For An Act To Be Entitled

14 "AN ACT TO AMEND ARKANSAS CODE 6-63-305
15 TO PROVIDE NEW OR ADDITIONAL POSITIONS
16 FOR THE INSTITUTIONS OF HIGHER EDUCATION"
17
18

19 BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:
20

21 SECTION 1. Arkansas Code 6-63-305 is amended to read as follows:
22

23 "6-63-305. New or additional positions.

24 (a)(1)(A) In the event that additional federal funds, grants, gifts, or
25 collections become available that were not authorized or contemplated at the
26 time of the passage of the biennial appropriation act for operations for each
27 institution enumerated in subsection (b) of this section, that such new funds
28 make it possible for the recipient institution to engage in educational
29 projects that would be of benefit to the State of Arkansas, and that such
30 projects would make it necessary to employ additional personnel, the president
31 of the recipient institution, upon authorization by the appropriate board of
32 trustees, and after review and approval by the Office of Personnel Management
33 and the Legislative Council of the requested classifications or maximum annual
34 salaries set out in dollars, may establish such positions, as necessary.

35 (B) The source of funding for positions established under this
36 subsection shall be reported to the Office of Personnel Management and the

1 Legislative Council by the institution at the time of the request.

2 (C) ~~Institutions may request that classifications and/or maximum annual~~
3 ~~salary determinations made by the Office of Personnel Management be submitted~~
4 ~~to the Legislative Council for review, where the recipient institution has~~
5 ~~determined that such recommendations do not adequately describe the purposes~~
6 ~~of the intended program or programs. Determining the number of personnel to~~
7 ~~be employed by a state agency is the prerogative of the General Assembly and~~
8 ~~is usually accomplished by delineating the maximum number of personnel by~~
9 ~~identifying the job titles and the maximum grade or salary attached to those~~
10 ~~salaries. The General Assembly has determined that the Institutions of Higher~~
11 ~~Education could be operated more efficiently if some flexibility is given to~~
12 ~~the institutions. That flexibility is being accomplished by providing new or~~
13 ~~additional positions in subsection (b) of this section and since the General~~
14 ~~Assembly has granted the institutions broad powers under the new or additional~~
15 ~~position concept, it is both necessary and appropriate that the General~~
16 ~~Assembly maintain oversight of the utilization of the new or additional~~
17 ~~positions by requiring prior approval of the Legislative Council in the~~
18 ~~utilization of the new or additional positions. Therefore, the requirement of~~
19 ~~approval by the Legislative Council is not a severable part of this section.~~
20 ~~If the requirement of approval by the Legislative Council is ruled~~
21 ~~unconstitutional by a court of competent jurisdiction, this entire section is~~
22 ~~void.~~

23 (2) The Director of the Office of Personnel Management shall report all
24 such approvals to the Legislative Council in the month following approval and
25 shall certify all additional positions established under the provisions of
26 this subsection to the Director of the Department of Finance and
27 Administration and the Auditor of State.

28 (b) The following maximum number of new additional positions is
29 established for the biennium for the following institutions of higher
30 education, at salary rates not to exceed the salary rate of comparable
31 positions established in the regular salaries section of the biennial
32 appropriations act for operations for each institution:

If the bill is neither approved nor vetoed by the Governor, it shall become effective on the expiration of the period of time during which the Governor may veto the bill. If the bill is vetoed by the Governor and the veto is overridden, it shall become effective on the date the last house overrides the veto.
