achieve and maintain the Employment Target and the Compensation Target for the six (6) consecutive years following the later of the end of the Preliminary Period and the establishment of the Escrow Account, all amounts in the Escrow Account shall be released and returned to the Announced Controlling Party. If the Announced Controlling Party shall fail to achieve and maintain the Employment Target and the Compensation Target for the three (3) consecutive years following the later of the end of the Preliminary Period and the establishment of the Escrow Account, all amounts in the Escrow Account shall be released to the State and shall become the property of the State and neither the State, the Commission, nor the Authority shall have any obligation to make any of such funds available to the Announced Controlling Party or any other Person. The Commission and the Authority shall have the right to seek the establishment of the Escrow Account whether or not a majority of the Senior Term Lenders commit in writing to permit assumption of their respective debts by the Announced Controlling Party on the same or substantially similar terms as those in existence immediately prior to the execution of definitive documents related to the Change of Control Event.

14.4. Assumption Prior to End of Availability of Economic Incentives. If a Change of Control Event is announced by the Sponsor, any economic incentives, including proceeds from the Amendment 82 Financing, set forth in this Agreement that have not been previously made available to the Sponsor prior to the announcement of the Change of

Control Event shall no longer be available to either the Sponsor or the Announced Controlling Party. If the announced Change of Control Event shall not be consummated and no more than nine (9) months have elapsed since the Change of Control Event was first announced and the Sponsor provides written notice that the announced Change of Control Event shall not be consummated, any economic incentives, including proceeds from the Amendment 82 Financing, set forth in this Agreement that have not been previously made available to the Sponsor shall be reinstated and shall be available to the Sponsor as set forth in this Agreement, to the extent consistent with applicable law.

15. Confidentiality and Non-Disclosure. The Parties recognize that certain information and records provided by the Sponsor to the Commission or the Authority include trade secrets or other information which, if disclosed, would give advantage to competitors of the Sponsor, or include records related to the Sponsor's planning, site location, expansion, operations, product development or marketing (collectively, "Confidential Business Information"). Such records are generally exempt from public disclosure under the terms of the Arkansas Freedom of Information Act, A.C.A. § 25-19-101 et seq. Neither the Parties to this Agreement nor any Related Entity, affiliate, or representative of any Party, shall make any disclosure of Confidential Business Information without the prior written consent of any other Party; provided however, that a Party may make such a disclosure without the consent of any other Party if the disclosure is: (a) compelled by legal, accounting, or regulatory requirements applicable to and beyond the reasonable control of the Party; (b) necessary to proceed with the intentions and agreements contained in this Agreement as they specifically relate to any Related Entity, affiliate, or representative of any Party; (c) necessary to obtain legislative approval of the undertakings set forth in this Agreement; or (d) required under applicable law binding upon the disclosing Party. The Party making a disclosure described in (c) of this Section 15 shall give prior written notice of the proposed disclosure to the other Party. The Party making a disclosure described in (a) or (d) of this Section 15 shall give prior written notice of the proposed disclosure to the other Party if the disclosing Party can do so and still comply with the requirement or law compelling the disclosure; otherwise the disclosing Party shall give written notice contemporaneously with or as soon as reasonably practicable following the disclosure.

16. Incentives Not Accepted. To the extent that the Sponsor shall not accept for whatever reason any portion of the funds or economic incentives set forth in this Agreement, neither the State, the Commission, nor the Authority shall have any obligation to replace the value of the funds or economic incentives not accepted, inclusive of the value of any matching funds, with other funds or economic incentives.

17. Public Reporting Requirements. The Sponsor acknowledges and agrees to comply with the public reporting, monitoring, auditing, and other reporting requirements of the Act set forth in A.C.A. §§ 15-4-3206 (2011 Revision), 15-4-3221 (2011 Revision), and 15-4-3224 (2011 Revision). The Sponsor shall reasonably cooperate with the State by providing such documents, records, and other information to the State as may be necessary to comply with the public reporting, monitoring, auditing, and other reporting requirements of the Act set forth in A.C.A. §§ 15-4-3206 (2011 Revision), 15-4-3221 (2011 Revision), and 15-4-3224 (2011 Revision). The Sponsor shall reasonably cooperate with all audits and verifications by the State, including without limitation the Commission and the Authority, of all accounts related to the construction, operation, and maintenance of the Project. The Sponsor shall maintain and make available all documents, records, and other information pertaining to items contained in the terms and conditions of this Agreement for annual audit by the Chief Fiscal Officer, and upon request, but no more often than annually, by the Office of Economic and Tax Policy or a Person retained by the Office of Economic and Tax Policy. The Sponsor shall comply with all auditing and reporting requirements of any state or federal regulatory agency or other Governmental Authority that may have jurisdiction over the Sponsor. The Sponsor shall cause all Related Entities of Sponsor who

receive Amendment 82 Financing to comply with the reporting requirements of the Act set forth in A.C.A. §§ 15-4-3206 (2011 Revision), 15-4-3221 (2011 Revision), and 15-4-3224 (2011 Revision).

