SECTION 8. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that the risk of exposure to coronavirus 2019 (COVID-19) or to severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2) or any of its mutations is causing delays in conducting business and satisfying requirements for notarization and signing of certain documents due to the inability to hold in-person meetings; that a need exists to allow for remote witnessing of certain documents; and that this act is immediately necessary because businesses in Arkansas will suffer, the question as to the legal effectiveness of signatures during a disaster emergency can result in confusion and uncertainty, and it is the intent of the General Assembly that this act be retroactive to prevent further harm to businesses and citizens. Therefore, an emergency is declared to exist, and this act being immediately necessary for the preservation of the public peace, health, and safety shall become effective on:

(1) The date of its approval by the Governor;

(2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or

(3) If the bill is vetoed by the Governor and the veto is overridden, the date the last house overrides the veto."

(COVED-19) pandemic, the Governor removed barriers to the use of telemedicine in an attempt to combat the coronavirus 2019 (COVED-19) pandemic; that these emergency actions will expire when the emergency proclamation expires, which could occur quickly; that on February 26, 2021, the Governor announced that the public health emergency was extended but that the Governor was going to lift some regulations related to the pandemic; that removing barriers to the use of telemedicine ensured that the citizens of Arkansas had the services that they needed, and removing these emergency proclamations regarding telemedicine would greatly disadvantage and harm the citizens of Arkansas who are utilizing telemedicine for healthcare services; that this bill maintains the policy changes allowed under the emergency proclamation, which would allow the citizens of Arkansas greater access to the use of telemedicine for healthcare services; and that this act is immediately necessary to ensure that the citizens of Arkansas have access to healthcare services provided via telemedicine. Therefore, an emergency is declared to exist, and this act being immediately necessary for the preservation of the public peace, health, and safety shall become effective on:

(D) Providing a multitiered approach to academic and behavioral services and support to meet the academic and behavioral achievement needs of each public school student.

(c) A positive behavioral support system and conflict resolution or de-escalation approach implemented by a public school district shall be based on the following principles:

(1) A public school should promote the right of a public school student to be treated with dignity;

(2) A public school student should receive necessary academic, social, emotional, and behavioral support that is provided in a safe and least-restrictive environment possible;

(3) Positive and appropriate academic, social, emotional, or behavioral intervention, as well as mental health support, should be provided routinely to each public school student who needs the intervention or support;

(4) Public school personnel should be trained to provide routinely positive and appropriate academic, social, emotional, or behavioral intervention, as well as mental health support, to each public school student who needs intervention or support;

(9) Each public school student who exhibits an ongoing behavior that interferes with his or her learning or the learning of others, and who is nonresponsive to effectively implemented classroom or administrative intervention, should receive additional intensive behavioral intervention that is based on a functional behavior assessment and data-based problem solving.

(d)(1) A public school shall establish a problem-solving and intervention team for each public school student who exhibits social, emotional, or behavioral difficulty that may, if not addressed, escalate to potentially dangerous behavior.

(2) A problem-solving and intervention team established under subdivision (d)(1) of this section shall include without limitation a team member who is an academic and behavioral assessment and intervention professional.

(3) A problem-solving and intervention team shall:

(A) Work with the public school teachers of a public school student to complete:

(i) A functional behavior assessment of the public school student; and

(ii) An assessment of any problematic situations involving the public school student; and

(B) Consider the need for a behavior intervention plan with the goal of:

(i) Preventing or resolving the social, emotional, or behavioral difficulty of the public school student; and

(ii) Developing a response that will de-escalate and stabilize a potential emergency situation that approaches a dangerous level.

(4) If a public school student is suspected of having a disability that relates to behavioral concerns, the public school shall follow public school district, state, and federal special education procedures.

#### 23-13-803. Marketplace facilitator obligations.

(a) A peer-to-peer car-sharing program that rents or leases a motor vehicle through an online-enabled business platform shall be considered a marketplace facilitator as defined in § 26-52-103.

(b) As a marketplace facilitator, if in the previous calendar year or the current calendar year a peer-to-peer car-sharing program facilitates either aggregate sales of one hundred thousand dollars (\$100,000) or two hundred (200) transactions, the peer-to-peer car-sharing program shall collect and remit the applicable sales tax levied under the Arkansas Gross Receipts Act of 1941, § 26-52-101 et seq.

(c) A peer-to-peer car-sharing platform is obligated to collect and remit the rental vehicle tax levied under § 26-63-302(a)(1)(B).

