14-1-401. Title.

This subchapter shall be known and may be cited as the "Intrastate Commerce Improvement Act".

14-1-402. Purpose—Finding.

(a) The purpose of this subchapter is to improve intrastate commerce by ensuring that businesses, organizations, and employers doing business in the state are subject to uniform nondiscrimination laws and obligations, regardless of the counties, municipalities, or other political subdivisions in which the businesses, organizations, and employers are located or engage in business or commercial activity.

(a) A county, municipality, or other political subdivision of the state shall not adopt or enforce an ordinance, resolution, rule, or policy that creates a protected classification or prohibits discrimination on a basis not contained in state law.

(2) The petition shall set forth the insanity of the spouse, the nature and duration thereof, the person with whom and the place at which the spouse may then be residing, the nature and object of the conveyance desired to be made, describing the real estate and giving the name of the person to whom the conveyance is intended to be made, and the consideration thereof, and that the intention of the conveyance is not to deprive the spouse of dower or curtesy, as the case may be, but to dispose of the real estate in the usual and ordinary course of business.

(b) On the filing of the petition, the court shall appoint some reliable and disinterested citizen not related to either of the parties, nor interested directly or indirectly in the real estate or any part thereof described in the petition as guardian ad litem for the defendant. The guardian ad litem shall forthwith cause the appearance of the defendant to be entered of record in the case from time to time and make such pleadings in the case as may seem fit to him or her for the interest of his or her ward and be consistent with the practice of the court. All acts of the guardian ad litem shall be deemed valid and binding on the defendant.

9-11-603. Sale of real estate free of dower or curtesy — Order and deposit.

(a) Upon the hearing of the petition, if the court deems it to be in the best interest of the parties that the land be sold, it may make an order that the plaintiff may sell the land free and discharged and unencumbered of the right of dower or curtesy, as the case may be."
(b) In every such order, the court shall adjudge as part of the order that before the sale shall become effective, the petitioner or his or her grantee shall deposit in the registry of the court, in cash, one third (1/3) of the purchase price of the lands to be disposed of as provided in this section. In all such sales, the sale shall be reported to the circuit court and the sale approved thereby.

The clerk shall be responsible therefor on his or her official bond.

(2) The interest on the money shall be paid over annually to the plaintiff. However, the court may make, upon application, of which the plaintiff shall be notified, and on reasonable showing, reasonable allowance out of the interest from time to time for the support of the defendant.

(d)(1) Should the insane defendant be survived by the plaintiff, the deposit shall be paid over to the plaintiff upon the plaintiff’s application to the court. If the plaintiff survives the defendant but dies before an order of the court is actually made to pay the moneys over to the plaintiff, then the moneys shall descend to the plaintiff’s heirs at law as realty and shall be paid over to the plaintiff’s heirs or legal representatives according to law or the lawful order of the circuit court.

(2) In the event that the plaintiff is survived by the defendant, the interest accruing on the deposit shall be paid over to the defendant only during the defendant’s natural life. At the defendant’s death the deposit shall descend to the heirs at law of the plaintiff as realty and shall be paid over to the plaintiff’s heirs or legal representatives according to law or the lawful order of the circuit court.

(2) The petition shall set forth the insanity of the spouse, the nature and duration thereof, the person with whom and the place at which the spouse may then be residing, describing all the real estate of the plaintiff, and that it will be to the best interest of all parties.

(b) On the filing of the petition, the court shall appoint some reliable person, a citizen of the county, not related to either of the parties nor interested directly or
indirectly in the real estate nor in any part thereof as guardian ad litem for the spouse. The guardian ad litem shall forthwith cause the appearance of the spouse to be entered of record in the case and make such pleadings in the case from time to time as may seem fit to him or her for the interest of his or her ward and be consistent with the practice of the court. All acts of the guardian ad litem shall be deemed valid and binding on his or her ward.

SECTION 3. Arkansas Code § 23-17-404(c)(1)(B), concerning the AHCF administrator position, is amended to read as follows:

(B) In evaluating responses to request for proposals for the AHCF administrator's position, the Arkansas Public Service Commission shall consider and give material weight to the applicant's:

(ii) Personal availability to provide information and assistance to the General Assembly, telecommunications providers, and members of the public.

(E) The AHCF administrator shall report at least annually to the Joint Committee on Advanced Communications and Information Technology regarding plan expenditures and rates.

SECTION 6. Arkansas Code § 23-17-404(d)(2), concerning the failure to pay the AHCF charge, is amended to read as follows:

(2) Any telecommunications provider that without just cause fails to pay the AHCF charge that is due and payable pursuant to this section after notice and opportunity for hearing shall have its authority to do business as a telecommunications provider in the State of Arkansas revoked by the Arkansas Public Service Commission.

SECTION 7. Arkansas Code § 23-17-404(e), concerning the rules and procedures necessary to implement the AHCF, is amended to read as follows:

(e) After reasonable notice and hearing, the Arkansas Public Service Commission shall establish rules and procedures necessary to implement the AHCF. The Arkansas Public Service Commission shall implement the AHCF and make AHCF funds available to eligible telecommunications carriers beginning the first calendar month after one hundred fifty (150) days after March 19, 2007. In establishing and implementing the AHCF, the Arkansas Public Service Commission shall adhere to the following instructions and guidelines:
(1)(A) **Moneys from the AHCF funding** shall be provided directly to eligible telecommunications carriers.

(B)(i) Except in an exchange in which the electing company is authorized under § 23-17-407(d) to determine the rates for basic local exchange service and switched-access services under § 23-17-408(c), for an ETC to receive funds from the AHCF, the ETC shall agree to be subject to and comply with all telecommunications provider rules adopted by the **Arkansas Public Service Commission**, unless the **Arkansas Public Service Commission** finds the technology used by the ETC to provide telecommunications service makes a rule inapplicable.

(ii) Except in any exchange in which the electing company is authorized under § 23-17-407(d) to determine the rates for basic local exchange service and switched-access services pursuant to § 23-17-408(c), each ETC shall be subject to all TPRs concerning application for service, refusing service, deposits, notices before disconnect, late payment penalties, elderly and handicapped protection, medical need for utility services, delayed payment agreements, and extended due dates.

(iii) If an ETC seeks to participate in the AHCF program as a new funding recipient, the funding category applicable to the ETC shall be determined by the total customer access base of the ETC on the date of the application;

(2)(A) **The Arkansas Public Service Commission** shall provide a report to the Legislative Council by October 31 of the year prior to a regular session of the General Assembly detailing any recommended changes to the universal service list of requirements that are to be supported by the AHCF. This list may be approved by the General Assembly, and if approved, the AHCF support to ETCs may be adjusted, due to the approved changes, to reflect an increase or decrease in the size of the AHCF by increasing or decreasing the overall financial cap on the AHCF to recover the cost of additions or revisions to the universal service list concurrent with any such revisions to the list of universal services identified in § 23-17-403.