18. Reporting of Independent Direct Positions. Act

10-1-201. Title.

This subchapter shall be known and may be cited as the "Judicial Proceedings Legislative Standing and Intervention Act".

10-1-202. Findings – Declaration of public policy – Legislative intent.

(a) The General Assembly finds that:

(1) The proper interpretation, implementation, and administration of the constitution and laws of the state are matters of great public interest and significant and distinct importance to the General Assembly;

(2) Separate, distinct, and distinguishable from the general public, a member has:

(A) A plain, direct, and adequate interest in maintaining the effectiveness of the votes for an act; and

(B) An informed, direct, personal, and official stake in ensuring the proper interpretation and administration of an act;

(3) As evidenced by legislative proceedings of the Eighty-Ninth General Assembly during the 2013 Regular Session, members of the General Assembly and the Attorney General sometimes disagree about the constitutionality of a proposed act;

(4) Especially when the Attorney General has publicly questioned the constitutionality of a proposed act, the state is best served by permitting a member to present arguments to defend or assert the constitutionality of the act;

(5) The perspective provided by a member would be beneficial to the court in determining the constitutionality of an act;

(6) No harm will result by permitting a member the right to facilitate the proper disposition of cases involving the constitutionality of an act; and

(7) If a circumstance described in § 10-1-204 exists, the state's interests can be adequately represented only by authorizing a member in his or her official capacity to intervene as a matter of right, defend, or prosecute a judicial proceeding concerning the constitutionality of an act.

(b) For the reasons stated in subsection (a) of this section and to promote the proper interpretation, implementation, and administration of state law and to ensure adequate representation, the General Assembly declares that it is the public policy of this state and the intent of this subchapter to allow a member legal standing in the member's official capacity as a matter of right to advocate or defend the constitutionality of an act in a judicial proceeding.

 - (C) Lead sponsor of an act in the House of Representatives; or

10-1-204. Legislative standing and intervention rights.

(a) At any stage of a judicial proceeding, a member has, as a matter of right, standing in the member's official capacity and the right to intervene in the judicial proceeding to assert, defend, or establish the constitutionality of an act if:

- (1) The act became law after the act was vetoed by the Governor;
- (2) The constitutionality of the act is formally or informally questioned by the Attorney General; or
- (3) The Attorney General for any reason fails or refuses to:
 - (A) File in a judicial proceeding a responsive pleading to defend the constitutionality of the act;
 - (B) Enter an appearance or file an appeal in a judicial proceeding concerning the constitutionality of the act;
 - (C) File a responsive pleading or brief to defend the constitutionality of the act; or
 - (D) Present appropriate evidence to support or rebut a claim concerning the constitutionality of the act.

(b) The General Assembly may appropriate funds to pay attorney's fees and expenses incurred by a member under this section.

10-1-205. Applicability.

This subchapter does not:

- (1) Supersede a law or constitutional provision concerning the authority of the Attorney General to perform the duties of his or her office; or
- (2) Prevent the Attorney General from performing the duties of his or her office.

Amendment No. 1 to SENATE BILL NO. 887

Amend **Senate Bill No. 887** as engrossed, S3/14/13:

Delete everything after the enacting clause and substitute the following:

SECTION 1. Arkansas Code Title 20, Chapter 9, is amended to add an additional subchapter to read as follows:

Subchapter 13 — Arkansas Peer Review Fairness Act

20-9-1301. Title.

This subchapter shall be known and may be cited as the "Arkansas Peer Review Fairness Act".

20-9-1302. Findings and intent.

(a) The General Assembly finds that:

(1) The peer review process is well established as the most important and effective means of monitoring quality and improving care within an institution;

(2)(A) Peer review is essential to preserving the highest standards of medical practice.

(B) However, peer review that is not conducted fairly results in harm to both patients and physicians by limiting access to care and patient choice; and

(3) It is necessary to balance carefully the rights of patients who benefit by peer review with the rights of those who may be harmed by improper peer review.

(b) The General Assembly intends that peer review be conducted fairly for the benefit of the citizens of the State of Arkansas.

20-9-1303. Definitions.

As used in this subchapter:

(1) "Adversely affect," when used in reference to clinical privileges or medical staff membership, means deny, reduce, restrict, suspend, revoke or fail to renew;

(2) "Hospital" means a health care facility licensed as a hospital by the Division of Health Facility Services of the Department of Health under § 20-9-213;

(3) "Governing body" means a hospital's board of directors, board of trustees or other body, or duly authorized subcommittee thereof, which has authority to take final action regarding a professional review action.

(4) "Investigation" means a process conducted by a professional review body to obtain facts related to a concern or complaint about a physician in order to determine whether a professional review action should be requested or recommended;

(5) "Medical staff" means the physicians and other licensed practitioners who are approved and given privileges to provide health care to patients in the hospital.

(6) "Professional review action" means an action or recommendation of a professional review body that is taken or made in the conduct of professional review activity and that:

(A) Is based on an individual physician's competence or professional conduct that adversely affects or could adversely affect the health or welfare of a patient or patients; and

(B) Adversely affects or may adversely affect the hospital membership or clinical privileges of the physician.