#### 23-13-804. Airport authority.

A municipal airport commission created under the Airport Commission Act, § 14-359-101 et seq., or a regional airport authority created under the Regional Airport Act, § 14-362-101 et seq., may impose tolls and fees on a peer-to-peer car-sharing program as authorized by §§ 14-359-109 and 14-362-109.

#### 23-13-805. Insurance requirements.

(a) Except as provided in subsection (b) of this section, a peer-to-peer car-sharing program shall assume liability of a shared-vehicle owner for bodily injury or property damage under an automobile liability insurance policy to third parties or uninsured or underinsured motorist or personal injury protection losses during the car-sharing period in an amount stated in the car-sharing program agreement, but the amount shall not be less than those stated in § 27-22-104.

(b) Notwithstanding the car-sharing termination time, the assumption of liability under subsection (a) of this section does not apply to a shared-vehicle owner if:

(1) A shared-vehicle owner makes an intentional or fraudulent material misrepresentation or omission to a peer-to-peer car-sharing program before the car-sharing period in which the loss occurred; or

(2) A shared-vehicle owner has acted in concert with a shared-vehicle driver who fails to return the shared vehicle under the terms of the car-sharing program agreement.

(c) Notwithstanding the definition of car-sharing termination time, the assumption of liability under subsection (a) of this section applies to bodily injury, property damage, and uninsured and underinsured motorist or personal injury protection losses by damaged third parties as applicable to the minimum coverage required in § 27-22-104 by a shared-vehicle owner.

(d) A peer-to-peer car-sharing program shall ensure that during each car-sharing period, a shared-vehicle owner and a shared-vehicle driver are insured under an automobile liability insurance policy that:

(1) Provides insurance coverage in amounts no less than the minimum coverage required in § 27-22-104;

(2) Recognizes that the shared vehicle insured under the automobile liability insurance policy is made available and used through a peer-to-peer car-sharing program; and

(3) Does not exclude the use of a shared vehicle by a shared-vehicle driver.

(e) The insurance requirements under subsection (d) of this section may be satisfied by automobile liability insurance maintained by:

(1) A shared-vehicle owner;

(2) A shared-vehicle driver;

(3) A peer-to-peer car-sharing program; or

(4) Any combination of the persons or entity described in subdivisions

(e)(1)-(3) of this section.

(f) Except as otherwise provided in this section:

(1) The insurance described in subsection (e) of this section that is used to satisfy the insurance requirements of subsection (d) of this section is considered the primary insurance policy during each car-sharing period; and

(2) If a claim occurs in another state with minimum financial responsibility limits higher than the requirements in this state during the car-sharing period, the coverage maintained under subsection (e) of this section shall satisfy the difference in minimum coverage amounts, up to the applicable policy limits.

(g) An insurer or peer-to-peer car-sharing program providing coverage under subsection (d) or subsection (e) of this section shall assume primary liability for a claim if:

(1) A dispute exists as to who was in control of the shared-motor vehicle at the time of the loss and the peer-to-peer car-sharing program does not have available, did not retain, or fails to provide the information required by § 23-13-807; or

(2) A dispute exists as to whether the shared vehicle was returned to the alternatively agreed upon location as required under § 23-13-802(5)(B).

(h) If automobile liability insurance maintained by a shared-vehicle owner or a shared-vehicle driver according to subsection (e) of this section has lapsed or does not provide the coverage required by subsection (d) of this section, then:

(1) Insurance maintained by a peer-to-peer car-sharing program shall provide the coverage required in subsection (d) of this section beginning with the first one dollar (\$1.00) of a claim; and

(2) Except under circumstances described in subsection (b) of this section, a peer-to-peer car-sharing program has the duty to defend a claim.

(i) Coverage under an automobile liability insurance policy maintained by a peer-to-peer car-sharing program is not dependent on:

- (1) Another insurer's first denying a claim; or
- (2) An automobile liability insurance policy's being required to first deny a claim.

(j) This section does not limit the:

- (1) Liability of a peer-to-peer car-sharing program for any act or omission of the peer-to-peer car-sharing program itself that results in injury to any person as a result of the use of a shared vehicle through a peer-to-peer car-sharing program; or
- (2) Ability of a peer-to-peer car-sharing program, by contract, to seek indemnification from a shared-vehicle owner or a shared-vehicle driver for economic loss sustained by a peer-to-peer car-sharing program resulting from a breach of the terms and conditions of the car-sharing program agreement.