(B) In considering revisions to the universal service list, the **Arkansas Public Service Commission** shall consider the need for the addition or removal of a service to the list in order to maintain end-user rates for universal services that are reasonably comparable between urban and rural areas or to reflect changes in the type and quality of telecommunications services considered essential by the public as evidenced, for example, by those telecommunication services that are purchased and used by a majority of single-line urban customers.
(C) A rate case proceeding or earning investigation or analysis shall not be required or conducted in connection with the recovery of the cost of additions or revisions or in connection with the administration of the AHCF;

(3)(A)(i) The AICCLP members shall charge the rate under subdivision (e)(3)(B) of this section to underlying carriers.

(ii) The ILECs shall charge a reciprocal rate to other ILECs.

(iii) The Arkansas Public Service Commission may review the accuracy of the reciprocal rates and the per-access minute carrier common line rate charged under subdivision (e)(3)(B) of this section.

(iv) If the AICCLP fails to provide an ILEC's carrier common line net revenue requirement, the ILEC may obtain concurrent recovery of the revenue loss from basic local exchange rates, intrastate access rate adjustments, or a combination thereof. Any recovery of revenue loss under this subdivision (e)(3)(A)(iv) shall not be subject to the caps on local rates under § 23-17-412.

(B)(i) Through June 30, 2013, except as provided in this subdivision (e)(3)(B) and subdivisions (e)(4)(A) and (B) of this section, the intrastate carrier common line charges billed to ILECs and underlying carriers shall be determined at the rate of one and sixty-five hundredths cents (1.65¢) per intrastate access minute, exclusive of the amounts specified for funding the Extension of Telecommunications Facilities Fund and the Arkansas Calling Plan Fund. However, ILECs that are not AICCLP members may charge at a rate that is less than one and sixty-five hundredths cents (1.65¢) and may recover the difference between the actual rate charged and one and sixty-five hundredths cents (1.65¢) as allowed under § 23-17-416(b)(3).

(ii) Beginning July 1, 2013, except as provided in this subdivision (e)(3)(B) and subdivisions (e)(4)(A) and (B) of this section, the intrastate carrier common line charges billed to ILECs and underlying carriers shall be determined at the rate of one and sixty-five hundredths cents (1.65¢) per originating intrastate access minute. However, ILECs that are not AICCLP members may charge at a rate that is less than one and sixty-five hundredths cents (1.65¢) per originating intrastate access minute and may recover the difference between the actual rate charged and one and sixty-five hundredths cents (1.65¢) as allowed under § 23-17-416(b)(3);

(4)(A)(i)(a) There is created an allocation of AHCF funds to be known as the “Extension of Telecommunications Facilities Fund”.

(b) A maximum of five hundred thousand dollars ($500,000) per year of AHCF funds shall be allocated to fund the Extension of
Telecommunications Facilities Fund to assist in the extension of telecommunications facilities to citizens not served by the wire line facilities of an eligible telecommunications carrier.

(ii)(a) There is created an AHCF allocation to be known as the “Arkansas Calling Plan Fund”.

(b) The Arkansas Calling Plan Fund shall receive a maximum of four million five hundred thousand dollars ($4,500,000) per year to assist in funding the provision of calling plans in telephone exchanges in the state.

(iii)(a) There is created an AHCF allocation to be known as the “ Arkansas 911 Rural Enhancement Program Fund”.

(b) The Arkansas 911 Rural Enhancement Program Fund shall receive a maximum of three million dollars ($3,000,000) per year to:

1) Advance the goals of universal service and help ensure that rural areas within the State of Arkansas have access to 911 services that are comparable to 911 services in urban areas within the state; and

2) Provide funding to:

(A) The statewide Smart911 system established in Acts 2012, No. 213;

(B) The SmartPrepare System; and

(C) 911 administrative systems for emergency management under the Arkansas Emergency Services Act of 1973, § 12-75-101 et seq.

(B)(i)(a) The Extension of Telecommunications Facilities Fund, the Arkansas Calling Plan Fund, and the Arkansas 911 Rural Enhancement Program Fund shall be paid through the Arkansas High Cost Fund.

(b) Payments made under subdivision (e)(4)(B)(i)(a) of this section may exceed and are in addition to the limit provided by subdivision (e)(4)(E)(ii)(a) of this section.

(ii) The AICCLP board, with the assistance of the AHCF administrator, shall allow recipients and payors to correct any errors concerning the AICCLP settlement process for corrections that are for the time period after December 31, 2003.

(C)(i) An ETC may receive support from the AHCF in accordance with this subdivision (e)(4)(C) and subdivisions (e)(4)(D) and (E) of this section.

(ii)(a) The formula is as follows for ETCs with fewer than five hundred thousand (500,000) access lines or customers:
(1) The AHCF administrator shall determine the support for High Cost Loop Support by using the most current annual filing of annual unseparated unlimited loop revenue requirement cost per loop of the ETC’s study area as developed each year by NECA and filed with USAC. For an ETC not submitting such information, the ETC shall submit equivalent information to the AHCF administrator for the AHCF administrator to calculate as to cost per loop for wireline or per customer for commercial mobile service providers. Unless the commission determines otherwise, the raw financial data submitted to the AHCF administrator to establish an alternate cost per loop shall be treated as confidential;

(2) The AHCF administrator shall then subtract the per-loop federal high-cost loop support as developed each year by NECA and filed with USAC of the ETC’s study area or alternatively the total high-cost loop support per loop or per customer as calculated by the AHCF administrator with data provided by the ETC;

(3) The AHCF administrator shall also subtract the amount of three hundred forty-four dollars and forty cents ($344.40) per loop, due to the responsibility of each ETC to fund through local rates and other revenue such as AICCLP revenue requirements and access charges, to fund a significant portion of their cost per loop. Alternatively, the AHCF administrator shall subtract three hundred forty-four dollars and forty cents ($344.40) per loop or customer from ETCs not reporting loops and loop cost to NECA;

(4) The AHCF administrator shall determine the high-cost support for each ETC by subtracting these reductions as set forth in this formula from the annual unseparated unlimited loop revenue requirement and apply it to the total number of loops in the ETC’s study area as of December 31 of the preceding year that are eligible for support for federal universal service. As to ETCs not reporting loops within its study area, the AHCF administrator shall apply the reductions to the total number of loops or customers of the ETC eligible for support for federal universal service as of December 31 of the preceding year; and

(5) The remaining balance, if positive as to each ETC, shall be the ETC’s loop support element to support an ETC’s high-cost loops. As to ETCs funded based upon customers, the remaining balance, if positive, shall be called the “customer support element”.

(b)(1) The AHCF administrator shall determine local switching support (LSS) of each ETC using the most current annual financial data submitted to NECA and calculated by USAC and applying the following procedure:
(A)(i) The AHCF administrator shall use the most current trued up local switching support amount that has been calculated by NECA and submitted to USAC annually for each ETC within its size group.

(ii) An ETC that does not submit the information required by subdivision (e)(4)(C)(ii)(b)(1)(A)(i) of this section shall submit equivalent information to the AHCF administrator for the AHCF administrator to calculate a local switching support amount.