(7)(A) "Professional review activity" means an activity with respect to an individual physician:

(i) To determine whether the physician may have clinical privileges at a hospital or membership in the hospital's medical staff;

(ii) To determine the scope or conditions of such clinical privileges or medical staff membership, or

(iii) To change or modify such clinical privileges or medical staff membership.

(B) "Professional review activity" includes an investigation, as defined in this section; and

(8)(A) "Professional review body" means a hospital, its governing body or its medical staff when any of these bodies are conducting a professional review activity.

(B) "Professional review body" includes, without limitation, a peer review committee of a hospital as defined by § 20-9-501, and any committee or subcommittee or third party contractor of the hospital, medical staff or governing board, when performing or assisting in the performance of a professional review activity.

20-9-1304. Standards for professional review actions and professional review activities.

(a) Professional review activity shall be conducted and professional review actions shall be taken in compliance with the requirements of the Health Care Quality Improvement Act of 1986, 42 U.S.C. § 11101, et seq. and the additional requirements of this subchapter.

(b)(1) A physician shall be promptly notified when he or she is referred for an investigation for a possible professional review action.

(2) A physician has an absolute right to seek legal representation and engage an attorney to advise and assist the physician concerning any phase of a professional review activity.

(c)(1)(A) If at any stage of a professional review activity, an attorney is participating on behalf of a peer review body, then the physician under review also shall be permitted to have independent legal counsel participating in the peer review activity.

(B) This provision does not entitle the physician's attorney to appear at any proceeding where an attorney participating on behalf of the peer review body is not present, except as provided in subsection (g)(1).

(2)(A) If the attorney representing or advising a professional review body is employed by the hospital or from a firm regularly utilized by the hospital, the physician may request that the peer review body use an attorney not employed by the hospital or from a firm regularly utilized by the hospital.

(B) If the peer review body declines to do so, and if review is had under § 20-9-1307, the court shall consider the impact of this decision, if any, in determining whether to grant equitable relief.

(d) The hospital shall provide all relevant information to the professional review body and the physician, whether inculpatory or exculpatory to the hospital or physician.

(e) During an investigation, the physician under review shall be given the opportunity to discuss the case with the individual or individuals conducting a professional review activity prior to any recommendation or decision that adversely affects, or may affect, the physician.

(f) A physician who is the subject of a proposed professional review action shall be given notice of the proposed professional review action, the basis for the proposed action, and the right to a hearing.

(g) If a hearing is held in connection with a professional review action:

(1) The physician who is the subject of the action has the right to:

(A) Be present and present evidence on his or her own behalf; and

(B) Be represented by an attorney or another individual of the physician's choice at the hearing.

(2) If the professional review body uses a hearing officer or arbitrator for a proceeding related to a professional review action, the individual serving in this role shall be independent and shall not be employed by the hospital or from a firm that regularly represents either the hospital or the physician who is under review.

(h) If a professional review body determines that it is appropriate under the circumstances, the professional review body may:

(1) Engage independent legal counsel to review a professional review action before a final recommendation is made or final action is taken; or

(2) Engage an independent and qualified third party to assist with conducting all or part of the professional review activity.

(i) A physician under review shall be afforded a reasonable opportunity to challenge the impartiality of a hearing officer, arbitrator, or member of a hearing panel for a professional review action.

20-9-1305 Medical staff bylaws.

The General Assembly encourages medical staffs to obtain independent counsel to review medical staff bylaws to ensure that they contain provisions that comply with this subchapter.

20-9-1306 Suspensions.

(a) If failure to take a professional review action may result in an imminent danger to the health of any individual, the hospital may immediately suspend or restrict the medical staff membership or clinical privileges of a physician.

(b) If an action is taken under subsection (a) of this section, then the hospital shall follow all the other provisions of this subchapter as soon as practicable following the suspension or restriction.

(c) In the case of a suspension or restriction of clinical privileges, for a period of not longer than fourteen (14) days, during which an investigation is being conducted to determine the need for a professional review action:

(1) No hearing is required to be held regarding the suspension;

(2) The professional review body shall follow the notice provisions of this subchapter; and

(3) The physician shall be given the opportunity to discuss the case with the individual or individuals conducting the investigation during the fourteen (14) days before any recommendation or decision is made about continuing the suspension or restriction.

20-9-1307 Actions for equitable relief permitted.

(a) A physician may seek an injunction or other equitable relief to correct an erroneous decision or procedure under this subchapter. The review shall be limited to a review of the record.

(b)(1) If a physician prevails under subsection (a), the physician shall be entitled to reasonable attorney's fees and costs as determined by the court.

(2) A defendant who prevails shall be entitled to reasonable attorney fees and costs as determined by the court to the extent permitted under the Health Care Quality Improvement Act at 42 U.S.C. § 11113.

