20 BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:
21

22 SECTION 1. Arkansas Code 14-19-109 is repealed.

23 ~~14-19-109. Expenditure of current funds for jail facilities.~~

24 ~~(a) Upon appropriation of the county quorum court, any county in this~~
25 ~~state is authorized to expend moneys in the county general fund which are not~~
26 ~~necessary to finance other county projects or services and to match available~~
27 ~~federal funds for the construction, reconstruction, or expansion of county~~
28 ~~jail facilities in the county. No vote of the electors of the county shall be~~
29 ~~necessary to authorize the construction, reconstruction, or expansion of such~~
30 ~~county jail facilities or for the expenditure of county general funds~~
31 ~~therefor if current operating funds are available for such purposes and~~
32 ~~provided further that county funds expended pursuant to the authority granted~~
33 ~~in this section are matched with an equal or greater amount of federal funds.~~

34 ~~(b) Any county in this state and any one (1) or more municipalities in~~
35 ~~the county are authorized to cooperatively and jointly construct,~~
36 ~~reconstruct, or expand the county jail facility and to jointly and~~

1 cooperatively provide the necessary funds to match available federal funds
2 therefor.

3 ~~(c)(1) The provisions of this section are intended to be supplemental~~
4 ~~and shall not be construed as in limitation or qualification of any powers or~~
5 ~~authorities conferred by other statutes or laws. In particular, but without~~
6 ~~limitation, the General Assembly recognizes, approves, and validates the~~
7 ~~practice employed and being employed by many counties of this state of~~
8 ~~carrying out the construction, reconstruction, and extension of jails,~~
9 ~~hospitals, and courthouses without seeking approval of the electors of~~
10 ~~counties when the financing of the construction, reconstruction, or extension~~
11 ~~is by a method which may include the use of funds on hand, the issuance of~~
12 ~~revenue bonds, or the use of funds obtained from other sources, public or~~
13 ~~private, but which does not include the levy of an ad valorem tax or the~~
14 ~~issuance of general obligation bonds.~~

15 ~~(2) Further, the authority contained in this section for~~
16 ~~counties and municipalities of this state jointly to construct, reconstruct,~~
17 ~~or extend jails, and to finance them jointly, shall not be construed as in~~
18 ~~limitation or qualification of the authorities contained in other statutes or~~
19 ~~laws, including, without limitation, §§ 25-20-101—25-20-108.~~

20 ~~(d) The following findings and purposes are established in~~
21 ~~interpreting legislative intent in the passage of this section:-~~

22 ~~(1) Numerous counties and cities of this state do not currently~~
23 ~~have suitable jail facilities which will conform to judicial decisions and~~
24 ~~contemporary standards for the incarceration of prisoners;~~

25 ~~(2) Many cities and counties have exhausted their available~~
26 ~~taxing powers for the construction of new or improved jails, or find it~~
27 ~~impossible to obligate their remaining taxing powers for such purposes~~
28 ~~without jeopardizing the funding of other available government functions;~~

29 ~~(3) In order to promote efficiency in the operations of~~
30 ~~government and to reduce the overall cost to the taxpayers of providing jail~~
31 ~~facilities, it is declared to be the policy of the State of Arkansas to~~
32 ~~encourage efforts by cities and counties to jointly construct and operate~~
33 ~~jail facilities to serve their respective jurisdictions;~~

34 ~~(4) That the federal government has embarked on various programs~~
35 ~~to provide financial assistance to cities and counties in upgrading jail~~
36 ~~facilities and it is of benefit to the State of Arkansas to enable cities and~~

1 ~~counties to gain the advantages of available federal funds for jail~~
2 ~~construction and improvements;~~

3 ~~(5) That a number of cities and counties of this state have, or~~
4 ~~will have, available surplus funds which could be used to defray the~~
5 ~~necessary city and county matching share in obtaining federal matching moneys~~
6 ~~for jail improvements without jeopardizing existing operating programs and~~
7 ~~without the necessity to incur additional bonded indebtedness to provide or~~
8 ~~to replace these moneys;~~

9 ~~(6) The General Assembly is aware of the provisions of Arkansas~~
10 ~~Constitution, Amendment 17, [repealed] which permits the majority of the~~
11 ~~electors in a county voting on the question to authorize the construction,~~
12 ~~reconstruction, or extension of a county jail and to levy a tax not to exceed~~
13 ~~one half of one percent (1/2 of 1%) on the dollar to defray the cost and~~
14 ~~expense thereof, and the General Assembly is further aware that the purpose~~
15 ~~of this amendment was to prohibit counties from undertaking the construction~~
16 ~~or improvement of jails without approval of the people with respect to the~~
17 ~~funding of bonded indebtedness therefor. The General Assembly is further~~
18 ~~aware of the fact that prior to the adoption of Amendment 17 in 1928 many~~
19 ~~counties were engaged in programs of deficit spending, but subsequent~~
20 ~~thereto, the enactment of state auditing laws and other fiscal controls~~
21 ~~governing county spending prohibit deficit spending by a county. Therefore,~~
22 ~~the General Assembly concludes that counties of this state should be~~
23 ~~permitted to use available surplus operating moneys to construct or make~~
24 ~~necessary improvements to county jails or jails constructed and operated~~
25 ~~jointly by the county and one or more cities therein so long as the funds are~~
26 ~~made available from the current revenues of the county and are not construed~~
27 ~~a debt or obligation of the county in the following fiscal years. Therefore,~~
28 ~~it is the opinion of the General Assembly that Amendment 17 should be~~
29 ~~liberally construed to require a vote of the majority of the electors of the~~
30 ~~county in approving the construction, reconstruction, or extension of the~~
31 ~~county jail under those circumstances where the construction thereof cannot~~
32 ~~be accomplished by the expenditure of operating funds currently available and~~
33 ~~where the construction will require deficit financing or the pledge of~~
34 ~~property taxes to defray the cost of such construction or indebtedness~~
35 ~~incurred in connection therewith;~~

36 ~~(7) It is the declaration of the General Assembly that the~~

1 ~~intent of the citizens of Arkansas in adopting Amendment 17 [repealed] should~~
2 ~~be interpreted so that approval of the electors of the county to maintain,~~
3 ~~repair, construct, reconstruct, or extend a county jail or a county and~~
4 ~~municipal owned or operated jail is not required where moneys used for such~~
5 ~~improvements are made available from noncounty funds or from existing surplus~~
6 ~~funds of the county which are not required for other purposes and which can~~
7 ~~be made available from the current revenues of the county in the fiscal year~~
8 ~~in which the same are provided;~~

9 ~~(8) It is, therefore, the purpose of this section to clarify the~~
10 ~~intent of Amendment 17 [repealed] in order to enable counties which have~~
11 ~~surplus operating revenues to use them to match federal funds to defray the~~
12 ~~county portion of the cost of matching federal or matching funds made~~
13 ~~available by one or more municipalities in the county to defray the cost of~~
14 ~~construction or renovation of a jail so long as the portion of county funds~~
15 ~~may be made available from surplus revenues of the year in which they are~~
16 ~~provided without obligating revenues of any other succeeding year.~~