(iii) For each ETC that does not have an individually calculated local switching support amount, the AHCF administrator shall calculate a local switching support amount by using an average of all ETCs within its size group that have an established local switching amount;

(B) The AHCF administrator shall calculate the local switching support factor for each ETC's study area by taking the 1996 weighted dialed equipment minute factor as supplied in the NECA submission of 1999 Network Data Management — Usage filed on March 1, 2001, with the FCC and subtracting the 1996 interstate dialed equipment minute factor as supplied in the NECA submission of 1999 network usage data filed on March 1, 2001, with the FCC. This result shall be called the “local switching support factor”. For each ETC that does not have an individually calculated weighted dialed equipment minute factor and an interstate dialed equipment minute factor, the AHCF administrator shall calculate a weighted dialed equipment minute factor and an interstate dialed equipment minute factor by using an average of all ETCs within its size group that have an established weighted dialed equipment minute factor and an interstate dialed equipment minute factor;

(C) The AHCF administrator shall then calculate the total LSS revenue requirement for each ETC by dividing the local switching support amount calculated in subdivision (e)(4)(C)(ii)(b)(1)(A) of this section by the local switching support factor as calculated in subdivision (e)(4)(C)(ii)(b)(1)(B) of this section;

(D) The AHCF administrator shall then divide the total LSS revenue requirement for each ETC by the total number of loops in the ETC's study area as of December 31 of the preceding year that are eligible for support for federal universal service;

(E) The AHCF administrator shall then calculate the local switching support (LSS) to be recovered by multiplying the total LSS revenue requirement per loop as calculated in subdivision (e)(4)(C)(ii)(b)(1)(D) of this section by fifteen percent (15%); and
(F) The sum of subdivision (e)(4)(C)(ii)(b)(1)(E) of this section as to each ETC, if positive, shall be the ETC's local switching support element.

(2) If a request for support is made by an ETC that does not have switching support calculated by NECA, the Arkansas Public Service Commission shall develop a proxy method to be used to calculate such an ETC's local switching support. The sum of the calculation for each ETC from the proxy method, if positive, shall be the ETC's local switching support element.

(c)(1) For ETCs with AHCF support based on loops, the AHCF administrator shall determine each ETC's local loop support by multiplying the number of loops of the ETC as of December 31 of the preceding year that are eligible for federal universal service support by the ETC's loop support element, if applicable, and the AHCF administrator shall determine the ETC's local switching support by multiplying the number of loops of the ETC as of December 31 of the preceding year that are eligible for federal universal service support by the ETC's local switching support element. The AHCF administrator shall determine the uncapped AHCF support for each ETC by adding the sum of the ETC's total loop support, if any, and the ETC's total local switching support, if any.

(2) For ETCs with AHCF support based on customers, the AHCF administrator shall determine the ETC's customer support element by multiplying the number of customers of the ETC as of December 31 of the preceding year who are eligible for federal universal service support by the ETC's customer support element, if applicable, and the AHCF administrator shall determine the ETC's local switching support by multiplying the number of customers of the ETC as of December 31 of the preceding year who are eligible for federal universal service support by the ETC's local switching support element. The AHCF administrator shall determine the uncapped AHCF support for the ETC by adding the sum of the ETC's total loop support, if any, and the ETC's total local switching support, if any.

(3)(A) If the AHCF administrator determines that the changes in publicly available elements used to calculate loop support under subdivision (e)(4)(C)(ii)(a)(1) of this section or local switching support under subdivision (e)(4)(C)(ii)(b)(1) of this section cause an under-recovery of more than ten percent (10%) of support by ETCs with a total customer access base or total customer base of fewer than fifteen thousand (15,000) lines or customers participating in the AHCF, then the AHCF administrator shall promptly notify the Arkansas Public Service Commission.
(B) Once notified, the commission Arkansas Public Service Commission shall open a rule-making docket to replace the eliminated, frozen, or modified elements that are causing the under-recovery used to calculate loop support under subdivision (e)(4)(C)(ii)(a)(1) of this section or local switching support under subdivision (e)(4)(C)(ii)(b)(1) of this section.

(C) Until alternate elements are adopted by the commission Arkansas Public Service Commission, the AHCF administrator shall use the previous determinations as used during the year immediately preceding the year the elements were eliminated to calculate loop support under subdivision (e)(4)(C)(ii)(a)(1) of this section or local switching support under subdivision (e)(4)(C)(ii)(b)(1) of this section.

(D) Upon commission Arkansas Public Service Commission adoption of the replacement elements, the commission Arkansas Public Service Commission shall order the AHCF administrator to incorporate those replacement elements into the previously existing method used by the AHCF administrator to calculate loop support under subdivision (e)(4)(C)(ii)(a)(1) of this section or local switching support under subdivision (e)(4)(C)(ii)(b)(1) of this section. The calculations shall be:

(i) Based on the fully allocated cost of the affected ETCs; and

(ii) Effective as of the next annual determination process date, as established by the commission Arkansas Public Service Commission.

(iii)(a) For ETCs with five hundred thousand (500,000) lines or more on or after December 31, 2010, support shall be determined using the following procedure:

(1) Using the FCC’s synthesis model available from USAC or an equivalent replacement model, the AHCF administrator shall take the ETC’s average monthly per-line cost for each eligible wire center and subtract the FCC cost model benchmark. The result of the line cost minus the benchmark is the available per-line high-cost support available for that wire center;

(2) The AHCF administrator then shall multiply the available high-cost support for each eligible wire center by the number of lines reported to the AHCF administrator by the carrier as of December 31 of the preceding year. Eligible wire centers shall be wire centers with three thousand (3,000) access lines or less as of March 19, 2007; and
(3) The total of the calculations by the AHCF administrator for all eligible wire centers shall be the high-cost support available to the ETC, as limited by cap restrictions.

(b) The support provided by the AHCF shall be calculated as an annual amount paid in equal monthly payments and recalculated annually by the AHCF administrator in compliance with this section and the commission's rules and procedures.

(iv) In the event that an element used to determine AHCF support is materially changed or eliminated, the AHCF administrator shall use an equivalent or similar element in calculating the AHCF support in subdivisions (e)(4)(C)(ii) and (iii) of this section.

(D)(i) The AHCF administrator shall calculate each ETC's support by first calculating each ETC's uncapped AHCF support.

(ii) If the total calculated support to all ETCs within a size group is less than the capped amount of the size group's part of the total AHCF, each ETC within the size group shall be entitled to its total calculated AHCF support.

(E)(i) The AHCF administrator shall apply the cap on the total AHCF and upon the specific size groups established within the AHCF annually.

(B) If total support due a size group does not exceed that size group's AHCF cap, the AHCF administrator shall pay that size group's full AHCF support amount.

(2) If total support, using the AHCF formula for recipients of the specific size group exceeds the cap, the AHCF administrator shall determine the amount that the total calculated AHCF support exceeds that size group's cap.