(c) Except as otherwise expressly permitted by law:

(1) No professional review body, or any of its members, agents or employees shall be subject to liability for civil damages as a result of making a decision or recommendation in good faith and without malice in connection with a professional review activity or professional review action; and

(2) No individual or entity shall be subject to liability for civil damages as a result of acting in good faith and without malice in furnishing any records, information, or assistance to a professional review body in connection with a professional review activity.

20-9-1308. Relationship to other laws and regulations.

(a)(1) All proceedings and records related to a professional review activity, including all meetings, interviews, reports, statements, minutes, memoranda, notes, investigative compilations and the contents thereof, and all other information and materials relating to professional review activities shall be confidential and are included within the categories of records and proceedings that are exempt from discovery and disclosure pursuant to § 16-46-105(a)(1) and § 20-9-503.

(2) Nothing in this subchapter shall affect the admissibility in evidence in any action or proceeding of the medical records of any patient.

(b) Nothing in this subchapter shall be construed to abrogate the immunities or confidentiality provisions of the Healthcare Quality Improvement Act, 42 U.S.C. §§ 11101 et seq., or Arkansas Code § 17-1-102, § 20-9-501 et seq., or § 16-46-105.

SECTION 2. DO NOT CODIFY. SEVERABILITY CLAUSE. If any provision of this act or the application of this act to any person or circumstance is held invalid or unconstitutional, the invalidity or unconstitutionality does not affect other provisions or applications of this act which can be given effect without the invalid or unconstitutional provision or application, and to this end the provisions of this act are severable."

(b)(1)(A) Whenever the department proposes to finalize a state implementation plan submittal for review and approval by the United States Environmental Protection Agency, it shall cause notice of its proposed action to be published in a newspaper of general circulation in the state.

(B) The notice required under subdivision (b)(1)(A) of this section shall afford any interested party at least thirty (30) calendar days in which to submit comments on the proposed state implementation plan submittal in its entirety.

(C)(i) In the case of any emission limit, work practice or operational standard, environmental standard, analytical method, air dispersion modeling requirement, or monitoring requirement that is incorporated as an element of the proposed state implementation plan submittal, the record of the proposed action shall include a written explanation of the rationale for the proposal, demonstrating the reasoned consideration of the factors in § 8-4-312 as applicable, a need for each measure in attaining or maintaining the National Ambient Air Quality Standards, and that any requirements or standards are based upon generally accepted scientific knowledge and engineering practices.

(B)(i) The department's final decision shall include a response to each issue raised in any public comments received during the public comment period. The response shall manifest reasoned consideration of the issues raised by the public comments and shall be supported by appropriate legal, scientific, or practical reasons for accepting or rejecting the substance of the comment in the department's final decision.

(ii) For the purposes of this section, response to comments by the department should serve the roles of both developing the record for possible judicial review of a state implementation plan decision and serving as a record for the public's review of the department's technical and legal interpretations on long-range regulatory issues.

(iii) This section does not limit the department's authority to raise all relevant issues of regulatory concern upon adjudicatory review by the Arkansas Pollution Control and Ecology Commission of a particular state implementation plan decision.

(c)(1) Only those persons that submit comments on the record during the public comment period have standing to appeal the final decision of the department to the commission upon written application made within thirty (30) days after service of the notice under subdivision (b)(2)(A).

"SECTION 1. LEGISLATIVE FINDINGS. The General Assembly finds that:

(1) It is the duty of the state of Arkansas to provide a general, suitable, and efficient system of free public schools to the children of the state, under Arkansas Constitution Article 14, § 1;

(2) The General Assembly is obligated to ensure the provision of an adequate and equitable system of education;

(3) Evidence presented to the Senate Committee on Education and the House Committee on Education in March 2013 shows that the current method of funding at the three (3) designated levels of funding is not associated with achievement gains;

(4)(A) While the state's goal in providing this funding is to provide a greater level of resources to school districts with the highest concentration of economically disadvantaged students, the method of funding unfairly allocates funding.

(B) The method uses tiers based on the percentage of economically disadvantaged students in a school districts, with significant differences between the funds allocated to school districts in each tier.

(C) Because of the tiered approach, it is possible for two (2) school districts separated by only a one percent (1%) difference in the percentage of economically disadvantaged students to receive significantly different amounts of funding;

(5) Some school districts with the lowest percentage of economically disadvantaged students are being overfunded and some school districts with the highest percentage of economically disadvantaged students are being underfunded;

(6) Currently, the funding method does not differentiate between the family income levels of students who are at significantly different poverty levels; and

(7) The Senate Committee on Education and the House Committee on Education have recommended in the Supplement to Report on Legislative Hearings for the 2012 Interim Study on Educational Adequacy that a smoother funding formula be developed to:

(A) Replace the current national school lunch state categorical funding mechanism with a smoother funding model that provides funding for economically disadvantaged students on a sliding scale; and

(B) Weight the funding to provide more money to school districts for students who under federal poverty guidelines qualify for free meals than it provides to students who qualify for reduced-priced meals.

