Arkansas Department of Education
Biannual Report on the Impact of National School Lunch Categorical Funding on
Closing the Achievement Gap
In compliance with A.C.A. §6-20-2305(b)(4)(E)
May 31, 2014

In accordance with A.C.A. §6-20-2305(b)(4)(E) this report has been compiled and will be transmitted to the House and Senate Committees on Education.

A.C.A. §6-20-2305(b)(4)(E) directed the Arkansas Department of Education (Department or ADE) to report on the Impact of state National School Lunch Act Categorical Funding (NSL) on closing the achievement gap. Section (ii) of this statute directed the Department to submit separate data for each of the NSL funding categories.

There are three categories based on the percentage of enrolled students from low socioeconomic backgrounds as indicated by eligibility for free or reduced-price meals. These categories are 90% or more of the district's students are eligible for free or reduced price meals; less than 90% to 70%; and less than 70%. Section (ii)(a) required the ADE to submit data on how Arkansas school districts are spending NSL funds, and Section (ii)(b) included fund transfers and the explanation of why the transfers were made. Section (ii)(c) directed the Department to expand the analysis of student achievement data evaluated in student achievement growth models, to include the evaluation of the best estimates of classroom, school, and school district effects on narrowing the achievement gap, in addition to the examination of student progress based on established value-added longitudinal calculations.

Expenditure Data

The data required in Section (ii)(a) is reported by general expenditure categories. Attachments A, B, and C show, by district, the amount of NSL funds spent in each expenditure category. The districts are divided into three groups: 90% or more of students eligible for free and reduced lunch (Attachment A); less than 90% to 70% free and reduced lunch (Attachment B); and less than 70% free and reduced lunch (Attachment C).

Below is a detailed description of each general category where NSL funds could be spent, including the identification number corresponding to the program code expenditure categories in the attachments:

- 001 To employ Literacy and/or Mathematics and/or Science Specialists/Coaches (K-12) and /or instructional facilitators that meet the following requirements:

Specialists/Coaches and/or instructional facilitators are educators who assist in curriculum alignment with state curriculum documents; alignment of classroom assessment with statewide exams; instructional strategies; professional development and implementation of training; choosing

standards-based instructional materials; understanding of current research; advantageous arrangement of the instructional day; and integrating technology.

002 To provide research-based Professional Development (PD) in the areas of Literacy and/or Mathematics and/or Science in grades Kindergarten through twelfth grade (K-12) as defined in the Arkansas Department of Education (ADE) rules. Examples of approvable expenditures are:

- on-site training sessions,
- job embedded PD,
- workshops related to Common Core Standards, and
- materials and supplies to support approved PD.

003 To employ highly qualified classroom teachers in grades Kindergarten through twelfth grade (K-12) pursuant to the restrictions set forth in ADE rules. Examples of approvable expenditures are:

- employing teachers in grades K-8 above what is required by the ADE rules (class-size reduction teachers),
- funds to support the salaries of class-size reduction teachers shall only be used to reduce the pupil-to-teacher ratios required by the ADE Standards of Accreditation for each single grade level.

004 To provide research-based before and after-school academic programs. Examples of approvable expenditures are:

- employing staff,
- materials and supplies,
- transportation to and from programs.

005 To provide research-based pre-kindergarten programs that meet the program standards outline in Rules Governing the Arkansas Better Chance program. Examples of approvable expenditures are:

- employing staff,
- research-based professional development,
- materials and supplies.

006 To employ tutors that are able to demonstrate competency (as determined locally) in each area where instruction is provided and tutors must work under the supervision of highly qualified classroom teachers.

007 To employ highly qualified teacher aides/paraprofessionals who must work under the direct supervision of highly qualified teachers.