23-13-806. Notification of implications of lien.

At the time when a motor vehicle owner registers as a shared-vehicle owner on a peer-to-peer car-sharing program and before the time when a shared-vehicle owner makes a shared vehicle available for car sharing on a peer-to-peer car-sharing program, a peer-to-peer car-sharing program shall notify the shared-vehicle owner that if there is a lien against the shared vehicle, then the use of the shared vehicle through a peer-to-peer car-sharing program, including use without physical damage coverage, may violate the terms of the contract with the lienholder.

23-13-807. Exclusions in automobile liability insurance policies.

(a) An authorized insurer that writes automobile liability insurance in this state may exclude any and all coverage and the duty to defend or indemnify for a claim afforded under a shared-vehicle owner's automobile liability insurance policy, including without limitation:

- (1) Liability coverage for bodily injury and property damage;
- (2) Personal injury protection coverage as defined in Arkansas law;
- (3) Uninsured and underinsured motorist coverage;
- (4) Medical payments coverage;
- (5) Comprehensive physical damage coverage; and
- (6) Collision physical damage coverage.

(b) This subchapter does not invalidate or limit an exclusion contained in an automobile liability insurance policy, including an insurance policy in use or approved for use that excludes coverage for a motor vehicle made available for rent, sharing, or hire for any business use.

(c) This subchapter does not invalidate, limit, or restrict an insurer's ability under existing law to underwrite an insurance policy or to cancel and nonrenew policies.

23-13-808. Record keeping — Use of motor vehicle in peer-to-peer car-sharing program.

(a) A peer-to-peer car-sharing program shall collect, verify, and maintain the records pertaining to the use of a motor vehicle, including without limitation times used, car-sharing period, pick-up and drop-off locations, fees paid by the shared-vehicle driver, and revenues received by the shared-vehicle owner.

(b) Upon request by a shared-vehicle owner, a shared-vehicle driver, an insurer of a shared-vehicle owner, or an insurer of a shared-vehicle driver, a peer-to-peer car-sharing program shall provide the information described in subsection (a) of this section to facilitate a claim coverage investigation, settlement, negotiation, or litigation.

(c) The peer-to-peer car-sharing program shall retain the records for a time period not less than the applicable personal injury statute of limitations.

23-13-809. Exemption — Vicarious liability.

A peer-to-peer car-sharing program and a shared-vehicle owner are exempt from vicarious liability under 49 U.S.C. § 30106, as it existed on January 1, 2021, and under any state law or local ordinance that imposes liability based solely on motor vehicle ownership.

23-13-810. Indemnification — Insurable interest.

(a) An automobile liability insurer that defends or indemnifies a claim against a shared vehicle that is excluded under the terms of the shared vehicle's policy may seek recovery against the automobile liability insurer of the peer-to-peer car-sharing program if the claim is:

(1) Made against the shared-vehicle owner or the shared-vehicle driver for loss or injury that occurs during the car-sharing period; and

(2) Excluded under the terms of the policy.

(b) Notwithstanding any other law to the contrary, a peer-to-peer car-sharing program shall have an insurable interest in a shared vehicle during the car-sharing period.

(c) This section does not create liability on a peer-to-peer car-sharing program to maintain the coverage mandated by this subchapter.

(d) A peer-to-peer car-sharing program may own and maintain as the named insured one (1) or more policies of an automobile liability insurer that provides coverage for:

(1) Liabilities assumed by the peer-to-peer car-sharing program under a car-sharing program agreement;

(2) Any liability of the shared-vehicle owner;

(3) Damage or loss to the shared vehicle; or

(4) Any liability of the shared-vehicle driver.

23-13-811. Consumer protection disclosures.

A car-sharing program agreement made in this state shall disclose to a shared-vehicle owner and a shared-vehicle driver:

(1) Any right of the peer-to-peer car-sharing program to seek indemnification from a shared-vehicle owner or a shared-vehicle driver for economic loss sustained by the peer-to-peer car-sharing program resulting from a breach of the terms and conditions of the car-sharing program agreement;

(2) That an automobile liability insurance policy issued to a shared-vehicle owner for the shared vehicle or to a shared-vehicle driver does not provide a defense or indemnification for a claim asserted by a peer-to-peer car-sharing program;

(3) That a peer-to-peer car-sharing program's insurance coverage of a shared-vehicle owner and a shared-vehicle driver is in effect only during each car-sharing period and that, for any use of the shared vehicle by the shared-vehicle driver after the car-sharing termination time, the shared-vehicle driver and the shared-vehicle owner may not have insurance coverage;

(4) The daily rate, fees, and if applicable, any insurance or protection package costs that are charged to a shared-vehicle owner or a shared-vehicle driver;

(5) That a shared-vehicle owner's automobile liability insurance may not provide coverage for a shared vehicle;

(6) An emergency telephone number to personnel capable of fielding matters related to roadside assistance and other customer service inquiries; and

(7) Whether or not there are conditions under which a shared-vehicle driver shall maintain a personal automobile liability insurance policy with certain applicable coverage limits on a primary basis in order to reserve or book a shared vehicle.

23-13-812. Driver's license verification — Data retention.

(a) A peer-to-peer car-sharing program shall not enter into a car-sharing program agreement with a driver unless the driver who is to operate a shared vehicle:

(1) Holds a driver's license issued under the laws of this state that authorizes the driver to operate a motor vehicle of the class of the shared vehicle;

(2) Is a nonresident who:

(A) Has a driver's license issued by the state or country of the driver's residence that authorizes the driver in that state or country to drive a motor vehicle of the class of the shared vehicle; and

(B) Is at least the same age as that required of a resident of this state to drive; or

(3) Otherwise is specifically authorized by the laws of this state to drive a motor vehicle of the class of the shared vehicle.

(b) A peer-to-peer car-sharing program shall keep a record of:

(1) The name and address of a shared-vehicle driver;

(2) The number of the driver's license of a shared-vehicle driver and each other person, if any, who will operate a shared vehicle; and

(3) The place of issuance of the driver's license of the shared-vehicle driver.

#### 23-13-813. Responsibility for equipment.

(a)(1) A peer-to-peer car-sharing program has sole responsibility for any equipment, including without limitation a global positioning device or other special equipment, that is installed by the peer-to-peer car-sharing program in or on the shared vehicle to monitor or facilitate a car-sharing program agreement.

(2) A peer-to-peer car-sharing program shall agree to indemnify and hold harmless a shared-vehicle owner for any damage to or theft of any equipment installed by the peer-to-peer car-sharing program during the car-sharing period not caused by the shared-vehicle owner.

(b) A peer-to-peer car-sharing program may seek indemnity from a shared-vehicle driver for any loss or damage to the equipment installed by the peer-to-peer car-sharing program that occurs during the car-sharing period.

#### 23-13-814. Automobile safety recalls.

(a) At the time when a vehicle owner registers as a shared-vehicle owner in a peer-to-peer car-sharing program and before the time when a shared-vehicle owner makes a shared vehicle available for car sharing through the peer-to-peer car-sharing program, the peer-to-peer car-sharing program shall:

(1) Verify that the shared vehicle does not have any safety recalls on the shared vehicle for which the repairs have not been made; and

(2) Notify the shared-vehicle owner of the requirements under subsection (b) of this section.

(b)(1) If a shared-vehicle owner has received an actual notice of a safety recall on a shared vehicle, then a shared-vehicle owner shall not make a motor vehicle available as a shared vehicle through a peer-to-peer car-sharing program until the safety recall repair has been made.

(2)(A) If a shared-vehicle owner receives an actual notice of a safety recall on a shared vehicle while the shared vehicle is made available through the peer-to-peer car-sharing program, then the shared-vehicle owner shall remove the shared vehicle as available on the peer-to-peer car-sharing program as soon as practicably possible after receiving the notice of the safety recall.

(B) Until the safety recall repair has been completed, a shared-vehicle owner shall not make a motor vehicle available as a shared vehicle through a peer-to-peer car-sharing program.

(3) If a shared-vehicle owner receives an actual notice of a safety recall while the shared vehicle is being used and is in the possession of the shared-vehicle driver, then, as soon as practicably possible after receiving the notice of the

safety recall, the shared-vehicle owner shall notify the peer-to-peer car-sharing program about the safety recall so that the shared-vehicle owner may address the safety recall repair."

## STATE OF ARKANSAS

**Asa Hutchinson****Governor**

March 22, 2021

Dear President Hickey, Speaker Shepherd, and Members of the General Assembly:

Pursuant to Article 6, Section 15 of the Arkansas Constitution, I inform you today I vetoed Senate Bill 301. The bill is an infringement on the executive's power to enforce the law, and it is an unwise and unconstitutional precedent for the future.

