In considering transactions under this Section, the Commissioner shall consider the need to minimize disruption in providing banking services to the community involved and the need to preserve the strength, safety and soundness of the banking system.

SECTION 10. Emergency.

It is hereby found and determined by the General Assembly that changes in the banking industry, and changes in the Federal banking laws, make it immediately necessary to amend the banking laws of this state to permit Arkansas banking institutions to maintain their competitive position with banks in the region and to make available a supply of funds needed for the community, business and economic expansion of this state through regional reciprocal interstate banking; that amendments to the branch banking laws of the state are immediately necessary to authorize county-wide branch banking and to provide for the orderly expansion of branch banking, after a period of time, outside the county, and to authorize statewide branch banking after a defined period of time; that clarification is needed with respect to existing laws of this state relating to state-chartered savings and loan associations; that clarification of the laws governing the authority of the Bank Commissioner to make orderly and sound decisions related to failed and failing banks is necessary to protect the public of this state against financial losses; and that the immediate passage of this Act is necessary for the clarification of the banking laws to preserve the safety and soundness of the Arkansas state banking system. Therefore an emergency is hereby declared to exist and this Act being immediately necessary for the preservation of the public peace, health and safety should be in force and effective as follows: Section 1 of this Act shall be effective the earlier of (i) January 1, 1989, or (ii) the date on which a state or states having twenty percent (20%) or more of the total deposits of Banks within the Region, excluding Arkansas, have enacted and have in effect statutes which permit Arkansas Bank Holding Companies to acquire Banks and Bank Holding Companies in such state, whichever occurs sooner. For purposes of this Section, the total deposits of Banks within the Region shall be determined by the Bank Commissioner of the State of Arkansas by reference to the Spring 1988 issue of Polk's World Bank Directory, published by R. L. Polk and Company. The remaining Sections of this Act shall be effective immediately upon its passage and approval.
