A Bill  

For An Act To Be Entitled  

AN ACT TO AMEND THE LAW CONCERNING UNDERGROUND STORAGE TANKS AND SECONDARY CONTAINMENT; AND FOR OTHER PURPOSES.

Subtitle  

TO AMEND THE LAW CONCERNING UNDERGROUND STORAGE TANKS AND SECONDARY CONTAINMENT.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:

SECTION 1. Arkansas Code § 8-7-816(a)(1), concerning secondary containment for underground storage tanks, is amended to read as follows:

(a)(1) Each new underground storage tank or piping connected to any new underground storage tank installed after July 1, 2007, shall be secondarily contained and monitored for leaks if the new underground storage tank or piping is within one thousand feet (1,000') of any existing community water system or any existing potable drinking water well.

SECTION 2. Arkansas Code § 8-7-816(b)(1), concerning secondary containment for underground storage tanks, is amended to read as follows:

(b)(1) Any existing underground storage tank or existing piping connected to such an existing underground storage tank that is replaced after July 1, 2007, shall be secondarily contained and monitored for leaks if the replaced underground storage tank or piping is within one thousand feet (1,000') of any existing community water system or any existing potable drinking water well.
SECTION 3. Arkansas Code § 8-7-816(b)(3), concerning secondary containment for underground storage tanks, is repealed.

(3) With respect to piping, "replace" means to remove and put back in more than five feet (5') of piping associated with a single underground storage tank.

SECTION 4. Arkansas Code § 8-7-816(c)(1), concerning secondary containment for underground storage tanks, is amended to read as follows:

(c)(1) Each installation of a new motor fuel dispenser system or replacement of an existing motor fuel dispenser system after July 1, 2007, shall include under-dispenser spill containment if the new or replaced dispenser is within one thousand feet (1,000') of any existing community water system or any existing potable drinking water well.