(b)(1) To reduce each size group's authorized support to conform to the size group's cap, the AHCF administrator shall determine total calculated AHCF support to each ETC within the size group.

(2) The AHCF administrator shall then use the total calculated support due all ETCs within the size group as the denominator and the amount the size group's AHCF calculation exceeds the cap as the numerator.

(3) The AHCF administrator shall then subtract from each ETC's total calculated support a pro rata portion, using the fraction established herein to reduce AHCF funding to the capped amount, based upon each ETC's total calculated support, to reduce the size group's support level to the capped AHCF amount.
(ii)(a) Except as provided in subdivision (e)(4)(B) of this section, funds available for distribution to ETCs from the AHCF shall not exceed and are capped at thirty-nine million eight hundred thousand dollars ($39,800,000) per year. Cost of administrating the AHCF shall first be deducted from the total capped fund before allocation of funding to the ETCs. The annual period to be used by the AHCF administrator to adjust support levels and upon which to apply any cap shall be on the calendar year. In addition to the total fund cap, the funds available from the AHCF shall also be capped based upon size groups using access lines for loop-based ETCs and customers for customer-based ETCs. Size grouping is used to ensure funds are targeted to areas most needing high-cost assistance. For the purpose of calculating the size grouping caps, total customer access base shall be used for loop-based ETCs and total customers for customer-based ETCs.

(b) For all ETCs with a total customer access base or total customer base of five hundred thousand (500,000) or more access lines or customers on or after December 31, 2010, the size group cap shall be twelve and five-tenths percent (12.5%) of the total capped fund.

(c) For all ETCs with a total customer access base or total customer base of one hundred fifty thousand (150,000) or more access lines or customers and fewer than five hundred thousand (500,000) access lines or customers on December 31, 2010, the size group cap shall be twelve and five-tenths percent (12.5%) of the total capped fund.

(d) For all ETCs with a total customer access base or total customer base of fifteen thousand (15,000) or more access lines or customers and fewer than one hundred fifty thousand (150,000) access lines or customers on December 31, 2010, the size group cap shall be two percent (2%) of the total capped fund.

(e) For all ETCs with a total customer access base or total customer base of fewer than fifteen thousand (15,000) access lines or customers, the size group cap shall be seventy-three percent (73%) of the total capped fund;

(5)(A)(i) The commission Arkansas Public Service Commission shall establish by regulation a grant program to make grants available to eligible telecommunications carriers for the extension of facilities to citizens who are not served by wire line services of an eligible telecommunications carrier. Grants may be requested by an eligible telecommunications carrier or citizens who are not served, or both.

(ii) The commission Arkansas Public Service Commission shall delegate to a trustee the administration, collection, and distribution of the
Extension of Telecommunications Facilities Fund in accordance with the rules and procedures established by the Arkansas Public Service Commission. The trustee shall enforce and implement all rules and directives governing the funding, collection, and eligibility for the Extension of Telecommunications Facilities Fund.

(B)(i) In establishing regulations for the grant program, the Arkansas Public Service Commission shall consider demonstrated need, the length of time the citizens have not been served, the households affected, the best use of the funds, and the overall need for extensions throughout the state.

(ii) The commission may require each potential customer to be served by the extension of facilities to pay up to two hundred fifty dollars ($250) of the cost of extending facilities.

(C) The plan shall be funded by customer contributions and by the Extension of Telecommunications Facilities Fund established by subdivision (e)(4)(A)(i)(a) of this section;

(6)(A) Three million dollars ($3,000,000) shall be transferred annually from the AHCF to the Arkansas Department of Emergency Management on a quarterly basis for the Arkansas 911 Rural Enhancement Program Fund to fund:

(i) The statewide Smart911 system in the amount of six hundred thousand dollars ($600,000) annually;

(ii) The SmartPrepare system in the amount of two hundred twenty-five thousand dollars ($225,000) annually;

(iii) The 911 administration system for emergency management under the Arkansas Emergency Services Act of 1973, § 12-75-101 et seq., in the amount of one hundred seventy-five thousand dollars ($175,000) annually; and

(iv) Arkansas counties for 911 public safety answering points in the amount of two million dollars ($2,000,000) annually.

(B)(i) Funding for counties under subdivision (e)(6)(A)(iv) of this section shall be transferred based on county population and distributed as follows:

(a) The twenty-five (25) least-populated counties shall receive equal portions of fifty percent (50%) of the available funds;

(b) The next twenty-five (25) least-populated counties shall receive equal portions of thirty-five percent (35%) of the available funds; and

(c) The remaining twenty-five (25) counties shall receive equal portions of fifteen percent (15%) of the available funds.
(ii) County population shall be calculated based on current data from the Geography Division of the United States Bureau of the Census; and

(7)(A)(i) The commission Arkansas Public Service Commission shall provide quarterly reports to the Legislative Council. The reports shall include without limitation the number of requests for grants, the number of grants awarded, the amount awarded, and the number of additional customers served.

(ii) The commission Arkansas Public Service Commission shall notify members of the General Assembly of grants made in their districts.

(B) To allow time for potential applicants to request grants, no grants shall be awarded for three (3) months after the effective date of the rules establishing the grant program; and

(8)(A) The Arkansas Economic Development Commission shall establish by rule a grant program to make grants available to internet service providers. Grants may be requested by internet service providers.

(B)(i) The Arkansas Economic Development Commission shall promulgate rules to establish a reverse auction to determine if an internet service provider is eligible for funds from the Broadband Fund.

(ii)(a) The reverse auction described in subdivision (e)(8)(B)(i) of this section shall be conducted as technology neutral and the reverse auction shall not establish any minimum matching amount from internet service providers.

(b) If an internet service provider is providing service to an underserved or unserved area, the internet service provider may be eligible to participate in the reverse auction if:

(1) For unserved areas without any broadband service, the internet service provider has to deliver data transfer speeds equal to ten megabits per second (10 Mbps) download rate and one megabit per second (1 Mbps) upload rate to comply with recommended federal government standards; or

(2) For underserved areas, the internet service provider has to deliver the data transfer speeds for broadband as defined by the Federal Communications Commission.

(C) For underserved areas, the internet service provider has to deliver the data transfer speeds for broadband as defined by the Federal Communications Commission.
(D) The Arkansas Economic Development Commission shall make reasonable attempts to inform internet service providers about the availability of funds under the Broadband Fund.

(E) The Arkansas Economic Development Commission shall report at least annually to the Joint Committee on Advanced Communications and Information Technology regarding plan expenditures and rates."

Dear Mr. Speaker and Members of the House of Representatives:

Pursuant to Article 6, Section 15 of the Arkansas Constitution, I write to inform you that today I have vetoed HOUSE BILL NO. 1581. I have done so because the bill broadly mandates a state employee survey of engagement, a function of government that is managerial and inherently executive in nature. Further, it increases regulations and costs of state government.