SECTION 2. Arkansas Code § 6-20-2303(12), concerning the definition of "national school lunch students", is amended to read as follows:

~~(12)(A) "National school lunch students~~ Economically disadvantaged student means, ~~those students or the percentage of enrolled students from low socioeconomic backgrounds as indicated by eligibility for free or reduced-price meals under the National School Lunch Act as determined on October 1 of each previous school year and submitted to the Department of Education, unless the school district is identified by the Department of Education as participating in the special assistance certification and reimbursement alternative implemented under 42 U.S.C. § 1759a, as interpreted in 7 C.F.R. § 245.9. a~~

student whose family income is at or below one hundred eighty-five percent of the federal poverty guidelines;

~~(B) If the school district is participating under 42 U.S.C. § 1759a, then for purposes of funding under § 6-20-2305(b), such a school district's annual percentage of national school lunch students shall be equal to the percentage submitted in the base year, which means the last school year for which eligibility determinations were made and meal counts were taken by type;~~

SECTION 3. Arkansas Code § 6-20-2305(b)(4)(A) and (B), concerning national school lunch student state categorical funding, are amended to read as follows:

~~(4)(A)(i) National school lunch state categorical funding for each identified national school lunch student shall be as follows~~ Funding for economically disadvantaged students is based on the following formula using numbers of economically disadvantaged students from the immediately preceding school year:

~~(i) For a school district in which ninety percent (90%) or greater of the previous school year's enrolled students are national school lunch students, the amount of per-student national school lunch state categorical funding shall be one thousand five hundred eighteen dollars (\$1,518) for the 2011-2012 school year, and one thousand five hundred forty nine dollars (\$1,549) for the 2012-2013 school year and for each school year thereafter;~~

~~(ii) For school districts in which at least seventy percent (70%) but less than ninety percent (90%) of the previous school year's enrolled students are national school lunch students, the amount of per-student national school lunch state categorical funding shall be one thousand twelve dollars (\$1,012) for the 2011-2012 school year, and one thousand thirty three dollars (\$1,033) for the 2012-2013 school year and for each school year thereafter; and~~

~~(iii) For school districts in which less than seventy percent (70%) of the previous school year's enrolled students are national school lunch students, the amount of per-student national school lunch state categorical funding shall be five hundred six dollars (\$506) for the 2011-2012 school year, and five hundred seventeen dollars (\$517) for the 2012-2013 school year and each school year thereafter.~~

(a) The weighted number of economically disadvantaged students is calculated as follows:

(1) A tier 1 weighting factor between one (1) and two (2) multiplied by the number of tier 1 students in the school district whose family income is at or below one hundred thirty percent (130%) of the federal poverty guidelines; plus

(2) A tier 2 weighting factor of less than one (1) multiplied by the number of tier 2 students in the school district whose family income is above one hundred thirty percent (130%) of the federal poverty guidelines but not more than one hundred eighty-five percent (185%) of the federal poverty guidelines;

(b) The percentage the weighted number of economically disadvantaged students is calculated by:

(1) Dividing the weighted number of economically disadvantaged students under subdivision (4)(A)(1)(a) of this section by the total student enrollment for the school district; or

(2) If the school district is participating under 42 U.S.C. § 1759a, applying the tier 1 and tier 2 weighting factors to the school district's annual percentage of students eligible for free and reduced-price meals as submitted in the base year, which is the last school year for which eligibility determinations were made and meal counts were taken by type;

(c) An upward-sloping funding curve is derived by multiplying together the following three (3) factors:

(1) The percentage of the weighted number of economically disadvantaged students raised to an exponent of between two (2) and three (3), inclusive;

(2) The base funding amount; and
(3) The weighted number of economically disadvantaged students in the school district under subdivision (4)(A)(1)(a) of this section.

(ii) For the 2013-2014 school year, and each school year thereafter:

(a) The tier 1 weighting factor is one and twenty-five hundredths (1.25);

(b) The tier 2 weighting factor is seventy-five hundredths (.75);

(c) The exponential sloping term is two and six hundred twenty-five one-thousandths (2.625);

(d) The base funding amount per year is one thousand thirty-three dollars (\$1,033); and

(e) The least amount of funding that a school district shall receive is two hundred dollars (\$200) per weighted economically disadvantaged student.

~~(B)(i)(a) Except as provided under subdivision (b)(4)(B)(i)(c) of this section, national school lunch state categorical funding under this subdivision (b)(4) shall be based on the number of national school lunch students for the immediately preceding school year determined under § 6-20-2303(12)(A).~~

~~(b) If the school district is participating under 42 U.S.C. § 1759a, funding under this subdivision (b)(4) is based on the percentage determined in § 6-20-2303(12)(B) multiplied by the number of enrolled students for the immediately preceding school year.~~

~~(e)(B) The per-student national school lunch state categorical economically disadvantaged student funding for an open-enrollment public charter school shall be based upon the current school year enrollment:~~

~~(1)(i) In the initial year of operation for an open-enrollment public charter school; or~~

~~(2)(ii) In a year in which an open-enrollment public charter school adds a grade.~~

