BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:

SECTION 1. DO NOT CODIFY. Legislative findings.
The General Assembly finds that:
(1) The Right to Read Act, § 6-17-429, addresses the science of
reading for current educators and those in an undergraduate teaching program;
(2) If educators do not have an understanding of scientific
reading instruction, many students will not receive the reading instruction necessary to read at grade level;

(3) The percentage of Arkansas students in grade three (3) who were "ready" or "exceeding" in reading on the 2018 ACT Aspire test was thirty-eight percent (38%);

(4) Dyslexia programs in Arkansas should be aligned to structured literacy as outlined by the International Dyslexia Association; and

(5) Educators throughout the state are in the process of completing the appropriate professional development requirements with respect to the science of reading and structured literacy, but public school districts have not provided those teachers with the necessary materials and resources to implement the methods required by science of reading and structured literacy programs in their classrooms.

SECTION 2. Arkansas Code § 6-15-2914(b), concerning the annual submission of school-level improvement plans, is amended to read as follows:
