23 by the Eighty-third General Assembly from the 83rd Session Projects Account
24 shall be made only upon documentation to the Chief Fiscal Officer of the
25 State, in such form as deemed necessary, that all criteria or pre-conditions
26 established in the appropriation act have been met or in the case of state
27 agencies, and that a Method of Finance has been filed with the Office of
28 Accounting in the Department of Finance and Administration, if required. Any
29 matching funds as may be provided in law shall be certified to the Chief
30 Fiscal Officer of the State prior to the commencement of the project.
31 Further, any recipient of the funds appropriated herein may be required to
32 file a compliance audit indicating that the use of the funds was in
33 compliance with the intent of the General Assembly.

34
35 SECTION 5. Any enactment of the 83rd General Assembly appropriating or
36 allocating funds to be payable from the "General Improvement Fund", for which

1 a specific allocation of funds is specifically authorized in this Act, shall
2 be deemed to be payable from the "83rd Session Projects Account" within the
3 "General Improvement Fund" unless a specific intent is otherwise provided by
4 law. Any enactment of the 83rd General Assembly appropriating funds payable
5 from the General Improvement Fund which is not enumerated in this Act shall

7 Provided that monies reappropriated by the 83rd General Assembly for projects
8 for which appropriations were made by the 82nd General Assembly, which are
9 not enumerated in this Act and which are made payable from the "General
10 Improvement Fund", shall be payable from the "82nd Session Projects Account"
11 of the "General Improvement Fund" and allowances shall be made therefore in
12 arriving at the uncommitted and unobligated balance of monies in the "General
13 Improvement Fund" before making transfers therefrom to the "83rd Session
14 Projects Account", as authorized by this Act.

15

16 SECTION 6. Distribution of funds for constructing and equipping the
17 radiation therapy institutes specified herein, shall be contingent upon the

12 construction projects and other programs to be financed from the accumulated
13 surplus and reserve funds available in the State Treasury; that the total of
14 the enacted appropriations exceed the estimated available funding available
15 for such projects and that the immediate passage of this Act is necessary to
16 establish a method of providing for the orderly financing and a system of