~~(ii)(a) If a school district will receive in the current school year national school lunch state categorical funding under subdivision (b)(4)(A) of this section that is based on a different per student amount of national school lunch state categorical funding than the school district received in the immediately preceding school year, due to a percentage change in national school lunch students, the department shall adjust the funding to the school district in a transitional three-year period.~~

~~(b) The amount of national school lunch state categorical funding under this subdivision (b)(4)(B)(ii) shall be increased or decreased in each year of a three-year transition period by one-third (1/3) of the difference between the amount of national school lunch state categorical funding per student for the current year and the amount of national school lunch state categorical funding per student for the immediately preceding year, adjusted for changes to the funding rates in § 6-20-2305(b)(4)(A).~~

~~(iii)(a) The Department of Education shall establish rules to implement the transitional national school lunch state categorical funding provided in subdivision (b)(4)(B)(ii) of this section.~~

~~(b) The rules shall include the methods of transition for a school district that:~~

~~(1) Experiences a decrease in the amount of national school lunch state categorical funding per student under subdivision (b)(4)(A) of this section;~~

~~(2) Experiences an increase in the amount of national school lunch state categorical funding per student under subdivision (b)(4)(A) of this section; or~~

~~(3) Within a three-year transition period, experiences both a decrease and an increase in the amount of national school lunch state~~

categorical funding per student under subdivision (b)(4)(A) of this section;

~~(iv) Under no circumstances shall a school district be entitled to receive more or less funding as a result of the transitional process than the school district is otherwise entitled to receive under this subdivision (b)(4) based on the school district's national school lunch student population as a percentage of the school district's entire student population.~~

~~(v)(a) A school district that has experienced a significant growth in enrolled students in the previous three (3) years shall receive funding for the expected increase in the number of national school lunch students based on the expected increase in enrolled students based on the levels of funding provided in this section for national school lunch students.~~

~~(b) The State Board of Education shall establish rules to be used by the Department of Education to determine:~~

~~(1) The amount of growth necessary to qualify as significant growth;~~

~~(2) The expected increase in the number of national school lunch students based on the expected increase in enrolled students; and~~

~~(3) Which school districts have experienced a significant growth in enrolled students as necessary to qualify for funding under this subdivision (b)(4)(B)(v).~~

~~(c) The Department of Education shall not be required to adjust or fund a school district's national school lunch students based on the current year's number of national school lunch students enrolled in the school district or the average growth of students in the school district.~~

SECTION 4. Arkansas Code § 6-16-601(d)(1)(B), concerning data collection for postsecondary preparatory programs, is amended to read as follows:

(B) The number of participants who were eligible for free and reduced-price meals under the National School Lunch Act identified as economically disadvantaged students under § 6-20-2305(b)(4);

SECTION 5. Arkansas Code § 6-16-604(a)(2), concerning enrollment in a postsecondary preparatory program, is amended to read as follows:

(2) An eligible student shall receive priority for enrollment in a postsecondary preparatory program if the eligible student ~~qualifies for free and reduced price meals under the National School Lunch Act, 42 U.S.C. § 1751 et seq~~ is identified as an economically disadvantaged student under § 6-20-2305(b)(4).

SECTION 6. Arkansas Code § 6-17-811(2), concerning incentives for teacher recruitment and retention in high-priority districts, is amended to read as follows:

(2)(A) ~~"National school lunch Economically disadvantaged students" has the same meaning as that given to the term in § 6-20-2303(12) means those students or the percentage of enrolled students from low socioeconomic backgrounds as indicated by eligibility for free or reduced price meals under the National School Lunch Act as determined on October 1 of each previous school year and submitted to the Department of Education, unless the school district is identified by the Department of Education as participating in the special assistance certification and reimbursement alternative implemented under 42 U.S.C. § 1759a, as interpreted in 7 C.F.R. § 245.9.~~

~~(B) If the school district is participating under 42 U.S.C. § 1759a, then for purposes of this section, the school district's annual percentage of national school lunch students is equal to the percentage submitted in the base year, which means the last school year for which eligibility determinations were made and meal counts were taken by type;~~

SECTION 7. Arkansas Code § 6-18-1606 is amended to read as follows:
6-18-1606. Implementation.

Beginning with the 2008-2009 school year, the Voluntary Universal ACT Assessment Program may provide each student in grade eleven (11) with the opportunity to take the ACT Assessment while in grade eleven (11) without any charge by using school district funding, including ~~National School Lunch Act~~ economically disadvantaged student funds, to pay for the exams as approved by the Department of Education.

SECTION 8. Arkansas Code § 10-3-2102(h)(1)(B), concerning the biennial adequacy studies, is amended to read as follows:

(B) ~~National school lunch~~ Economically disadvantaged student funding;

SECTION 9. DO NOT CODIFY. The Arkansas Code Revision Commission is directed to correct the following phrases in Title 6 of the Arkansas Code not otherwise amended in this act:

(1) The phrases "national school lunch state categorical", "national school lunch student state categorical", and "national school lunch student categorical" to "economically disadvantaged student";

(2) The phrase "national school lunch students" to "economically disadvantaged students"; and

(3) The phrase "national school lunch student" to "economically disadvantaged student".

SECTION 10. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that it is the state's constitutional obligation to provide a general, suitable, and efficient free system of public schools in the state; that the public school funding distribution changes in this act are needed to ensure that proper funding is provided to public schools and school districts; and that this act is immediately necessary so that public schools and school districts will receive the amount of funding provided under this act for the 2013-2014 school year. Therefore, an emergency is declared to exist and this act being immediately necessary for the preservation of the public peace, health, and safety shall become effective on July 1, 2013."

Subchapter 21 — Health Care Independence Act of 2013

20-77-2101. Title.

This act shall be known and may be cited as the "Health Care Independence Act of 2013".

20-77-2102. Legislative intent.

(a) Notwithstanding any general or specific laws to the contrary, the Department of Human Services is to explore design options that reform the Medicaid Program utilizing the Health Care Independence Act of 2013 so that it is a fiscally sustainable, cost-effective, personally responsible, and opportunity-driven program utilizing competitive and value-based purchasing to:

- (1) Maximize the available service options;
- (2) Promote accountability, personal responsibility, and transparency;
- (3) Encourage and reward healthy outcomes and responsible choices; and
- (4) Promote efficiencies that will deliver value to the taxpayers.

(b)(1) It is the intent of the General Assembly that the State of Arkansas through the Department of Human Services shall utilize a private insurance option for "low-risk" adults.

(2) The Health Care Independence Act of 2013 shall ensure that:

(A) Private health care options increase and government-operated programs such as Medicaid decrease; and

(B) Decisions about the design, operation and implementation of this option, including cost, remain within the purview of the State of Arkansas and not with Washington, D.C.

20-77-2103. Purpose.(a) The purpose of this subchapter is to:

- (1) Improve access to quality health care;
- (2) Attract insurance carriers and enhance competition in the Arkansas insurance marketplace;
- (3) Promote individually-owned health insurance;
- (4) Strengthen personal responsibility through cost-sharing;
- (5) Improve continuity of coverage;
- (6) Reduce the size of the state-administered Medicaid program;
- (7) Encourage appropriate care, including early intervention, prevention, and wellness;
- (8) Increase quality and delivery system efficiencies;
- (9) Facilitate Arkansas's continued payment innovation, delivery system reform, and market-driven improvements;
- (10) Discourage over-utilization; and
- (11) Reduce waste, fraud, and abuse.

(b) The State of Arkansas shall take an integrated and market-based approach to covering low-income Arkansans through offering new coverage opportunities, stimulating market competition, and offering alternatives to the existing Medicaid program.

20-77-2104. Definitions.As used in this subchapter:

- (1) "Carrier" means a private entity certified by the State Insurance Department and offering plans through the Health Insurance Marketplace;
- (2) "Cost sharing" means the portion of the cost of a covered medical service that must be paid by or on behalf of eligible individuals, consisting of copayments or coinsurance but not deductibles;
- (3) "Eligible individuals" means individuals who:
 - (A) Are adults between nineteen (19) years of age and sixty-five (65) years of age with an income that is equal to or less than one hundred thirty-eight percent (138%) of the federal poverty level, including without limitation individuals who would not be eligible for Medicaid under laws and rules in effect on January 1, 2013;
 - (B) Have been authenticated to be a United States citizen or documented qualified alien according to the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996, Pub. L. No. 104-193; and
 - (C) Are not determined to be more effectively covered through the standard Medicaid program, such as an individual who is medically frail or other individuals with exceptional medical needs for whom coverage through the Health Insurance Marketplace is determined to be impractical, overly complex, or would undermine continuity or effectiveness of care;
- (4) "Healthcare coverage" means healthcare benefits as defined by certification or rules, or both, promulgated by the State Insurance Department for the Qualified Health Plans or available on the marketplace;
- (5) "Health Insurance Marketplace" means the vehicle created to help individuals, families, and small businesses in Arkansas shop for and select health insurance coverage in a way that permits comparison of available Qualified Health Plan based upon price, benefits, services, and quality, regardless of the governance structure of the marketplace;
- (6) "Premium" means a charge that must be paid as a condition of enrolling in health care coverage;
- (7) "Program" means the Health Care Independence Program established by this subchapter; and

(8) "Qualified Health Plan" means a State Insurance Department certified individual health insurance plan offered by a carrier through the Health Insurance Marketplace.

20-77-2105. Administration of the Health Care Independence Program.

(a) The Department of Human Services shall:

(1) Create and administer the Health Care Independence Program; and

(2) Submit Medicaid State Plan Amendments and apply for any federal waivers necessary to implement the program in a manner consistent with this subchapter.

(b) Implementation of the program is conditioned upon the receipt of necessary federal approvals.

(c) The program shall include premium assistance for eligible individuals to enable their enrollment in a Qualified Health Plan through the Health Insurance Marketplace.

(d)(1) The Department of Human Services is specifically authorized to pay premiums and supplemental cost-sharing subsidies directly to the Qualified Health Plans for enrolled eligible individuals.

