(2) When recoupment is permitted, the department shall not recoup until there is a final determination identifying the funds to be recouped as overpayments.

~~(a)~~(b)(1) The ~~Department of Health and Human Services may not recoup from a provider for technical deficiencies if~~ The department shall recognize that an error or omission is a technical deficiency if:

8 SECTION 2. Arkansas Code §§ 20-77-1705 and 20-77-1706 are amended to
9 read as follows:
10 20-77-1705. Explanations for adverse decisions required.
11 Each denial or other deficiency that the Department of Health and Human
12 Services makes against a Medicaid provider shall be prepared in writing and
13 shall specify:
14 (1) The ~~*exact*~~ nature of the adverse decision;
15 (2) The statutory provision or specific rule alleged to have
16 been violated; and
17 (3) The ~~specific~~ facts and grounds ~~constituting the elements of~~
18 ~~the violation~~ that form the basis for the adverse decision.
19
20 20-77-1706. ~~Rebilling~~ Reimbursement at an alternate level instead of
21 complete denial.
22 (a)(1)(A) ~~If a provider's claim is denied, then absent fraud or a~~
23 ~~pattern of abuse, and provided that the care being billed was furnished by a~~
24 ~~provider legally qualified and authorized to deliver the care,~~ Subject to §
25 20-77-1707 for retrospective reviews, if the Department of Health and Human
26 Services has sufficient documentation to determine that some level of care
27 other than the level that was claimed is medically necessary, then the
28 department may recoup.
29 (B) However, the provider shall be entitled to ~~rebill~~ file
30 a second claim at the level that ~~would have been appropriate~~ was medically
31 necessary according to the Department of Health and Human Services' ~~basis for~~
32 ~~denial~~ explanation for recoupment.
33 (C) Alternatively, the department may recoup the
34 *difference between the amount previously paid and the amount that would be*
35 *payable for the care deemed to be medically necessary.*
36 (2)(A) If the department does not have sufficient documentation

to determine the level of care that was medically necessary, the department shall not recoup at that time, but shall request from the provider additional documentation the department needs to determine the level of care that was medically necessary.

(B) After receiving documentation requested under subdivision (b)(2)(A) of this section, the department shall review the documentation and determine whether to proceed with a recoupment and notice, subject to § 20-77-1707.

~~(2)~~(3)(A) ~~A referral from a primary care physician or other condition met prior to the claim denial shall not be reimposed.~~ *No physician referral shall be required as a condition of payment for care that is determined to be medically necessary upon a review conducted under this section.*

(B) A requirement for a referral from a primary care physician shall not be imposed retroactively.

~~(b)~~(4)(A) The ~~denial~~ recoupment notice from the department under subdivisions (a)(1) and (2) of this section shall explain the reason for the ~~denial~~ recoupment under ~~§ 20-77-160~~5 § 20-77-1705 and ~~specify the level of care that it deems appropriate based on the documentation submitted~~ shall include one (1) of the following statements:

(i) "In the reviewer's professional judgment, the documentation submitted establishes that the following care, treatment, or evaluation was medically necessary: _______"; or

(ii) "In the reviewer's professional judgment, the documentation submitted does not establish that any care, service, or evaluation was medically necessary".

(B) For purposes of this subdivision, "care" may include referrals to health care professionals.

~~(c)~~(5) A provider's decision to ~~rebill~~ file a second claim at the ~~alternate~~ level of care approved by the reviewer or the department's decision to recoup rather than requiring a second claim does not waive the provider's or recipient's right to appeal the denial of the original claim if the provider disagrees with the department's determination.

(b)(1) For concurrent or prior authorization, if the department has sufficient documentation to establish that some level of care other than the requested level is medically necessary, the department shall approve the

request at the other level of care with proper notice.

(2)(A) If the department does not have sufficient documentation to determine the level of care that is medically necessary, the department shall not deny the claim at that time but shall request from the provider the additional documentation the department needs to determine the level of care that is medically necessary.

(B) The department shall then:

(i) Review the request; and

(ii) If the department denies the request, explain the reason for the denial in accordance with subdivision (b)(4) of this section.

(3)(A) No physician referral shall be required as a condition of payment for care that is determined to be medically necessary upon a review conducted under this section.

(B) A requirement for a referral from a primary care physician shall not be imposed retroactively.

(4)(A) The denial notice from the department under subdivisions (b)(1) and (2) of this section shall explain the reason for the denial as required by § 20-77-1705 and shall include one (1) of the following statements:

(i) "In the reviewer's professional judgment the documentation submitted establishes that the following care, treatment, or evaluation was medically necessary: _______"; or

(ii) "In the reviewer's professional judgment the documentation submitted does not establish that any care, service, or evaluation was medically necessary".

(B) For purposes of this subsection, "care" may include referrals to health care professionals.

(5) The department's decision to approve a request at another level of care under this subsection does not remove the provider's or recipient's right to appeal the denial of the original claim if the provider disagrees with the department's determination.

~~(d)~~(c)(1) Subsections (a) and (b) of this section apply only:

(A) In the absence of fraud or abuse; and

(B) If the care is furnished by a provider legally qualified and authorized to deliver the care.

(2) Nothing prevents the department from reviewing the claim for reasons unrelated to level of care and taking action that may be warranted by the review, subject to other provisions of law.

SECTION 3. Arkansas Code § 20-77-1708 is amended to read as follows:

20-77-1708. Medical necessity.

There is a presumption in favor of the medical judgment of the ~~attending~~ performing or prescribing physician in determining medical necessity of treatment.

SECTION 4. Arkansas Code § 20-77-1709(b), concerning promulgation of rules before enforcement, is amended to read as follows:

(b) Nothing in this section requires or authorizes the department to attempt to promulgate standards of care that ~~physicians~~ practitioners use in determining medical necessity or rendering medical decisions, diagnoses, or treatment.

SECTION 5. Arkansas Code § 20-77-1711 is amended to read as follows:

20-77-1711. Copies

(a) ~~Providers shall be required to supply records at their own cost to the Department of Health and Human Services no more than one (1) time.~~ Except as provided in subsection (b), providers must supply records to the Department of Health and Human Services at their own cost.

(b) If the provider has supplied records to the Department of Health and Human Services and the provider identifies to whom the records were supplied, the provider is not required to provide a second copy of the records at its own cost.

SECTION 6. Arkansas Code § 20-77-1714 is amended to read as follows:

20-77-1714. Hospital claims.

(a) When more than one (1) hospital provides services to a recipient and the amount of claims exceeds the recipient's benefit limit, then the hospitals are entitled to reimbursement based on the earliest date of service.

(b) If the claims have been paid by Medicaid contrary to this provision, and voluntary coordination among the hospitals involved does not

resolve the matter, then the hospitals shall resort to mediation or arbitration at the hospitals' expense.

~~(c) The Department of Health and Human Services may promulgate rules to implement this section.~~

SECTION 7. Arkansas Code Title 20, Chapter 77, Subchapter 17 is *amended to add an additional section to read as follows:*

20-77-1716. Regulations.

The Department of Health and Human Services may promulgate rules to implement this subchapter.

SECTION 8. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that clarifications are needed in order for Medicaid providers to gain access to the appeals process and to interact with the Medicaid program as envisioned under the Medicaid Fairness Act; and that it is imperative that changes be made in state law to remedy these problems. Therefore, an emergency is declared to exist and this act being immediately necessary for the preservation of the public peace, health, and safety shall become effective on:

(1) The date of its approval by the Governor;

(2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or

(3) If the bill is vetoed by the Governor and the veto is overridden, the date the last house overrides the veto.
