SECTION 6. Distribution of funds for constructing and equipping the radiation therapy institutes specified herein, shall be contingent upon the provision of matching funds, including those monies previously raised but not previously used to match state funds, on a dollar by dollar basis on behalf of each such radiation therapy institute.

SECTION 8. SEVERABILITY. If any provision of this Act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable.

SECTION 9. GENERAL REPEALER. All laws and parts of laws in conflict with this Act are hereby repealed.

SECTION 10. EMERGENCY CLAUSE. It is hereby found and determined that the Eightieth General Assembly meeting in Regular Session has considered and enacted appropriations for construction projects and other programs to be financed from the accumulated surplus and reserve funds available in the State Treasury; that the total of the enacted appropriations exceed the estimated available fund and that the immediate passage of this Act is necessary to establish a method of providing for the orderly financing and a system of priority for the financing of such projects.
