12 interception is required to be maintained.

16 required a particular description of the facts establishing probable cause to
17 believe that additional communications of the same type will subsequently
18 occur;

19 (E) A complete statement of the facts concerning all

24 application, and the action taken by the circuit court judge on each
25 application; and

6 (a) Upon an application, the circuit court judge may enter an ex parte
7 order, as requested or as modified, authorizing or approving the interception
8 of any wire, oral, or electronic communication within the territorial
9 jurisdiction of the court in which the circuit court judge is sitting and
10 outside that jurisdiction but within the state in the case of a mobile
11 interception device, if the circuit court judge determines on the basis of
12 the facts submitted by the applicant that:

13 (1) There is probable cause for belief that a person is
14 committing, has committed, or is about to commit a Class Y felony, Class A
15 felony, Class B felony, or an offense involving the manufacturing or delivery
16 of a controlled substance;

17 (2) There is probable cause for belief that particular

21 failed, or reasonably appear to be unlikely to succeed if tried, or to be too
22 dangerous; and

23 (4) Except as provided in § 16-82-409, there is probable cause
24 for belief that the facilities from which or the place where the wire, oral,
25 or electronic communications are to be intercepted are being used, or are
26 about to be used, in connection with the commission of an offense or are
27 leased to, listed in the name of, or commonly used by the person alleged to
28 be involved in the commission of the offense.

29 (b) Each order authorizing or approving wiretapping or eavesdropping
30 shall specify:

31 (1) The identity of the person, if known, whose communications
32 are to be intercepted;

33 (2) Except as otherwise provided in § 16-82-409, the nature and
34 location of the communications facilities as to which, or the place where,
35 authority to intercept is granted;

36 (3) A particular description of the type of communication sought

1 to be intercepted, and a statement of the particular offense to which it
2 relates;

3 (4) The identity of the agency authorized to intercept the
4 communications, and of the person authorizing the application; and

5 (5) The period of time during which an interception is
6 authorized, including a statement as to whether or not the interception
7 automatically terminates when the described communication is first obtained.

8 (c)(1) An order entered under this section may not authorize or
9 approve the interception of any wire, oral, or electronic communication for
10 any period longer than is necessary to achieve the objective of the
11 authorization nor in any event longer than thirty (30) days.

12 (2) The thirty-day period begins the first day on which the
13 investigative or law enforcement officer begins to conduct an interception
14 under the order or ten (10) days after the order is entered, whichever occurs
15 earlier.

16 (3) An extension of an order may be granted but only upon
17 application for an extension made in accordance with § 16-82-403(a) and the
18 court making the findings required by subsection (a) of this section.

19 (4) The period of an extension shall be no longer than the
20 authorizing circuit court judge deems necessary to achieve the purposes for
21 which it was granted and in no event for longer than thirty (30) days.

22 (5) Every order and each extension of the order:

23 (A) Shall contain a provision that the authorization to
24 intercept shall be executed as soon as practicable;

25 (B) Shall be conducted in such a way as to minimize the
26 interception under this section; and

27 (C) Must terminate upon attainment of the authorized
28 objective, or in any event in thirty (30) days.

29 (6) No more than three (3) extensions may be granted for any
30 order entered under this section.

31 (7) In the event that the intercepted communication is in a code
32 or foreign language and an expert in that foreign language or code is not
33 reasonably available during the interception period, minimization may be
34 accomplished as soon as practicable after such interception.

35 (8) An interception made under this section may be conducted in
36 whole or in part by state law enforcement personnel or by an individual

1 operating under a contract with state law enforcement personnel and acting
2 under the supervision of an investigative or law enforcement officer
3 authorized to conduct the interception.

4 (d)(1) If an order authorizing interception is entered under this
5 section, the order may require reports to be made to the circuit court judge
6 who issued the order, showing what progress has been made toward achievement
7 of the authorized objective and the need for continued interception.

