6 SECTION 26. SPECIAL LANGUAGE. NOT TO BE INCORPORATED INTO THE ARKANSAS  
7 CODE NOR PUBLISHED SEPARATELY AS SPECIAL, LOCAL AND TEMPORARY LAW.

8 LEGISLATIVE FINDINGS AND INTENT.

9 (a) The General Assembly finds that:

10 (1) Generally, local entities do not budget for or have funds  
11 available for broadband due-diligence business studies in connection with  
12 making application for federal grants or loans for broadband development  
13 programs;

14 (2) In order to spur further development of broadband in rural  
15 Arkansas, it is necessary for local entities to conduct due-diligence  
16 business studies before application for federal grants or loans for broadband  
17 development programs;

18 (3) Expenses associated with broadband due-diligence business  
19 studies can be burdensome to rural Arkansas communities, and it is in the  
20 best interest of all Arkansans to make this investment;

21 (4) Under current Arkansas law, only certain eligible  
22 telecommunications carriers have benefitted from the Arkansas High Cost Fund,  
23 which underwrites broadband deployment; and

24 (5) It is necessary to provide funds to local entities to  
25 further wide-spread broadband deployment, particularly in unserved and  
26 underserved rural Arkansas, and to determine the feasibility of broadband  
27 deployment for local entities that currently do not have federally-defined  
28 broadband services and where these broadband due-diligence business studies  
29 have not been conducted before.

30 (b) It is the intent of the General Assembly to provide funds to local  
31 entities to defray expenses for broadband due-diligence business studies in  
32 connection with preparation for federal grant and loan applications for  
33 broadband development programs administered by the Federal Communications  
34 Commission, the United States Department of Agriculture, or other federal  
35 agency to spur federally-defined broadband development in rural Arkansas.

36 The provisions of this section shall be in effect only from July 1, ~~2020~~

9 These positions are to be used by the University of Arkansas for Medical

30 (b) Determining the number of personnel to be employed by a state agency  
31 is the prerogative of the General Assembly and is usually accomplished by  
32 delineating the maximum number of personnel by identifying the job titles and  
33 the maximum grade or salary attached to those salaries. The General Assembly  
34 has determined that the University of Arkansas for Medical Sciences could be  
35 operated more efficiently if some flexibility is given to that institution.  
36 That flexibility is being accomplished by providing growth pools in

1 subsection (a) of this section and since the General Assembly has granted the  
2 institution broad powers under the growth pool concept, it is both necessary  
3 and appropriate that the General Assembly maintain oversight of the  
4 utilization of the growth pool by requiring prior approval of the Legislative  
5 Council or Joint Budget Committee in the utilization of the growth pool.  
6 Therefore, the requirement of approval by the Legislative Council or Joint  
7 Budget Committee is not a severable part of this section. If the requirement

14 The provisions of this section shall be in effect only from July 1, ~~2020~~  
15 2021 through June 30, ~~2021~~ 2022.

28 care needs and their families. CHFLI priorities shall include, but are not  
29 limited to, wellness and prevention, screening and diagnosis, treatment and  
30 intervention, training and education and research and evaluation. Arkansas  
31 Children's Hospital and the University of Arkansas for Medical Sciences-  
32 Department of Pediatrics shall make annual reports to the Arkansas  
33 Legislative Council on all matters of funding, existing programs and services

(a) In order to address personnel needs emerging from expanding medical research and patient care issues and the necessity of recruiting and retaining qualified medical, research, and related support personnel, the University of Arkansas for Medical Sciences or its successor is authorized for the ~~2020-2021~~ 2021-2022 fiscal year a pool of seven hundred (700) "Clinical Expansion and Research Pool" positions. These positions are to be used by the University of Arkansas for Medical Sciences in the event that the personal services needs resulting from unanticipated clinical or research programs that are initiated during the ~~2020-2021~~ 2021-2022 fiscal year require additional positions, either in title, in classification, or in number, that are not authorized or contemplated by the General Assembly in the Regular Salaries - Operations section of this Act.

(b) The University of Arkansas for Medical Sciences is authorized to

1 access the "Clinical Expansion and Research Pool" positions authorized in  
2 this Section at any time during the fiscal year when it is determined by the  
3 Chancellor of the University of Arkansas for Medical Sciences, subject to the  
4 review and approval by the Board of Trustees, that the need for additional

14 with the positions.

15 (c) If the University of Arkansas for Medical Sciences requests  
16 continuation of any "Clinical Expansion and Research Pool" position(s) as  
17 established herein during the next fiscal year, the position(s) must be  
18 requested as a new position(s) in the agency's budget request.

19 (d) Determining the number of personnel to be employed by a state agency  
20 is the prerogative of the General Assembly and is usually accomplished by  
21 delineating the maximum number of personnel by identifying job titles and the  
22 maximum grade or salary attached to those titles. The General Assembly has  
23 determined that the University of Arkansas for Medical Sciences could be  
24 operated more efficiently if some flexibility is given to that institution.  
25 That flexibility is being accomplished by providing a position pool in  
26 Subsection (a) of this Section and since the General Assembly has granted the  
27 agency broad powers under the growth pool concept, it is both necessary and  
28 appropriate that the General Assembly maintain oversight of the utilization  
29 of the position pool by requiring review of the Legislative Council or Joint  
30 Budget Committee in the utilization of the position pool. Therefore, the  
31 requirement of review by the Legislative Council or Joint Budget Committee is  
32 not a severable part of this section. If the requirement of review by the  
33 Legislative Council or Joint Budget Committee is ruled unconstitutional by a  
34 court of competent jurisdiction, this entire section is void.
