15 AN ACT TO AMEND ARKANSAS CODE TITLE 6  
16 CONCERNING THE ACADEMIC FACILITIES NEEDS  
17 OF HIGH-GROWTH SCHOOL DISTRICTS.  
18  
19

20 BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:  
21

22 *SECTION 1. FINDINGS. The General Assembly finds that:*

23 (1) The General Assembly has examined the document "Arkansas  
24 Department of Education, Percent Change in Three-Quarter Average ADMs Over 2  
25 Years -- 2005-2006 Required Debt Mills", dated February 28, 2007, and  
26 determined that thirty-two (32) of two hundred forty-five (245) school  
27 districts are now at or above ten (10) mills of debt service. This would  
28 seem to be well within range of school districts in Arkansas needing academic  
29 facilities improvements;

30 (2) No evidence was presented during the 2006 Act 57 hearings of  
31 any school district suffering from a problem related to its inability to  
32 raise sufficient mills for academic facilities improvements;

33 (3) However, the General Assembly should support a loan program  
34 for the next biennium to assist districts that raise ten (10) mills for  
35 academic facilities and also have a four percent (4%) increase in growth over  
36 the previous two (2) years that is maintained in the present year; and

1           (4) This short term loan program will enable the General  
 2 Assembly to examine the success of this number of mills and the increase in  
 3 students to resolve the unproven idea that there are school districts that  
 4 are unable to construct facilities because there is a limit on the number of  
 5 mills they can raise or should be required to feasibly raise and that growth  
 6 is the cause.

7  
 8           SECTION 2. Arkansas Code § 6-20-2511 is amended to read as follows:  
 9           6-20-2511. High-growth school districts.

10           ~~(a) The Division of Public School Academic Facilities and~~  
 11 ~~Transportation shall develop a program to provide state financial~~  
 12 ~~participation in the form of emergency loans to eligible high-growth school~~  
 13 ~~districts for assistance with excess debt service requirements. The amount of~~  
 14 ~~an emergency loan shall be based on:~~

15           ~~(1) Growth trends in the district;~~

16           ~~(2) The application of space utilization standards in the~~  
 17 ~~district;~~

18           ~~(3) The academic facilities wealth index of the school district;~~  
 19 ~~and~~

20           ~~(4) The prudent and resourceful expenditure of state funds with~~  
 21 ~~regard to public school academic facilities.~~

22           ~~(b) The division shall report to the General Assembly by January 15,~~  
 23 ~~2007, on the development of the program and obtain formal legislative~~  
 24 ~~approval and funding before implementing the program.~~

25           (a) As used in this section:

26           (1) "High-growth school district" means a public school district  
 27 in which the average daily membership for the public school district in the  
 28 present school year is four percent (4%) higher than the school year that is  
 29 two (2) years prior to the present school year; and

30           (2) "Maximum expected millage" means ten (10) mills,  
 31 representing the maximum number of mills that a public school district is  
 32 expected to raise to service its bonded indebtedness incurred for academic  
 33 facilities.

34           (b) There is established the Academic Facilities High-Growth School  
 35 District Loan Program under which the Department of Education shall provide  
 36 an interest-free loan to a high-growth school district in which the mills

1 required to service the bonded indebtedness incurred for academic facilities  
2 exceeds the maximum expected millage for the high-growth school district.

3 (c)(1) A high-growth school district may apply for an interest-free  
4 loan when the high-growth school district has raised the maximum expected  
5 millage and the revenue generated from the maximum expected millage is less  
6 than the amount required to service the bonded indebtedness incurred for  
7 academic facilities.

8 (2) The amount of the loan shall be the amount of moneys  
9 required for academic facilities less the sum of:

10 (A) The revenues generated by the maximum expected  
11 millage; and

12 (B) The state revenue received by the high-growth school  
13 district under the Academic Facilities Partnership Program.

14 (3) The high-growth school district shall apply for the loan  
15 under from the Revolving Loan Fund, subject to §§ 6-20-801 - 6-20-816.

16 (d)(1) When the revenue required to service the bonded indebtedness  
17 incurred for the high-growth school district's academic facilities is less  
18 than the revenue generated by maximum expected millage, the high-growth  
19 school district shall repay the loan.

20 (2)(A) The high-growth school district shall make annual  
21 payments to the state in the amount of:

22 (i) The revenue generated by the high-growth school  
23 district's millage up to the amount of the revenues generated from the  
24 maximum expected millage for the year; less

25 (ii) The revenue required to service the high-growth  
26 school district's bonded indebtedness for academic facilities.

27 (B) The payments under this subdivision (d) shall continue  
28 until the loan is paid in full.

29 (3)(A) During the time that the loan to the high-growth school  
30 district is in repayment, the high-growth school district:

31 (i) Shall use all revenues generated below the maximum  
32 expected millage to repay the loan;

33 (ii) Shall not issue refunding bonds or refunding  
34 certificates, as provided under § 6-20-815; and

35 (iii) Shall not otherwise change the amount of revenues  
36 available to repay the loan without the prior approval of the department.

1 (e) Within a reasonable time after its receipt, each application under  
2 subsection (c) of this section shall be examined by the department in  
3 accordance with rules established by the State Board of Education as to the  
4 accuracy of the answers contained therein.

5 (f)(1) After considering the merits of each application, the  
6 department may, in its discretion, approve the application for the full  
7 amount of the proposed loan, approve the application for a loan of a lesser  
8 amount than the amount requested, or disapprove the application.

9 (2) Prior to approving the application, the department shall  
10 make a determination that the total space available in the high-growth school  
11 district is less than the amount needed to accommodate the growth of  
12 students.

13 (g) The Commission for Arkansas Public School Facilities and  
14 Transportation shall adopt rules to implement the program established by this  
15 section.

16