If the rationale of SB 301 is accepted, then it is equivalent to giving the General Assembly veto power over the executive branch in the faithful execution of the laws. The General Assembly defines the law and penalties, but the legislative branch is not constitutionally empowered to change after the fact how law enforcement is carried out.

During the COVID-19 pandemic, the Arkansas Department of Health adopted and enforced directives to mitigate and prevent the spread of a contagious and deadly disease. The Department acted within the authority granted to it by the General Assembly. The Alcoholic Beverage Control took enforcement actions based on decades old health and safety law and policy. The actions by the Department of Health and Alcoholic Beverage Control were consistent with legislative authorization and thus far have withstood two (2) legal challenges brought by members of General Assembly and permittees of the Alcoholic Beverage Control. Additionally, every person or business assessed with a fine had the opportunity to avail themselves of administrative and judicial appeal without payment of fee or hiring an attorney.

The only message sent by this bill is that the rule of law does not matter. It is an affront to those citizens who diligently followed health and safety directives to protect themselves and their fellow Arkansans.

During this legislative session, two (2) bills have gone into law that were filed in response to executive action taken during the pandemic. Senate Bill 254, altering the methods by which the Arkansas Department of Health and Alcoholic Beverage Control may enforce directives, went into law without my signature. I signed Senate Bill 379, a bill that makes sweeping changes to the implementation of the Emergency Services Act during a public health emergency. While I may disagree with aspects of these bills, they are an appropriate exercise of Legislative power. This is in contrast to Senate Bill 301 which directs a refund of penalties assessed and violates the separation of powers between the legislative and executive branches of government.

I look forward to continuing to work with the Legislative Branch as we navigate this unprecedented time. Thank you.

Sincerely,

(SIGNED) ASA HUTCHINSON

(iv)(a) In an action concerning an original child custody determination in a divorce or paternity matter, there is a rebuttable presumption that joint custody is in the best interest of the child.

(b) The presumption that joint custody is in the best interest of the child may be rebutted:

(1) If the court finds by clear and convincing evidence that joint custody is not in the best interest of the child;

(2) If the parties have reached an agreement on all issues related to custody of the child;

(3) If one (1) of the parties does not request sole, primary, or joint custody; or

(4) If a rebuttable presumption described in subsection (c) or subsection (d) of this section is established by the evidence.

(c) The circuit court may enter an order to reduce areas of conflict in a manner determined appropriate by the court.

SECTION 2. Arkansas Code § 9-13-101(b)(1)(A)(ii) and (iii), concerning the award of custody, are amended to read as follows:

(ii) To this effect, the circuit court ~~may~~ shall consider awarding joint custody of a child to the parents in making an order for custody.

(iii) If, at any time, the circuit court finds by a preponderance of the evidence that one (1) parent demonstrates a pattern of willfully creating conflict in an attempt to disrupt a current or pending joint-custody arrangement and the circuit court is unable to enter an order that will reduce areas of conflict caused by the disruptive parent, the circuit court may deem such behavior as a material change of circumstances and may change a joint custody order to an order of primary custody to the nondisruptive parent.

SECTION 3. Arkansas Code § 9-13-101(b)(1)(A), concerning the award of custody, is amended to add additional subdivisions to read as follows:

(vi) A court shall consider the best interest of the child when making a child custody determination.

(vii)(a) A parent who is not granted sole, primary, or joint custody of his or her child is entitled to reasonable parenting time with the child unless the court finds after a hearing that parenting time between the parent and the child would seriously endanger the physical, mental, or emotional health of the child.

(b) At the request of a party, a court shall issue a written order that:

(1) Is specific as to the frequency, timing, duration, condition, and method of scheduling parenting time with a parent who is not granted sole, primary, or joint custody of his or her child; and

(2) Takes into consideration the developmental age of the child.

SECTION 4. Arkansas Code § 9-13-101(b), concerning the award of custody, is amended to add an additional subdivision to read as follows:

(3) After a hearing on the merits of a child custody action, if a court determines that the presumption in subdivision (a)(1)(A)(iv)(a) of this section is rebutted, the court shall enter a written order that includes the following:

(A) Facts, findings, and conclusions of law concerning the basis for the court's determination; and

(B) A parenting time schedule that:

(i) Maximizes the amount of time that each parent has with the child; and

(ii) Is consistent with the best interest of the child."