8 (2) The report shall be made at such times as the circuit court
9 judge may require.

10 (e) Information obtained under a court order authorizing interception
11 of wire, oral, or electronic communications shall not be used, published, or
12 divulged except in accordance with the provisions of this subchapter.

13 (f) An order authorizing the interception of a wire, oral, or
14 electronic communication shall, upon request of the applicant, direct that a
15 provider of wire or electronic communication service shall furnish the
16 applicant all information, facilities, and technical assistance necessary to
17 accomplish the interception unobtrusively and with a minimum of interference
18 with the services that the service provider is according the person whose
19 communications are to be intercepted.

20 (g) Any provider of wire or electronic communication service
21 furnishing these facilities or technical assistance shall be compensated by
22 the applicant for reasonable expenses incurred in providing the facilities or
23 assistance.

24
25 16-82-405. Contents of intercepted communication.

26 (a)(1) The contents of any wire, oral, or electronic communication
27 intercepted by any means authorized by this section shall, if possible, be
28 recorded on tape, wire, or other comparable device.

29 (2)(A) The recording of the contents of any wire, oral, or
30 electronic communication under this subsection shall be done in such a way as
31 will protect the recording from editing or other alterations.

32 (B) Immediately upon expiration of the period of the order
33 or any extension, the recording shall be made available to the circuit court
34 judge issuing the order and sealed under his or her directions.

35 (3) Custody of the recording shall be wherever the circuit court
36 judge orders.

1 (4) A recording shall not be destroyed except upon an order of
2 the circuit court judge and in any event shall be kept for ten (10) years.

3 (5) Duplicate recordings may be made for use or disclosure under
4 the provisions of this section.

5 (6) The presence of the seal provided for by this subsection, or
6 any satisfactory explanation for the absence, is a prerequisite for the use
7 or disclosure of the contents of any wire, oral, or electronic communication
8 or evidence derived under this section.

9 (b)(1) The contents of any intercepted wire, oral, or electronic
10 communication or the evidence derived from those sources shall not be
11 received in evidence or otherwise disclosed in any trial, hearing, or other
12 proceeding in a state court, unless each party, not less than ten (10) days
13 before the trial, hearing, or proceeding, has been furnished with a copy of
14 the court order, and accompanying application, under which the interception
15 was authorized or approved.

16 (2) This ten-day period may be waived by the court if it finds
17 that it was not possible to furnish the party with the information ten (10)
18 days before the trial, hearing, or proceeding and that the party will not be
19 prejudiced by the delay in receiving this information.

20
21 16-82-406. Notice.

22 Within a reasonable time, but not later than ninety (90) days after the
23 filing of an application for an order of approval under this section, which
24 application is denied, or after the termination of the period of an order or
25 extensions, the circuit court judge to whom the application was presented
26 shall cause to be served on the persons named in the order or the application

11 authority in this state, or a political subdivision, may move to suppress the

33 the circuit court judge granting the motion or denying an application that
34 the appeal is not taken for purposes of delay.

35 (2) An appeal shall be taken within thirty (30) days after the
36 date the order was entered and shall be diligently prosecuted.

3 (a) Any investigative or law enforcement officer who, by any means
4 authorized by this section, has obtained knowledge of the contents of any
5 wire, oral, or electronic communication or the evidence derived from those

8 performance of the official duties of the officer making or receiving the
9 disclosure.

10 (b) Any investigative or law enforcement officer who, by any means
11 authorized by this section, has obtained knowledge of the contents of any

19 communication or derivative evidence while giving testimony in any criminal
20 proceeding in any court of this state or in a grand jury proceeding.

21 (d) No otherwise privileged wire, oral, or electronic communication
22 intercepted in accordance with, or in violation of, the provisions of this

28 of authorization or approval, the contents of the communication and the
29 evidence derived from those sources may be disclosed or used as provided in
30 subsections (a) and (d) of this section only if an offense other than one
31 specified in the order is a felony offense.