(2) The intent of the payments under subdivision (d)(1) of this section is to increase participation and competition in the health insurance market, intensify price pressures, and reduce costs for both publicly and privately funded health care.

(e) To the extent allowable by law:

(1) The Department of Human Services shall pursue strategies that promote insurance coverage of children in their parents' or caregivers' plan, including children eligible for the ARKids First Program Act, § 20-77-1101, commonly known as the "ARKids B program"; and

(2) During calendar year 2015, the Department of Human Services shall include and seek federal approval for the transition to the Health Insurance Marketplace of:

(3) The Department of Human Services shall develop a strategy to inform Medicaid recipient populations whose needs would be reduced or better served through participation in the Health Insurance Marketplace.

(f) The program shall include allowable cost sharing for eligible individuals that is comparable to that for individuals in the same income range in the private insurance market and is structured to enhance eligible individuals' investment in their health care purchasing decisions.

(g)(1) The State Insurance Department and Department of Human Services shall administer and promulgate rules to administer the program authorized under this subchapter.

(2) No less than thirty (30) days before the State Insurance Department and Department of Human Services begin promulgating a rule under this subchapter, the proposed rule shall be presented to the Legislative Council.

(h) The program authorized under this subchapter shall terminate within one hundred twenty (120) days after a reduction in any of the following federal medical assistance percentages:

(1) One hundred percent (100%) in 2014, 2015,

or 2016;

(2) Ninety-five percent (95%) in 2017;

(3) Ninety-four percent (94%) in 2018;

(4) Ninety-three percent (93%) in 2019; and

(5) Ninety percent (90%) in 2020 or any year after 2020.

(i) An eligible individual enrolled in the program shall affirmatively acknowledge that:
 (1) The program is not a perpetual federal or state right or a guaranteed entitlement;

(2) The program is subject to cancellation upon appropriate notice; and

(3) The program is not an entitlement program.

(j)(1) The Department of Human Services shall develop a model and seek approval from the Center for Medicare and Medicaid Services to allow a limited number of enrollees to participate in a pilot program testing the viability of a Health Saving Account or a Medical Savings Account.

(2) The pilot program shall be implemented during calendar year 2015.

(k)(1) State obligations for uncompensated care shall be projected, tracked, and reported to identify potential incremental future decreases.

(2) The Department of Human Services shall recommend appropriate adjustments to the General Assembly.

(3) Adjustments shall be made by the General Assembly as appropriate.

(l) The Department of Human Services shall track the Hospital Assessment Fee as defined in § 20-77-1902 and report to the General Assembly subsequent decreases based upon reduced uncompensated care.

(1) Program enrollment;

(2) Patient experience;

(3) Economic impact including enrollment distribution;

(4) Carrier competition; and

(5) Avoided uncompensated care.

20-77-2106. Standards of healthcare coverage through the Health Insurance Marketplace.

(a) Healthcare coverage shall be achieved through a qualified health plan at the silver level as provided in 42 U.S.C. §§ 18022 and 18071, as existing on January 1, 2013, that restricts cost sharing to amounts that do not exceed Medicaid cost-sharing limitations.

(b) All participating carriers in the Health Insurance Marketplace shall offer healthcare coverage conforming to the requirements of this subchapter.

(c) To assure price competitive choice among healthcare coverage options, the State Insurance Department shall assure that at least two (2) qualified health plans are offered in each county in the state.

(d) Health insurance carriers offering health care coverage for program eligible individuals shall participate in Arkansas Payment Improvement Initiatives including:

(1) Assignment of primary care clinician;

(2) Support for patient-centered medical home; and

This subchapter shall be in effect until June 30, 2017, unless amended or extended by the General Assembly.

SECTION 2. Arkansas Code Title 19, Chapter 5, Subchapter 11, is amended to add an additional section to read as follows:

19-5-1140. Health Care Independence Program Trust Fund.

(a) There is created on the books of the Treasurer of State, the Auditor of State, and the Chief Fiscal Officer of the State a trust fund to be known as the "Health Care Independence Program Trust Fund".

(b)(1) The Health Care Independence Program Trust Fund shall consist of moneys saved and accrued under the Health Care Independence Act of 2013, § 20-77-2101 et seq.

(2) The fund shall also consist of other revenues and funds authorized by law.

(c) The fund may be used by the Department of Human Services to pay for future obligations under the Health Care Independence Program created by the Health Care Independence Act of 2013, § 20-77-2101 et seq.

SECTION 3. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that the Health Care Independence Program requires private insurance companies to create, present to the Department of Human Services for approval, implement, and market a new kind of insurance policy; and that the private insurance companies need certainty about the law creating the Health Care Independence Program before fully investing time, funds, personnel, and other resources to the development of the new insurance policies. Therefore, an emergency is declared to exist, and this act being immediately necessary for the preservation of the public peace, health, and safety shall become effective on:

(1) The date of its approval by the Governor;

(2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or

(3) If the bill is vetoed by the Governor and the veto is overridden, the date the last house overrides the veto."
