(2) A rule prescribed by the Supreme Court shall take effect no earlier than December 1 of the year in which the rule is transmitted under subdivision (c)(1) of this section unless otherwise provided by law.

Upon motion of Representative Sorvillo, HOUSE RESOLUTION NO. 1013 was placed back on second reading for the purpose of amendment.

**AMENDMENT NO. 1 TO HOUSE RESOLUTION NO. 1013**

Amend HOUSE RESOLUTION NO. 1013 as originally introduced:

Page 1, delete lines 19 through 36, and substitute the following:

"WHEREAS, On September 19, 1980, the 308th Titan II Strategic Missile Wing experienced a day none of them will ever forget, in which several heroic airmen and their commanders tried to prevent a nuclear explosion near Damascus, Arkansas, evacuated their comrades, and warned nearby residents to flee the area; and

WHEREAS, nearly a third of the nation’s Titan missiles were installed in Arkansas beginning in the 1960s at the behest of Representative Wilbur D. Mills, the once powerful Chairman of the House Ways and Means Committee, who made certain his district received most of the 18 Titan missiles; and

WHEREAS, the public had very little idea that there were nuclear weapons capable of reaching Moscow in 30 minutes being stored all over Arkansas, including in Antioch, Bald Knob, Damascus, Heber Springs, Judsonia, Mountain View, Plumerville, Republican, Rose Bud, Springhill, Velvet Ridge, and Wonder View; and

WHEREAS, on September 19, 1980, Senior Airman David Powell was doing routine maintenance on a Titan 374-7, a 350,000-pound missile with a nine-and-a-half-megaton thermonuclear warhead attached, when he dropped an eight-and-three-quarter-pound socket, which pierced the fuel tank of the missile causing a very serious fuel leak; and

WHEREAS, the crew was told several times to evacuate the missile silo, but several airmen went back to try to stop the leak, including Senior Airman David L. Livingston and Sergeant Jeff Kennedy, who went back into the silo shortly before 3:00 a.m. and attempted to turn on a fan to contain the fuel-vapor fumes; and

WHEREAS, missile crew commander Captain Michael Mazzaro and deputy commander Lieutenant Allen D. Childers also stayed at the site to try to control the fuel leak; and
WHEREAS, at around 3:00 a.m. on September 19, 1980, the silo exploded, sending the missile and its warhead hundreds of feet into the air, but thanks to safety features, the warhead did not explode; and

WHEREAS, Colonel James L. Morris, the head of maintenance at the 308th Strategic Missile Wing, also stayed behind to try to control the leak and carried the wounded on his back after the explosion; and

WHEREAS, Senior Airman David L. Livingston, who was the last person to leave the silo, was badly injured in the blast and died from gas poisoning at Baptist Medical Center in Little Rock, Arkansas; and

WHEREAS, 21 people were injured in the explosion, and the residents of the area experienced ill effects from the fumes; and

WHEREAS, Colonel Jimmie Gray found the warhead in a ditch 200 yards from the silo after it was blown 1,000 feet into the air; and

WHEREAS, retired Colonel Gray, the former vice-wing commander at the Little Rock Air Force Base, called it a "tremendous explosion" and thought that it was one of the worst mishaps in the existence of the missile wing at the base. Colonel Gray said, "It should in no way detract from the outstanding contributions thousands of men and women of the 308th organization made over a twenty-five year period. Their dedication and sacrifice ensured a lasting peace through nuclear deterrents. We were an outstanding unit...but there are lessons to be learned."; and

WHEREAS, the explosion occurred during the Cold War era, when the Titan II missile was a nuclear deterrent and the most powerful missile in the United States arsenal; the thermonuclear bomb on the Titan was 1,700 times more powerful than the bomb dropped on Hiroshima, Japan, at the end of World War II; and collectively, the 18 Titan missiles in Arkansas had more destructive power than all the bombs in human history combined until that time; and

WHEREAS, lessons learned from the accident brought about security improvements for nuclear weapons across the United States,

NOW THEREFORE,
BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-FIRST GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:
THAT the House of Representatives recognize the sacrifices made by the members of the 308th Titan II Strategic Missile Wing and honor them for their service.

BE IT FURTHER RESOLVED that upon adoption of this resolution, a copy shall be provided to the Little Rock Air Force Base by the Chief Clerk of the House of Representatives.

(v) If the parent does not notify the eligible nonprofit organization under subdivision (a)(4)(B)(iv) of this section that the student is no longer enrolled in a public school at the end of the academic year in which the student enrolled in a public school, the student must apply for an education savings account as a new applicant and be approved by the eligible nonprofit organization in order to resume receiving funds for the student's education savings account:

(5) The student graduates from high school; or

6-15-2911. Autonomy of nonpublic schools and providers of educational services.

(a) A nonpublic school or provider of educational services that receives payment from an education savings account under this subchapter is not considered an agent or instrumentality of the State of Arkansas or a public school district.
(b) The curriculum and education plan for a student attending a nonpublic school or receiving educational services from a provider of educational services under this subchapter is not subject to the regulatory authority of the State Board of Education.

(c) As a condition of continued receipt of funds in an education savings account, the state board may require a nonpublic school or provider of educational services that receives payment from an education savings account under this subchapter to certify on a semiannual basis under oath that a student:

(1) Is and has been enrolled and attending the nonpublic school except for excused absences; or

(2) Has been receiving educational services from the provider.

The Department of Education and the Department of Finance and Administration shall promulgate rules to implement this subchapter.

SECTION 2. Arkansas Code Title 26, Chapter 51, Subchapter 5, is amended to add an additional section to read as follows:

26-51-515. Tax credit for contributions for education savings accounts.

(a) A state income tax credit is allowed against the taxes imposed by the Income Tax Act of 1929, § 26-51-101 et seq., for sixty-five percent (65%) of an eligible contribution approved by the Department of Finance and Administration under subsection (b) of this section made by the taxpayer for a tax year to an eligible nonprofit organization that is certified under the Arkansas Parental Empowerment for Education Choice Act of 2017, § 6-15-2901 et seq., at the time of the contribution.

(b)(1)(A) Before making the contribution to an eligible nonprofit organization under subsection (a) of this section, a taxpayer shall notify the eligible nonprofit organization of the total amount of contributions that the taxpayer intends to make to the eligible nonprofit organization.

(B) Beginning March 1 and ending April 15, before accepting the contribution, the eligible nonprofit organization shall request certification of the contribution from the Department of Finance and Administration for the taxpayer’s intended contribution amount.

(C) The Department of Finance and Administration shall certify or deny the requested amount within twenty (20) days after receiving the request from the eligible nonprofit organization.

(D) If the Department of Finance and Administration certifies the request, the nonprofit organization shall immediately notify the taxpayer that the requested amount was certified.
(E) In order to receive a tax credit under this section, the taxpayer shall make the contribution in the certified amount within the required twenty (20) days after receiving notice from the eligible nonprofit organization that the requested contribution amount was certified.

(F)(i) If the eligible nonprofit organization receives the certified contribution from the taxpayer within the required twenty (20) days, the eligible nonprofit organization shall immediately notify the Department of Finance and Administration so the Department of Finance and Administration may record the tax credit on the taxpayer’s account as of July 1.

(ii) If the eligible nonprofit organization does not receive the certified contribution from the taxpayer within the required twenty (20) days, the eligible nonprofit organization shall immediately notify the Department of Finance and Administration.

(G) After the Department of Finance and Administration receives notice that the eligible nonprofit organization did not receive the certified contribution:

(i) The certification becomes void; and

(ii) The Department of Finance and Administration shall no longer include that certified contribution amount when calculating the state income tax credit limit under subsection (d) of this section for the purpose of certified contributions.

(2)(A) Except as provided in subdivision (b)(3) of this section, the Department of Finance and Administration shall certify contributions on a first come, first served basis.

(B)(i) The Department of Finance and Administration shall maintain a list of contributions that were denied because the state income tax credit limit under subsection (d) of this section had been met.

(ii) If a certified contribution is not received and becomes void under subdivision (b)(1)(G) of this section, the Department of Finance and Administration shall certify a contribution that was denied under subdivision (b)(2)(B)(i) of this section on a first come, first served basis.

(C) An eligible nonprofit organization shall report to the Department of Finance and Administration by November 1 the amount of the certified contributions under subdivision (b)(1) of this section received by the eligible nonprofit organization being used to fund education savings accounts for that academic year.

(3)(A) For tax credits issued in fiscal year 2019 only, the Department of Finance and Administration shall certify contributions on a priority basis to
taxpayers identified by the eligible nonprofit organization under subdivision (b)(3)(C) of this section as taxpayers:

(i) That contributed to the eligible nonprofit organization during fiscal year 2018; and

(ii) Whose contributions were used to fund education savings accounts.

(B) The Department of Finance and Administration shall certify contributions on a priority basis under subdivision (b)(3)(A) of this section up to the amount of the contribution made by a taxpayer that meets the requirements under subdivisions (b)(3)(A)(i) and (ii) of this section.

(C) An eligible nonprofit organization shall notify the Department of Finance and Administration of the taxpayers who meet the requirements under subdivisions (b)(3)(A)(i) and (ii) of this section before the Department of Finance and Administration begins certifying contributions for fiscal year 2019.

(c) A state income tax credit under this section may not exceed fifty percent (50%) of the tax due under this chapter for the taxable year, after the application of any other allowable state income tax credits by the eligible taxpayer.

(d)(1) In fiscal year 2019, the total amount of state income tax credits made under this section shall equal the amount approved by the Department of Finance and Administration under subdivision (b)(1) of this section, not to exceed six million five hundred thousand dollars ($6,500,000).

(2) In subsequent fiscal years, the total amount of state income tax credits made under this section shall be equal to ten percent (10%) more than the total amount of certified contributions under subdivision (b)(1) of this section from the previous fiscal year minus the difference between the total amount of the certified contributions and the amount of certified contributions that the eligible nonprofit organizations reported to the Department of Finance and Administration under subdivision (b)(2)(C) of this section as being used to fund education savings accounts.

(e) An eligible taxpayer who files an Arkansas consolidated return as a member of an affiliated group under § 26-51-805 may be allowed the state income tax credit under this section on a consolidated return basis subject to the limitation established under subsections (c) and (d) of this section.

(f) Spouses who file separate returns for a tax year in which they could have filed a joint return may each claim only one-half (1/2) of the state income tax credit that would have been allowed for a joint return.
(q)(1) Any unused state income tax credit under this section may be carried forward for five (5) consecutive tax years following the tax year in which the state income tax credit was earned.

(2) An eligible taxpayer that seeks to carry forward an unused amount of the state income tax credit under this section shall submit an application for allocation of tax credits or carryforward credits in the year that the eligible taxpayer intends to use the carryforward credits.

(3) An eligible taxpayer may not convey, assign, or transfer the state income tax credit under this section to another entity unless all of the assets of the eligible taxpayer are conveyed, assigned, or transferred in the same transaction.

(h) The state income tax credit allowed by this section is in lieu of any deduction for a contribution made to the eligible nonprofit organization under 26 U.S.C. § 170 taken for state tax purposes.

(i) For the purposes of this section, a contribution for which a state income tax credit is claimed that is made on or before the fifteenth day of the fourth month following the close of the tax year may be applied to either the current or preceding tax year and is considered to have been made on the last day of that tax year.

(j)(1) An eligible taxpayer may rescind all or part of the eligible taxpayer's allocated state income tax credit under this section.

(2) The amount rescinded shall become available for purposes of the cap for the state fiscal year under this section to an eligible taxpayer as approved by the Department of Finance and Administration if the eligible taxpayer receives notice from the Department of Finance and Administration that the rescission has been accepted by the Department of Finance and Administration and the eligible taxpayer has not previously rescinded any or all of the eligible taxpayer's allocated state income tax credit under this section more than one (1) time in the previous three (3) tax years.

(3) Any amount rescinded under this subsection shall become available to an eligible taxpayer on a first-come, first-served basis based on state income tax credit applications received after the date the rescission is accepted by the Department of Finance and Administration.

(k)(1) An application for a state income tax credit under this section shall be submitted to the Department of Finance and Administration on forms established by rule of the Department of Finance and Administration.

(2) The Department of Finance and Administration and the Department of Education shall develop a cooperative agreement to assist in the administration of this section.
The Department of Finance and Administration shall adopt rules necessary to administer this section, including without limitation rules governing the allocation of state tax credits and carryforward credits under this section on a first-come, first-served basis."

Delete everything after the enacting clause and substitute the following:
"SECTION 1. TEMPORARY LANGUAGE. DO NOT CODIFY. Legislative findings.
The General Assembly finds that:
(1) Approximately five thousand two hundred (5,200) children are in the foster care system in Arkansas;
(2) There is a shortage of foster homes in Arkansas, especially homes that can take multiple siblings;
(3) The shortage of foster homes creates the need to separate and place siblings in different homes;
(4) Children in foster care are at an increased risk of a variety of emotional, physical, behavioral, and academic problems;
(5) Many youths aging out of foster care end up homeless or incarcerated;"
(6) Children in foster care are at a greater risk of not succeeding educationally as they enter foster care at various times during the school year and sometimes move frequently during their time in the foster care system; and

(7) Children who enter the foster care system are placed at a disadvantage as they often change schools, which results in the hindrance of their ability to form peer networks and achieve educational success.

SECTION 2. TEMPORARY LANGUAGE. DO NOT CODIFY. Legislative intent.

Through the passage of this act, the General Assembly intends:

(1) To require preferential consideration to be given to an appropriate grandparent of a child if the biological parents of the child are unable to care for the child and there are no health or safety concerns regarding the placement of the child with the grandparent;

(2) For a grandparent to receive preferential consideration for adoption when the parental rights of the biological parents of the child are relinquished or terminated, regardless of the age of the grandparent;

(3) To reduce the stress experienced by a child who is placed in foster care;

(4) To provide continuity of care for a child who is placed in foster care; and

(5) To allow a family member of a child who is placed in foster care to raise the child.

SECTION 3. Arkansas Code § 9-27-355(b)(1), concerning preferential consideration that is given to a relative with regard to the placement of a juvenile, is amended to read as follows:

(B) During the phase-in of becoming a participating employer, the covered employer shall account for and remit a phase-in surcharge in the same amount and manner required of a surcharge employer under subsection (c) of this section.

(2)(A) If a covered employer is outsourcing on the effective date of this act and the covered employer elects to become a participating employer, then the covered employer may phase-in the election by selecting an effective date that is no later than the beginning of the fourth fiscal year after the effective date of this act.

(B) During the phase-in of becoming a participating employer, the covered employer shall account for and remit a phase-in surcharge in the same amount and manner as required of a surcharge employer under subsection (c) of this section.

(f)(1) The Arkansas Teacher Retirement System may require a covered employer that makes an election under this section to provide any documentation necessary to collect and account for the surcharge or contributions as is consistent with the covered employer's election.

(2) The Arkansas Teacher Retirement System may collect an unremitted surcharge amount due, including interest, from a surcharge employer under § 24-7-401 or contribution due from a participating employer under § 24-7-406 in any manner allowed by law.
(3) If a covered employer reasonably accepts a written statement from an outsource contractor reporting the salaries paid by the outsource contractor to embedded employees for services common to the normal daily operation of the covered employer, it shall be conclusively presumed that the written statement accurately reflects the salaries subject to surcharge under this section.

(g)(1) A covered employer or an outsource contractor may request a determination from the Arkansas Teacher Retirement System as to whether an embedded employee performs or will perform a service common to the normal daily operation of a covered employer.

(2) A request made under subdivision (g)(1) of this section shall include:

(3) The board may promulgate rules necessary to administer this section.

(h)(1) The Division of Youth Services Education System shall be a participating employer and may designate any or all of its embedded employees as eligible for membership in the Arkansas Teacher Retirement System.

(2) An embedded employee of a contractor for the Division of Youth Services Education System who becomes a member of the Arkansas Teacher Retirement System shall remain a member of the Arkansas Teacher Retirement System as long as the member remains an embedded employee of a contractor for the Division of Youth Services Education System.

(i) The use of the terms “employee” and “employer” in this section does not:

(1) Create or modify an employment relationship between an embedded employee and a covered employer;

(2) Create, permit, expand, or modify any liability or obligation by a covered employer to an embedded employee; or

(3) Create, permit, expand, or modify any cause of action by an embedded employee against a covered employer under any employment, labor, civil rights, or other law.

SECTION 3. DO NOT CODIFY. Within sixty (60) days of the effective date of this act, a covered employer that is outsourcing a service common to normal daily operation shall make an irrevocable election to be either a participating
employer or a surcharge employer on a form provided by or in a manner
established by the Arkansas Teacher Retirement System.

SECTION 4. DO NOT CODIFY. Except for the Division of Youth Services
Education System, each covered employer shall provide the Arkansas Teacher
Retirement System with a preliminary report accounting for the total amount of
salary paid to embedded employees of outsource contractors no later than sixty
(60) days from the effective date of this act.

SECTION 5. EMERGENCY CLAUSE. It is found and determined by the
General Assembly of the State of Arkansas that the retirement security of our
state's educators and teachers has been a cornerstone of our educational system
since the General Assembly created the Arkansas Teacher Retirement System
under Act 1937, No. 266; that Act 1937, No. 266, provided that retirement security
under the Arkansas Teacher Retirement System "shall be an integral part of the
contract entered into by any teacher and the school board employing such teacher";
that the Arkansas Teacher Retirement System is a vital component in the attraction
and retention of dedicated, high-quality educators and teachers; that those
educators and teachers, as well as the operations and infrastructure to support their
efforts, make a major contribution to the wellbeing of the citizens of Arkansas; that
the operations of the Arkansas Teacher Retirement System are complex; that the
Arkansas Teacher Retirement System must be able to meet the needs of its
members as anticipated by the General Assembly; that current practices to keep
costs competitive and manage education budgets within the amounts allocated by
the General Assembly have increased the practice of outsourcing services that are
a common part of normal daily operation of a covered employer's responsibilities
and duties to persons who perform these services and jobs through a private
employer; that the private employer does not contribute to the Arkansas Teacher
Retirement System and yet benefits from the infrastructure that is the operation of
the educational system mandated by the General Assembly; that for every job that
is outsourced to the private sector, the remaining employees in the Arkansas
Teacher Retirement System bear the burden of the loss of contributions by the
outsource contractors and embedded employees; that this act is needed to account
for and address the lack of contributions from the outsourced contractors and
embedded employees in a manner responsible and fair to all education employees;
that the Arkansas Teacher Retirement System requires immediate calculations to
evaluate the impact of outsourcing on its members and their retirement security;
that certain provisions of the Arkansas Teacher Retirement System are imminently
in need of revision and updating to operate the Arkansas Teacher Retirement
System efficiently and effectively; that such revision and updating is of great

SECTION 2. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that this act amends Acts 2017, No 313, § 3, that became effective March 2, 2017, as a result of an emergency clause; Act 313 of 2017 requires immediate action by the Alcoholic Beverage Control Board, the Director of the Alcoholic Beverage Control Division, and small farm winery license holders; the language of this bill alters the timelines imposed by Act 313 of 2017 and the procedure by which permits are issued; without the immediate enactment of this act, confusion will exist as to the procedures to be implemented for issuing permits under Act 313 of 2017 and unnecessary costs will be incurred to comply with Act 313 of 2017. Therefore, an emergency is declared to exist, and this act being immediately necessary for the preservation of the public peace, health, and safety shall become effective on:

(1) The date of its approval by the Governor;
(2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or
(3) If the bill is vetoed by the Governor and the veto is overridden, the date the last house overrides the veto."

AMENDMENT NO. 1 TO HOUSE BILL NO. 2060

Amend HOUSE BILL NO. 2060 as originally introduced:

Delete everything after the enacting clause and substitute the following:

"SECTION 1. Arkansas Code §§ 20-9-1302 — 20-9-1304 is amended to read as follows:
20-9-1302. Findings and intent.

(a) The General Assembly finds that:

(1) The peer review process is well established as the most important and effective means of monitoring quality and improving care within an institution;

(2)(A) Peer review is essential to preserving the highest standards of medical practice;

(B) However, peer review that is not conducted fairly results in harm to both patients and physicians by limiting access to care and patient choice; and

(3) It is necessary to balance carefully the rights of patients who benefit by peer review with the rights of those who may be harmed by improper peer review.

(1) Through peer review, a hospital's medical staff acts to maintain and enhance quality patient care with the protection of patients as the primary focus of the process;

(2) Effective peer review is essential to ensuring and improving quality health care for hospital patients;

(3) In order to ensure the effectiveness of peer review, physicians engaging in the peer review process must be open and honest in their assessment and review of the quality of care provided by their peers;

(4) Due process protections for physicians under review are also important in an effective peer review system;

(5) The federal Health Care Quality Improvement Act of 1986, 42 U.S.C. § 11101 et seq., and related Arkansas law provide immunity and confidentiality protections for peer review to encourage physicians to speak freely about their concerns in patient care to improve quality while ensuring due process protections for physicians under review;

(6) Without immunity and confidentiality, physicians would be reticent to participate in the process and share critical information needed to protect patients, so great care must be taken to not undermine the purpose of existing federal and state protections for peer review; and

(7) It is crucial to protect the peer review process from overly burdensome laws and rules that harm the goal of a free exchange of information to facilitate improvements in care and protection of patients.

(b) The General Assembly intends that peer review be safeguarded as an essential tool for protecting patients and be conducted fairly for the benefit of the citizens of the State of Arkansas.

"SECTION 1. Arkansas Code Title 23, Chapter 99, is amended to add an additional subchapter to read as follows:

Subchapter 12 — Prohibition of All-Products Clauses

23-99-1201. Legislative findings.

The General Assembly finds that:
(1) An all-products clause is an anticompetitive tactic used in certain healthcare provider contracts by a healthcare insurer;

(2) A healthcare insurer may use an all-products clause to require a healthcare provider with which the healthcare insurer has a contract to provide healthcare services to agree to participate in other plans or products that are offered by the healthcare insurer;

(3) An all-products clause does not permit the healthcare provider to select or negotiate the terms of the health benefit plan in which the healthcare provider will participate;

(4) An all-products clause unfairly requires a healthcare provider to participate in a health benefit plan in which the healthcare provider:
   (A) Has no interest;
   (B) Has not been provided the necessary information to make an informed decision; or
   (C) Is bound to health benefit plans not yet in existence; and

(5) An all-products clause is a form of tying arrangement that suppresses competition by allowing a healthcare insurer with dominant market power to artificially influence prices and impairs competition in the health insurance marketplace by discouraging potential competitors who might otherwise enter the health insurance marketplace.

As used in this subchapter:

(1) "All-products clause" means a provision in a contract between a healthcare insurer and a healthcare provider that requires a healthcare provider, as a condition of participation or continuation in a provider network or a health benefit plan, to:
   (A) Serve in another provider network utilized by the healthcare insurer for a health benefit plan or product; or
   (B) Participate in another health benefit plan offered by the healthcare insurer;

(2)(A) "Health benefit plan" means an individual, blanket, or any group plan, policy, or contract for healthcare services issued or delivered in this state by a healthcare insurer.
   (B) "Health benefit plan" does not include:
      (i) A disability income plan;
      (ii) A credit insurance plan;
      (iii) Insurance coverage issued as a supplement to liability insurance;
(iv) Medical payments under an automobile or homeowners insurance plan;
(v) A health benefit plan provided under Arkansas Constitution, Article 5, § 32; the Workers’ Compensation Law, § 11-9-101 et seq.; and the Public Employee Workers’ Compensation Act, § 21-5-601 et seq.;
(vi) A plan that provides only indemnity for hospital confinement;
(vii) An accident-only plan;
(viii) A specified disease plan;
(ix) Traditional Medicaid; or
(x) A long-term care insurance plan;

(3) "Healthcare insurer" means:
(A) An insurance company, hospital and medical service corporation, or health maintenance organization that issues or delivers a health benefit plan in this state; and
(B) Any sponsor of a nonfederal self-funded governmental or church plan;

(4) "Healthcare provider" means a person or entity that is licensed, certified, or otherwise authorized by the laws of this state to provide services and goods used for the purpose of or incidental to the purpose of preventing, alleviating, curing, or healing human illness or injury;

(5) “Products” means the health benefit plan options that are offered by a healthcare insurer;

(6) "Provider contract" means a contract between a healthcare insurer and a healthcare provider; and

(7) "Provider network" means a group of healthcare providers who are contracted to provide healthcare services to plan members at contracted rates.

23-99-1203. All-products clause — Prohibition.

(a) This subchapter applies to a provider contract that is delivered, issued for delivery, reissued, extended, or has a change in any term of the provider contract or a related health benefit plan that affects the provider contract in this state beginning on the effective date of this act.

(b) If an all-products clause is in a provider contract, the all-products clause is void.

SEC 2. EMERGENCY CLAUSE. It is found and determined by the General Assembly of the State of Arkansas that the healthcare insurance marketplace is in flux, and changes are occurring rapidly at the state and federal level; that this state seeks to enlarge and promote an attractive commercial
environment or marketplace and to encourage competition that enhances healthcare options for consumers in this state; and that this act is immediately necessary to prevent anticompetitive practices by healthcare insurers using all-products clauses that may deter many healthcare insurers from entering the state healthcare insurance marketplace. Therefore, an emergency is declared to exist, and this act being immediately necessary for the preservation of the public peace, health, and safety shall become effective on:

(1) The date of its approval by the Governor;
(2) If the bill is neither approved nor vetoed by the Governor, the expiration of the period of time during which the Governor may veto the bill; or
(3) If the bill is vetoed by the Governor and the veto is overridden, the date the last house overrides the veto."

AMENDMENT NO. 1 TO HOUSE BILL NO. 2159
Amend HOUSE BILL NO. 2159 as originally introduced:
Delete everything after the enacting clause, and substitute the following:
"SECTION 1. DO NOT CODIFY. Legislative findings and intent.
(a) The General Assembly finds that:

(1) The justification for regulating occupations is the health and safety of consumers;

(2) Occupational regulations can raise costs, limit supply, and harm consumer welfare, and the health and safety of consumers can sometimes be protected at least as well using less restrictive forms of regulation, such as deceptive trade practices acts, inspections, bonding, insurance, registration, and voluntary certification;

(3) The prevalence of occupational licensing has increased dramatically in recent decades, in part because private interests have sought licensing to limit competition; and
(4) The United States Supreme Court addressed the use of occupational licensing in North Carolina Board of Dental Examiners v. Federal Trade Commission, 135 S. Ct. 1101 (2015), and held that licenses may violate federal antitrust laws if they are imposed and enforced by active market participants because there is a danger that self-interested participants will impose occupational licensing restrictions to further their own interests rather than the interests of the state.

(b) The General Assembly intends for the Occupational Regulation Oversight Subcommittee created under this act to encourage legislative scrutiny and appropriate regulatory relief that is consistent with the protection of the health, safety, and welfare of consumers.

SECTION 2. Arkansas Code Title 10, Chapter 3, is amended to add an additional subchapter to read as follows:

Subchapter 32 — Occupational Regulation Oversight Subcommittee

10-3-3201. Creation.

(a) There is created a subcommittee of the Senate Committee on Public Health, Welfare, and Labor and the House Committee on Public Health, Welfare, and Labor to be known as the "Occupational Regulation Oversight Subcommittee".

(b)(1) The Occupational Regulation Oversight Subcommittee shall consist of the following members:

(ii) From among the members appointed under subdivision (b)(1)(A)(i) of this section, the Chair of the Senate Committee on Public Health, Welfare, and Labor shall appoint one (1) member to serve as the Senate Cochair of the Occupational Regulation Oversight Subcommittee; and

(ii) From among the members appointed under subdivision (b)(1)(B)(i) of this section, the Chair of the House Committee on Public Health, Welfare, and Labor shall appoint one (1) member to serve as the House Cochair of the Occupational Regulation Oversight Subcommittee.

(2) Each congressional district of the state shall be represented by membership on the Occupational Regulation Oversight Subcommittee, as follows:

(A) At least two (2) members shall be from the First Congressional District:
(B) At least two (2) members shall be from the Second Congressional District;
(C) At least two (2) members shall be from the Third Congressional District; and
(D) At least two (2) members shall be from the Fourth Congressional District.

(c) The Occupational Regulation Oversight Subcommittee may meet during the interim or while the General Assembly is in session, at the call of the cochairs of the Occupational Regulation Oversight Subcommittee.

(d) A quorum shall consist of a majority of the members of the Occupational Regulation Oversight Subcommittee.

(e) Members of the Occupational Regulation Oversight Subcommittee shall be entitled to per diem and mileage at the rate provided by law to be paid from funds appropriated for payment of per diem and mileage for attendance at meetings of interim committees of the House of Representatives and the Senate.

10-3-3202. Duties.

The Occupational Regulation Oversight Subcommittee shall:

1. For at least ten (10) regulated occupations each year, review the proposed and existing statutes, ordinances, rules, practices, policies, and other requirements prescribed by the state for a private individual to work in the lawful occupation, regardless of whether the statute, ordinance, rule, practice, policy, or other government-prescribed requirement:

   (A) Imposes a substantial burden on:

       (i) A private individual in terms of time, financial obligations, or the expenditure of other resources; or

       (ii) Consumer choices and costs, general employment, market competition, and governmental costs;

   (B) Is not substantially related to the state’s important interest in protecting against present and recognizable harm to the public health or safety;

   (C)(i) Is either unreasonable or more restrictive than is necessary to further the state’s important interest in protecting against present and recognizable harm to the public health or safety;

       (ii) The means of restricting a private individual’s right to engage in a lawful occupation are as follows, from least restrictive to most restrictive:

       (a) A provision for private civil action to remedy consumer harm:
(b) Deceptive trade practice acts and other laws that protect consumers from harm;

(c) Inspection;

(d) Bonding;

(e) Registration without the requirement that the private individual meet certain personal qualifications:

(f) Certification based on meeting certain personal qualifications that are required in order to use the title "certified"; and

(g) Licensing based on meeting certain personal qualifications;

(D) Compares favorably to how other states regulate the same occupations; and

(E) Creates a substantial likelihood of state antitrust liability under North Carolina Board of Dental Examiners v. Federal Trade Commission, 135 S. Ct. 1101 (2015); and

(2) By December 31 of each even-numbered year:

(A) provide to the Governor, the President Pro Tempore of the Senate, the Speaker of the House of Representatives, the Chair of the Senate Committee on Public Health, Welfare, and Labor, and the Chair of the House Committee on Public Health, Welfare, and Labor a report of any recommendations, analysis, or findings resulting from the Occupational Regulation Oversight Subcommittee's activities under this section that the Occupational Regulation Oversight Subcommittee deems relevant to reducing or eliminating the burden on Arkansas citizens' right to engage in a lawful occupation, including without limitation:

(i) Whether the current level of occupational regulation required by each regulated occupation is necessary to protect public health, safety, and welfare;

(ii) Whether public health, safety, and welfare could be appropriately protected using a less restrictive means of restricting a private individual's right to engage in a lawful occupation; and

(ii) The changes the Occupational Regulation Oversight Subcommittee recommends to the occupational regulations reviewed during the year; and

(B) Request and encourage that the Senate Committee on Public Health, Welfare, and Labor or the House Committee on Public Health, Welfare, and Labor, or both, consider, at a meeting the following January, the
separate and independent issues and recommendations stated in the report
provided under subdivision (2)(A) of this section.

SECTION 3. DO NOT CODIFY. Initial report and recommendations of the
Occupational Regulation Oversight Subcommittee.

By September 1, 2017, the Occupational Regulation Oversight
Subcommittee shall submit to the Governor, the President Pro Tempore of the
Senate, the Speaker of the House of Representatives, the Chair of the Senate
Committee on Public Health, Welfare, and Labor, and the Chair of the House
Committee on Public Health, Welfare, and Labor a report containing
recommendations regarding whether:

(1) A constitutional officer should be authorized to provide active
supervision of rules, policies, and enforcement actions to ensure that members of
the regulatory boards and commissions are immune from antitrust litigation, as
required under North Carolina Board of Dental Examiners v. Federal Trade
Commission, 135 S. Ct. 1101 (2015); and

(2) The General Assembly should enact laws to establish:

(A) The right of an individual to pursue an occupation as a
fundamental right;

(B) That occupational regulations shall be construed and
applied by regulatory agencies, boards, and commissions to increase economic
opportunities, promote competition, and encourage innovation; and

(C) That, if necessary to displace competition in the future, the
General Assembly shall use the least restrictive occupational regulation possible to
protect consumers from present, significant, and substantiated harms that threaten
public health, safety, and welfare.

3. The Commission may levy on and collect an annual assessment from each member state or impose fees on other parties to cover the cost of the operations and activities of the Commission and its staff, which must be in a total amount sufficient to cover its annual budget as approved each year for which revenue is not provided by other sources. The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the Commission, which shall promulgate a rule binding upon all member states.

4. The Commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the Commission pledge the credit of any of the member states, except by and with the authority of the member state.

5. The Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the Commission shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the Commission.

F. Qualified Immunity, Defense, and Indemnification

1. The members, officers, executive director, employees and representatives of the Commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties or responsibilities; provided that nothing in this paragraph shall be construed to protect any such person from suit and/or liability for any damage, loss, injury, or liability caused by the intentional or willful or wanton misconduct of that person.
2. The Commission shall defend any member, officer, executive director, employee or representative of the Commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining his or her own counsel; and provided further, that the actual or alleged act, error, or omission did not result from that person’s intentional or willful or wanton misconduct.

3. The Commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the Commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error or omission that occurred within the scope of Commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional or willful or wanton misconduct of that person.

Section 11. COORDINATED DATABASE

A. The Commission shall provide for the development and maintenance of a coordinated database and reporting system containing licensure, adverse action, and significant investigatory information on all licensed individuals in member states.

B. Notwithstanding any other provision of state law to the contrary, a member state shall submit a uniform data set to the coordinated database on all individuals to whom this compact is applicable as required by the rules of the Commission, including:

1. Identifying information;
2. Licensure data;
3. Significant investigatory information;
4. Adverse actions against an individual’s license;
5. An indicator that an individual’s privilege to practice is restricted, suspended or revoked;
6. Non-confidential information related to alternative program participation;
7. Any denial of application for licensure, and the reason(s) for such denial; and
8. Other information that may facilitate the administration of this Compact, as determined by the rules of the Commission.

C. The coordinated database administrator shall promptly notify all member states of any adverse action taken against, or significant investigative information on, any individual in a member state.

D. Member states contributing information to the coordinated database may designate information that may not be shared with the public without the express permission of the contributing state.

E. Any information submitted to the coordinated database that is subsequently required to be expunged by the laws of the member state contributing the information shall be removed from the coordinated database.

Section 12. RULEMAKING

A. The Commission shall exercise its rulemaking powers pursuant to the criteria set forth in this Section and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

B. If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the Compact, then such rule shall have no further force and effect in any member state.

C. Rules or amendments to the rules shall be adopted at a regular or special meeting of the Commission.

D. Prior to promulgation and adoption of a final rule or rules by the Commission, and at least sixty (60) days in advance of the meeting at which the rule will be considered and voted upon, the Commission shall file a Notice of Proposed Rulemaking:

1. On the website of the Commission; and

2. On the website of each member state EMS authority or the publication in which each state would otherwise publish proposed rules.

E. The Notice of Proposed Rulemaking shall include:

1. The proposed time, date, and location of the meeting in which the rule will be considered and voted upon;

2. The text of the proposed rule or amendment and the reason for the proposed rule;

3. A request for comments on the proposed rule from any interested person; and

4. The manner in which interested persons may submit notice to the Commission of their intention to attend the public hearing and any written comments.
F. Prior to adoption of a proposed rule, the Commission shall allow persons to submit written data, facts, opinions, and arguments, which shall be made available to the public.

G. The Commission shall grant an opportunity for a public hearing before it adopts a rule or amendment if a hearing is requested by:
   1. At least twenty-five (25) persons;
   2. A governmental subdivision or agency; or
   3. An association having at least twenty-five (25) members.

H. If a hearing is held on the proposed rule or amendment, the Commission shall publish the place, time, and date of the scheduled public hearing:
   1. All persons wishing to be heard at the hearing shall notify the executive director of the Commission or other designated member in writing of their desire to appear and testify at the hearing not less than five (5) business days before the scheduled date of the hearing.
   2. Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.
   3. No transcript of the hearing is required, unless a written request for a transcript is made, in which case the person requesting the transcript shall bear the cost of producing the transcript. A recording may be made in lieu of a transcript under the same terms and conditions as a transcript. This subsection shall not preclude the Commission from making a transcript or recording of the hearing if it so chooses.
   4. Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the Commission at hearings required by this section.

I. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the Commission shall consider all written and oral comments received.

J. The Commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

K. If no written notice of intent to attend the public hearing by interested parties is received, the Commission may proceed with promulgation of the proposed rule without a public hearing.

L. Upon determination that an emergency exists, the Commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing, provided that the usual rulemaking procedures provided in
the Compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety (90) days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

1. Meet an imminent threat to public health, safety, or welfare;
2. Prevent a loss of Commission or member state funds;
3. Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or
4. Protect public health and safety.

M. The Commission or an authorized committee of the Commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing, and delivered to the chair of the Commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

Section 13. OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT

A. Oversight

1. The executive, legislative, and judicial branches of state government in each member state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact’s purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as statutory law.

2. All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this compact which may affect the powers, responsibilities or actions of the Commission.

3. The Commission shall be entitled to receive service of process in any such proceeding, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the Commission shall render a judgment or order void as to the Commission, this Compact, or promulgated rules.

B. Default, Technical Assistance, and Termination
1. If the Commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the Commission shall:
   a. Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default and/or any other action to be taken by the Commission; and
   b. Provide remedial training and specific technical assistance regarding the default.
2. If a state in default fails to cure the default, the defaulting state may be terminated from the Compact upon an affirmative vote of a majority of the member states, and all rights, privileges and benefits conferred by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.
3. Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the governor, the majority and minority leaders of the defaulting state’s legislature, and each of the member states.
4. A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.
5. The Commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the compact, unless agreed upon in writing between the Commission and the defaulting state.
6. The defaulting state may appeal the action of the Commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the Commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney’s fees.

C. Dispute Resolution
1. Upon request by a member state, the Commission shall attempt to resolve disputes related to the compact that arise among member states and between member and non-member states.
2. The Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

D. Enforcement
1. The Commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

2. By majority vote, the Commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the Commission has its principal offices against a member state in default to enforce compliance with the provisions of the compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney’s fees.

3. The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or state law.

Section 14. DATE OF IMPLEMENTATION OF THE INTERSTATE COMMISSION FOR EMS PERSONNEL PRACTICE AND ASSOCIATED RULES, WITHDRAWAL, AND AMENDMENT

A. The compact shall come into effect on the date on which the compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, shall be limited to the powers granted to the Commission relating to assembly and the promulgation of rules. Thereafter, the Commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the compact.

B. Any state that joins the compact subsequent to the Commission’s initial adoption of the rules shall be subject to the rules as they exist on the date on which the compact becomes law in that state. Any rule that has been previously adopted by the Commission shall have the full force and effect of law on the day the compact becomes law in that state.

C. Any member state may withdraw from this compact by enacting a statute repealing the same.

1. A member state’s withdrawal shall not take effect until six (6) months after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the withdrawing state’s EMS authority to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

D. Nothing contained in this compact shall be construed to invalidate or prevent any EMS personnel licensure agreement or other cooperative arrangement between a member state and a non-member state that does not conflict with the provisions of this compact.
E. This Compact may be amended by the member states. No amendment to this Compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

Section 15. CONSTRUCTION AND SEVERABILITY

This Compact shall be liberally construed so as to effectuate the purposes thereof. If this compact shall be held contrary to the constitution of any state member thereto, the compact shall remain in full force and effect as to the remaining member states. Nothing in this compact supersedes state law or rules related to licensure of EMS agencies."

(2) The petition shall set forth the insanity of the spouse, the nature and duration thereof, the person with whom and the place at which the spouse may then be residing, the nature and object of the conveyance desired to be made, describing the real estate and giving the name of the person to whom the conveyance is intended to be made, and the consideration thereof, and that the intention of the conveyance is not to deprive the spouse of dower or curtesy, as the case may be, but to dispose of the real estate in the usual and ordinary course of business.

(b) On the filing of the petition, the court shall appoint some reliable and disinterested citizen not related to either of the parties, nor interested directly or indirectly in the real estate or any part thereof described in the petition as guardian ad litem for the defendant. The guardian ad litem shall forthwith cause the appearance of the spouse to be entered of record in the case and make such pleadings in the case from time to time as may seem fit to him or her for the interest of his or her ward and be
consistent with the practice of the court. All acts of the guardian ad litem shall be
deemed valid and binding on his or her ward.

(c) The statements and specification of dower or curtesy the surviving spouse marital share, and acceptance thereof, shall be proved or acknowledged by
both parties and filed with and recorded by the probate clerk of the circuit court, which will then be a sufficient assignment of dower or curtesy the surviving spouse marital share and shall bar any further demand for dower or curtesy the surviving spouse marital share in the property specified in the statement.

28-39-302. Assignment by heir — Grant of severance rights required.

(a) The heirs in any estate cannot assign or secure an assignment of dower or curtesy in lands in this state unless and until the heirs of the estate comply with the provisions set out in subsections (b) and (c) of this section.

(d) Should there be production of oil or gas under any lease executed by the surviving spouse, he or she shall be entitled to receive the royalty payments so long as the surviving spouse lives.

This petition shall include a description of the lands in which he or she claims dower or curtesy the surviving spouse marital share, the names of those having interest in the lands, and the amount of the interest briefly stated in ordinary language with a prayer for the allotment of dower or curtesy the surviving spouse marital share. All persons interested in the property shall be summoned to appear and answer the petition.

(b) Upon the petition's by all interested in the property being filed, Upon the filing of the petition by all interested in the property, or upon a summons being served upon all who have an interest in the property, the circuit court may make an
order for the allotment of dower or curtesy the surviving spouse marital share according to the rights of the parties by commissioners appointed according to law.

(c) Parties interested may be constructively summoned, as provided by Rule 4 of the Arkansas Rules of Civil Procedure.

(d)(1) No verification shall be required to the petition or answer.

(2) Petitions for dower or curtesy the surviving spouse marital share shall be heard and determined by the court without the necessity of formal pleading upon the petition, answer, exhibits, and other testimony.

(e) If the petition is filed against infants or persons of unsound mind, the guardian or committee may appear and defend for them and protect their interests, and, if the guardian or committee does not appear and defend, the court shall appoint some discreet person for that purpose.

(f) If any person summoned, as provided in this section, desires to contest the rights of the petitioner or the statements in the petition, he or she shall do so by a written answer, and the questions of the law and fact thereupon arising shall be tried and determined by the circuit court.

(g) The costs of the division and allotment shall be apportioned among the parties in the ratio of their interests, and the costs arising from any contest of fact or law shall be paid by the party adjudged to be in the wrong.

(a) In all cases when it orders and decrees dower or curtesy the surviving spouse marital share to any a surviving spouse, the court shall appoint three (3) commissioners of the vicinity who shall proceed to the premises in question and, by survey and measurement, lay off and designate by proper metes and bounds the dower or curtesy surviving spouse marital share of the surviving spouse, in accordance with the decree of the court.

(b) In all assignments of dower or curtesy the surviving spouse marital share to any a surviving spouse, it shall be the duty of the commissioners, who may be appointed to lay off the dower or curtesy surviving spouse marital share, if the estate will permit such a division without essential injury, to lay off the dower or curtesy surviving spouse marital share in the lands of the deceased spouse so that the usual dwelling of the deceased spouse and family shall be included in the assignment of dower or curtesy the surviving spouse marital share to the surviving spouse.

(c) The commissioners appointed to lay off dower or curtesy the surviving spouse marital share in the lands of the deceased spouse, under existing laws, shall lay off the dower or curtesy the surviving spouse marital share on any part of the lands of the deceased at the request of the surviving spouse who is to be
endowed, whether the lands shall include the usual dwelling of the deceased spouse and family or not, if it can be done without essential injury to the estate.

(d) The commissioners shall make a detailed report of their proceedings to the next term of the court.

(e) Upon the report's being returned, the court may confirm or set the report aside or remand it to the commissioners for correction. If approved by the court, the report shall be entered of record and be conclusive on the parties.

In cases in which lands or tenements will not permit division, the court, being satisfied of that fact or on the report of the commissioners to that effect, shall order that the tenements or lands be rented out and that one-third (1/3) part of the proceeds be paid to the surviving spouse in lieu of dower or curtesy the surviving spouse marital share in the lands or tenements.

In proceedings in the circuit court for the allotment of dower or curtesy the surviving spouse marital share, when it appears to the court that dower or curtesy the surviving spouse marital share cannot be allotted out of the real estate without great prejudice to the surviving spouse or heirs and that it will be most to the interest of the parties that the real estate may be sold, the court may decree a sale of the real estate free from the dower or curtesy surviving spouse marital share and decree that a portion of the proceeds may be paid to the surviving spouse in lieu of the dower or curtesy the surviving spouse marital share or interest otherwise secured to the surviving spouse as to the court may seem equitable and just.

If the heir alienates lands of which a surviving spouse is entitled to dower or curtesy the surviving spouse marital share, he or she shall still be decreed his curtesy or her dower the surviving spouse marital share in the lands so alienated, in whosesoever hands the land may be.

A surviving spouse may bequeath the crop in the ground of the land held by him or her in curtesy or dower the surviving spouse marital share at the time of his or her death. If he or she dies intestate, the crop shall go to his or her administrator.

If the land assigned and laid off to any surviving spouse is deforced from his or her possession, the surviving spouse shall have an action for the recovery of possession of the land, with double damages for the deforcement, or a surviving
spouse may sue for the damages alone and recover double the actual damage sustained from time to time, until the surviving spouse is put in possession of the dower or curtesy of the surviving spouse marital share held by the deforcer or detainer.

SECTION 29. Arkansas Code § 28-39-401 is amended to read as follows:

(a) When a married person dies testate as to all or any part of his or her estate, the surviving spouse shall have the right to take against the will if the surviving spouse has been married to the decedent continuously for a period in excess of one (1) year.

(2) The homestead interest;

(3) Other statutory allowances; and

(3)(4) If, after the assignment of dower or curtesy, as the case may be, the surviving spouse marital share and the payment of all statutory allowances, taxes, and debts, and the satisfaction of all testamentary gifts and devises, there shall remain some residue of the deceased spouse’s estate which is not disposed of by will, then, if the deceased spouse shall have has been survived by no natural or adopted child, or the descendants of any natural or adopted child, and by no parent, brother, sister, grandparent, uncle, aunt, great-grandparent, great-uncle, great-aunt, or the lineal descendants of any of them, then the surviving spouse will take by inheritance the undisposed residue.

Upon motion of Representative Davis, HOUSE BILL NO. 1926 was placed back on second reading for the purpose of amendment.

AMENDMENT NO. 1 TO HOUSE BILL NO. 1926

Amend HOUSE BILL NO. 1926 as originally introduced:

Delete everything after the enacting clause and substitute the following:

"SECTION 1. DO NOT CODIFY. Legislative findings and intent.

(a) The General Assembly finds that:

(1) The design, engineering, permitting, construction, modification, maintenance, and operation of wireless facilities are instrumental to the provision of emergency services and increasing access to broadband services and advanced technology and information for the citizens of Arkansas;

(2) Municipalities play a key role in facilitating the use of public rights-of-way;

(3) Wireless services providers and wireless infrastructure providers must have access to public rights-of-way and the ability to attach to poles and structures located in public rights-of-way to densify the wireless services provider's and wireless infrastructure provider's networks and provide next generation services;

(5) Accordingly, expeditious processes and reasonable and nondiscriminatory rates, fees, and terms related to such deployments are essential to the construction and maintenance of wireless facilities; and

(6) Wireless facilities help ensure this state remains competitive in the global economy.

(B) The applicant may cure the deficiencies identified by the political subdivision and resubmit the application within thirty (30) days of the denial without paying an additional application fee.

(2) Any time limitation placed on permits shall be void unless the applicant subsequently and voluntarily requests that the permit be terminated.

(1) Filing, receiving, or processing applications; or

(2) Issuing permits or other approvals, if any, for the collocation of small wireless facilities or for any permits related to the placement, repair, maintenance, or modification of wireless support structures.
(l) A political subdivision may charge an application fee only if the fee is required for similar types of commercial development within the political subdivision’s jurisdiction, and shall not exceed the lesser of the amount charged by the authority for:

1. A building permit for any similar commercial construction, activity, or land use development;
2. One hundred dollars ($100) each for up to five (5) small wireless facilities addressed in an application and fifty dollars ($50.00) for each additional small wireless facility addressed in the application; or
3. One thousand dollars ($1,000) for a new wireless support structure.

(m) A political subdivision shall not require an application for:

1. Routine maintenance; or
2. The replacement of wireless facilities with wireless facilities that are substantially similar or the same size or smaller, if a political subdivision may require a permit to work within the right-of-way for the activities, if applicable.

23-17-505. Access to political subdivision structures by wireless facilities.

(a) A political subdivision shall allow collocation of small wireless facilities on a utility pole owned by a political subdivision that is located in a right-of-way.

(b) A political subdivision shall not enter into an exclusive arrangement with a person for the right to attach to a utility pole.

(c) A political subdivision may charge, on a nondiscriminatory basis through an ordinance of general applicability to all wireless providers, an annual rate of up to twenty dollars ($20.00) per utility pole owned by the political subdivision that the wireless provider has collocated.

(d)(1) If any make-ready or other work is required to enable the political subdivision’s utility pole to support the requested collocation, including utility pole replacement if necessary, the political subdivision shall provide a good faith estimate of the cost of the work required to be performed to support the requested collocation within sixty (60) days after receipt of a complete application.

2(A) For purposes of subdivision (d)(1) of this section, make-ready work includes any utility pole replacement that is completed within ninety (90) days of written acceptance of the good faith estimate by the applicant.

2(B) The make-ready work shall be reasonable and not require more make-ready work than is required to meet applicable codes or industry standards.

2(C) Fees for make-ready work, including any utility pole replacement, shall not:
(i) Include costs related to preexisting or prior damage or noncompliance;

(ii) Exceed actual costs or the amount charged to other communications service providers for similar work; or

(iii) Include any consultant's fees or expenses.

(e)(1) An authority shall authorize the collocation of small wireless facilities on wireless support structures and utility poles owned or controlled by a political subdivision that are not located within the right-of-way to the same extent the authority permits access to those structures for other commercial projects or uses.

(2) The collocations described in subdivision (e)(1) of this section are subject to reasonable and nondiscriminatory rates, fees, and terms as provided in an agreement between the political subdivision and the wireless provider.

23-17-506. Applicability of other laws — No effect on jurisdiction of the Arkansas Public Service Commission over pole attachments.

(a) Except as provided in this subchapter, a political subdivision shall not prohibit, regulate, or require any authorization, permit, franchise, license, or bond for the placement or operation of wireless facilities or the provision of wireless services within the boundaries of a political subdivision.

(b) This subchapter does not limit, abrogate, or supersede the jurisdiction of the Arkansas Public Service Commission, or any rule or order of the commission concerning pole attachments under § 23-4-1001 et seq., or any agreement of a utility pole owner and attacher related to the rates, terms, and conditions for a pole attachment."

Upon motion of Representative Allen, HOUSE RESOLUTION NO. 1044 was placed back on second reading for the purpose of amendment.

**AMENDMENT NO. 1 TO HOUSE RESOLUTION NO. 1044**

Amend HOUSE RESOLUTION NO. 1044 as originally introduced: Delete everything after the enacting clause and substitute the following:

"WHEREAS, September 25, 2017, will mark the 60th anniversary of the first full day of integration of Little Rock's historic Central High School; and

WHEREAS, numerous events are planned through late September 2017, including the installation of a sculpture on the grounds of Central High School, education forums, interfaith services, and a concert fundraiser at Robinson Center Performance Hall for the Little Rock Nine Foundation, culminating with a ceremony at Quigley Stadium of Central High School on September 25, 2017, featuring remarks by the surviving members of the Little Rock Nine and other dignitaries; and

WHEREAS, on the morning of September 23, 1957, nine (9) African-American teenagers now commonly and affectionately known as the "Little Rock Nine" held the line against an angry mob protesting integration in front of Little Rock's Central High School; and

WHEREAS, as the students met their new classmates for the first time inside the school, violence escalated outside, and the Little Rock police removed the Little Rock Nine from the school for their safety. The next day President Dwight D. Eisenhower ordered the United States Army's 101st Airborne Division into Little Rock to escort the nine (9) students into Central High School, and each student was assigned his or her own guard; and

WHEREAS, as Melba Patillo Beals later remembered, "After three full days inside Central, I knew that integration [was] a much bigger word than I thought"; and

WHEREAS, the integration of Central High School was broadcast across the nation and around the world; was the site of the first important test for the implementation of the United States Supreme Court's historic decision in the case of Brown v. Board of Education in 1954; became the epitome of state resistance to desegregation when Governor Orval Faubus directly questioned the authority of the federal court system and the validity of desegregation; and forced the nation to resolve to enforce African-American civil rights in the face of massive southern defiance during the years following the Brown v. Board of Education decision; and

WHEREAS, the Little Rock Nine should be commended individually for their courage, determination, and significant roles in the civil rights movement; and
WHEREAS, Minnijean Brown Trickey was born September 11, 1941, in Little Rock and entered Central High School at the age of sixteen (16). Although all of the Little Rock Nine experienced verbal and physical harassment during the 1957-1958 school year at Central, Minnijean Brown Trickey was the first suspended and later expelled for retaliating against the daily torment. She moved to New York in February, 1958, and lived with Doctors Kenneth B. and Mamie Clark, both African-American psychologists. Minnijean Brown Trickey graduated from New York’s New Lincoln High School in 1959 and attended Southern Illinois University, majoring in journalism. She later moved to Canada where she received a bachelor’s degree in Social Work in Native Human Services from Laurentian University and a master’s degree in Social Work from Carleton University in Ontario, Canada. Minnijean Brown Trickey is a social activist and has worked on behalf of peacemaking, environmental issues, developing youth leadership, diversity education and training, cross-cultural communication, and gender and social justice advocacy. She served in the Clinton Administration as Deputy Assistant Secretary for Workforce Diversity at the United States Department of the Interior from 1999 to 2001. Trickey has taught social work at Carleton University and in various community colleges in Canada and is the recipient of numerous awards for her community work for social justice, including the Lifetime Achievement Tribute by the Canadian Race Relations Foundation and the International Wolf Award for contributions to racial harmony; and

WHEREAS, the image of fifteen-year-old Elizabeth Eckford walking alone through a screaming mob in front of Central High School propelled the integration crisis into the nation’s living rooms and brought international attention to Little Rock. Elizabeth Eckford was born on October 4, 1941, and is one (1) of six (6) children. On September 4, 1957, Eckford arrived at Central High School alone, got off the bus one (1) block from the school, and tried to enter the campus but was turned away by Arkansas National Guard troops. She then confronted an angry mob of people opposing integration, chanting, “Two, four, six, eight, we ain’t gonna integrate.” As she made her way down the block, Eckford attempted two (2) more times to enter the school campus but was blocked by the guardsmen, who were there under orders from the Governor to keep the black students out. Eckford made her way through the mob and sat on a bus bench at the end of the block. She was eventually able to board a city bus and went to her mother’s job at the Arkansas School for the Deaf. Because all of the city’s high schools were closed the following year, Eckford did not graduate from Central High School. She joined the United States Army and was able to earn her general equivalency diploma and returned to Little Rock in the 1960s to be closer to her parents. She attended Central State
University in Wilberforce, Ohio. Eckford is an Army veteran and has taken jobs in a variety of settings throughout her life as a waitress, a history teacher, a welfare worker, an unemployment and employment interviewer, and a military reporter. In 1997, she received the Father Joseph Blitz Award of the National Conference for Community and Justice; and

WHEREAS, Ernest Green was born in Little Rock, Arkansas, on September 22, 1941. Green made history as the only senior among the Little Rock Nine. His place in Arkansas' civil rights history was solidified when he persevered through a year of daily harassment by some of his fellow students to become the first African-American Central High School graduate on May 27, 1958. Sitting with Green’s family at the event was the Reverend Dr. Martin Luther King, Jr., who attended the graduation virtually unnoticed. An active member of the community from an early age, Green regularly attended church. He was involved in the Boy Scouts and eventually became an Eagle Scout. He was a student at Horace Mann High School before volunteering to integrate the all-white Central High School. After graduating from high school, Green attended Michigan State University, earning a bachelor's degree in 1962 and a master's degree in sociology in 1964. Afterwards, he served as the director for the A. Phillip Randolph Education Fund from 1968 to 1977. He then was appointed the Assistant Secretary of Labor during President Jimmy Carter's administration from 1977 to 1981. Green was a Managing Director of Barclays Capital (formerly Lehman Brothers) from 1987 until 2009 and now serves on the advisory board of AFIG Funds. He has served on numerous boards, such as the National Association for the Advancement of Colored People (NAACP) and the Winthrop Rockefeller Foundation. In 1992, Disney produced a television special The Ernest Green Story which is still popular today for students of all ages and used in classrooms around the world to teach about the Little Rock Nine; and

WHEREAS, Thelma Mothershed Wair was born in 1940 in Bloomberg, Texas. Wair attended Dunbar Junior High School and Horace Mann High School before transferring to Central High School. Despite daily torment from white students at Central High School, she completed her junior year at the formerly all-white high school during the tumultuous 1957-1958 school year. Because the city's high schools were closed the following year, Wair earned the necessary credits for graduation through correspondence courses and by attending summer school in St. Louis, Missouri. She received her diploma from Central High School by mail. Thelma Mothershed Wair graduated from Southern Illinois University, Carbondale, in 1964 and earned her master's degree in Guidance and Counseling Education, as well as an Administrative Certificate in Education from Southern Illinois University, Edwardsville. Wair taught home economics in the East St. Louis school system for
twenty-eight (28) years before retiring in 1994. Wair has also worked at the St. Clair County Jail, Juvenile Detention Center in St. Clair County, Illinois, and was an instructor of survival skills for women at the American Red Cross Shelter for the homeless. During the 1989-1990 school year, she was honored as an Outstanding Role Model by the East St. Louis, Illinois, chapter of the Top Ladies of Distinction and the early childhood/pre-kindergarten staff of District 189; and

WHEREAS, Melba Pattillo Beals was born on December 7, 1941, in Little Rock, Arkansas. She later recounted her experience at Central High School in her book *Warriors Don't Cry: A Searing Memoir of the Battle To Desegregate Little Rock's Central High School*. Beals grew up surrounded by family members who knew the importance of an education. Her mother, Lois Patillo, PhD, had been among the first African-Americans to graduate from the University of Arkansas in 1954. At Central High, Beals faced daily harassment from white students and as Beals later recounted, the soldier assigned to protect her instructed, "In order to get through this year, you will have to become a soldier. Never let your enemy know what you are feeling." Beals took the soldier's advice and finished the school year. Barred from entering Central High School the following year when the city's schools were closed, Beals moved to Santa Rosa, California, for her senior year of high school. Beals graduated from San Francisco State University with a bachelor's degree. She earned a master's degree from the Columbia University Graduate School of Journalism, worked as a reporter for NBC, and has served as a communications consultant. Beals was also the first of the Little Rock Nine to write a book based on her experiences at Central High School. Published in 1995, the book is a first-hand account of the trials and tribulations that Beals and the other eight (8) students encountered from segregationists and racist students. The book was named an ALA Notable Book for 1995 and won the Robert F. Kennedy Book Award that same year. She has also written *White is a State of Mind*, published in 1999, which follows Beals from her senior year in high school to her college and family days in California and serves as a sequel to *Warriors Don’t Cry*; and

WHEREAS, Carlotta Walls LaNier, the oldest of three (3) daughters, was born on December 18, 1942, in Little Rock, Arkansas. LaNier made history as the youngest member of the Little Rock Nine. Inspired by Rosa Parks, she had a desire to get the best education available by enrolling in Central High School. White students called her names and spat on her while armed guards escorted her to classes, but LaNier concentrated on her studies throughout the school year. LaNier was prevented from attending Central High School the next year when the Little Rock high schools were closed, but she returned to Central High School and graduated in 1960. LaNier attended Michigan State University for two (2) years
before moving with her family to Denver. In 1968, she earned a bachelor's degree from Colorado State College, now the University of Northern Colorado, and began working at the Young Women's Christian Association as a program administrator for teenagers. In 1977, she founded LaNier and Company, a real estate brokerage firm. Her experience in real estate includes everything from constructing and remodeling properties to marketing and selling them. LaNier has served as the president of the Little Rock Nine Foundation, a scholarship organization dedicated to ensuring equal access to education for African-Americans. She has also served as a trustee for the Iliff School of Theology. In 2009, she published her memoir, *A Mighty Long Way: My Journey to Justice at Little Rock Central High School*; and

WHEREAS, Terrence Roberts was born December 3, 1941, in Little Rock, Arkansas. Roberts was a sophomore at Horace Mann High School when he volunteered to integrate Central High School. When the city's high schools were closed to prevent further desegregation, Roberts moved to Los Angeles, California, and graduated from Los Angeles High School in 1959. Following his graduation from high school, Roberts attended California State University and was awarded a bachelor's degree in sociology in 1967. He went on to attend graduate school at the University of California at Los Angeles and received a master's degree in social welfare in 1970. In 1976, Roberts was awarded a Ph.D. in psychology from Southern Illinois University. He served as co-chair of the psychology master's degree program at Antioch College in Los Angeles, California and also taught graduate courses there. In addition to serving as CEO of Terrence J. Roberts and Associates Management Consulting Firm, he maintains a private psychology practice and is desegregation consultant to the Little Rock School District. In 2009, Roberts published a memoir entitled *Lessons from Little Rock*, which was followed in 2010 by his second book, *Simple Not Easy: Reflections on Community Social Responsibility and Tolerance*. Roberts has served on the boards of the Economic Resources Center in Southern California, Pacific Oaks College in Pasadena, Eisenhower World Affairs Institute, and Little Rock Nine Foundation; and

WHEREAS, Jefferson Thomas was born in 1942 in Little Rock, Arkansas. A quiet young man with a sense of humor, Thomas was a track athlete at Horace Mann High School when he chose to volunteer to integrate all-white Central High School for the 1957-1958 school year as a sophomore. The Little Rock Nine were harassed daily by white students, and Thomas' quiet demeanor made him a target for bullies at the school. He graduated from Central High School in 1960 and eventually became an accountant for the United States Department of Defense. Thomas attended what is now California State University in Los Angeles, where he received a degree in business administration. In 1964, Thomas narrated the
documentary *Nine from Little Rock*, which won an Academy Award. Jefferson Thomas passed away on September 5, 2010, in Columbus, Ohio; and

WHEREAS, Gloria Cecelia Ray Karlmark was born September 26, 1942, in Little Rock. She was the third child of H.C. Ray, Sr. and Julia Miller Ray. Mr. Ray was already a retired federal employee when Gloria entered Central High. H.C. Ray, Sr. had founded the Arkansas Agricultural Extension Service for Negroes after retiring from the United States Department of Agriculture. These facts strongly influenced Gloria Ray's choice to attend Central High School. She was fourteen (14) years of age when she finished Dunbar Junior High School and registered to attend Central High School for her sophomore year. Ray, like the others of the Little Rock Nine, was tormented by certain white students who called her names, threw things at her, spit at her, vandalized her locker, and even pushed her down a flight of stairs. Still, like the others, she was determined to finish the year. The following year when all public high schools in Little Rock remained closed, Ray moved to Missouri, where her mother had been able to find employment, and attended the newly integrated Kansas City Central High School. After high school graduation, she attended the Illinois Institute of Technology in Chicago. She graduated in 1965 with a bachelor's degree in chemistry and mathematics. In 1966, she joined the Illinois Institute of Technology's Research Institute as Assistant Mathematician on the APT IV (robotics) project, which included work at Boeing in Seattle, McDonnell-Douglas in Santa Monica and NASA Automation Center in St. Louis. In 1970, Gloria Ray Karlmark joined IBM Nordic Laboratory in Sweden, working as a system analyst/technical writer. After graduating as patent attorney from Kungliga Patent & Registreringsverket in Stockholm, 1977, Ray Karlmark worked for IBM International Patent Operations as European Patent Attorney until 1981, when she moved to Belgium and began working for N.V. Philips Gloeilampenfabrieken as CAD/CAM and Technical Product Documentation Specialist. From 1976 to 1994, Ray Karlmark founded and served as Editor-in-Chief of *Computers in Industry*, an international journal of practice and experience of computer applications in industry. In 1994, she went to work in the Netherlands, first for Philips Telecommunications in Hilversum and later for Philips Lighting in Eindhoven; and

WHEREAS, as astutely put by Ernest Green, "We kids [integrated Central High School] mainly because we didn't know any better, but our parents were willing to put their careers and their homes on the line"; and

WHEREAS, the trials and tribulations of the Little Rock Nine and their families should always be remembered as beacons of strength in the face of overwhelming odds, dignity in the face of adversity, courage in the face of hostility,
and perseverance for the betterment of their fellow man and the ultimate success of the civil rights movement,
NOW THEREFORE,
BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-FIRST GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:

That the House of Representatives respectfully commemorates the 60th anniversary of the historic integration of Little Rock Central High School and honors the achievements of the Little Rock Nine and their families."

**AMENDMENT NO. 1 TO HOUSE BILL NO. 2273**

Amend HOUSE BILL NO. 2273 as originally introduced:
Delete everything after the enacting clause, and substitute the following:

"SECTION 1. Arkansas Code Title 19, Chapter 11, is amended to add an additional subchapter to read as follows:

**Subchapter 14 — Construction Manager-General Contractor Method of Procurement Pilot Program**

**19-11-1401. Title.**

This subchapter shall be known and may be cited as the "Construction Manager-General Contractor Method of Procurement Pilot Program".

**19-11-1402. Legislative findings.**

The General Assembly finds that:

1. An efficient transportation system is critical for Arkansas's economy and the quality of life of the state's residents;

2. Transportation projects are costly and the revenues currently available for highways and local roads are inadequate to preserve and maintain existing infrastructure and to provide funds for highway improvements;

3. The State Highway Commission is interested in developing an alternative, cost-effective, procurement procedure for transportation projects performed by the commission and the Arkansas State Highway and Transportation Department;

4. Other states have begun to explore the utilization of a construction manager-general contractor method as a cost-effective and efficient option for constructing transportation projects, including the State of California, which applies the construction manager-general contractor method when it is anticipated that the use of the construction manager-general contractor method will reduce transportation project costs or expedite transportation project completion in a manner that is not achievable through the design-bid-build method;

5. A construction manager-general contractor method allows the commission to engage a construction manager:

   (A) To assist during the design and development process of the transportation project, including without limitation to provide input concerning the transportation project's:

   (i) Design;

   (ii) Scheduling;
(iii) Pricing; and
(iv) Phasing; and

(B) Who may subsequently become the general contractor and construct the transportation project if the parties agree on a guaranteed maximum price; and

(6) The cost-effective benefits are achieved by shifting the liability and risk for cost containment and transportation project scheduling to the construction manager, which leads many states to call this method the "construction manager at-risk method".

As used in this subchapter:

(1) "Authorized contingency" means a provision prepared and submitted by the construction manager-general contractor as part of the guaranteed maximum price that is designed to cover costs that may result from:

(A) Incomplete design;

(B) Unforeseen and unpredictable conditions; or

(C) Uncertainties within the defined transportation project scope that a prudent construction manager would not have reasonably detected or anticipated during the discharge of his or her preconstruction duties;

(2) "Construction manager-general contractor" means a business firm or a legal entity selected by the Director of State Highways and Transportation, to act as a construction manager to provide preconstruction services during the design and development phase of a transportation project;

(3) "Construction manager-general contractor method" means a transportation project delivery method using a best value procurement process in which a construction manager is procured to provide preconstruction services and may subsequently construct the whole transportation project or any part of the transportation project as the general contractor if the Arkansas State Highway and Transportation Department and the construction manager-general contractor reach an agreement on a guaranteed maximum price;

(4) "Guaranteed maximum price" means:

(A) The total dollar amount agreed to by the construction manager-general contractor to complete the construction of the transportation project, including without limitation the construction manager-general contractor's:

(i) Direct costs;

(ii) Overhead;

(iii) Profit; and

(iv) Any authorized contingency; and
(B) Any dollar amount added to the total dollar amount of the transportation project submitted under subdivision (4)(A) of this section to cover additional costs arising from changes in the scope of work as the department may subsequently direct in writing;

(5) “Preconstruction services” means work, labor, or services, including services furnished in connection with the design and development of a transportation project before the construction phase, including without limitation:

(A) Cost estimates;
(B) Schedule analysis;
(C) Sequencing of work;
(D) Risk identification and mitigation;
(E) Constructability reviews;
(F) Evaluation of alternative construction options;
(G) Assistance with various permits;
(H) Coordination with public or private utility service providers;
(I) Communication with third-party stakeholders or the public;

and

(J) Development of a guaranteed maximum price; and

(6) “Request for proposals” means a document or publication soliciting proposals for a contract for construction of a transportation project between a construction manager-general contractor and the department.

19-11-1404. Construction Manager-General Contractor Method of Procurement Pilot Program — Creation.

(a) The State Highway Commission may develop a Construction Manager-General Contractor Method of Procurement Pilot Program to test the utilization of the construction manager-general contractor method as a cost-effective option for constructing transportation projects.

(b)(1) During the term of the program the commission may select a total of three (3) transportation projects on which to utilize the construction manager-general contractor method.

(2)(A) The sum of the construction cost estimates prepared as required under § 19-11-1407 of all three (3) construction manager-general contractor method transportation projects shall not exceed two hundred million dollars ($200,000,000).

(B) The construction cost estimate of the first construction manager-general contractor method transportation project shall not exceed seventy million dollars ($70,000,000).
(C) The sum of the construction cost estimates of the remaining two (2) construction manager-general contractor method transportation projects shall not exceed one hundred million dollars ($100,000,000).

(c) The Director of State Highways and Transportation shall send written notice identifying the transportation project and the reasons for deciding to apply the construction manager-general contractor method to that specific transportation project to:

(1) The Chair of the House Committee on Public Transportation; and

(2) The Chair of the Senate Committee on Public Transportation, Technology, and Legislative Affairs.

(d) A program established under this subchapter shall terminate no later than June 30, 2022.

(a) The Arkansas State Highway and Transportation Department shall not initiate another construction manager-general contractor method transportation project until after a contract for construction of the first construction manager-general contractor method transportation project has been awarded.

(b) If the department determines that a construction manager-general contractor method of procurement is appropriate for a transportation project, the department shall establish a procedure for awarding the contract for construction of the construction manager-general contractor method transportation project using the criteria listed in § 19-11-1406.

(a) A request for proposals under this subchapter shall include without limitation the following:

(1) The minimum qualifications of the construction manager-general contractor;

(2) The procedures for submitting a proposal to the Arkansas State Highway and Transportation Department, the criteria for the evaluation of and selection of a construction manager-general contractor to perform preconstruction services, and the relative weight assigned for each criteria as indicated in a technical scoring matrix;

(3) The form of the contract to be awarded for preconstruction services;

(4) A listing of the types and scope of the preconstruction services that will be required;

(5) The scope of the intended contract;
(6) The budget limits for the transportation project and the preconstruction services;
(7) The method of payment and structure of fees for the preconstruction services;
(8) A requirement that the construction manager-general contractor submit relevant information regarding any licenses, registration, or credentials that may be required to construct the transportation project;
(9) A requirement that the construction manager-general contractor provide evidence that establishes that the construction manager-general contractor is capable of obtaining the required bonding and insurance;
(10) A requirement that the construction manager-general contractor submit information concerning the debarment or default from a federal, state, or local government transportation project within the past five (5) years;
(11) A requirement that the construction manager-general contractor provide information concerning the bankruptcy or receivership of any of its members, including information concerning any work completed by a surety;
(12) A requirement that the construction manager-general contractor provide evidence of competency, capability, and capacity to complete a transportation project of similar size, scope, or complexity; and
(13) A prohibition that excludes a person or firm that has received compensation for assisting the department in preparing the request for proposals from submitting a proposal in response to the request for proposals or participating as a construction manager-general contractor team member.

(b) A request for proposals under this subchapter shall not:
(1) Require that the construction manager-general contractor have prior experience with any particular transportation project procurement method as a condition for submitting a proposal; and
(2) Give any preference for any particular contract delivery method in the scoring of a proposal.

(c) The department shall:
(1) Send a written notice of award to the best-evaluated construction manager-general contractor; or
(2) Send to all the construction manager-general contractors that submitted a proposal a written notice that all proposals have been rejected.

(a) The Arkansas State Highway and Transportation Department shall:
(1) Prepare contract plans, specifications, special provisions, and other requirements composing the contract for construction of a transportation
project elected for procurement using the construction manager-general contract method authorized by this subchapter;

(2) Prepare a detailed construction cost estimate to evaluate the appropriate price for the construction of the transportation project;

(3) If requested by the Director of State Highways and Transportation, have an independent third-party cost estimator prepare a detailed construction cost estimate to confirm the appropriate price for the construction of the transportation project;

(4) Include in the contract created by subdivision (a)(1) of this section a requirement that the construction manager-general contractor perform at least thirty percent (30%) of the total cost for construction, not including the preconstruction work performed by the construction manager-general contractor; and

(5)(A) Keep the construction cost estimates prepared under subdivisions (a)(2) and (3) of this section confidential and not subject to public disclosure until after the contract has been awarded.

(B) Construction cost estimates prepared under subdivisions (a)(2) and (3) of this section are confidential and exempt from public disclosure under the Freedom of Information Act of 1967, § 25-19-101 et seq., but only until after the contract has been awarded.

(b) A construction manager-general contractor shall submit to the department a guaranteed maximum price for the construction of the transportation project using the contract plans, specifications, special provisions, and other requirements prepared by the department as required by subdivision (a)(1) of this section.

(c) The department may award the contract to a construction manager-general contractor if the guaranteed maximum price does not exceed the cost estimate provided by the department or independent third party by more than ten percent (10%).

(d) If the director rejects the proposed guaranteed maximum price, the department may:

(1) Work with the construction manager-general contractor to find a guaranteed maximum price that is acceptable to both parties; or

(2) Request that the construction manager-general contractor provide additional preconstruction services and submit a new guaranteed maximum price as directed by this section.
(e) If the department does not award the contract to a construction manager-general contractor, the department may proceed with the transportation project using a procurement process authorized by law.

The State Highway Commission and the Arkansas State Highway and Transportation Department may promulgate rules to implement and administer this subchapter."

AMENDMENT NO. 1 TO HOUSE BILL NO. 2202

Amend HOUSE BILL NO. 2202 as originally introduced:

Delete everything after the enacting clause and substitute the following:

"SECTION 1. DO NOT CODIFY. Legislative findings.

The General Assembly finds that:

(1) Courts in this state and others may have perceived Arkansas as a "new business rule" state concerning the exclusion of lost profit damages for a newly established business;

(2) Damages have been recoverable in this state if they can be established with a reasonable degree of certainty; and

(3) The question of damages, both as to measure or amount, is a question of fact, and thus Arkansas has not applied a rigid "new business rule" to bar the award of future lost profits in tort or breach of contract cases.

SECTION 2. DO NOT CODIFY. Legislative intent.

The General Assembly intends to:

(1) Annul the application of the "new business rule" on any action for damages consisting of lost profits; and

(2) Prohibit the recognition of the "new business rule" in a court in this state.

SECTION 3. Arkansas Code Title 16, Chapter 64, is amended to add an additional section to read as follows:

In a case involving a recognized tort or breach of contract, there is no absolute denial of damages for lost profits to a newly established business."

"SECTION 1. Arkansas Code Title 17 is amended to add an additional chapter to read as follows:

Chapter 56

ARKANSAS PAWNBROKER ACT

Subchapter 1 — General Provisions

17-56-101. Title.

This chapter shall be known and may be cited as the "Arkansas Pawnbroker Act".

17-56-102. Legislative declarations, findings, and intent.

(a) The General Assembly finds that the State of Arkansas recognizes and desires to protect the unique nature of a pawn transaction and the legitimate business purpose of the pawn industry.

(b) The General Assembly declares that:

(1) The pawn industry provides a valuable service to the citizens in the State of Arkansas that is not available in type, character, or convenience in the financing or banking industries;

(2) Most customers of the pawn industry are not able to engage in transactions in the financing and banking industries;

(3) The unique characteristics of a pawn include the following:

(A) A pawn is a non-recourse transaction in which the pawn customer pledges and delivers into the possession of the pawnbroker items of tangible personal property that secure the advancement of funds;

(B) Pawn transactions that are personal, face-to-face, and seldom take more than ten (10) minutes;

(C) Because there is no obligation on the part of the pawn customer to redeem the item of tangible personal property pledged, pawnbrokers do not have debt to collect or obligation to enforce, and the pawnbroker's sole recourse if the customer elects not to redeem the tangible personal property is retention and disposal;"
(D) Pawnbrokers do not obtain reports from credit reporting agencies and do not report customer experiences, so pawn transactions do not affect customer’s credit scores either as credit inquiries or as credit history whatsoever; and

(E) Customers receive reasonable value for the item or items pledged as evidenced by the large number of customers who utilize the pawn model;

(4) Substantial and recurring overhead expense is required by persons in the pawn industry to be able to offer pawn service, and pawnbrokers must maintain, secure, and insure the property delivered throughout the time it remains in their possession; and

(5) The pawn industry substantially assists in the recovery of stolen property and is helpful to law enforcement agencies against those persons looking to capitalize on stolen property through the pawn model.

(c) Although the pawn industry’s existence predates Arkansas, the pawn industry has modern challenges that need to be regulated for the common protection and interest of the pawn industry and the citizens of the State of Arkansas.

(d) It is the intent of the General Assembly to legislatively modernize the pawn industry, protect the citizens of the State of Arkansas, protect the ability of the pawn industry to operate in the State of Arkansas, recognize the distinction between persons in the pawn industry from persons engaged in financing and banking transactions, and encourage and facilitate the return of stolen property.

17-56-103. Administration.

The Arkansas Commission on Law Enforcement Standards and Training shall administer the provisions of this chapter.

Subchapter 2 — Pawnbroker Licensure Commission

(a) There is created the Pawnbroker Licensure Commission.

(b) Membership of the commission shall include:

(1) One (1) resident of this state, appointed by the Governor;

(2) Two (2) law enforcement officers who are employed by the Department of Arkansas State Police, appointed by the Governor; and

(3) Two (2) residents of the state each of whom is actively engaged in business as a pawnbroker, appointed by the Governor.
(c) A vacancy in the membership of the commission shall be filled in the same manner under subsection (b) of this section.

(d) The commission shall select from its membership a chair of the commission.

(e) Members of the commission shall serve staggered terms of four (4) years.

(a) The Pawnbroker Licensure Commission shall:

1. Promulgate, amend, and rescind rules, forms, and orders that the commission deems necessary or appropriate, including without limitation rules and forms governing:
   
   (A) Eligibility and application requirements;
   (B) Licensing and continuing education requirements;
   (C) Licensing and application fees;
   (D) Procedures concerning the suspension, revocation, and surrender of a license;
   
   (E) Prohibited acts under this chapter;
   (F) The right to redeem;
   (G) A pawnbroker's lien; and
   (H) The procedure concerning hold orders;

2. Define terms, whether or not used in this chapter, if consistent with this chapter; and

3. Promulgate rules to ensure that:
   
   (A) The interest charged on a pawn transaction is designated as an annual percentage rate that shall not exceed seventeen percent (17%) of the amount financed per annum; and
   
   (B) A pawnbroker may charge a pawn service charge that is reasonably justifiable for the burden of all services related to maintenance of the security in the pawnbroker's possession, including storing, insuring, and investigating the title of the security, but the total pawn service charge shall not exceed twenty-five percent (25%) of the amount financed for each thirty-day period in a pawn transaction, except that the pawnbroker is entitled to receive a minimum pawn service charge of five dollars ($5.00) for each fifteen-day period.

(b) A rule, form, or order shall not be made, amended, or rescinded unless the commission finds that the action is:

1. Necessary and appropriate in the public interest or for the protection of consumers; and
(2) Consistent with the purposes fairly intended by the policy and provisions of this chapter.

(c) All rules and forms of the commission shall be published."

Subchapter 4 — Rule Report, Sunset, and Extension

As used in this subchapter:
(1)(A) “Agency” means a board, commission, department, office, or other authority of the government of the State of Arkansas, whether within or subject to review by another agency except the General Assembly, the courts, and the Governor.

(B) “Agency” includes the Division of Child Care and Early Childhood Education of the Department of Human Services and the Child Care Appeal Review Panel for purposes of administrative appeal;

(2)(A) “Rule” means an agency statement of general applicability and future effect that implements, interprets, or prescribes law or policy or describes the organization, procedure, or practice of an agency, including without limitation the amendment or repeal of a prior rule.

(B) “Rule” does not mean:

(i) A statement that concerns the internal management of an agency and that does not affect the private rights or procedures available to the public;

(ii) A declaratory ruling issued under § 25-15-206; or

(iii) Intra-agency memoranda; and

(3) “Rule making” means an agency process for the formulation, amendment, or repeal of a rule.

(a)(1) Except as provided in § 25-15-403 and under subdivision (a)(2) of this section, unless a rule is extended by the Governor and the Legislative Council, an agency rule shall maintain in full force and effect for no more than twenty-four (24) years.

(2) However, this section does not prohibit an agency from proposing, amending, or repealing a rule in an ordinary fashion under the Arkansas Administrative Procedure Act, § 25-15-201 et seq.

(b)(1) By December 1, 2017, each agency shall file an initial rule report with the Governor and the Legislative Council.

(2)(A) The initial rule report shall contain a list of all the rules in effect promulgated by the agency.

