24 BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:
25

26 SECTION 1. Arkansas Code Title 20, Chapter 77, Subchapter 1, is
27 amended to add an additional section to read as follows:

28 20-77-148. Long-acting reversible contraception coverage – Legislative
29 findings.

30 (a) The General Assembly finds that:

31 (1) The Arkansas Medicaid Program currently covers long-acting
32 reversible contraception;

33 (2) Due to the payment model used by the program for coverage of
34 pregnant women, healthcare providers have found that providing long-acting
35 reversible contraception during postpartum is cost prohibitive; and

36 (3) Action should be taken to ensure that healthcare providers

1 can provide long-acting reversible contraception during postpartum.

2 (b)(1) The Arkansas Medicaid Program shall reimburse a healthcare
3 provider for providing long-acting reversible contraception immediately and
4 during postpartum.

5 (2) Reimbursement under subdivision (b)(1) of this section shall
6 be in addition to the regular payments for services to pregnant women
7 provided by a healthcare provider.

8 (c) The Department of Human Services shall apply for any federal
9 waiver, Medicaid state plan amendment, or other authorization necessary to
10 implement this section.