HOUSE BILL NO. 1581 requires state agencies to contract with an entity to implement a survey of employee engagement to be administered to its employees. Alternatively, agencies may develop a survey of employee engagement to be administered to its employees. This survey must be administered every two years and must assess a variety of functions and measure employee engagement in a number of "constructs of an agency." In addition, each state agency must promulgate rules to implement this law and share the results of the survey with the members of the General Assembly.

Moreover, it is my intent to reduce government and eliminate unnecessary rules and regulations where possible. HOUSE BILL NO. 1581 will require each agency to create new regulations to implement this survey. Furthermore, the purpose of the survey is unclear, the scope undefined, and the methodology absent. Without a defined scope, the fiscal impact of this requirement is hard to calculate and difficult to predict, but the cost would be significant in terms of contract costs and employee time.

While I respect Representative Hammer’s intent to quantify employee engagement, legislation mandating an employee survey is both unnecessary and an improper infringement by the General Assembly into the functions and powers of the executive. For these reasons, I must veto HOUSE BILL NO. 1581.

Sincerely,

/s/ Asa Hutchinson

That the following is proposed as an amendment to the Constitution of the State of Arkansas, and upon being submitted to the electors of the state for approval or rejection at the next general election for Representatives and Senators,
if a majority of the electors voting thereon at the election adopt the amendment, the amendment shall become a part of the Constitution of the State of Arkansas, to wit:

SECTION 1. The subdivision of Arkansas Constitution, Article 5, § 1, titled "Initiative" is amended to read as follows: Initiative. The first power reserved by the people is the initiative. Eight percent (8%) of the legal voters may propose any law and ten percent (10%) may propose a constitutional amendment by initiative petition and every such petition shall include the full text of the measure so proposed. Initiative petitions for state-wide measures shall be filed with the Secretary of State not less than one hundred eighty (180) days before the election at which they are to be voted upon; provided, that at least thirty (30) days before the aforementioned filing, the proposed measure shall have been published once, at the expense of the petitioners, in some paper of general circulation.

Referendum. Such petition shall be filed with the Secretary of State not later than ninety (90) days after the final adjournment of the session at which such Act was passed, except when a recess or adjournment shall be taken temporarily for a longer period than ninety (90) days, in which case such petition shall be filed not later than ninety (90) days after such recess or temporary adjournment. Any measure referred to the people by referendum petition shall remain in abeyance until such vote is taken. SENATE JOINT RESOLUTION

APPLYING TO THE UNITED STATES CONGRESS TO CALL A CONVENTION FOR PROPOSING AMENDMENTS PURSUANT TO ARTICLE V OF THE UNITED STATES CONSTITUTION, LIMITED TO PROPOSING AMENDMENTS THAT IMPOSE FISCAL RESTRRAINTS ON THE FEDERAL GOVERNMENT, LIMIT THE POWER AND JURISDICTION OF THE FEDERAL GOVERNMENT, AND LIMIT THE TERMS OF OFFICE FOR ITS OFFICIALS AND FOR MEMBERS OF THE UNITED STATES CONGRESS.

Subtitle

APPLYING TO THE UNITED STATES CONGRESS TO CALL A CONVENTION FOR PROPOSING AMENDMENTS PURSUANT TO ARTICLE V OF THE UNITED STATES CONSTITUTION

WHEREAS, the founders of the United States Constitution empowered state legislators to be guardians of liberty against excessive use of power by the federal government; and

WHEREAS, the federal government has created a crushing national debt through improper and imprudent spending; and

WHEREAS, the federal government has ceased to operated under a proper interpretation of the United States Constitution; and WHEREAS, the federal government has invaded the legitimate roles of the states through the manipulative process of federal mandates, most of which are unfunded to a great extent; and

WHEREAS, it is the solemn duty of the states to protect the liberty of our people, particularly for the generations to come, by proposing amendments to the United States Constitution through a convention of the states under Article V of the United States Constitution for the purpose of restraining these and related abuses of power,
NOW THEREFORE,
BE IT RESOLVED BY THE SENATE OF THE NINETY-FIRST GENERAL ASSEMBLY OF THE STATE OF ARKANSAS AND BY THE HOUSE OF REPRESENTATIVES, A MAJORITY OF ALL MEMBERS ELECTED TO EACH HOUSE AGREEING THERETO:

THAT the General Assembly hereby applies to the United States Congress, under the provisions of Article V of the United States Constitution, for the calling of a convention of the states limited to proposing amendments to the United States Constitution that impose fiscal restraints on the federal government, limit the power and jurisdiction of the federal government, and limit the terms of office for its officials and for members of the United States Congress.

BE IT FURTHER RESOLVED THAT the Secretary of the Senate is hereby directed to transmit copies of this application to the President of the United States Senate, the Secretary of the United States Senate, the Speaker of the United States House of Representatives, the Clerk of the United States House of Representatives, the members of the Arkansas congressional delegation, and the presiding officers of each house of the legislatures in the several states, requesting their cooperation.

BE IT FURTHER RESOLVED THAT this application constitutes a continuing application in accordance with Article V of the United States Constitution until the legislatures of at least two-thirds (2/3) of the several states have made applications on the same subject.

BE IT FURTHER RESOLVED THAT the General Assembly adopts this application expressly subject to the following reservations, understandings, and declarations:

1. An application to the United States Congress to call an amendment convention of the states pursuant to Article V of the United States Constitution confers no power to the United States Congress other than the power to call such a convention. The power of the United States Congress to exercise this ministerial duty consists solely of the authority to name a reasonable time and place for the initial meeting of a convention;

2. The United States Congress shall perform its ministerial duty of calling an amendment convention of the states only upon the receipt of applications for an amendment convention for the substantially same purpose as this application from two-thirds (2/3) of the legislatures of these several states;
(3) The United States Congress does not have the power or authority to
determine any rules for the governing of a convention for proposing amendments
called pursuant to Article V of the United States Constitution. The United States
Congress does not have the power to set the number of delegates to be sent by
any state to such a convention, nor does it have the power to name delegates to
such a convention. The power to name delegates remains exclusively within the
authority of the legislatures of the several states;

(4) By definition, an amendment convention of the states means that states
shall vote on the basis of one (1) state, one (1) vote;

(5) A convention for proposing amendments convened pursuant to this
application shall be limited to consideration of the topics specified herein and no
other. This application is made with the express understanding that an amendment
that in any way seeks to amend, modify, or repeal any provision of the Bill of Rights
of the United States Constitution shall not be authorized for consideration at any
stage. This application shall be void ab initio if ever used at any stage to consider
any change to any provision of the Bill of Rights of the United States Constitution;

(6) Pursuant to Article V of the United States Constitution, the United States
Congress may determine whether proposed amendments shall be ratified by the
legislatures of the several states or by special state ratification conventions. The
General Assembly recommends that the United States Congress select ratification
by the legislatures of the several states; and

(7) The General Assembly may provide further instructions to its delegates
and may recall its delegates at any time for a breach of a duty or a violation of the
instructions provided.