(B) The list of rules under subdivision (c)(2)(A) of this section shall include:

(i) The initial effective date of each rule;

(ii) The date that each rule was filed with the Secretary of State;

(iii) The authority under which the rule was promulgated; and
(iv) If the rule is required under state or federal law, a statement regarding the requirement.

(c)(1) By July 1, 2018, each agency shall file a final rule report and shall continue to file a rule report according to the schedule determined under § 25-15-403.

(2)(A) The final rule report shall contain:

(i) A list of all rules in effect that distinguishes between rules that the agency will continue to enforce and rules that the agency wishes to repeal; and

(ii) The date that the agency filed its initial rule report under subdivision (b)(1)(A) of this section.

(B) The agency shall provide in writing the legal authority or agency justification for each rule that will continue to be enforced by the agency.

(C)(i) If the agency chooses to repeal a rule, the agency shall provide in writing the agency justification for repealing the rule.

(ii) A rule that an agency chooses to repeal under subdivision (a)(2)(C)(i) of this section is not subject to the Arkansas Administrative Procedure Act, § 25-15-201 et seq.

(3) The final rule report shall be assigned to the subject matter interim committees by the President Pro Tempore of the Senate and the Speaker of the House of Representatives.

(d) By December 31, 2018, each of the subject matter interim committees shall:

(1) Consider the rules the agency wishes to repeal and the corresponding justifications submitted by the agency under subdivision (c)(2)(C) of this section;

(2) Consider the agency rules that will continue to be enforced by the agency and the corresponding justification submitted by the agency under subdivision (c)(2)(B) of this section;

(3) Allow an agency representative and the public to speak about the rules at an interim committee meeting;

(4) Recommend that the Legislative Council either accept or reject the agency's decision to repeal a rule; and

(5) Refer the agency rules that will continue to be enforced by the agency to group consideration under § 25-15-403.

(e)(1) Before December 31 of the fourth year of the consideration of a group of agencies under § 25-15-403, the Legislative Council shall meet on a date or dates set by the President Pro Tempore of the Senate and the Speaker of the
House of Representatives to consider renewing the rules of the agencies scheduled for consideration.

(2) If the Legislative Council does not extend an agency's rules and the result is that the agency has no rules that address an issue that the agency is required by law to address by rule, the agency has sixty (60) days to initiate the rule-making process under the Arkansas Administrative Procedure Act, § 25-15-201 et seq., including without limitation adoption of an emergency rule.

(f)(1) If applicable, a final rule report under this section shall be updated by the agency to include and make note of any rule filed, amended, or repealed by the agency during the interim period of time occurring after July 1, 2018, and before it is sent to a group under § 25-15-403.

(2) An updated final rule report shall include the date the rule was filed, amended, or repealed during the interim.

(a)(1) The agency rules shall be divided in six (6) groups to be determined by the Governor to ensure that the number of agencies in each group and the number of subject matter areas represented by each group are approximately equal.

(2) If the Governor has not determined the groups by January 1, 2019, the President Pro Tempore of the Senate and the Speaker of the House of Representatives shall determine the six (6) groups to ensure that the number of agencies in each group and the number of subject-matter areas represented by each group are approximately equal.

(3) If neither the Governor nor the President Pro Tempore of the Senate and the Speaker of the House of Representatives have determined the groups by April 1, 2019, all of the state agencies shall be subject to immediate evaluation in one (1) group and:

(A) Except as provided in § 25-15-402 concerning an initial rule report, a final rule report shall be filed by an agency:

(i) No earlier than May 1, 2019, and no later than July 1, 2019; and

"SECTION 1. Arkansas Code Title 23, Chapter 99, is amended to add an additional subchapter to read as follows:

Subchapter 12 — All-Products Clauses

23-99-1201. Legislative findings.

The General Assembly finds that:

(1) An all-products clause is an anticompetitive tactic used in certain healthcare provider contracts by a healthcare insurer;

(2) A healthcare insurer may use an all-products clause to require a healthcare provider with which the healthcare insurer has a contract to provide healthcare services to agree to participate in another provider network, health benefit plan, or product that is offered by the healthcare insurer;

(3) An all-products clause does not permit the healthcare provider to select or negotiate the terms of the other provider network, health benefit plan, or product in which the healthcare provider will participate;

(4) An all-products clause may unfairly require a healthcare provider to participate in another provider network, health benefit plan, or product in which the healthcare provider:

(A) May have no interest;

(B) Has not been provided the necessary information to make an informed decision; or
(C) Is bound to a provider network, health benefit plan, or product not yet in existence; and

(5) An all-products clause is a form of tying arrangement that suppresses competition by allowing a healthcare insurer with dominant market power to artificially influence prices and that impairs competition in the health insurance marketplace by discouraging potential competitors who might otherwise enter the health insurance marketplace.

As used in this subchapter:

(1) "All-products clause" means a provision in a contract between a healthcare insurer and a healthcare provider that requires the healthcare provider, as a condition of participation or continuation in a provider network, health benefit plan, or product, to serve in another provider network utilized by the healthcare insurer for a health benefit plan or product, or to participate in another health benefit plan offered by the healthcare insurer;

(2)(A) "Health benefit plan" means an individual, blanket, or group plan, policy, or contract for healthcare services issued or delivered in this state by a healthcare insurer.

(B) "Health benefit plan" does not include:

(i) A disability income plan;

(ii) A credit insurance plan;

(iii) Insurance coverage issued as a supplement to liability insurance;

(iv) Medical payments under an automobile or homeowners insurance plan;

(v) A health benefit plan provided under Arkansas Constitution, Article 5, § 32; the Workers' Compensation Law, § 11-9-101 et seq.; and the Public Employee Workers' Compensation Act, § 21-5-601 et seq.;

(vi) A plan that provides only indemnity for hospital confinement;

(vii) An accident-only plan;

(viii) A specified disease plan;

(ix) Traditional Medicaid; or

(x) A long-term care insurance plan;

(3) "Healthcare insurer" means:

(A) An insurance company, hospital and medical service corporation, or health maintenance organization, that issues or delivers a health benefit plan in this state; and
(B) Any sponsor of a nonfederal self-funded governmental or church plan;

(4) "Healthcare provider" means a person or entity that is licensed, certified, or otherwise authorized by the laws of this state to provide services and goods used for the purpose of or incidental to the purpose of preventing, alleviating, curing, or healing human illness or injury;

(5) "Product" means a health benefit plan option that is offered by a healthcare insurer;

(6) "Provider contract" means a contract between a healthcare insurer and a healthcare provider; and

(7) "Provider network" means a group of healthcare providers who are contracted to provide healthcare services to plan members at contracted rates.

23-99-1203. All-products clause — Option to participate.

(a) A healthcare provider may opt out of a provider contract that contains an all-products clause.

(b) On the effective date of this act, this subchapter applies to a provider contract that is delivered, issued for delivery, reissued, extended, or has a change in any term of the provider contract in this state or a change in any term of a related health benefit plan that affects the provider contract in this state."

(e) If the director determines that federal law authorizes the state to collect sales and use tax from sellers that do not have a physical presence in the state, then after the first twelve (12) months of collecting sales and use tax from sellers that do not have a physical presence in the state, the director shall:

1. After making the deductions required under § 19-5-202(b)(2)(B)(i), certify to the Governor and the Office of Economic and Tax Policy the amount of available net general revenues attributable to the collection of sales and use tax..."

(2) Use any amount under subdivision (a)(1) of this section that exceeds seventy million dollars ($70,000,000) to reduce the rate of four and five-tenths percent (4.5%) in the table contained in subdivision (a)(7) of this section equally for all taxpayers subject to the rate of four and five-tenths percent (4.5%);

(3) Certify the amount of the reduction of the income tax rate under this subsection to the Governor and the Office of Economic and Tax Policy; and

(4) Incorporate the reduced income tax rate into the table prescribed under subsection (d) of this section, which shall be applicable for each tax year thereafter.

SECTION 3. Arkansas Code § 26-52-317(a), concerning the sales tax levied on food and food ingredients, is amended to read as follows:

(a)(1)(A) The Director of the Department of Finance and Administration shall determine the following conditions:

(A) That federal law authorizes the state to collect sales and use tax from some or all of the sellers that have no physical presence in the State of Arkansas and that make sales of taxable goods and services to Arkansas purchasers;

(B) That initiating the collection of sales and use tax from these sellers would increase the net available general revenues needed to fund state agencies, services, and programs; and

(C)(i) That during a six-month consecutive period, the amount of net available general revenues attributable to the collection of sales and use tax from sellers that have no physical presence in the State of Arkansas is equal to or greater than one hundred fifty percent (150%) of sales and use tax collected under subsection (c) of this section and § 26-53-145 on food and food ingredients.

(ii) The director shall make the determination under subdivision (a)(1)(C)(i) of this section on a monthly basis following the determination that the conditions under subdivision (a)(1)(A) of this section have been met.

(2)(A) Beginning July 1, 2013, the director The Director of the Department of Finance and Administration shall make a monthly determination as to whether the aggregate amount of deductions from net general revenues attributable to the following during the most recently ended six-month consecutive period, as compared with the same six-month period in the prior year, has declined by thirty-five million dollars ($35,000,000) or more:

(i) The Educational Adequacy Fund;
(ii) Bonds issued under the Arkansas College Savings Bond Act of 1989, § 6-62-701 et seq.;
(iii) Bonds issued under the Arkansas Higher Education Technology and Facility Improvement Act of 2005, § 6-62-1101 et seq.;
(iv) The City-County Tourist Facilities Aid Fund;
(v) Amounts disbursed or approved to be disbursed by the Department of Education for desegregation expenses under any desegregation settlement agreement, as certified by the Treasurer of State and the Chief Fiscal Officer of the State under § 6-20-212; and

(B)(i) In making the determination in this subdivision (a)(2), the director shall consider all economic factors existing at the time of the determination that could potentially affect the decline in the aggregate amount of deductions, including without limitation pending litigation.
(ii) If the consideration of additional economic factors under subdivision (a)(2)(B)(i) of this section results in a determination that the decline in the aggregate amount of deductions is not likely to remain at that reduced level, the director shall conclude that the conditions in this subdivision (a)(2)(a)(1) have not been met.

(3) When the director finds that all of the conditions in either subdivision (a)(1) of this section or subdivision (a)(2) of this section have been met, then the gross receipts or gross proceeds taxes levied under subsection (c) of this section shall be levied at the rate of zero percent (0%) on the sale of food and food ingredients beginning on the first day of the calendar quarter that is at least thirty (30) days following the determination of the director.

SECTION 4. Arkansas Code § 26-53-145(a), concerning the compensating use tax levied on food and food ingredients, is amended to read as follows:

(a)(1)(A) The Director of the Department of Finance and Administration shall determine the following conditions:

(B) That initiating the collection of sales and use tax from these sellers would increase the net available general revenues needed to fund state agencies, services, and programs; and

(C)(i) That during a six-month consecutive period, the amount of net available general revenues attributable to the collection of sales and use tax from sellers that have no physical presence in the State of Arkansas is equal to or greater than one hundred fifty percent (150%) of sales and use tax collected under subsection (c) of this section and § 26-52-317 on food and food ingredients.

(B)(i) In making the determination in this subdivision (a)(2)(a)(1), the director shall consider all economic factors existing at the time of the determination that could potentially affect the decline in the aggregate amount of deductions, including without limitation pending litigation.

(ii) If the consideration of additional economic factors under subdivision (a)(2)(B)(i) (a)(1)(B)(i) of this section results in a determination
that the decline in the aggregate amount of deductions is not likely to remain at that reduced level, the director shall conclude that the conditions in this subdivision (a)(2) have not been met.

(4) (2) When the director finds that all of the conditions in either subdivision (a)(1) or subdivision (a)(2) of this section have been met, then the compensating use taxes levied under subsection (c) of this section shall be levied at the rate of zero percent (0%) on the sale of food and food ingredients beginning on the first day of the calendar quarter that is at least thirty (30) days following the determination of the director.
