For An Act To Be Entitled

AN ACT TO AMEND AND UPDATE THE ARKANSAS COMPREHENSIVE TESTING, ASSESSMENT, AND ACCOUNTABILITY PROGRAM; TO ALIGN POSTSECONDARY PREPARATORY PROGRAMS WITH THE STATE ASSESSMENT SYSTEM; TO DECLARE AN EMERGENCY; AND FOR OTHER PURPOSES.

Subtitle

TO AMEND AND UPDATE THE ARKANSAS COMPREHENSIVE TESTING, ASSESSMENT, AND ACCOUNTABILITY PROGRAM; AND TO DECLARE AN EMERGENCY.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:

SECTION 1.  DO NOT CODIFY.  LEGISLATIVE FINDINGS.

The General Assembly finds that:

(1) The purpose of the Arkansas Comprehensive Testing, Assessment, and Accountability Program, § 6-15-401 et seq., is to provide the statutory framework necessary to ensure that all students in the public schools of this state have an equal opportunity to demonstrate grade-level academic proficiency through the application of knowledge and skills in core academic subjects consistent with state curriculum frameworks, performance standards, and assessments;

(2) To better meet their obligations and responsibilities under the Arkansas Comprehensive Testing, Assessment, and Accountability Program, and to facilitate the adoption of the Common Core State Standards, the State
Board of Education and Department of Education are working to transition the state's assessment program to a common set of next-generation assessments in

English language arts and mathematics as approved by the state board;

(3) When fully implemented, these next-generation assessments will:

(A) Determine whether students are college and career ready or on track;

(B) Assess the full range of the Common Core State Standards;

(C) Measure the full range of student performance, including the performance of high-performing and low-performing students;

(D) Provide data to inform instruction, interventions, and professional development;

(E) Provide data for accountability, including measures of growth; and

(F) Incorporate innovative approaches throughout the assessment system;

(4) The next-generation assessments will improve on the consistency, frequency, and rigor of the state’s existing assessment system while meeting the purposes and substantive obligations under the Arkansas Comprehensive Testing, Assessment, and Accountability Program;

(5) To facilitate this transition, amendments to the existing statutory framework are necessary to update terminology and provide flexibility in choice of assessments;

(6) The existing statutory requirement of high-stakes end-of-course assessments for Algebra I and English II are duplicative of the planned assessments that are expected to include:

(A) Annual mathematics assessments in grade three (3) through grade eight (8);

(B) End-of-course assessments in Algebra I and geometry;

(C) Annual English language arts assessments in grade three (3) through grade eleven (11); and

(C) College and career readiness measurements in both English language arts in grade eleven (11) and mathematics, including Algebra II;

(7) The total cost of implementing an English II high-stakes
end-of-course assessment as required by current law would be in excess of two million dollars ($2,000,000) based on estimates by the Department of Education;

(8) With the implementation of the next-generation assessments, implementation of a separate assessment for English II would be an imprudent use of state funds with little or no instructional benefit; and

(9) It is in the best interest of the public school students of Arkansas to replace existing high-stakes end-of-course assessments for Algebra I and English II with the next-generation assessments that will determine whether students are college and career ready, as defined in § 6-15-419.

SECTION 2. Arkansas Code § 6-15-404(j)(2), concerning program implementation, is amended to read as follows:

(2) The results of general and high-stakes end-of-course testing shall become a part of each student’s transcript or permanent record and shall be recorded on these documents in a manner prescribed by the state board.

SECTION 3. The introductory language of Arkansas Code § 6-15-419(15), concerning the definition of "general end-of-course assessment", is amended to read as follows:

(15) “General end-of-course End-of-course assessment” means a criterion-referenced assessment taken upon successful completion during a course of study set by the State Board of Education:

SECTION 4. Arkansas Code § 6-15-419(19), concerning the definition of "high-stakes end-of-course assessment", is repealed:

(19) “High-stakes end-of-course assessment” means a criterion-referenced assessment taken upon the successful completion of both the Algebra I and the English II course of study under § 6-15-433(b)(3)(A)(iii):

(A) To determine whether a student demonstrates, according to a requisite scale score established by rule of the state board, attainment of sufficient knowledge and skills to indicate a necessary and satisfactory passing standard of the subject level content in that particular end-of-course assessment; and
(B) For which failure to meet the requisite scale score requires that the student shall not receive academic credit for the course of study for which the assessment was taken until the student meets the requisite scale score on the initial, a subsequent, or an alternative high-stakes end-of-course assessment as allowed or required by Arkansas law or by state board rules;

SECTION 5. Arkansas Code § 6-15-419, concerning definitions of the Arkansas Comprehensive Testing, Assessment, and Accountability Program, is amended to add a new subdivision to read as follows:

(37) "College and career readiness measurement" means a set of criterion-referenced measurements of a student’s acquisition of the knowledge and skills the student needs to be successful in future endeavors, including credit-bearing, first-year courses at a postsecondary institution, such as two-year or four-year college, trade school, or technical school, or to embark on a career.

SECTION 6. Arkansas Code § 6-15-420(a), concerning remediation and intervention, is amended to read as follows:

(a)(1) In order for students to be academically prepared to achieve proficiency in reading and writing literacy, English language arts and mathematics, the Department of Education shall require each public school serving students in kindergarten through grade four (K-4) to develop, select, and implement ongoing, informal assessments linked to the Arkansas frameworks corresponding to the Common Core State Standards.

(2) Literacy assessment training and mathematics assessment training utilizing research-based diagnostic instruments or tools will be provided for teachers by the department. Where grant funds are available in the areas of highest need, a literacy coordinator may be trained.

SECTION 7. Arkansas Code § 6-15-433(b)(3)(A), concerning the statewide assessment program, is amended to read as follows:

(3)(A) Implement student achievement testing assessment as part of the statewide assessment program, to be administered annually to measure reading, writing, English language arts and mathematics, and includes:

(ii) Either:

(b) Other assessments that are based on researched best practices as determined by qualified experts that would be in compliance with federal and state law;

(iii)(a) High-stakes end-of-course assessments administered under § 6-15-2009 for Algebra I and English II only.

(b) The state board shall identify by rule Algebra I and English II high-stakes courses and establish the high-stakes end-of-course assessments;

(iii) College and career readiness measurements in English language arts and mathematics as determined by state board rules;