Representative Matthew J. Shepherd, Position #1
Representative Andy Davis, Position #2

At that time the pertinent rules were discussed with the candidates. The House Rules provide for each candidate to be allowed fifteen (15) minutes each to address the House before the ballot is taken.

There were two (2) requests for absentee balloting.
In accordance with the House Rules, Representative Matthew Shepherd was recognized to address the House.

"Mr. Speaker, Members of the House, it's an honor to stand before you. I thank you for your kindness and courtesy over the past many months during this process and for the opportunity to speak to you today.

I'd like to thank my family back home in El Dorado, my wife Allie, our children Eli, Mary Kate, and Libby, my parents for their support and their sacrifice while I serve here in Little Rock along with you. And I recognize that each of us have family members or others that likewise make that similar sacrifice. I'd also like to thank my many colleagues who have encouraged me and support me in this process. And I could never say thank you enough for your encouragement and your support during this long process.

I come before you today asking for your consideration and your vote to be the next Speaker of the Arkansas House of Representatives. As I prepared for my remarks today, I was trying to decide what I would say. There were a number of different thoughts that crossed my mind.

There is certainly, like each of you, goals that I would like to achieve; particular areas of emphasis which for me would include economic development, improvement in our infrastructure, in education, and greater efficiency both in state government and here in the House.

But ultimately those are not the primary reasons I'm running for Speaker. Quite simply, I'm running for Speaker to serve each of you as a member of the House. And I believe that ultimately the greatest services a Speaker could ever provide the House is by providing effective leadership, to meet whatever challenges or issues may come our way, and also by helping each member to be as effective as possible for their constituents.

Now I understand that there will be issues that from time to time we will disagree on, but I have realized over my many years of service here in the House, most of the issues we face are not overtly political or ideological but rather differences that when we work together more often than not we can come together to solve them for the benefit of all Arkansans.
I believe my past experience both legislatively and professionally, would serve me well as Speaker. As you probably know in the House, I have served as Chairman of the Judiciary Committee for two terms. Before that I served as Chairman of the Agriculture, Forestry and Economic Development Committee for one term. And during my time as chairman of those committees, we've handled our share of hotly contested issues. And with the good work of our committee members, we have done the people's business and operated in an efficient, effective, and fair manner.

I believe my experience of having served in both the minority and the majority also brings me a perspective that would be needed as Speaker. I understand the challenges that exist on both sides of the aisle. Now I'm going to go against my better judgment here because I've often said that if you say lawyer or attorney from the well, you get 20 votes against you automatically. But I figure most of you know that I'm an attorney and professionally every day I deal with deadlines, I deal with conflict, I deal trying to bring people together and bring about resolution. And in large part, that's what a Speaker does on a daily basis.

Thus I believe my professional experience would certainly aide me and serve me well as the next Speaker of the House. But beyond those qualifications for Speaker, the question I believe more importantly is how we are going to conduct our business. What will be the values that I hope characterize the House should I have the honor to serve as Speaker?

First, I want us to be a body that displays great character. I've tried my best to be a man of my word, to be truthful, and to conduct myself in a manner that is consistent with my faith, and the office that I hold. I believe this is important but it's even more important because of the news that has become all too familiar of concerning former members of General Assembly. This has unquestionably left a stain on the General Assembly. We must work together to overcome that and to the best of our ability to restore the publics' trust and confidence in us. I believe that character is something we must exhibit, not just in the big decisions of life, but in the small details.

I will do my best to hold myself to the highest standard and will expect the same from my colleagues in the House.

Second, and related to that, I that the House should function civilly and professionally. I believe civility and professionalism is something that involves giving
serious thought and deliberation to the issues at hand. Respecting each other in our many differences. But then also for the Speaker to provide stability and stable and steady leadership for the body. In all my interactions with the House, I've certainly tried to bring these qualities to bear. And I would hope that civility and professionalism would be something that would arise from our recognition of the great honor and privilege that we have to serve in the House. It is something that unfortunately I think all too often we take for granted.

This truly is an honor for each of us. Look around, look up at the ceiling, at the stained glass. There are not many Arkansans that ever get this opportunity. And we owe our fellow Arkansans for sending us here. We owe it to them to do our very best and to display the civility and professionalism that in an era of heightened rhetoric and eroding political discourse, that our citizens and others can look to us as an example.

Further, I'm going to prioritize maintaining open lines of communication. I believe communication is a key to the proper functioning of the House. And that many of the issues that arise, we can either avoid or quickly resolve if we are communicating effectively. I will be accessible to all members and I will likewise seek to effectively communicate with all members as we proceed with our legislative business. We are also going to do our legislative business efficiently. As citizen legislators, we will take the time necessary to do the business of the House. We won't rush it, but we won't look to unnecessarily prolong the process either. In part, to aide in that efficiency, I want to involve as many members as possible in the functioning of the House. I've been the beneficiary of Speakers, both Democrat and republican who entrusted me with a number of different assignments and other opportunities where I have been able to be more actively involved in the House and further develop as a legislator. In fact, that investment in me has played a large role in me even standing here today. I will strive to spread assignments and other opportunities across the membership and that we would, to all that are willing to serve, this is important for a more efficient and more effective House. And this further aides in the development of leaders from within the House. In truth, I believe one of the marks of a great leader is the investment and development in those that follow. We are going to work hard to find a consensus where it can be found. Where we can't find consensus, we will respectfully disagree and display the civility and professionalism that I mentioned earlier.
But in all things, I'll stand up for the House, I'll stand up for the institution of the House. Many of you have heard me say the one instance and it was early in my career here, that I believe in bodies, sometimes is it necessary here in the House for us to stand up and that was for the sales tax holiday bill our freshman term. Republicans and Democrats worked together to sponsor that legislation, it overwhelmingly passed out of the House, Representative Leding remembers this, it went down to the Senate Revenue and Tax Committee. Ultimately we showed up to present the bill and I believe maybe one, certainly the chairman showed up but maybe one other Senator showed up. So that bill and a couple of others weren't going anywhere. No offense to the Senate in the gallery. But our Speaker of the time, Speaker Robert Moore, who was a Democrat came to the aide of this freshman Republican and he shut down some activity that was going on in House Revenue and Tax and guess what, it took a couple of days but the impasse was averted. But you know what, from my time in the House, there is no time that I can remember where we were more unified. Now certainly I'm not angling for a fight with the Senate or anybody else, you all know me, but I believe that it's important that we're able to stand up for ourselves.

Finally, overriding all these things, we have to do that which is in the best interest of the people of Arkansas. It is easy in the Capitol to get caught up with the business of the Capitol, the politics of the Capitol, but let us never forget we are ultimately here to serve the people of Arkansas. Many here heard me say this before, but one of the things that I like to do is look out the windows to the North. In my freshman term I would sit there at those windows because my office was like a cubicle in the basement and I really didn't want to go down there, so I'd go sit at the tables here, I'd look out at Markham Street, you look beyond that to Dillard's, look beyond to the Arkansas River, beyond that into North Little Rock, in fact on a day like today you can see all the way over to the interstate on the north side of the river. And people are coming and going, and you know what, they're not really thinking about what we're doing here but they are trusting us to do the right thing. And we must never forget that and we must always strive to do the right thing by them.

I certainly think these goals are attainable and I'd ask that you not merely take my word for it, but I think you can make a decision based upon my past service, my past conduct over the past several years as your colleague and the chairman of these committees.
In closing, I look forward to the opportunity to serve and I stand ready to work with all who are willing so that we may continue to work in the best interest of those who matter most, the people of Arkansas. So it is with my pledge to provide servant leadership to you as members of the House that exhibits these qualities that I've discussed today. And never forgetting that we're here to serve the people of Arkansas, that I respectfully ask for your consideration and your vote to be the next Speaker of the House.

Thank you again for your kindness and courtesy. May God bless this House and may God bless the great State of Arkansas. Thank you. 
Following Representative Shepherd's address, in accordance with the House Rules, Representative Andy Davis was recognized to address the House.

"Thank you Mr. Speaker, thank you colleagues. I appreciate the opportunity to speak to you today and to ask you for your vote for Speaker of the House.

I have enjoyed visiting with each of you over the past several months and learning what is important to you, and what you are passionate about.

We have discussed our ideas to improve this institution, to improve committee selection, colander management, and bill management - ideas to serve our fellow members better, and ideas to help the citizens of Arkansas.

But like any good politician, I want to talk about me. Just for a second. You see, I never thought I would be here. Here in this office. Here in this building. And certainly not here giving this speech.

But, I know that I was raised to serve others. My grandfather served as Chief of The Little Rock Fire Department for 17 years. I have a cousin who died serving the citizens of Little Rock on the LRPD. My dad spent most of his weekends not fishing or enjoying his hobbies but working at our church, or at the home of someone that needed a helping hand, and he took me with him most of the time, teaching me the importance of serving others.

So when I was approached about running for State Representative I was well aware that I had gone from high school to college to work to starting a business and a family and I had never stopped to serve my community or my state.

And here was my opportunity. My opportunity to serve, and to lead. And in the 5.2 years I have been here I have thoroughly enjoyed serving with you and working with you. I have also come to understand that the best seat in the House from which to serve my colleagues is the one right behind me now.

And that is what I'm asking of you. To allow me to be your Speaker of the House so that I may serve you.
I am asking to be Speaker of the House for the great state of Arkansas...for central AR where I was born and raised...for the Delta where my wife and my mom were raised and have deep roots today...for NWA where I spent my first adult years preparing to work...for NEA to SWA where dear friends and family live and work today.

Like a conductor of an orchestra who works to put members in the best position to perform at their best individually so that the orchestra as a whole produces beautiful results...and yet the conductor himself never makes a sound, and he never takes a bow alone.

So I believe that the Speaker should lead by serving the whole House and the whole state, putting members in the best position to be successful in order that the House as a whole may be successful and lead by serving our state.

And lead we will. We will lead our state, we will lead in our districts, and we will be leaders in this marble building! Together, we will lead by serving for that is what we are called here to do.

God Bless this House of Representatives!

Thank you and I appreciate a good vote."

GOVERNOR’S ADDRESS
Governor Hutchinson’s Address to the Arkansas General Assembly Ahead of the Special Session:

Lt. Governor Griffin; President Dismang; Speaker Gillam, Members of the Arkansas General Assembly. Good afternoon to you. Thank you for answering my call for this Special Session. And thank you for answering the call of your constituents and the people of Arkansas for your service in the Arkansas general assembly.

Before I start with the session, let me make a couple of personal comments. First, over the past weeks, I have worked to faithfully carry out the laws and the jury verdicts in multiple cases involving the death penalty. I want to personally thank you for your messages in support and your confidence in me and our effort to uphold the law of Arkansas.

I also want to mention the heavy winds and rain that raked Arkansas on Saturday night and took the lives of six individuals across this state. I want to particularly applaud our first responders in Arkansas for their quick action that saved lives and property, and also for putting their own lives at risk. I want to mention, out of great respect, Cove Creek Fire Chief Doug Deckard, who lost his life while doing his duty in Cleburne County. Our prayers are with his family and those who continue to serve.

As a result of these storms, yesterday I declared a state of emergency in order to release state money and resources to support our local response efforts. Today I have given the order to pre-position some of our National Guard resources in Jonesboro, in Pocahontas and northeast Arkansas. Tomorrow I will miss your early session of the legislature because I will be in that area to survey the damage and to make sure that our resources are positioned properly and that we are providing the support that is needed.

And now to the business of this session. The list of items on the Call is short but they are significant and very necessary. Let me address three major items during my time this afternoon.
First we want to continue our Medicaid reform efforts with new authorizations for Arkansas Works. Secondly, a bill to provide more legislative oversight of Arkansas Health Insurance Marketplace (AHIM). Thirdly, a transfer of funds into the Long Term Reserve Fund.

Last year, when I called you into Special Session to create Arkansas Works, we focused on four areas of reform:
- Work opportunities for those on the Arkansas Works program.
- More personal investment in their health care for those above the poverty level.
- Increasing opportunity for employer-based insurance.
- And finally, saving some money: cost-saving measures.

Those four themes are at the heart of the legislation we are introducing this year. But we are now taking a more bold approach to each of these guiding principles. This is possible because President Trump has demonstrated a commitment to give states the authority to emphasize more work opportunities and to promote personal responsibility.

There is another reason this session is timely. We have had more experience with Arkansas Works. During that time, we have eliminated the backlog of applications, and we have a more accurate picture of those that are qualifying for Arkansas Works. We know far more about the people that are enrolled than ever before.

Even with just a few months of the referral process for those in Arkansas Works, where recipients are referred from the Department of Human Services to Workforce Services, we’ve learned a great deal. In the packet before you, there is a series of slides, and I wanted to make a couple of points from these.

On your first slide, you’ll see the work-referral program statistics for the first quarter of 2017. In the first column is the month, the second column is the work referrals to Workforce Services. Third are the services that are accessed after referral, and then fourthly, those who have actually been hired and gained employment.
If you look at the total figures, 106,000 have been referred to workforce services during those three months. Of those 3,700 have accessed services, and this is rather exciting to me actually, that almost 3,000 are new hires after they've been referred from DHS to workforce services. That tells me we are going the right direction in terms of work referrals.

If you look at the percentages, about 2.8 percent of the total of 106,000 referrals during those three months resulted in new hires; 3.4 percent of those referrals accessed some level of services. The fact that 3,000 are new hires shows that there are people who want to work, that they need assistance in training so that they are ready to move into the workforce. But it also shows that we need to implement a mandatory program because 97 percent are not accessing those services; 97 percent of those that should be going to workforce services are not doing that. I propose we request a new requirement to mandate that people who are healthy, younger than 50 years of age, and don't have dependent children should be required to either hold a job, be in worker training, finish their education, complete community service or seek treatment to addictions to alcohol or drugs.

I understand that some have concerns about moving this voluntary work/training policy into a mandatory policy. The concept of requirements for participation in public-assistance programs is not new or novel. Under federal law, one of the core purposes of Medicaid is to help individuals achieve or attain independence.

The expectation of work is part of the social compact between those who receive services and the taxpayers who pay for them. We are not punishing people by requiring them to find a job, or access services or finish their education, or to seek treatment of an addiction. To the contrary, success in any or all of these areas will open the door to new opportunities. I believe that the path out of poverty is through the halls of schools and the walls of the workplace.

The good news is that Arkansans want to work, and worker training and work assistance provide a pathway to that. True Medicaid reform is certainly about improved access to health care. But we don't want the entitlement to become an entanglement. That is why we must provide the opportunity for work.
The second part of our waiver request to CMS is that beginning January 1, 2018, we will limit eligibility for Arkansas Works to adults whose income is at or below the federal poverty level. This is a fundamental change to entitlement policy. To make Medicaid available only to adults in poverty is common sense and consistent with the original design of Medicaid.

If you look at Arkansas Works, there are approximately 320,000 individuals who are enrolled. With this income limitation, about 60,000 will move from the Medicaid portion to the support on the marketplace. This doesn’t mean that those 60,000 who are moving off of Arkansas Works will have no healthcare. It simply means that they move to the marketplace with the same level of financial support that they have now. The difference is that this saves money for the state - $66 million over four years - and it saves money for the federal government as well.

I know some of you are concerned that this is just a cost shift. While the federal government does absorb some cost in a different way, it’s going to be covered by the marketplace for that insurance, less the 2 percent that the individuals pay. But those that move off of Arkansas Works, some of those will be moving into employer-sponsored insurance, which is an objective of ours. And when that happens, then it will be saving the federal taxpayers, money as well. But it also helps preserve Arkansas Works coverage for those who need it the most. Let me emphasize, once again, that Arkansans whose income falls between the poverty level and the 138 percent level will not lose access to coverage.

So how will this transition work? Health-insurance providers have a lot of incentives to make sure that those who might come off of Arkansas Works are seamlessly transitioned into the marketplace. They have a lot at stake in this, and so does my administration. So we’ll both be working to make sure there is a smooth transition, but ultimately, the carriers are marketing a product, and consumers must value that product and say “that’s what we want”.

As we pursue these reforms, we will also keep a close eye on the effects and the impact that it has throughout our health-care system. We will carefully monitor and evaluate how these changes might affect premiums and uncompensated care. We will pay special attention to our rural hospitals and health-care providers. Let me assure you that I understand the importance of rural hospitals in our system of healthcare and the important role they play as the lifeblood of our rural
communities. We will pay close attention to those, and you have my commitment to monitor that very closely.

These fair and common-sense approaches will ultimately help more Arkansans achieve economic independence and will allow our state to be more competitive, and I believe more prosperous. I ask for your support in passing this important legislation.

Another matter of urgency for which I need your support is the strengthening of our Long Term Reserve Fund. There are three reasons I believe that this is important:

- The state’s financial strength and its resilience;
- Improved credit rating;
- And economic development.

If you look at the handout, you’ll see a map of the United States with the different states, and it points out that Arkansas stands out for its lack of a budget reserve. It is measured by the median of all the states is that we could survive almost 18 days if we had a recession or a downturn in the economy, and your revenues were at fault, and how long would your rainy day or your reserve funds last.

Arkansas is really not measureable because we do not have a reserve fund that has any significant money in it. And as noted on the second sheet, how prepared is Arkansas for the next recession? Arkansas ties for being the least prepared, according to a report by one economic study. It identifies that states that are least prepared, and all of this is tied to the preparation and the availability of the reserve funds in the event of a recession or a downturn.

It emphasizes the benefit of a long-term reserve fund. Fiscal strength, whether you can weather future revenue volatility. Secondly the credit rating. And let me talk about that for just a second.

In its review of our bond rating - last year I was working and pushing them to give us a higher bond rating - S&P cited a deficit of reserve funds in our state as hampering our ability to get a better bond rating.
I believe if you will support the creation and strengthening of these funds, over time our bond rating will improve. This will allow the state to issue bonds for future projects at less cost, at a lower interest rate. I am proposing that you authorize the transfer of about $105 million from the Healthy Century Trust Fund to the Long-Term Reserve Fund.

Now the Healthy Century Trust Fund, let me emphasize - and there are legislators in here who helped create it, and they can speak to it with great expertise - But that reserve fund does not fund any current program. So you're not cutting programs.

The Healthy Century Trust Fund is a chunk of money that is accumulating interest. But it is not giving our state any benefit in terms of our bond rating because it is sitting there tied to the obligation of the trust fund and cannot be counted toward our own reserve fund. I am asking you to let us transfer that to a long-term reserve fund so that we actually get a benefit from our bonding standpoint. It could only be used for educational adequacy, Amendment 82 bonds, and if revenue growth is less than three percent. But it could never be used for any purpose that is not in the revenue stabilization act. So you have already approved it. It is just if there is an economic downturn and you can't meet educational adequacy, you can't meet a bond payment, you've got a reserve fund. And when you can show that, that helps your bond rating, but it also helps those that I'm trying to recruit to Arkansas by showing that we're a good place to [live] because we've got a stabilization in our budgeting process.

I would also emphasize that this not only applies to general revenue spending, it cannot be utilized as long-term reserve fund for general improvement funding, and those projects that are concerned. Now you can make an argument, we ought to have money for that as well, but this is about the long-term reserve fund. I will confess, I was tempted to put some of that money into a rainy-day fund, but the wisdom of others said, "Let's put it all into the reserve fund," and I am good with that, because we can accomplish those purposes.

It cannot be touched unless it meets the requirements of the RSA and of those unique opportunities if the revenue growth is not as anticipated – less than three percent. And secondly, it would have to be approved by legislative counsel. And so
there are restrictions on it. It allows us to use our reserve for a good purpose that will benefit our state. I hope you can support that legislation.

Lastly, I am asking you to pass legislation that requires the Legislative Council to oversee the Arkansas Health Insurance Marketplace. The legislation would also prohibit the development of technology for a state-based exchange. As governor, I’ve already asked them to not develop a state-based exchange. This would put it into legislation.

Secondly, right now it’s mandated to have a small-business exchange on it. It would give that an option as to whether we would have that or not. It increases our options, increases the flexibility, and increases the legislative oversight.

Those are three brief items that I hope you will look favorably upon. And since I’m asking you just to have a three-day session, it is incumbent upon me to give a brief message today.

I will conclude my remarks by thanking you for your support, and while the capitol is a little bit quiet while you are gone, I don’t want to keep you here any longer than necessary. My hope is that you get this done in three days, report home about a very successful session for the state of Arkansas. Members, I am grateful for your friendship. I am grateful for the work that you do for the state of Arkansas. Thank you.

1. To provide for the payment of expenses and per diem of the House of Representatives and the Senate for this Extraordinary Session.