32 (2) The contents thereof and the evidence derived from those
33 sources, as authorized by this section, may be used under subsection (c) of
34 this section only when authorized or approved by a circuit court judge when
35 the circuit court judge finds on subsequent application that the contents
36 were otherwise intercepted in accordance with the provisions of this section.

1 (3) This application shall be made as soon as practicable.

2
3 16-82-409. When specification of facilities not required.

4 (a) The requirements of this section relating to the specification of
5 the facilities from which, or the place where, the communications are to be
6 intercepted do not apply if:

7 (1) In the case of an application with respect to the
8 interception of an oral communication:

9 (A) The application is made by an investigative or law
10 enforcement officer and is approved by the prosecuting attorney of the
11 judicial district in which the application is sought;

12 (B) The application contains a full and complete statement
13 as to why such specification is not practical and identifies the person
14 committing the offense and whose communications are to be intercepted; and

15 (C) The circuit court judge finds that the specification
16 is not practical; or

17 (2) In the case of an application with respect to the
18 interception of a wire or electronic communication:

19 (A) The application is made by an investigative or law
20 enforcement officer and is approved by the prosecuting attorney of the
21 judicial district in which the application is sought;

22 (B) The application identifies the person believed to be
23 committing the offense and whose communications are to be intercepted and the
24 applicant makes a showing of a purpose, on the part of that person, to thwart
25 interception by changing facilities; and

26 (C) The circuit court judge finds that such purpose has
27 been adequately shown.

28 (b)(1) An interception of a communication under an order with respect
29 to which the requirements of § 16-82-403(a), § 16-82-404(a), and § 16-82-
30 404(b) do not apply under the provisions of this subsection shall not begin
31 until the facilities from which, or the place where, the communication is to
32 be intercepted is ascertained by the person implementing the interception
33 order.

34 (2)(A) A provider of wire or electronic communications service
35 that has received an order under § 16-82-409 may move the court to modify or
36 quash the order on the ground that its assistance with respect to the

1 interception cannot be performed in a timely or reasonable fashion.

2 (B) The court, upon notice to the state, shall decide a
3 motion brought under this subsection expeditiously.

4
5 16-82-410. Emergency interceptions.

6 (a) Any other provision of this subchapter notwithstanding, any
7 investigative or law enforcement officer specifically designated by the
8 prosecuting attorney of the judicial district having jurisdiction may

10 twenty-four (24) hours under the following circumstances:

11 (1) When an emergency situation exists that involves the holding
12 of hostages or kidnapping by the use of physical force, a deadly weapon, or
13 an explosive device, and there is imminent danger of serious bodily injury or
14 death to any person, or where one or more suspects in a felony offense have
15 barricaded themselves in a building and there is a reasonable belief that one
16 (1) or more of the suspects is armed with a deadly weapon or explosive
17 device; and

18 (2) There are reasonable and sufficient grounds present upon
19 which an order could be entered to authorize such interception.

20 (b) An emergency interception shall terminate upon attainment of the
21 authorized objective as set forth in this section or at the end of the
22 twenty-four-hour period, whichever comes first.

23 (c)(1) The investigative or law enforcement officer designated under
24 this subsection and the official making the designation shall submit an
25 application for the interception of wire, oral, or electronic communications
26 to a circuit court judge within the twenty-four-hour period described in this
27 section.

28 (2) The application shall be submitted regardless of whether the
29 interception was terminated within the twenty-four-hour period.

30 (3) The application shall comply in all respects with the
31 requirements of this section.

32 (d)(1) If, after the application described in this section is made,
33 the application is denied, any interception shall immediately cease.

34 (2) In this case, all recordings shall be sealed by the court as
35 soon as practicable, and an inventory shall be served in accordance with this
36 subchapter.

1 (3) Any communication of this nature shall not be admissible in
2 a legal action against a person whose communication was intercepted.

3 (e) All provisions of this subchapter shall be applicable with respect