- 008 To employ licensed counselors and nurses above state mandated levels, licensed mental health counselors, licensed certified social workers or licensed social workers, a coordinated school health coordinator, school resource officer (SRO), and human service workers.
- 009 To employ a curriculum specialist that meets the current licensure requirements that are outlined in the ADE Rules Governing Initial and Standard Administrator Licensure.
- 010 To provide parent education that addresses the whole child. Examples of approvable expenditures are:
- employ Parent Coordinator/Facilitator,
 - research-based professional development,
 - provide parent workshops/training,
 - conduct parents nights,
 - materials and supplies.
- 011 To provide Summer Programs that implement research-based methods and strategies. Examples of approvable expenditures are:
- employing staff,
 - research-based professional development,
 - materials and supplies, and
 - transportation to and from programs.
- 012 To provide early intervention programs. Early intervention means short-term, intensive, focused, individualized instruction developed from ongoing, daily, systematic diagnosis that occurs while a child is beginning in the initial, kindergarten through grade one (K-1), stages of learning social skills, early reading, writing, and mathematical strategies to ensure acquisition of the basic skills and to prevent the child from developing poor behavior and problem-solving habits which become difficult to change. Examples of approvable expenditures are:
- employing staff,
 - research-based professional development,
 - materials and supplies.
- 013 To develop and implement a School Improvement Plan. Examples of approvable expenditures are: comprehensive needs assessment and Scholastic Audit.
- 014 Other activities approved by the ADE that will further the purposes of closing the achievement gap, that include activities that are research-based and activities directed at chronically under-performing schools. Examples of approvable expenditures are:

- substitutes for teachers attending researched-based professional development,
- equipment and supplies,
- technology,
- experience-based field trips tied to an academic content area supported by the Arkansas Frameworks,

- 015 To supplement salaries of classroom teacher according to Arkansas Code and ADE rules.
- 016 Voluntary Universal ACT Assessment Program as outlined in A.C.A 6-18-1606
- 021 To pay for an Arkansas Scholastic Audit identified in A.C.A 6-15-2701
- 022 Paying the expenses of federal child nutrition programs to the extent necessary to provide school meals without charge to all students under the United States Department of Agriculture Special Assistance Alternative "Provision 2" program under 42 U.S.C. § 1759a, as interpreted in 7 C.F.R. § 245.9
- 024 Partnering with local institutions of higher education to remediate students while those students are still in high school so that the students are college and career ready upon graduation from high school
- 025 Providing Teach For America professional development
- 026 Implementing components of the Arkansas Advanced Initiative for Math and Science.
- 027 Employing College and Career Coaches, as defined by the Department of Career Education.
- 028 Paying the expenses of federal child nutrition programs to the extent necessary to provide school meals without charge to students otherwise eligible for reduced-price meals under federal law or regulations governing the United States Department of Agriculture's National School Lunch Program or School Breakfast Program.
- 201 Special Education: To employ Literacy and/or Mathematics and/or Science Specialists/Coaches (K-12) and /or instructional facilitators that meet the following requirements:

Specialists/Coaches and/or instructional facilitators are educators who assist in curriculum alignment with state curriculum documents; alignment of classroom assessment with statewide exams; instructional strategies;

professional development and implementation of training; choosing standards-based instructional materials; understanding of current research; advantageous arrangement of the instructional day; and integrating technology.

- 203 Special Education: To employ highly qualified classroom teachers in grades Kindergarten through twelfth grade (K-12) pursuant to the restrictions set forth in ADE rules. Examples of approvable expenditures are:
- employing teachers in grades K-8 above what is required by the ADE rules (class-size reduction teachers),
 - funds to support the salaries of class-size reduction teachers shall only be used to reduce the pupil-to-teacher ratios required by the ADE Standards of Accreditation for each single grade level.
- 204 Special Education: To provide research-based before and after-school academic programs. Examples of approvable expenditures are:
- employing staff,
 - materials and supplies,
 - transportation to and from programs.
- 207 Special Education: To employ highly qualified teacher aides/paraprofessionals who must work under the direct supervision of highly qualified teachers.
- 209 Special Education: To employ a curriculum specialist that meets the current licensure requirements that are outlined in the ADE Rules Governing Initial and Standard Administrator Licensure.
- 210 Special Education: To provide parent education that addresses the whole child. Examples of approvable expenditures are:
- employ Parent Coordinator/Facilitator,
 - research-based professional development,
 - provide parent workshops/training,
 - conduct parents nights,
 - materials and supplies.
- 213 Special Education: To develop and implement a School Improvement Plan. Examples of approvable expenditures are: comprehensive needs assessment and Scholastic Audit.
- 214 Special Education: Other activities approved by the ADE that will further the purposes of closing the achievement gap, that include activities that are research-based and activities directed at chronically under-performing schools. Examples of approvable expenditures are:

- substitutes for teachers attending researched-based professional development,
- equipment and supplies,
- technology,
- experience-based field trips tied to an academic content area supported by the Arkansas Frameworks,

215 Special Education: To supplement salaries of classroom teacher according to Arkansas Code and ADE rules.

221 Special Education: To pay for an Arkansas Scholastic Audit identified in A.C.A 6-15-2701

Transfer Data

Section (ii)(b) required a report on fund transfers. A.C.A. §6-20-2305(b)(1) established funding for four special needs education categories. These student special needs categories are: Alternative Learning Environments, including secondary vocational area centers; English Language Learners; National School Lunch Act; and Professional Development. The Department’s Rules Governing the Distribution of Student Special Needs Funding and the Determination of Allowable Expenditures of those Funds (June 2012), Section 8.01 states:

After having provided programs designed to meet the needs of students in the respective categorical funding areas, a school district may transfer and expend funds on any of the special needs categories.

Attachments D, E, and F show, by district, the amount of NSL funds transferred to each other category. The districts are divided into three groups: 90% or more of students eligible for free and reduced lunch (Attachment D); less than 90% to 70% free and reduced lunch (Attachment E); and less than 70% free and reduced lunch (Attachment F).

The specific reasons a district would transfer NSL funds could vary widely, but generally, a transfer of funds would be to target the needs of the students in the three special needs categories or to target professional development.

Student Achievement Data

Section (ii)(c) required the Department to expand the analysis of student achievement data evaluated in student achievement growth models, to include the evaluation of the best estimates of classroom, school, and school district effects on narrowing the achievement gap, in addition to the examination of student progress based on established value-added longitudinal calculations. Attachments G, H, and I show by district, the weighted average percent proficient and advanced for English language arts; math,

algebra and geometry; and trends in literacy and math for school years 2010-11, 2011-12 and 2012-13.

While it is difficult, if not impossible, to correlate a single factor, such as the amount of NSL funding a district receives, to an increase or decrease in student performance, ADE requested that each district include in its current ACSIP a method for evaluating NSL expenditures for the current school year. Districts will not be able to complete the evaluation of 2013-2014 NSL expenditures in comparison to the achievement gap until the 2014 test scores are received. ADE will continue to work with districts to evaluate the effectiveness of NSL funds on closing the achievement gap.

Attachment G

Arkansas Department of Education

Weighted average percent proficient and advanced for each public school district using the grade 3-8 augmented benchmark exams in English language arts and the grade eleven literacy exam. The weighted average is shown for school years 2010-11, 2011-12 and 2012-13. Subgroups shown include All Students, Black, Hispanic, White, Economically Disadvantaged, English Learners and Students with Disabilities. RV is shown instead of a percentage when there are fewer than ten students in a subgroup. RV stands for Restricted Value.

Attachment H

Arkansas Department of Education

Weighted average percent proficient and advanced for each public school district using the grade 3-8 augmented benchmark exams in math, as well as algebra and geometry. The weighted average is shown for school years 2010-11, 2011-12 and 2012-13. Subgroups shown include All Students, Black, Hispanic, White, Economically Disadvantaged, English Learners and Students with Disabilities. RV is shown instead of a percentage when there are fewer than ten students in a subgroup. RV stands for Restricted Value.

Attachment I

Line charts that show percent proficient and advanced for each public school district by subject and by subgroup for 2011, 2012 and 2013. A literacy chart on the left side of each page contains the weighted average percent proficient and advanced for grades 3-8 augmented benchmark exams in English language arts and grade eleven literacy. The right side of each page contains the weighted average percent proficient and advanced for grades 3-8 augmented benchmark exams in math, as well as algebra and geometry. Subgroups shown include All Students, Black, Hispanic, White, Economically Disadvantaged, English Learners and Students with Disabilities. The charts illustrate the gaps between the subgroups over the three years. Lines were not produced for student subgroups having less than ten members for all three years. If a student subgroup had less than ten members for one or more years, but ten or more members for one or more years, a partial line was shown.
